

Brother to Brother

Brother to Brother - Cover

(Don't take your eyes off her for more than a minute, got it? She's just learning how to walk, so she could go off somewhere and hurt herself if you're not careful.)

giggle

(Don't worry about it, bud.)

(There's two of us and only one of her. Really, what's the worst that could happen?)

(Don't make me think about it...)

(Anyway, there's two weeks' worth of chewed-up rocks for her in the pantry for when she gets hungry.)

(Two weeks? How long did you say you were gonna be gone exactly?)

(Well, Chillie said she's kicking me out until I patch things up with Buttstone, so... probably a while.)

(A very. LONG. While.)

(Hey, Gem. Long time, no see.)

(I preferred it that way.)

(So uhh... How's the family?)

(Can we just skip the bullshit small talk and cut to why we're both here?)

(Yup. We are. And I picked it because unlike you, I like the outdoors. Ever since Jewel hatched, I've been stuck inside doing half the job of taking care of her.)

(Fine by me, but I gotta ask: Why'd you pick Mt. Silver of all places to meet up? We're not seriously gonna climb this thing, are we?)

(Fair enough... I could always use the exercise.)

(Anyway, Gem... I've already tried apologizing plenty of times and it still hasn't worked. What else am I supposed to—)

(Don't bother.)

(...What?)

(I'm only bothering to do this because Chillie doesn't want our family to be a broken one. I can understand how that's important to her, seeing as she never really had a family in either life or death, but I think you and I both know I'm still not ready to forgive you, Mom, or Dad.)

(Well you could grow up a little, for starters.)

(Now wait a minute. Are you telling me I came all the way out here from the far edge of Sinnoh... just so you could *lie to your mate*? You don't even plan on giving me a *chance*?!)

(If you think you have a better idea, I'd love to hear it.)

(WHAT?)

(Don't tell me you didn't hear me with those oversized ears.)

(I was really hoping maybe you'd changed, but it's obvious you're the same stubborn little kid you were when you left home. Why can't you just get over yourself?)

(ME? Get over MYself?! Look who the fuck's talking!)

(Okay, I'll admit it—I was an egomaniac when I was younger. I was an asshole. I was an attention whore. I said and did some really shitty things to you. But I was a KID. I've grown up now, and I realize my mistakes. Believe it or not, I actually might have CHANGED in the last hundred thousand years!)

(Bullshit. The only things that have changed about you are your income and how much of a slut you are. You're still full of yourself and you still get everything you want handed to you on a silver fucking platter just because of your looks.)

(Do you think I'm actually *happy* just because I live in a big mansion and a lot of people know my name? Do you think I wouldn't kill to have friends and a family who care about me like yours do for you?)

(I knew your eyesight was crap, but that just goes to show how blind you really are. You couldn't be more wrong about me if you tried.)

(Don't. Fucking. Talk to me. About not having a family that cares about you.)

(For 170,000 years I was stuck in that Arceusdamn cave with two parents who couldn't give less of a shit about me, and a brother who'd pour salt in my wounds at any chance he got.)

