At home, Kazuhiro listened carefully to Mrs. Murayama. He could tell that she had some misgivings about Gavin's puberty; after all, she was not so different from her husband.

Minutes later...

Bye, Mrs. Murayama.
I hope to see you
again soon.

Welcome back!
Did you enjoy the
picnic?

Oh yes,
Onii-chan! Me
and Nee-san
enjoyed it very
much, right
Nee-san?

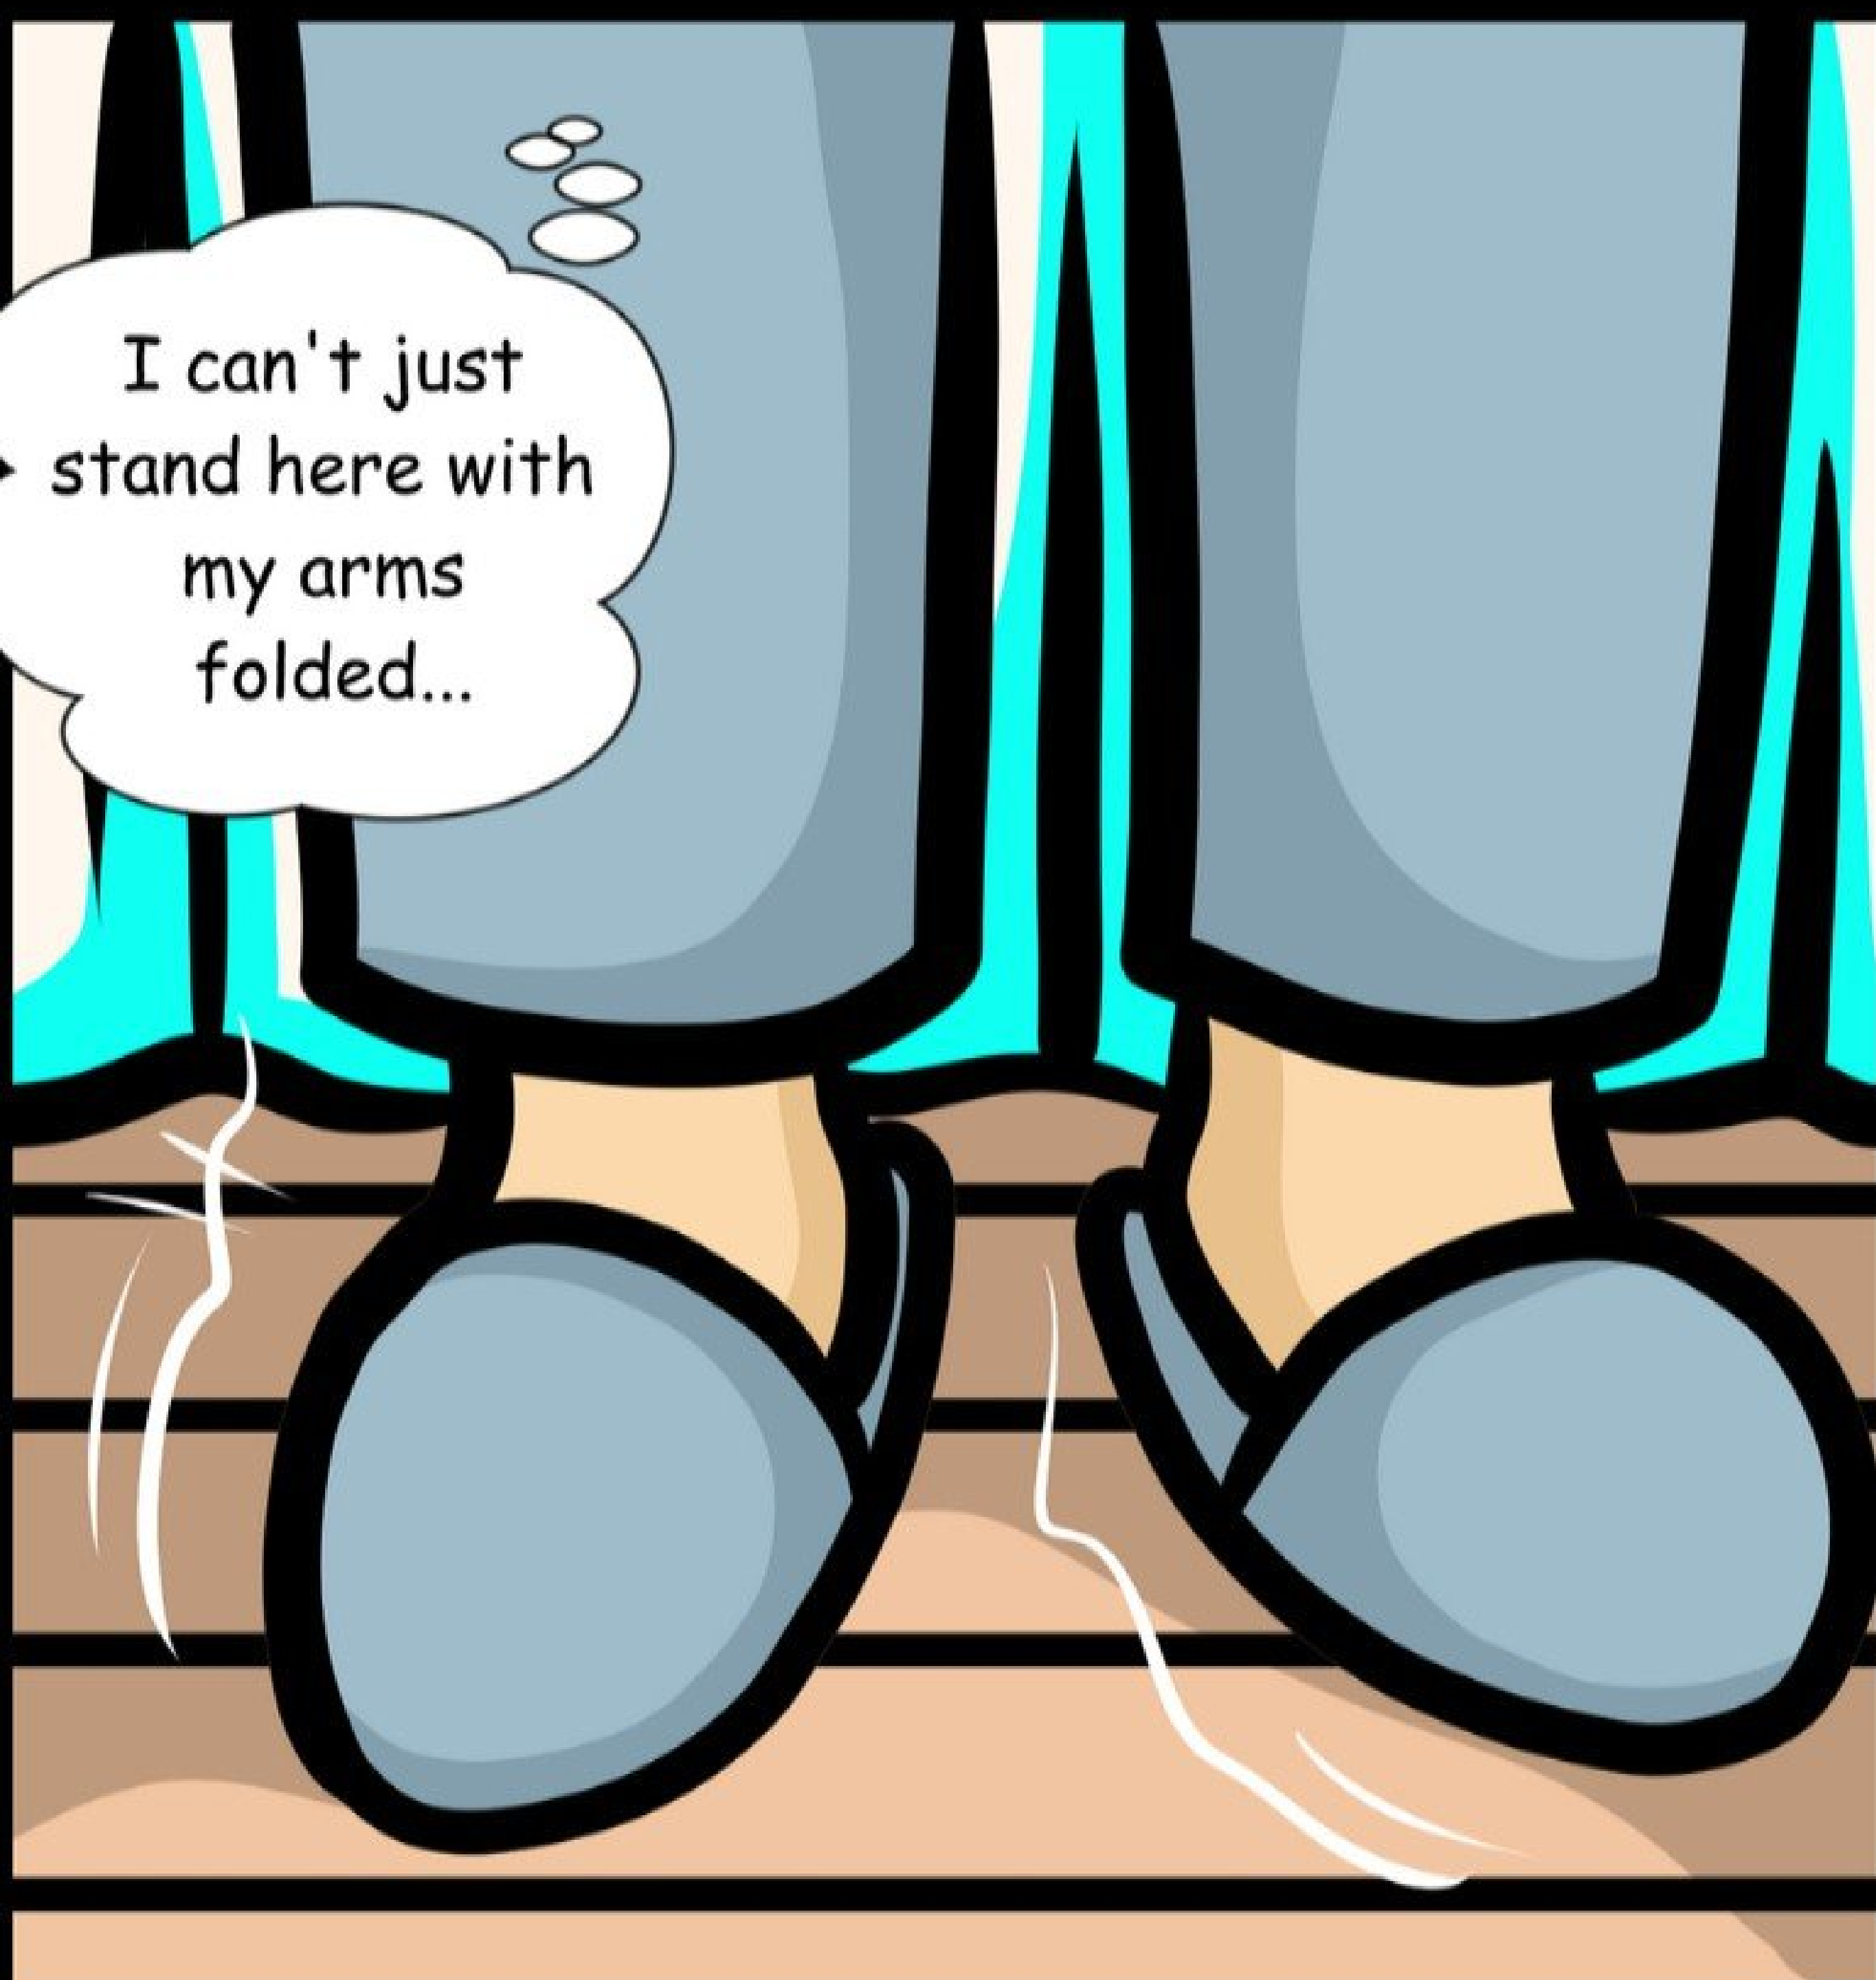

Err... Yes!
It was a lot of
fun, dear. Too bad
you can't come
with us.

