

Cagegirl 4 - Death Row

Short side stories_4

Cagegirl

Death row

oh, it's just you.
What do you want?

I was surprised
when I heard you'll
be executed.

Not that you
don't deserve
it, I just tho-
ught you were
in the inner
circle, or some-
thing.

Apparently not. You
must be happy to get
revenge for you friends.

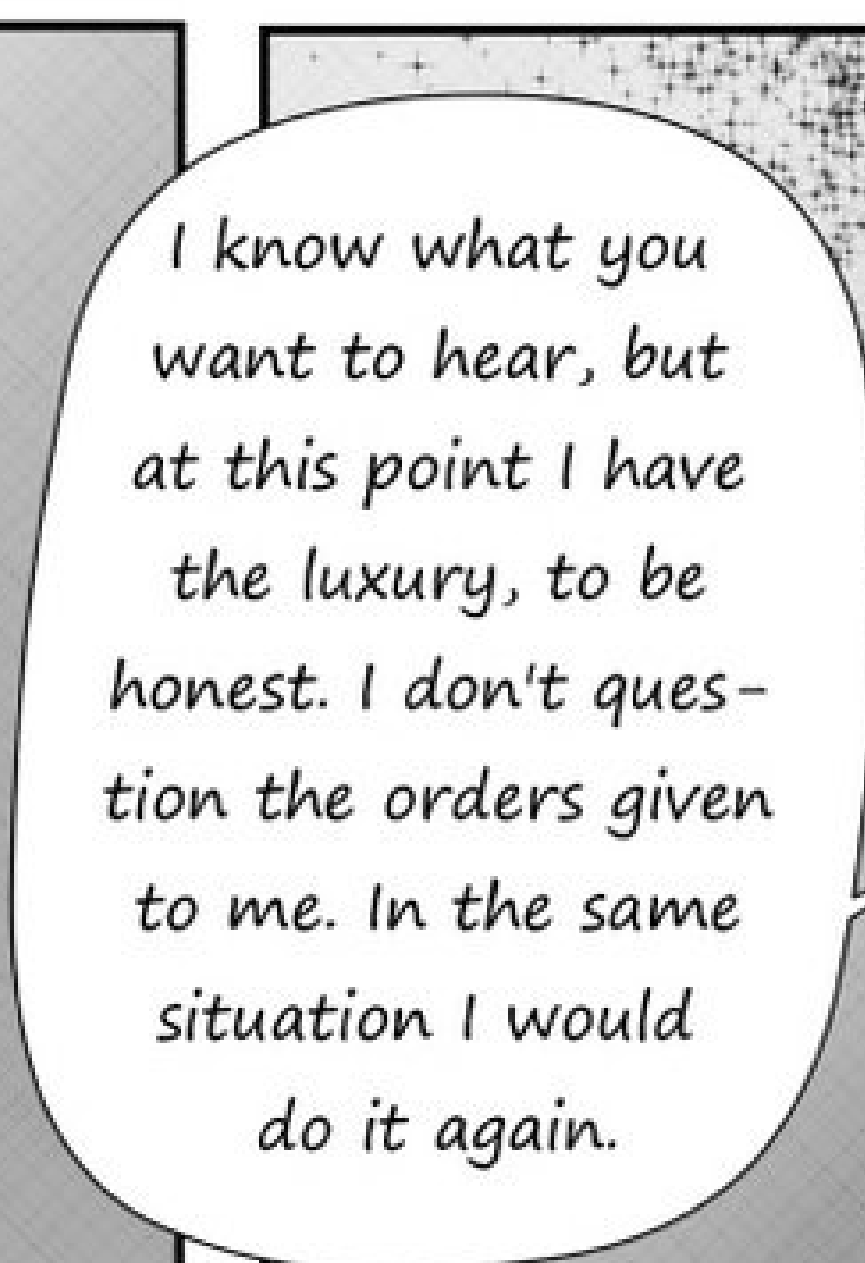

Barely. I don't think
your death solves any-
thing. I would have pre-
ferred you working hard
to make up for your
wrongdoings.

That won't
happen now.
Anything else?

