

Хорошего Дня!

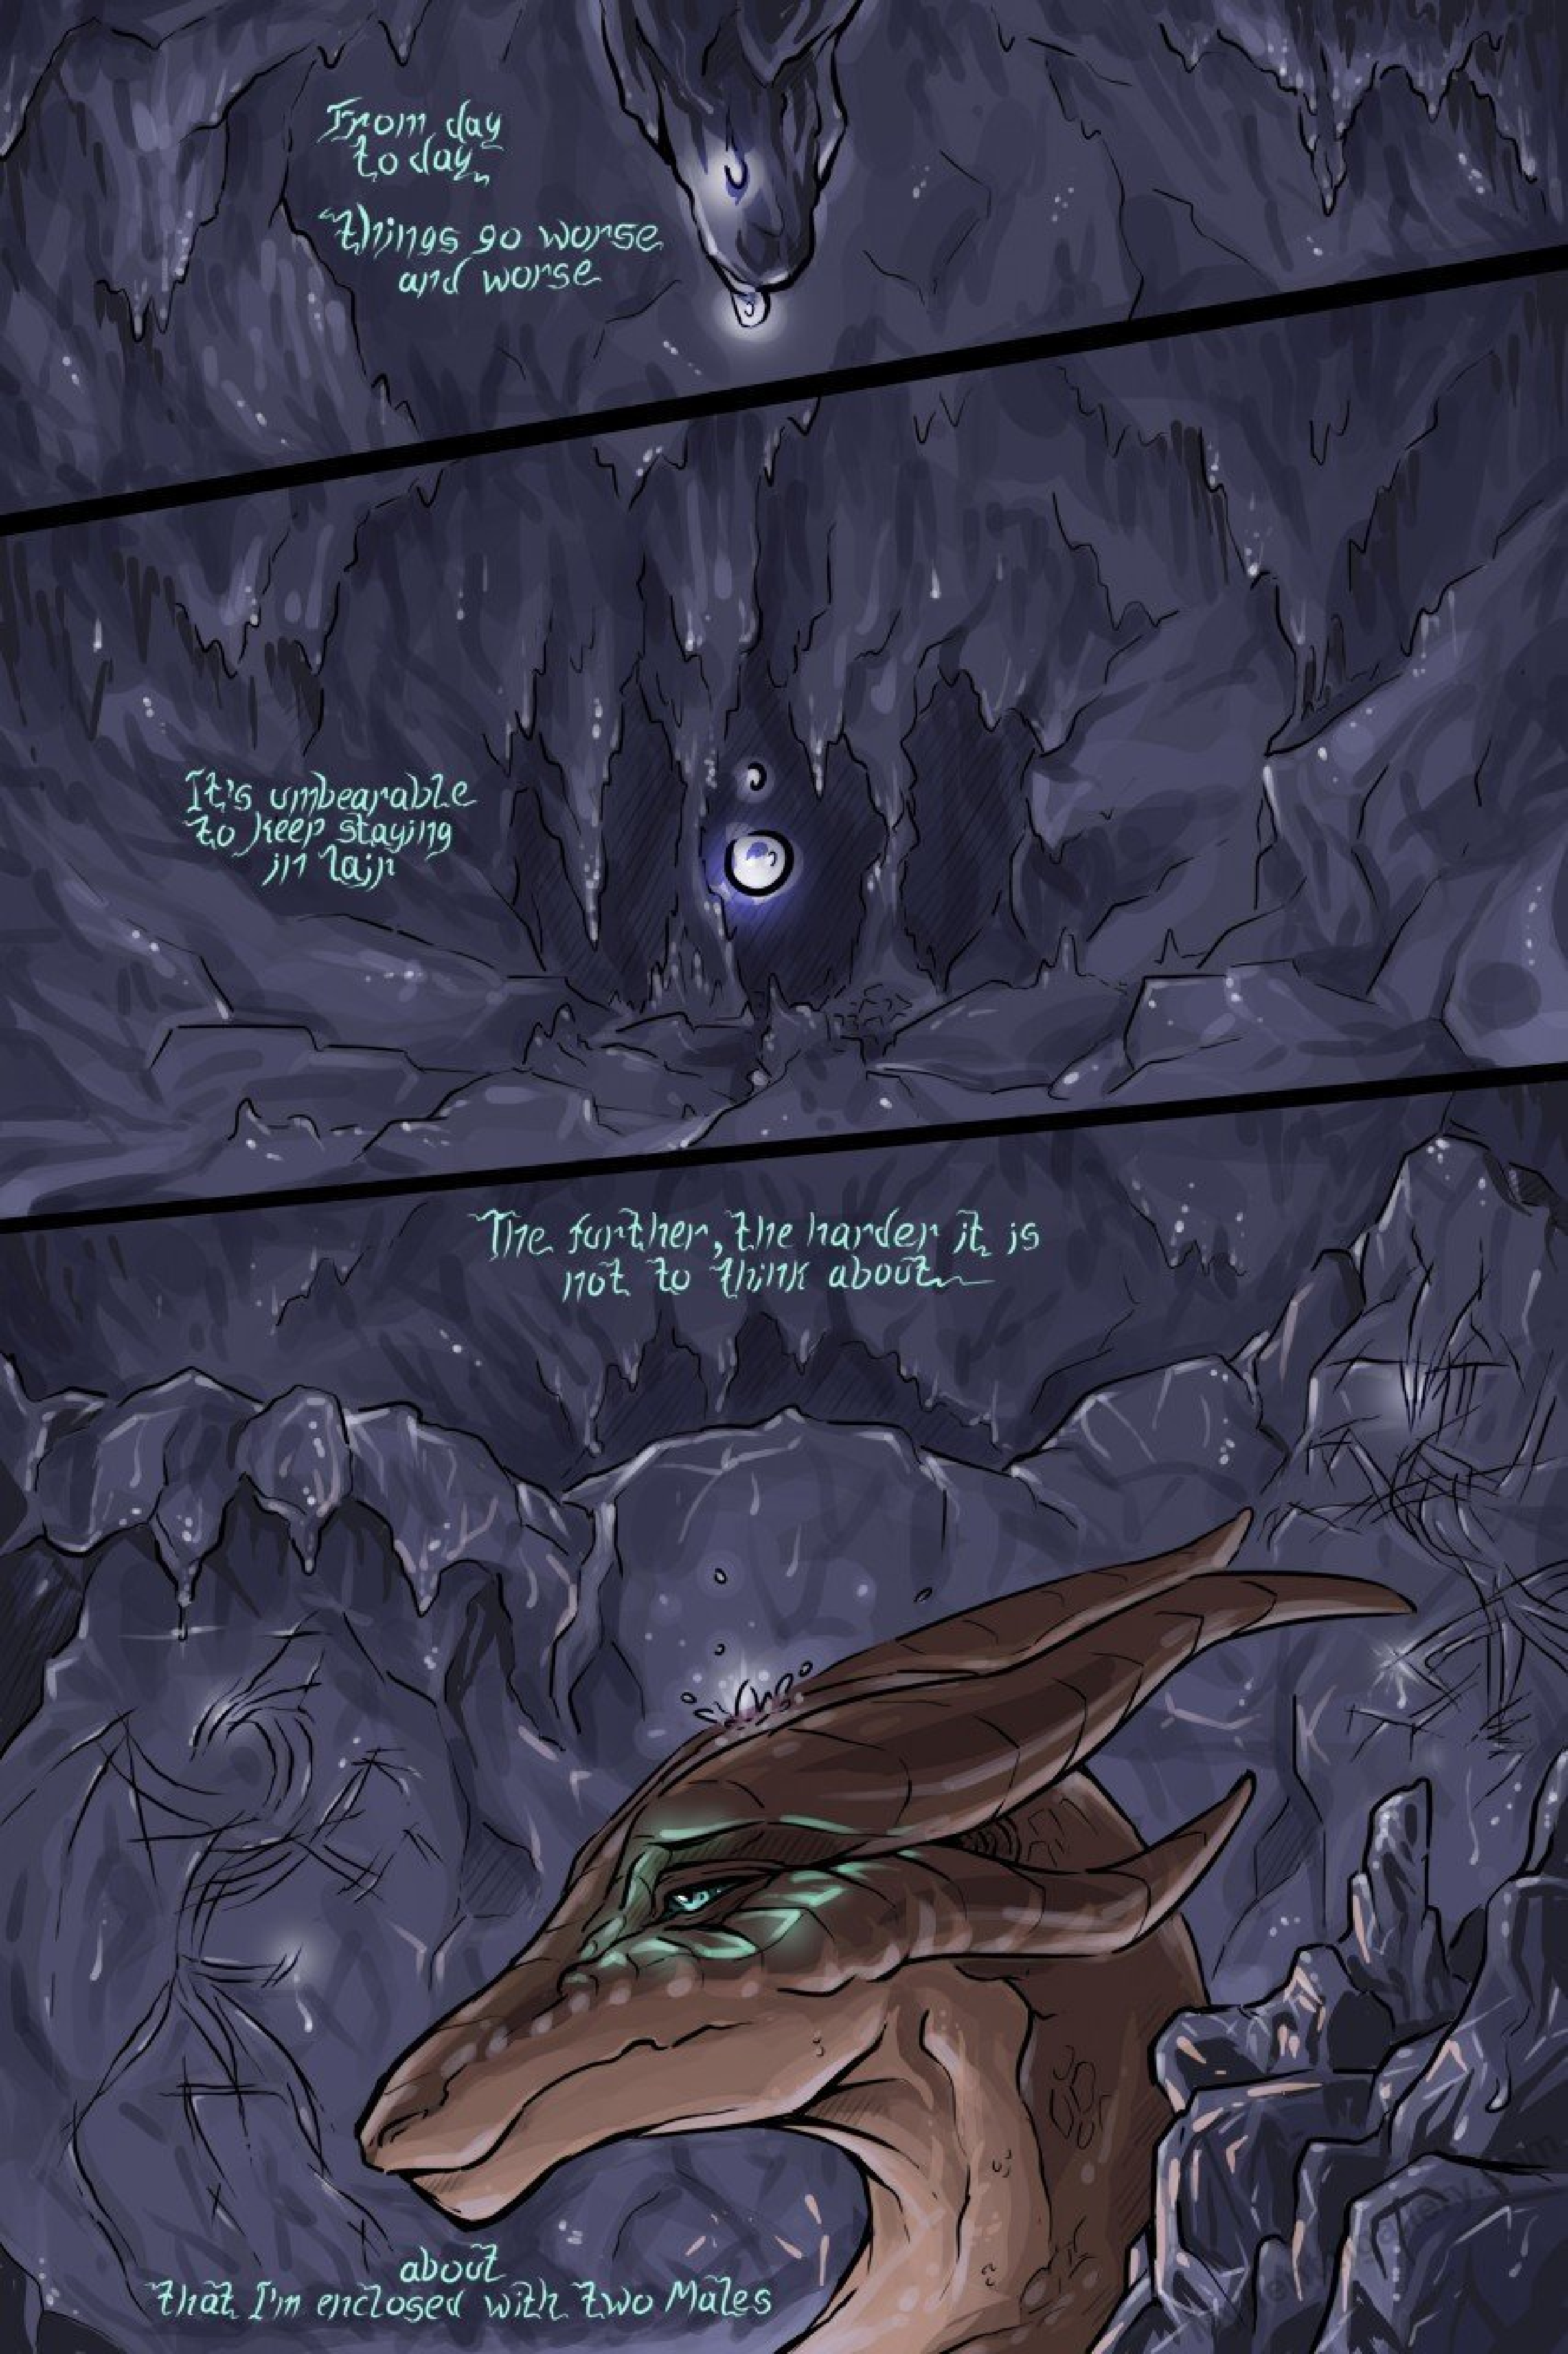

CHAPTER III

IN WHICH ISORA SHOWS A NEGLIGENCE THAT ALMOST BECAME FATAL

From day
to day,

Things go worse
and worse

It's unbearable
to keep staying
in jail

The further, the harder it is
not to think about

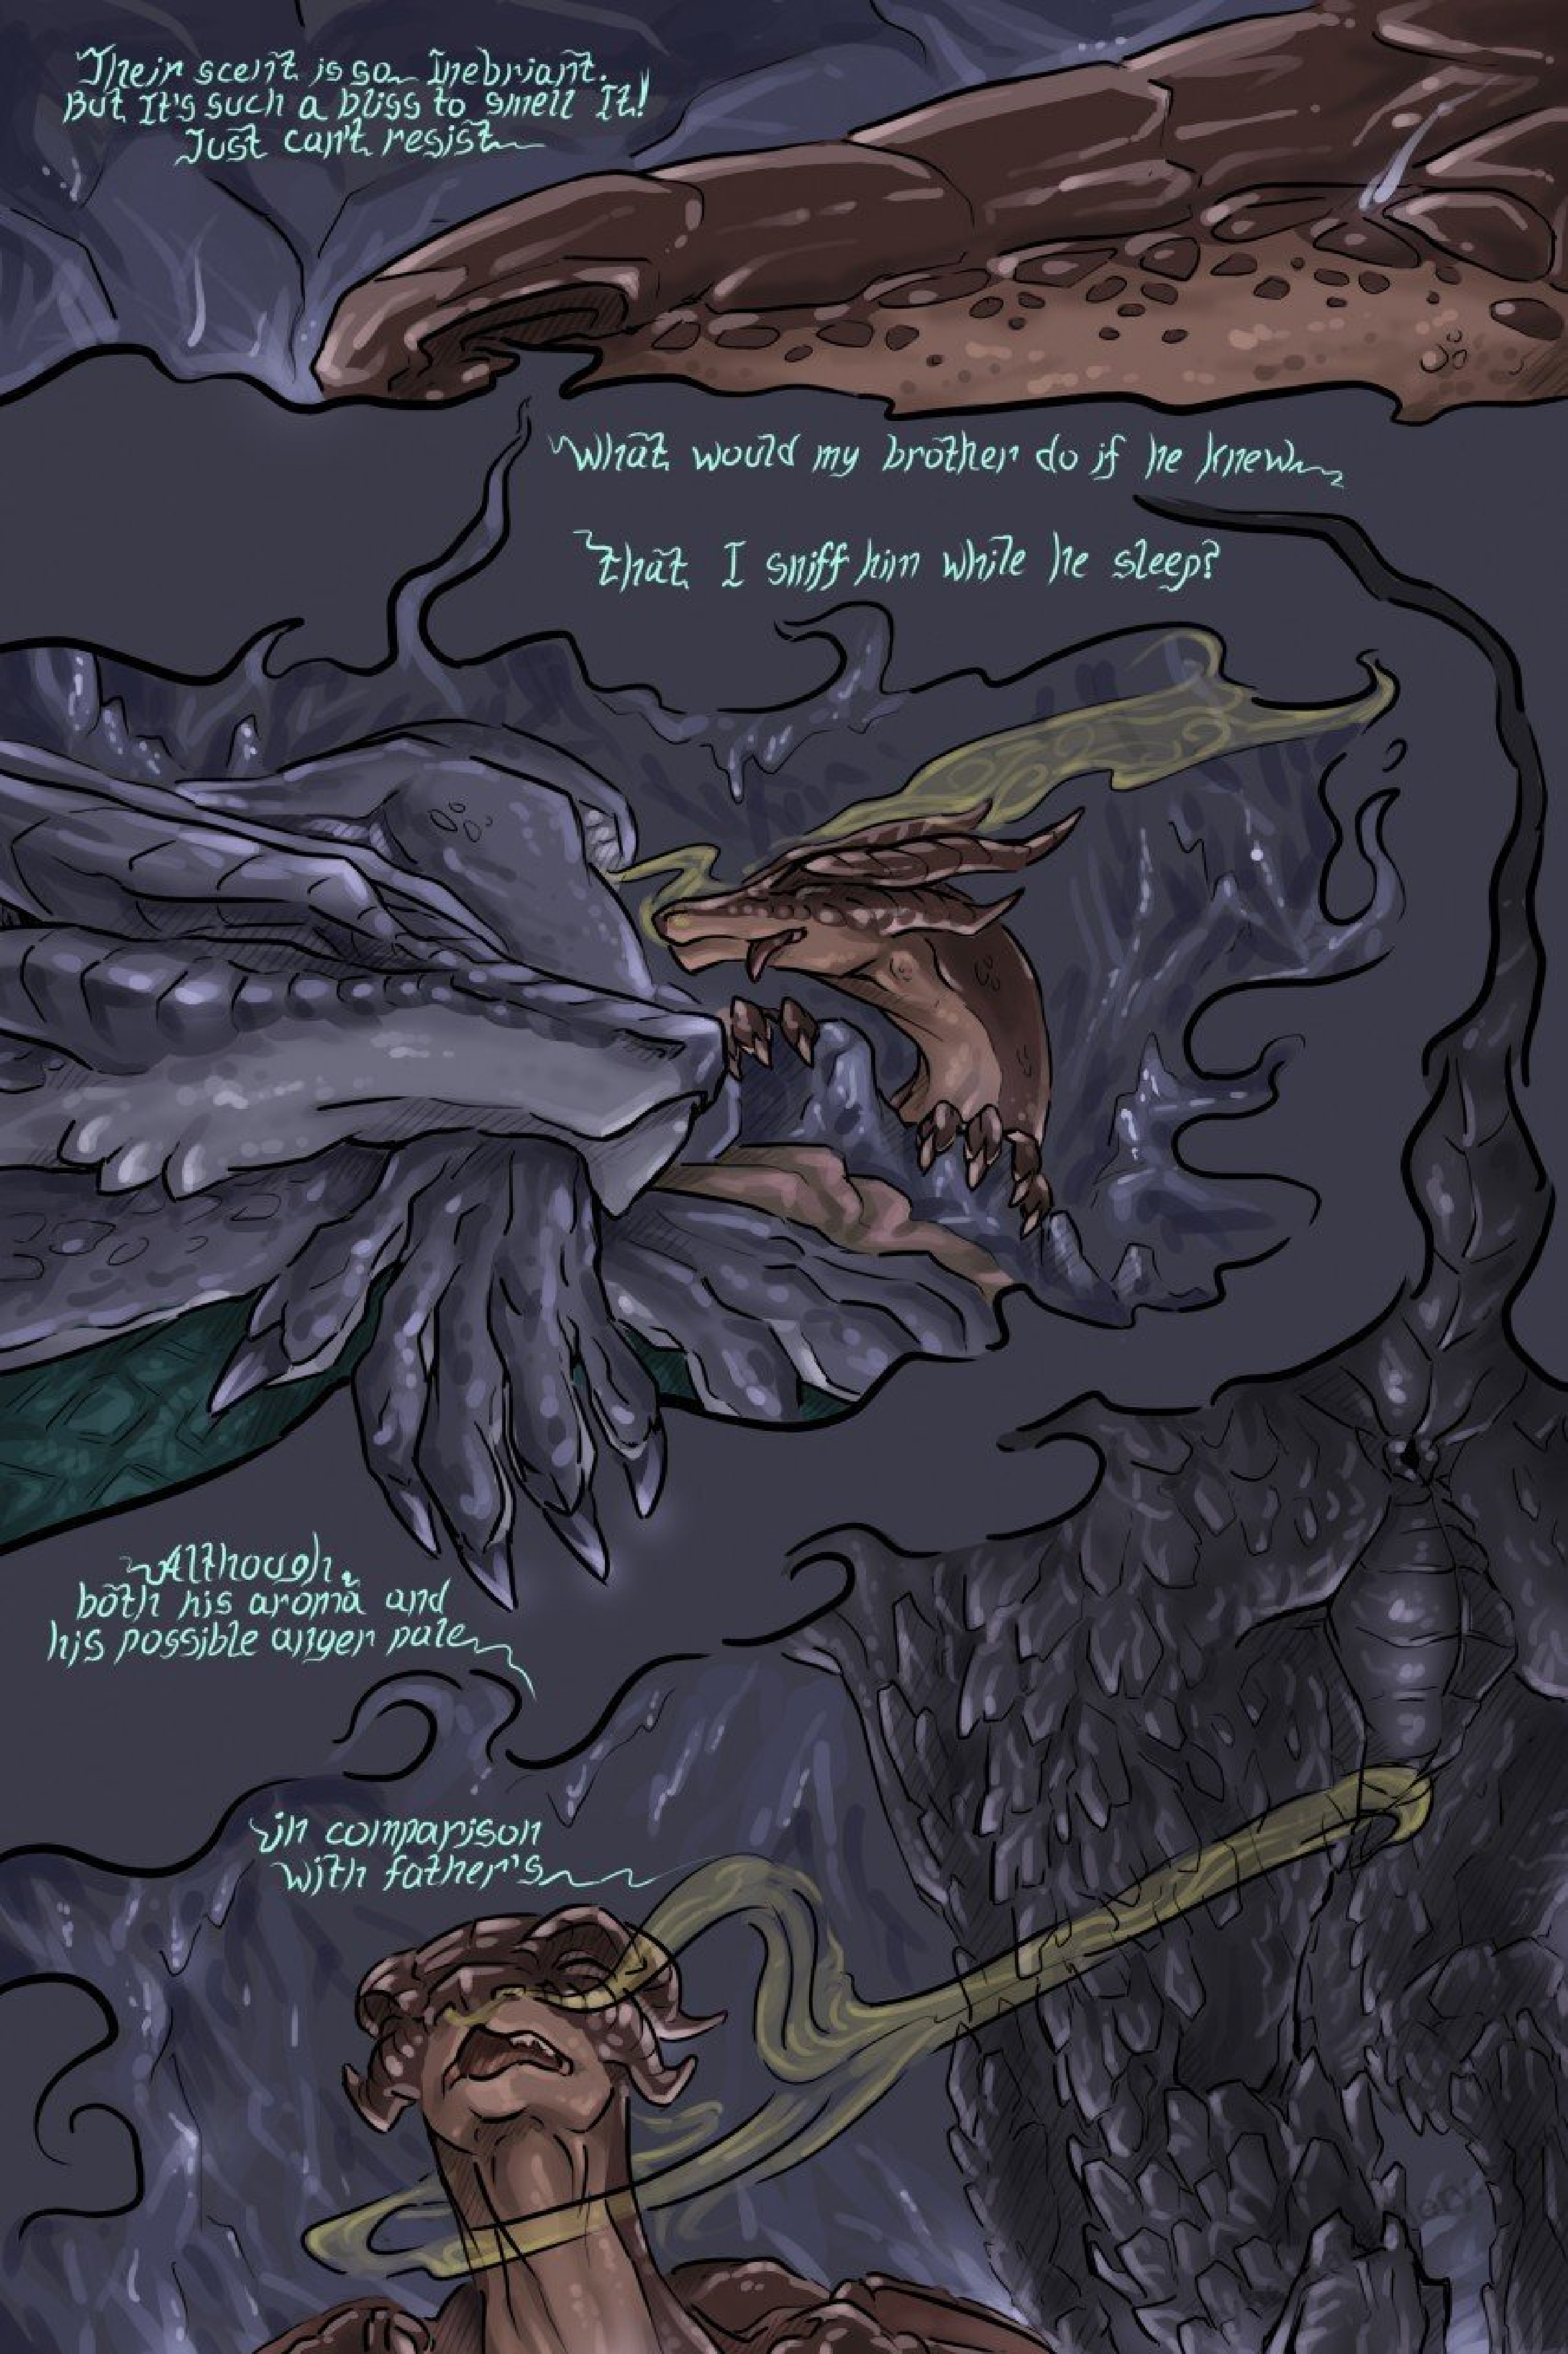

about
that I'm enclosed with two Males

Their scent is so Inebriant.
But It's such a bliss to smell It!
Just can't resist~

What would my brother do if he knew~
That I sniff him while he sleep?

Although,
both his aroma and
his possible anger pale~

In comparison
with father's~

Oh, how he smells!

He makes me
wet
every time.
I just walk
near him.

It's so difficult
to not staring in awe
at the mighty male's body.
If he find that out,
he'll be overwhelmed
with wrath.