I was impatient that night. I was afraid that Kazuhiro had found out everything. If that happened, this family would be ruined. I had to find out what they were talking about, even if it was extremely risky.

Oh, God!
Please don't let Kazuhiro
find out what Gavin does
to me...

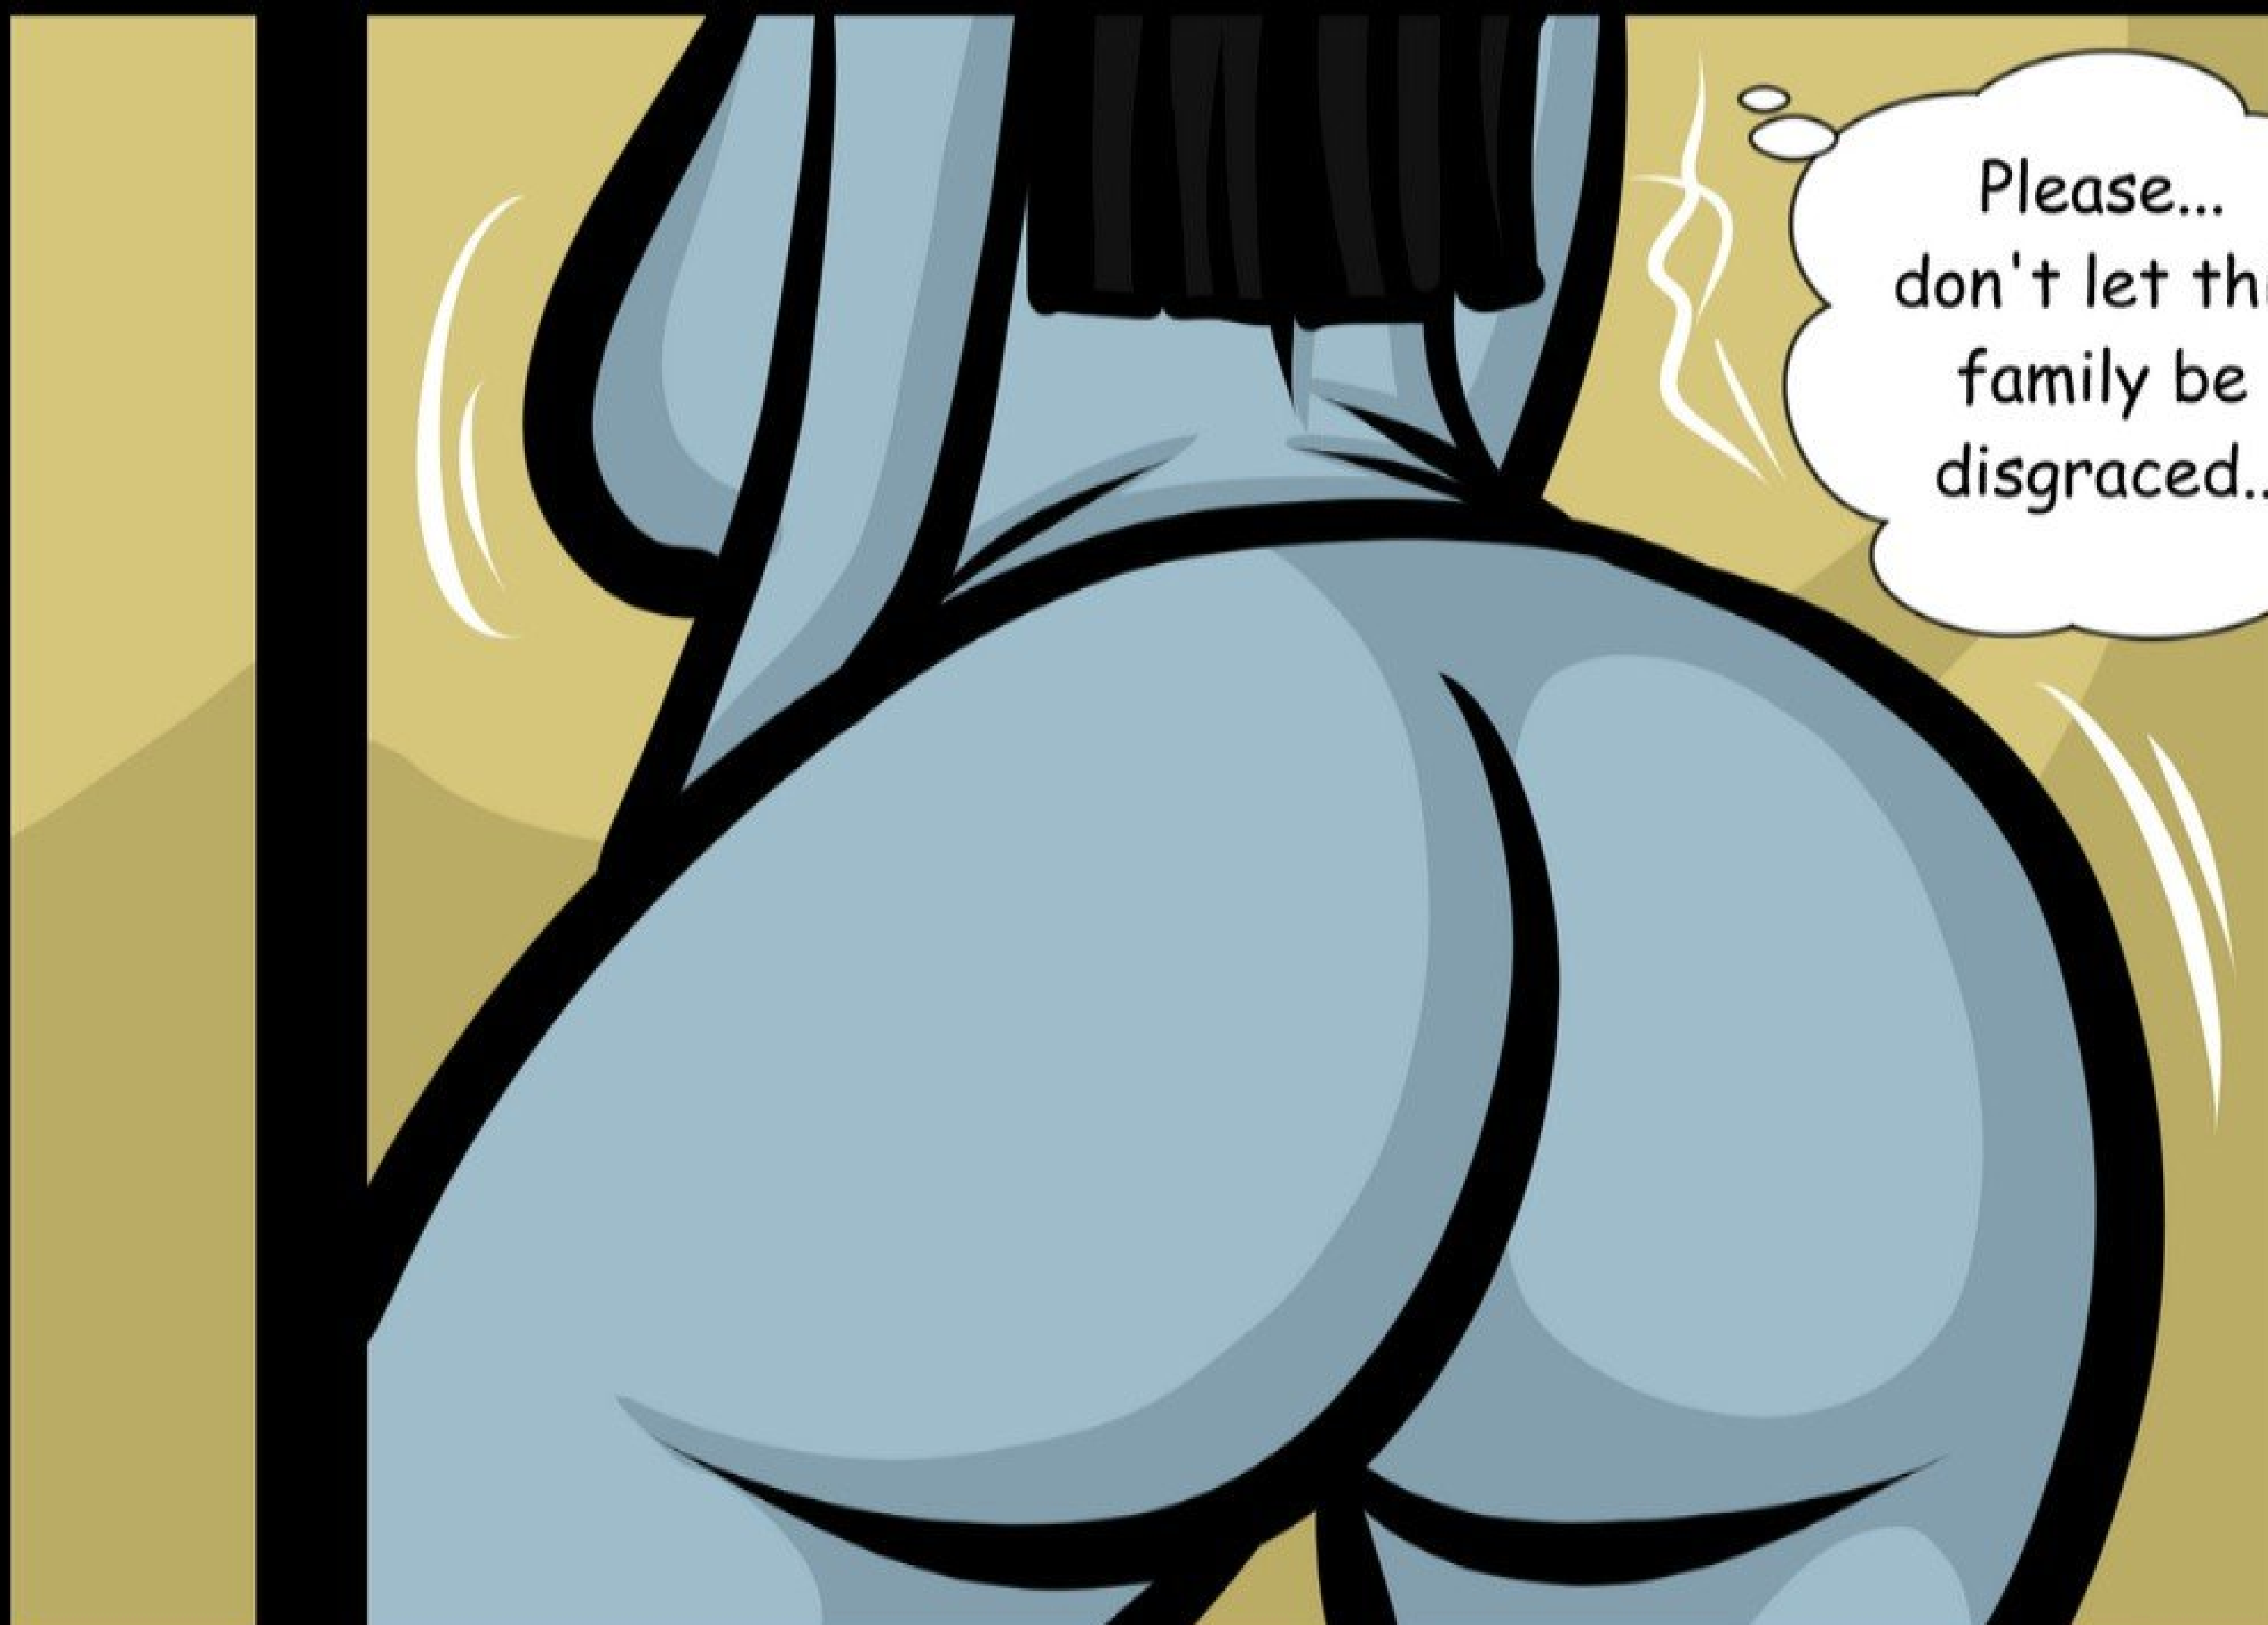

I can't just
stand here with
my arms
folded...

