

YEAH!

Is everyone ready to get this show on the road!!??

Teehehe I don't even have to try to charm these horny fuckers.

WOOHOO!

Let me explain the rules very briefly. Our teams send one person to the ring to face another person from the other team.

The goal is quite simple. Just make one of your opponents cum to win.

Of course since this is a tag team tournament, feel free to tag in your partner to take over at any time by touching them.

Remember that kicking, punching or other excessive violence is not allowed so let's keep it clean, okay?

Now without further ado, our first contestants may enter the ring!

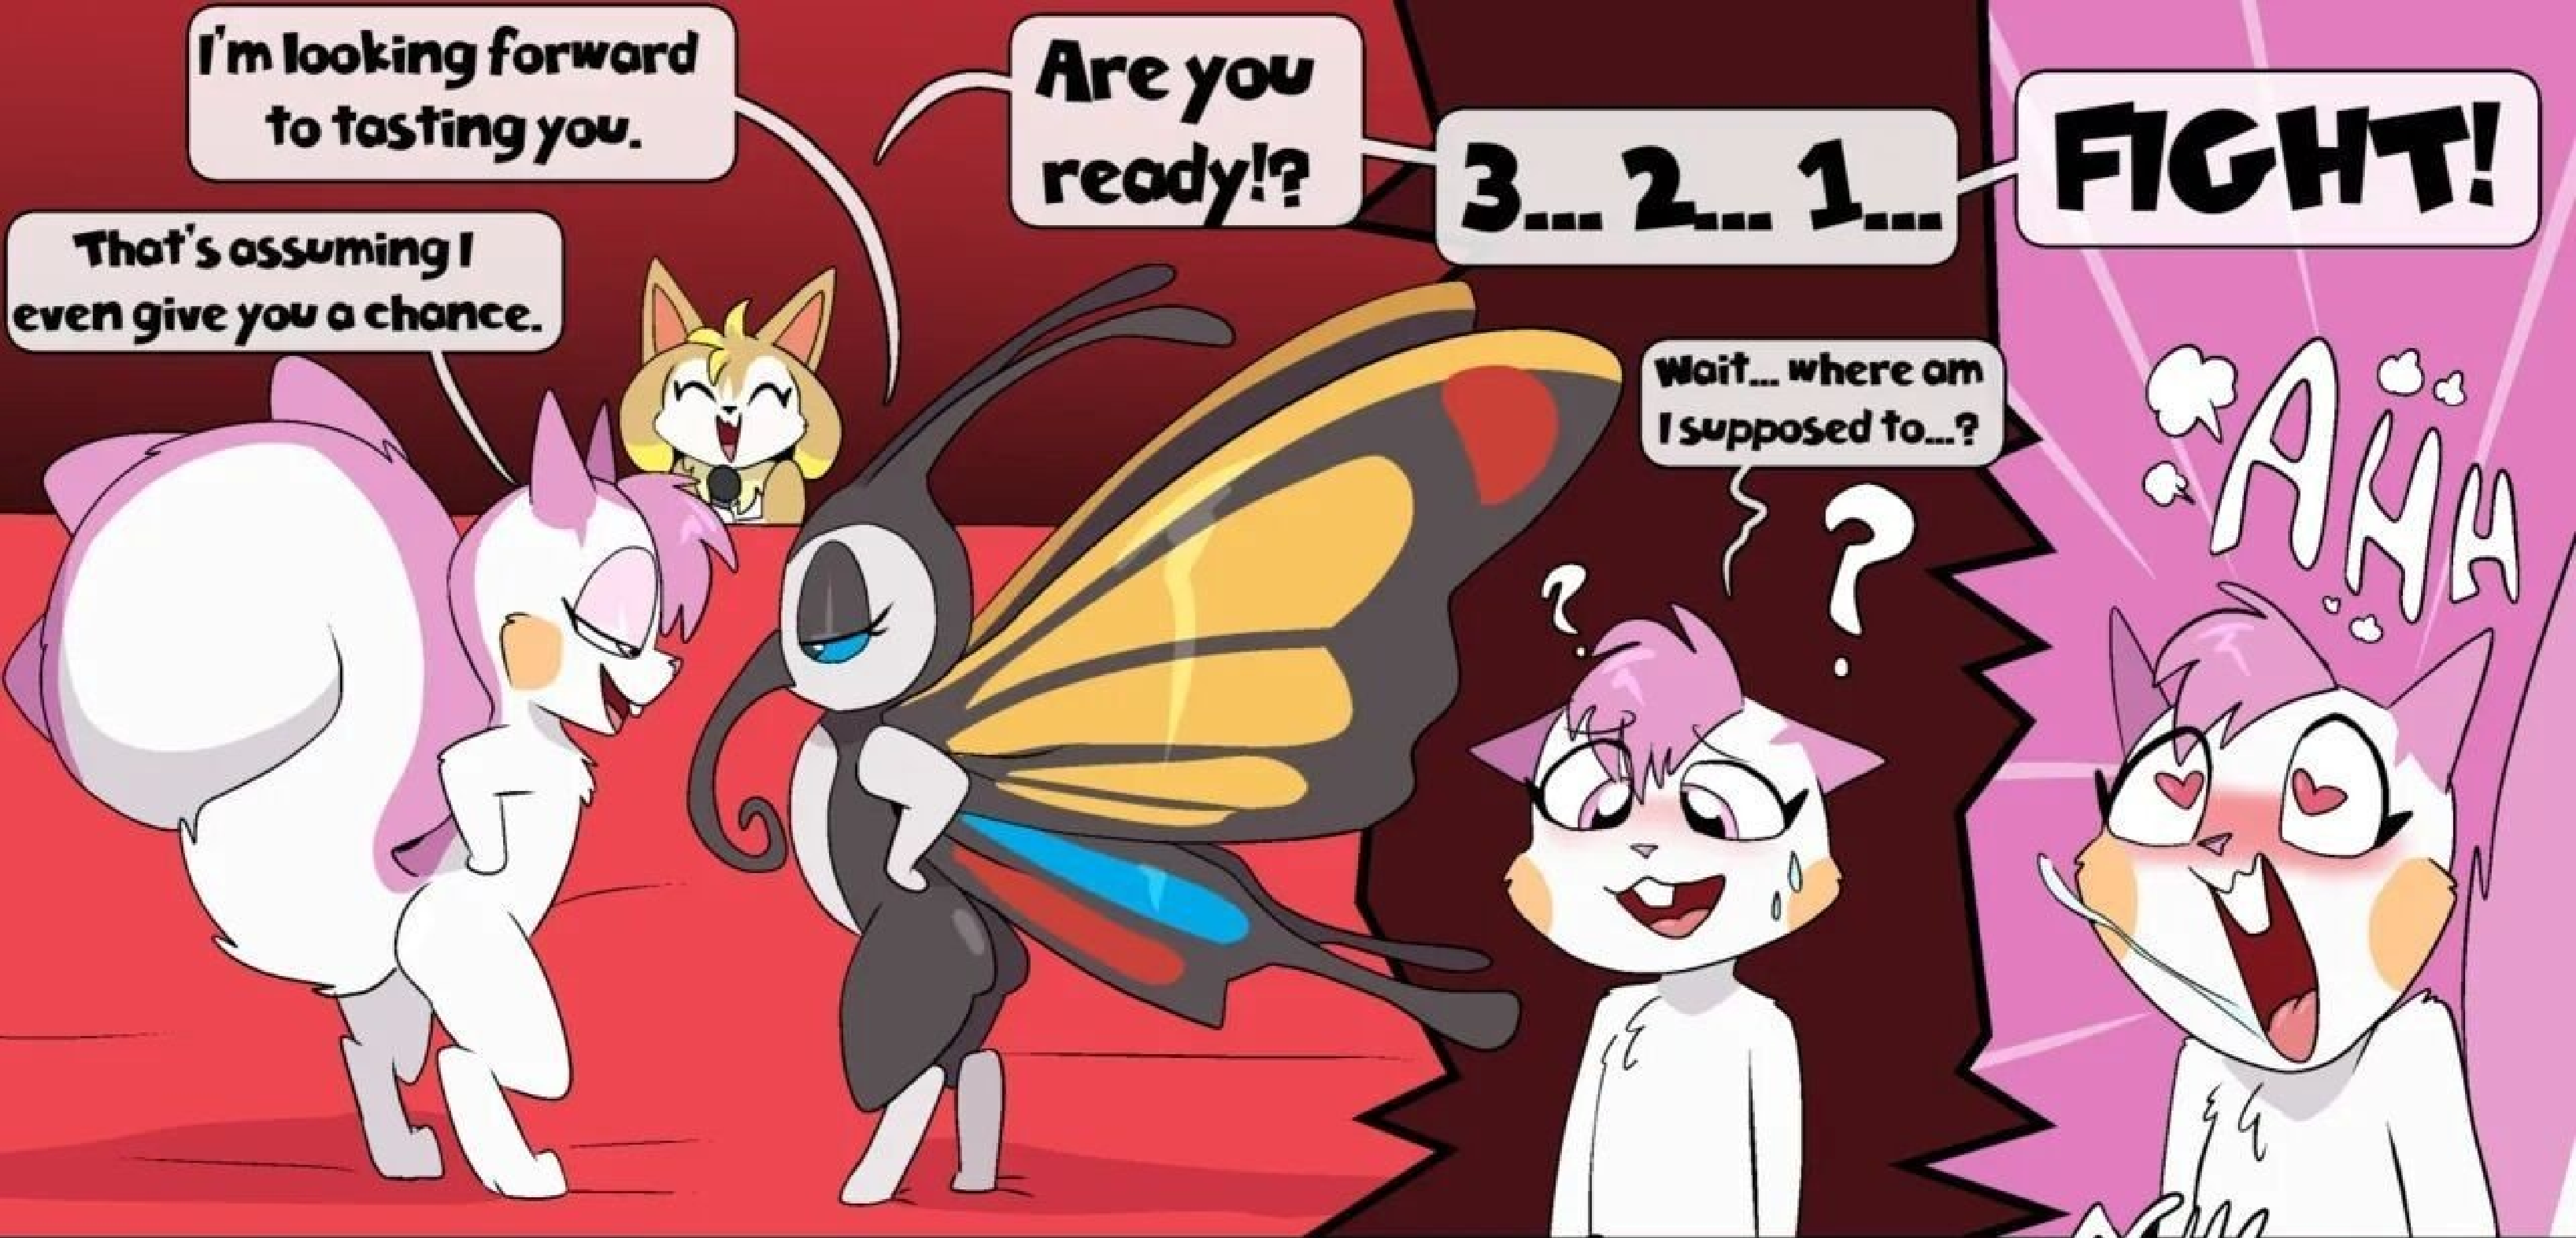

Mind if I handle this?

Sure thing. This was your idea after all.

Aaw you get to be with her. She is a real cutie.

Ooh don't worry I'll save some for you too.

Hehehe!

Looks like we have a winner!

We recognize both our contestants came here, but cumming after your opponent is fair game!

You really pulled through there!

Well you did good too for hanging in there. I don't think I'd have been able to take that assault if I was in your shoes.

I'm so sorry.

I just wasn't able to finish her off.

Aww that's okay. I'm sure if it was anyone else you'd have had it in the bag.

Though I wouldn't mind if you used that tongue later as an apology.

Hehe!

Sure thing!
