

entire family at alert
when Alrecchino made
an unexpected entrance

however's something
different about her

she's being...
polite?

WOMANIZER!!

ugh!...Arlecchino
did you just-

shut up-
I needed this

it is not my fault
that you ain't
mine yet

Arlecchino's
dangerously
aggressive kisses

both of them
are at their
limit, holding
it back until
one of them
just snaps

the loser
will take
the initiative