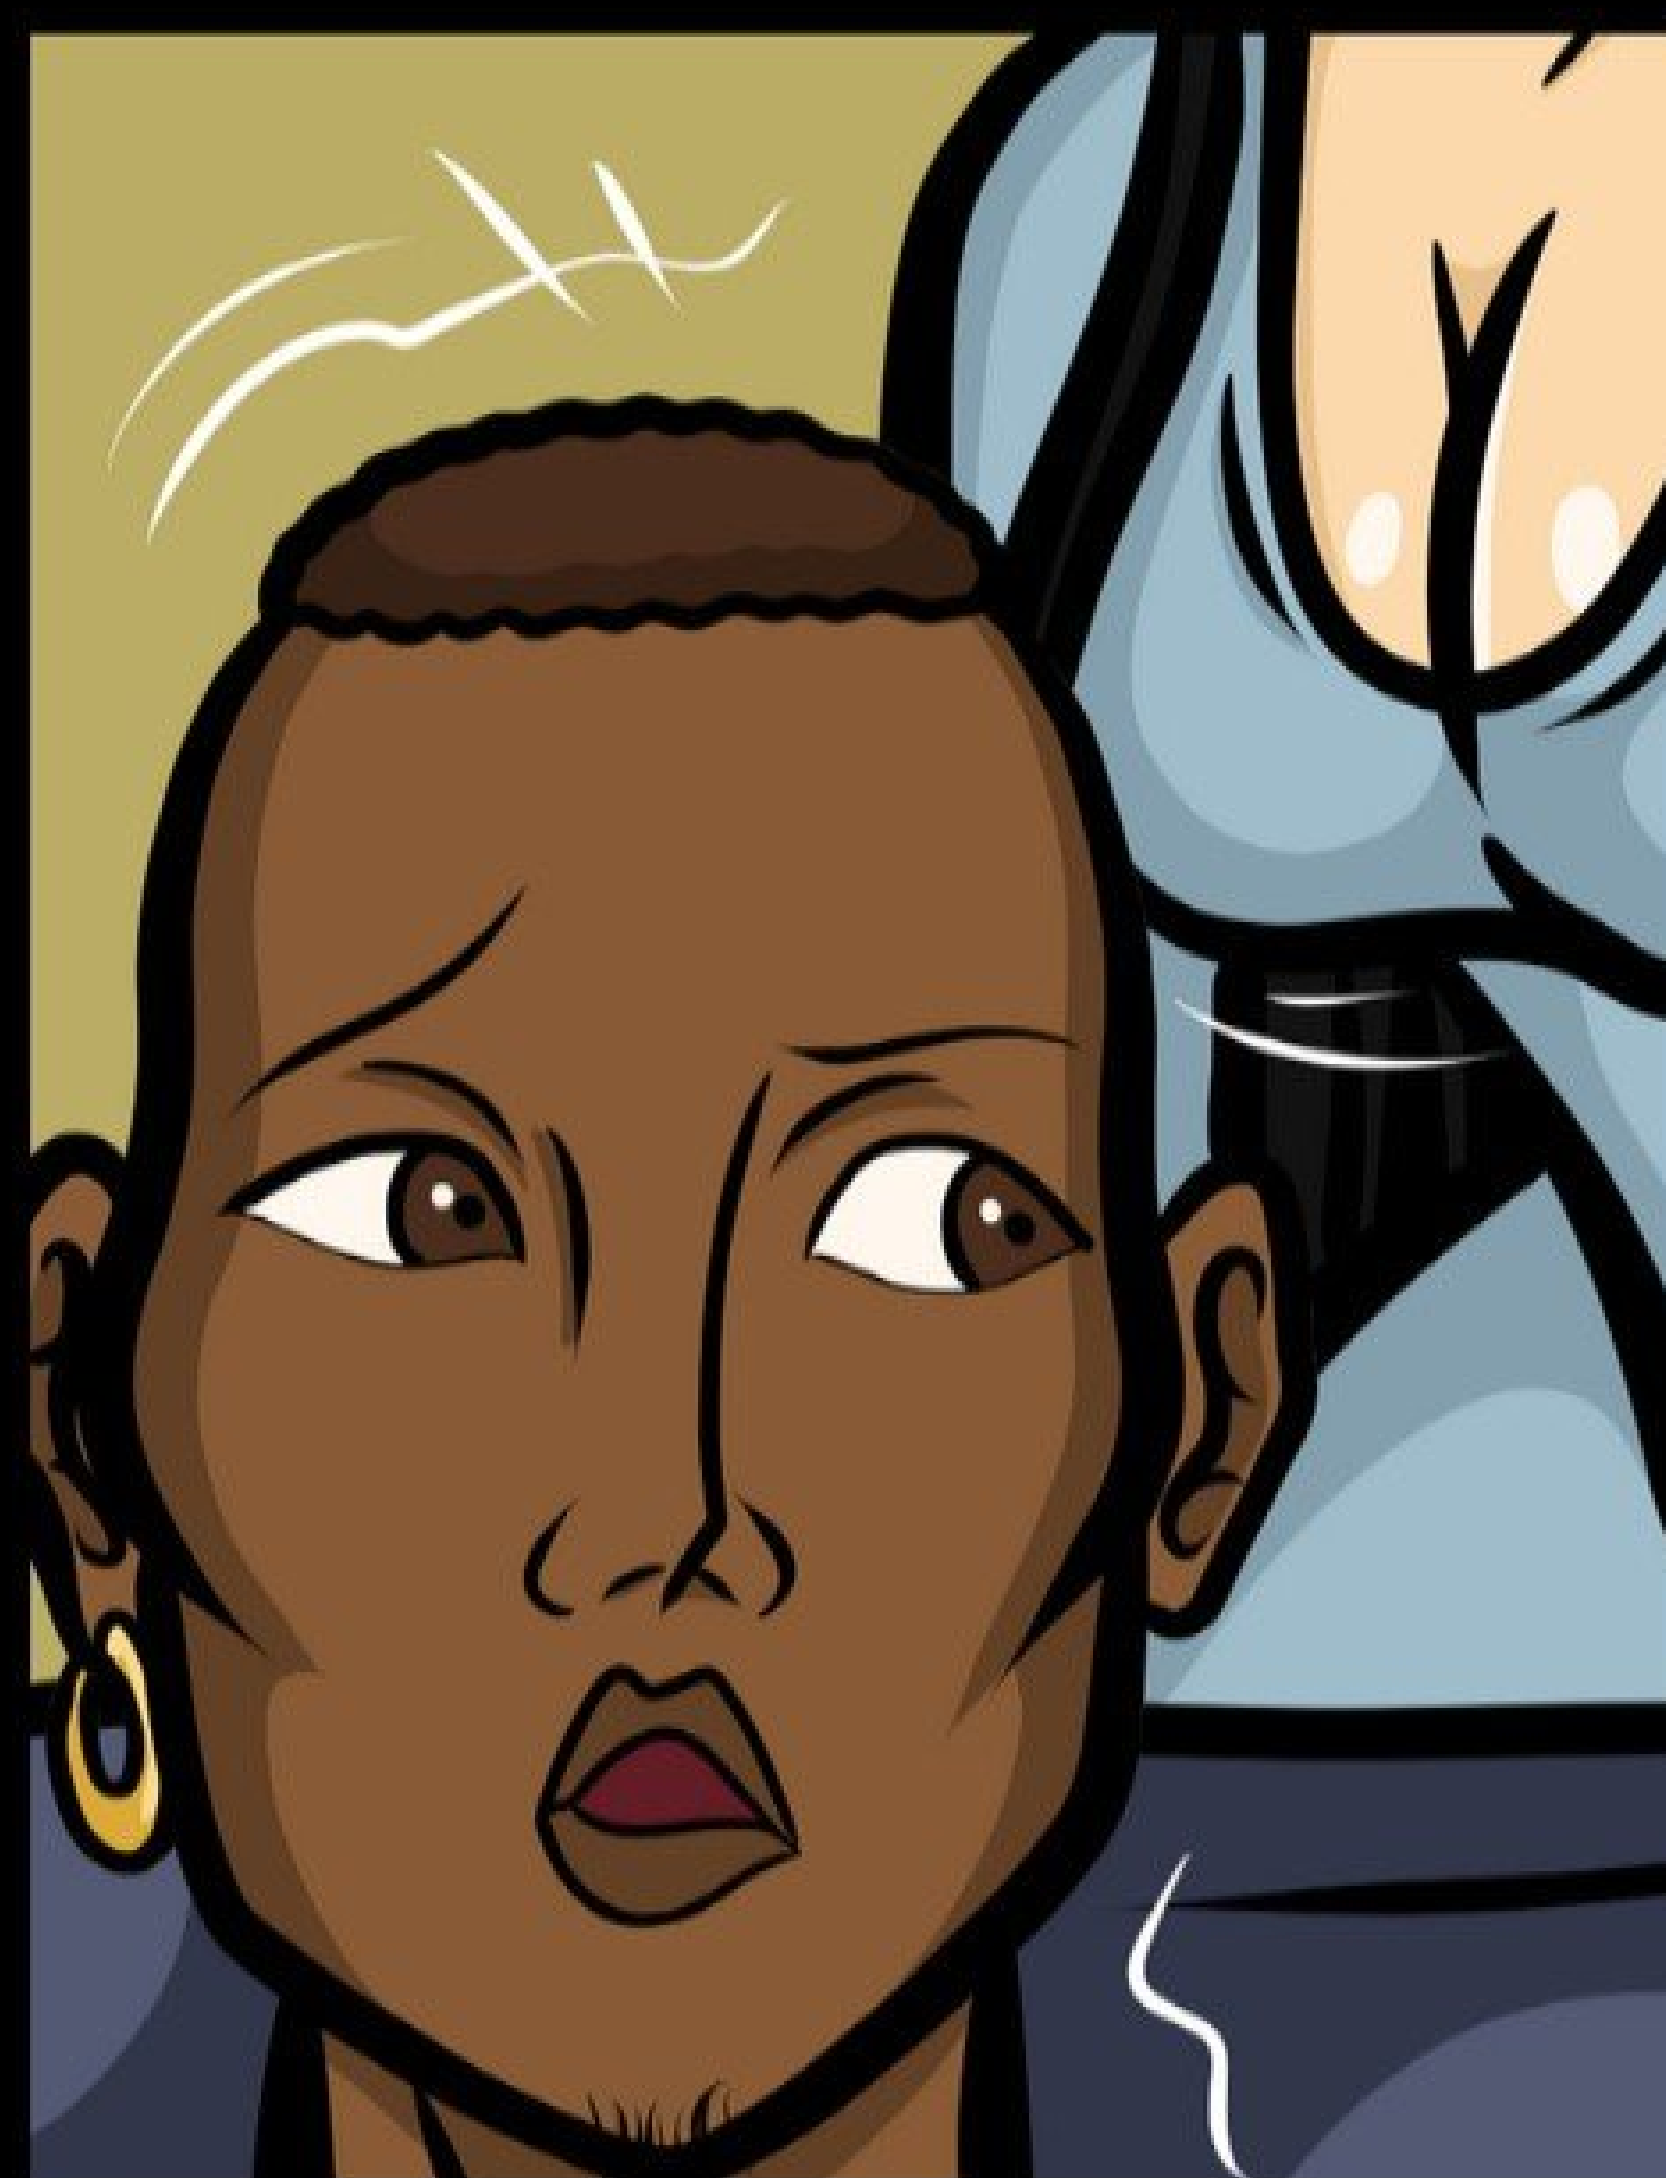

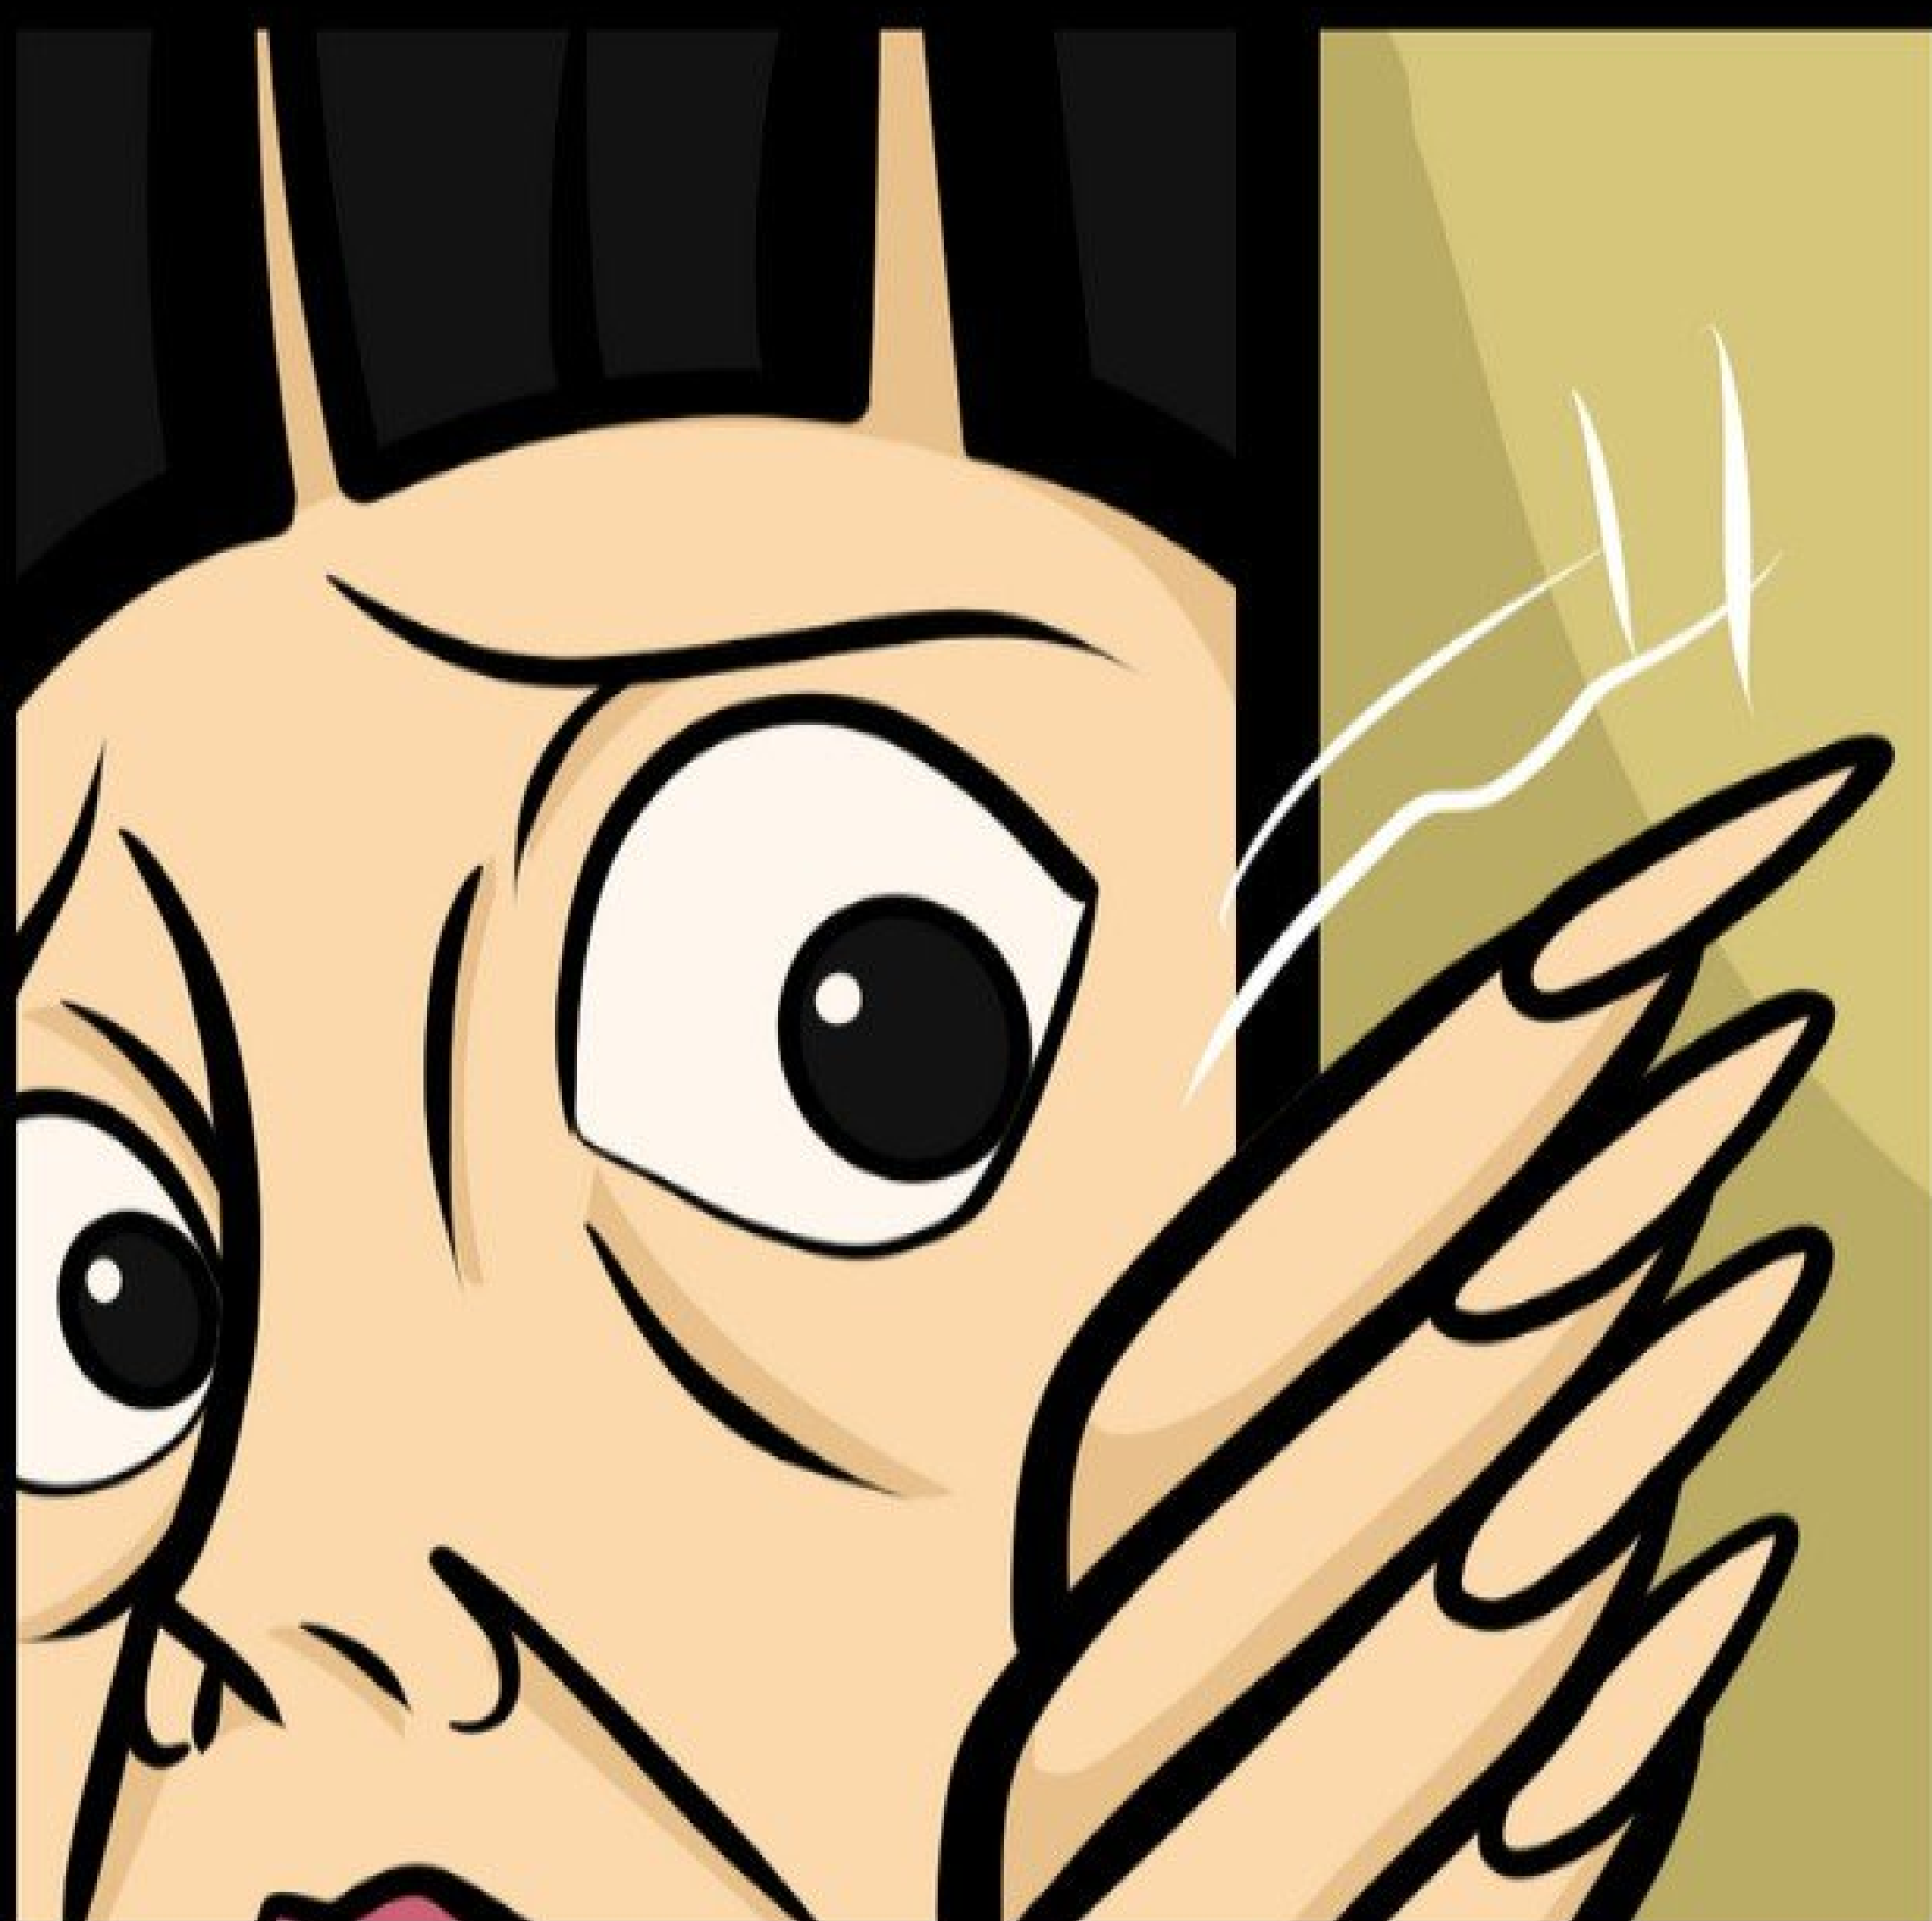

He called Gavin
to come to our
bedroom... But,
because I stayed in the
bedroom the whole time,
trying to find out what
that conversation was
about, he must have
realized this and the
two of them went
downstairs.

