Ambush in the shower

I... dropped
the soap!

Are you trying to be funny?! It's not a male prison.

OR you just want me to let my guard down!

What if you're a man in disguise?! It all makes sense now!

Like hell it makes sense! Do you think I'm hiding a cock in my pocket?!

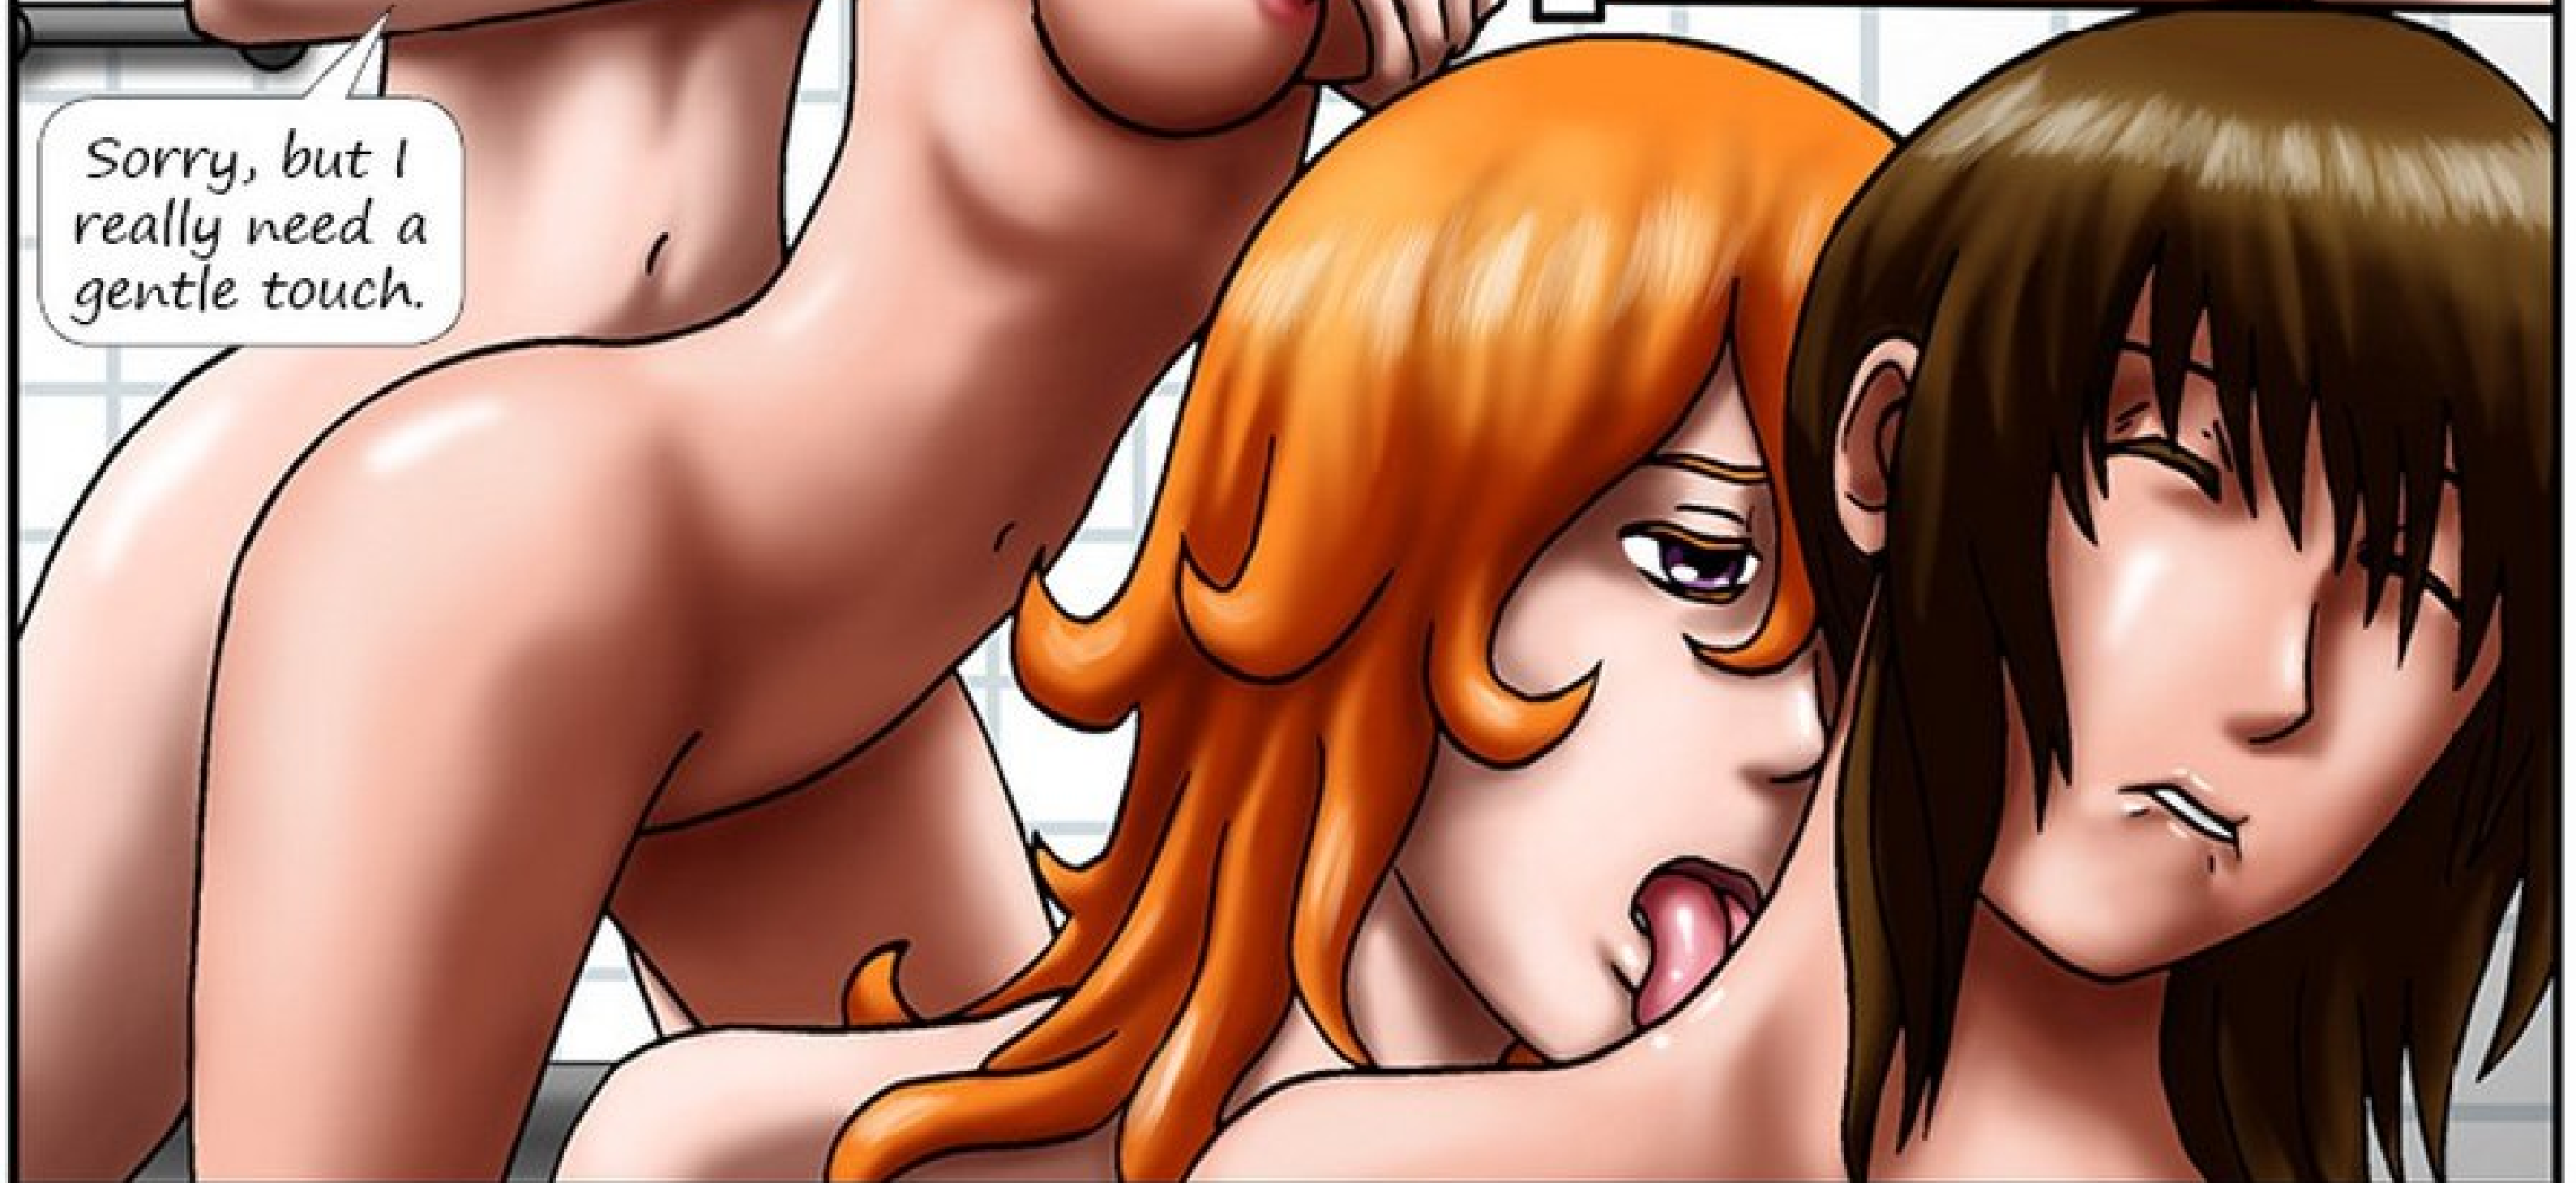

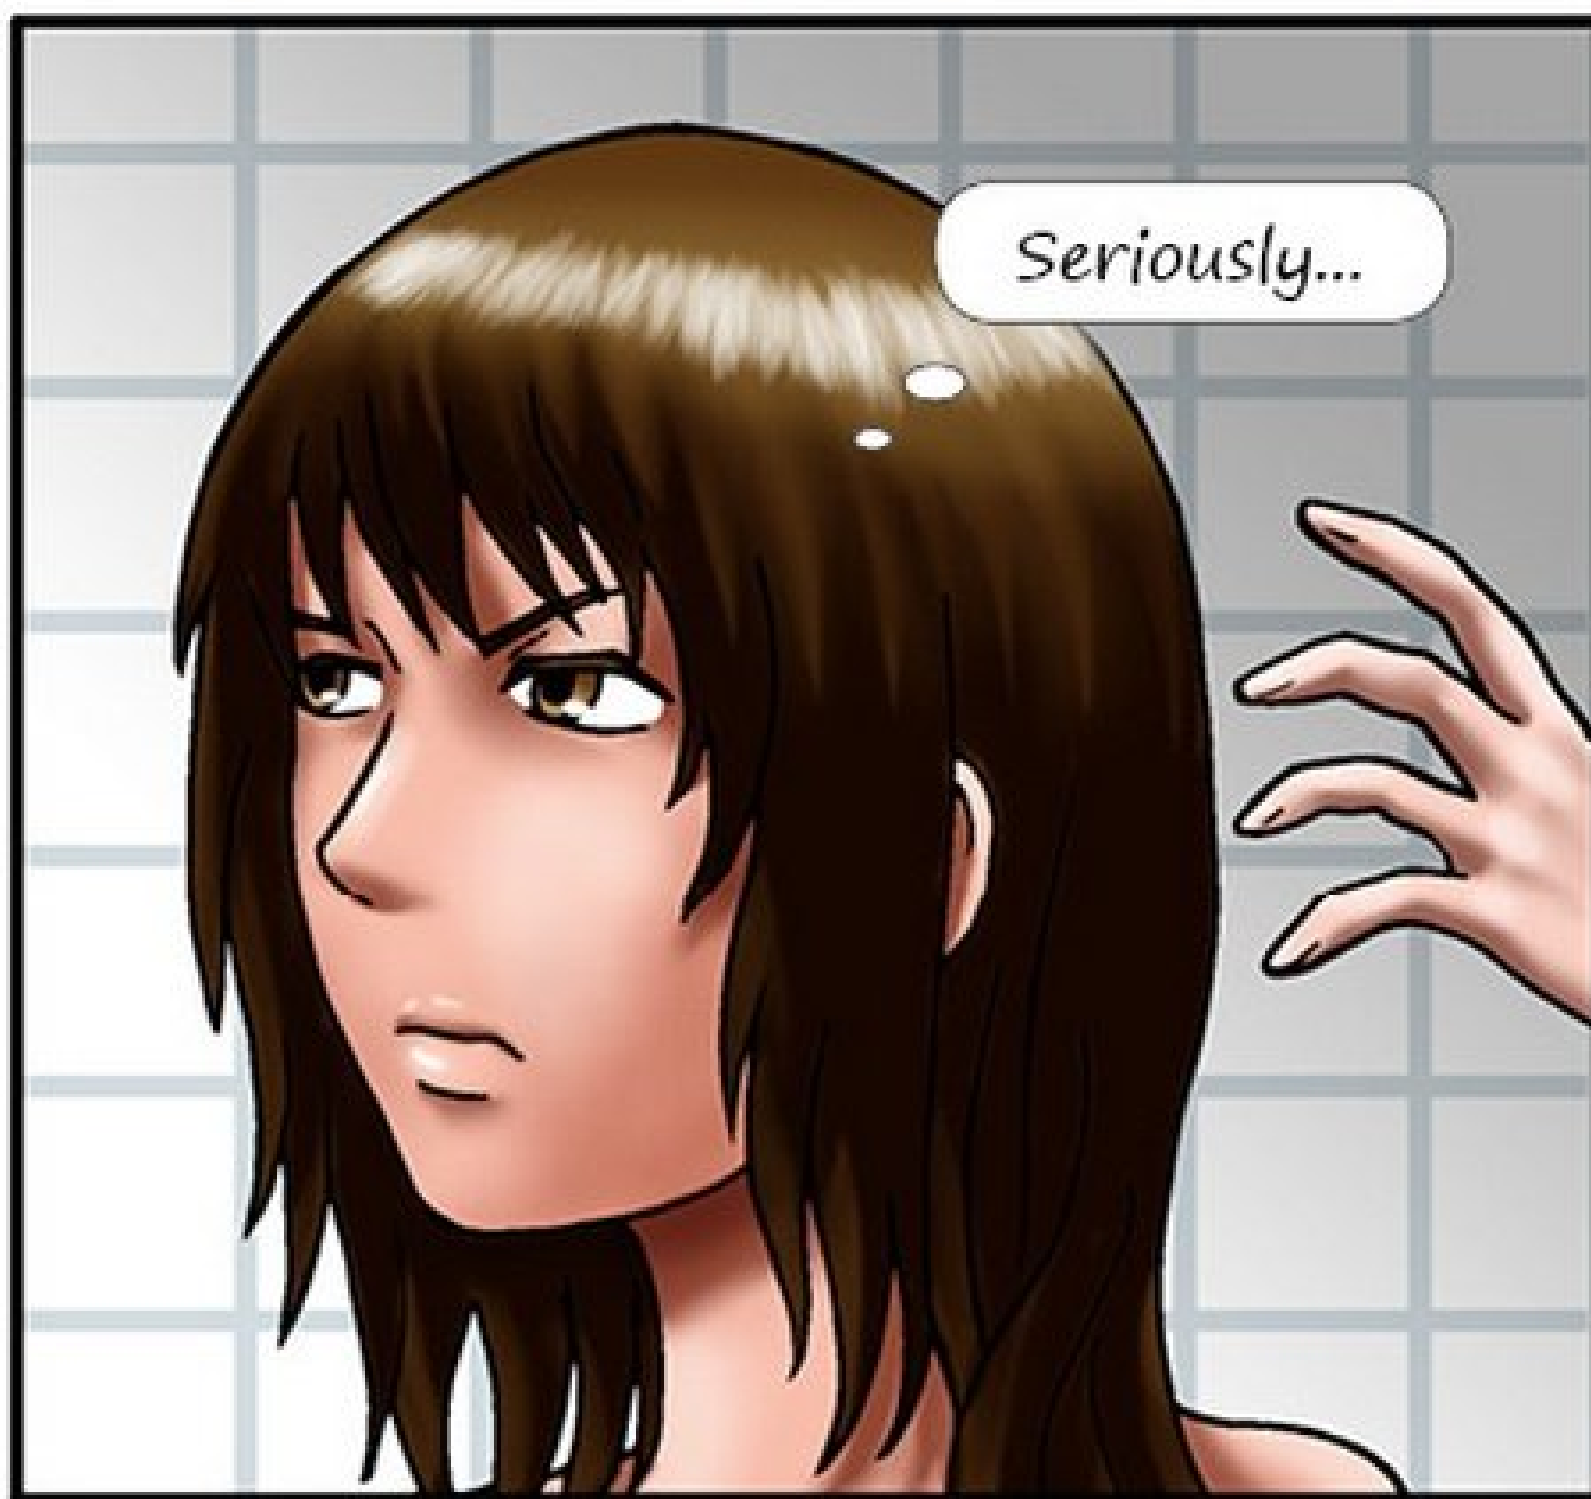

Chill out, it was obviously a joke!

How come you're so good at pissing me off?