But hey,
his tremendous roar of anger
also can turn me on!

Oh, how I want to be
his female!

To lift
my tale
at his demand

To grovel
next to his paws

Alas

I'm sure he'll kill me if I even try to seduce him

All that remains is
to sit in the water.
Cool, calming,
washing away
any smells water

Don't give a damn
If the family
finds it
strange

There are... more stranges with me

When I'm on a dry land

Better they think
that I'm charmed
with meditation
on a waterfall sound
or whatever

Meh,
In meditation
I'm bad too

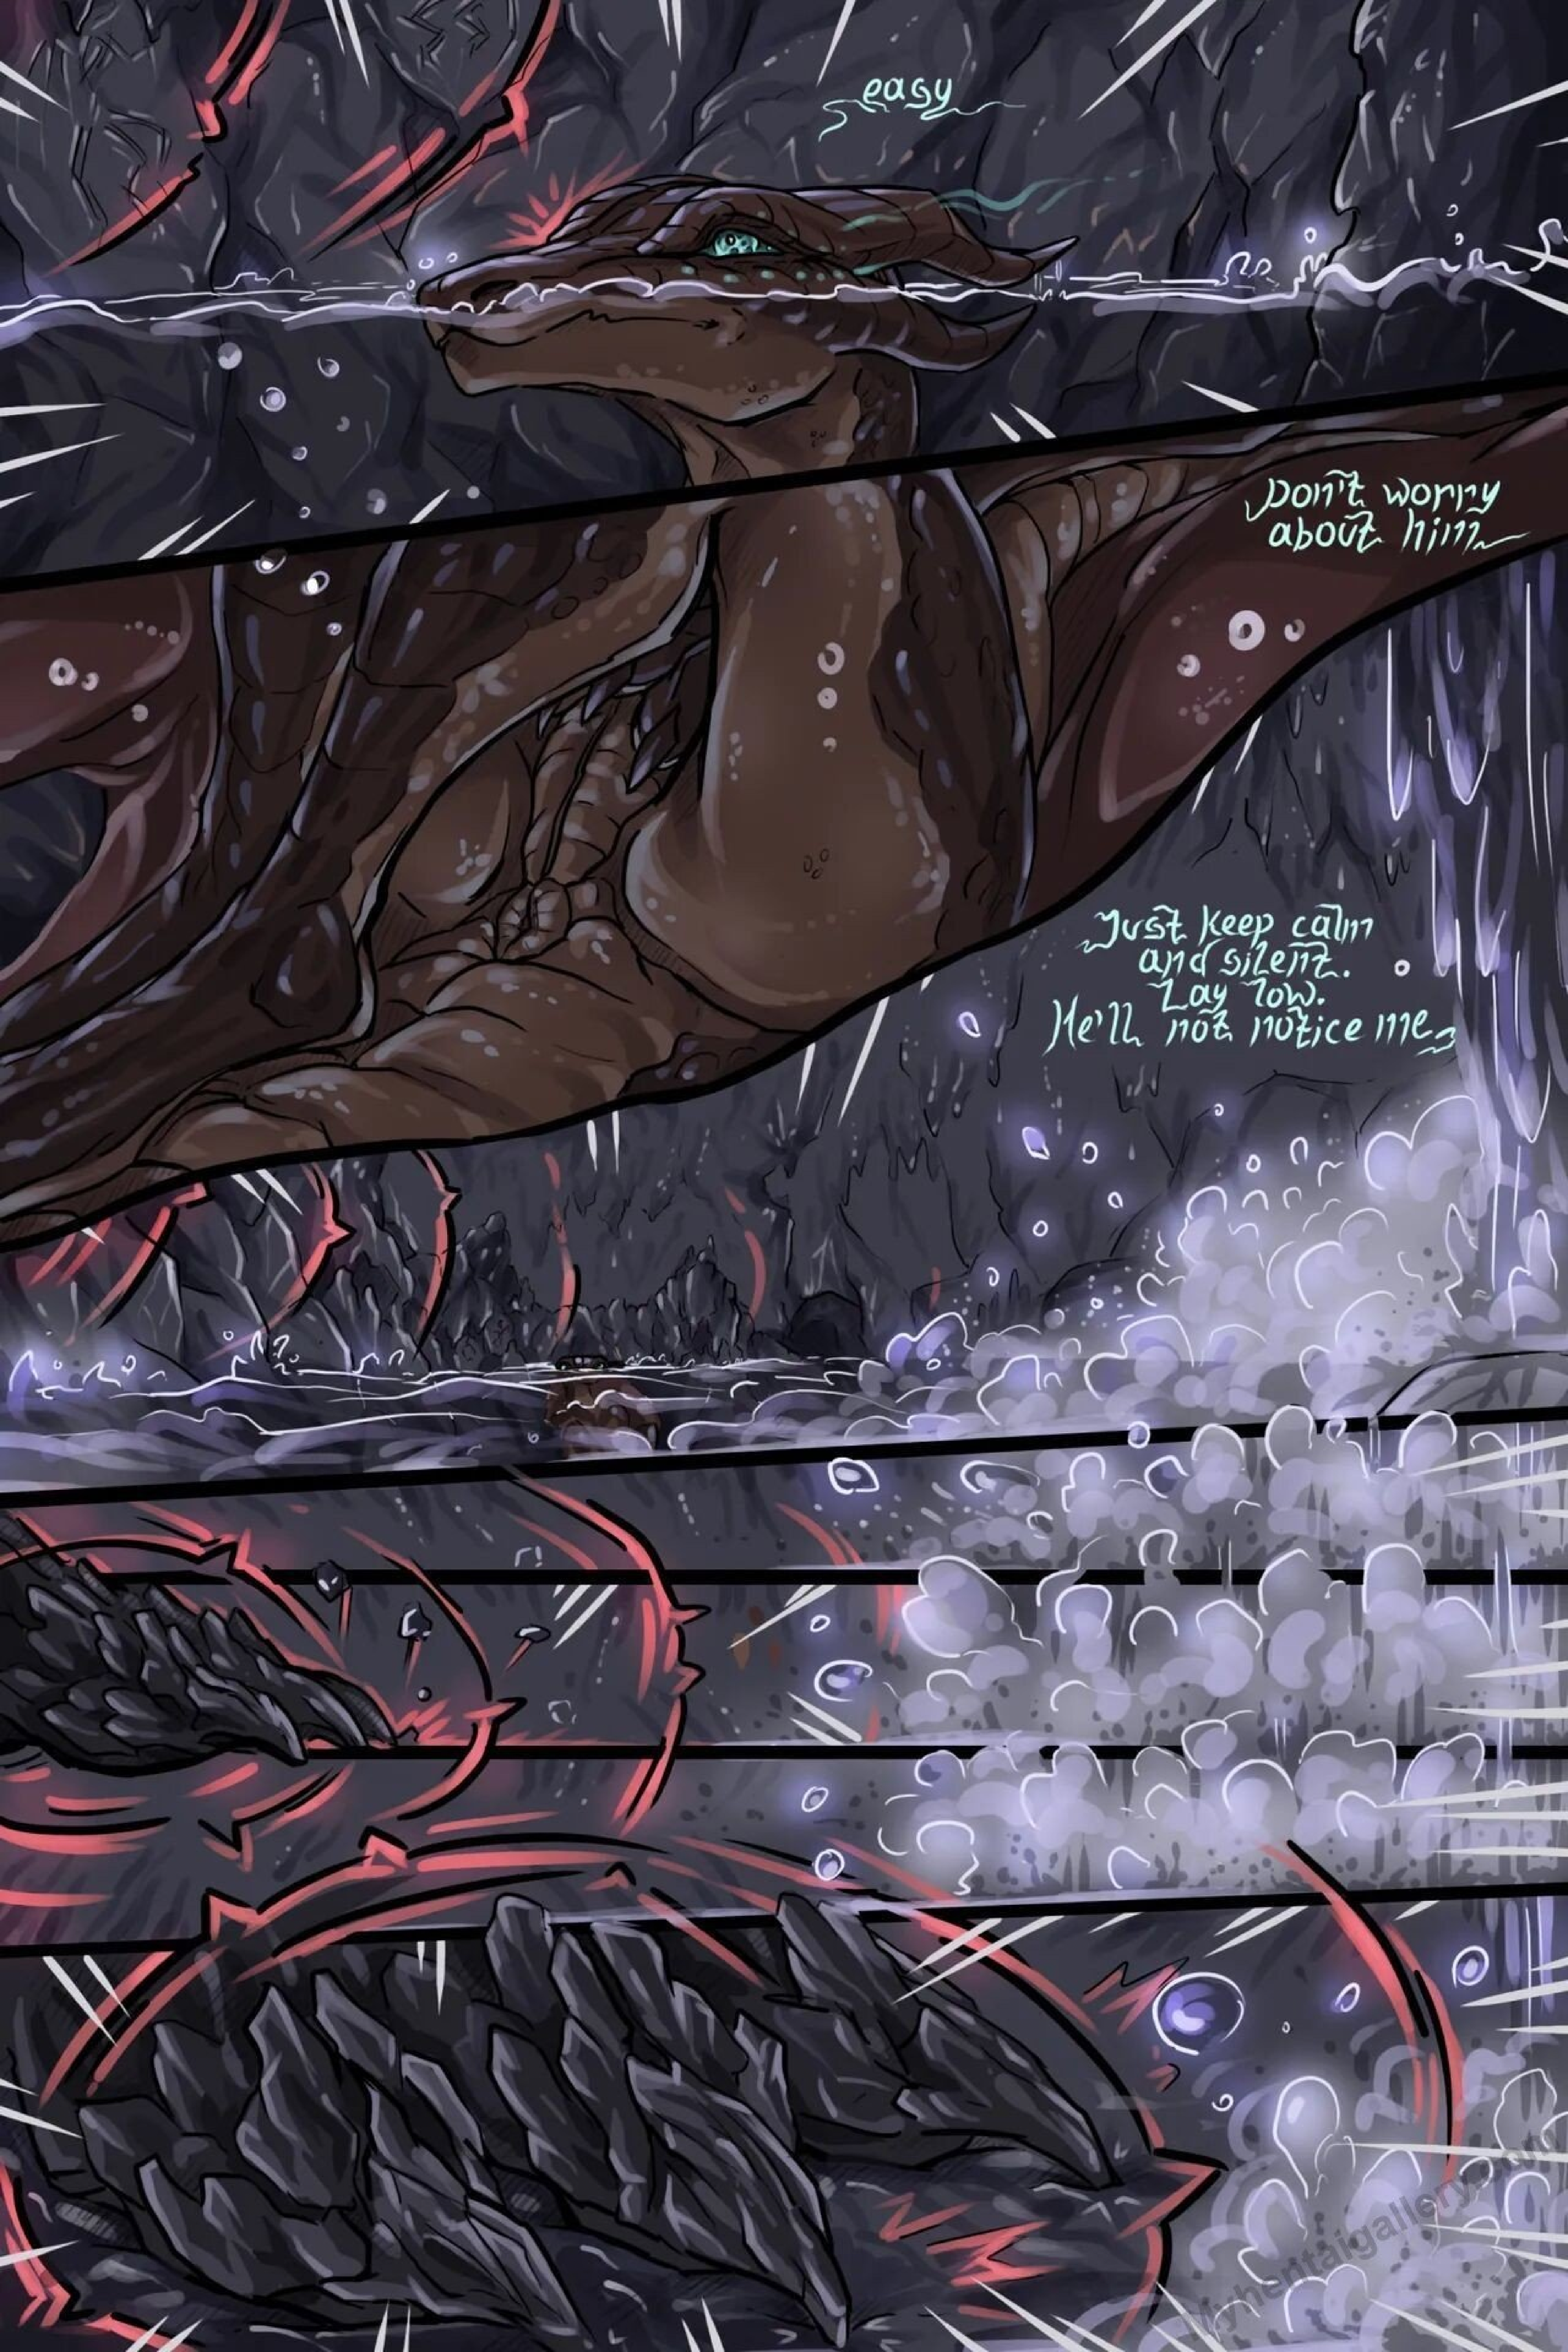

If I leave only the nostrils
and eyes on the surface,
I am hard to notice here.

Smells will be
washed away

Underground river is a great thing.
You can pee here, just in a lair,
and all will be gone
with a stream.

Oh!

