Thank you all so much for helping me
complete this comic!
Both to those who initially supported
me on patreon and to those who
continued and later joined SubscribeStar!
I hope I can do more comics later!

Reminder that the comic has 3 different versions!
If you don't like one,
maybe you would like another with either more or fewer hardcore fetishes.
A special thanks also to Gato Neptuno M.W and
Tilik Kanoma who helped me with the English translation of the comic.

To support me to make more drawings and maybe comics,
here is my subscribe.Star