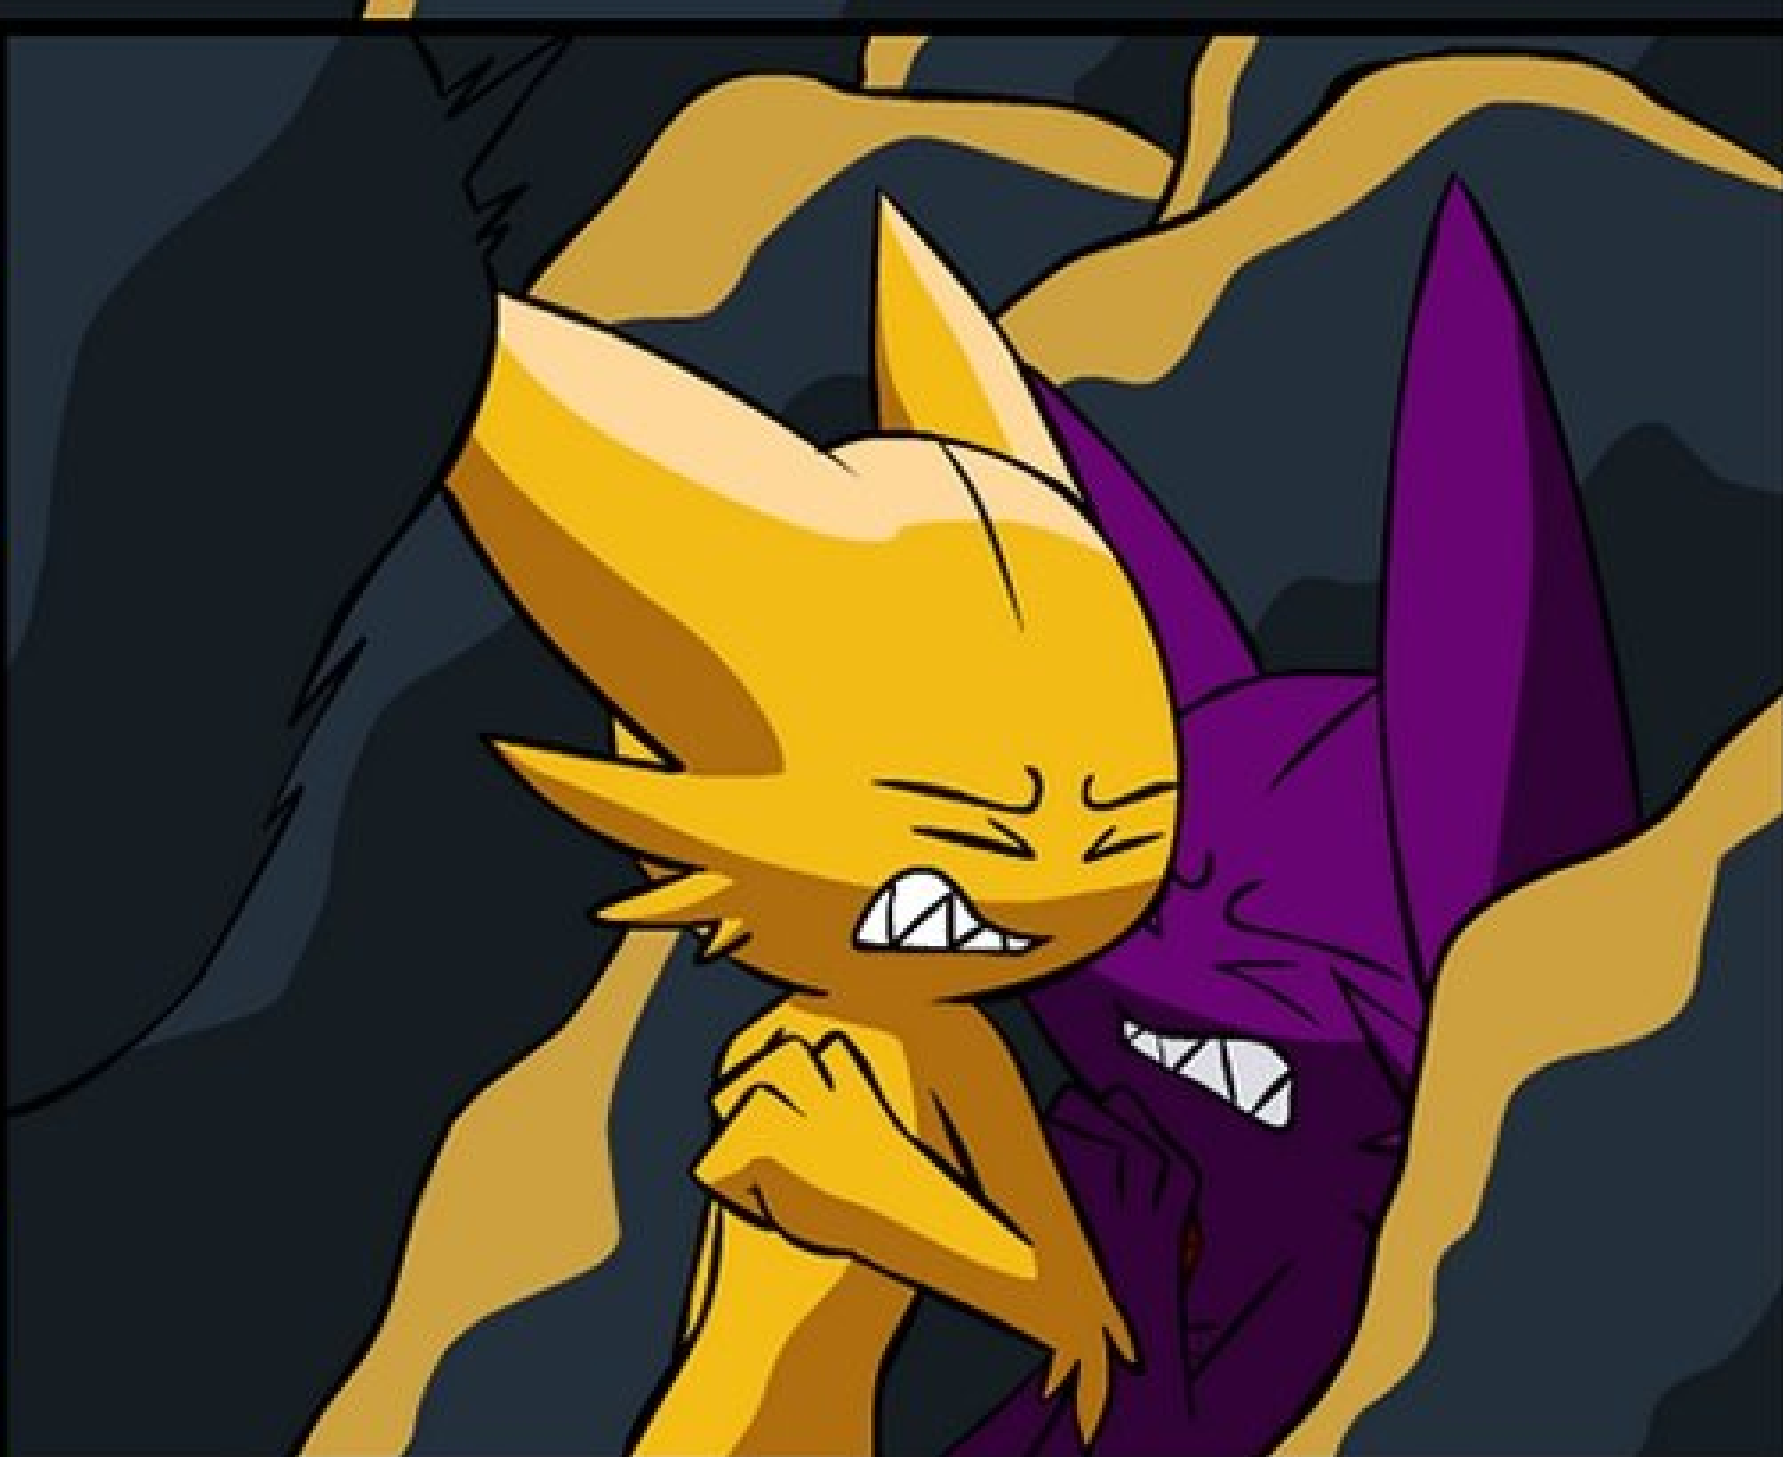

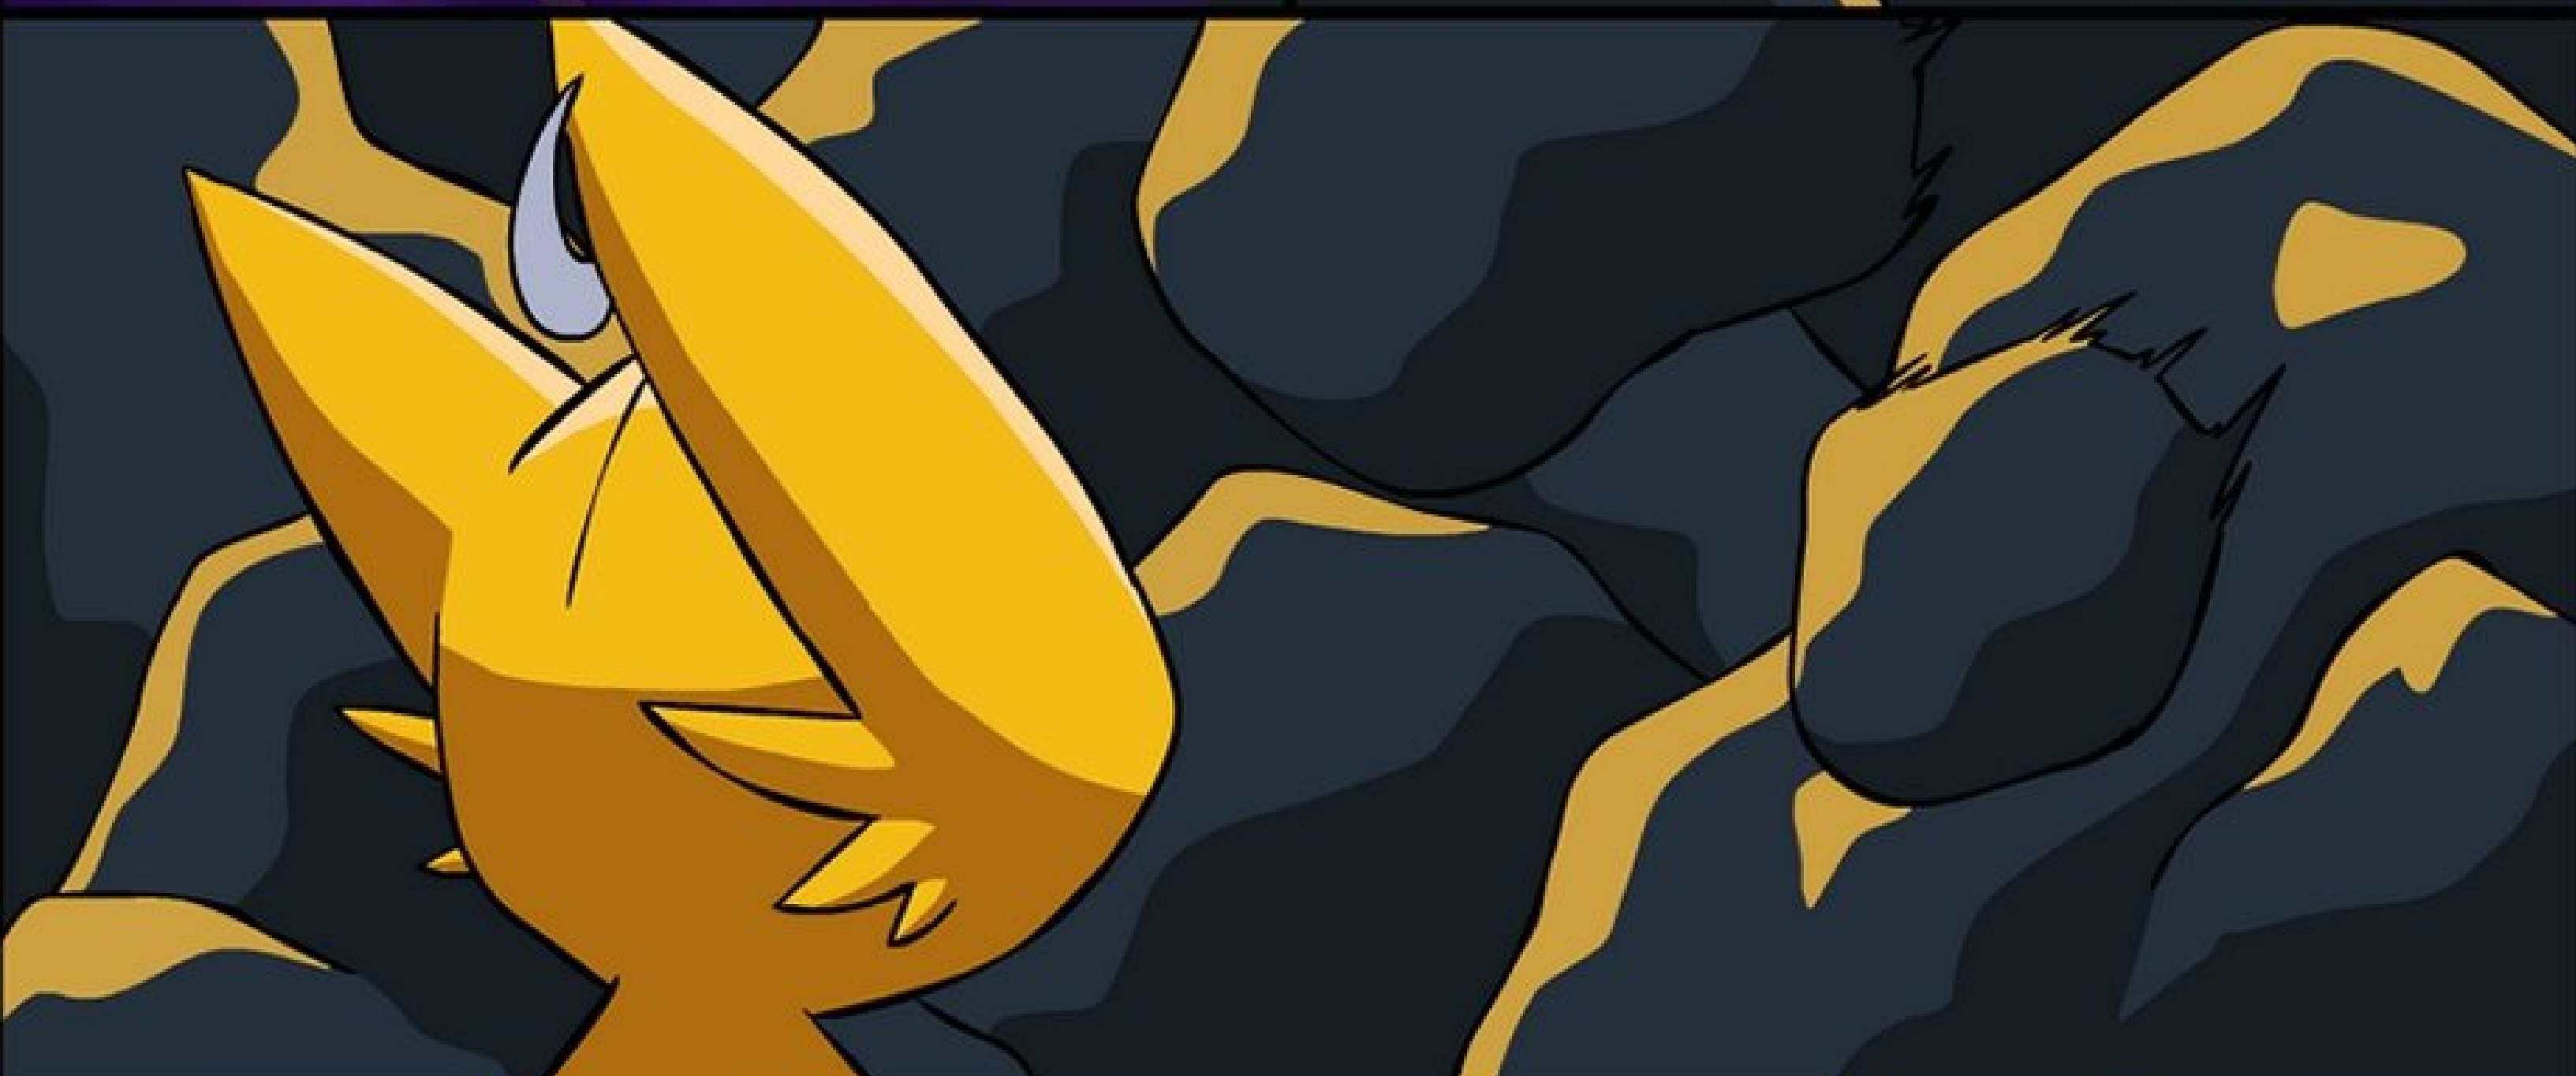

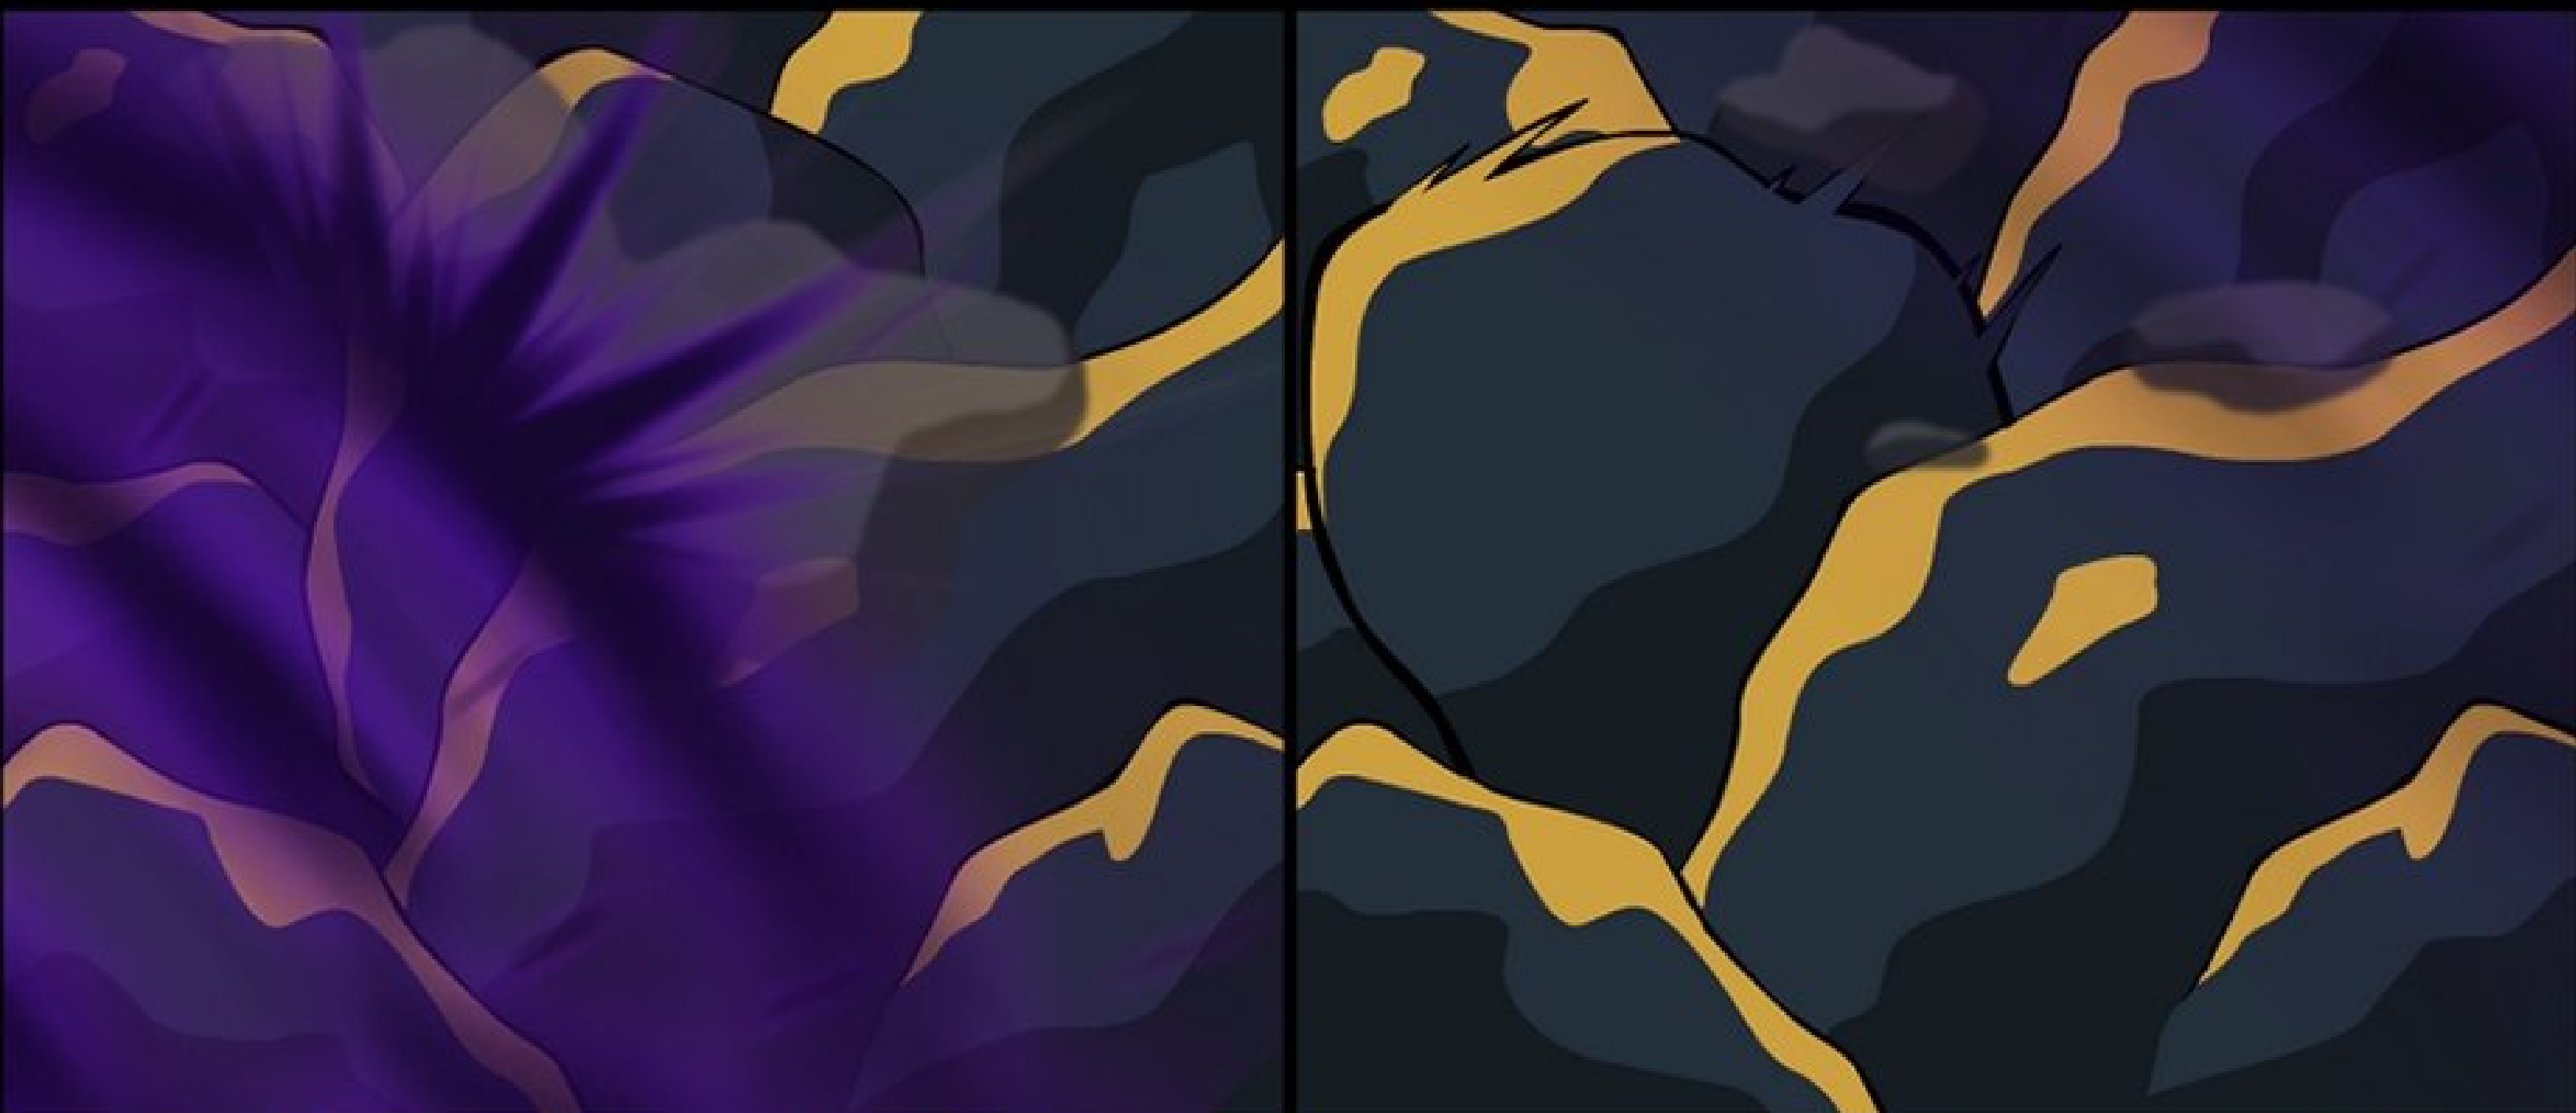

(Our parents either scolded or ignored me while you got all the praise you did nothing to deserve.)