The Father is coming

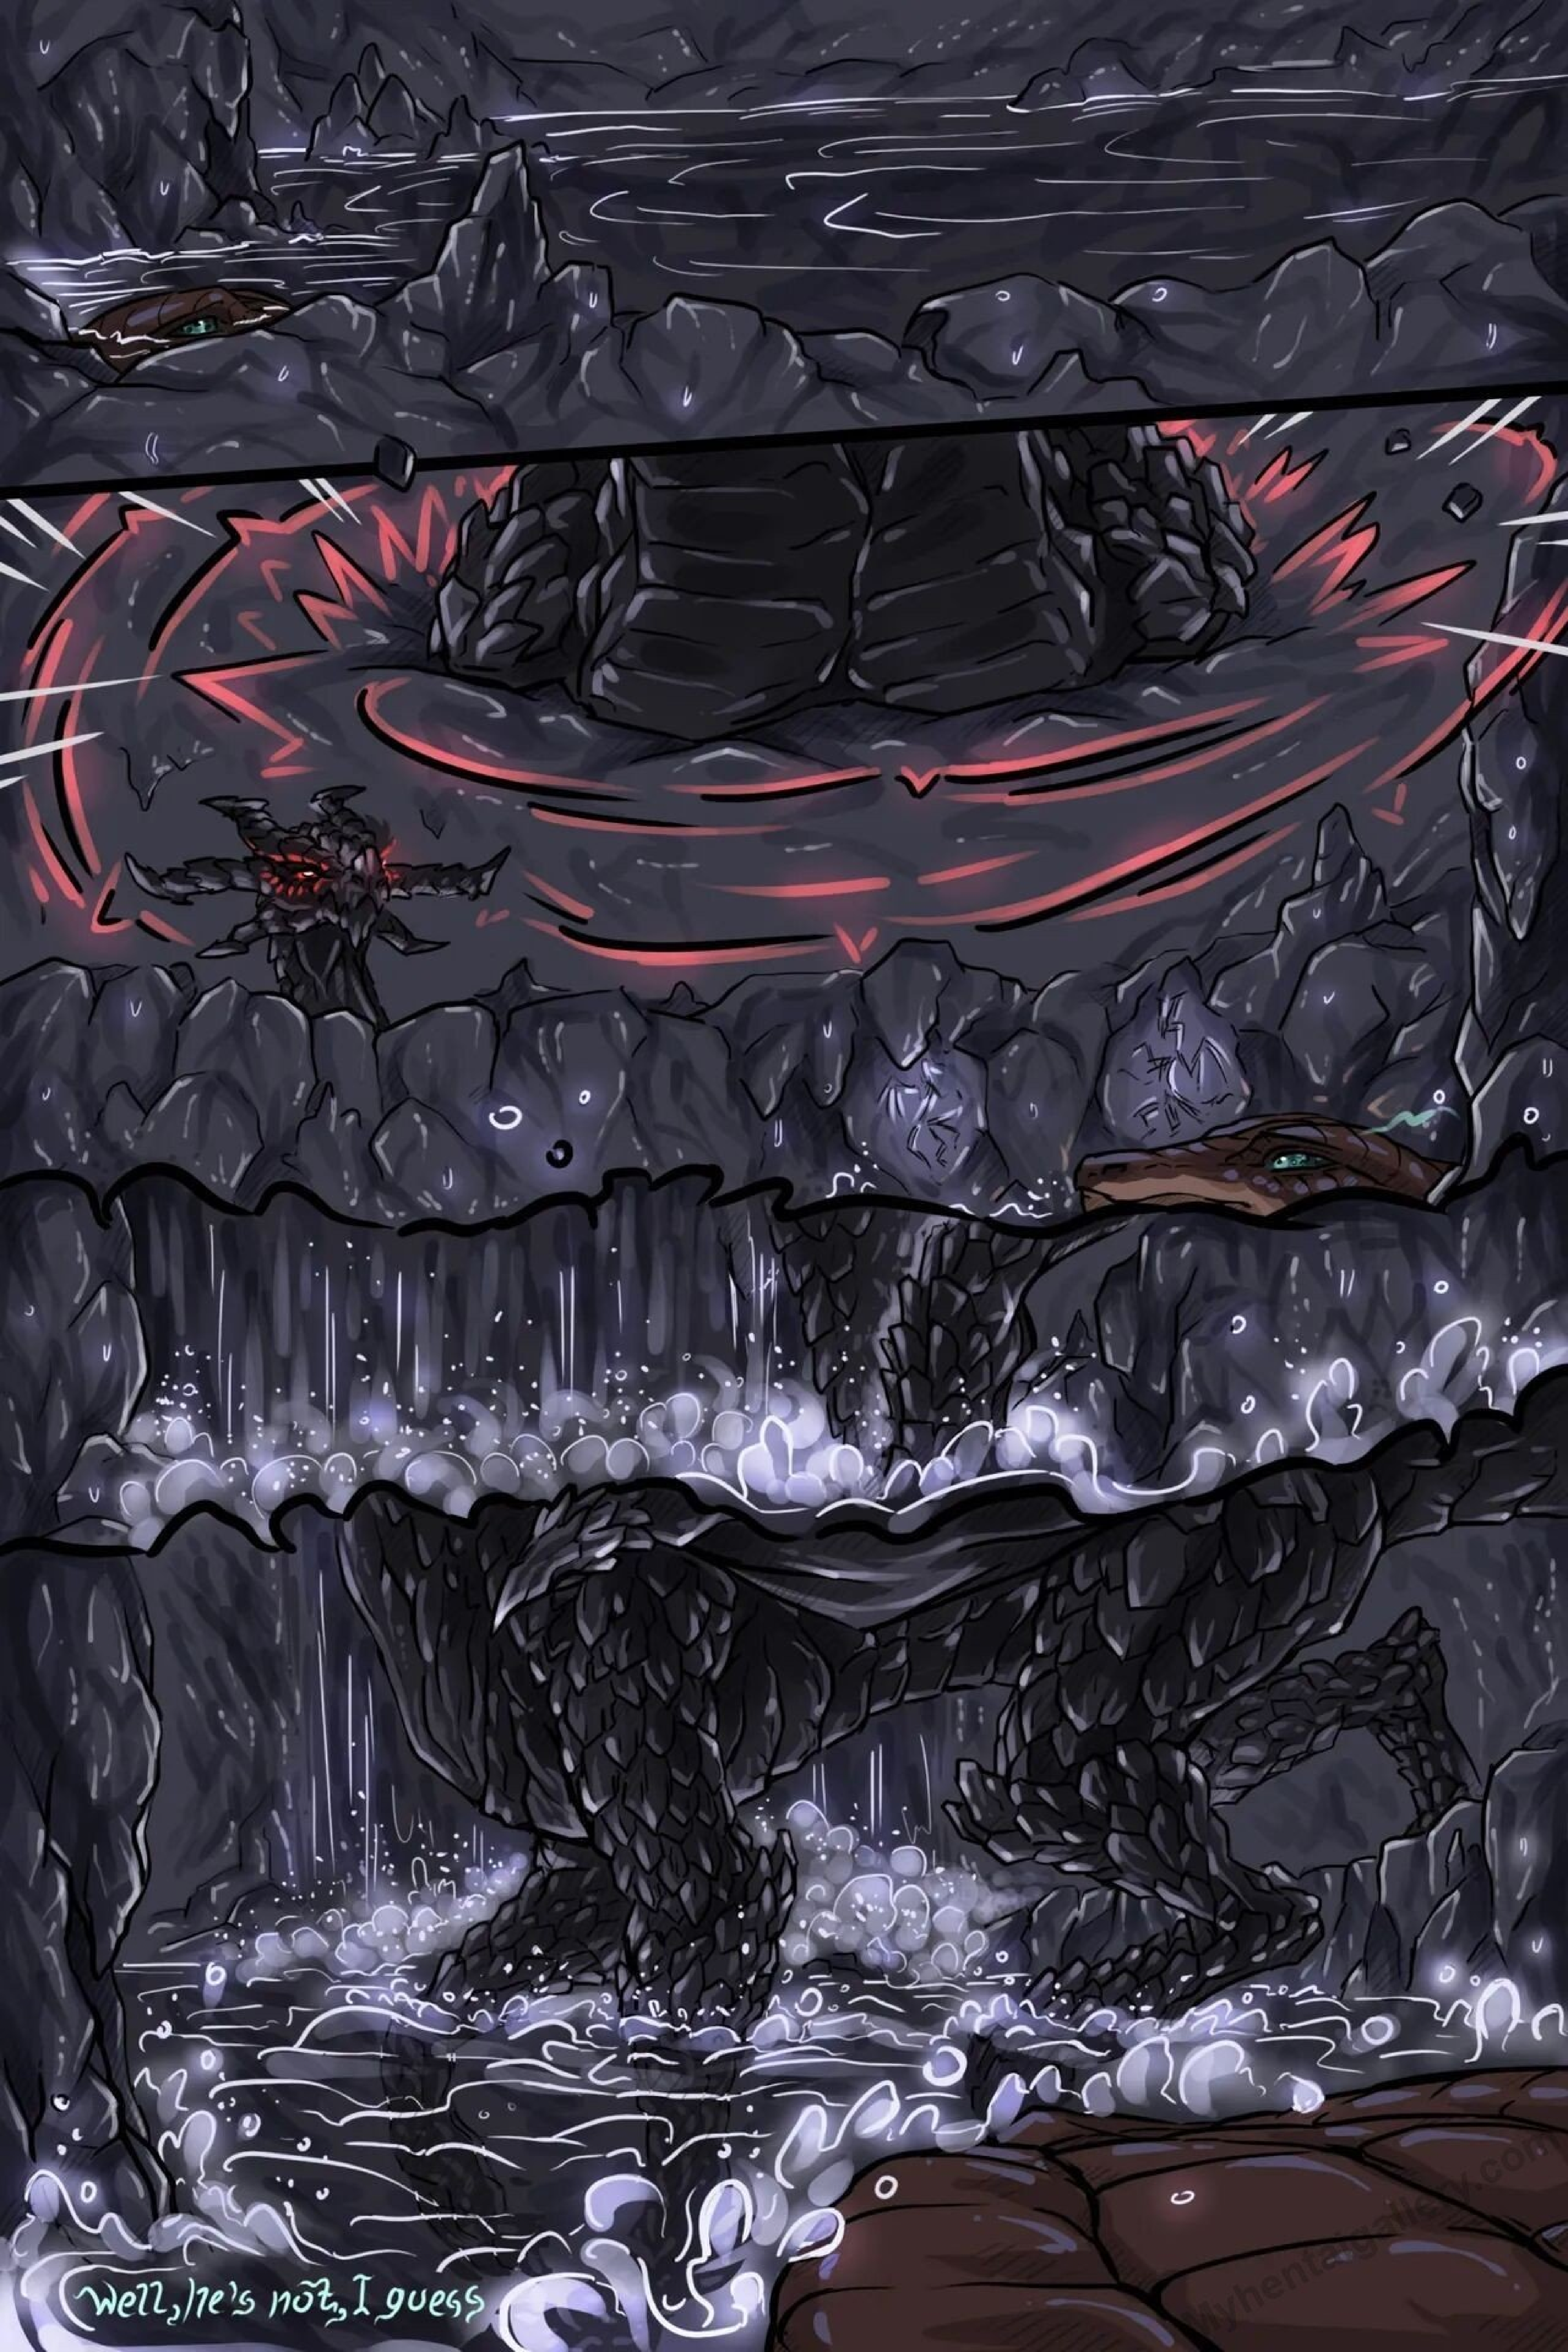

easy

Don't worry
about him

Just keep calm
and silent.
Lay low.
He'll not notice me

My mental gallery