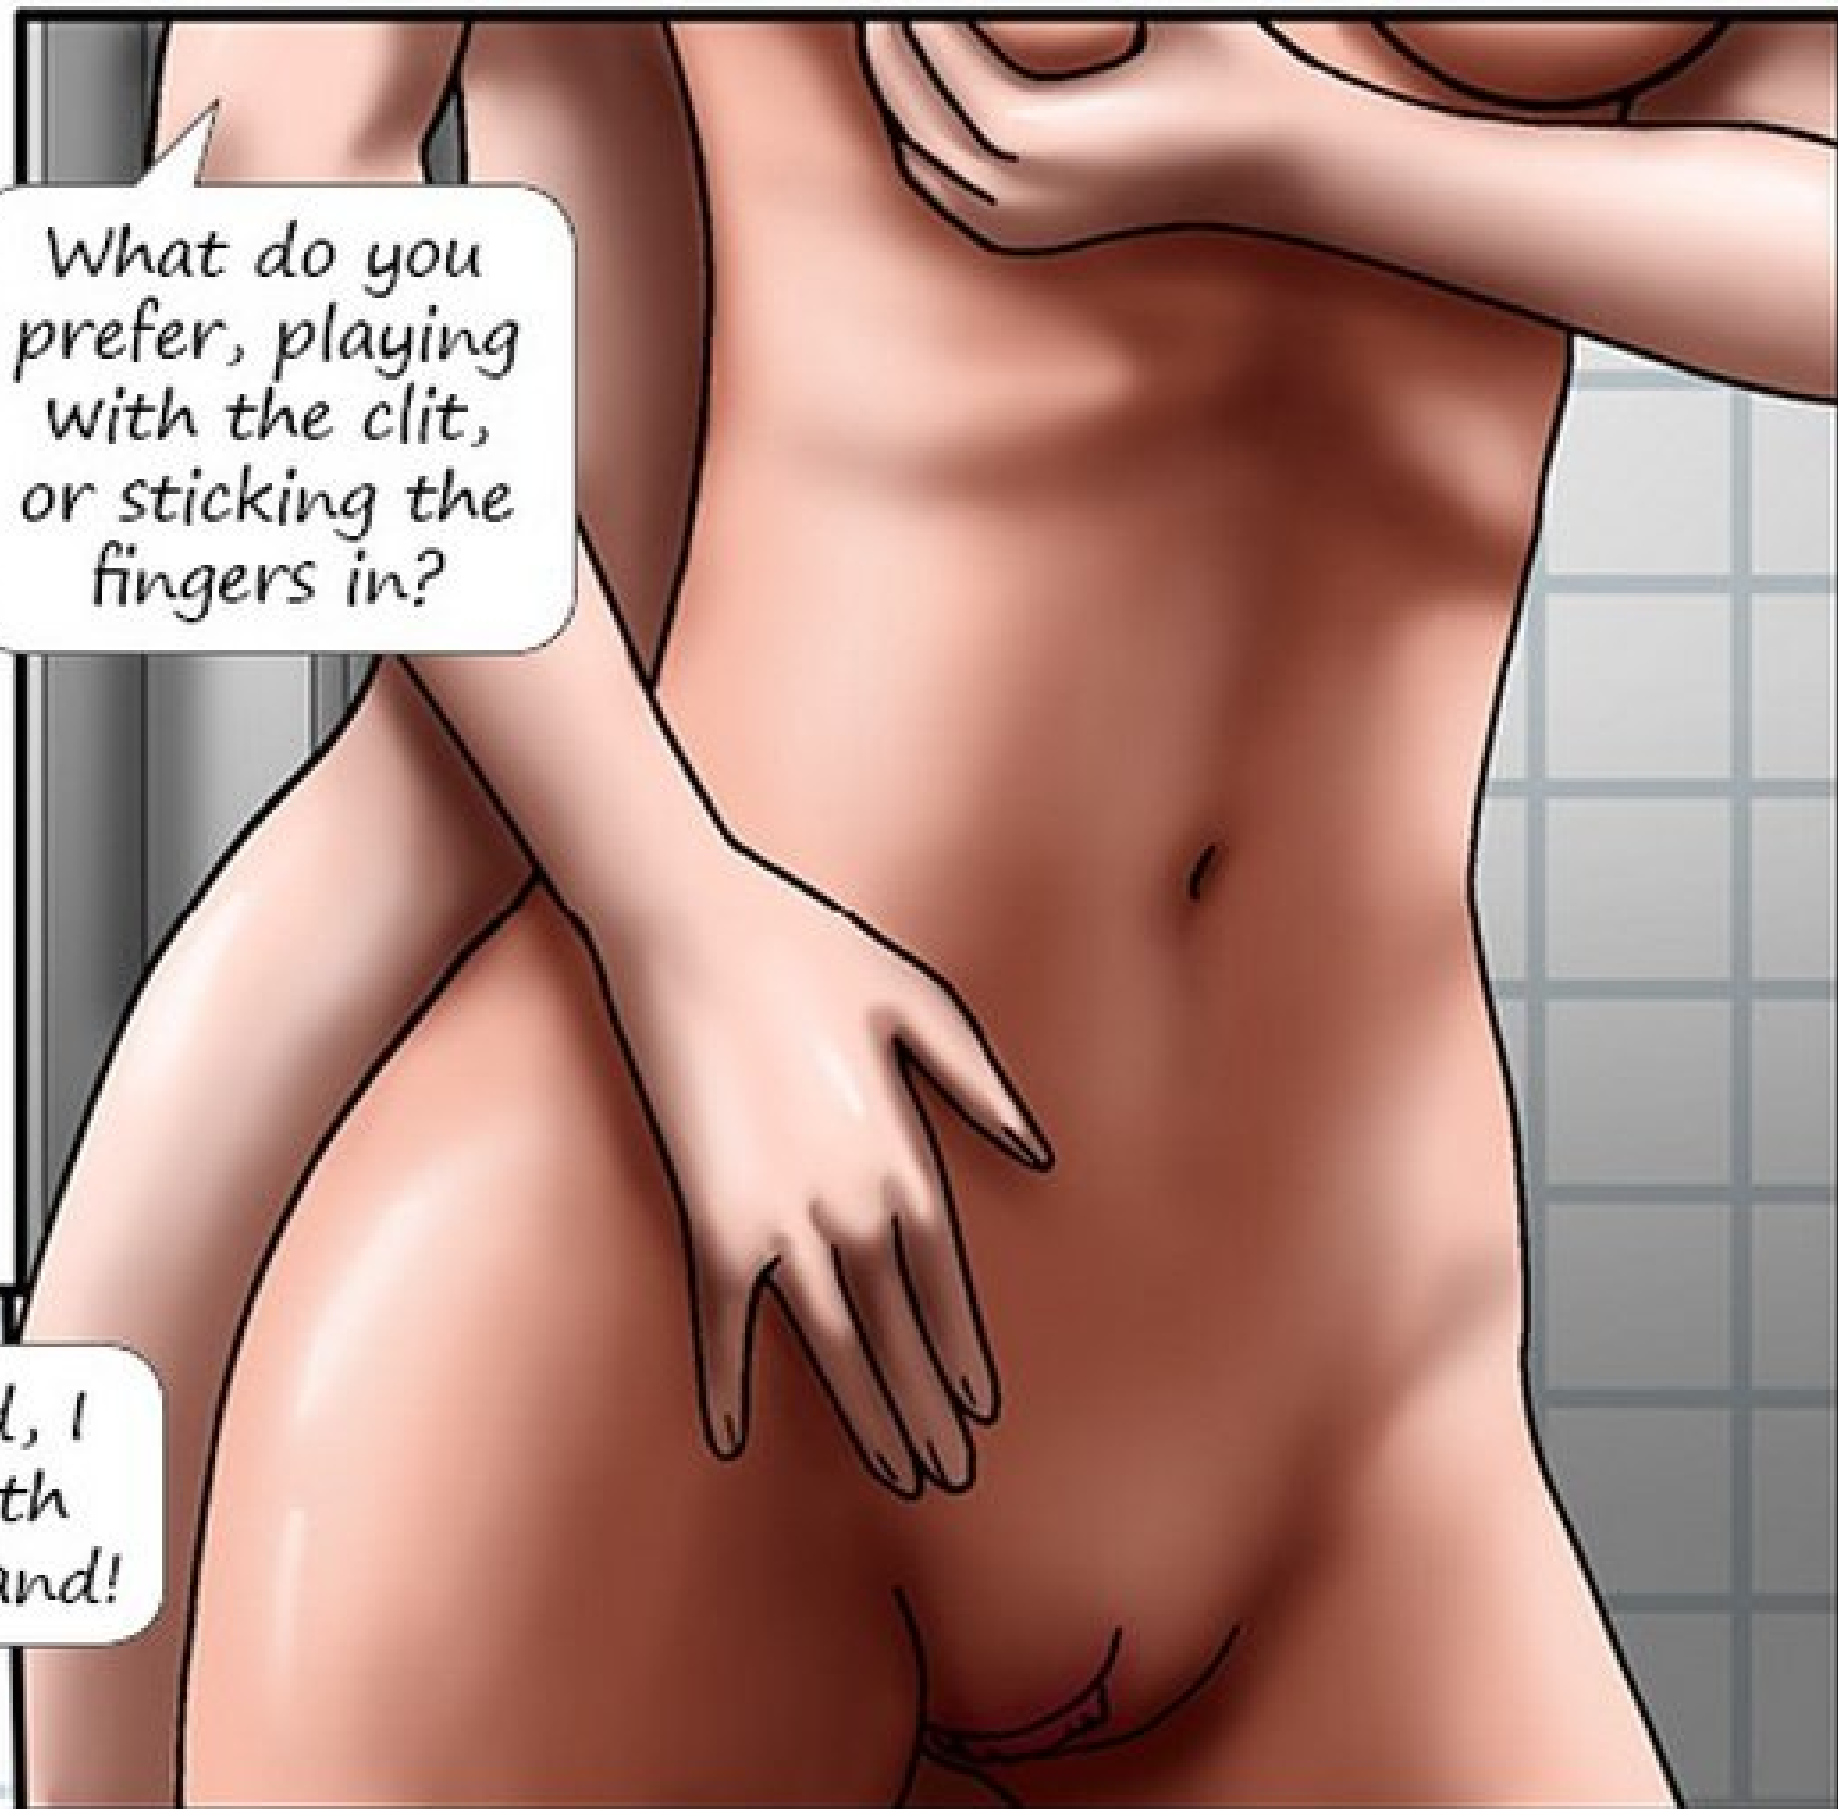

Talent. Relax!