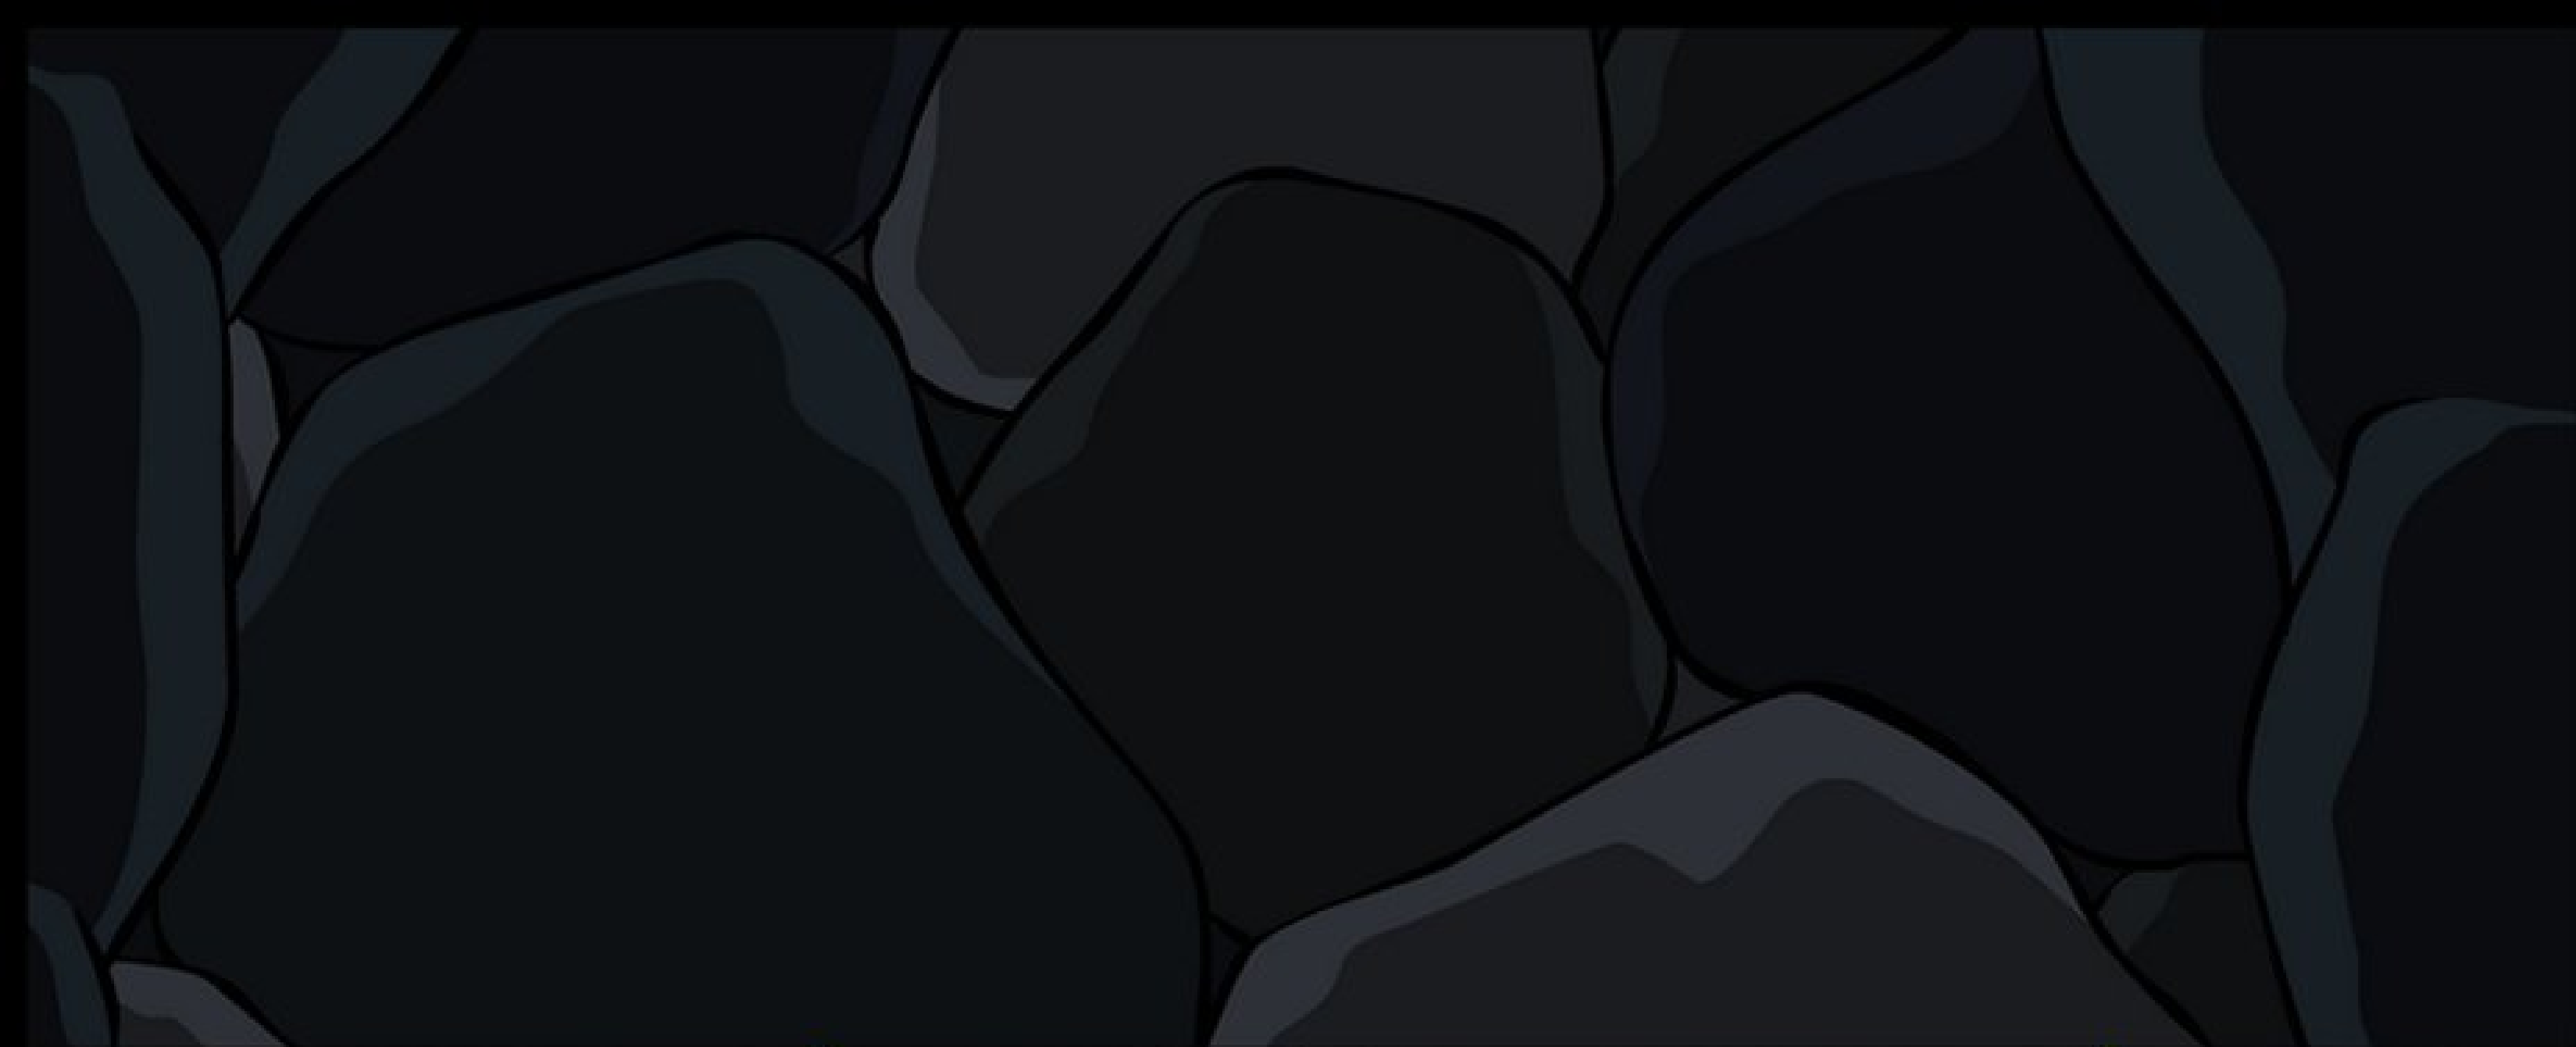

(Every time I came close to making a friend, you would do something to ruin it.)

(No matter how horrible I felt, you always found a way to make it ten times worse.)

(And no matter what I did or how hard I tried, it was never good enough for anyone to care about me.)

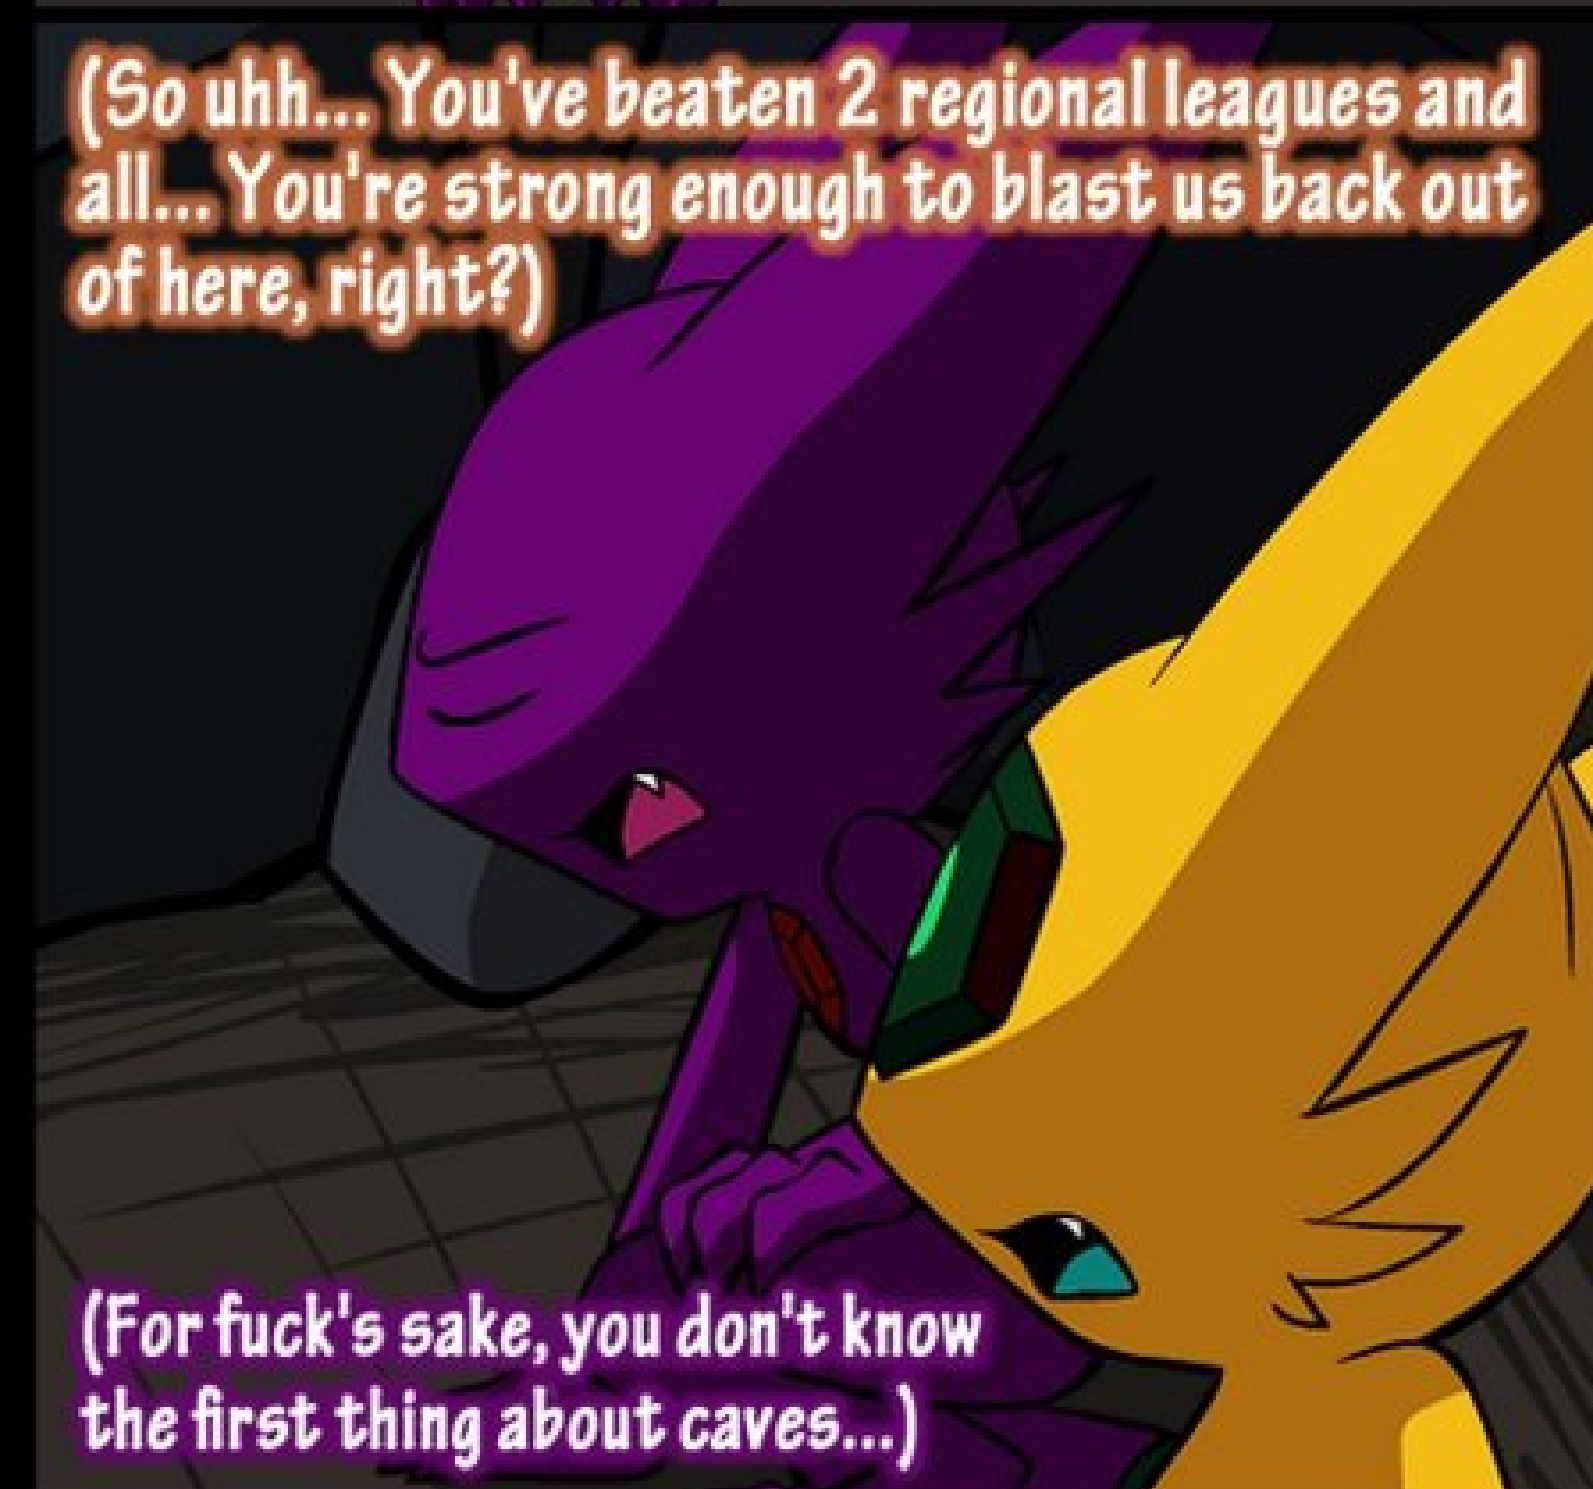

(ALL THEY EVER CARED ABOUT WAS YOU!!!)

(Th-thanks...)

(Don't worry about it...)

(So uhh... You've beaten 2 regional leagues and all... You're strong enough to blast us back out of here, right?)

(For fuck's sake, you don't know the first thing about caves...)

(This area's not stable anymore. If I try blasting through, odds are the whole thing could come down on top of us. Take it from someone who's been caved in on: It's not worth the risk.)

(Ohh, I didn't think of that...)

(The only surefire way we're getting out of here in one piece is if we both dig our way out.)

(Um, about that...)

(Don't tell me you don't want to get your fur dirty or some stupid shit.)

(Well, I don't, but that's not it.)

(Zaira's dad makes sure she keeps my claws blunted so I can't scratch her or rip up any furniture...)

(Wow. You really are a pet.)

(I prefer the term "show Pokemon," thanks.)

(Whatever. Without any help it's probably gonna take at least a day or two to dig outta here.)

(WHAT!? Are you kidding?!)

(Wish I was. The rocks and soil around here are a lot tougher than the cave we grew up in, and that means the process will be slower. A day or two might even be wishful thinking.)

(.....)

(Hey, at least there's food.)

(You call this **FOOD**?!)

(How will I survive in here without my poffins and gemstones and pokeblocks and baths and massages and here to hold me and I don't even want to **THINK** about **spinning**!)

(Arceus almighty, shut the fuck up!)

(I don't like being stuck in here any more than you do, but whining my ears off isn't going to get us out of it.)

(Okay, I'll stop...)

(Now, let's see...)

(But you can't see.)

(Shuddup, I'm thinking. I haven't done this in a few centuries...)

(... But with a situation like this, it's best to start from the top of the pile.)

(Fuck, my claws are killing me...)

(You stay up if you want, I'm calling it a night.)

(... Gem...?)