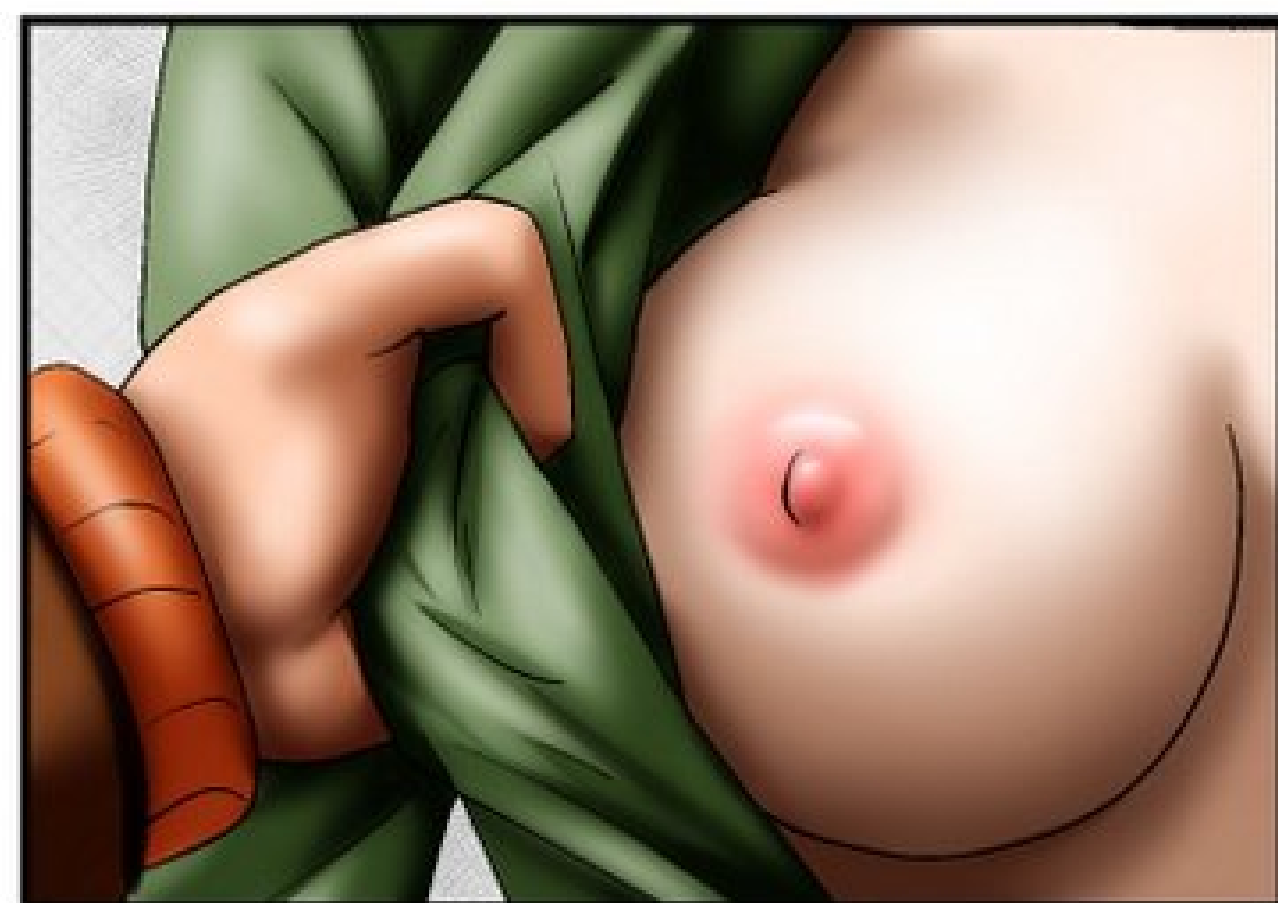

Do you regret anything?

I know what you want to hear, but at this point I have the luxury, to be honest. I don't question the orders given to me. In the same situation I would do it again.

Isn't there a bit of humanity inside you?!

I think men are amazing. A second ago you were ready to hit me, and now your eyes are filled with lust! I wouldn't be able to switch that fast.

Fine, you made me curious.

What do you really want from me?