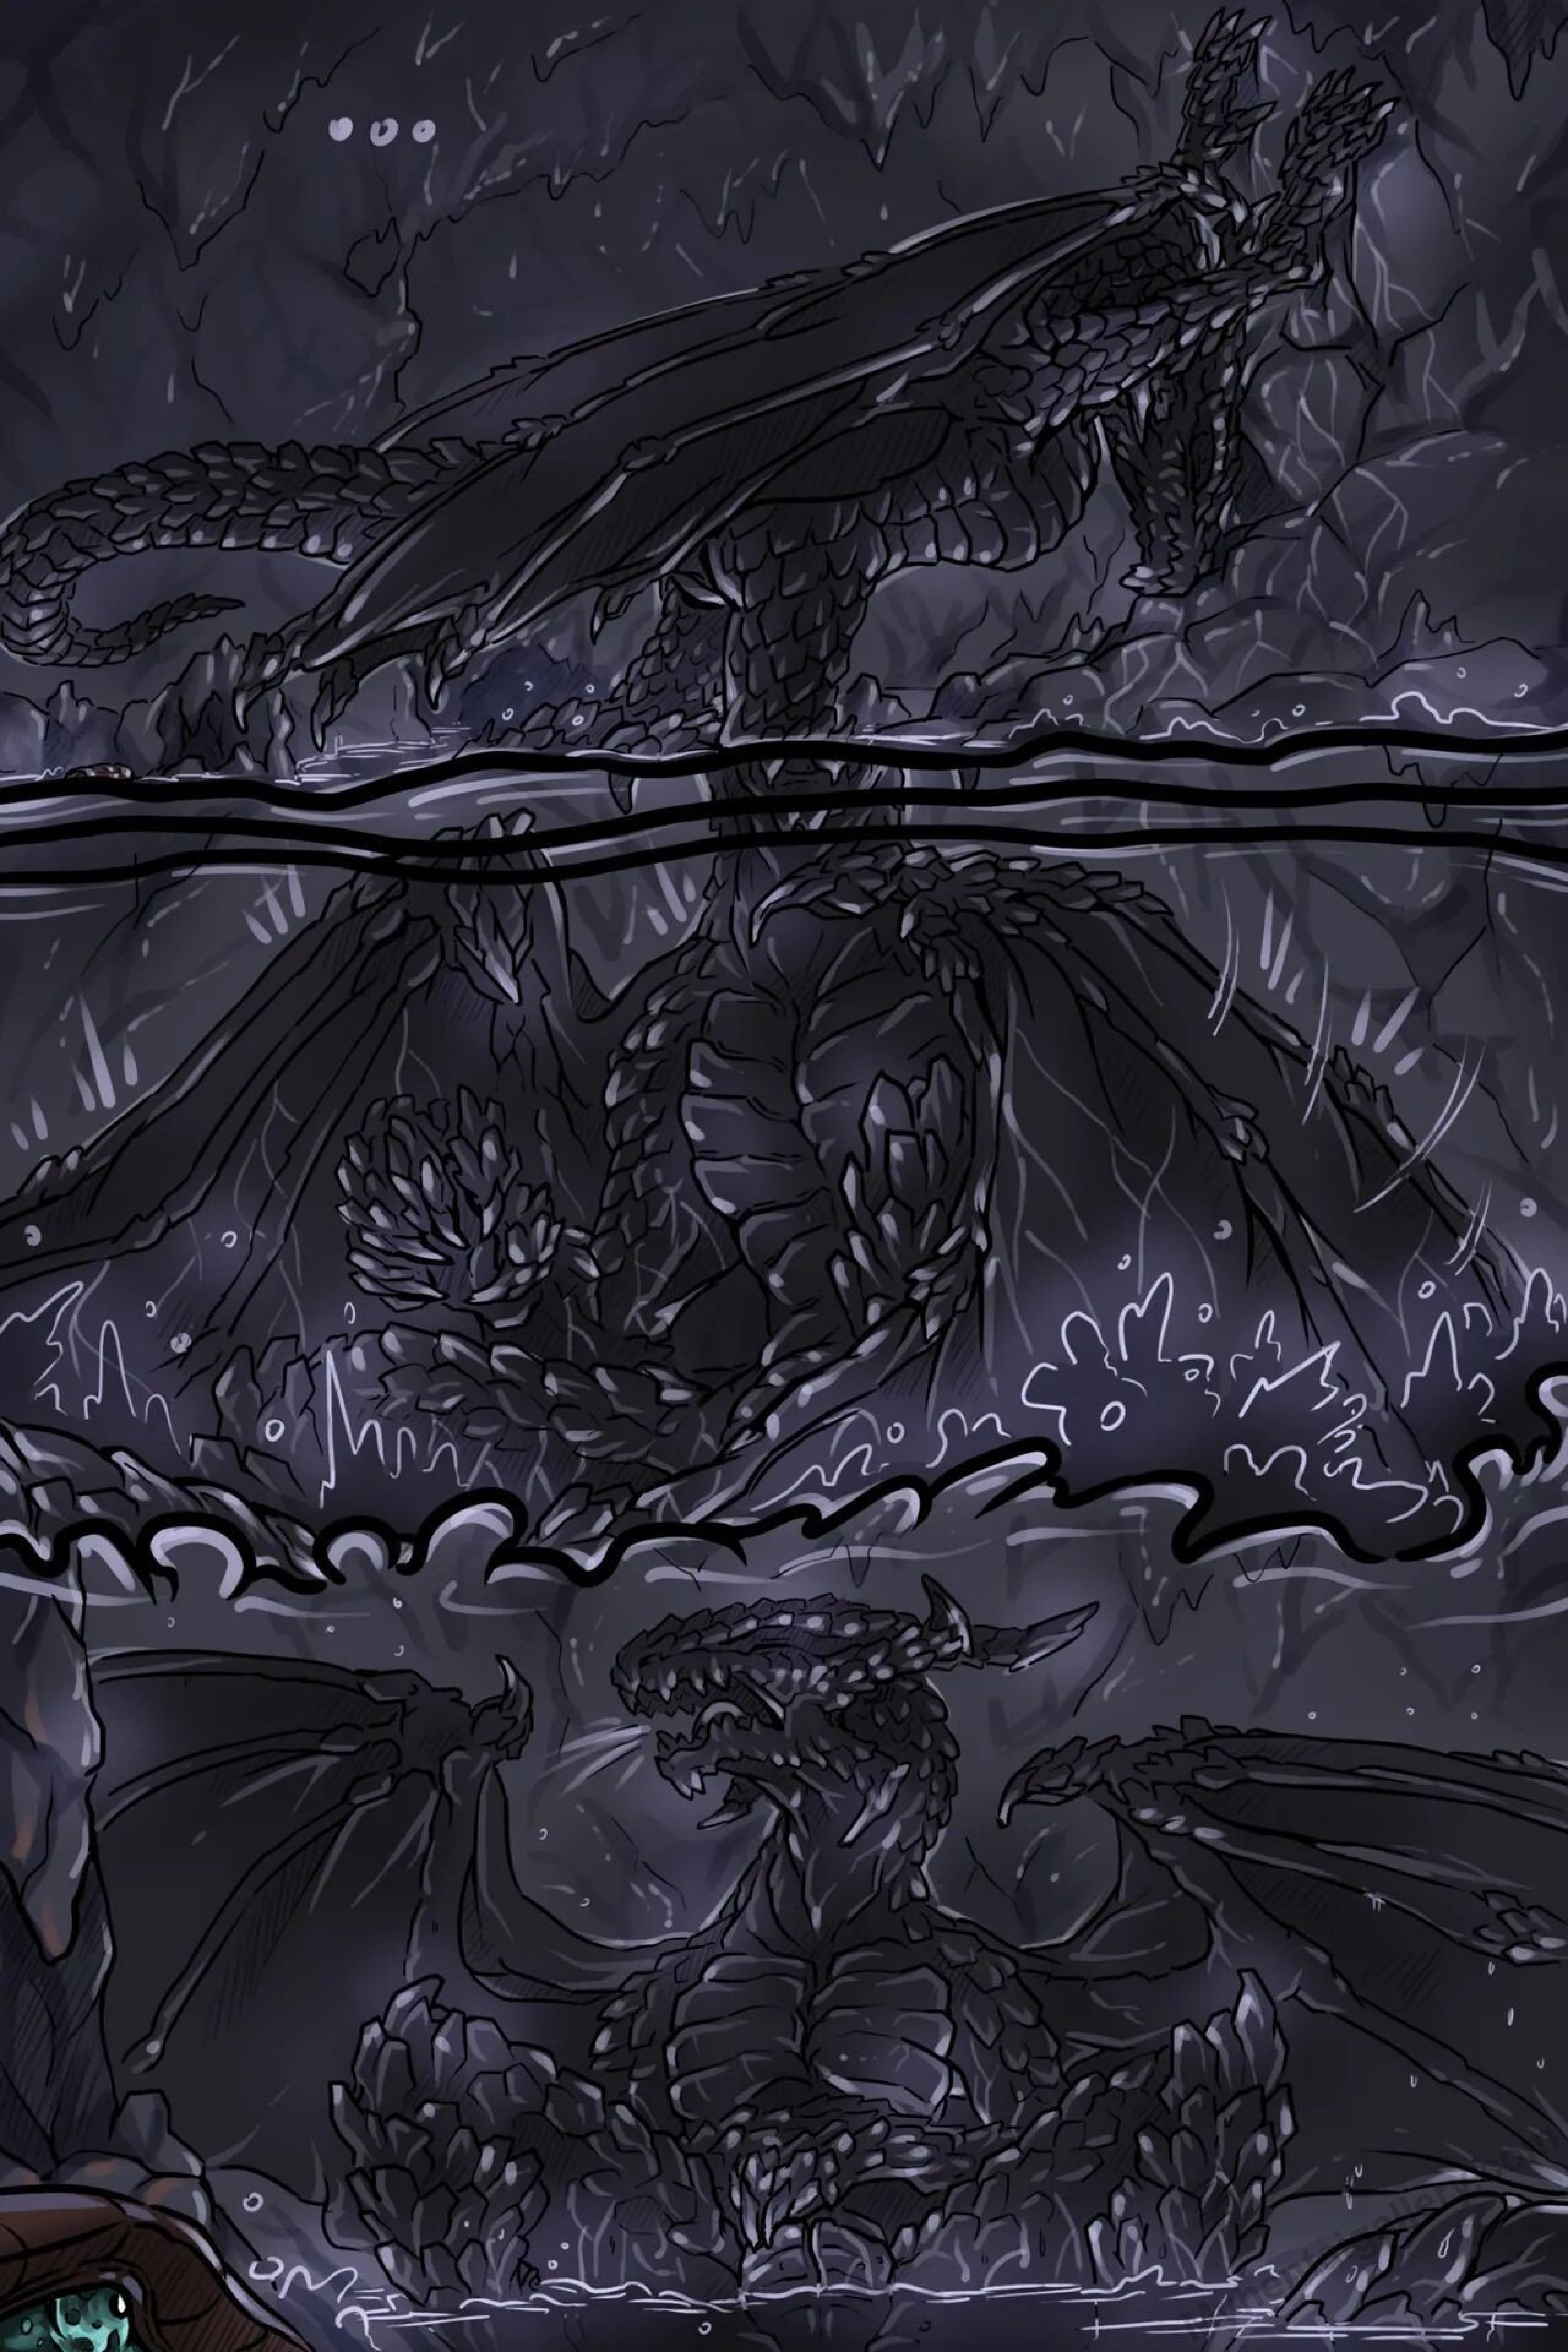

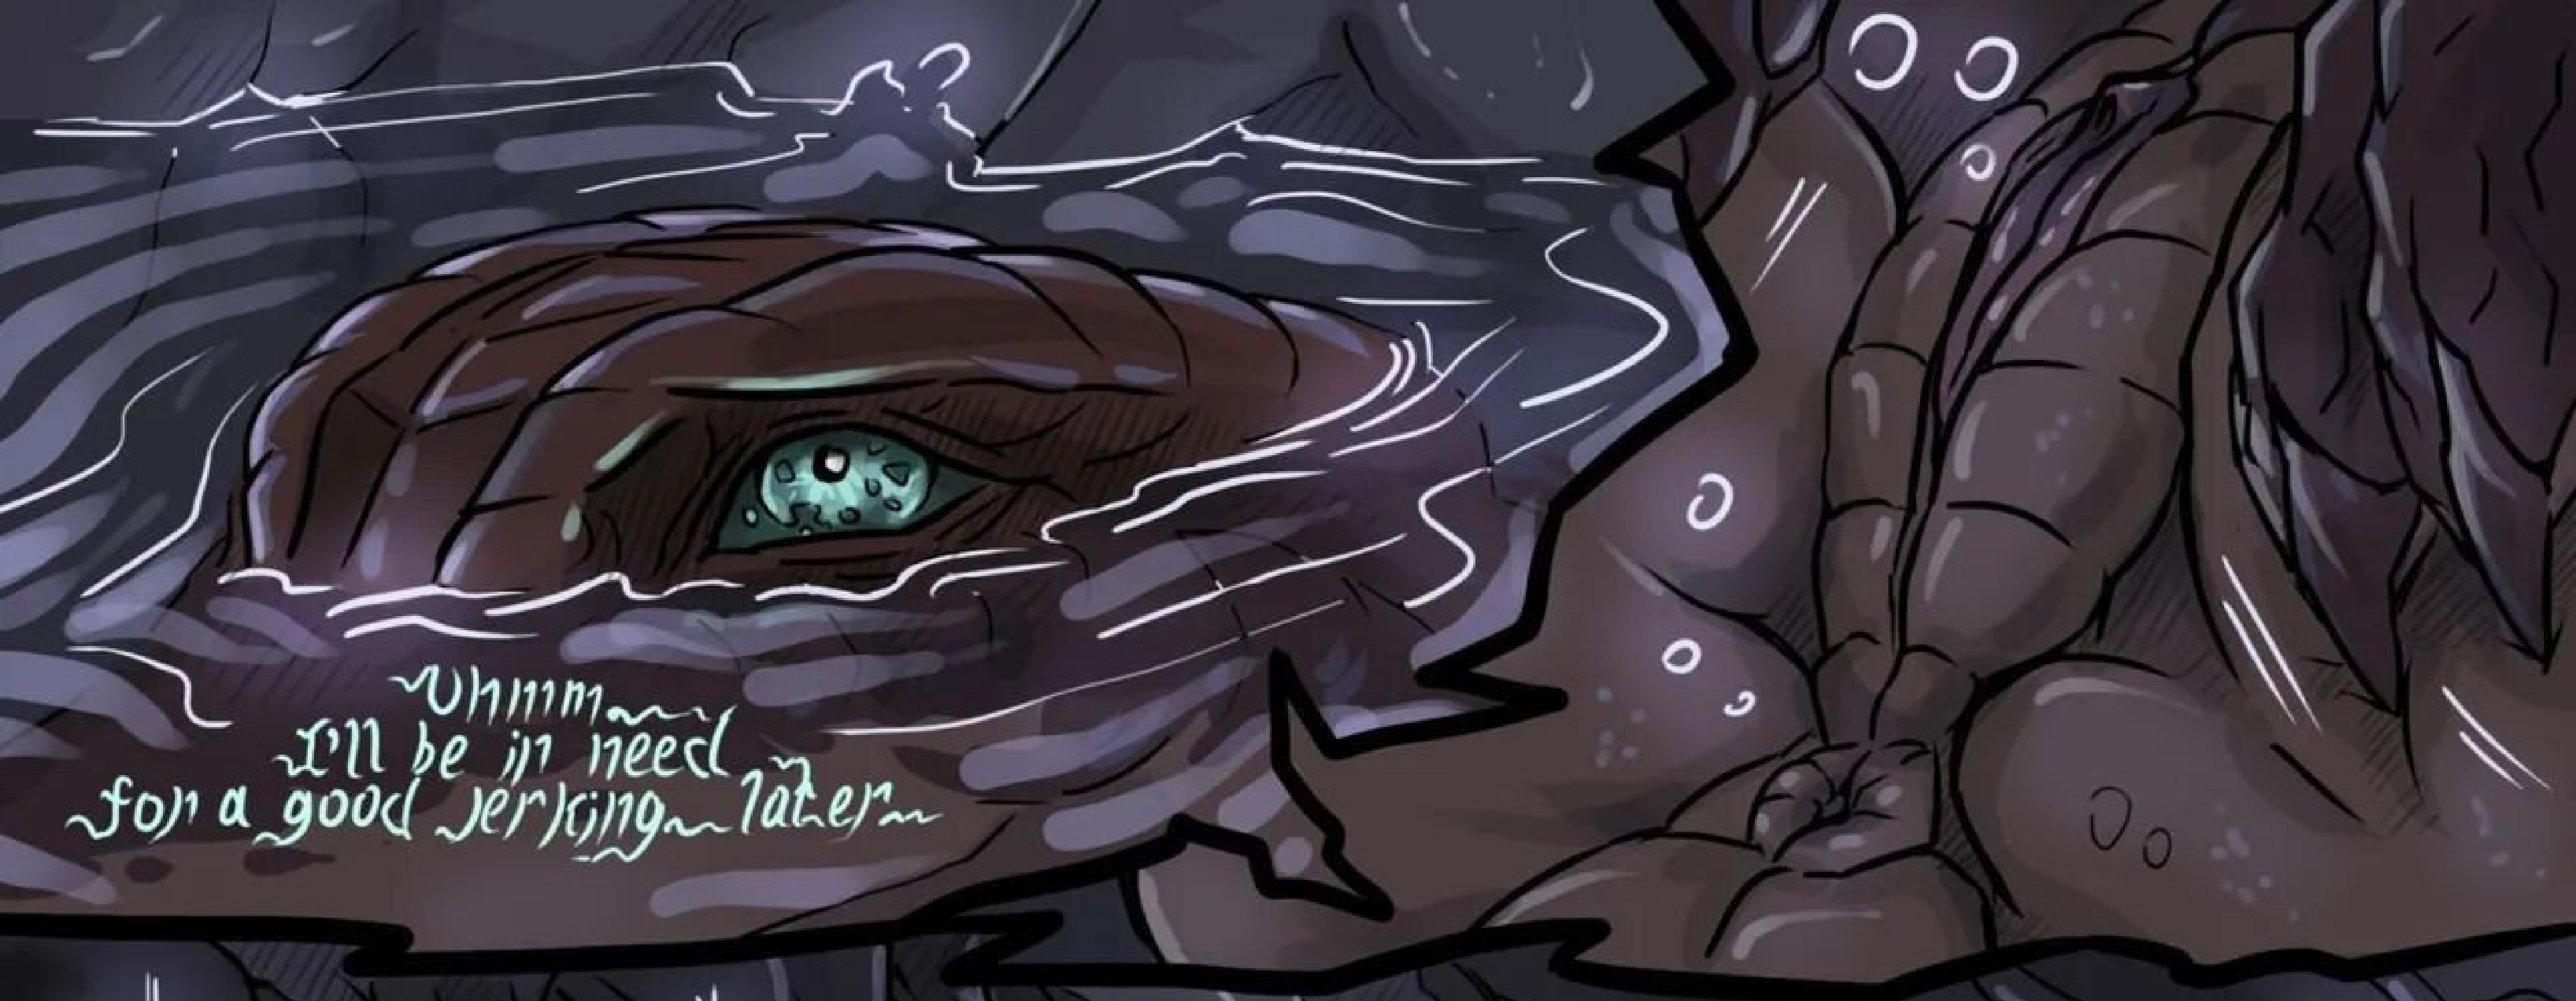

Well, he's not, I guess

myhentabattle.com

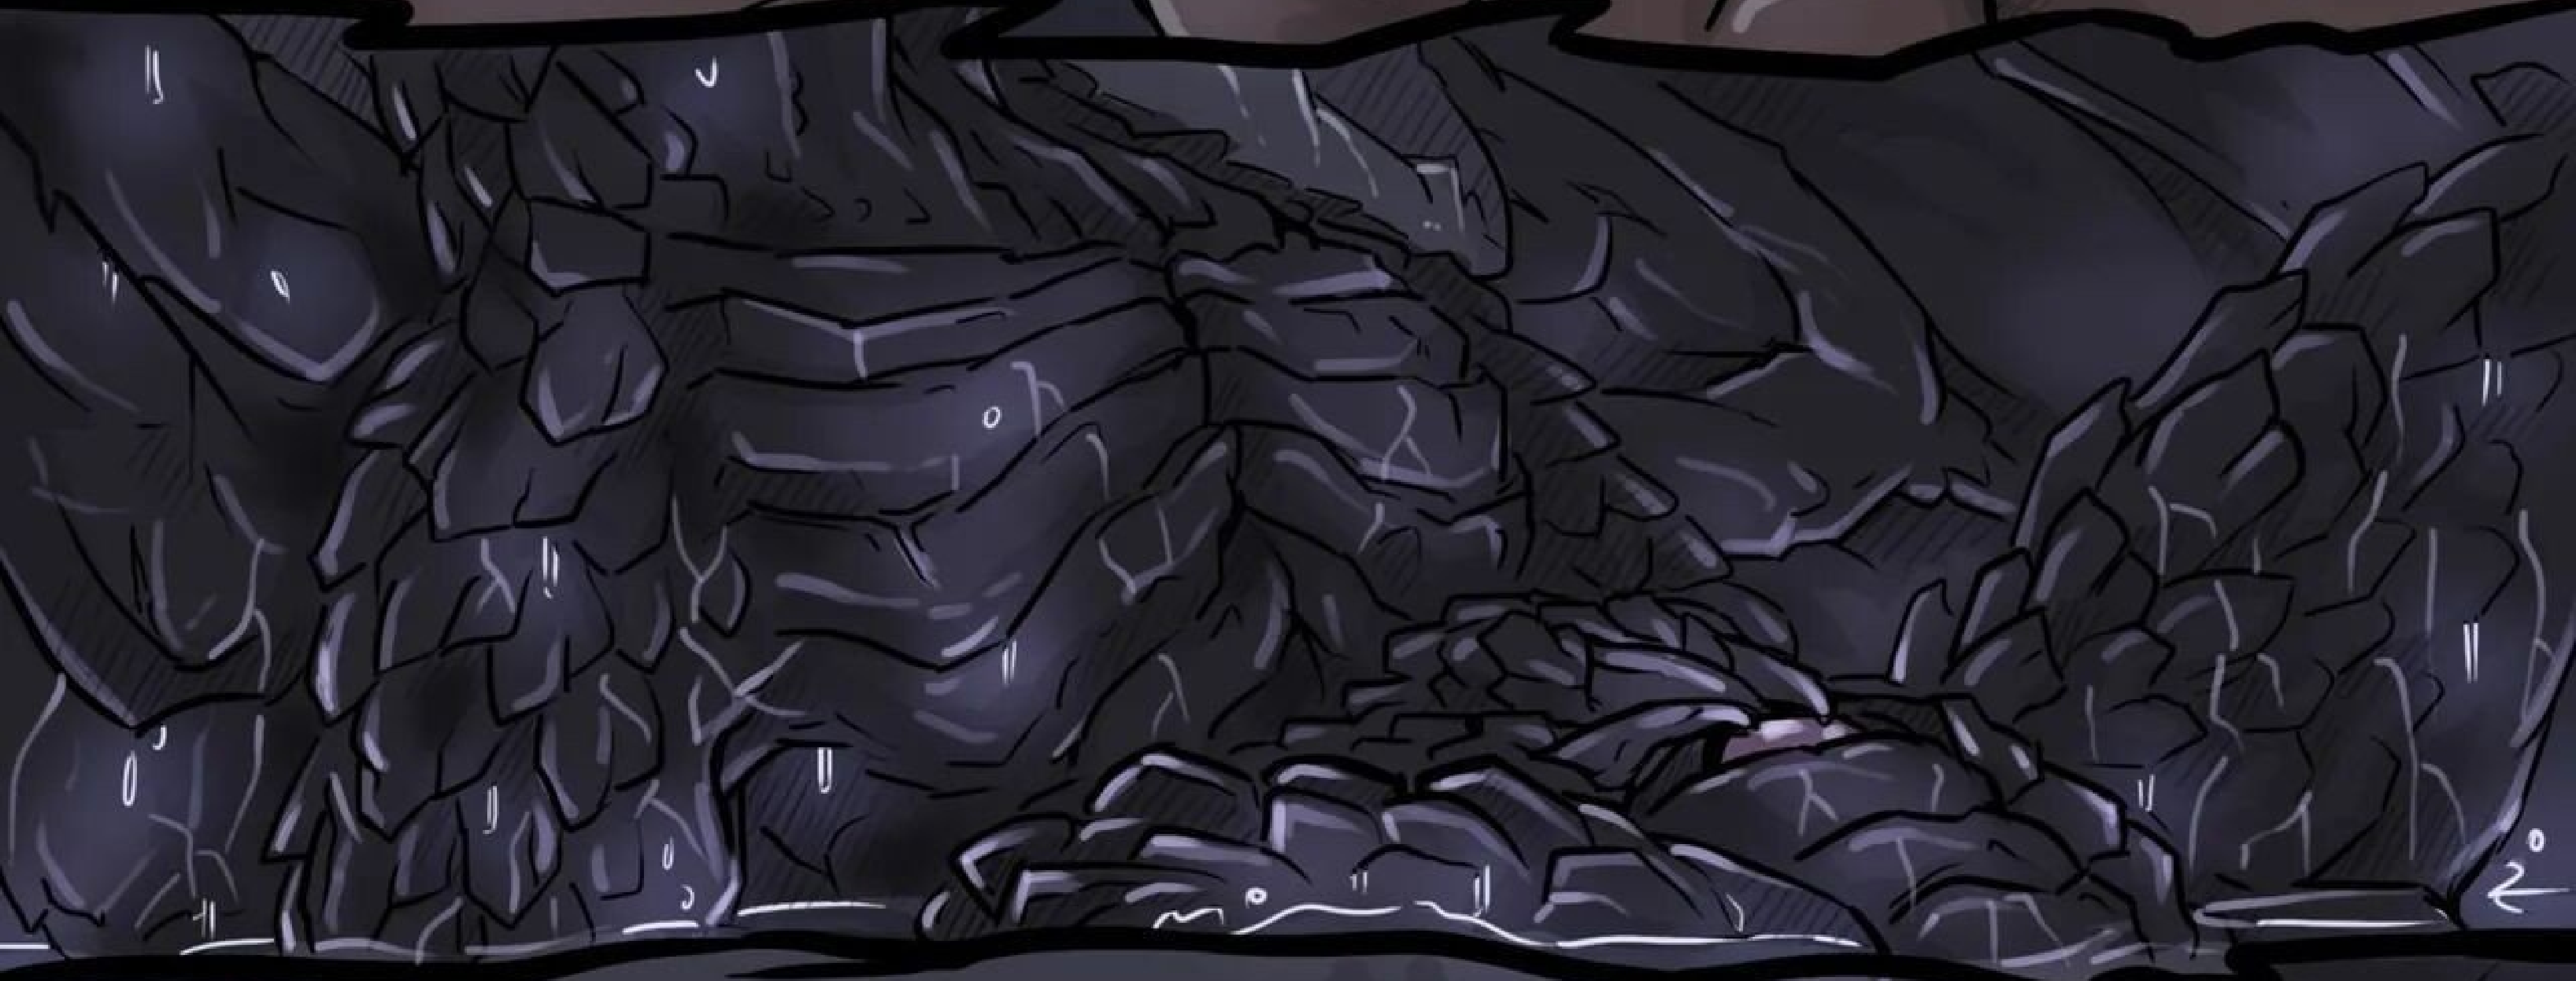

Yes,
I'm sure for now!