(Hm?)

(Can... I sleep next to you? I have trouble sleeping by myself in my own bed, let alone...)

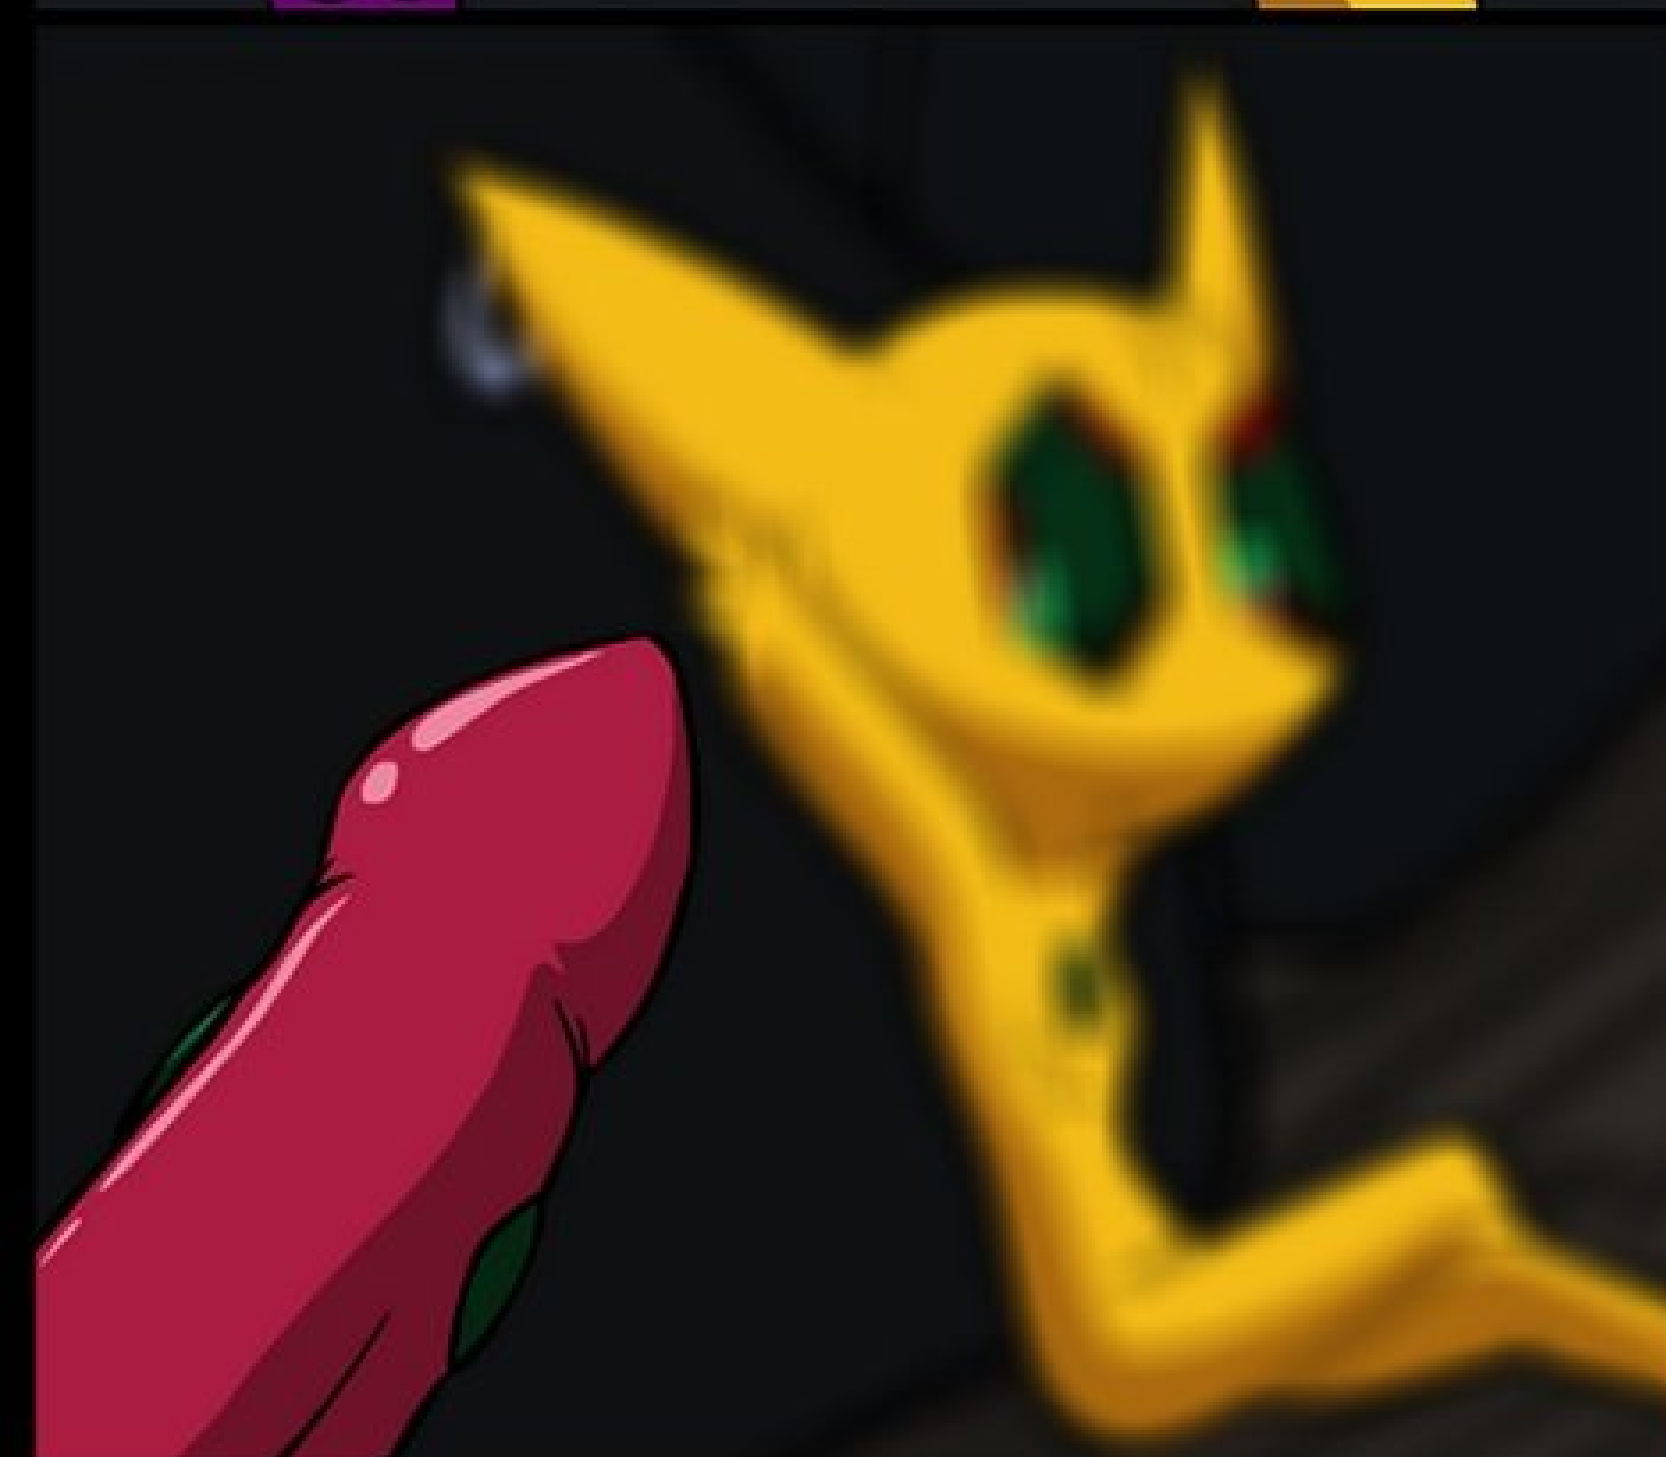

(... Fine, but I'm *not* spooning with you.)

(Thanks.)

(Whatever.)

Ugh, I forgot he sleeps with his eyes open... Gross.

(...Chillie...)

Well, I guess that explains it, but...

I didn't think it would look so much like mine.
Why can't I stop staring at it?

What is wrong with me?!
He's my brother!

...Still...

With Rick gone on family business for the last
month or so, it's been a while since I've gotten
any action... And those emeralds look
pretty tasty right about now.

He's out like a Litwick underwater, too... If it's just for a few seconds, he probably won't wake up.

I'm gonna regret this later, I know it...

Dear sweet Arceus it tastes just like mine...

(Mmmh...)

That feels nice...

(...Hmmm...?)

...?!!!?!

(WHAT IN THE NINE
HELLS ARE YOU
DOING?!)

(I-I'm sorry! You were dreaming, and I—I
didn't think you would wake up—!)

(Get away from me, you sick motherfucker!)

(What the fuck were you even thinking?!
Did you just forget we're related and I'm
straight, not to mention I have a mate and kid?!)

(You're right. That was really stupid of me,
and I'm sorry.)

(It's just... I mean, Rick's been gone a long time now
and I've had to go without, so I...)

(... Never mind. There's no excuse
for what I just did.)

(... To tell you the truth, I know the feeling... I
haven't gotten any in a while either.)

(How come?)

(I don't really know. Ever since Jewel hatched, Chillie
and I just kind of... stopped. It's been almost 3 months
and I've gotten really antsy. I probably should have
warned you I get morning wood most of the time now,
but it wasn't exactly the first thing
on my mind yesterday.)

A purple cat-like character with large green eyes and a small orange gem on its chest, looking down with a thoughtful expression.

(So, are you saying...?)

A yellow cat-like character with large green eyes and a small green gem on its chest, sitting and speaking with a confident expression.

(I mean, I'd hate to just leave anyone unsatisfied like that. Even you.)

A purple cat-like character with large green eyes and a small orange gem on its chest, looking down with a slightly sad or thoughtful expression.

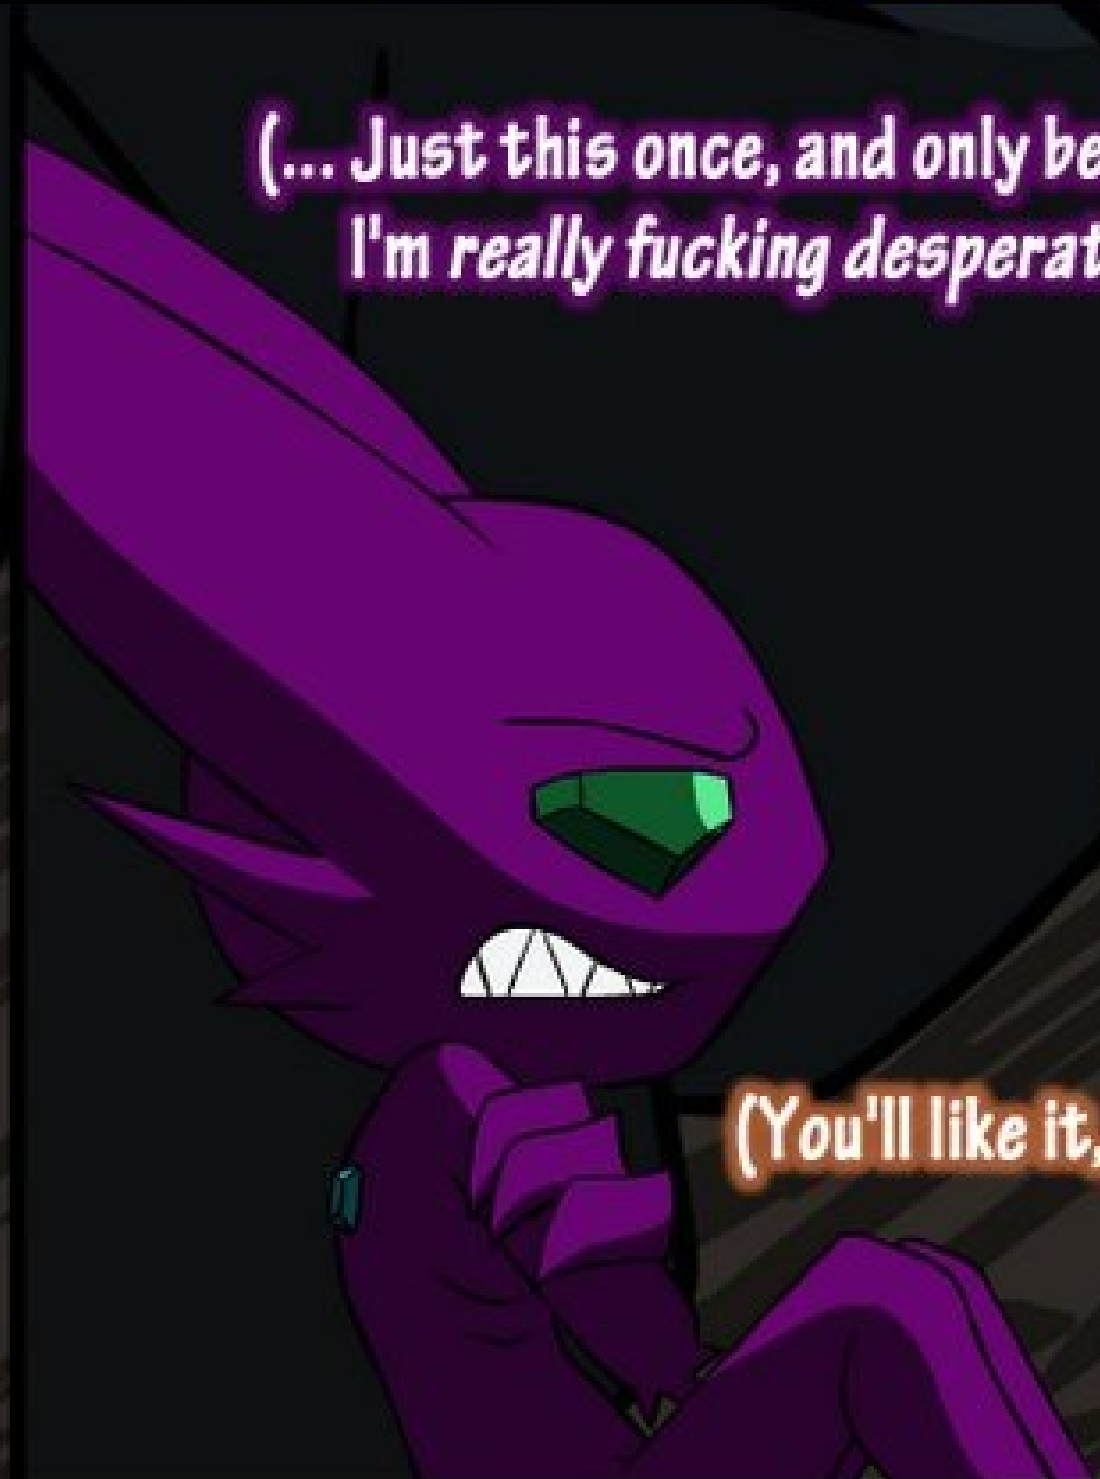

(Besides...)

A close-up of the yellow cat-like character's face, showing a wide, toothy grin and large green eyes.

