Hey, I'm Alan! You must be the new vet! Thanks for coming so quickly!

I'm finally getting to provide care for my long-time fascination.

Oh, no problem at all.

We just got her from the bureau's auction last week, so I want you to give her a checkup.

Alan Girth (35)
farm owner

Huff!

Huff!

Ponygirls.

I would also like some piercings done on her. You can do that too, right?

Nose and nips

O-Of course!

Drip!

I'll leave her with you then. I'll be back in about an hour.

And many fall completely in love with the lifestyle.

Why do they love this? What is it like to be in their hoofen boots?

Wait... Her measurements, skin tone, and hair color... are almost exactly the same as... mine?

I really want to find out!

Hah!

Even after fucking that dildo all day!

You are a true pony slut, Misty!

GIVE IT TO ME!!

Or should I say, Aileen?

Sploosh!

Y-YOU KNOW??

How?

Well, I can tell when a new pony is overly excited, like when I first saw you all tied up and squirming about a bit too much.

Where's Misty, btw, you horse thief?

I'm sorry! She's napping in the broom closet!

And when I saw your lack of strength and stamina, I was sure.

You know impersonating a ComPet is a crime, right?

I-I'm so sorry! I-I just...

Just a born ponyslut, aren't ya?

Y-Yeess sir!!

PLAP!

PLAP!

I ended up taking a position as the farm's on-site vet. With an extra special part-time "role".

And I couldn't be happier about it!