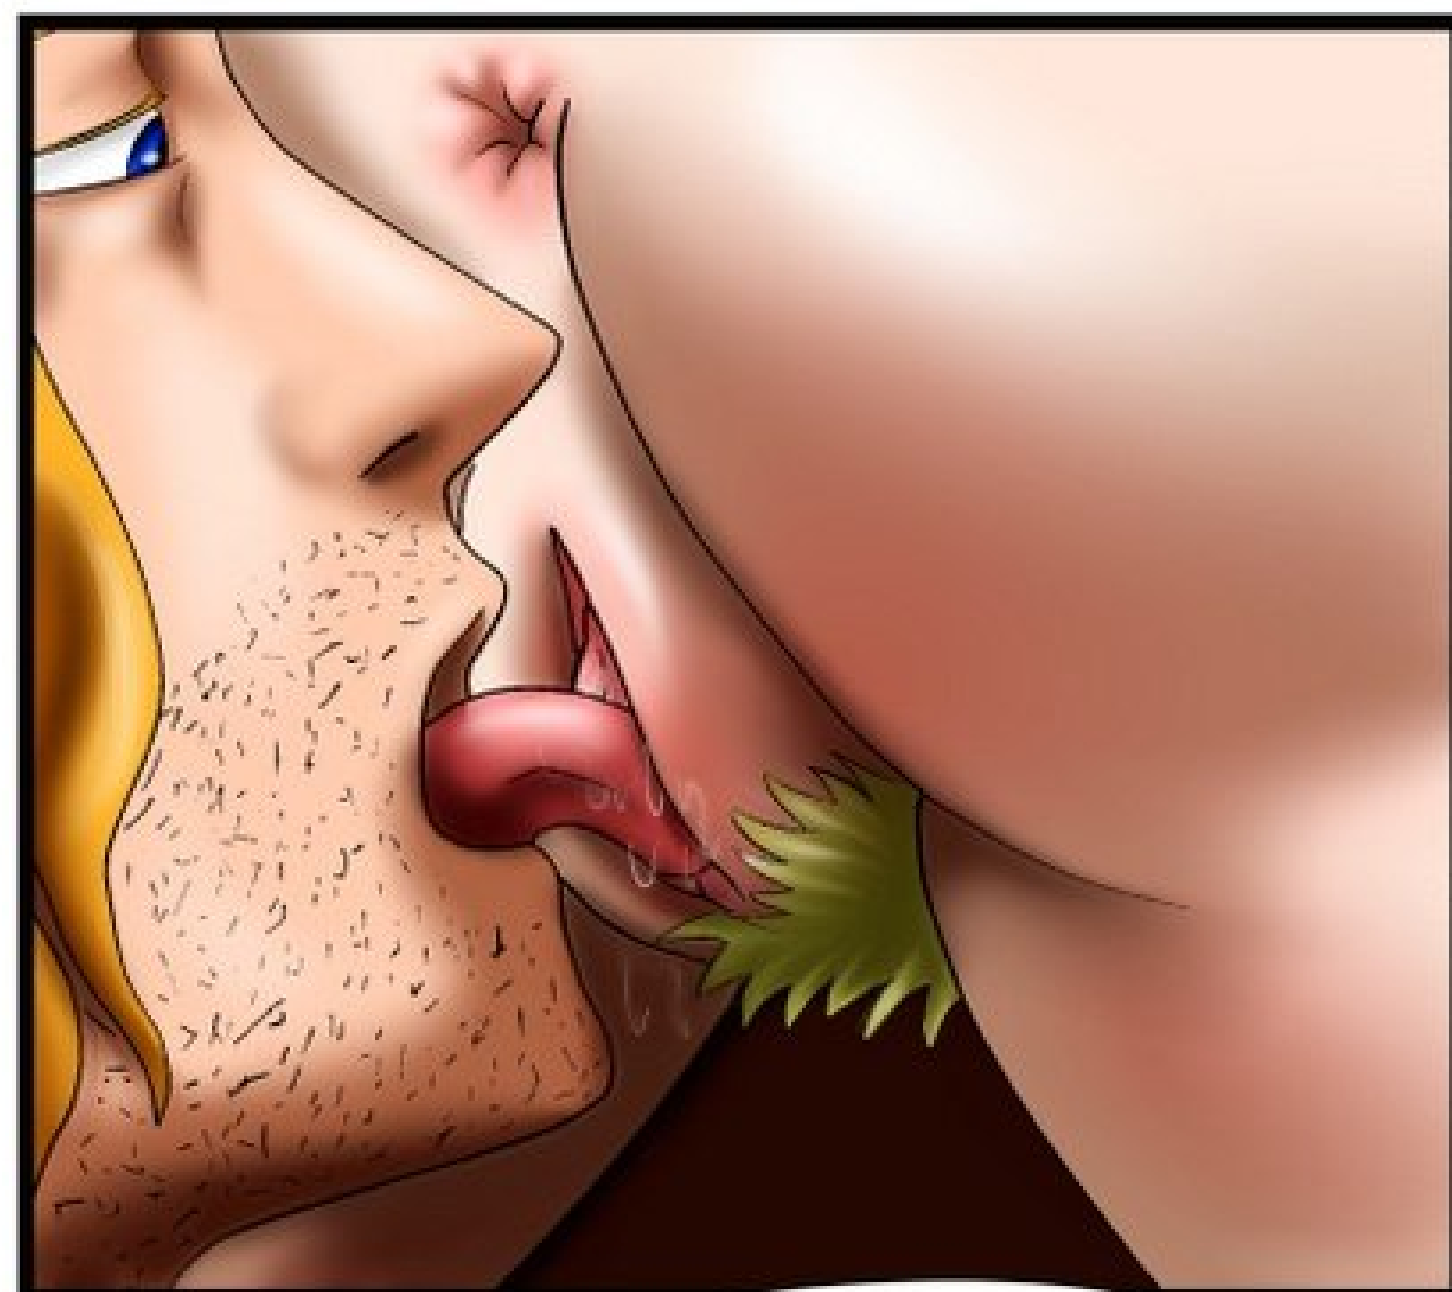