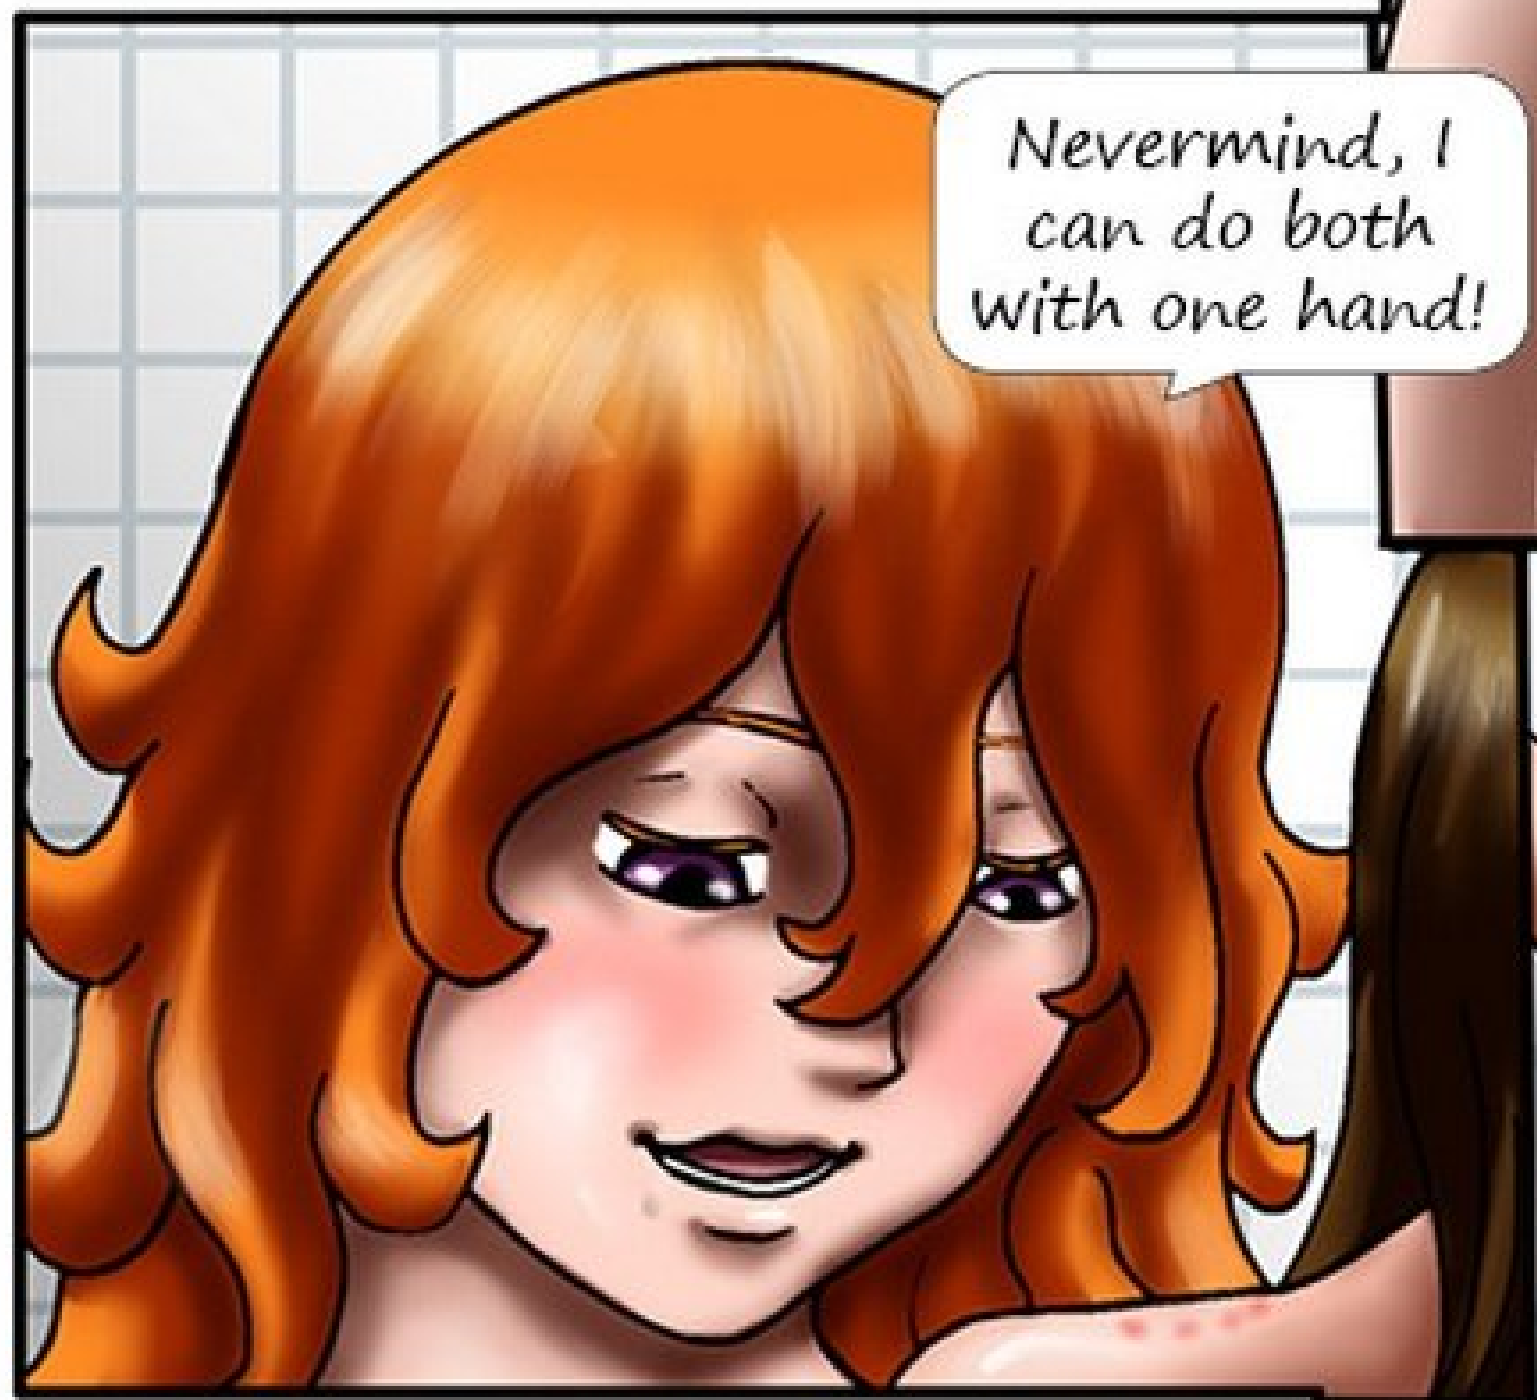

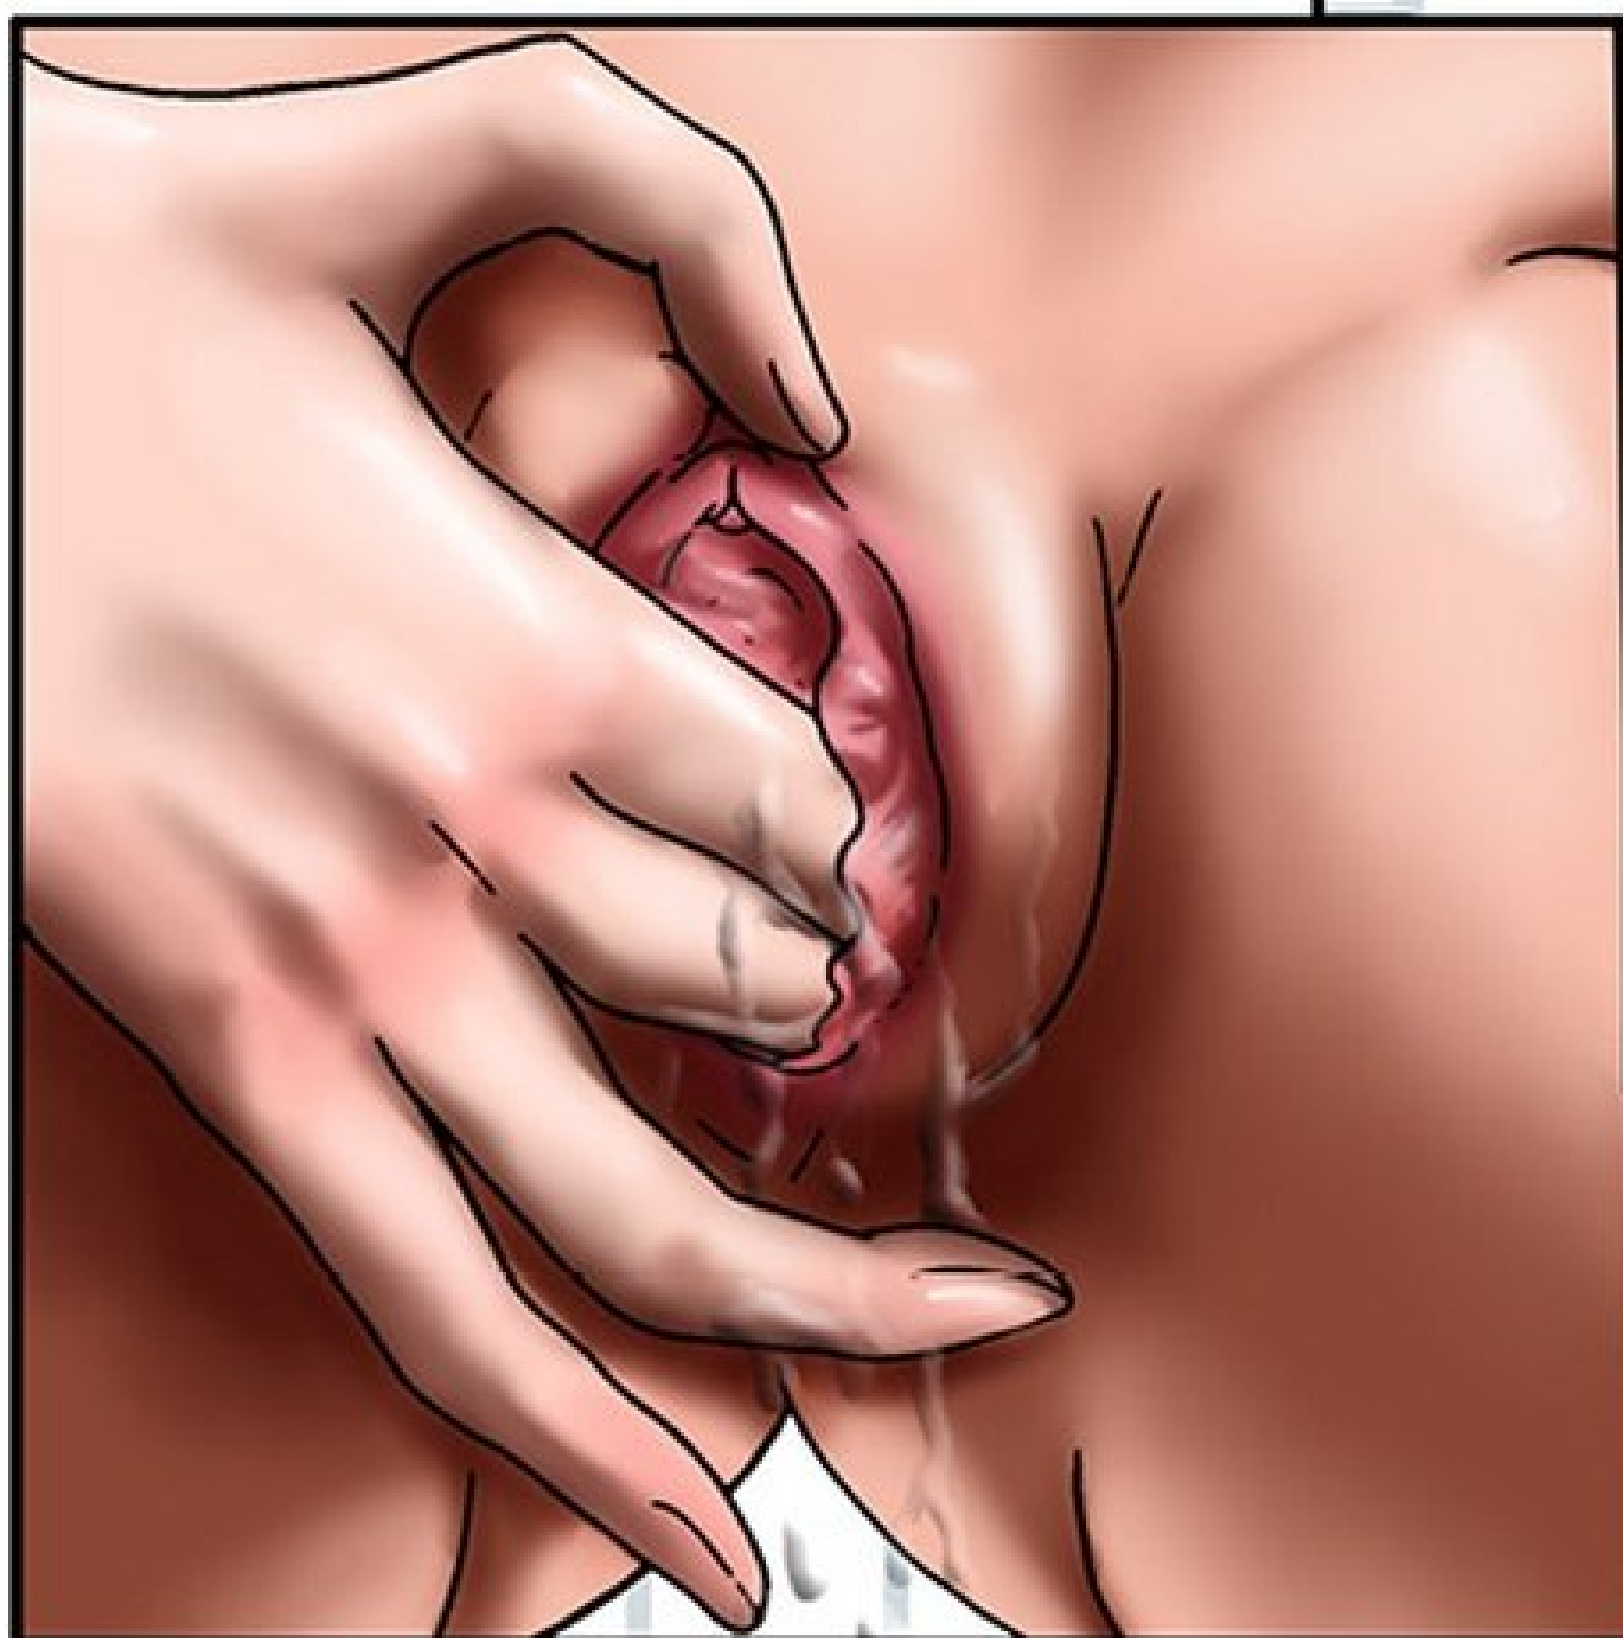

What do you prefer, playing with the clit, or sticking the fingers in?

Nevermind, I can do both with one hand!

