BLACKMAIL + PROMISE!

DRAWN, WRITTEN AND
COLORED BY: FOXTIDE888

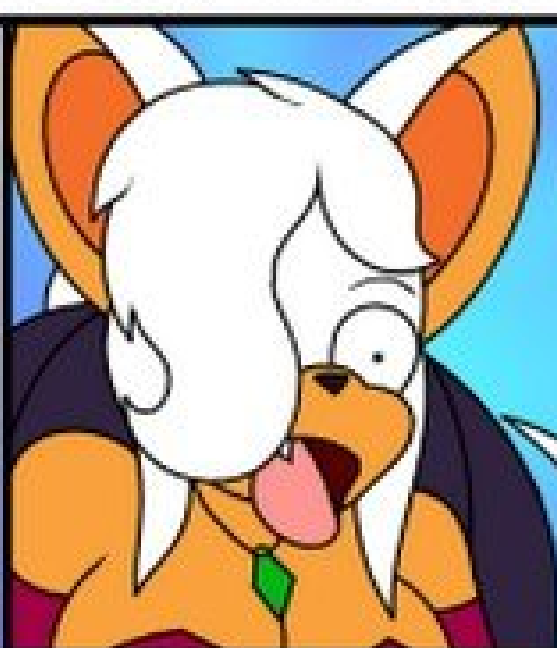

My name is Rouge, and I'm a thief. Or at least I was, until the day I recieved that package! I was just crashing a fancy dress party held at some pompous noble's estate to look for some leads on a potential cashcow when one of the house servants approached me with a little brown box in hand.

The package contained damning evidence spanning most of my thieving career. If it all got out I'd be thrown in jail for years!

Perhaps I was in denial. But every good thief should figure something like this could happen to them one day. But not this soon! I'm only 19 years old! As I dug through the stuff in the box I found a letter of demands and a beautiful little gold ring with a ruby gemstone on it. The letter said to put the ring on my left hand and also gave directions to a certain room in the mansion to meet with whoever was doing this to me. I had no choice but to comply.

I put the ring on and did as the letter said.

When I finally got to the room though, the blackmailer turned out to be somebody I already knew very well.

At this point I'm sure you're wondering why Tails would do this to me. Well lets just say I owed him. He'd put a magic gem on that ring called a Promise Jewel. I didn't think they were real. But now the damn thing wont come off my finger. Legend has it that this jewel links you to whoever you owe a dept, and wont let you go until they realease you. I'm not proud to admit it, but a while back I took advantage of Tails by promising him he could have sex with me if he found me some really rare gems. Well instead of keeping my word, I just took the jewels and left. Not the smartest move on my part I guess...

Well either way I didn't have much of a choice now. It was either take him as my lover, or prison. And I wasn't too keen on spending the next ten years sitting in a cell and watching my back in the shower. At the very least Tails has a nice big cock. So the situation wasn't a total loss. And for a boy who claimed this was his first time with a woman, he was surprisingly good at giving oral. Somehow he could find all my weak spots!

Dammit! Why am I enjoying this!? He's just a twerp, but he's good in the sack! And he's giving me his all too!

I wonder how he got so good! I'll bet he built himself a sex robot or something! Not that, that could compare to my pussy!

Wait... I know this feeling! He's about to cum!

HAAH!!

TAILS NO!
NOT INSIDE!

I MIGHT
GET....

OH-NO-NO-NOOO!
HE CREAMPIED ME!
What the hell am I
gonna do now!

