Later inside Rainbow Dash's House...

Hey! you know what?

I've been thinkin' lately if I really am pregnant then are these names good enough for our kid? Rainbow Cloud if it's a boy or Cuddlee if it's a girl. What do you think?

Are you still thinking about that?!

Wash

Listen, I think you're being mislead here.

That dick was fake anyway... I don't know how magic works, but I assume that the stuff that came out of me was also fake... so yeah.

Really? Do you think so?

I know so... and besides, you're still too young.

I know about this girl who gave birth when she was Five years, seven months and seventeen days old...

ummm... who told you that?...

Paws Haven told me

Okeey... you should stop hanging around with this Paws anymore, alright?

Ok...

...

sigh

HEY!

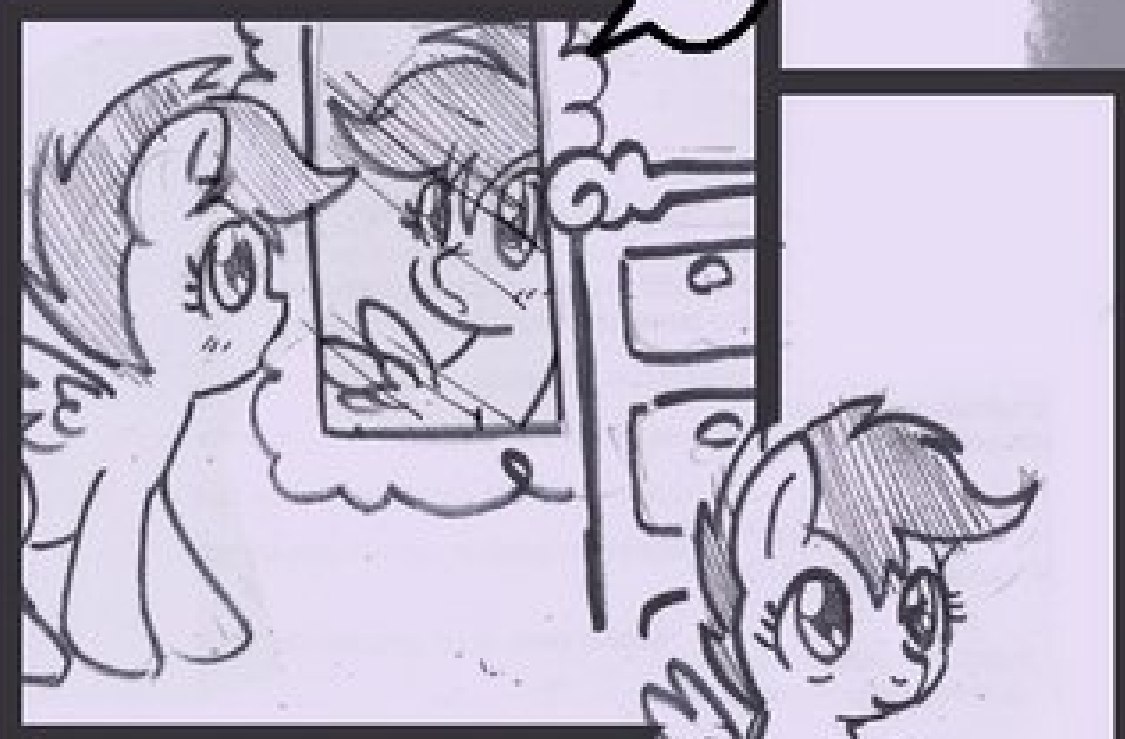

PAF!

Don't worry about it. It will happen one day... just not now and definitely not with me

Besides, what am I suppose to do with two little babies here? I can barely take care of you

I'm not a little Baby!!

Yes you are... you are my little baby

Tehehe

I'm sure I would be a good mom...

Maybe next time...

EHN!