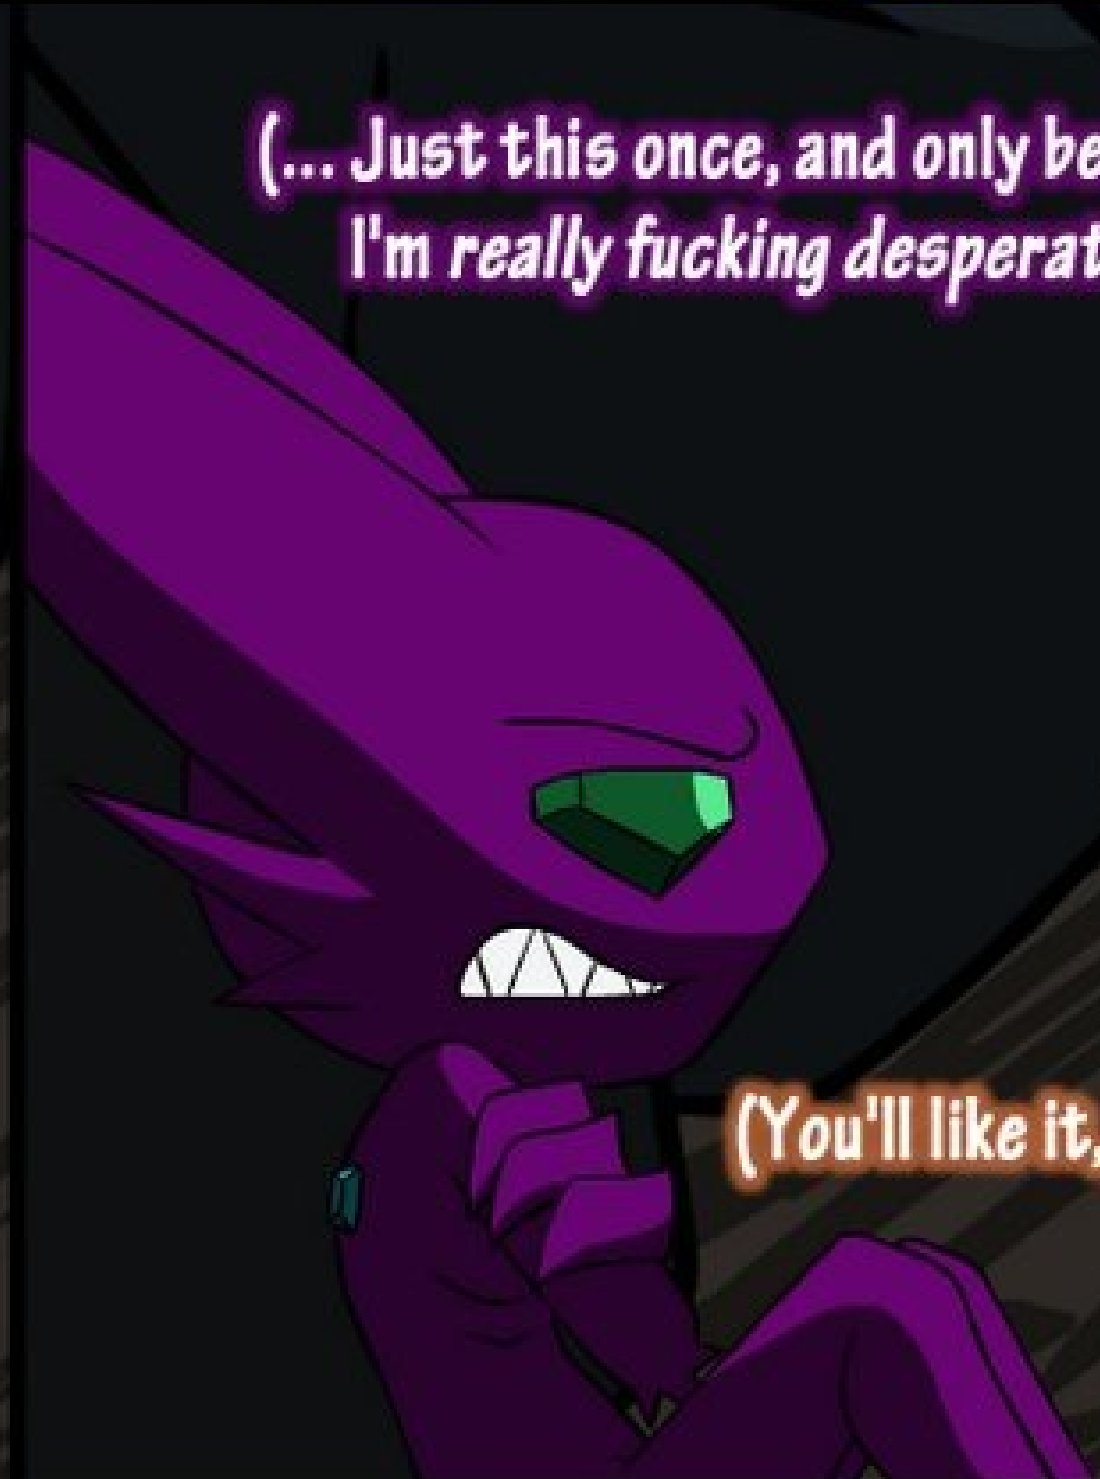

(I can guarantee you I do it better than anyone else you've had.)

A purple cat-like character with large green eyes and a small orange gem on its chest, looking down with a slightly sad or thoughtful expression.

.....

A purple cat-like character with large green eyes and a small orange gem on its chest, looking up with a slightly sad or thoughtful expression.

(... Just this once, and only because I'm *really* fucking desperate.)

A purple cat-like character with large green eyes and a small orange gem on its chest, looking up with a slightly sad or thoughtful expression.

(You'll like it, I promise.)

(No teeth, or I swear to fuck I'll slash you.)

(Whatever you want~)

(Just... one little thing.)

(What?)

(If I do this for you... I'll expect you to return the favor.)

(That's fair enough, right~?)

shudder

(Nngh... Fff-fine, just get it over with.)

(I knew you'd say that.)

*Don't moan... Whatever you do,
don't fucking moan for him...!*

He's trying so hard to contain himself...

Every muscle in his little body is tensed up.

This'll make him relax.

(AAAAHHH!)

(Nnnnggh...!)

(I can't... I'm gonna cum...!)

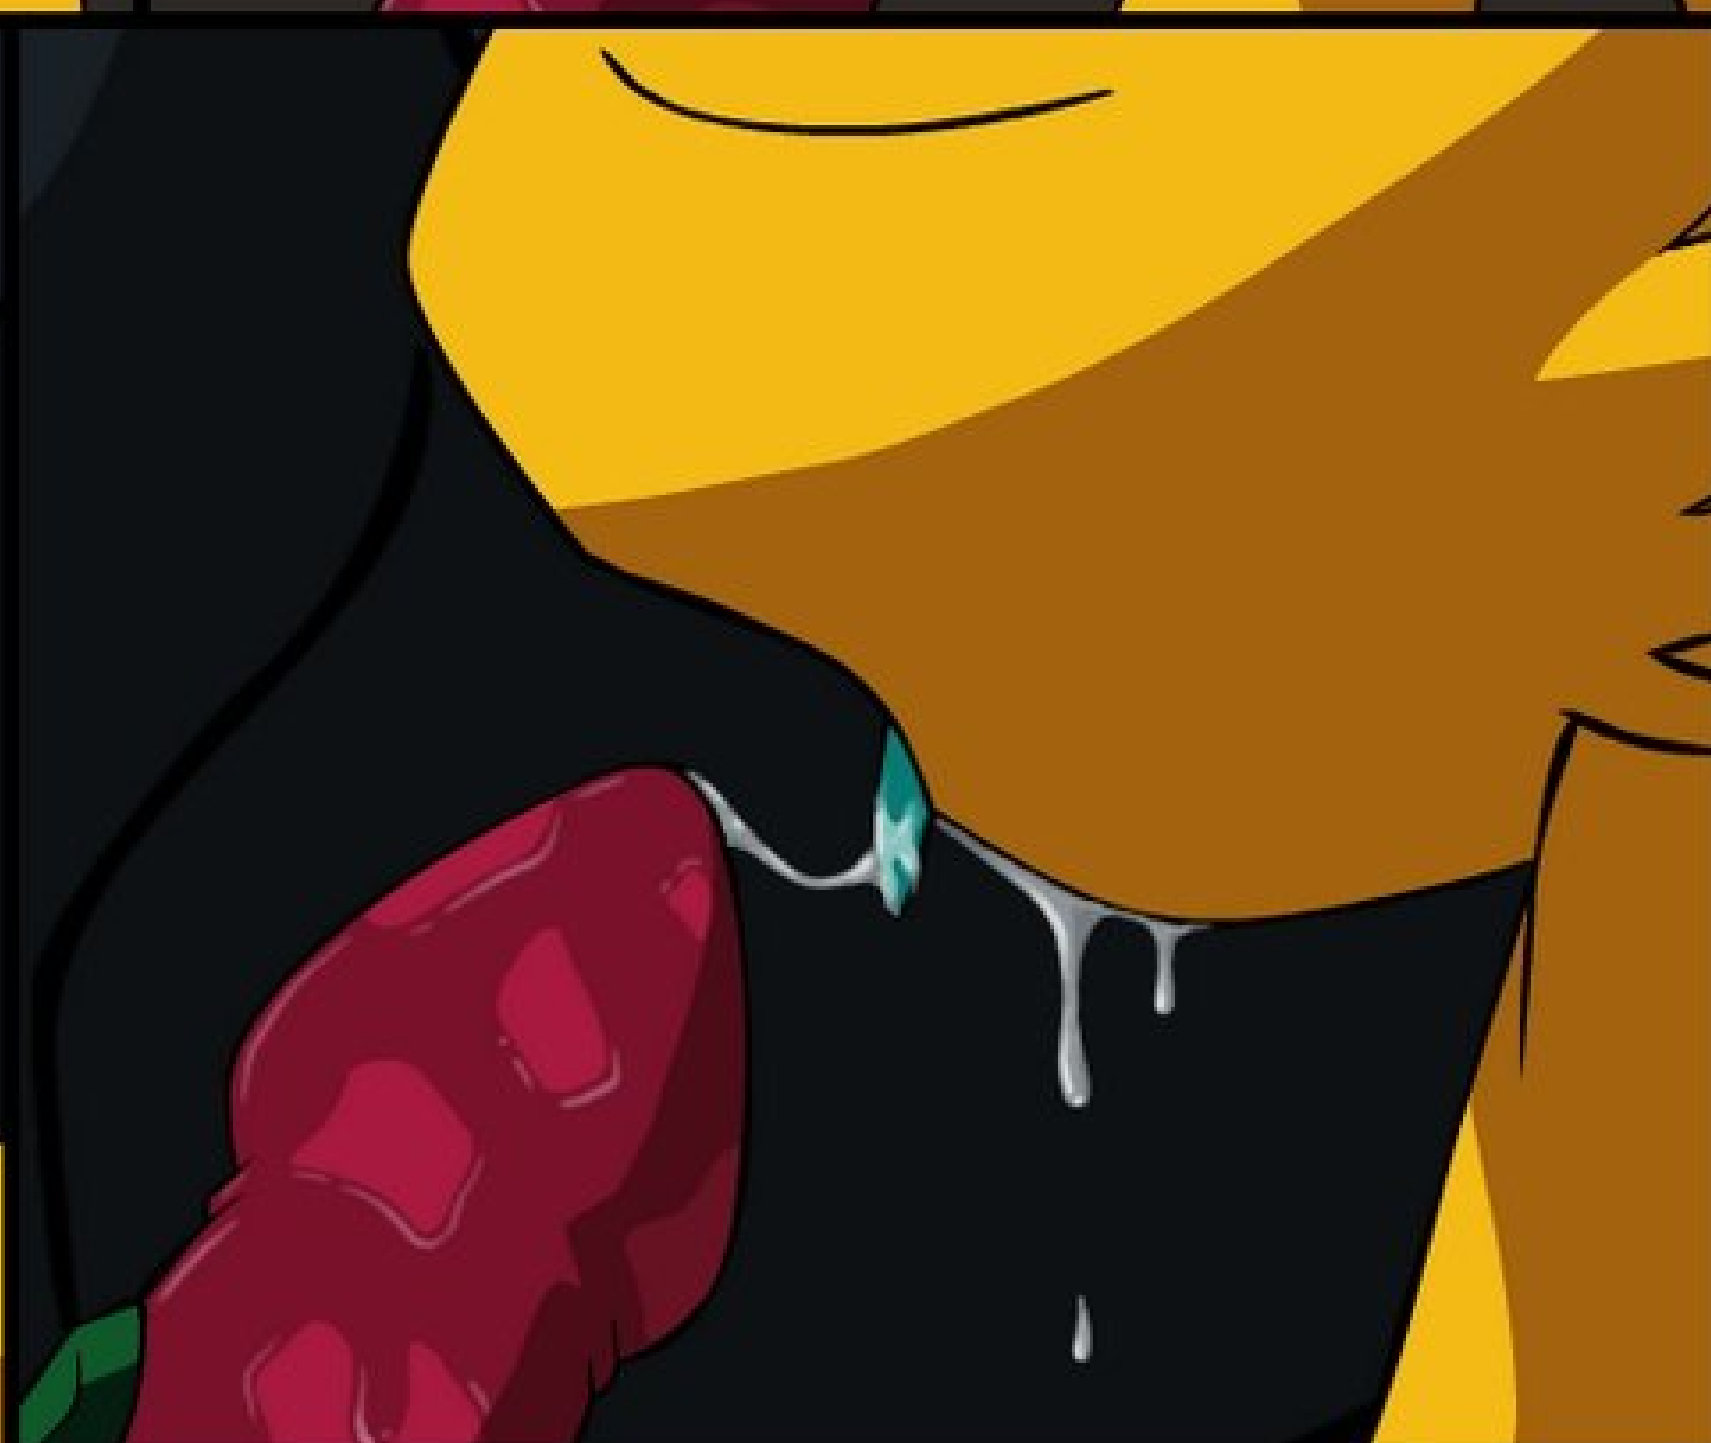

Already?

gulp

gulp

(Well jeez, that was fast. Kinda sad, even for not getting anything in a while.)

(Asshole... What do you think happens to your other senses... when you can't see?)

(Sorry... I can't. I'm exhausted now. I need to sleep this off...)

(What? You just woke up five minutes ago!)

(True, true...
Oh well. My turn~)

(Yeah, and then I came buckets.)

(I'll do it later, but right now I can barely move...)

scoff (Fine, I'll take care of myself for now and you can make up for it tomorrow.)

(Thanks...)

(Don't mention it.)