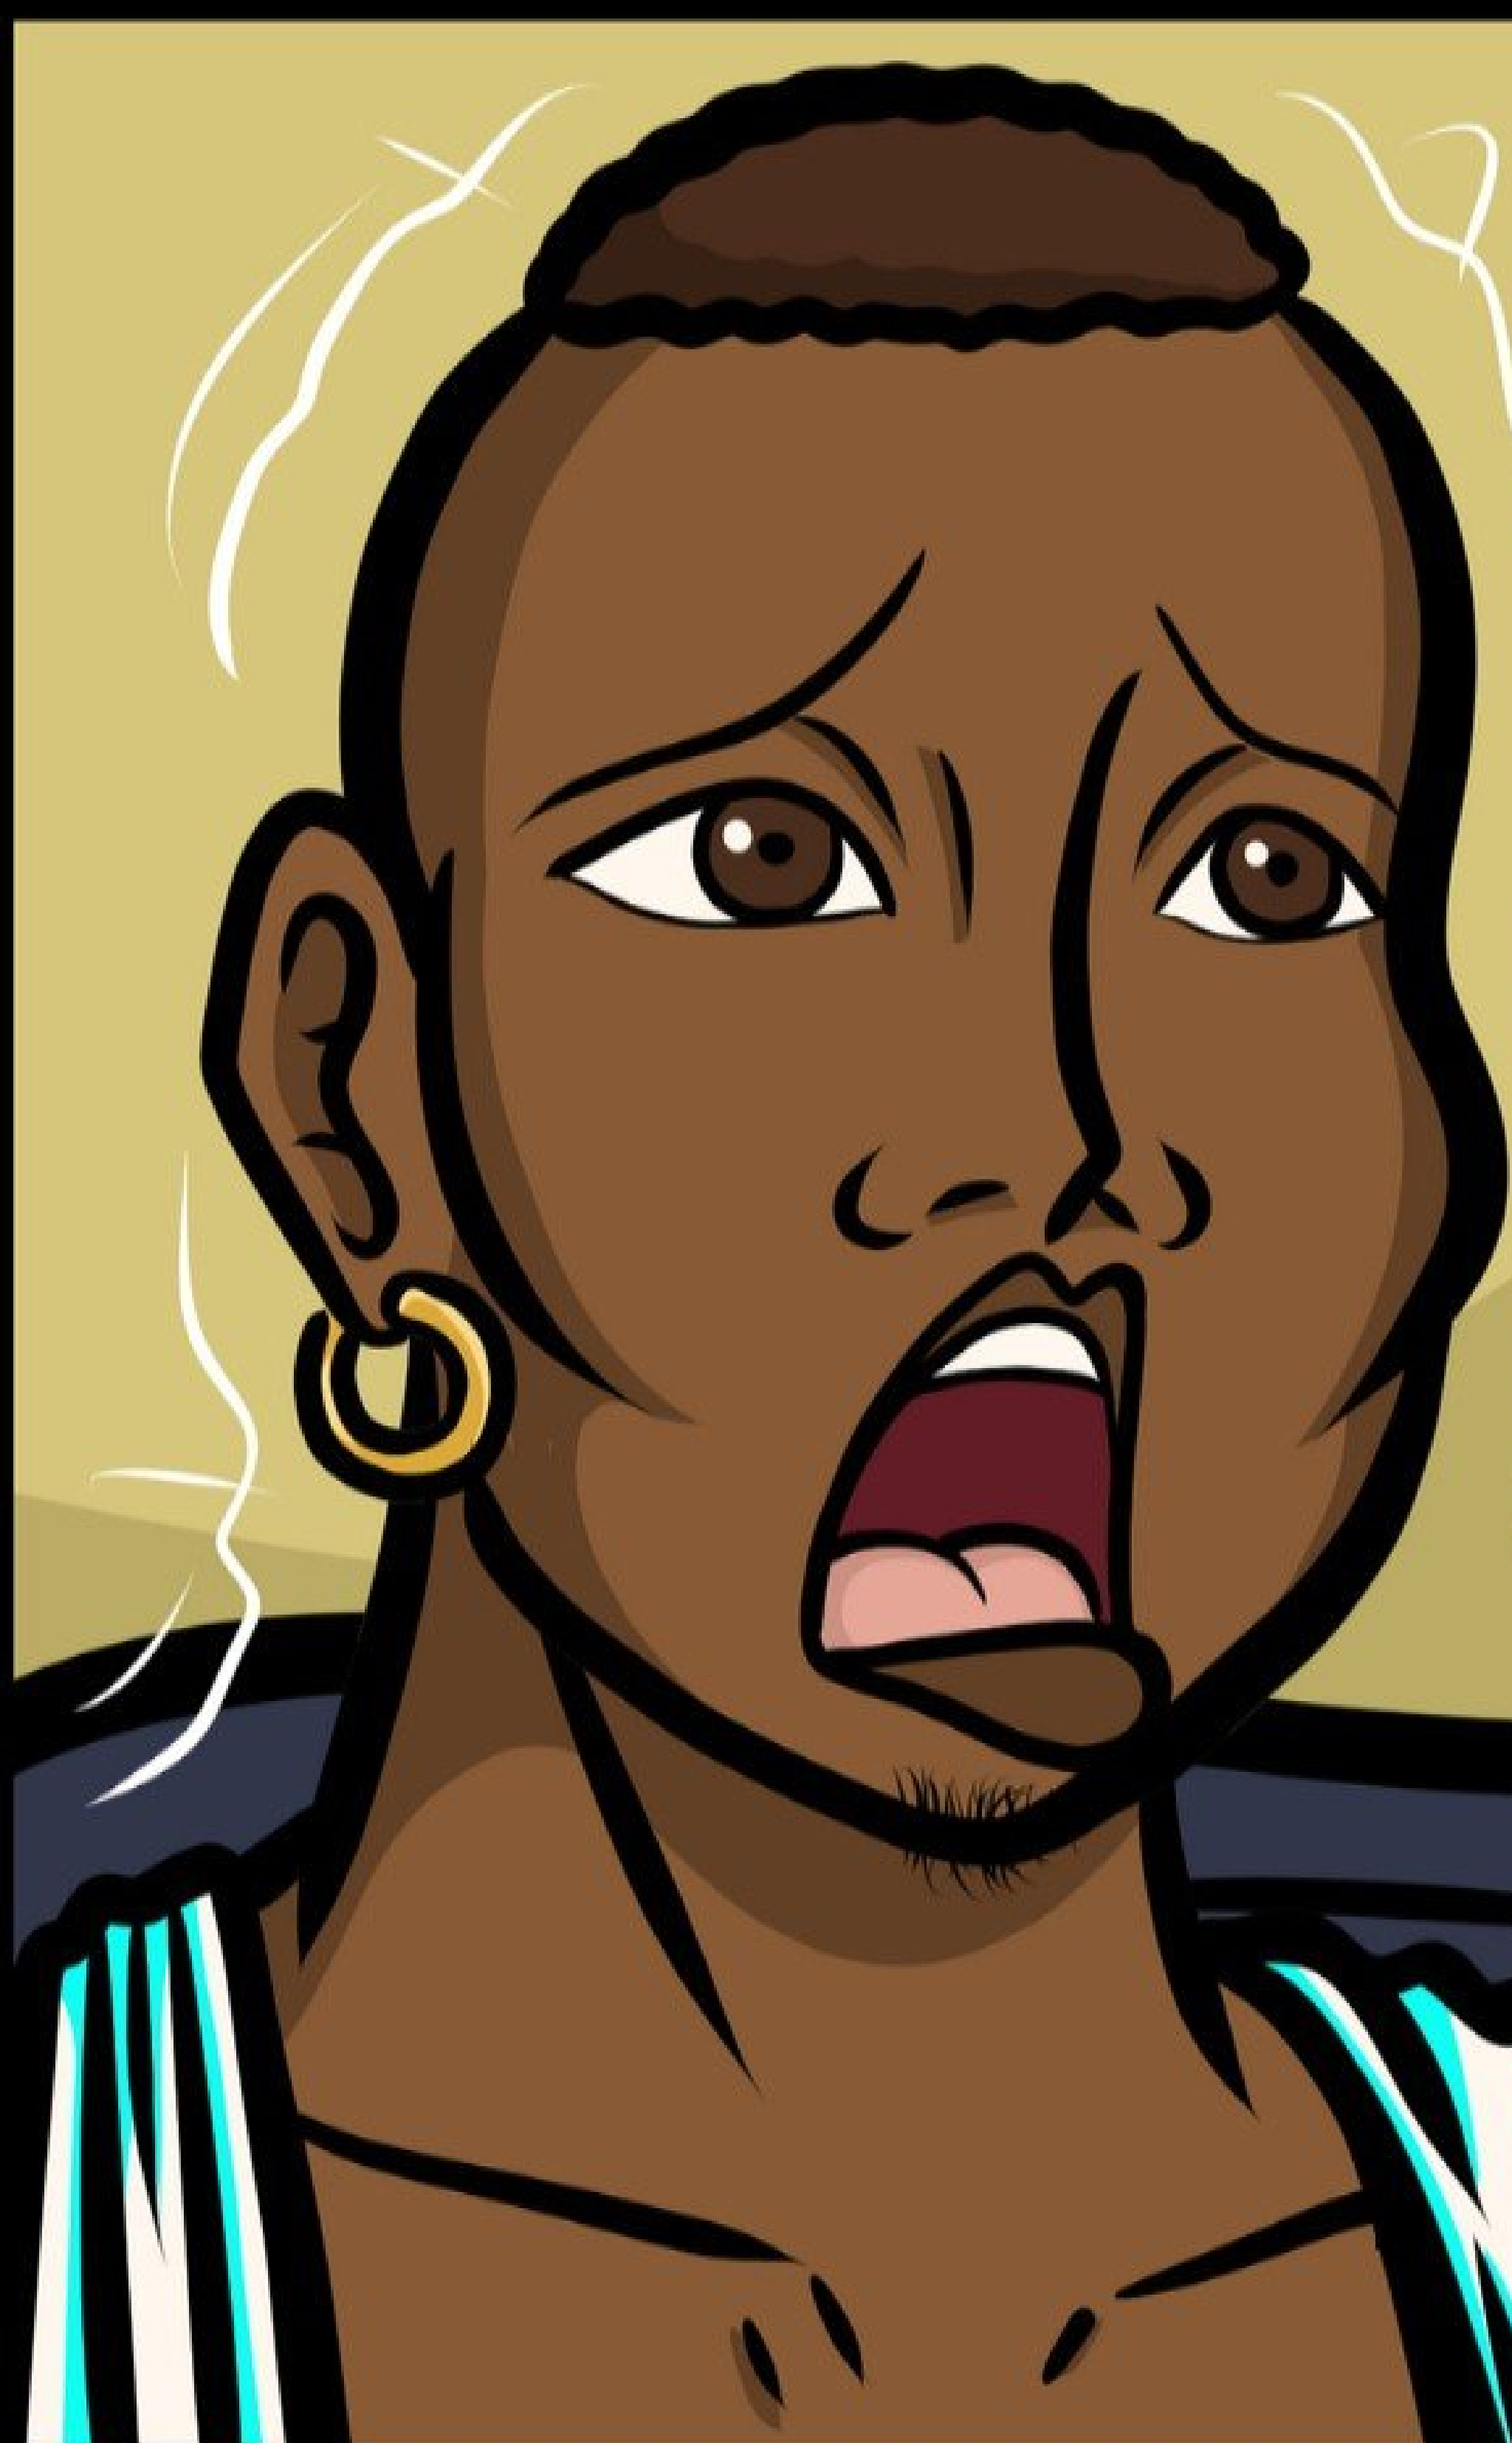

I don't want to imagine the worst..., but, this anguish is killing me.

Please... don't let this family be disgraced...

Do you understand what I mean?