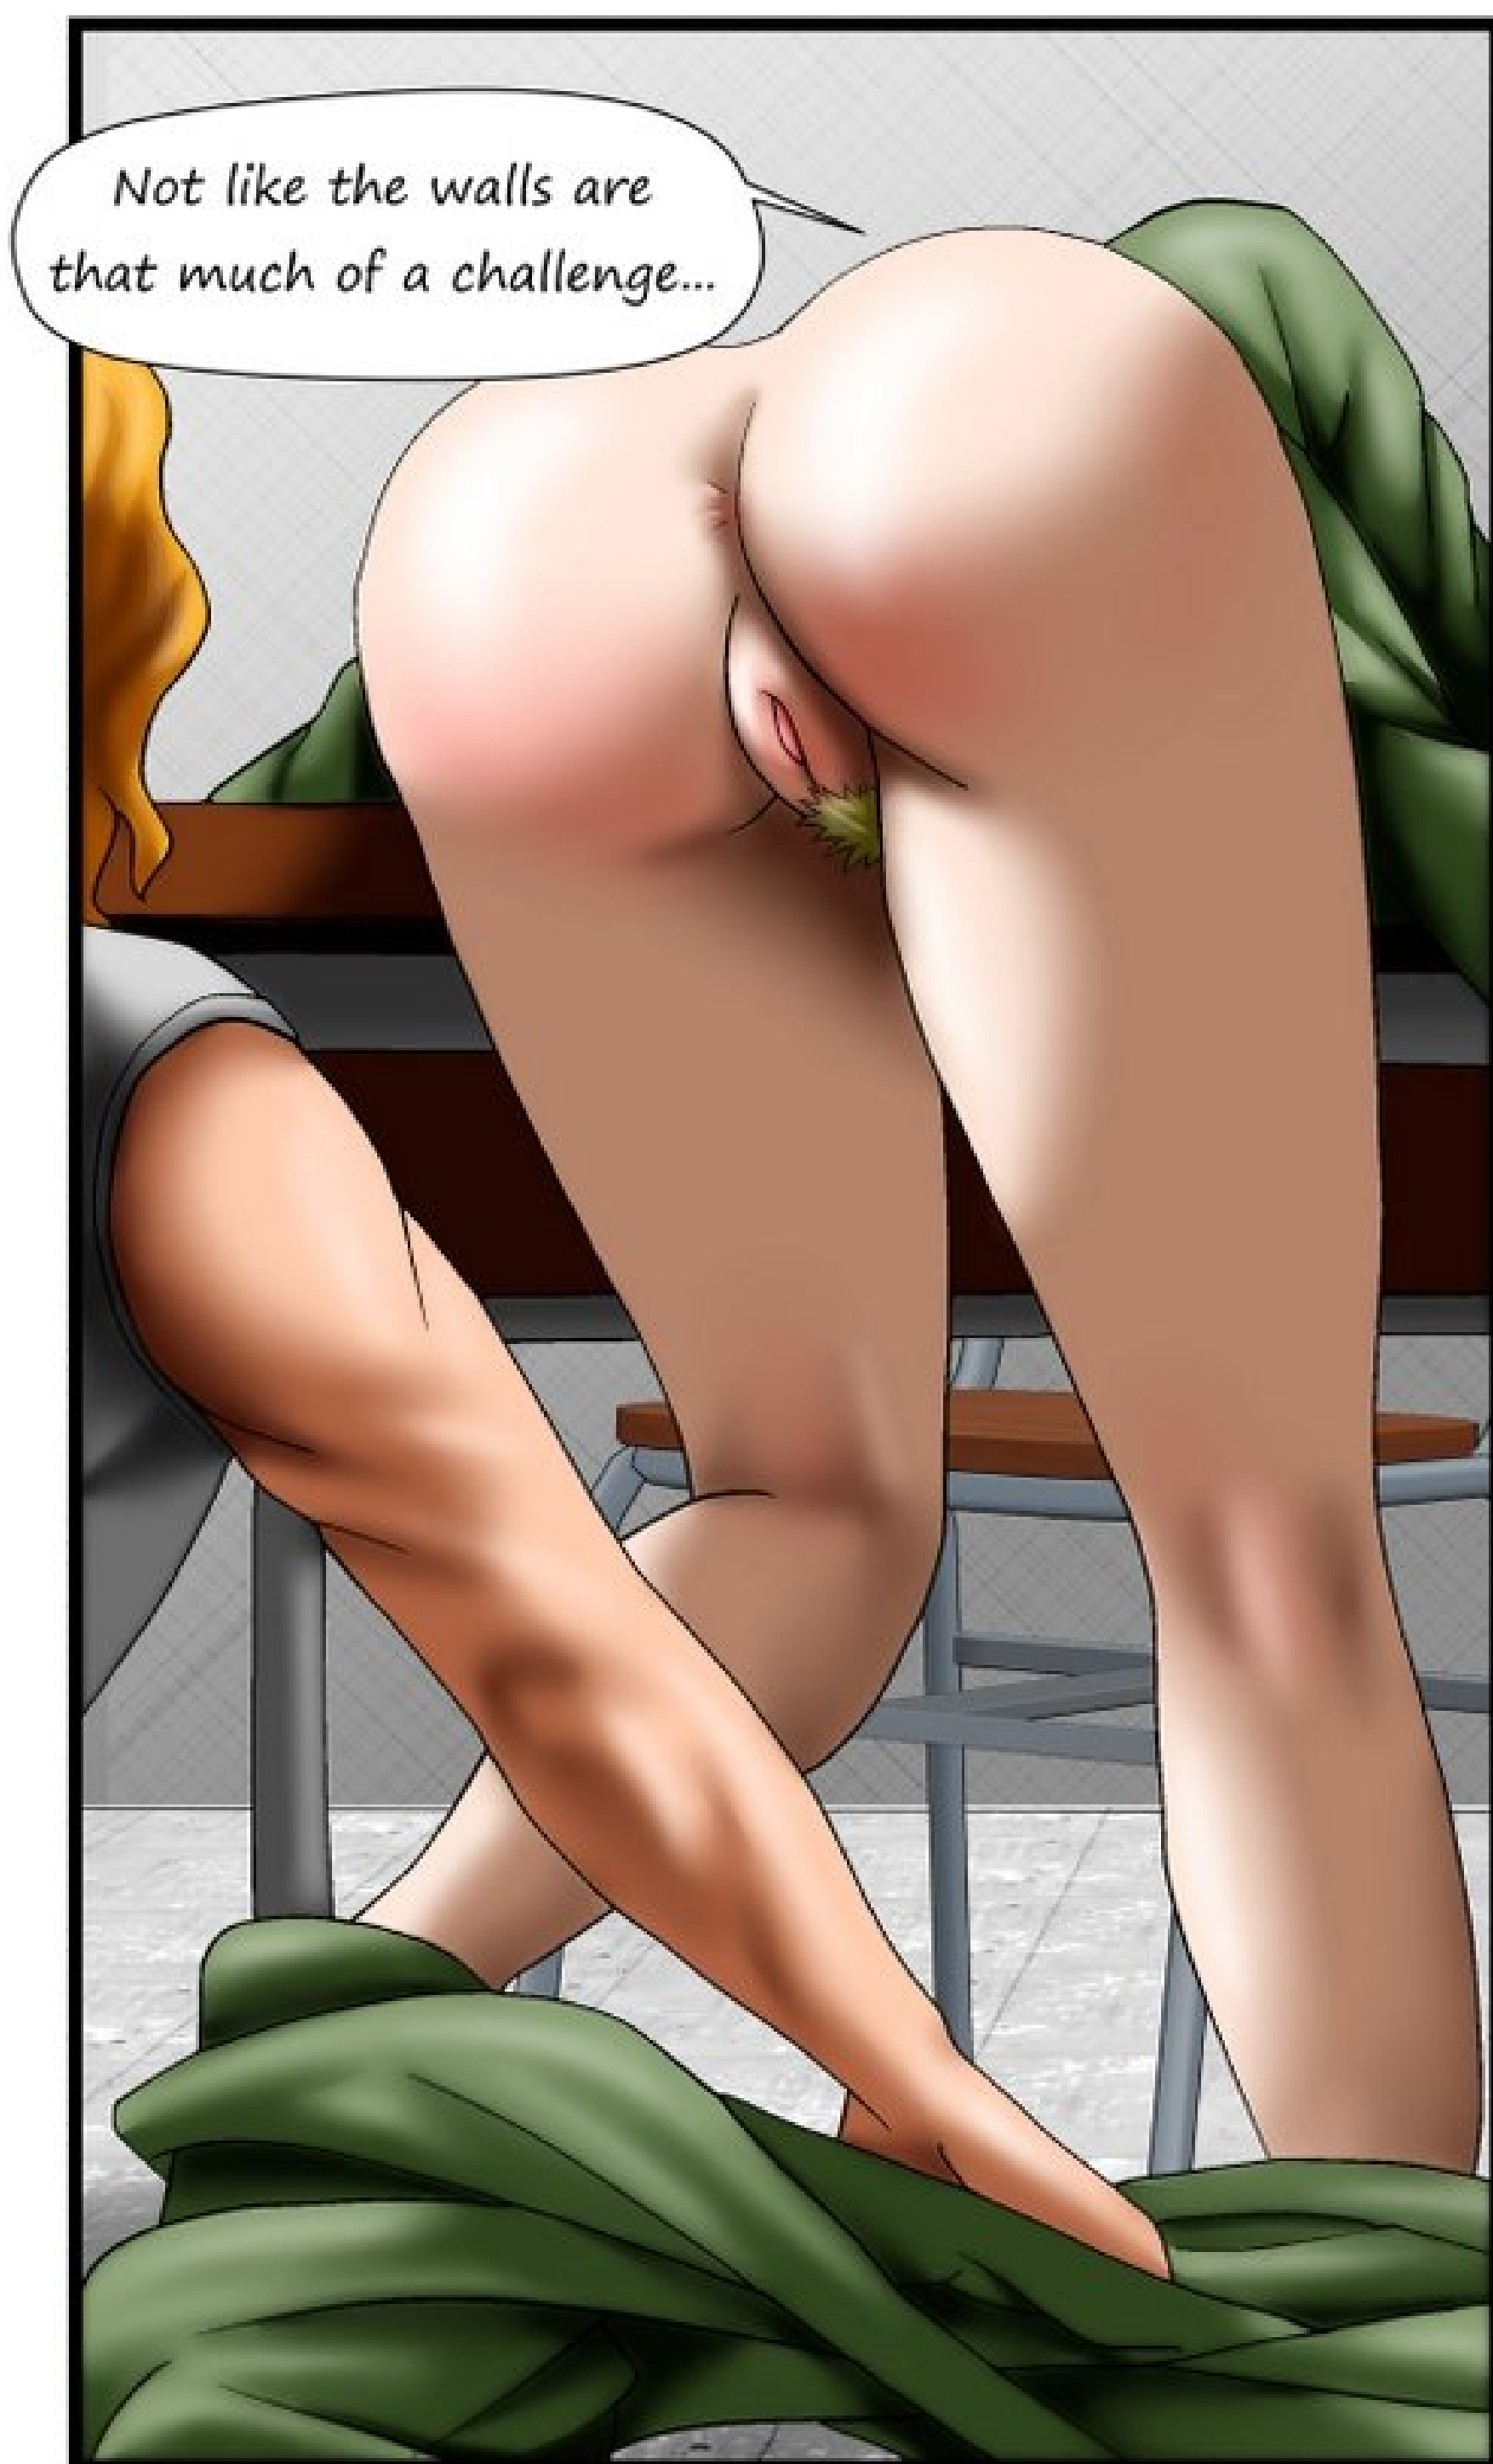

I'm not in the mood for your games!