Ummm
I'll be in need
for a good jerking later

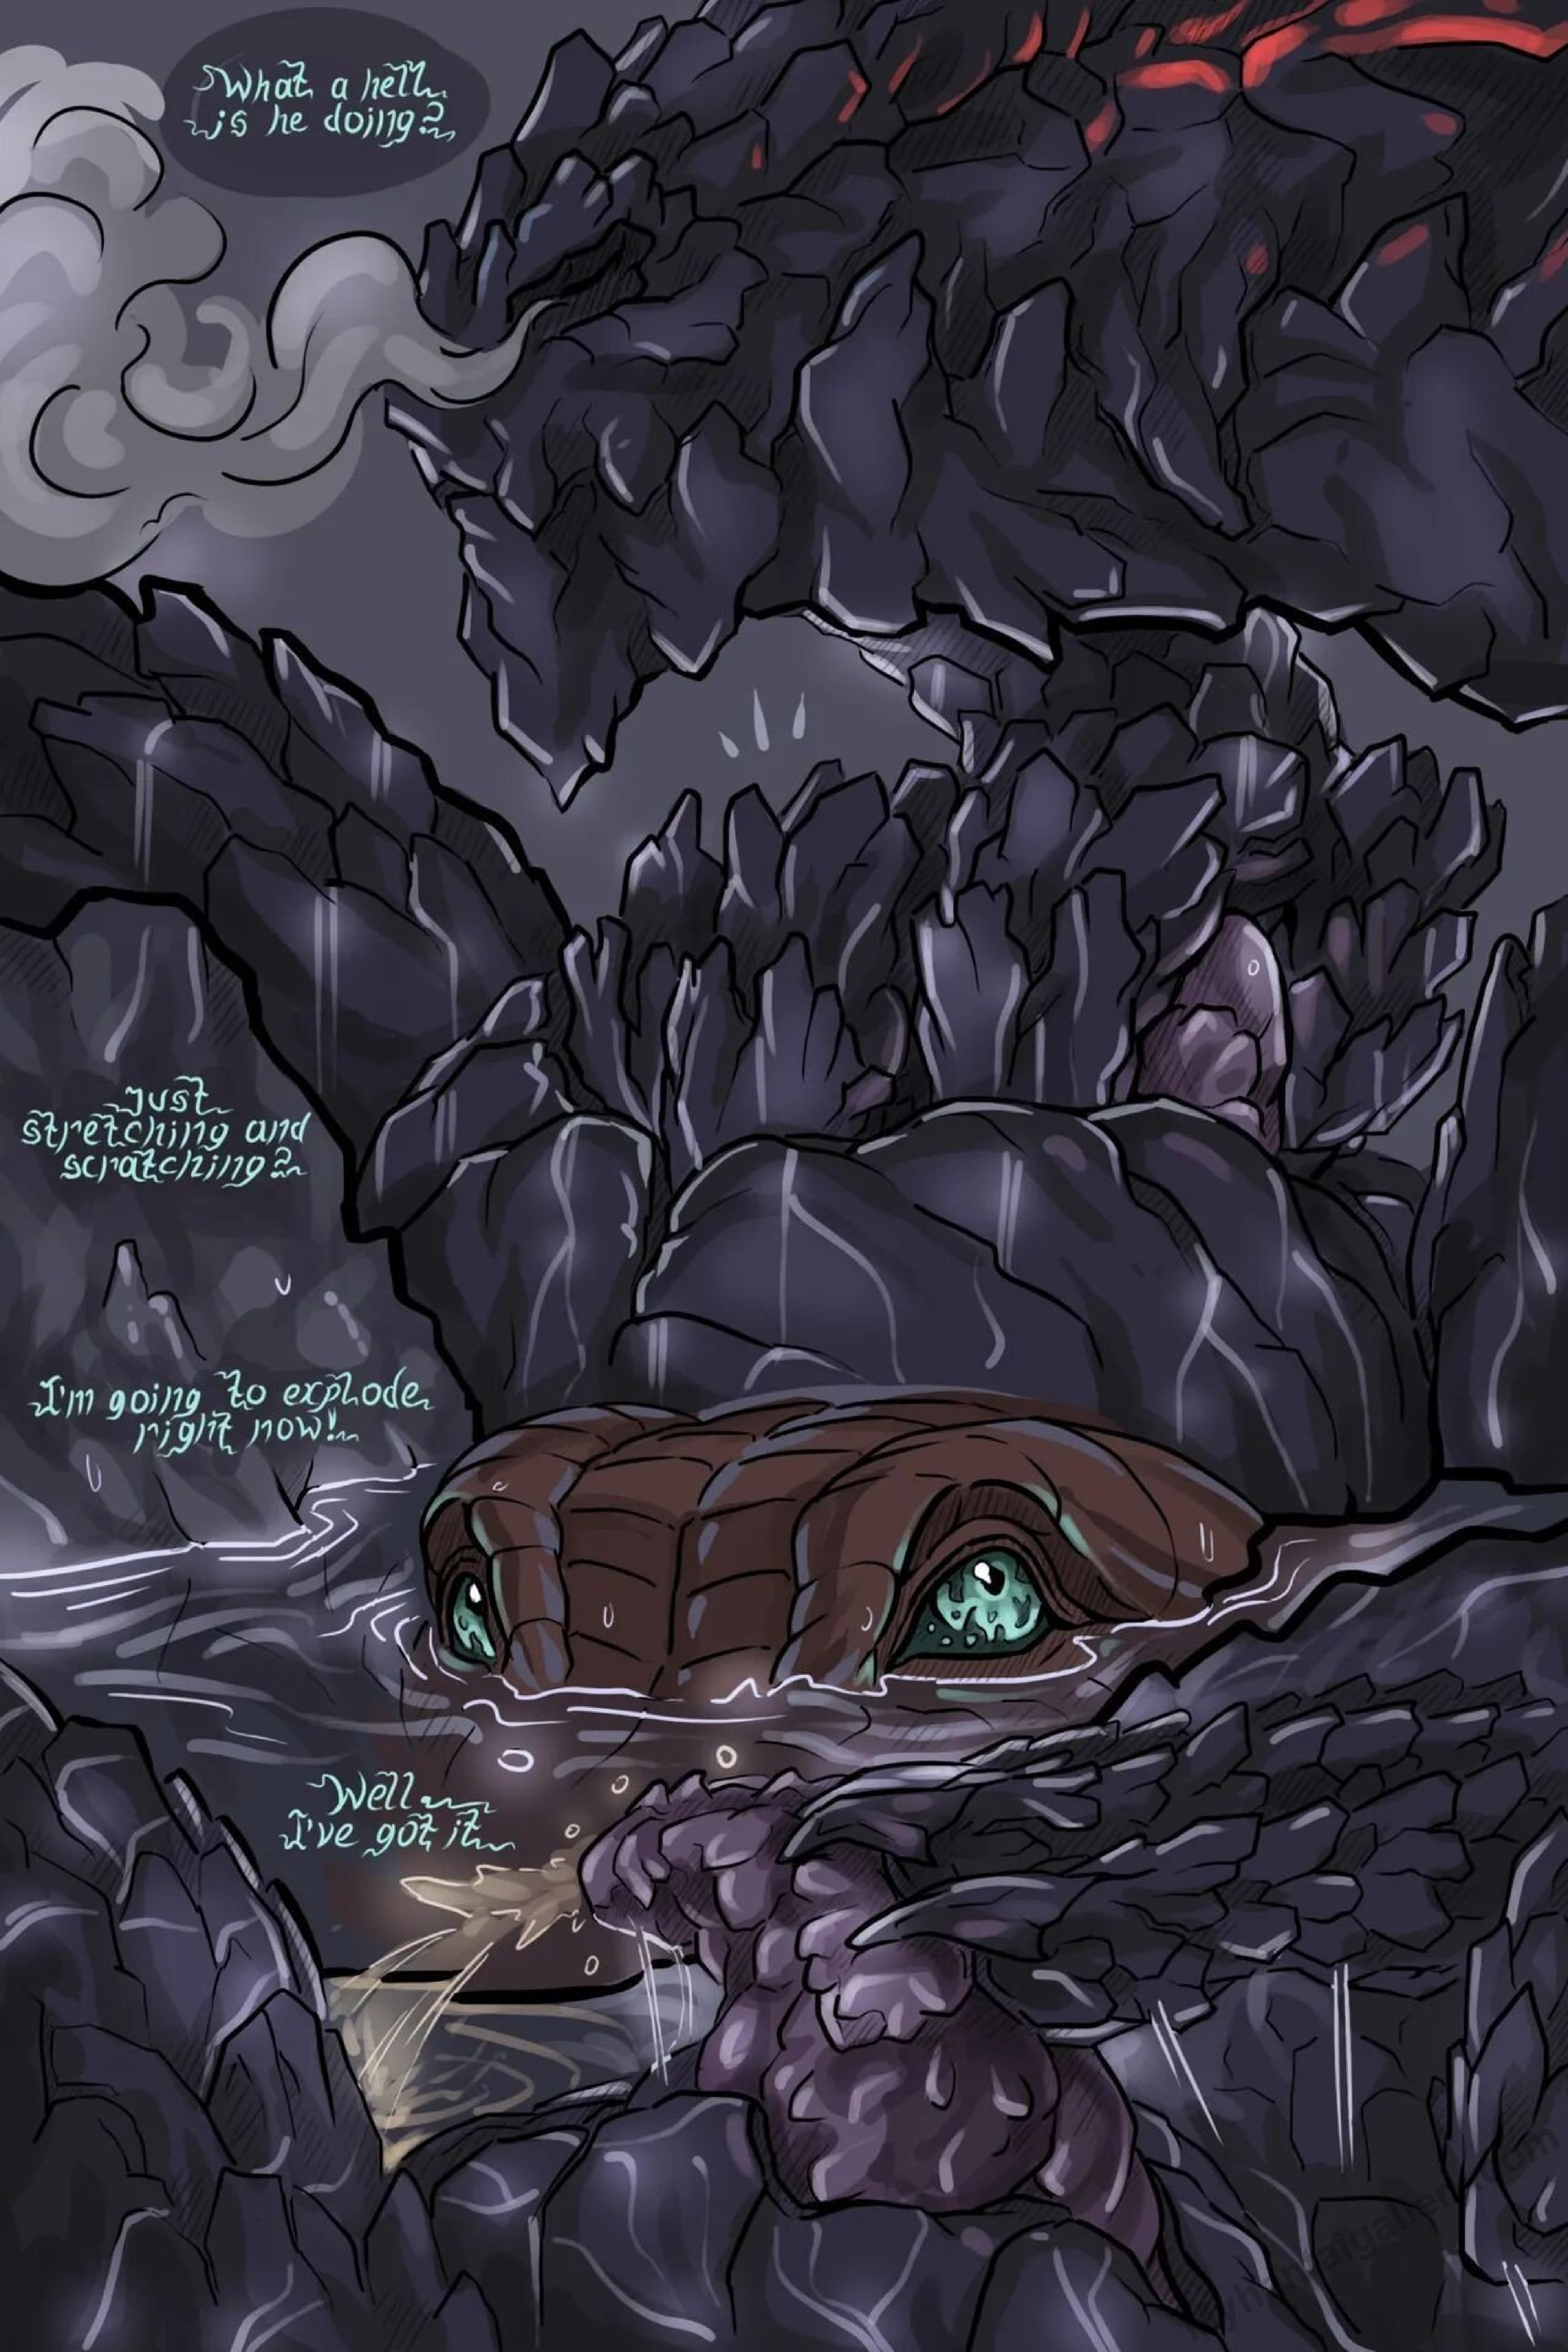

Not a dick?
Worse and worse

Umm

something is clenching
inside me

Even flaccid,
it's beacoring

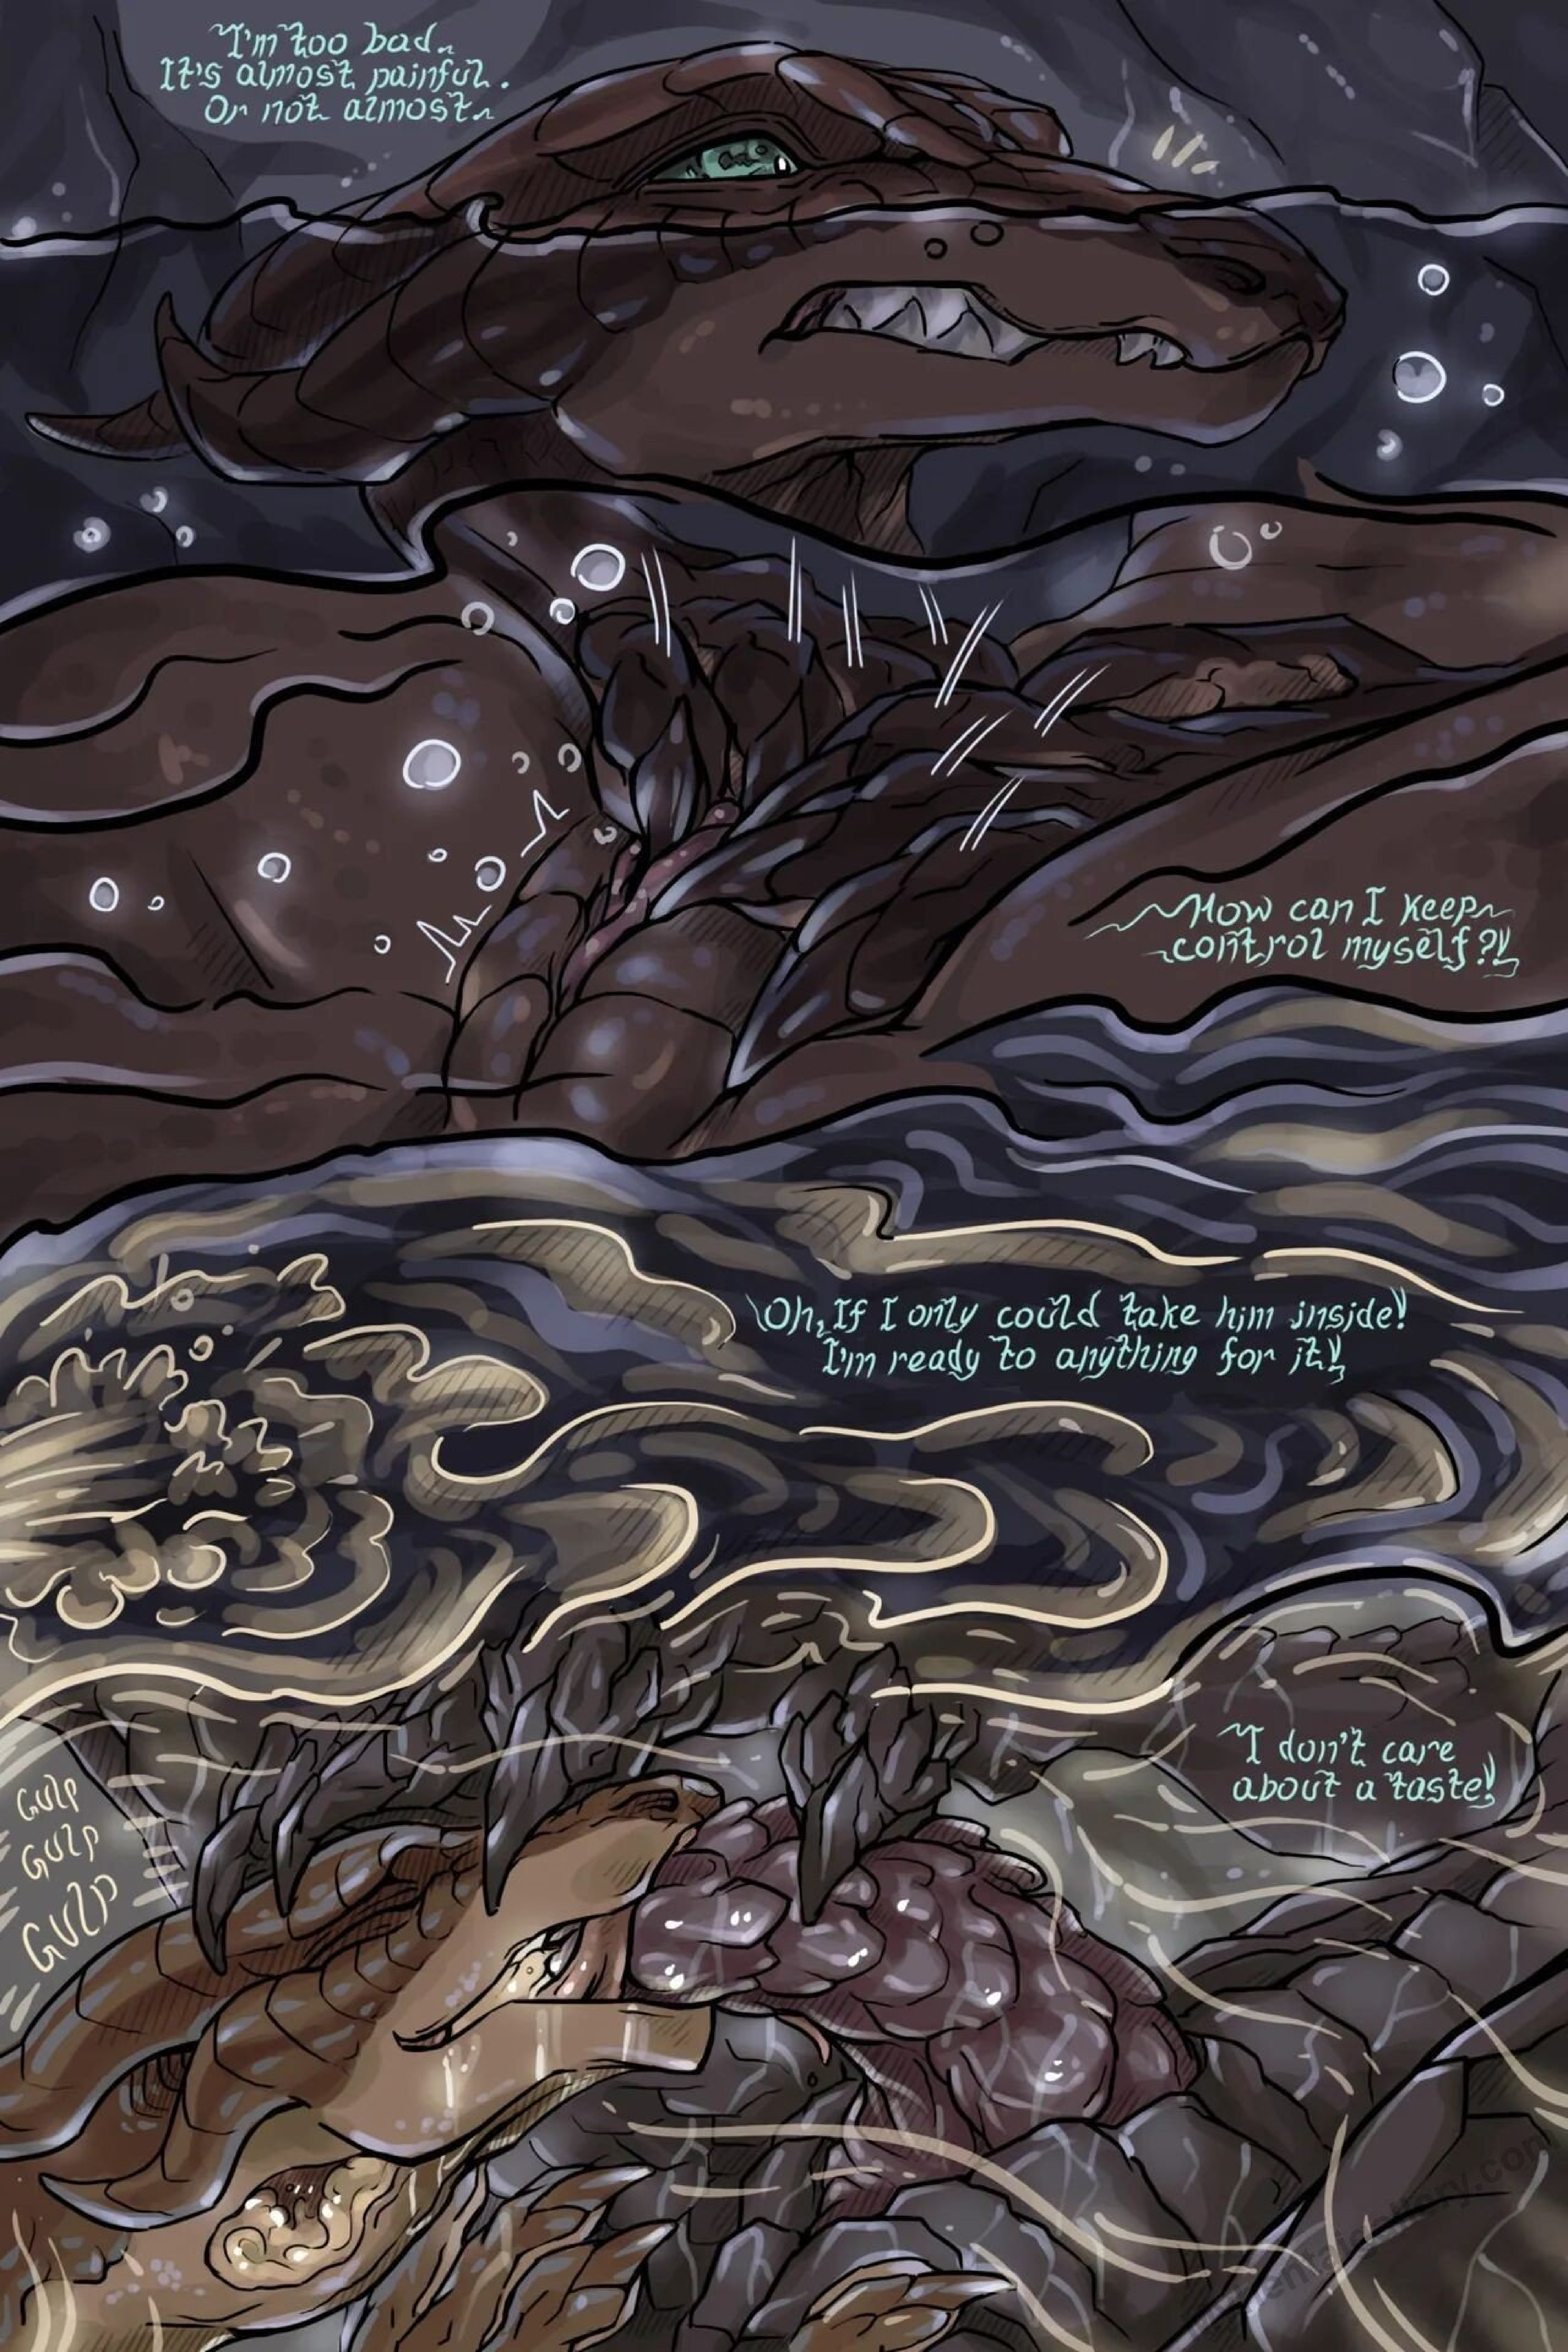

What a hell
is he doing?

Just
stretching and
scratching?

I'm going to explode
right now!

Well,
I've got it.

I'm too bad.
It's almost painful.
Or not almost.

How can I keep
control myself?!

Oh, If I only could take him inside!