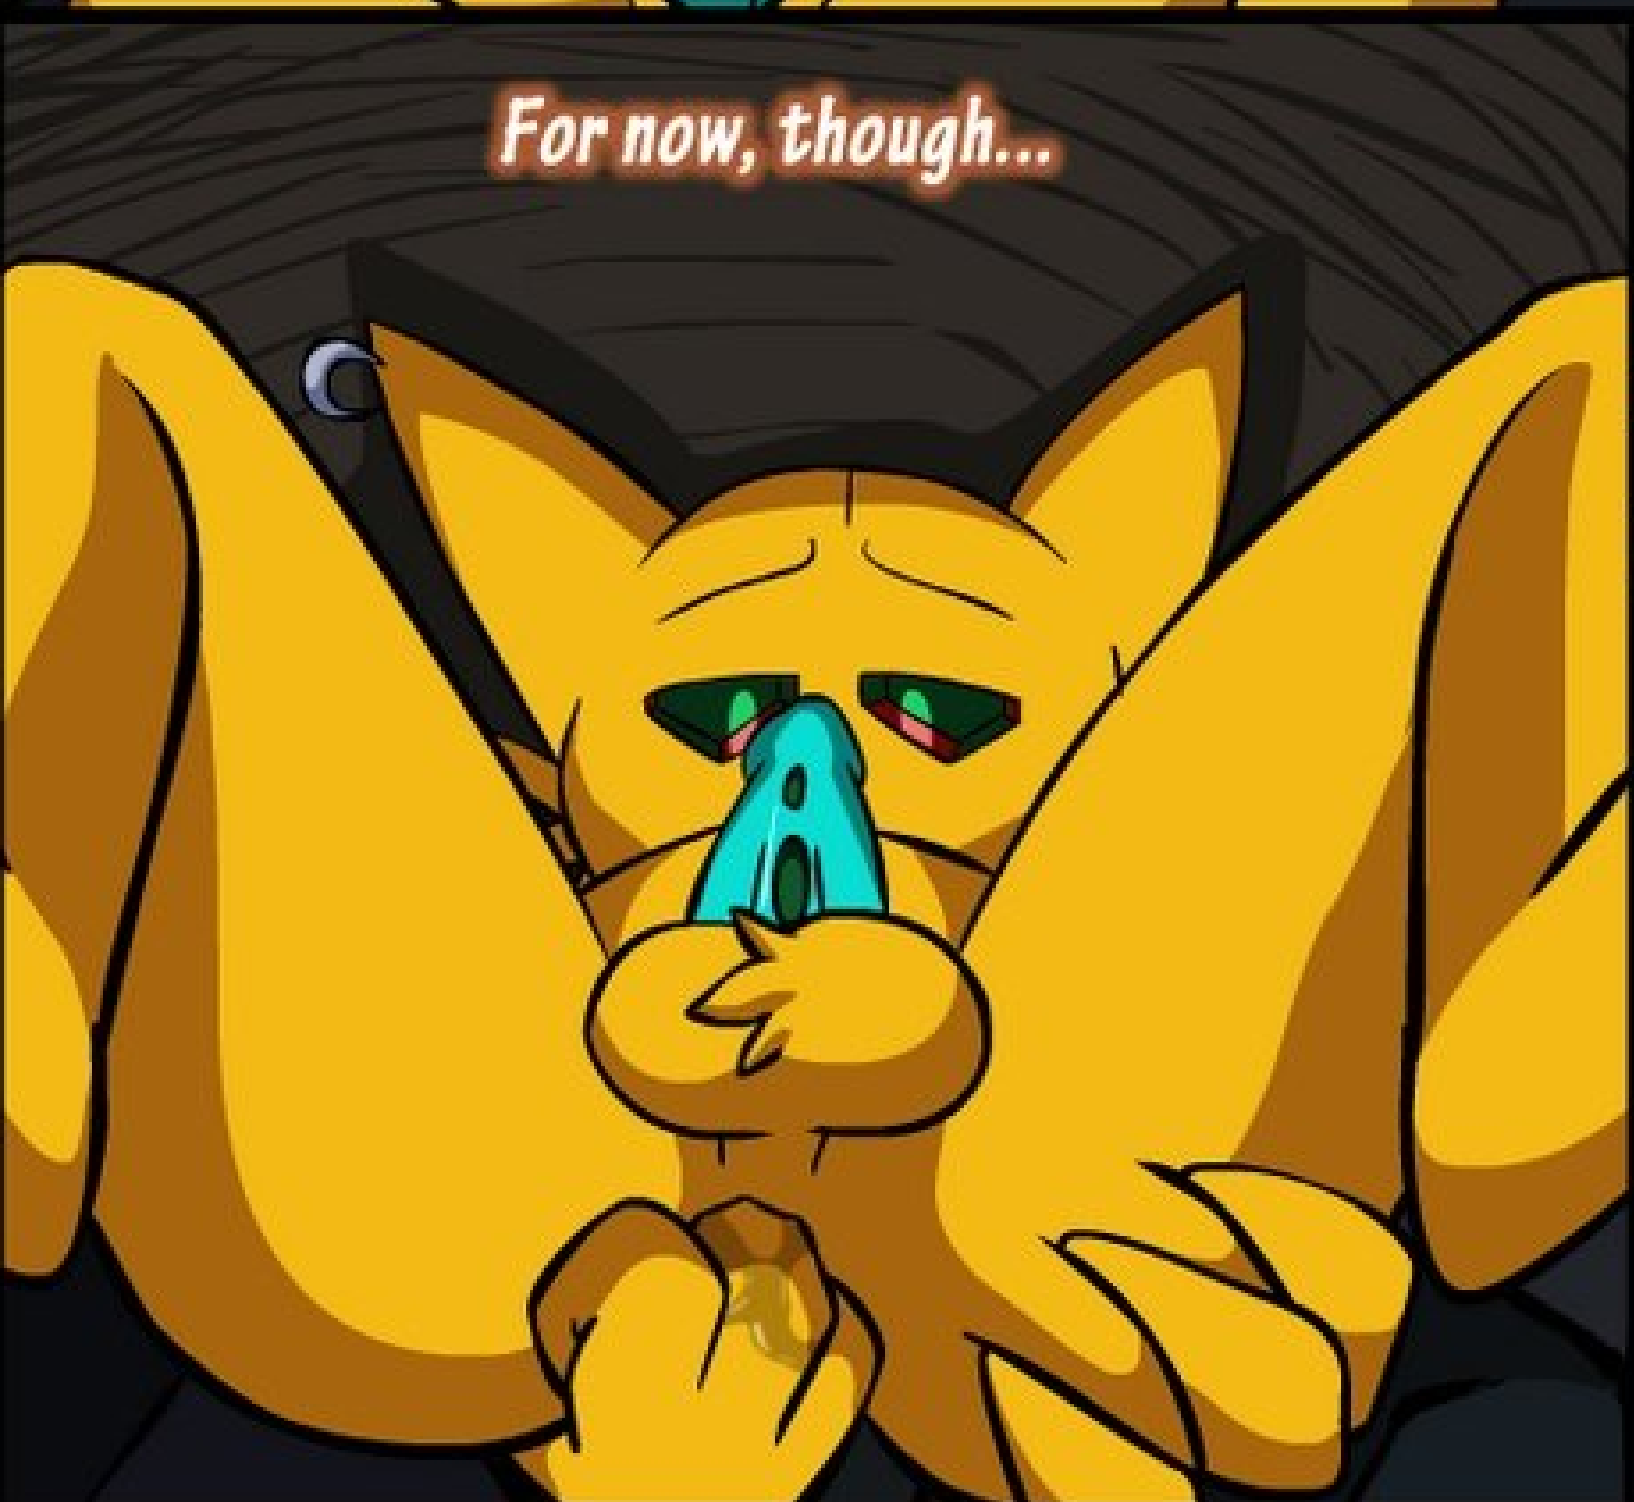

Out of all the males I've
been with, I've never
seen anyone finish
that fast.

Even if he's more sensitive than normal, he could
probably last longer if he had
someone show him how...

After this long, a quickie is not going to cut it.
I'll have to push him a bit.

For now, though...

... I'll just settle for this.

(So, about my turn...)

(I know...)

(I'll let you get off in a few minutes too, but for now, fair's fair.)

(Fuck... You're not going to make me—?)

(Ssshhit.)

(Aww, why the fuss? I thought you loved the taste of emeralds.)

(Oh, but I am~)

(No teeth, please~)

(Really starting to regret taking you up
on that blowjob yesterday...)

(Ahhh...)

(Mmph...)

(That's enough for now, you can stop.)

(Not bad, for your first time on
the giving end.)

(Now it's your turn again for a little bit.
Sit against the wall.)

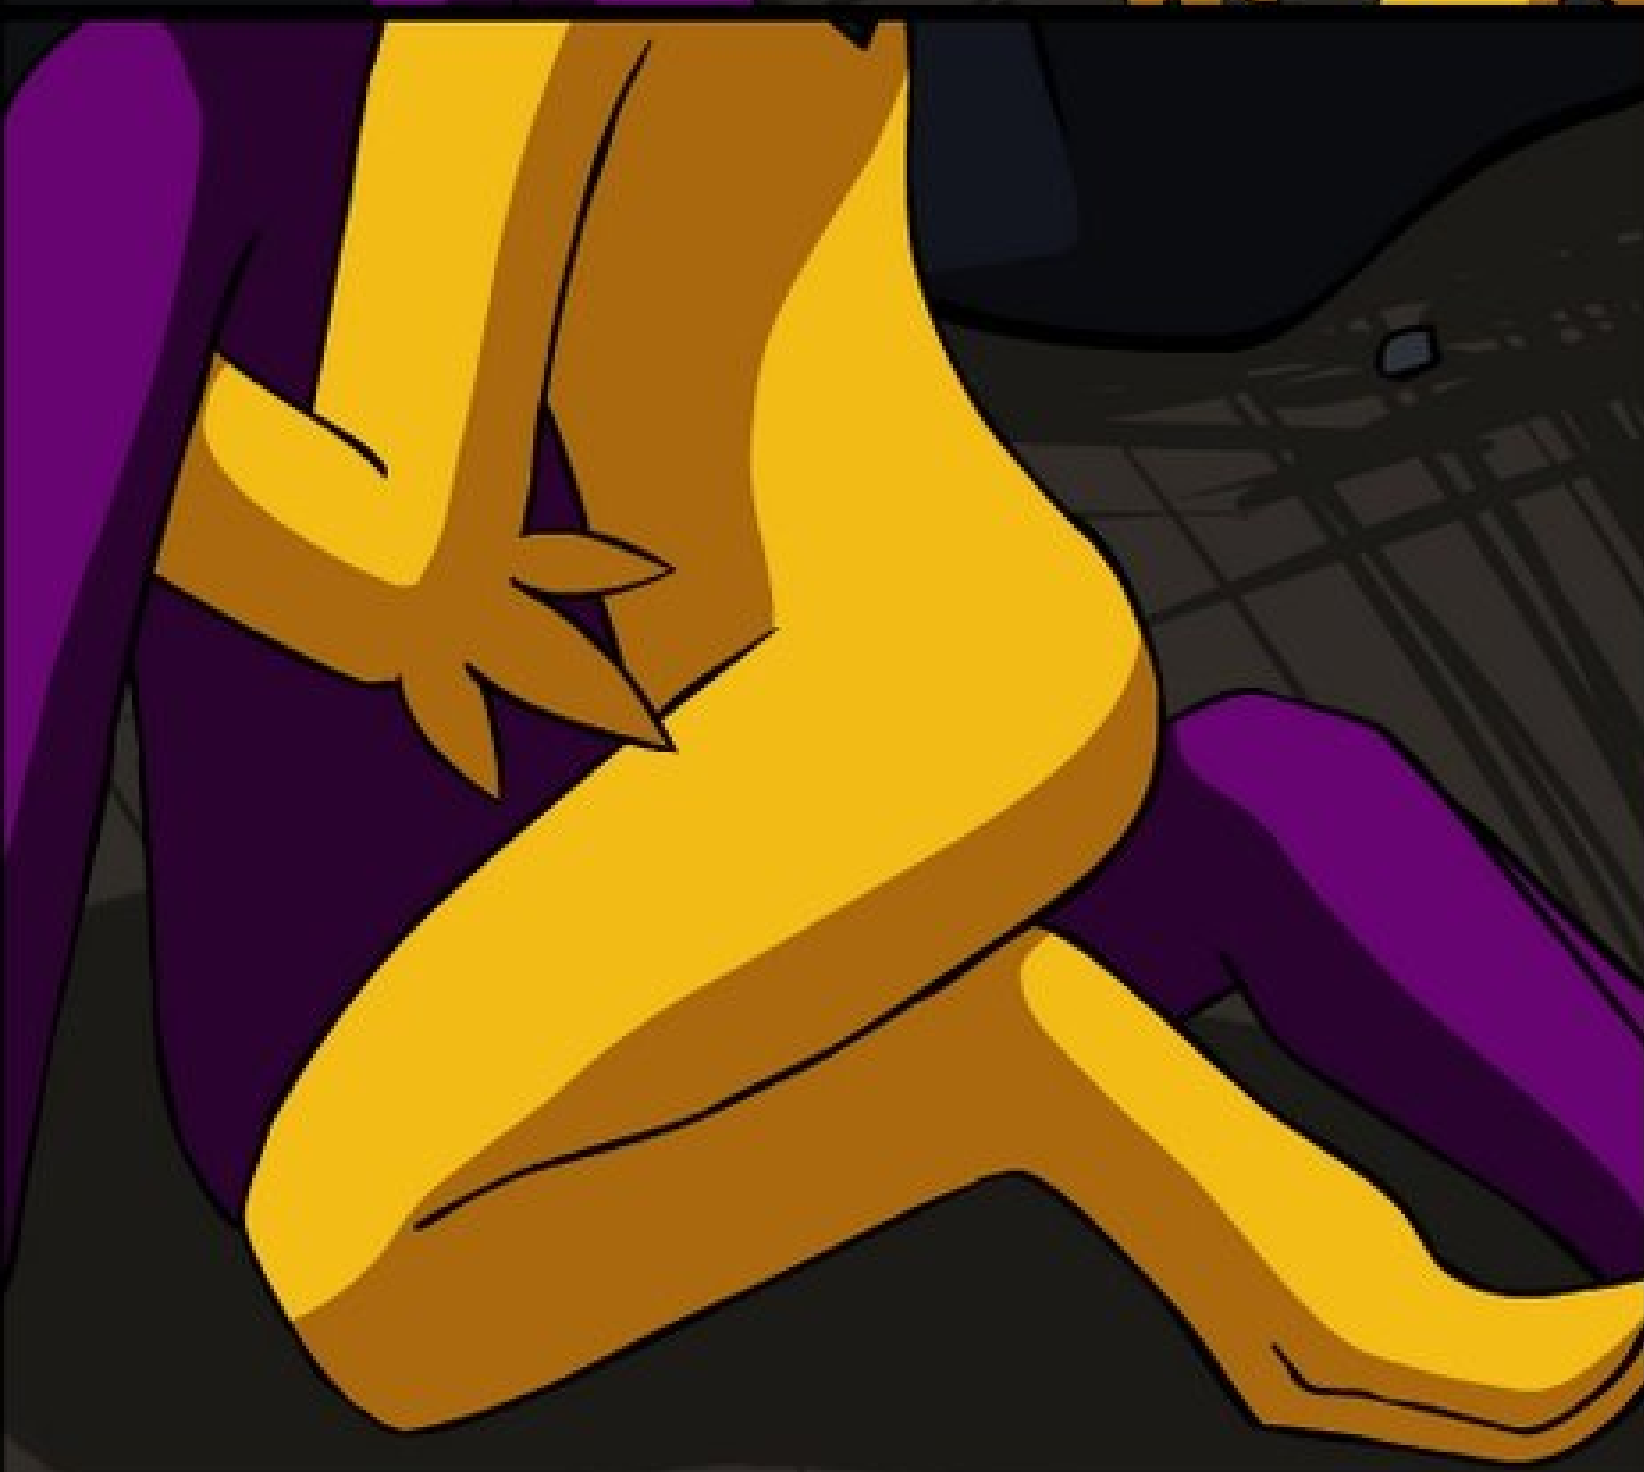

(What are you going to do?)

(Teach you.)

(Teach me what, exactly...?)

(Something Chillie will thank me for if she
ever finds out about this.)

(When I go down on you again, I want you to try something that'll help keep you from finishing early.)

(I'm listening...)