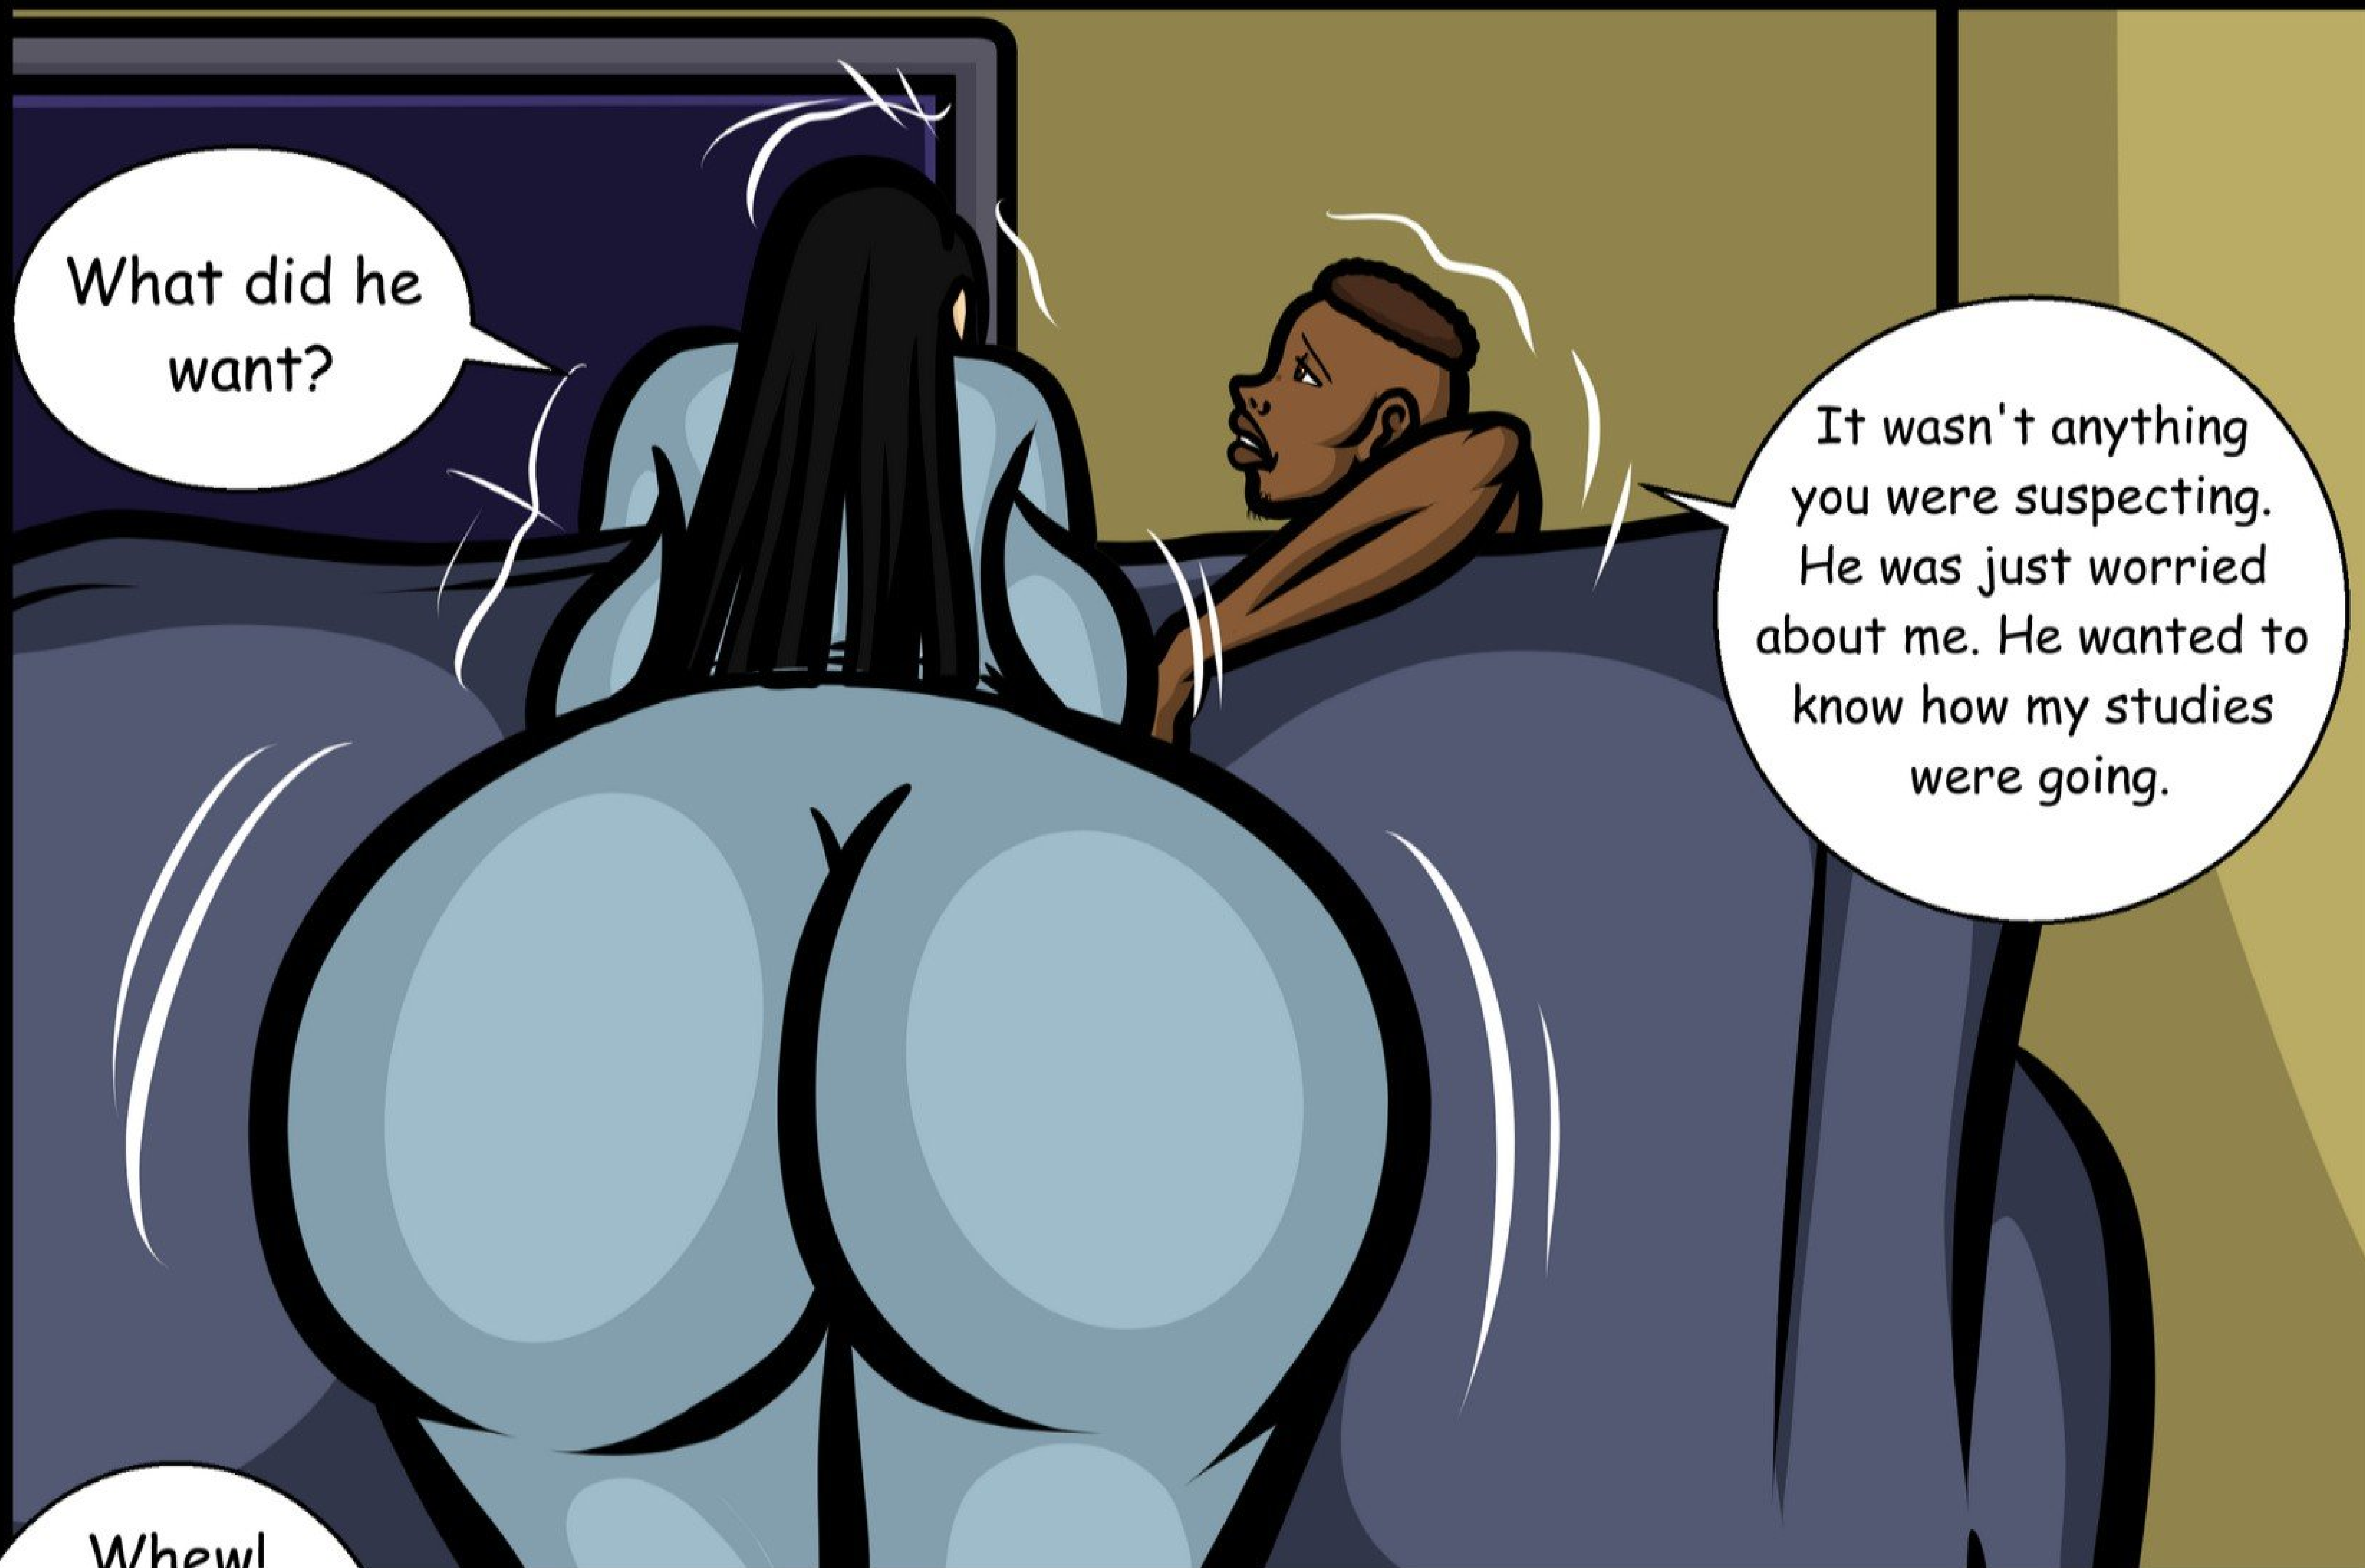

It's just that I don't want to worry you, Onii-chan. You're already full of problems with your hard work.

It's important that you always keep me informed about your life, Gavin. I am still responsible for you.

What did he want?

It wasn't anything you were suspecting. He was just worried about me. He wanted to know how my studies were going.

Whew!
What a relief!
I thought it was the end.

Relax, Nee-san...
He doesn't even know about us.

You are so sure of yourself. Aren't you worried that it will end in trouble? We've already escaped danger twice.

Are you going to tell me that you haven't enjoyed the dangers we've been through?