I'm ready to anything for it!

I don't care
about a taste!

Gulp
Gulp
Gulp

Now I feel like
I've been trapped
Only long walks in the open
could distract me
from my

Urges

It seems
like my
brother
suspect some-
thing

Now I have to spend day
and night in the water
to keep safe

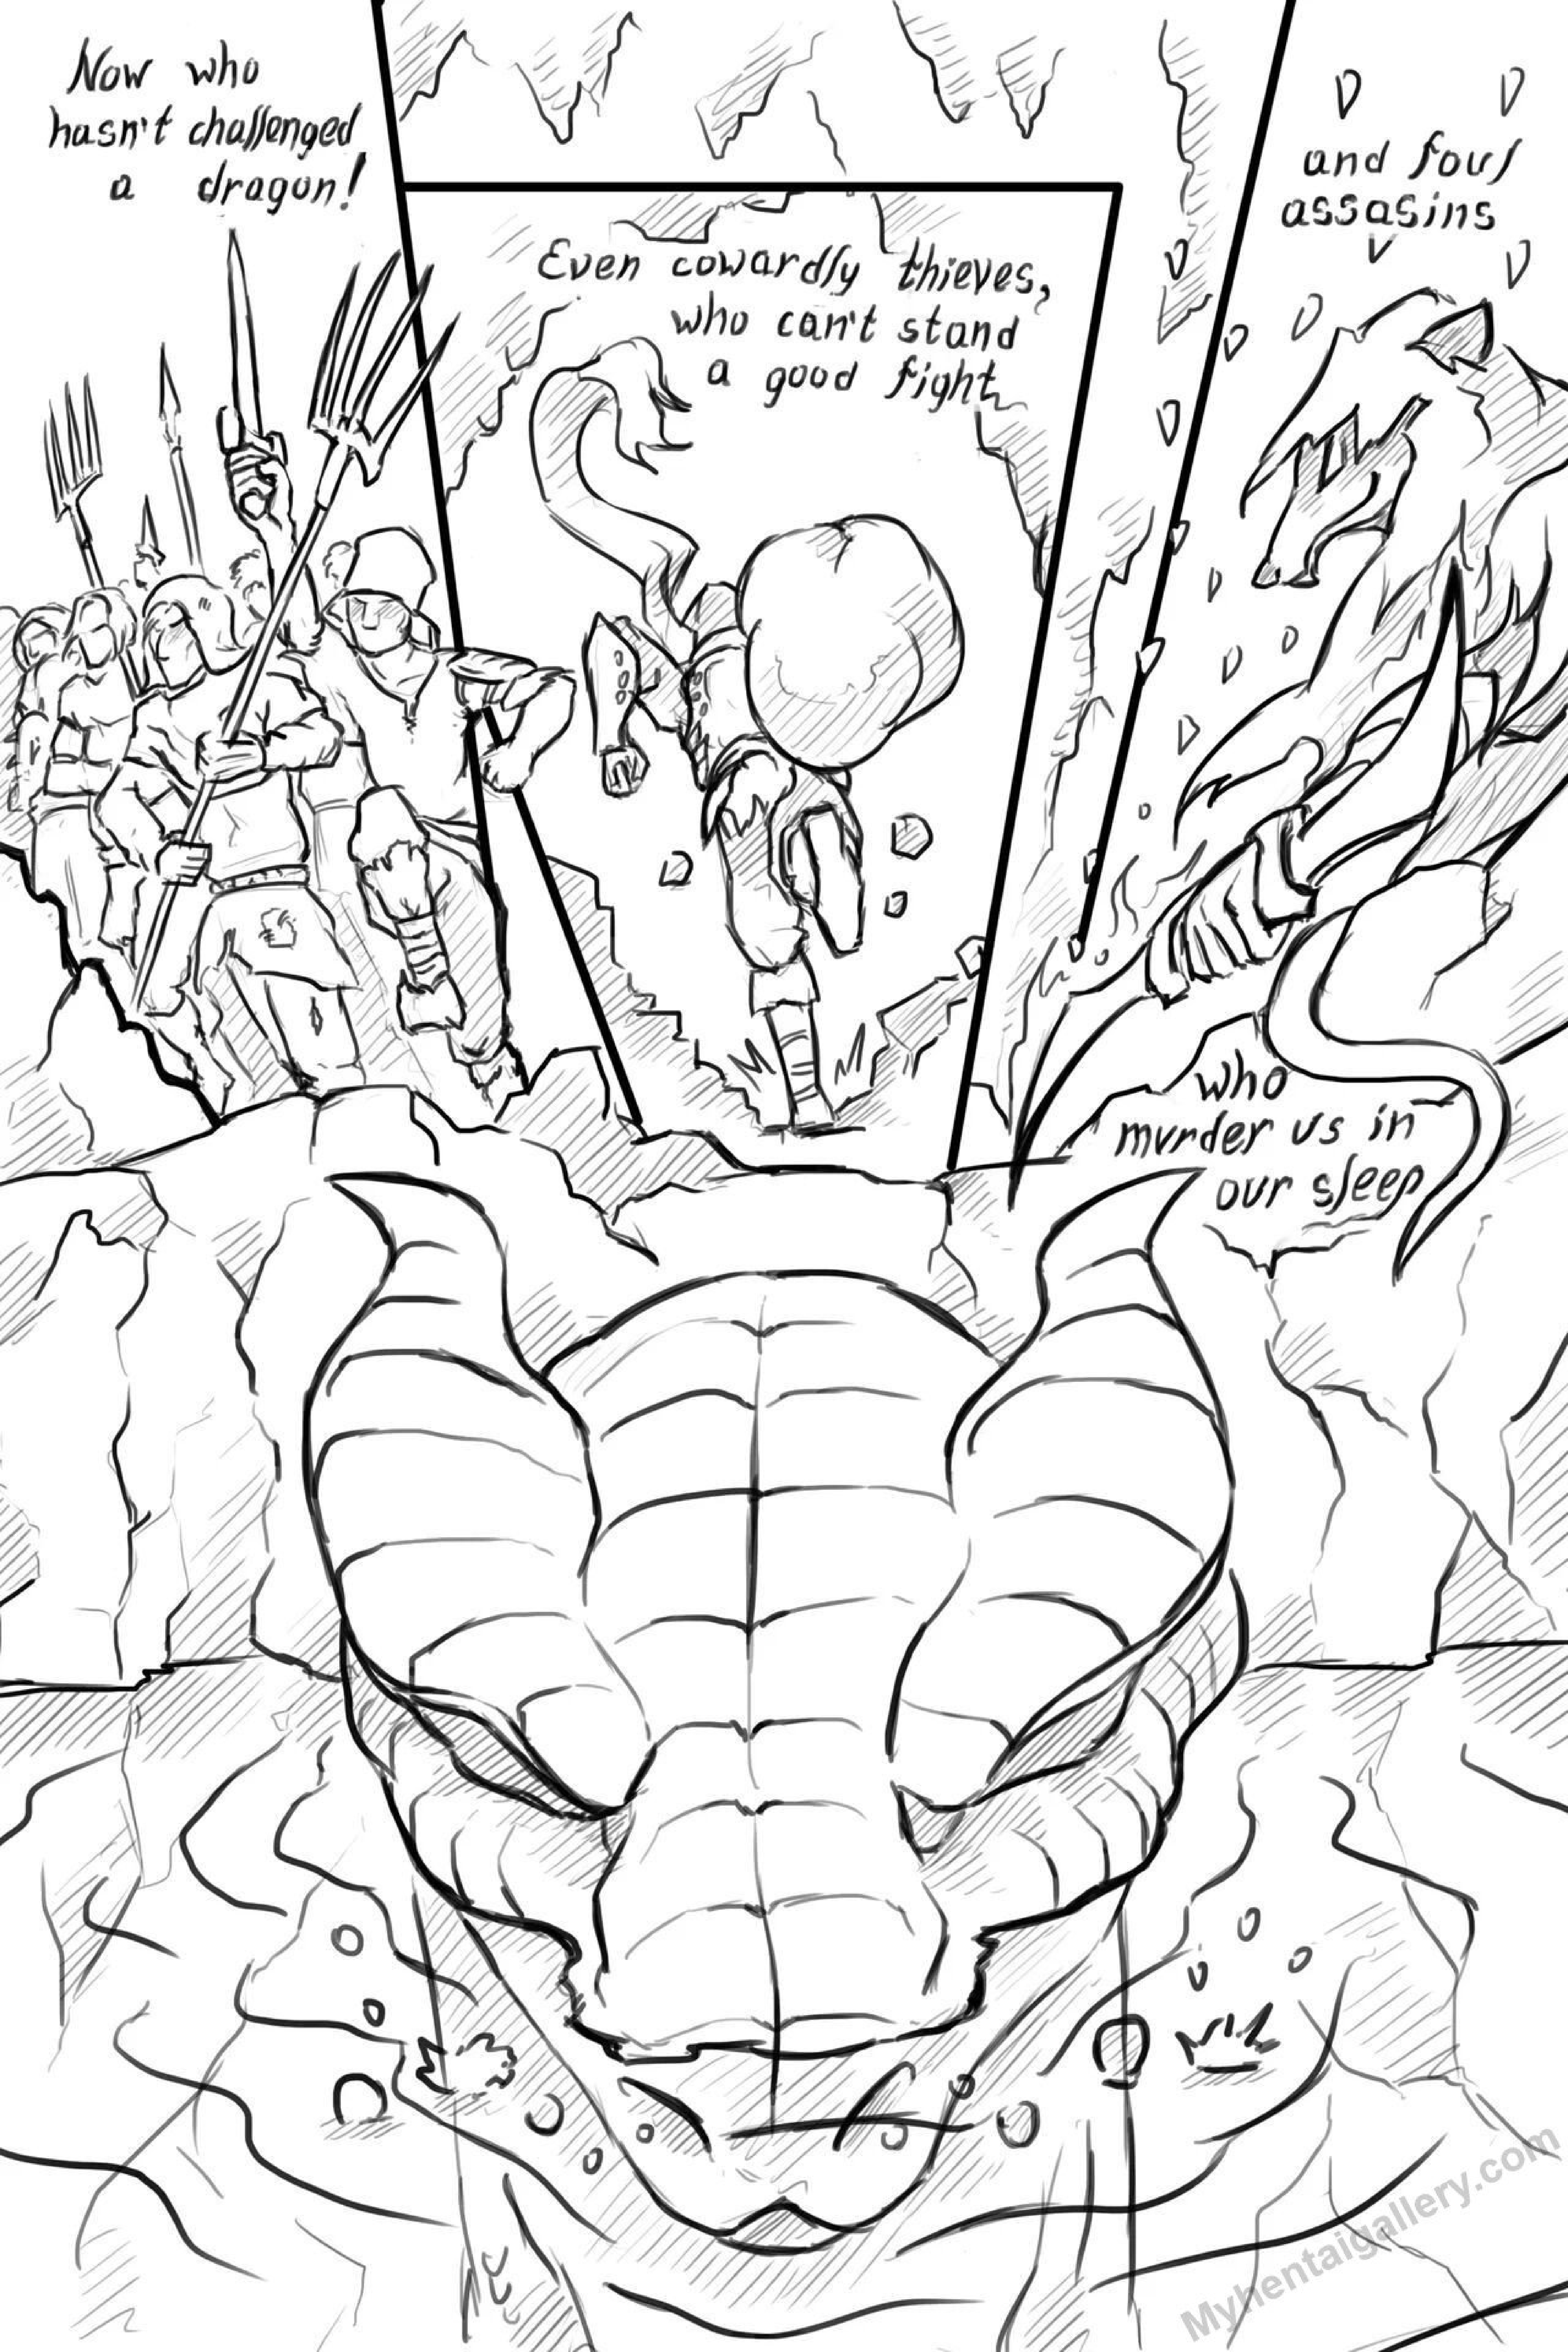

Yet Father may have
a point in this
Humans, however small,
can be dangerous
They have dragonfighters
among them
at least they had

Now who
hasn't challenged
a dragon!