I feel that your heart-beat is raising! Come for me!

I know I'm asking a lot and I've been a bit forceful...

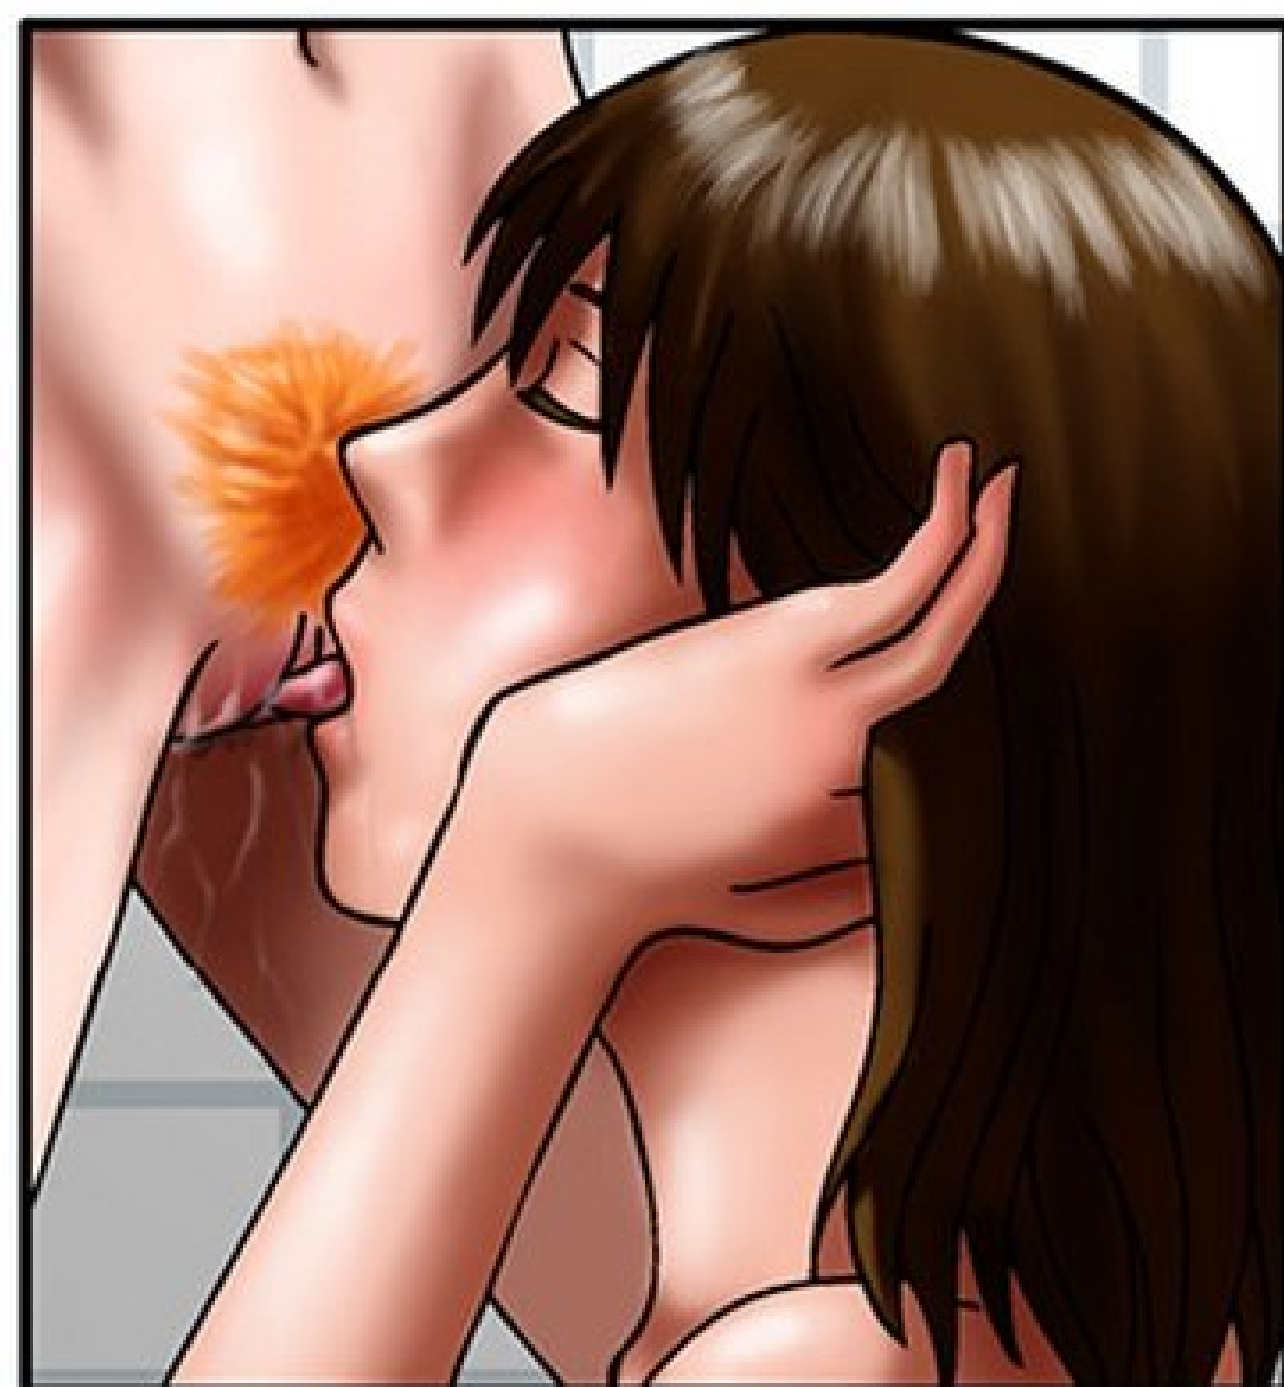

... but would you lick my pussy?