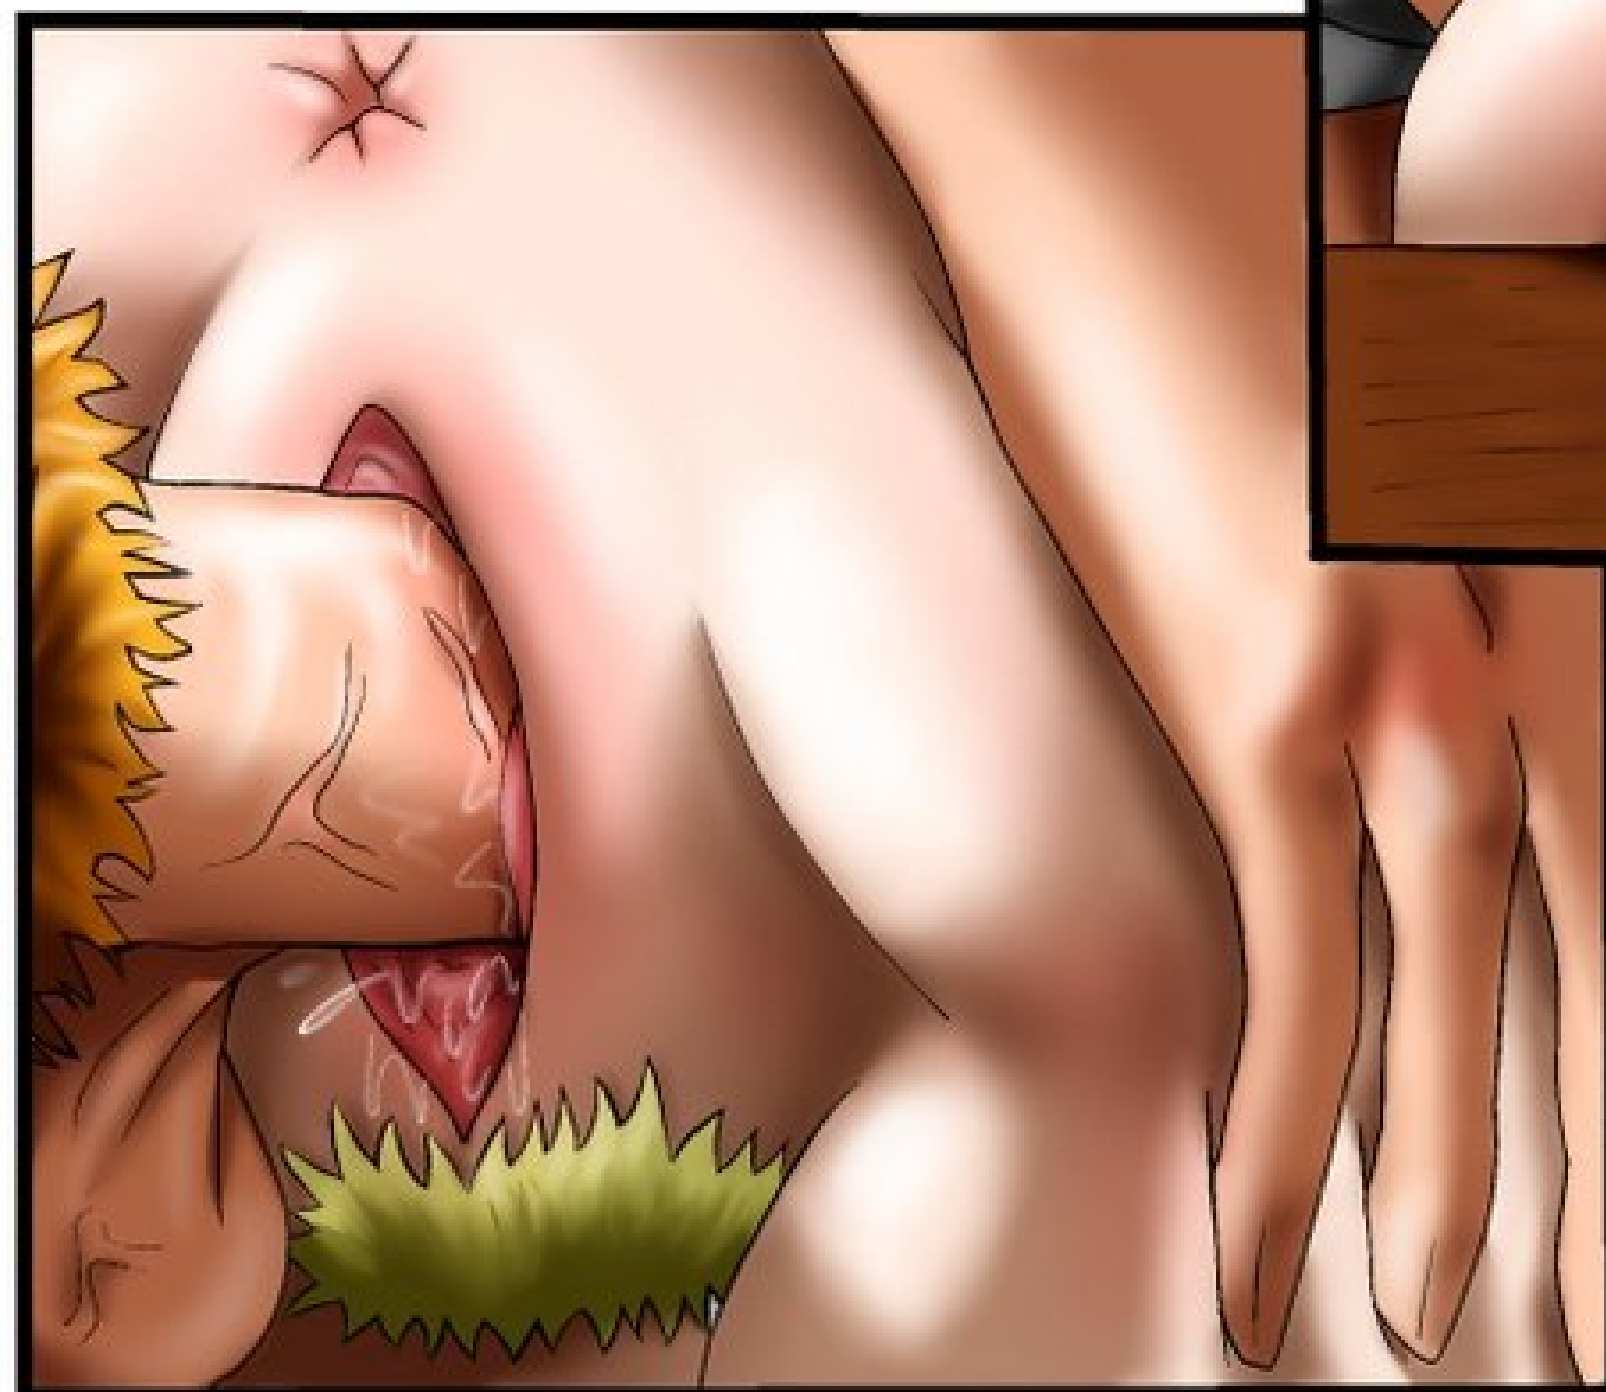

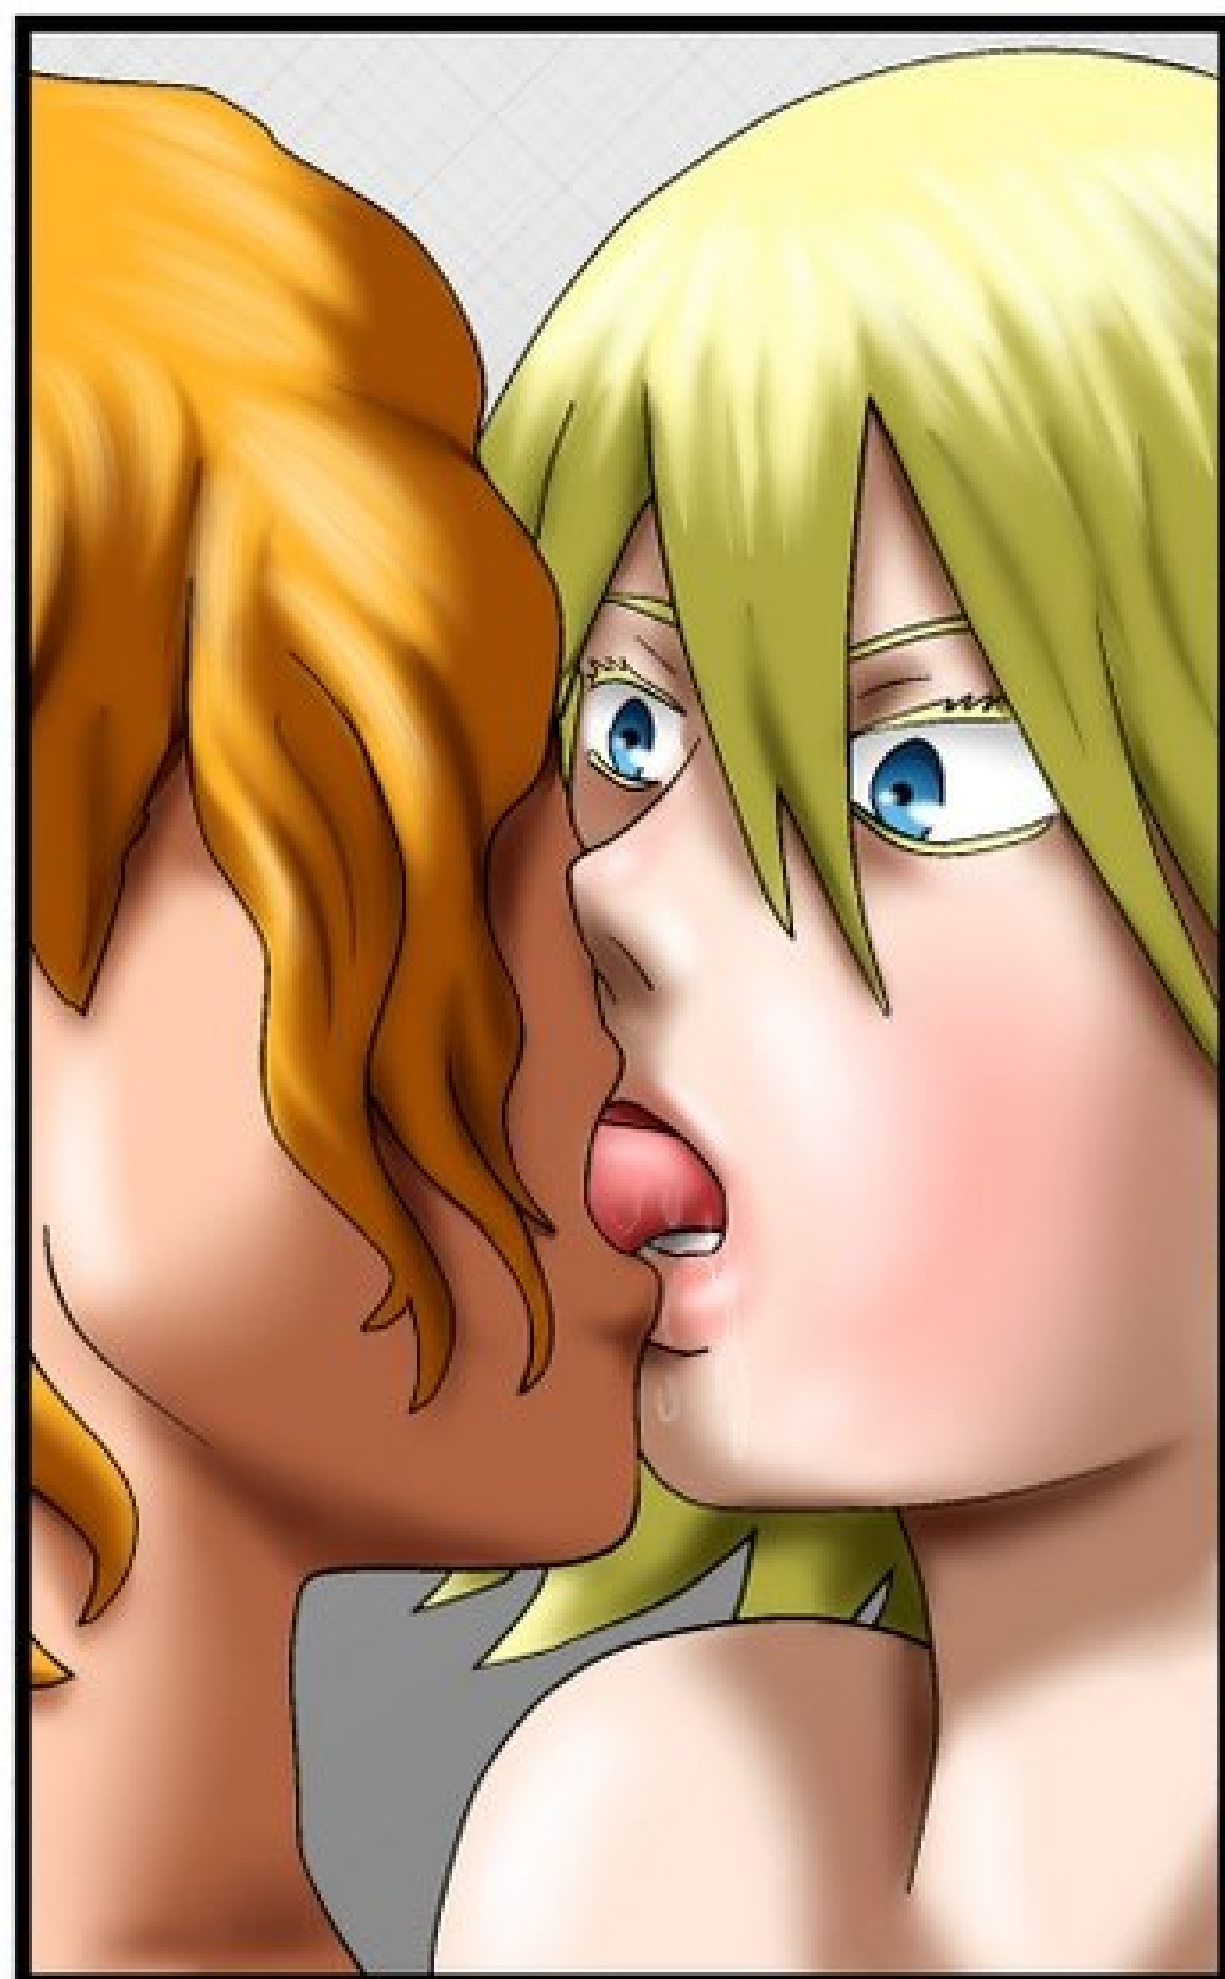

It's not a game. I'm just trying to make up a bit for my wrongdoings, as you suggested.