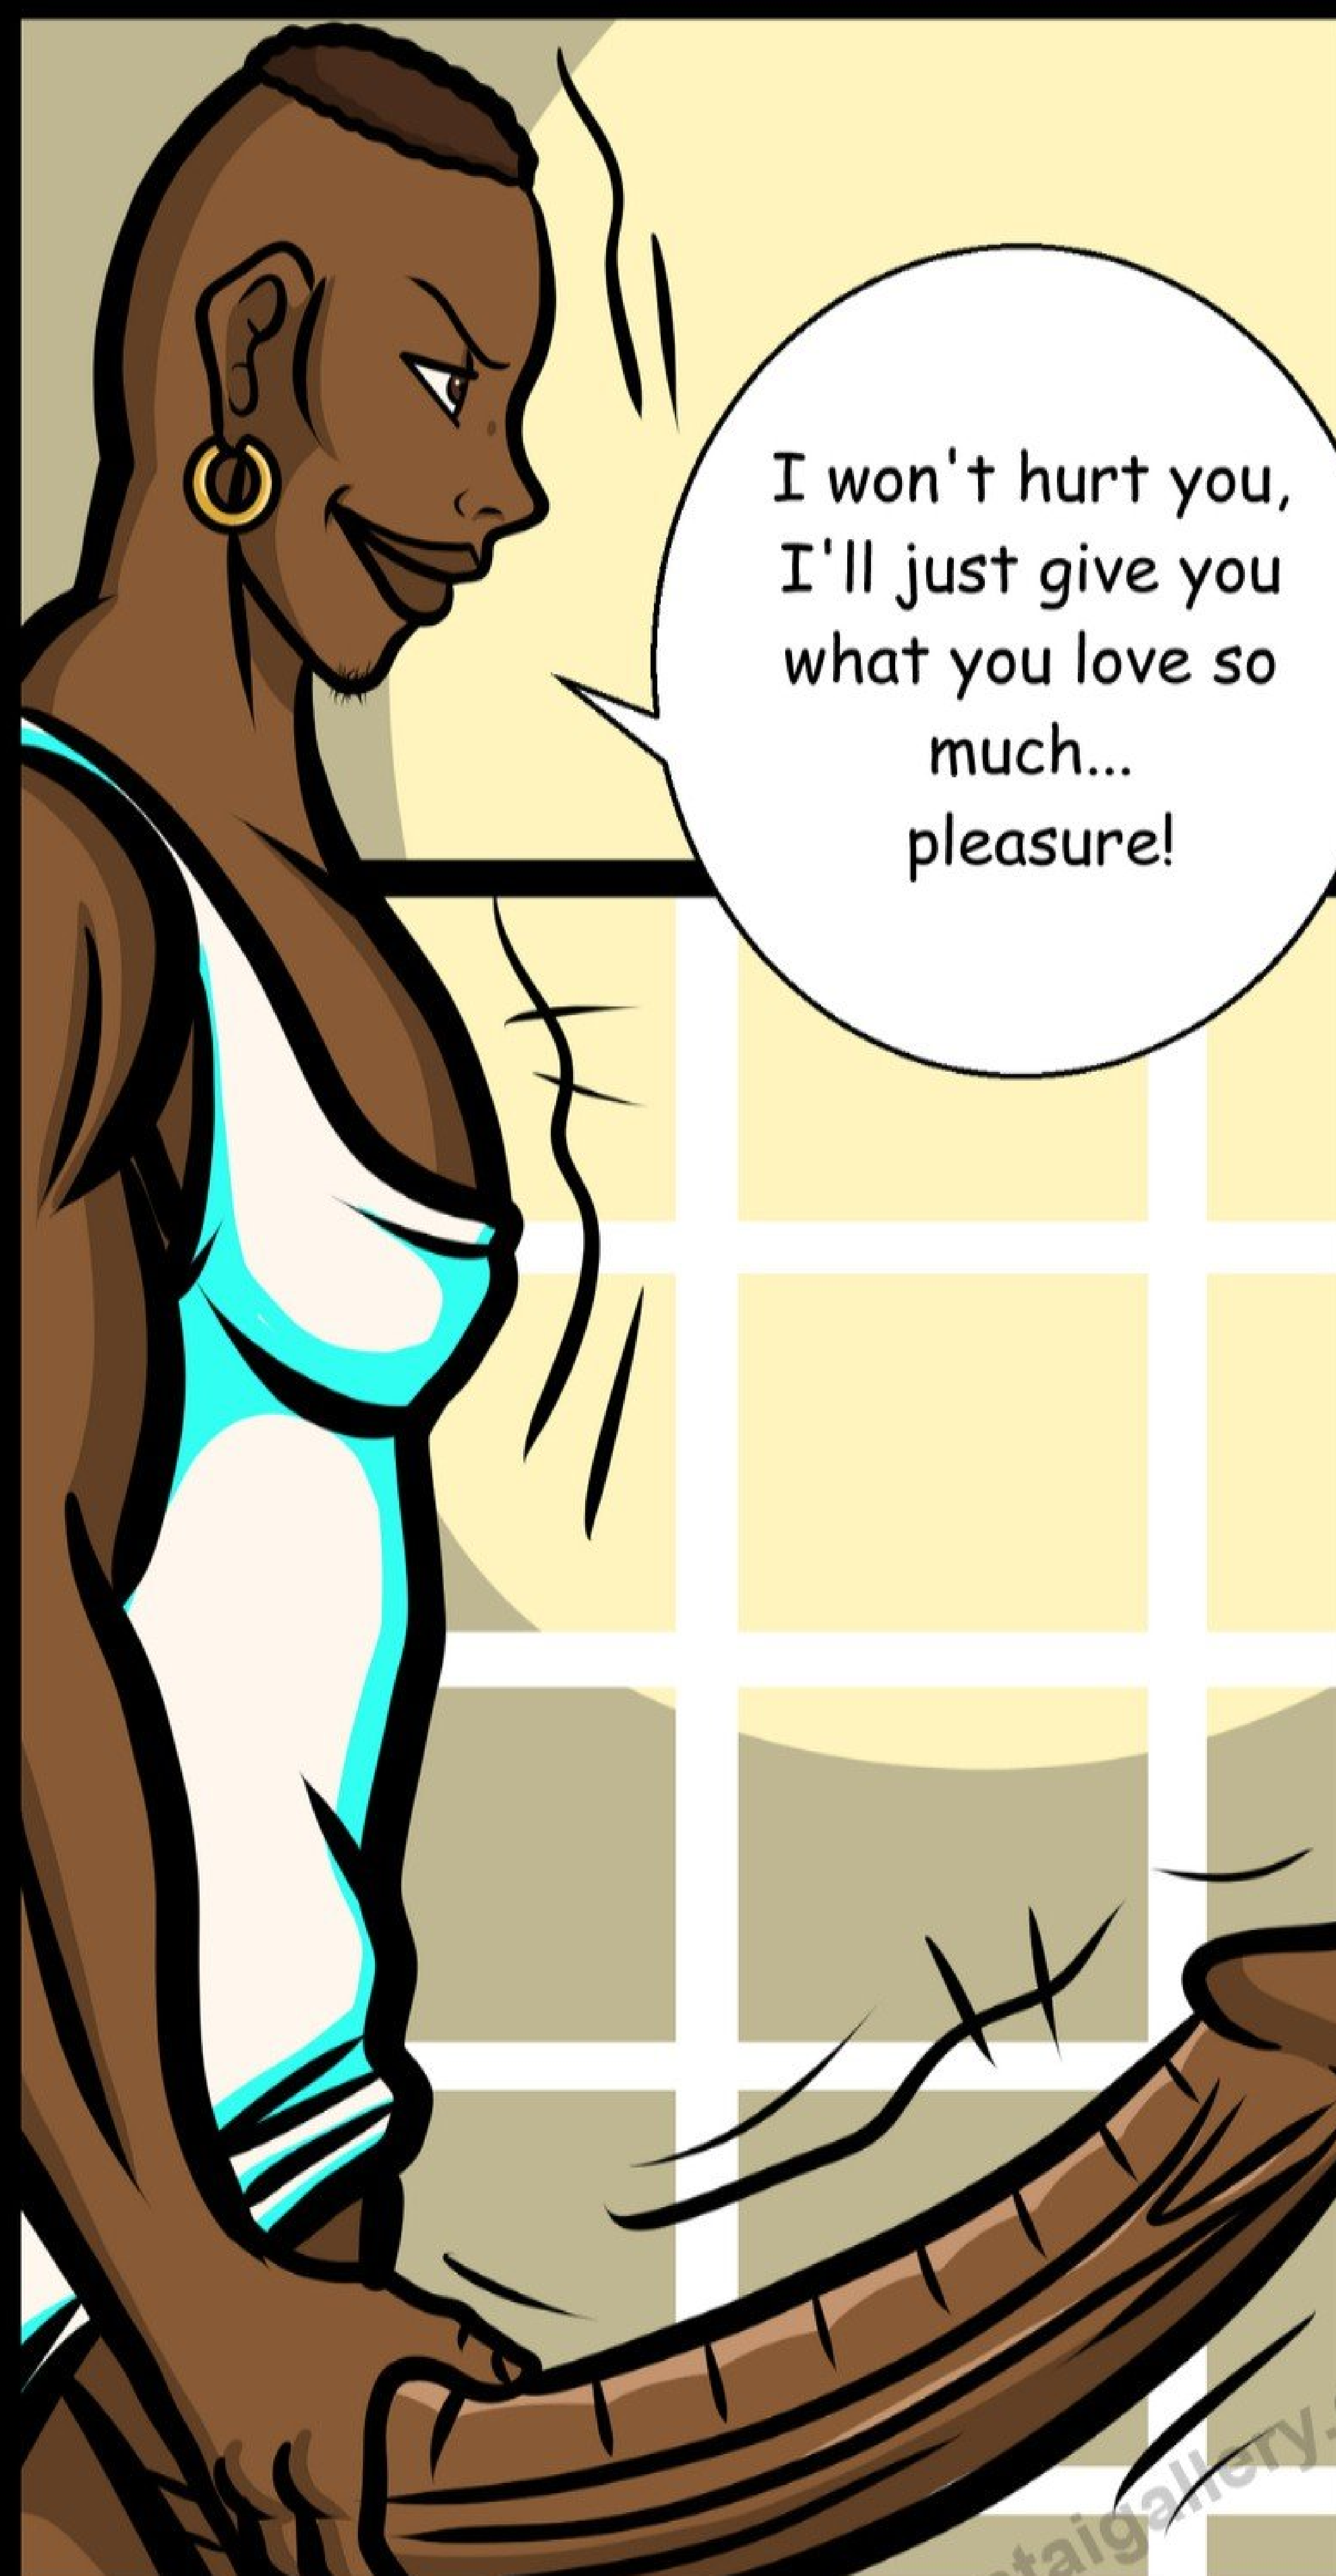

I know you like it!

Come on, it'll be quick!

I was a little more relieved to know that Kazuhiro had not - yet - discovered anything between me and Gavin, but as usual, my young brother-in-law wanted to use that as a pretext to shove that thick, long thing inside my poor... butt.

Like this?
Be quick, please!

SLIIISH!!

All right!
I'm coming in...
Slowly...
Slowly...

THRUST!!

Gasp!!
Ohhhhhh!!

Onii-chan should be asleep by now. He's a heavy sleeper, so let's enjoy tonight, Nee-san!

Ohhhh! Go easy!
It still hurts back there.

AHHHHHHH!!
OHHHHHH!!

In the bathroom we were a little safer, although the risk of Kazuhiro suddenly emerging was real. Gavin, on the other hand, didn't seem to care one bit and kept his focus on penetrating my aching anus as deeply as possible.

My anus was really sore that night. I could already imagine that the constant, intense marathon of anal sex would do a lot of damage to that sensitive and dirty part of my body.

You have given me
something much more
delicious than your pussy...
This valuable asshole!
Ha! Ha!

Ahhhhh!!
Ohhhhhh!!

We flirted with danger... While we were in our constant moments of perversity, Kazuhiro, missing me, went to the bathroom door to check things out.

Honey,
I can't go now.
Please wait for me

SLAP!

Please, Gavin! Just
get it over with!