Well, it felt good and she's cute. Worse could happen.

So silky! ..

I was right to choose you!

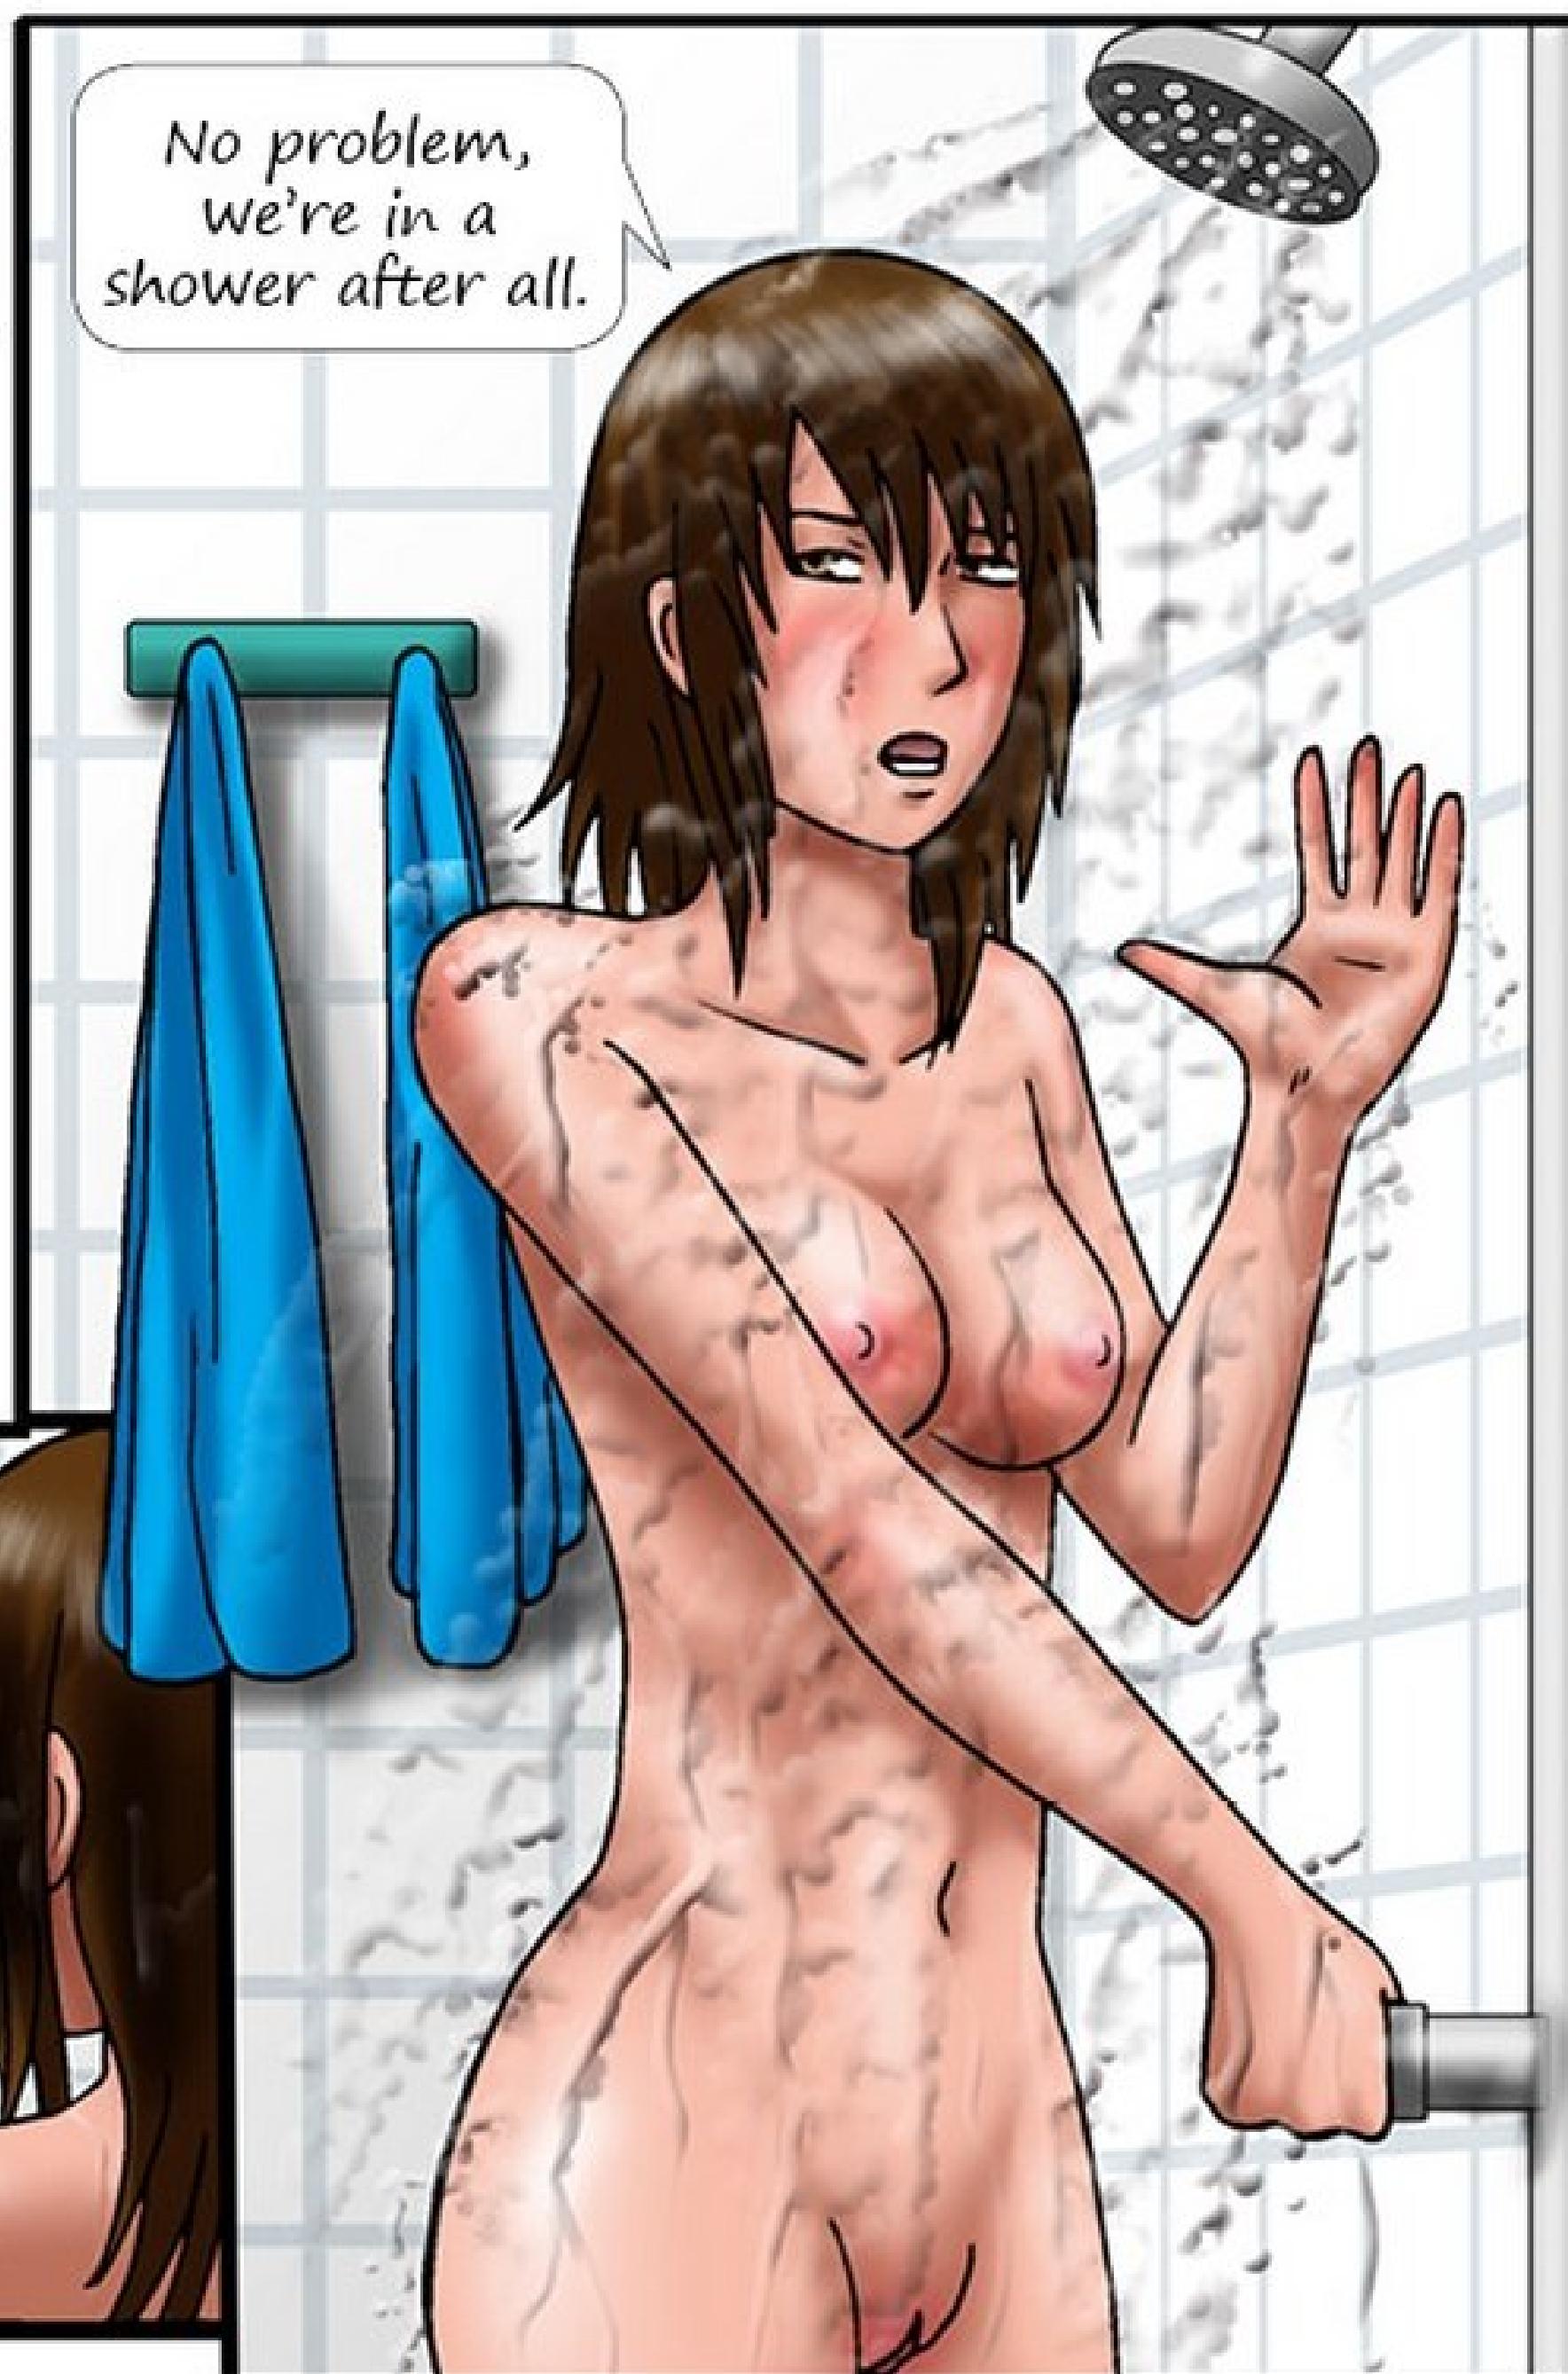