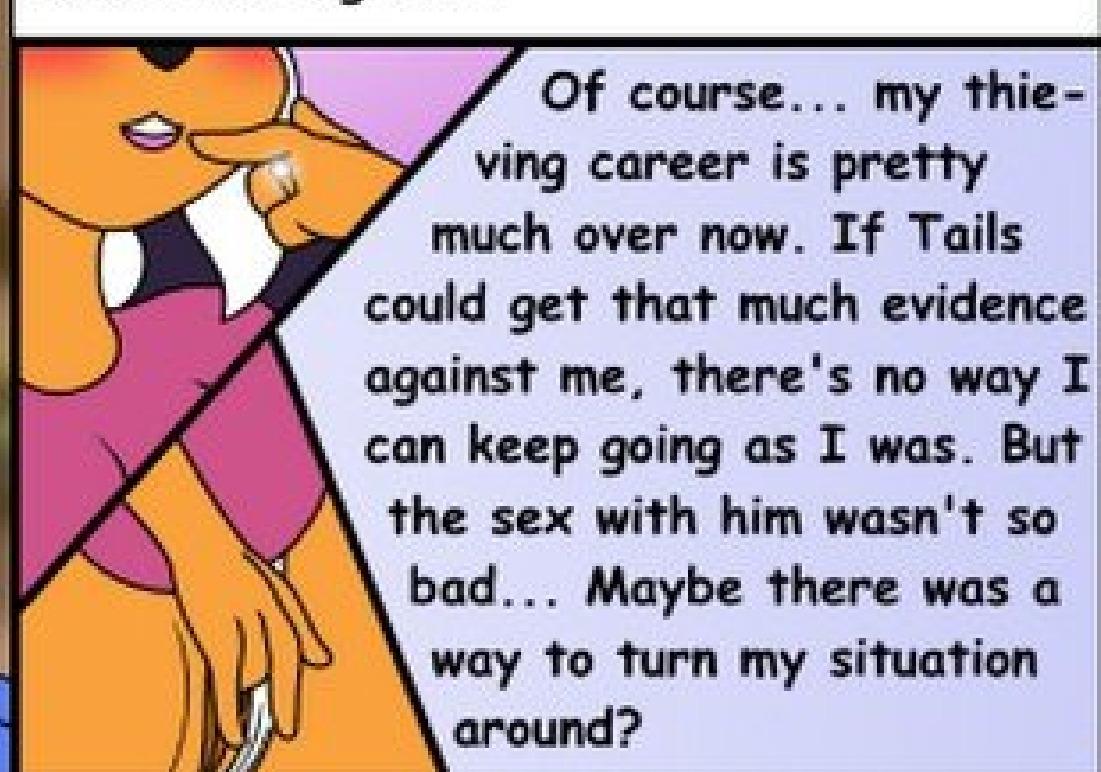

Think Rouge! Was
today a safe day,
or....

ZZZZ...

Days later

I opened the window and flew outta there before Tails woke up. The ring still wont come off. So I know this is likely far from over. And I might just be paranoid, but something in my gut has felt different since that night....

Of course... my thieving career is pretty much over now. If Tails could get that much evidence against me, there's no way I can keep going as I was. But the sex with him wasn't so bad... Maybe there was a way to turn my situation around?

Lets face facts. A woman's got to protect her interests.

And now that I've set a man in my sights, I'm not going to let him get away!

Hey there Tails! Word on the street is you've been looking for me!

Well I've been looking for you too!

You see I've just been to see Doctor Quack!

He gave me the most accurate test he had! And guess what? You went and put a bun in my oven! Imagine that!

WHAAAT?!?

You're gonna be a man and take responsibility for this! Understand?

Uh...Ok...

WAIT YOU WANT TO DO IT HERE?!?

Of course! I'm laying claim to this cock!

You tried being the predator Tails, but now you're the prey!

R-ROUGE WAIT! WE'RE STILL OUTSIDE!

I don't care!

(PULL!)

SLIIDE!

Just remember Tails! You started this!

MMPH!

Stop please! Somebody's gonna see us!

If you want me to stop then promise you'll marry me and also destroy all the evidence you used to blackmail me! Otherwise...

OK! OK! You win! I promise I'll get ride of it all!

Good boy! Now let's continue this at your house!

Oh brother! What did I just get myself into...

So... You destroyed it all?

Yeah! Every scrap of it! No one will know now!

Perfect! You wouldn't want the future mother of your child stuck in prison, now would you? At the very least now I get to enjoy this fat cock of yours as much as I want! So you better be ready to keep this up!

HAAH!
I'M CUMMING!

Don't even think that was anywhere near enough to satisfy me! I hope you're ready to have me as your woman, because I'm going to be fucking you till your dick falls off and then some every single day!

One month later

You're not going to be getting much sleep on this honeymoon! You're mine now and forever!

GOT THAT!

C'mon Rouge! We shouldn't be having sex! You're due any day now!

So what! The baby isn't out of me yet!

Besides, you know you love it! Why else would you have ever wanted a woman like me!

Oh brother! When did we become a normal couple?