Even cowardly thieves,
who can't stand
a good fight

and four
assassins

who
murder us in
our sleep

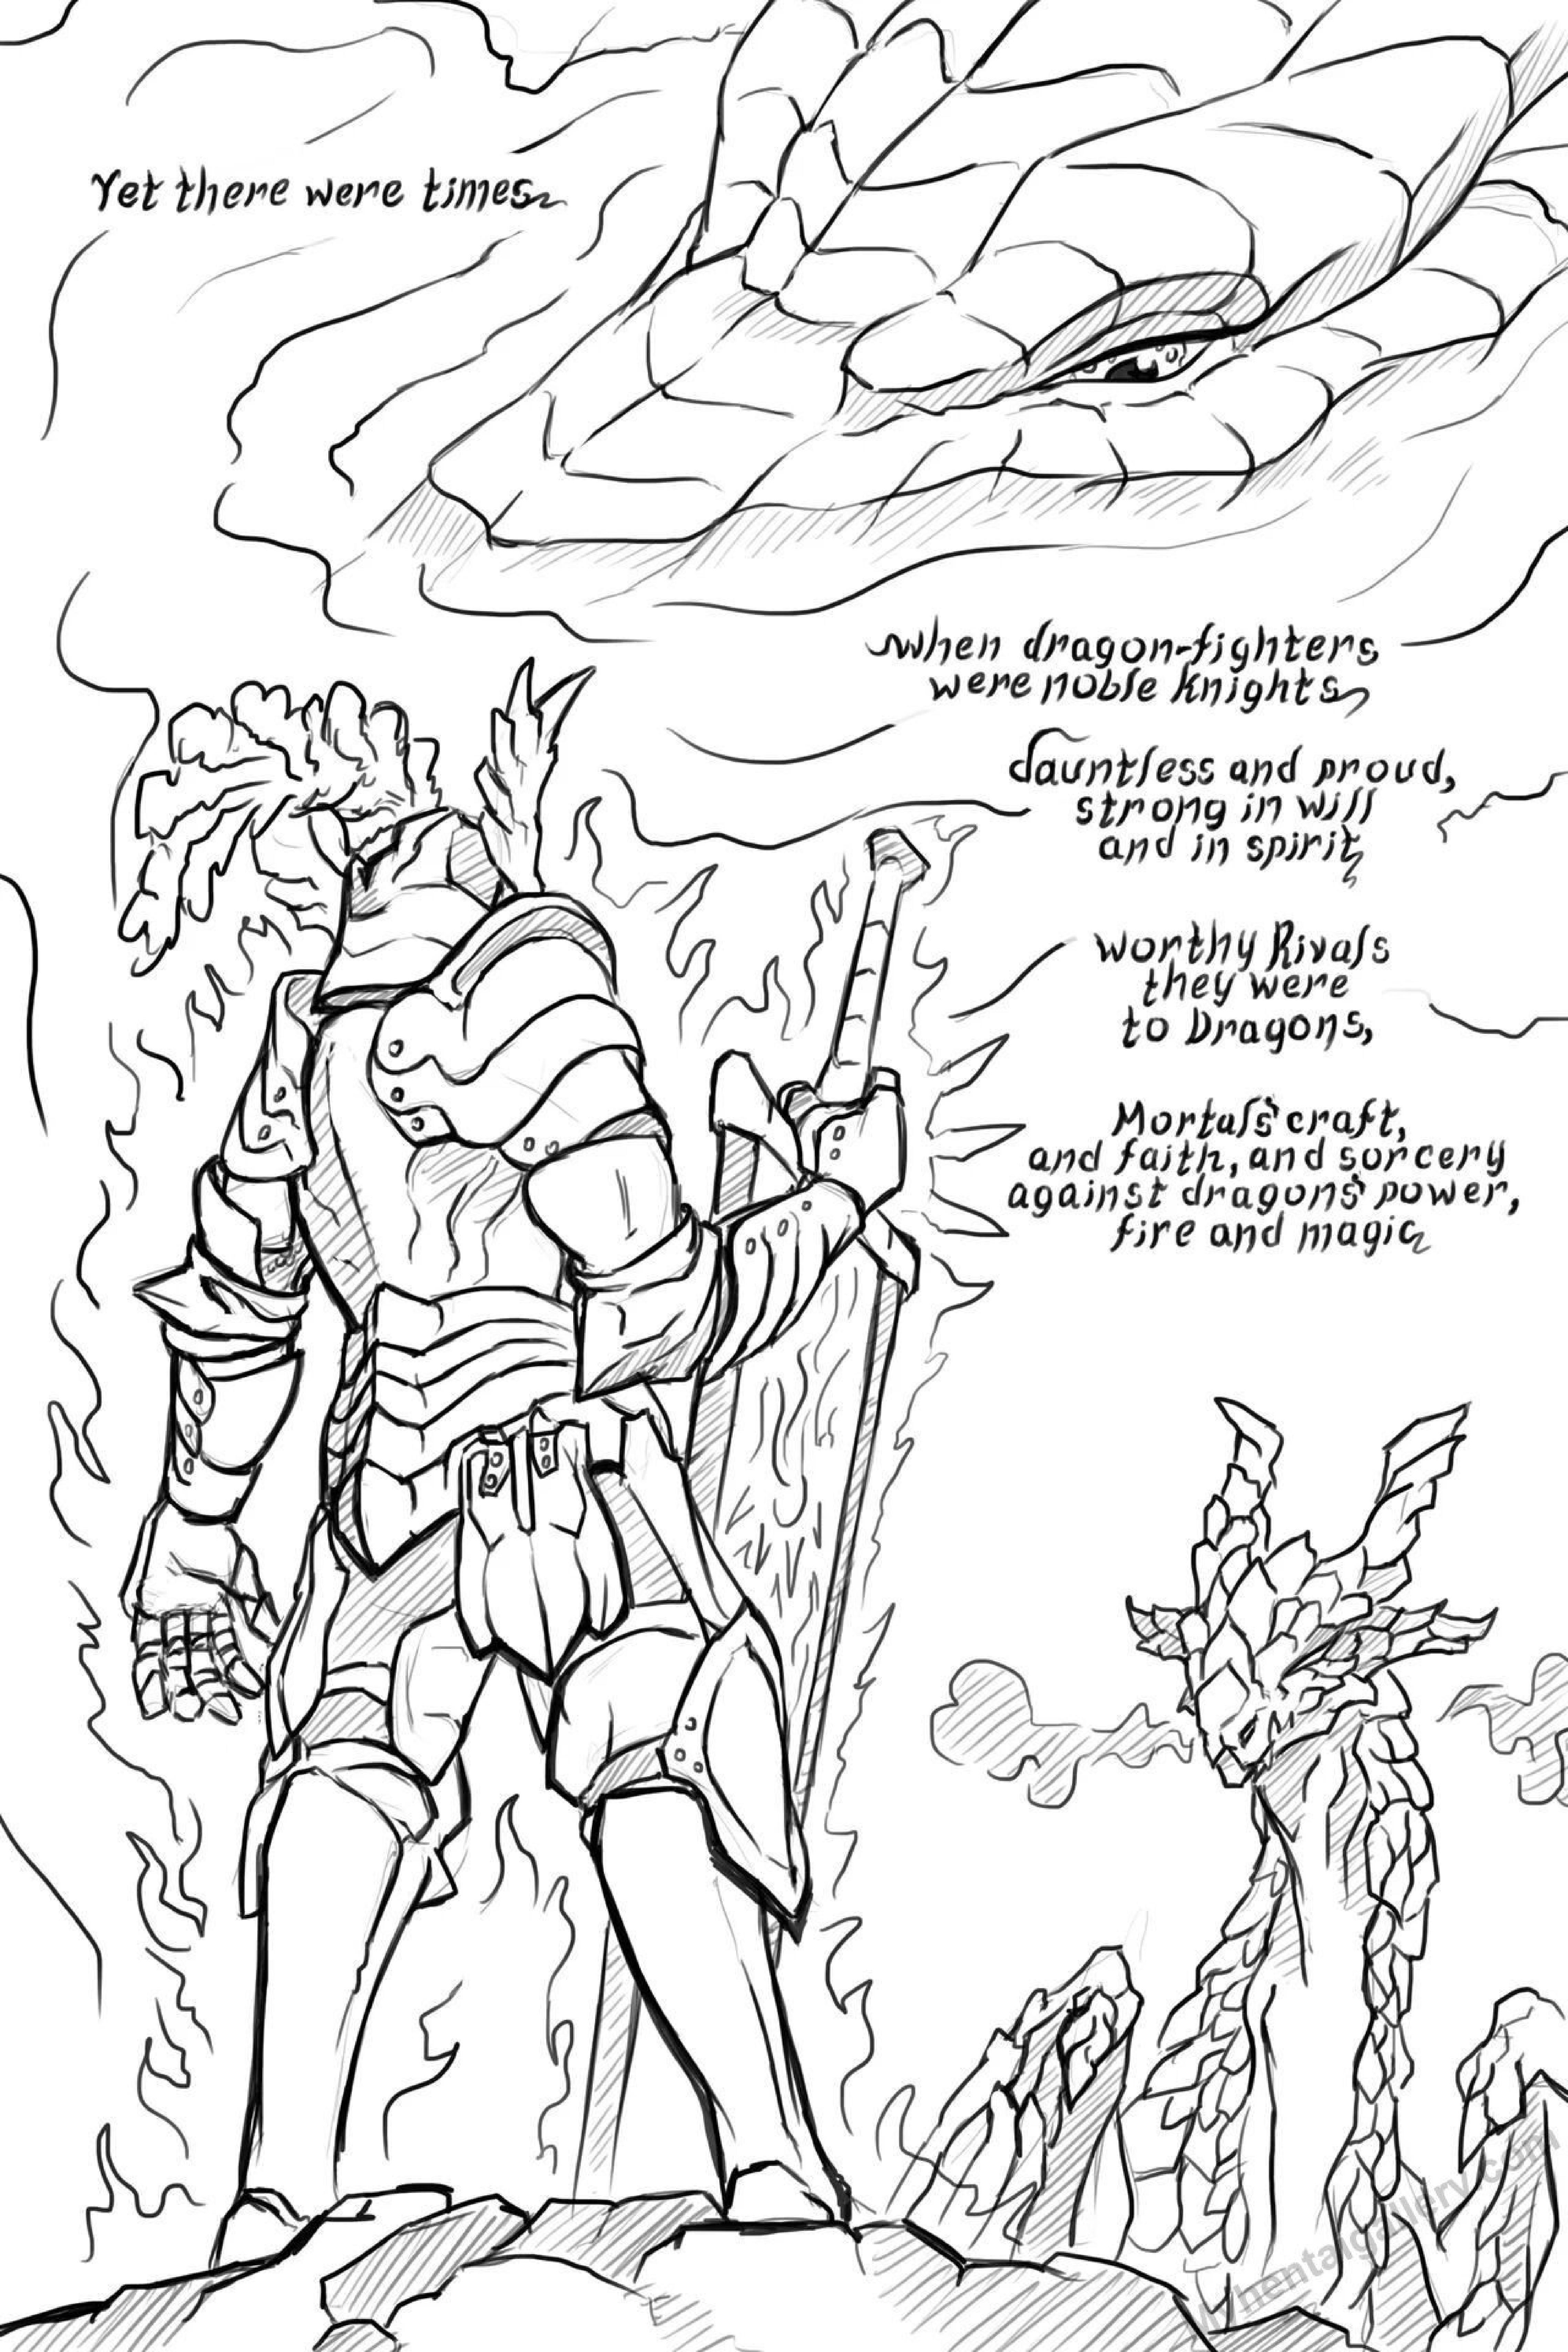

Yet there were times

when dragon-fighters
were noble knights

dauntless and proud,
strong in will
and in spirit

worthy Rivals
they were
to Dragons,

Mortals' craft,
and faith, and sorcery
against dragons' power,
fire and magic

If only I could meet
such valiant warrior
of the past

ToooooT!

Toot!

Toot!

Tootoot!