I can't hold it back!

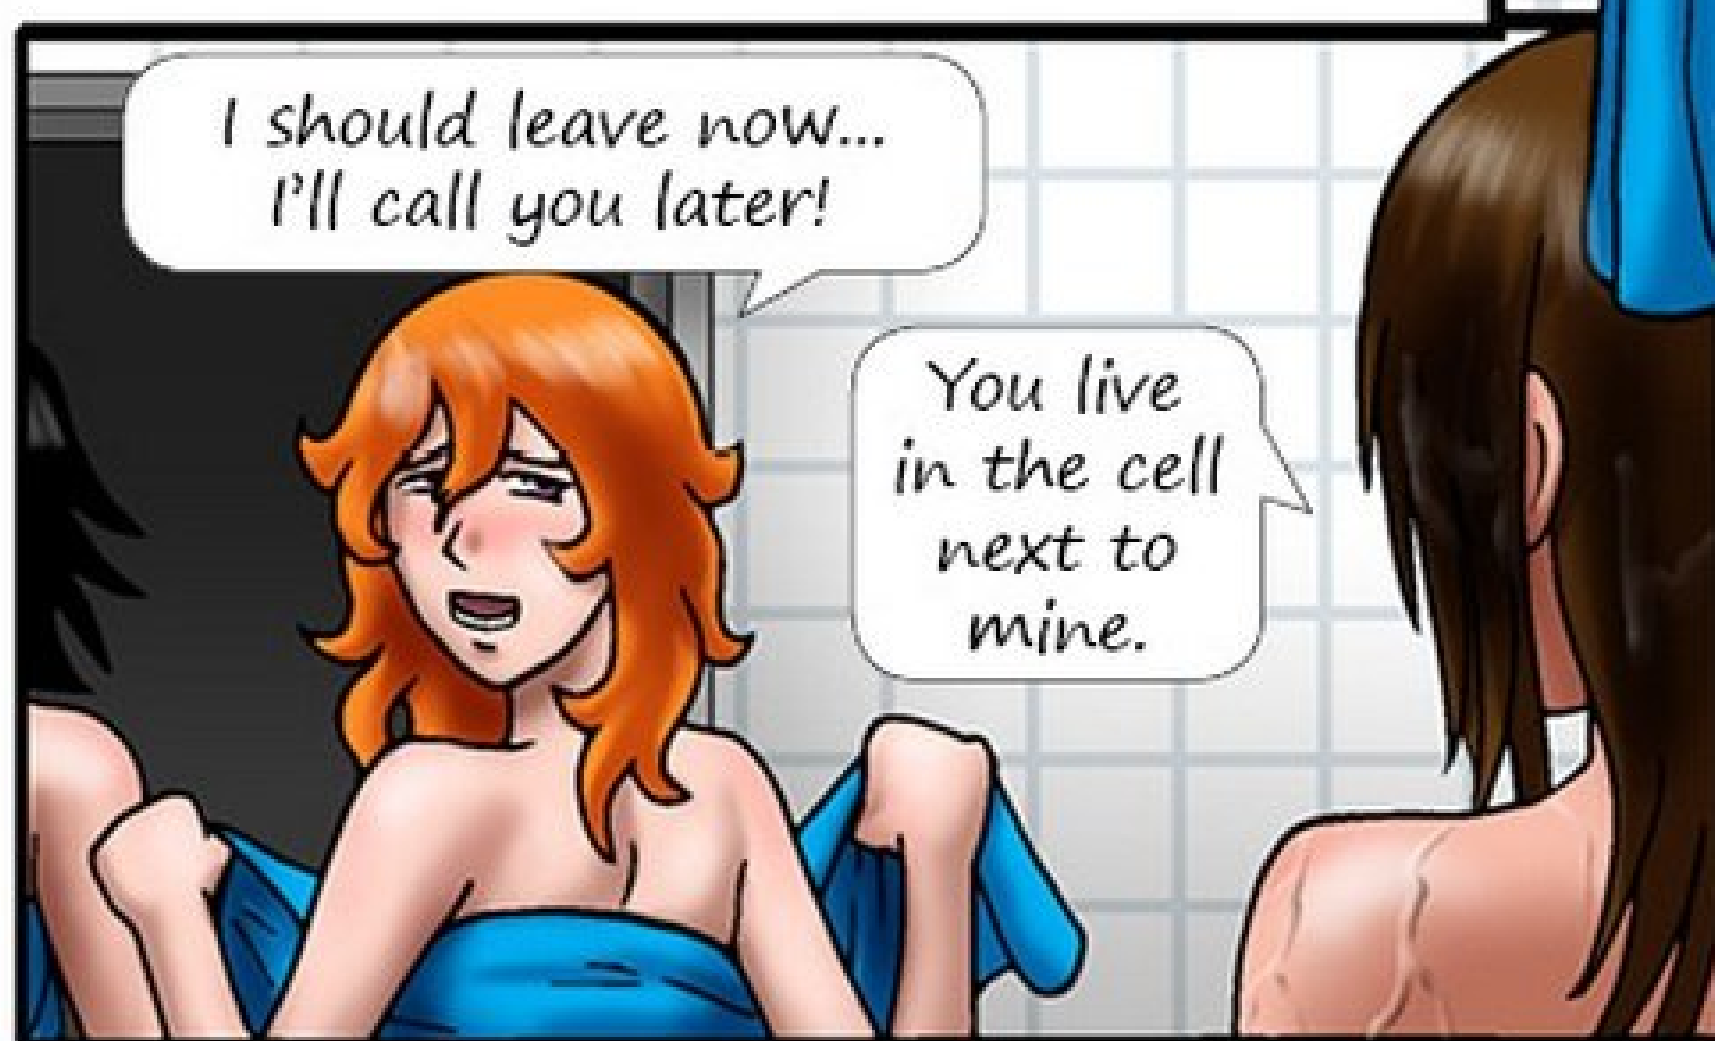

Sorry, I don't have much self-control!

No problem, we're in a shower after all.

