

* Seth look! I saw this pose in one of your books! It feels kinda breezy today...

* Aqua... I just learned about human reproduction and now of all times you are tempting me?

* Are we going to play this game?
Yay I won't lose!

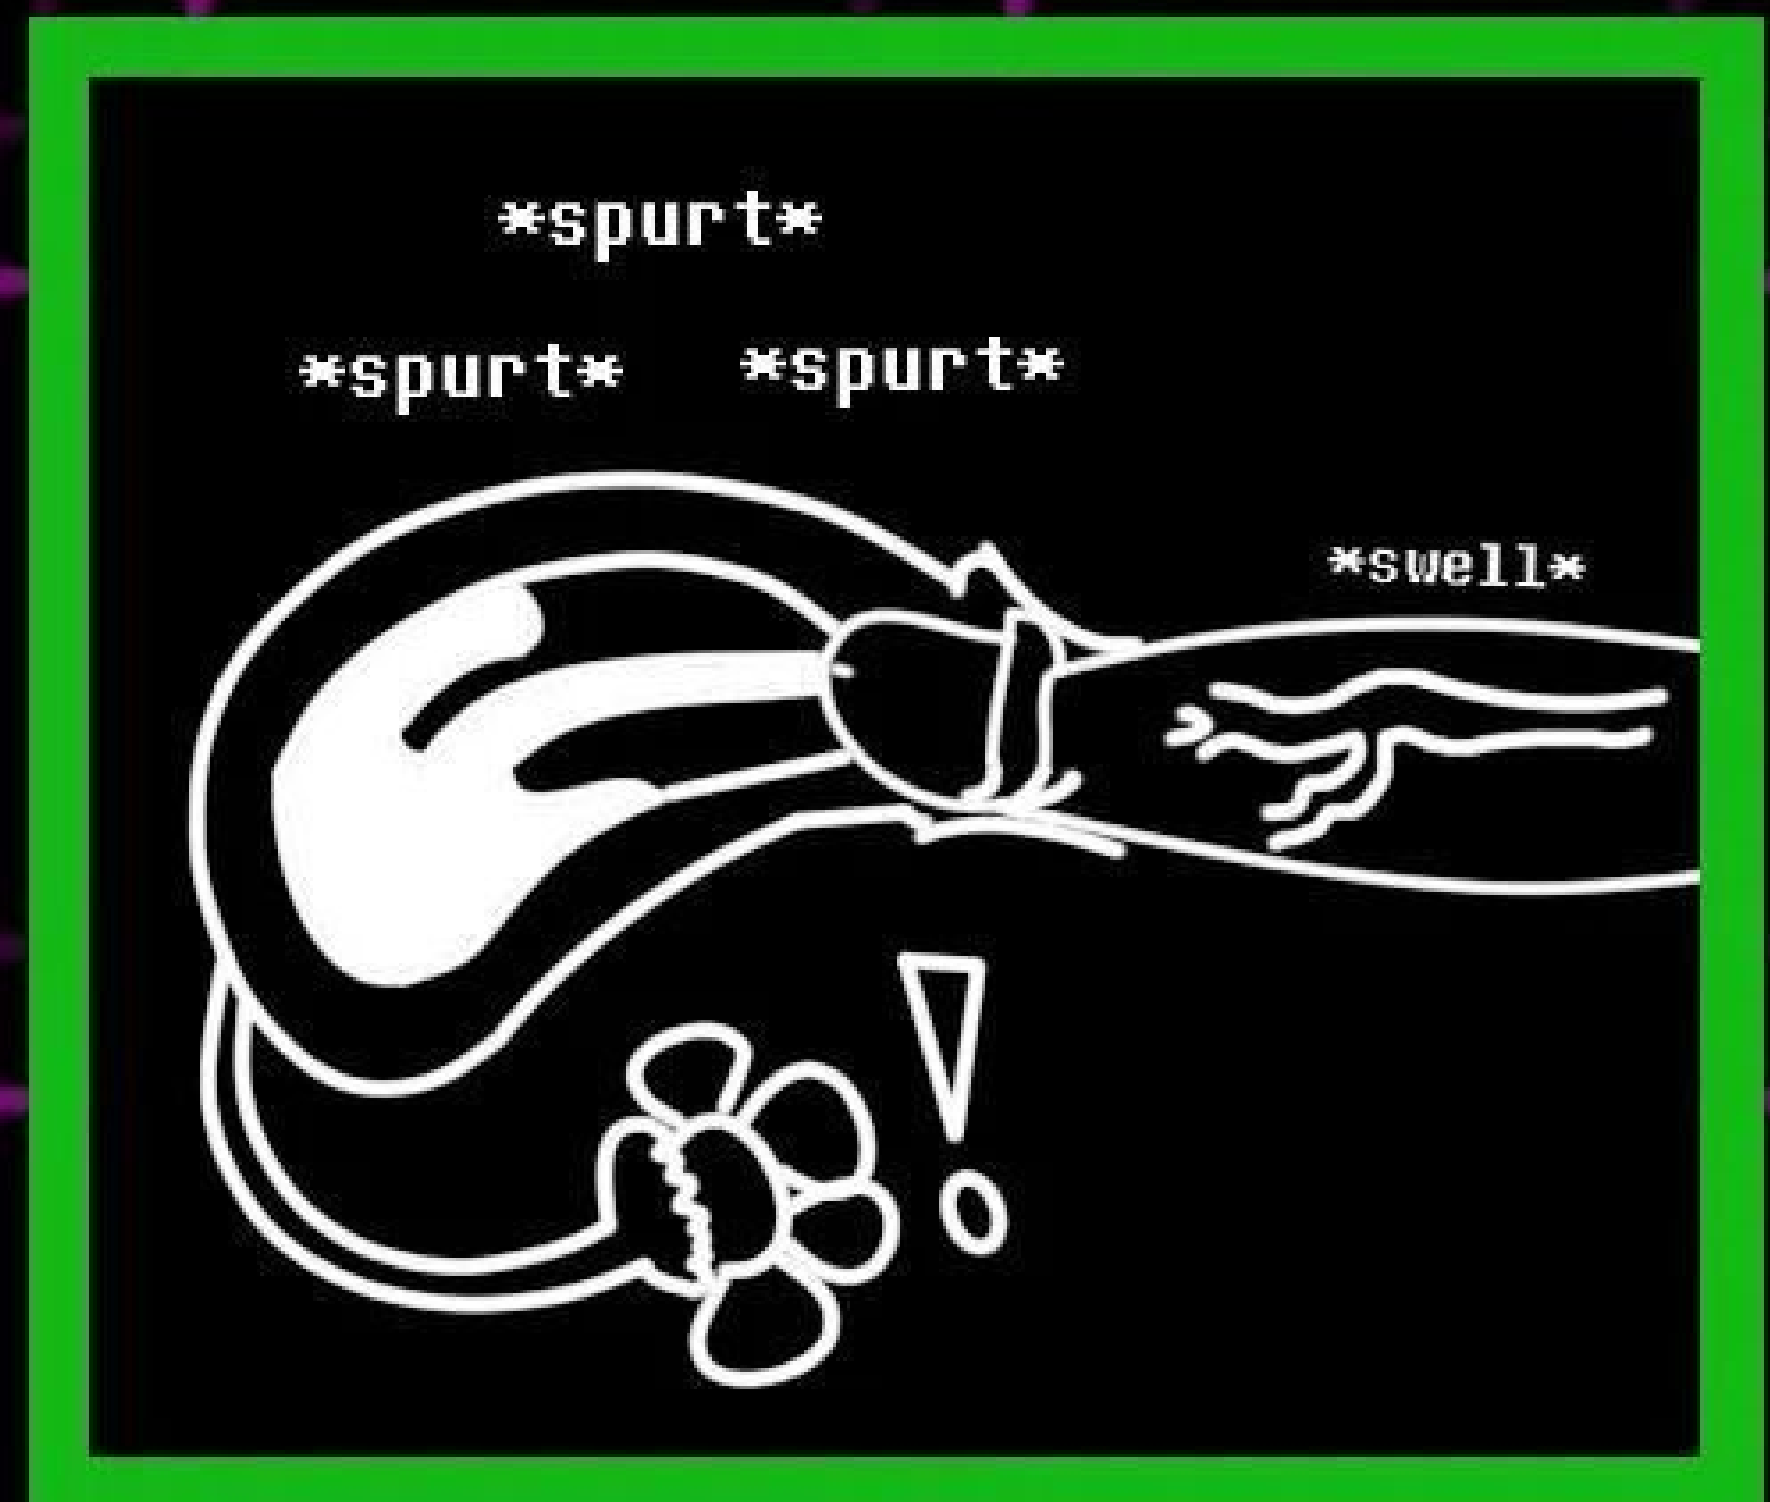

* Are you sure? It's a mature
game with real consequences...
I'll make sure to pull out...

* No. We will play it until the end. I won't let you give up. I'll win fair and square!

* A-Aqua?! What are you doing? We are both flowers, if I don't pull out then I'll get you-

* I won! Didn't think winning
would feel so warm... and
full...