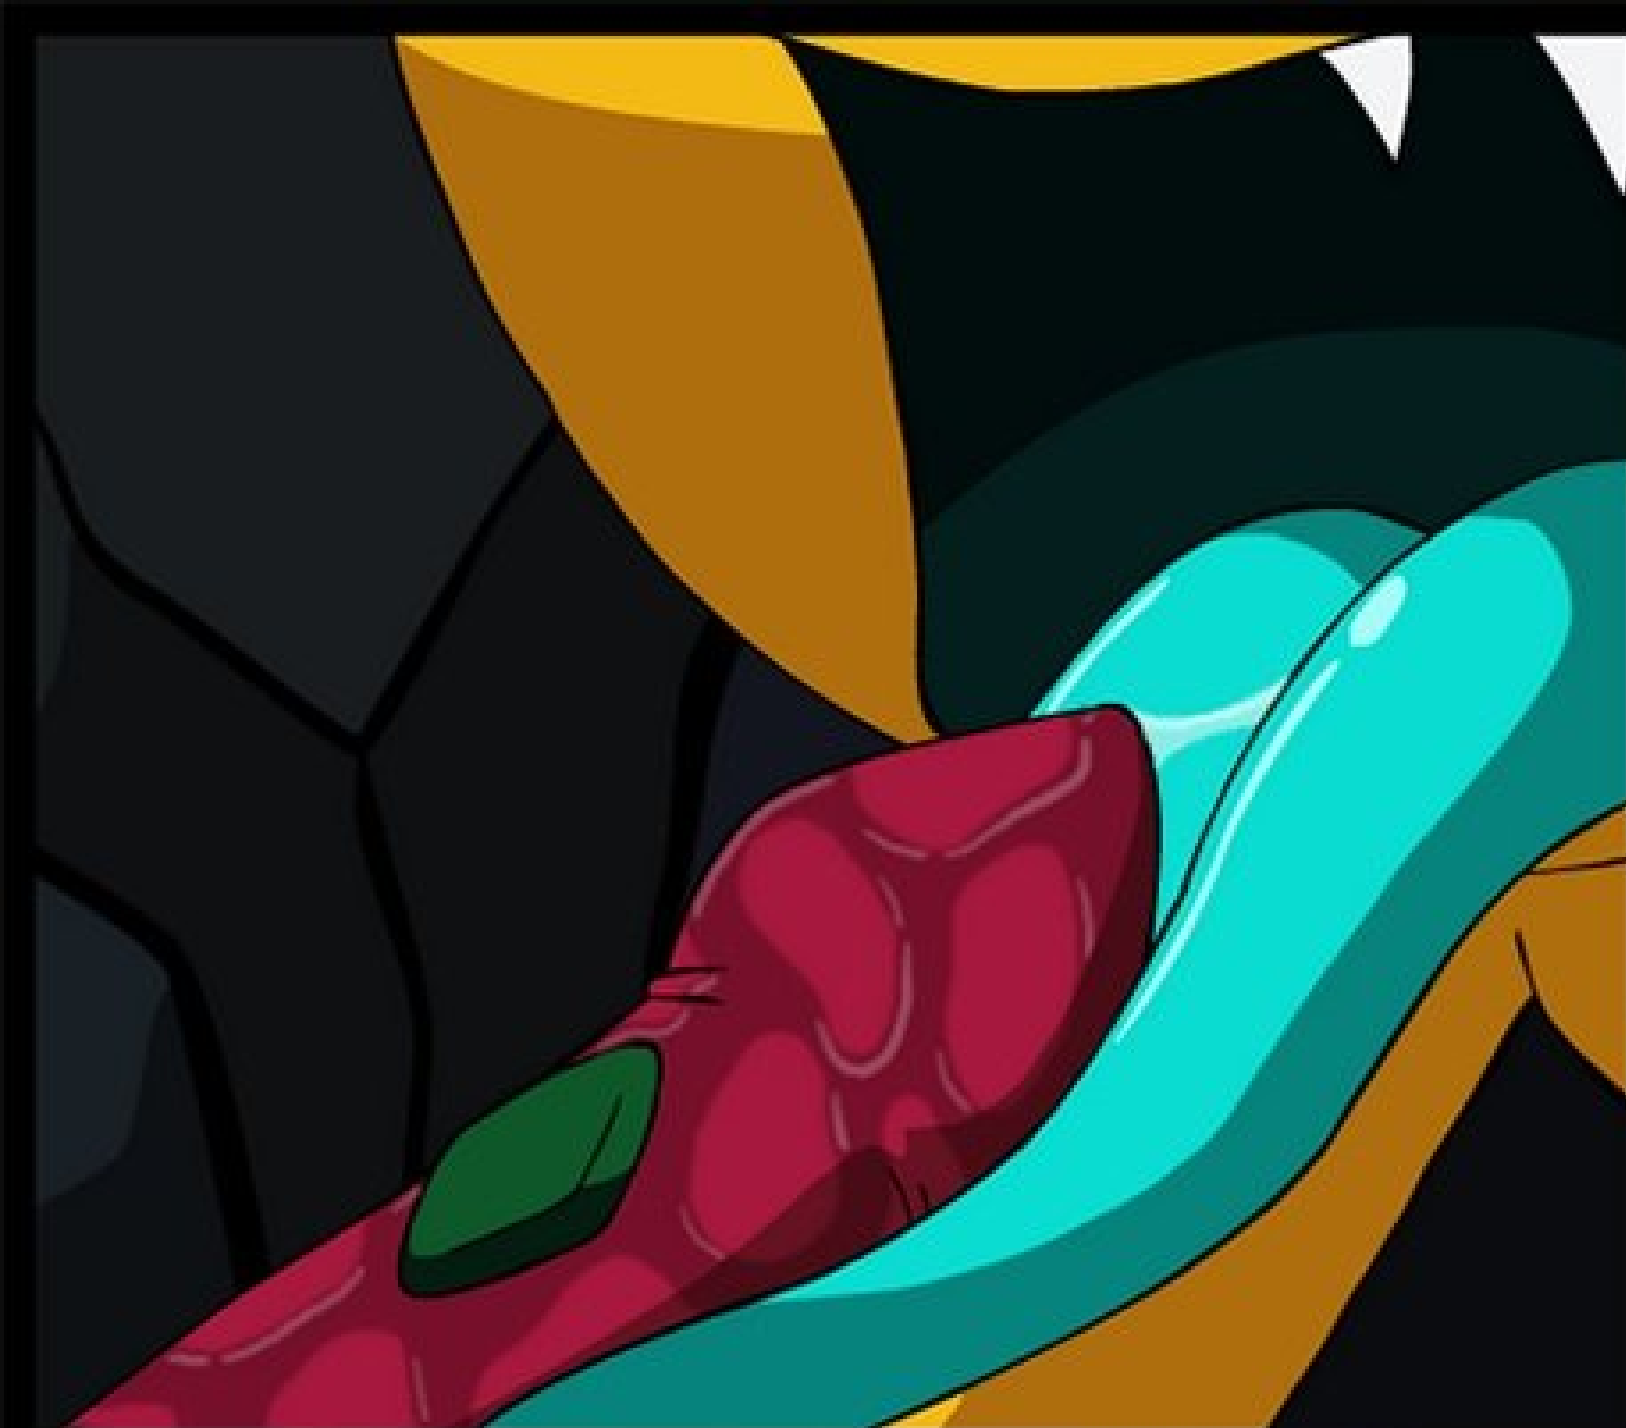

(It helps if you don't let your mind go completely blank. Don't let yourself get lost in the feeling. Think about something that turns you off, even.)

(Makes sense.)

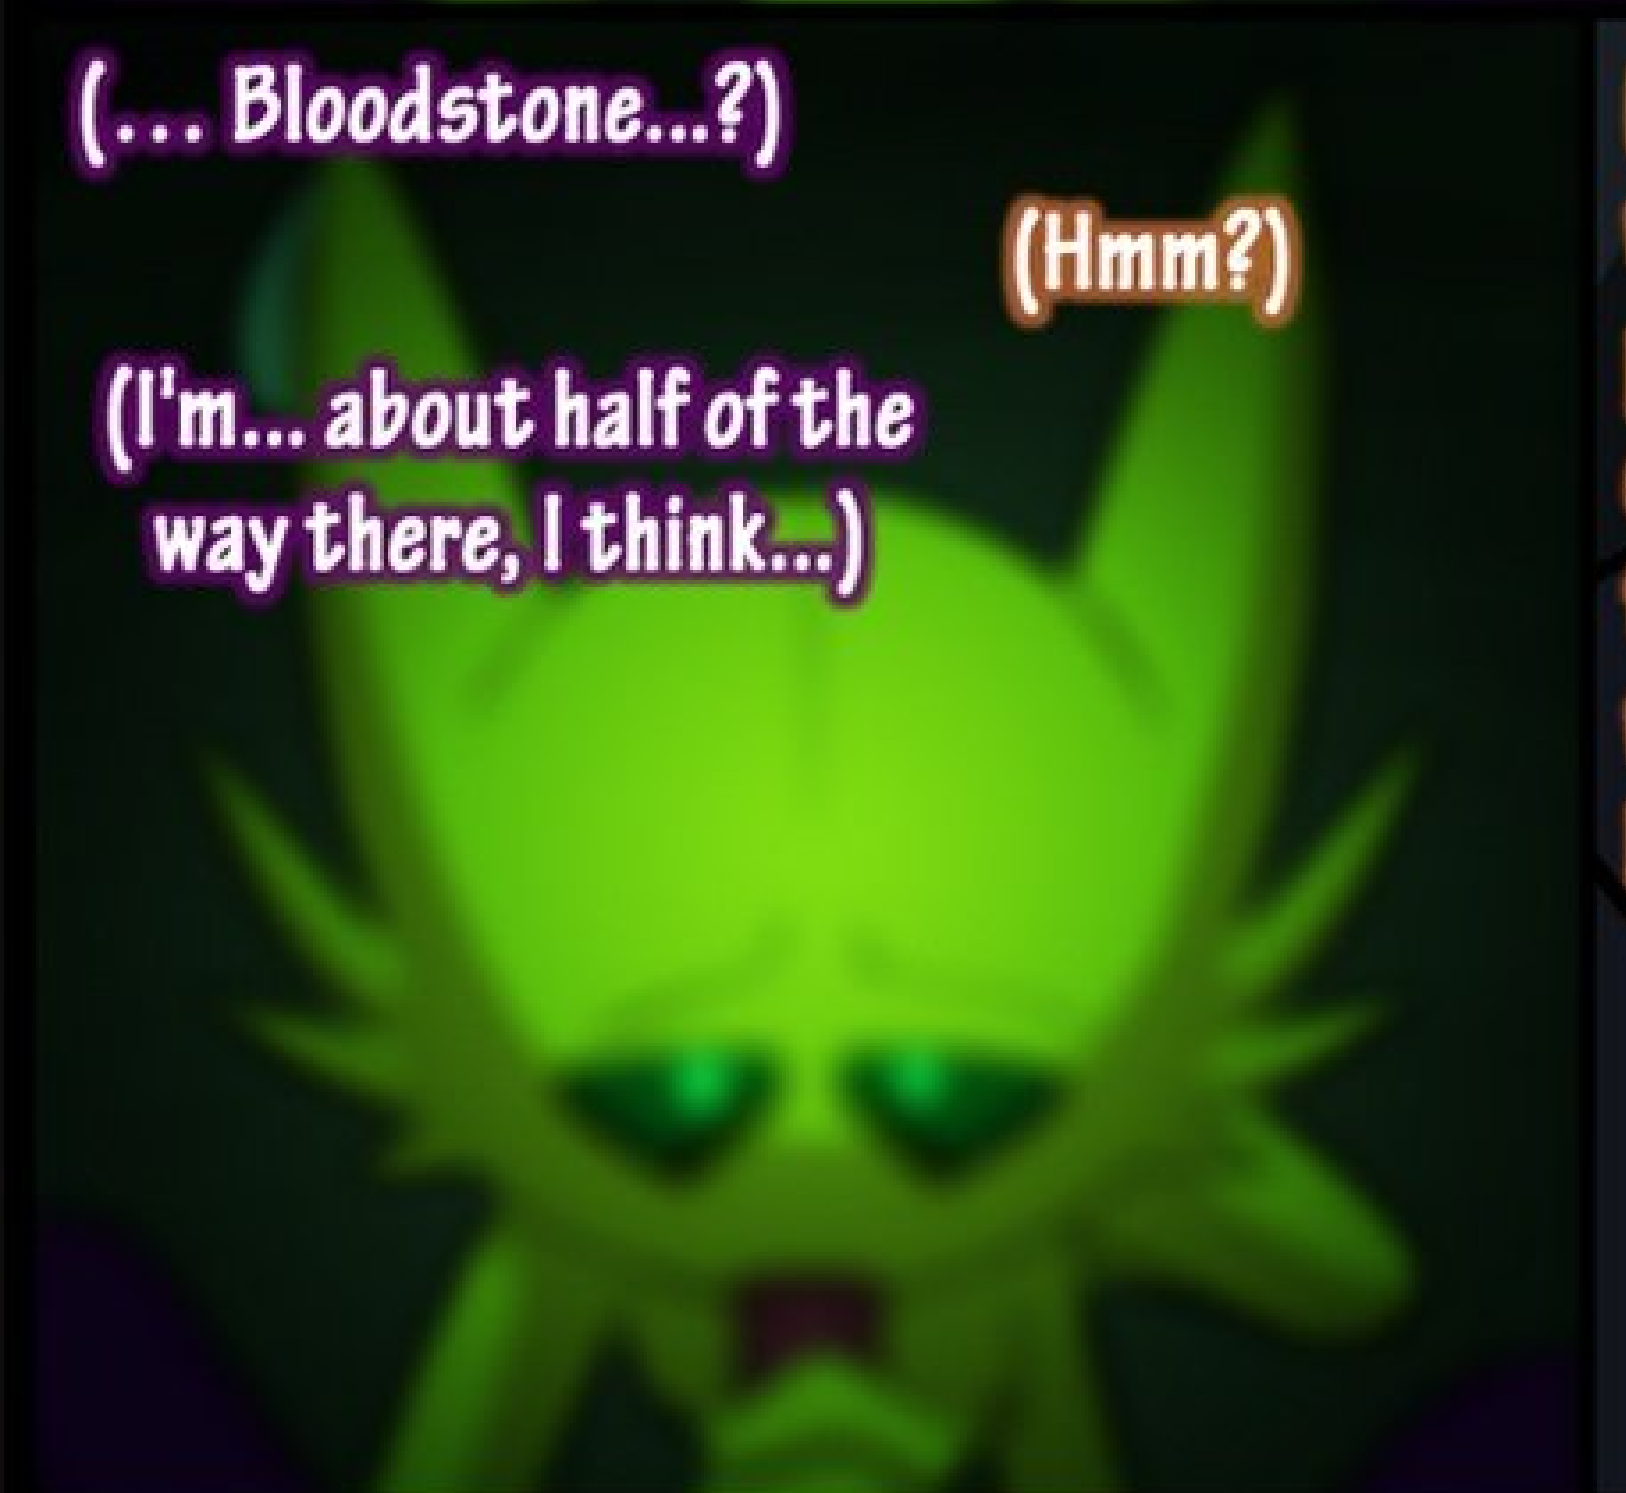

(It doesn't work as well as, say, a ring, or a pill, but for now we'll just have to make do. Warn me if you start getting very far along, okay?)

(Okay.)

(Nngh...)

Don't focus on it... Think about something else... Something you hate... Diamonds, Fairy types, genwunners, tall people... shinies... tall people..... fuck, this feels so good...!

(... Bloodstone...?)

(Hmm?)

(I'm... about half of the way there, I think...)

(You might want to pinch yourself or something, then, 'cause you won't want this to be over soon.)

(Agh, fuck, now what?)

(Ever tried anal?)

(Well, no...)

(Ever wanted to~?)

(Aww, Gem, I'm hurt. Are you saying my ass isn't every bit as good as a woman's ass?)

(Not with you.)

(How would I know? I can barely see it.)

(Right, I almost forgot.)

(Try touching it then. Go ahead, prove me wrong.)

(This is a woman's ass.)

(You'd think so, huh?)

(Anyway, you should be lubed up enough now. Get in.)

(... Do I have to?)

(I sucked your dick. Twice. Get in.)

groan (Fine...)

(Don't be too rough with me... Contrary to popular belief, I don't do this enough to get very loose.)

(If you say so...)

(Arceus, you're thick... Okay, don't move just yet.)

(Does it hurt?)

(Kinda, yeah...)