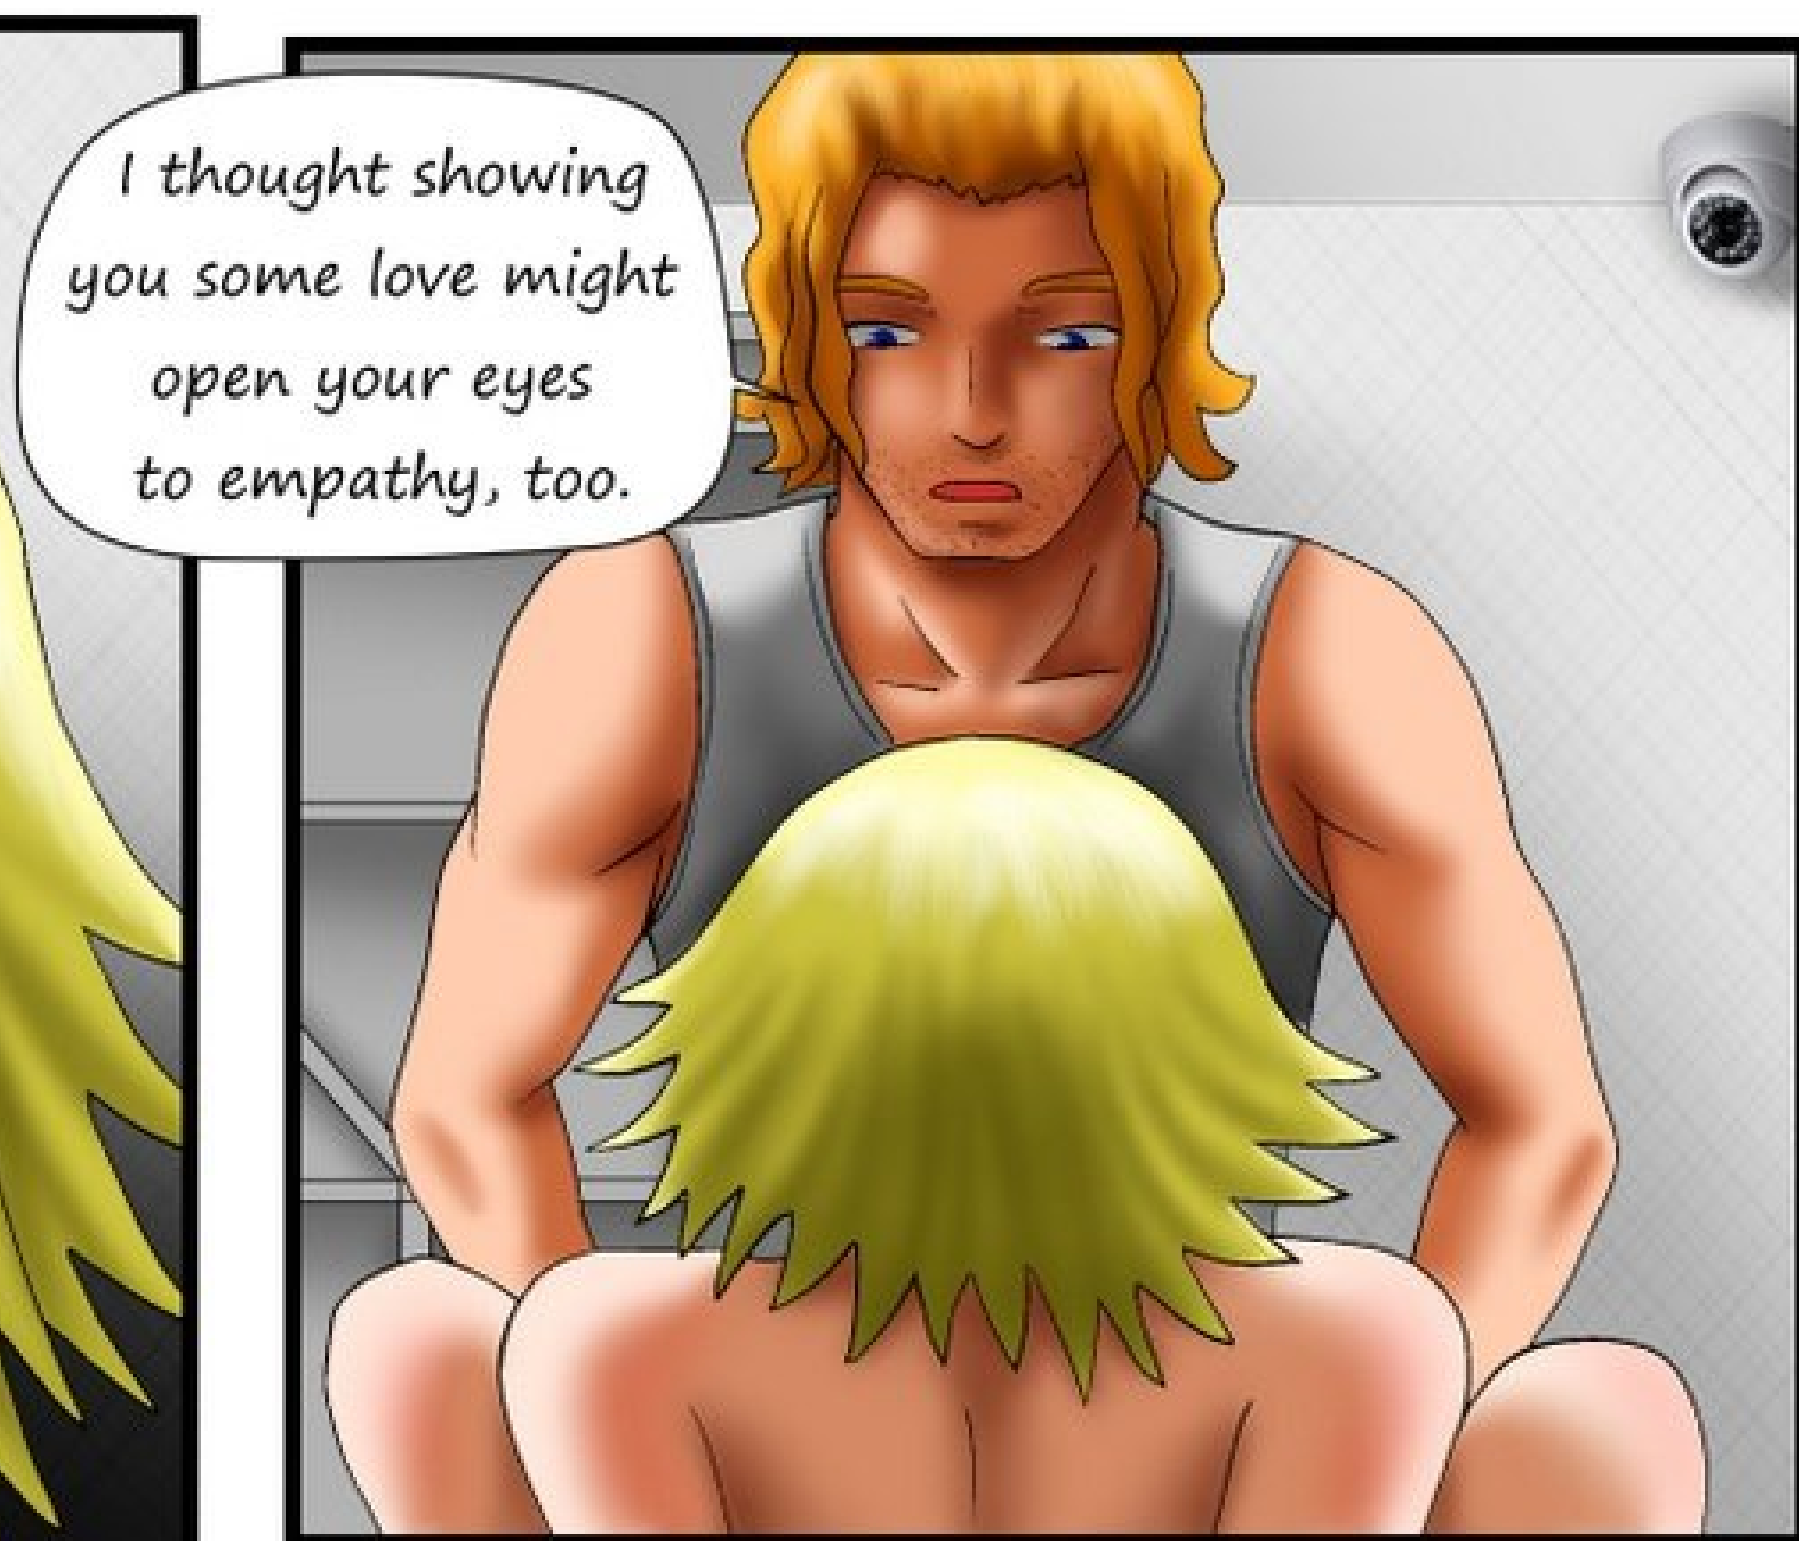

You can have your way with me. Revenge, or lust. Decide!