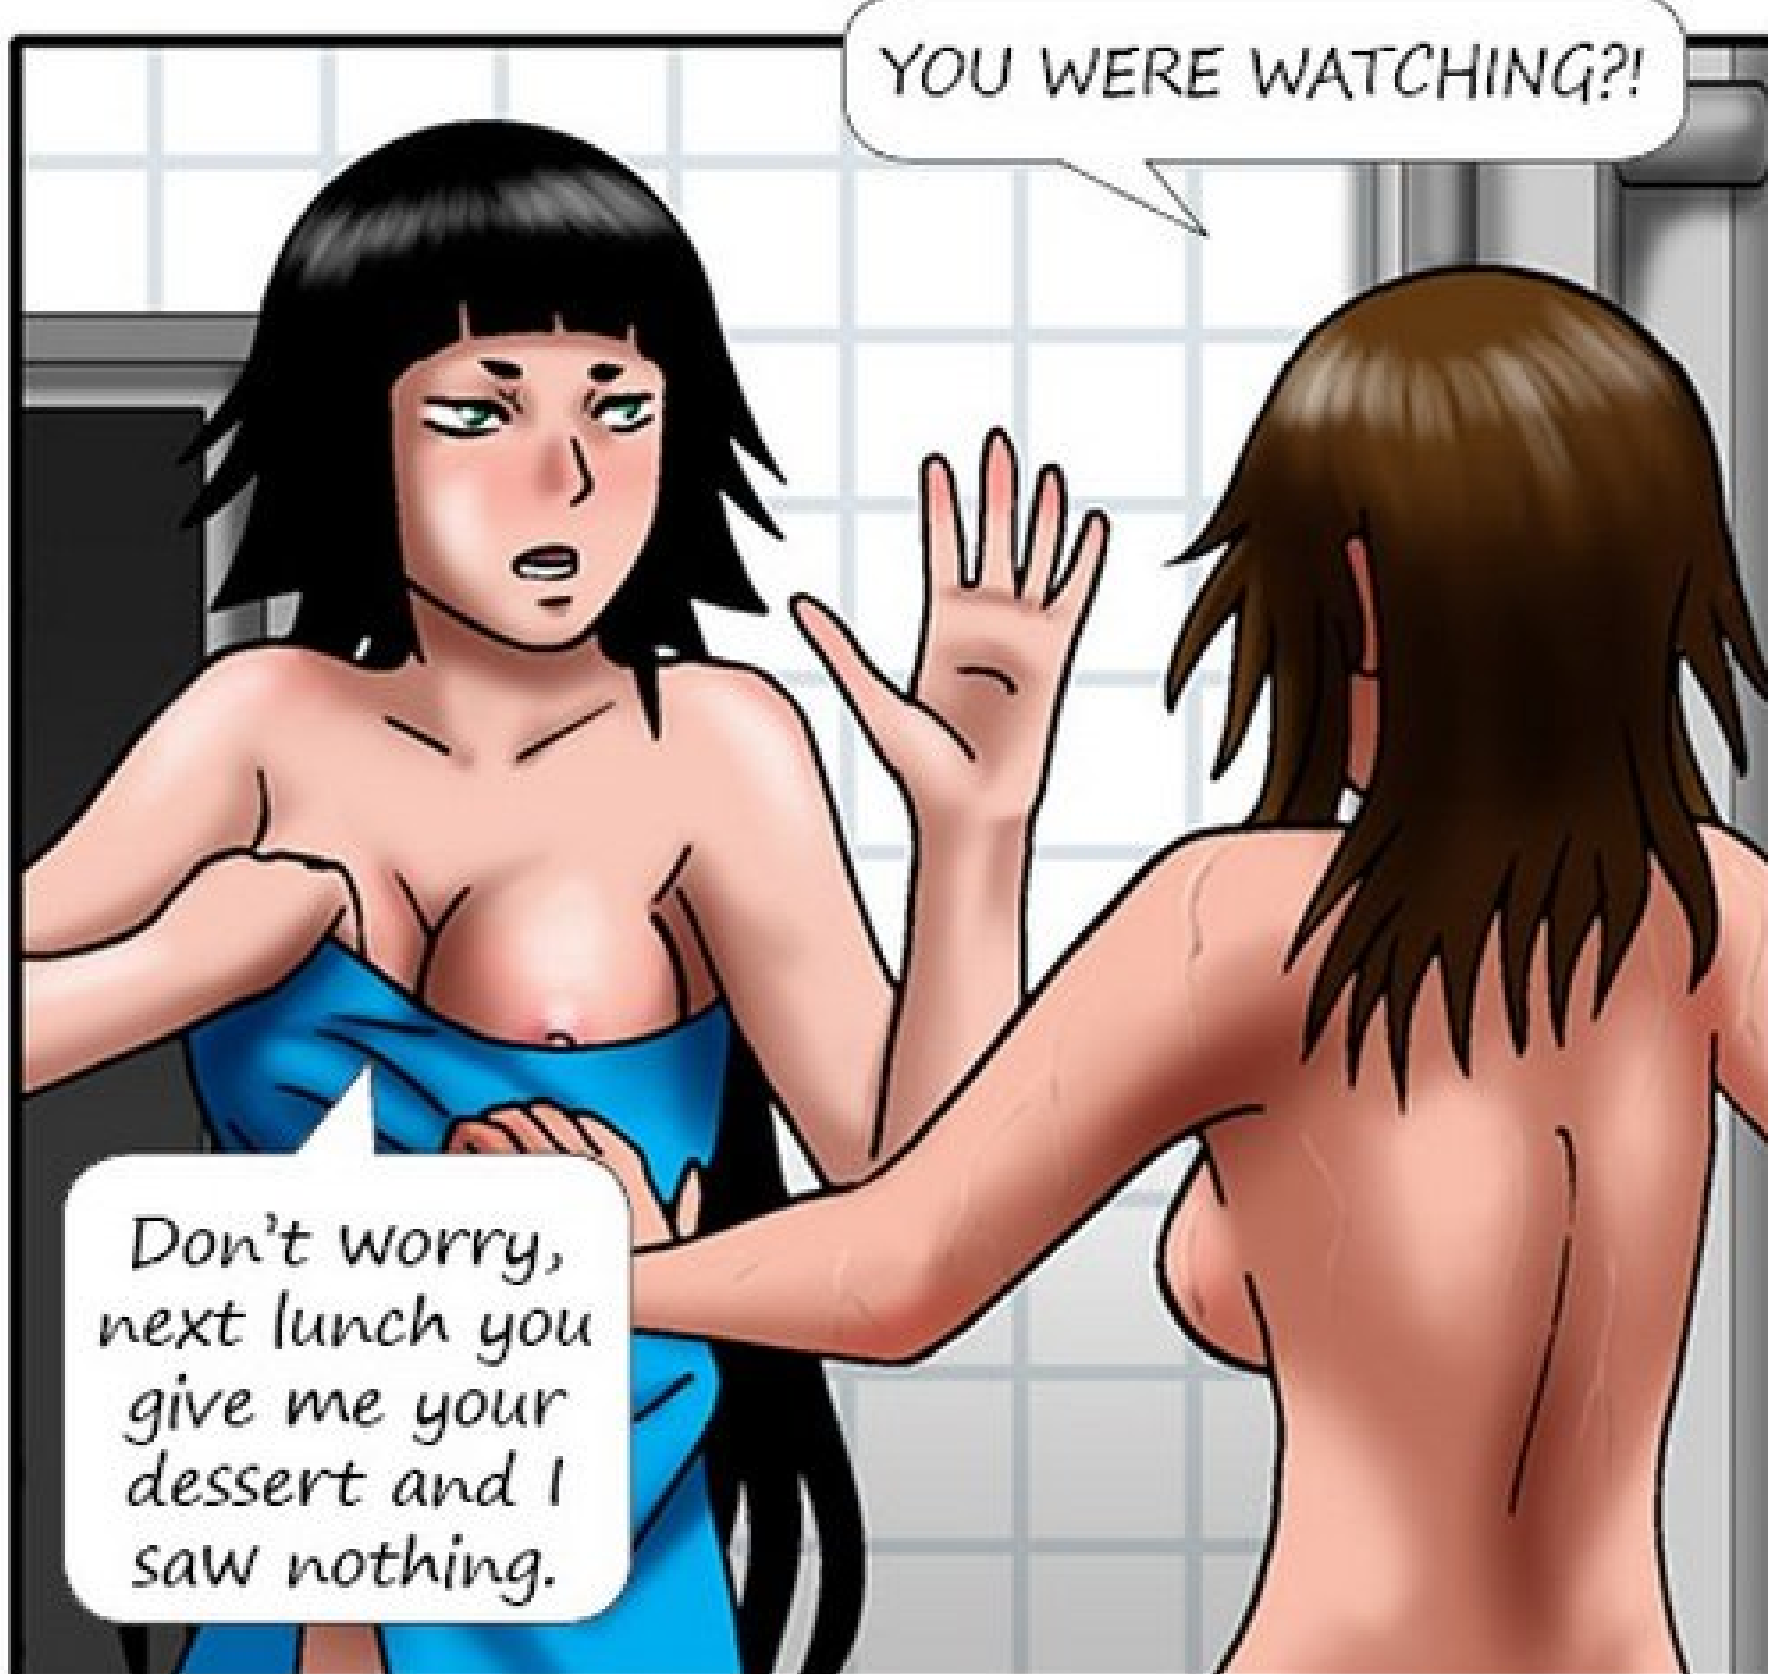

I should leave now... I'll call you later!

You live in the cell next to mine.

I thought you were a boring person, and you're having fun so openly!

YOU WERE WATCHING?!

Don't worry, next lunch you give me your dessert and I saw nothing.
