Hello, everyone

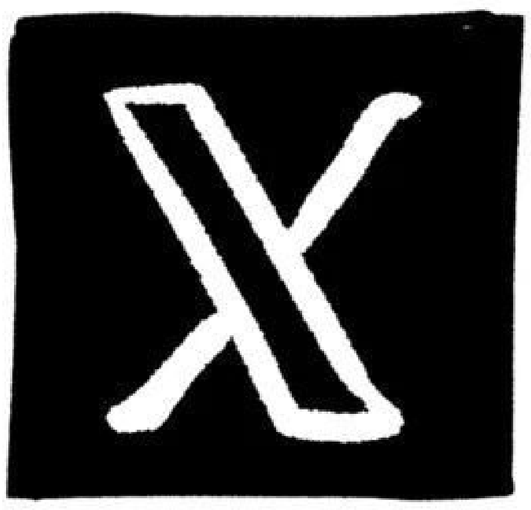

Sambalteracy here!

Thank you for reading and buying this book.
It's hard to believe this is already the fourth book. I still have plenty of stories for Saki and Daiki, I'm not sure which book it will be before I can wrap up their story. There are still other heroines I haven't written about yet.

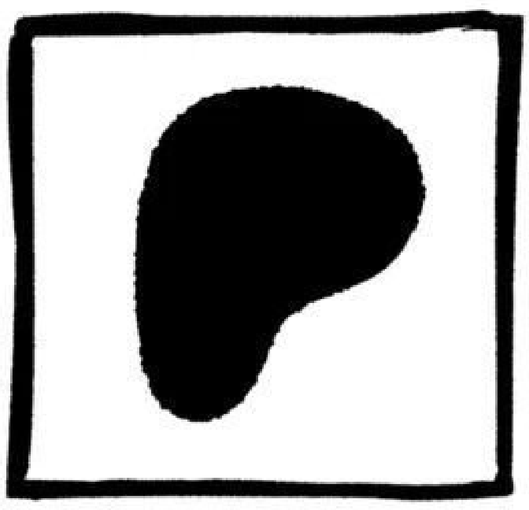

I just realized that besides not being able to speak English, I also can't write good dialogues for sex scenes. Turns out writing adult stories isn't as easy as I imagined.

In the next book, I'll improve my writing skills, stay tuned!