(Good.)

(Hey!)

clench

(That wasn't fair.)

(Life's a bitch and then you die and
then death's a bitch too.)

(Alright, you can move now.)

(Hhmmn...)

(So, how is it?)

(It's... not as good as—augh—a vagina, but not bad. I liked the blowjob more, though...)

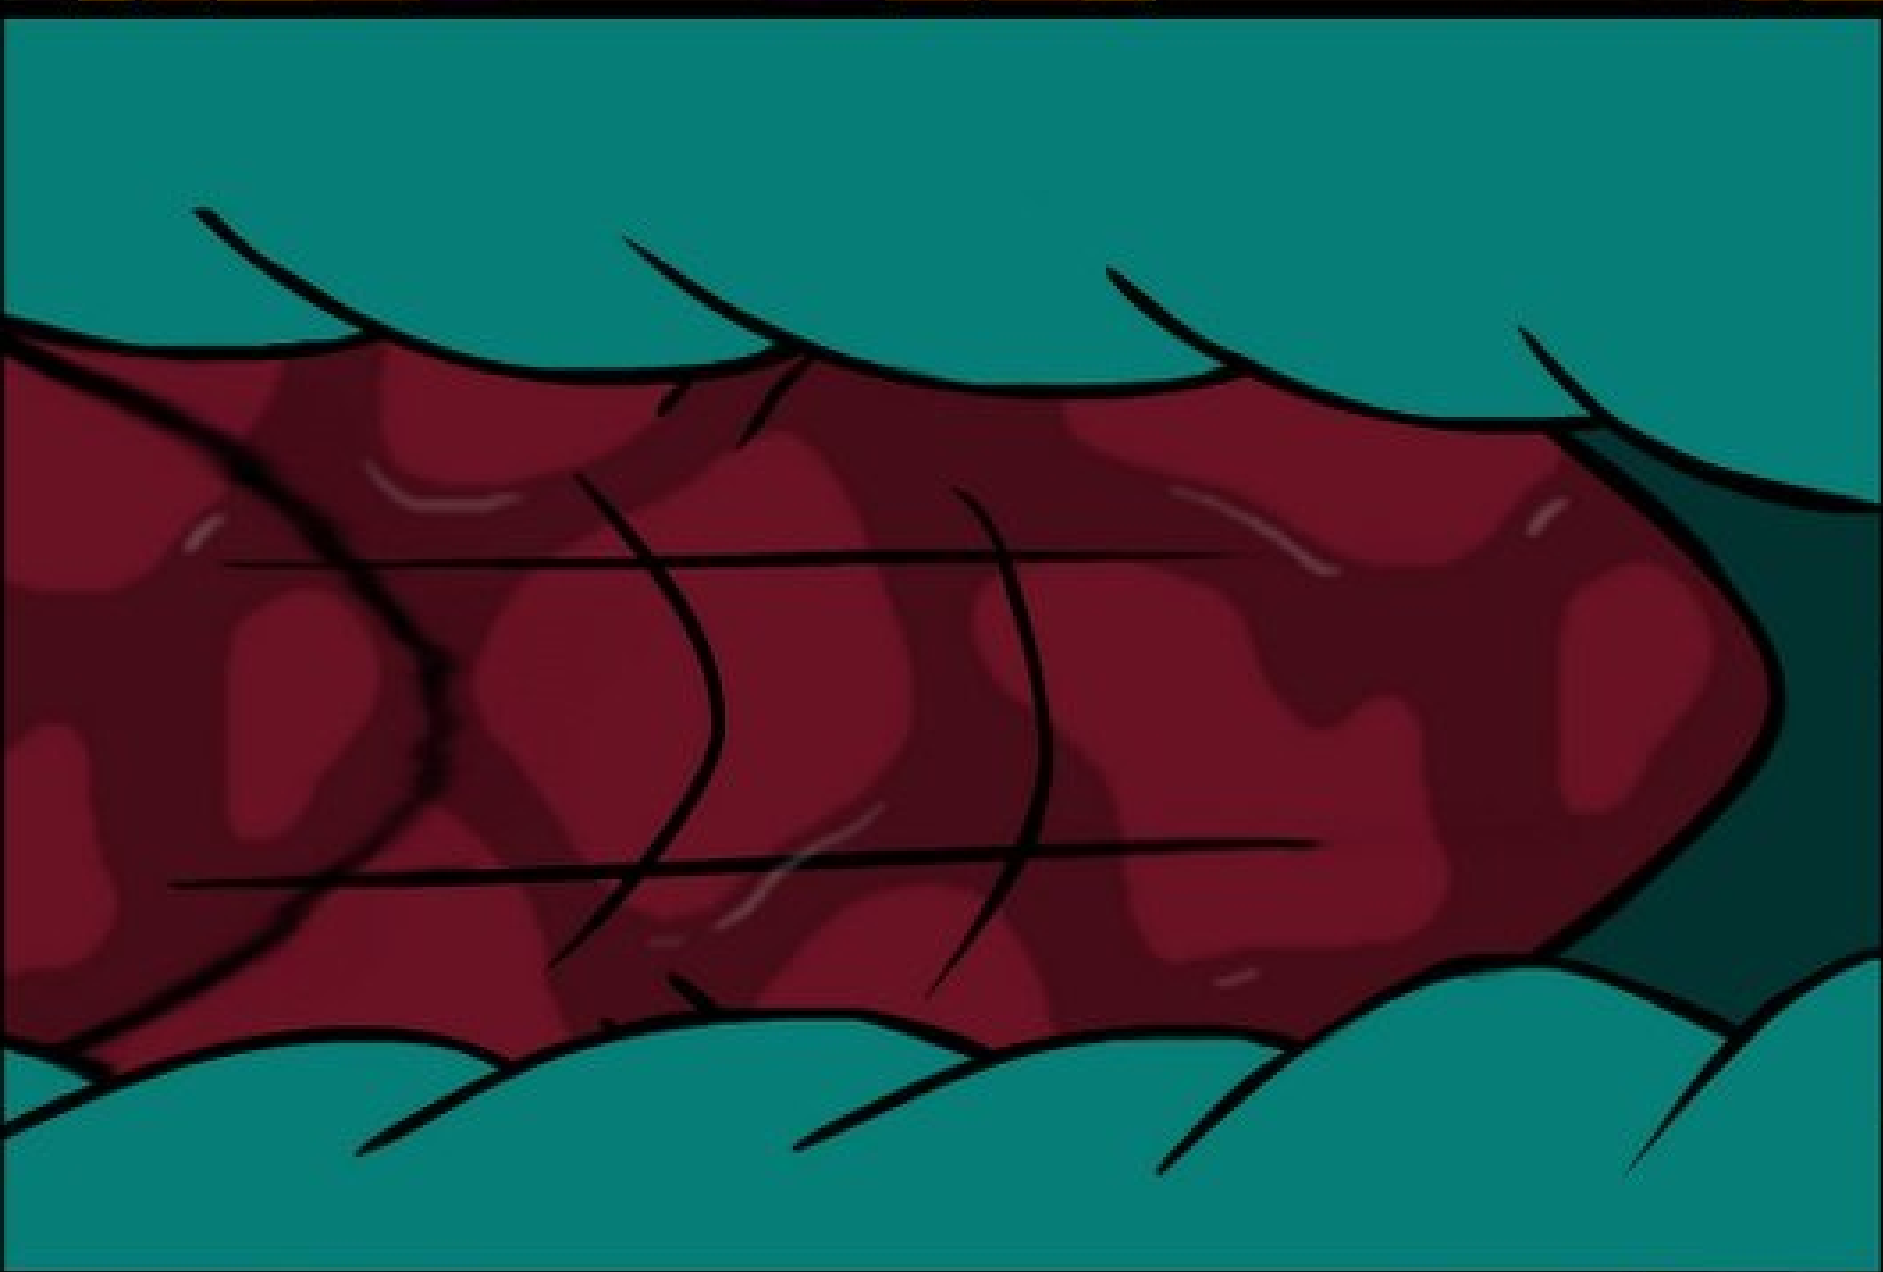

(I get that a lot.)

(You can pick up the pace a little,
if you're holding up okay--)

(--Fff!--)

slap

slap

(Nnf... That's better...)

(Hhnn...!)

If I'm not careful, I might actually cum first.

He's hit the right spot a few times...

Not that I'd mind too much at this point.

(Nnnggh!)

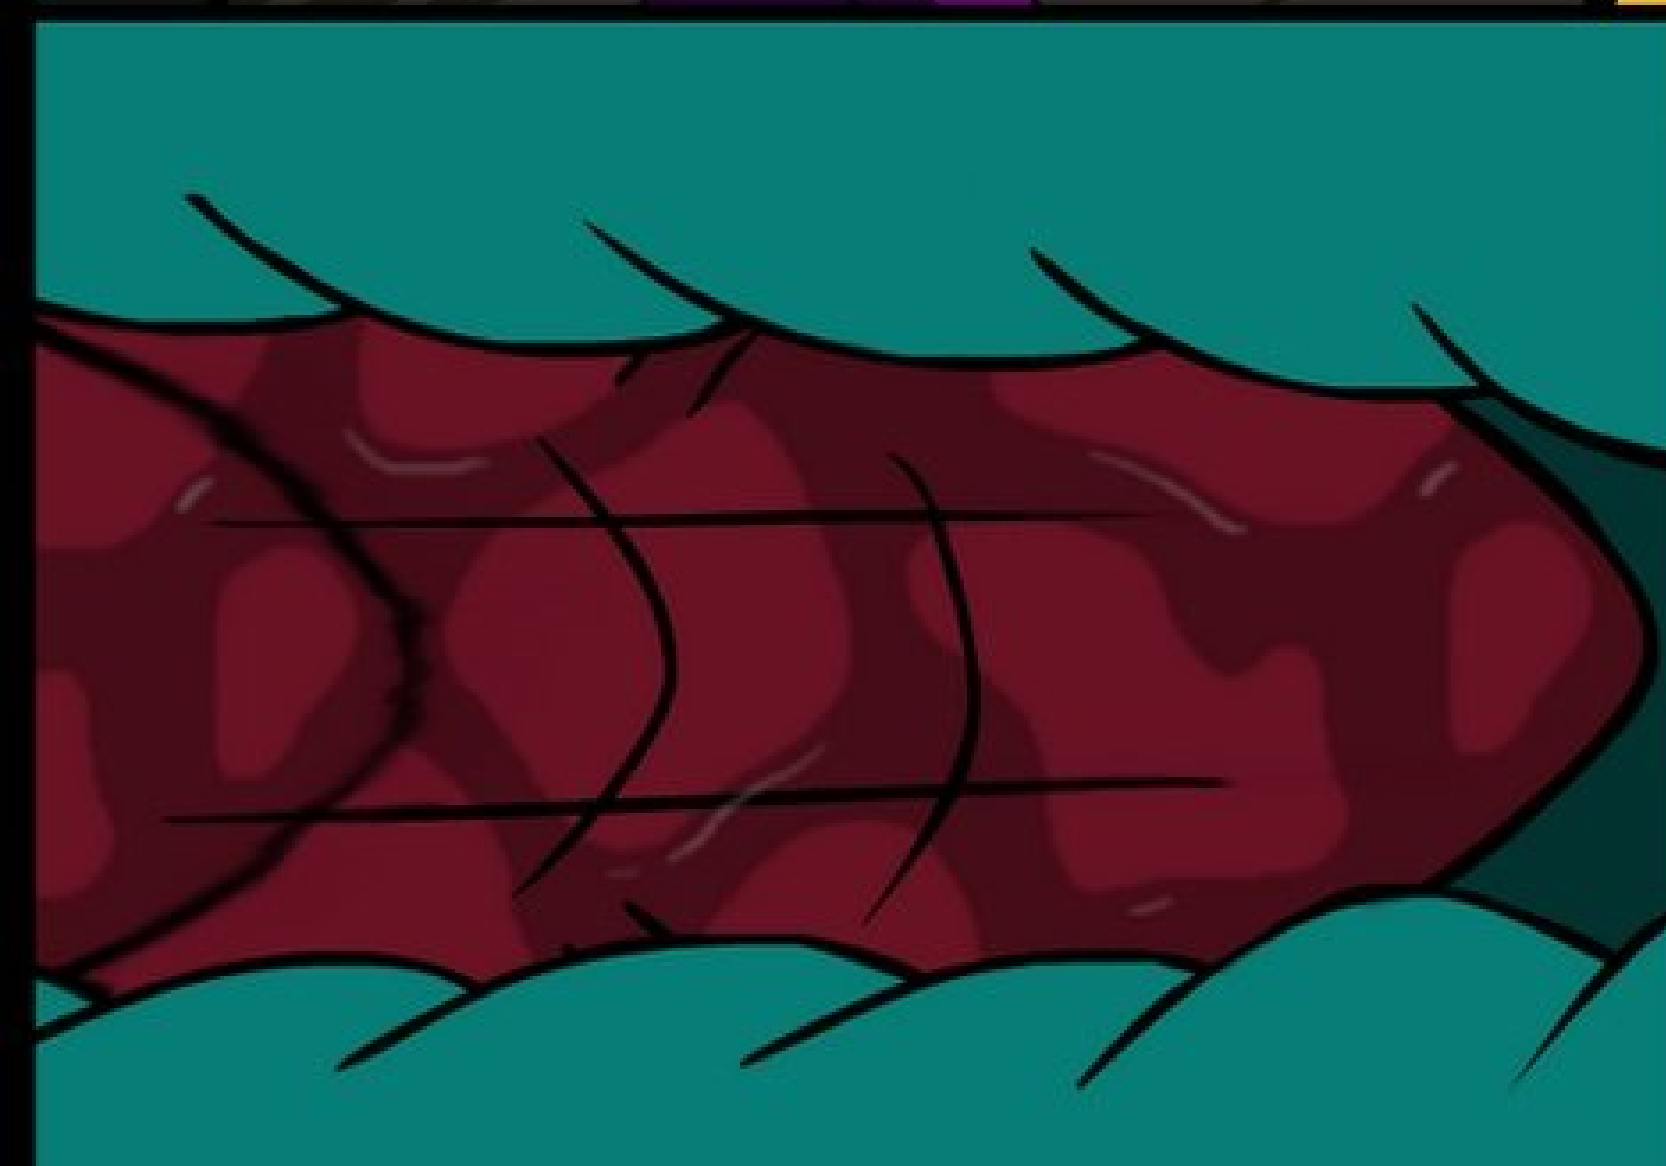

Fuck, he keeps squeezing me...!

(Aahhnn...)

(I'm—*aahhh*—I'm gonna cum...!)

(Do it inside!)

Arceus, I love it when they do that...!

(Fuck, that wore me out...)

(You and me both, short stack...)

(... Man-whore.)

(Shrimpboat.)

(Princess.)

(Ankle-biter.)

(I'm too tired for this... I'm gonna go to sleep.
We're close to getting out of here anyway.
I can finish digging tomorrow.)

(Sounds like a plan...)

(See you tomo—)

DAY 4

(Finally... Thanks.)

(Don't worry about i—)

(I'm gonna miss you, Gem.
Even if you are still angry with me.)

(You're my brother, and I love you.)

(I just... I don't know... I'm sorry.)

(You have no idea how long I've wanted
to hear you say that.)

(And... No one has to know what happened.)

(Fuck no they don't!)

(We don't ever have to
do it again, either.)

(... Well, we don't... *have* to, but...)

(... You're not saying...?)

(I mean... I'm still probably not gonna get
anything from Chillie for a while with Jewel
taking up so much of our energy, so...
Maybe if you wouldn't mind...?)

(... Did I just turn you?)

(No!)

(I totally just turned you.)

(Bullshit!)

(Your mouth says "no," but
your dick says "please.")

(Arceus damn you, Bloodstone...)