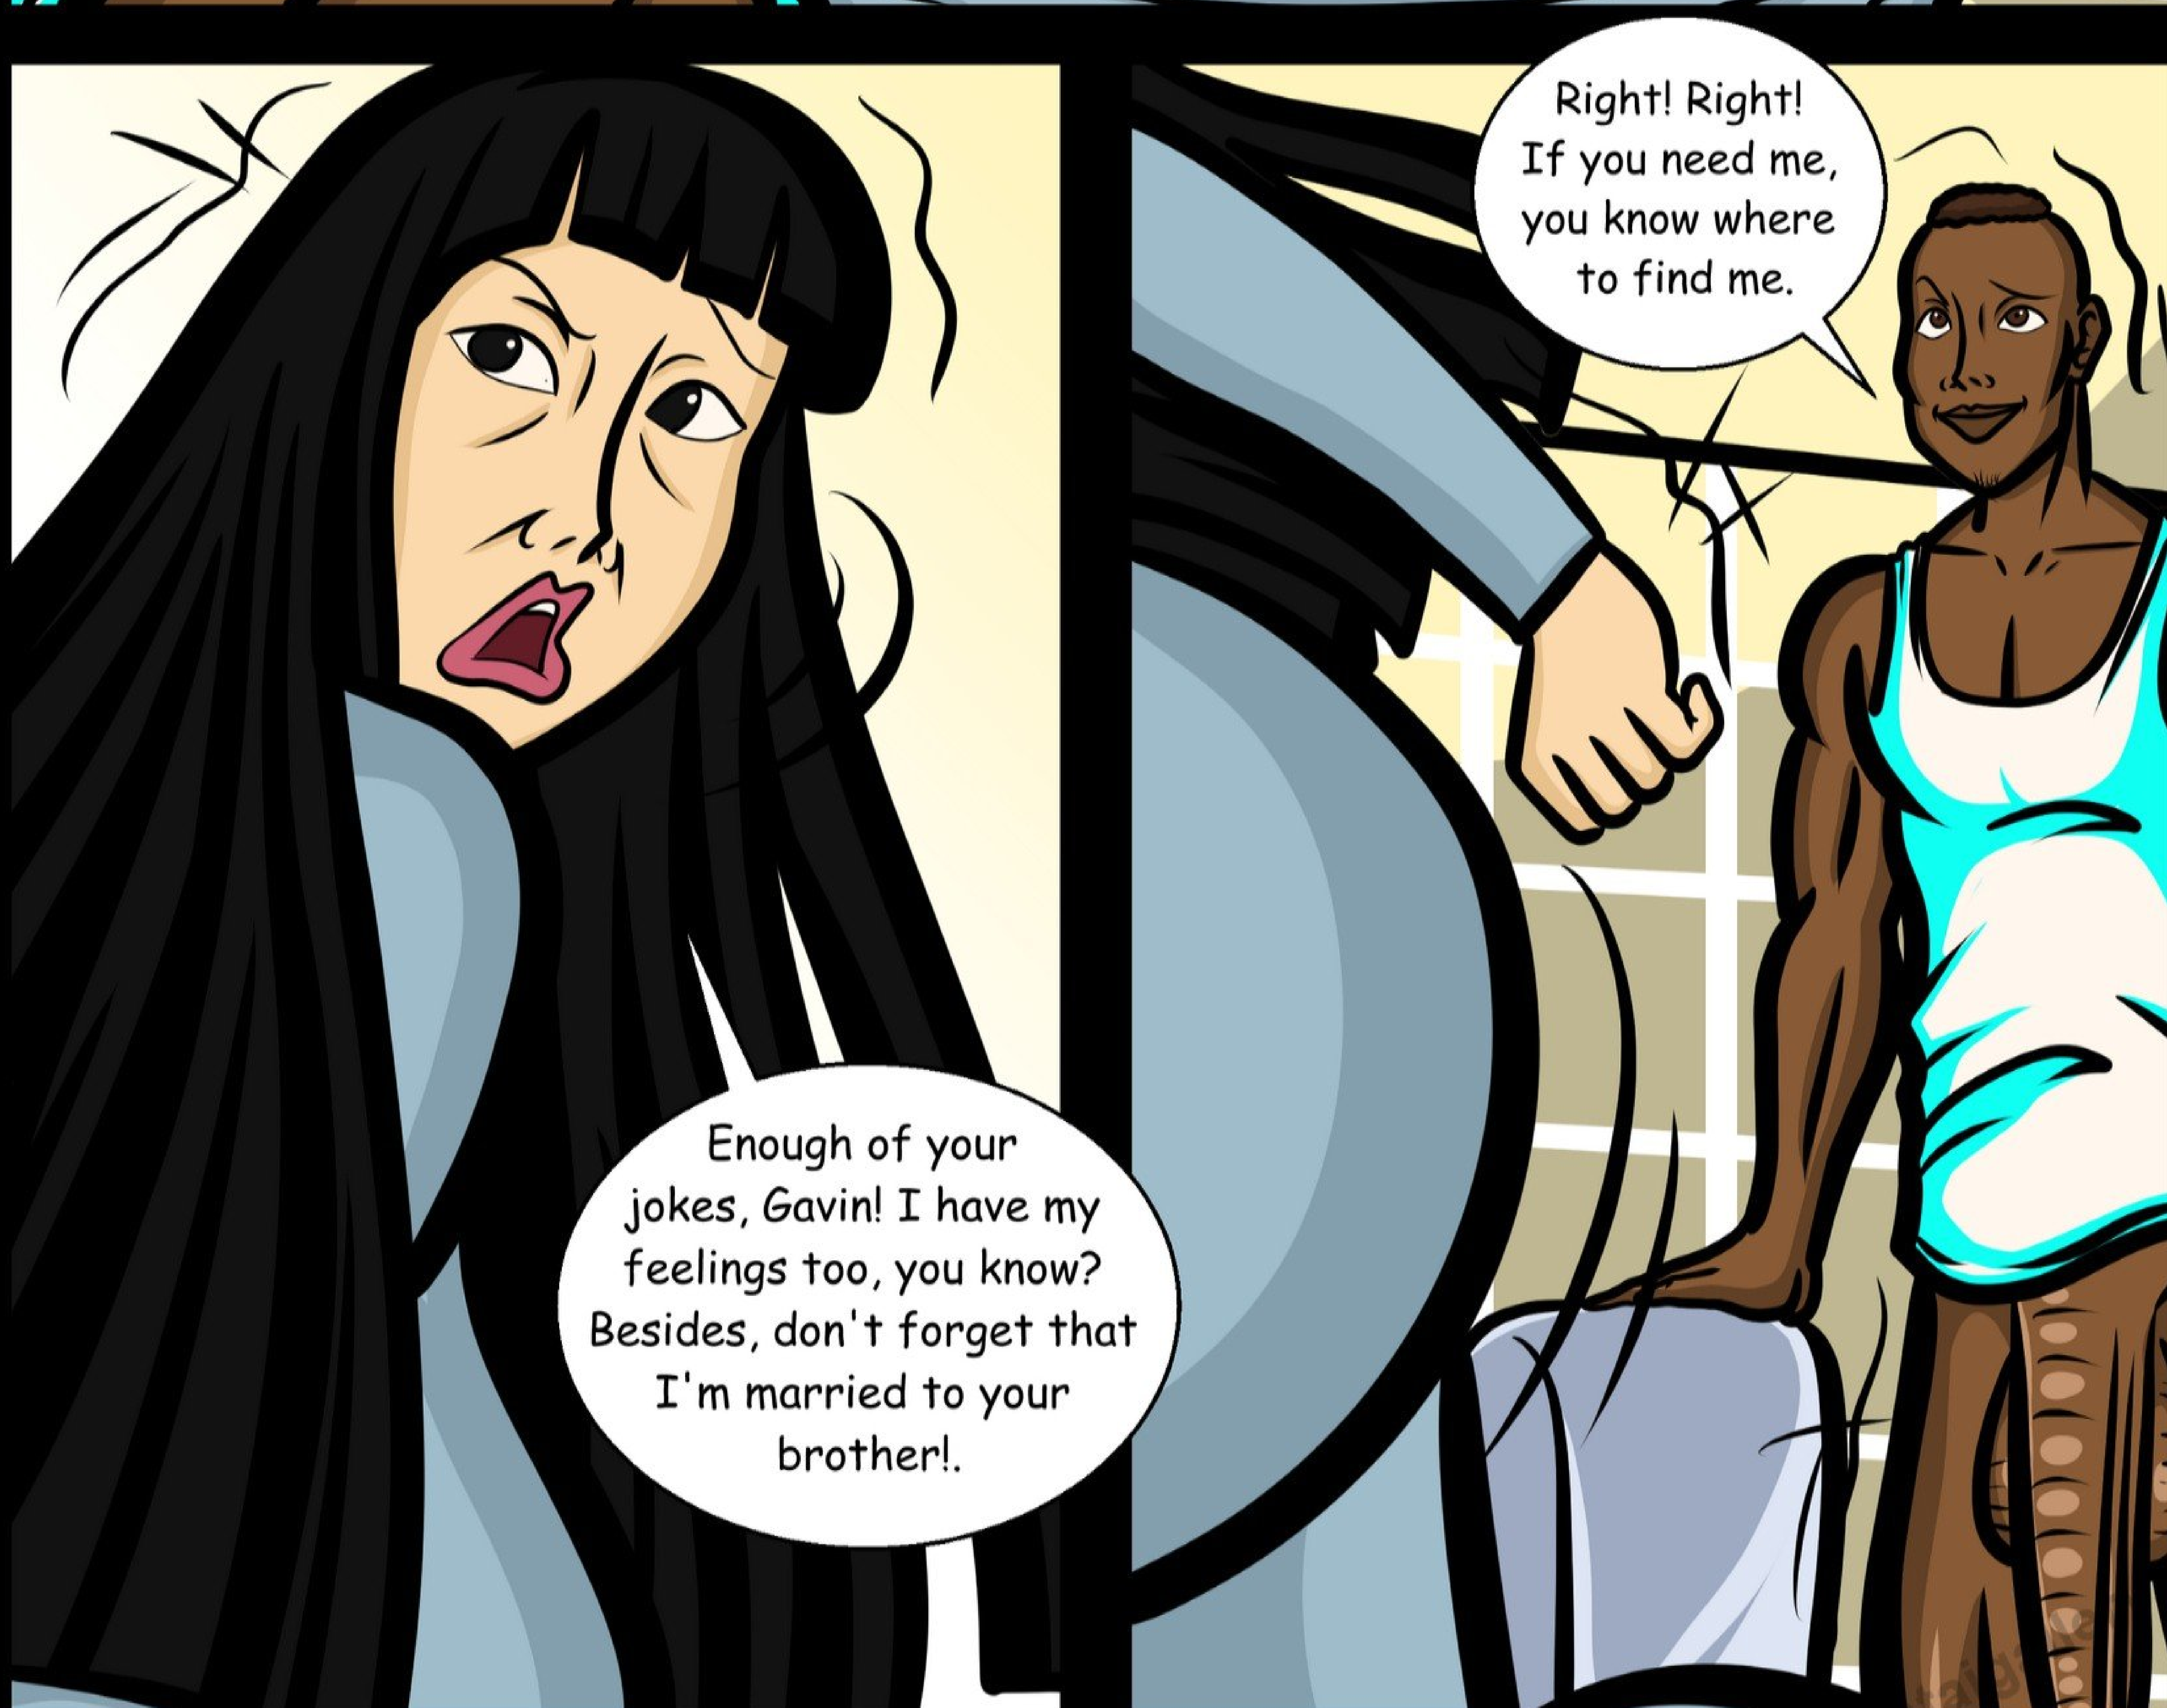

Hey,
don't
rush me!

Within seconds, I realized that rushing Gavin was not one of the best things to do at that moment. My sore anus was witness to that.

I was desperate to go and see my husband so I could finally have him in my arms again.

I rushed to my room. It felt like a dream, I was elated to know that my Kazuhiro would be waiting for me to make love like in the recent past.

He had slept Again. Clearly I had underestimated Kazuhiro's ability to let me down once again. I thought - wrongly - that he could wait for me and finally return to his duties in bed as a husband.

He didn't wait for me... again....

Go to sleep...
Forget your wife...
Forget that you are married...