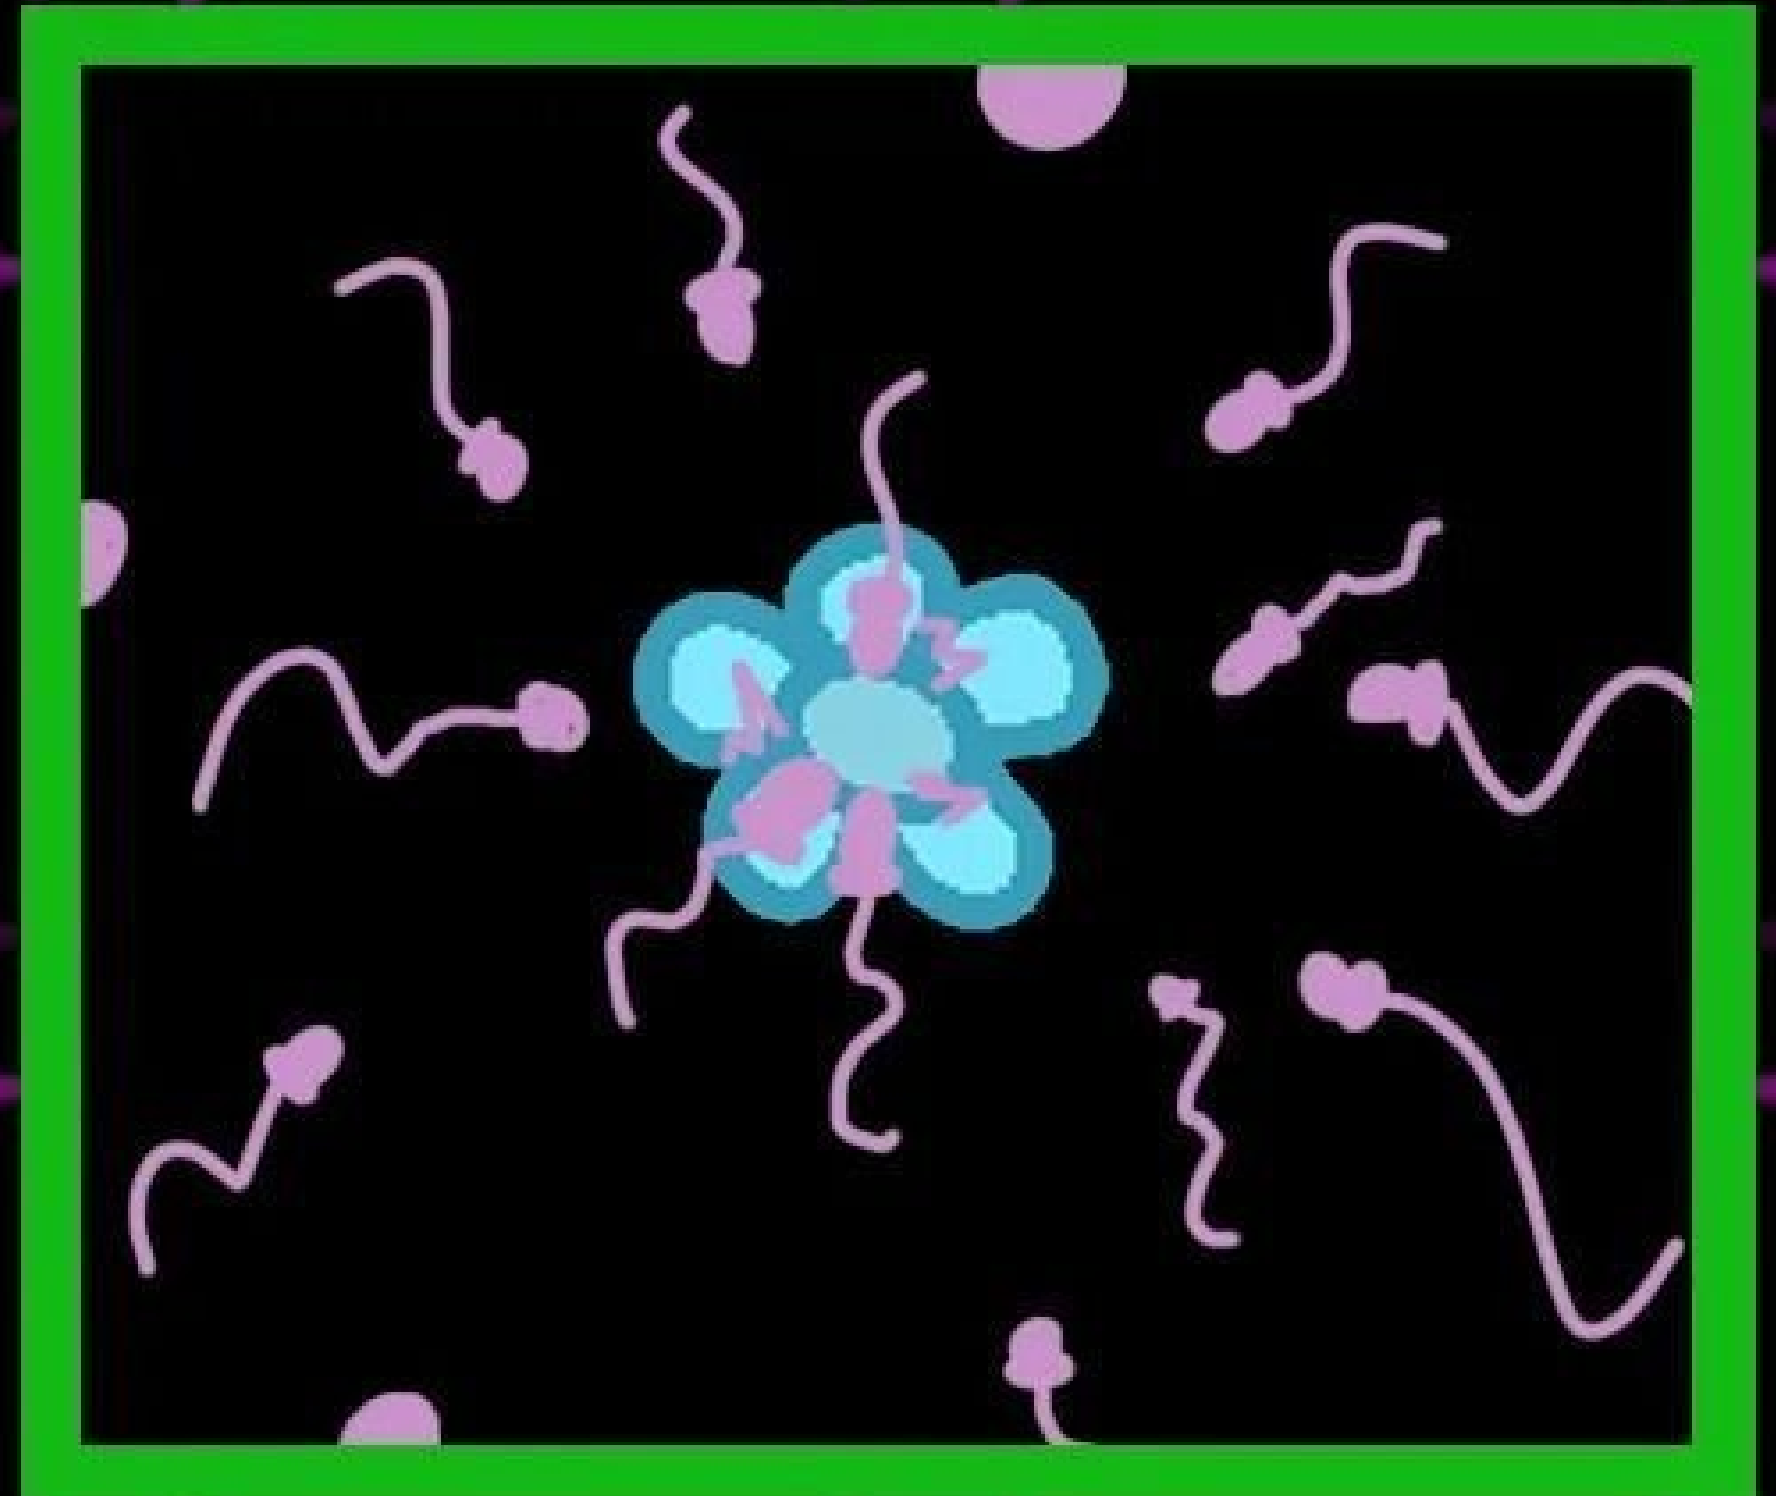

* 0000Haaaaah-... It feels even
better... than it was described
in the books...

* Seth! Seth! Can we go for round 2? Maybe we can ask other friends to join!

* H-no Aqua. Let this be a secret game between us. (Let's better use protection next time)

* Boooo! ... But if that's what Seth wants ok -but only if we can play it again later!

* (Let's just hope that this one time didn't lead to... consequences)