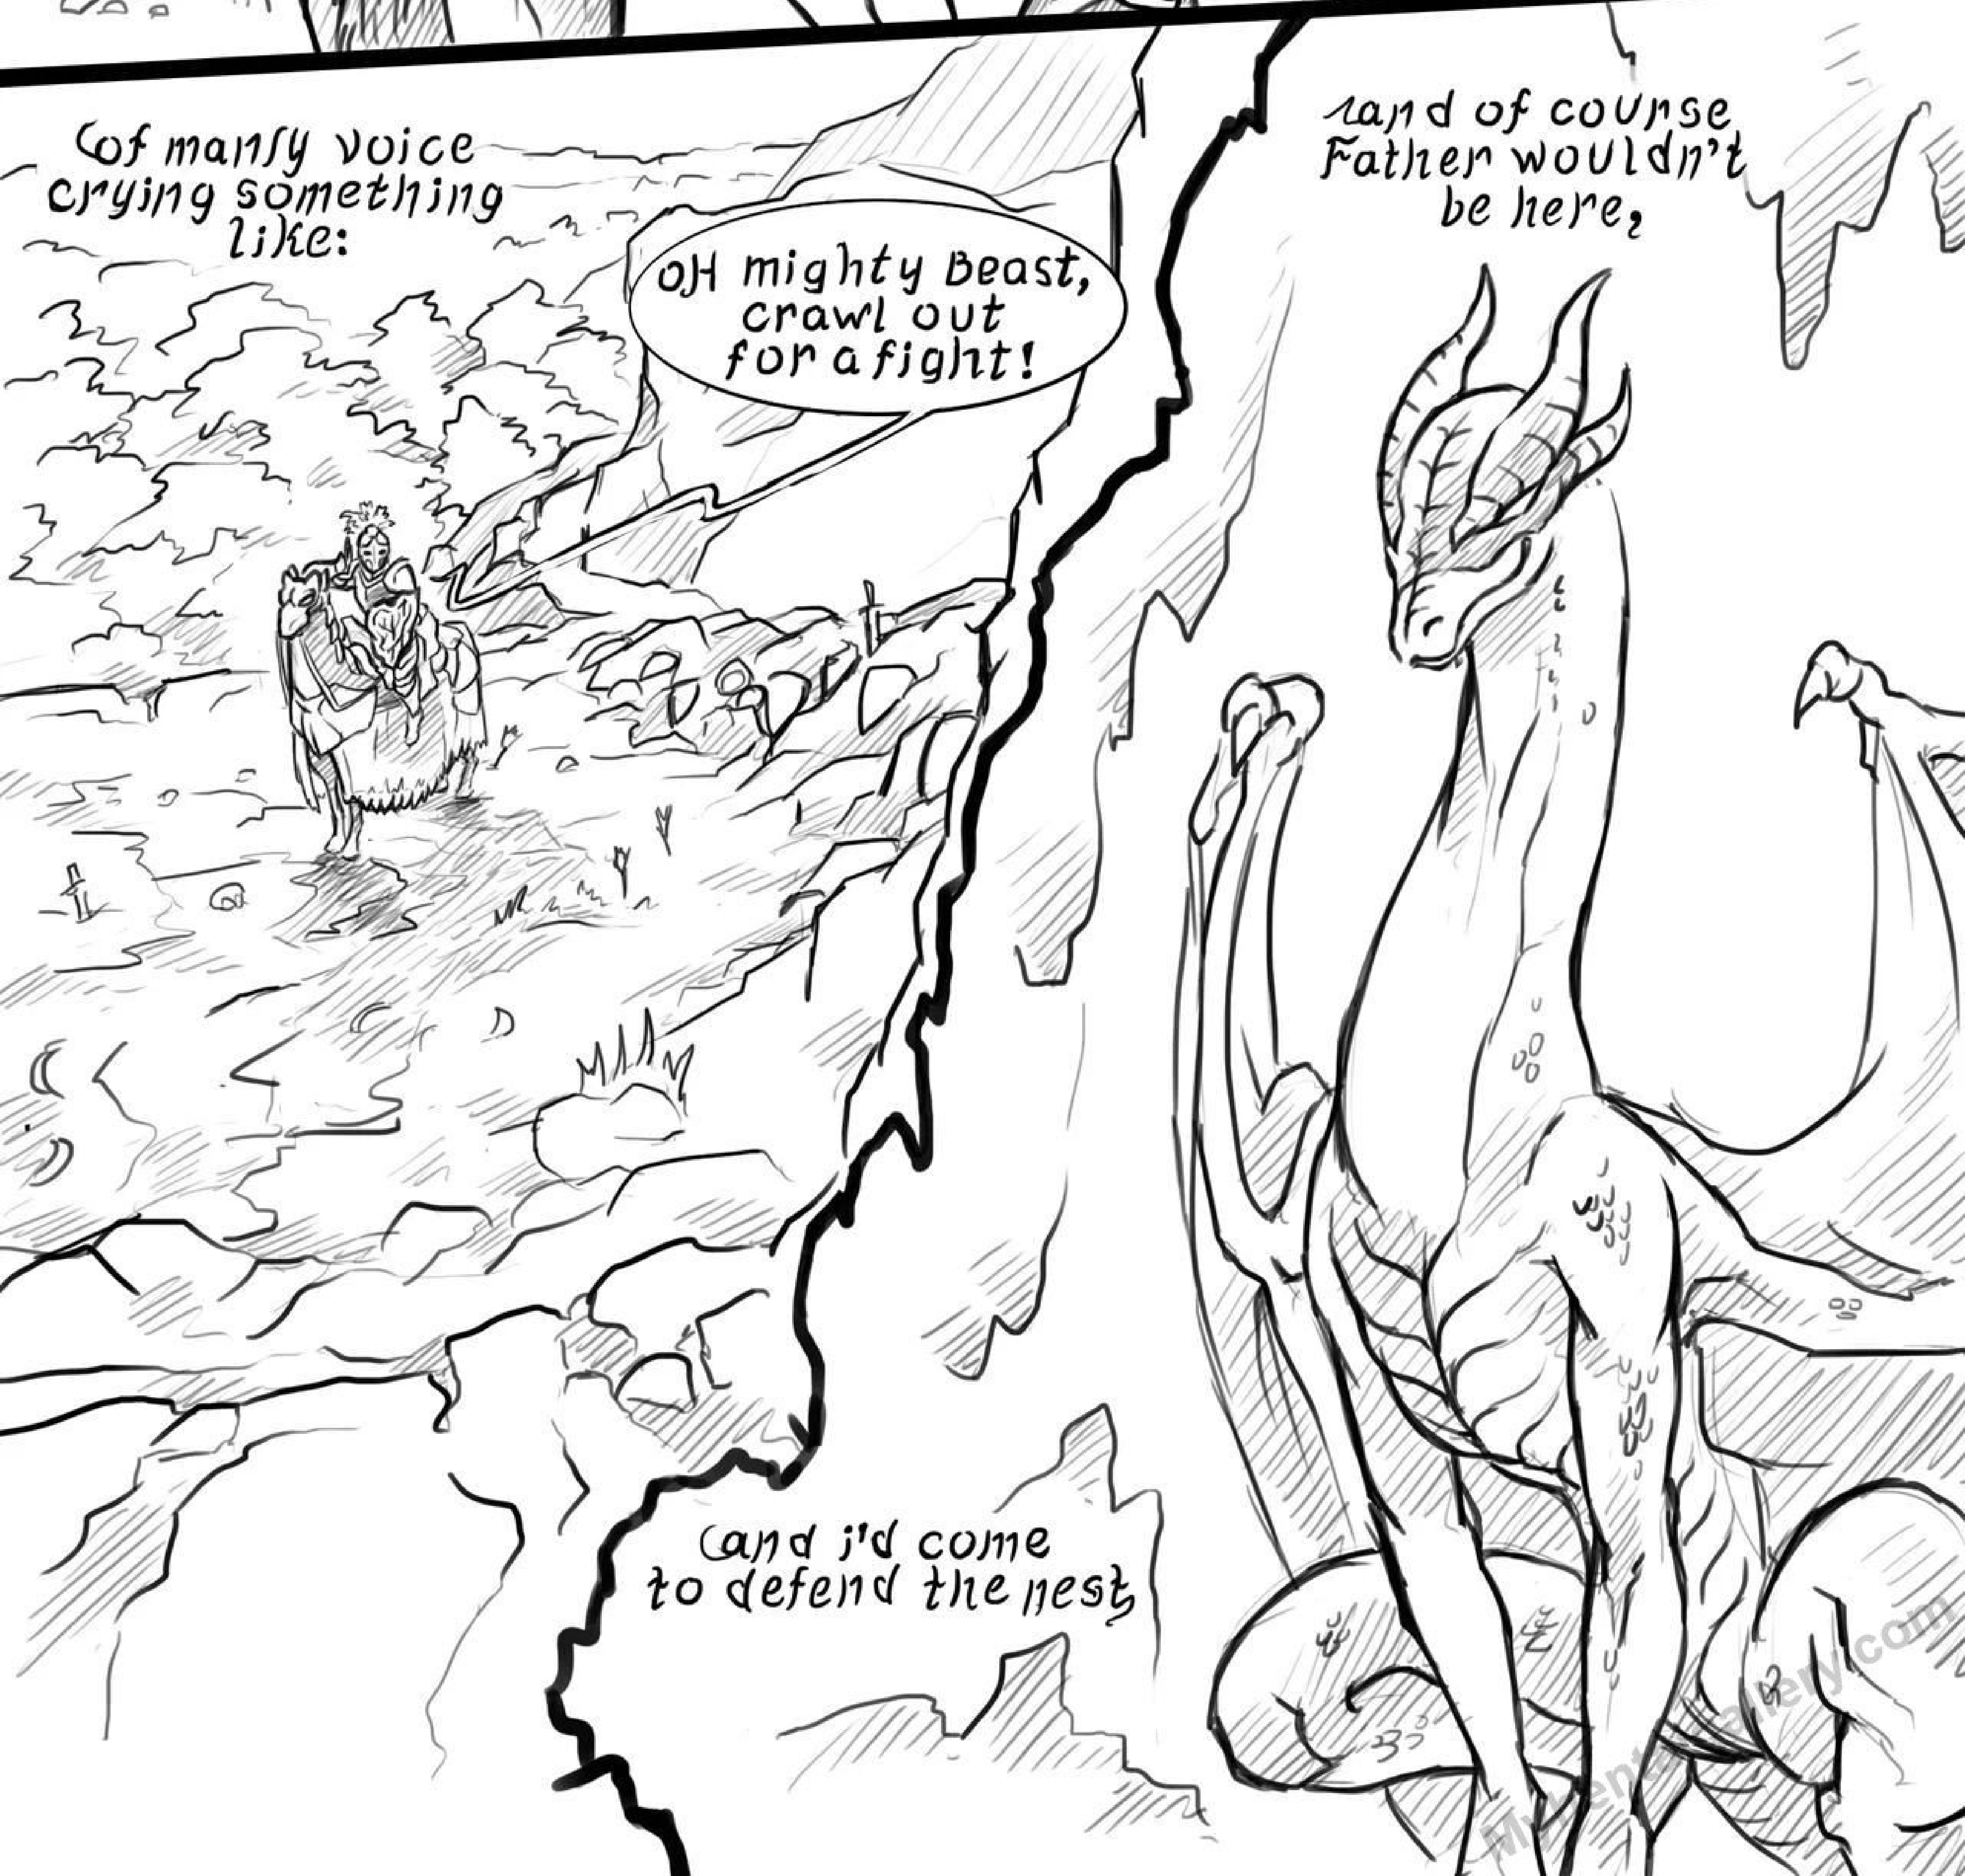

I can only dream
of such encounters

Of mansy voice
crying something
like:

Oh mighty Beast,
crawl out
for a fight!

and of couse
Father wouldn't
be here,

and i'd come
to defend the nest

And I'd say

Muh!
If one of us
is a beast,
that must be

Nah,
that sounds
stupid

Better to answer like this:

Who on earth
do you think
you are, mortals,
to challenge
a dragon!

Technically

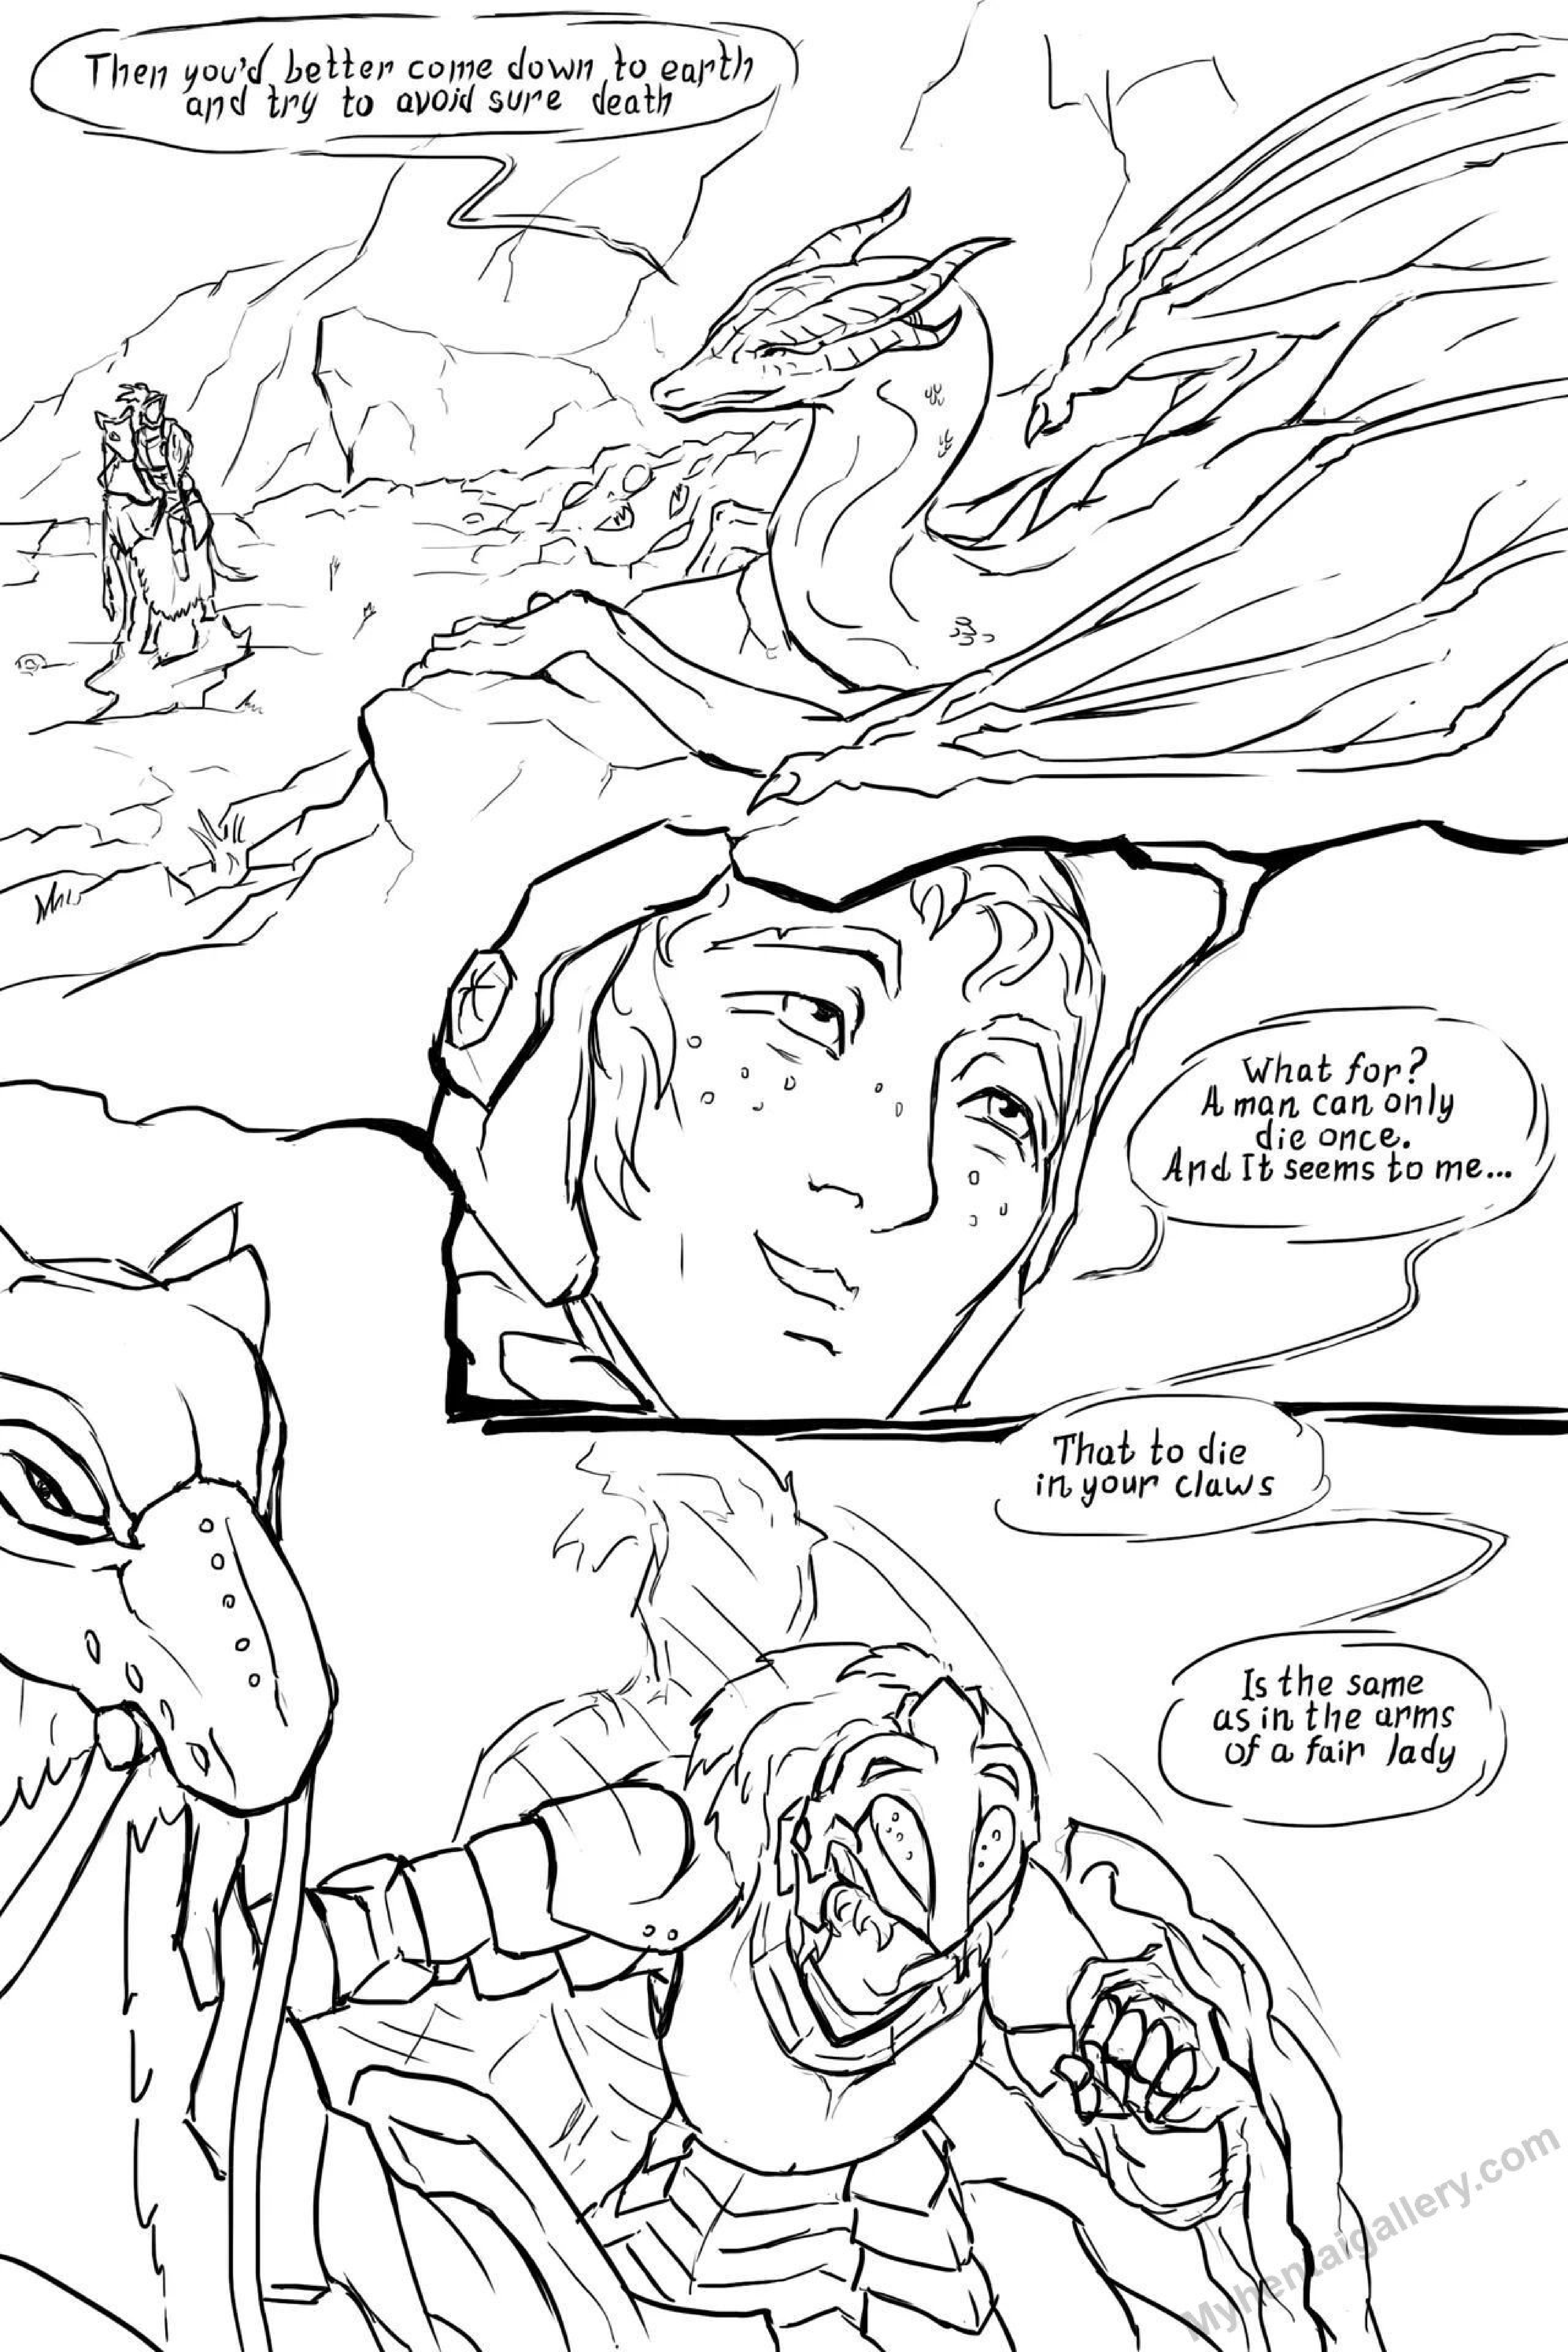

I am not
on EARTH

But on the back of
my horse

Am I
right,
Archibald?

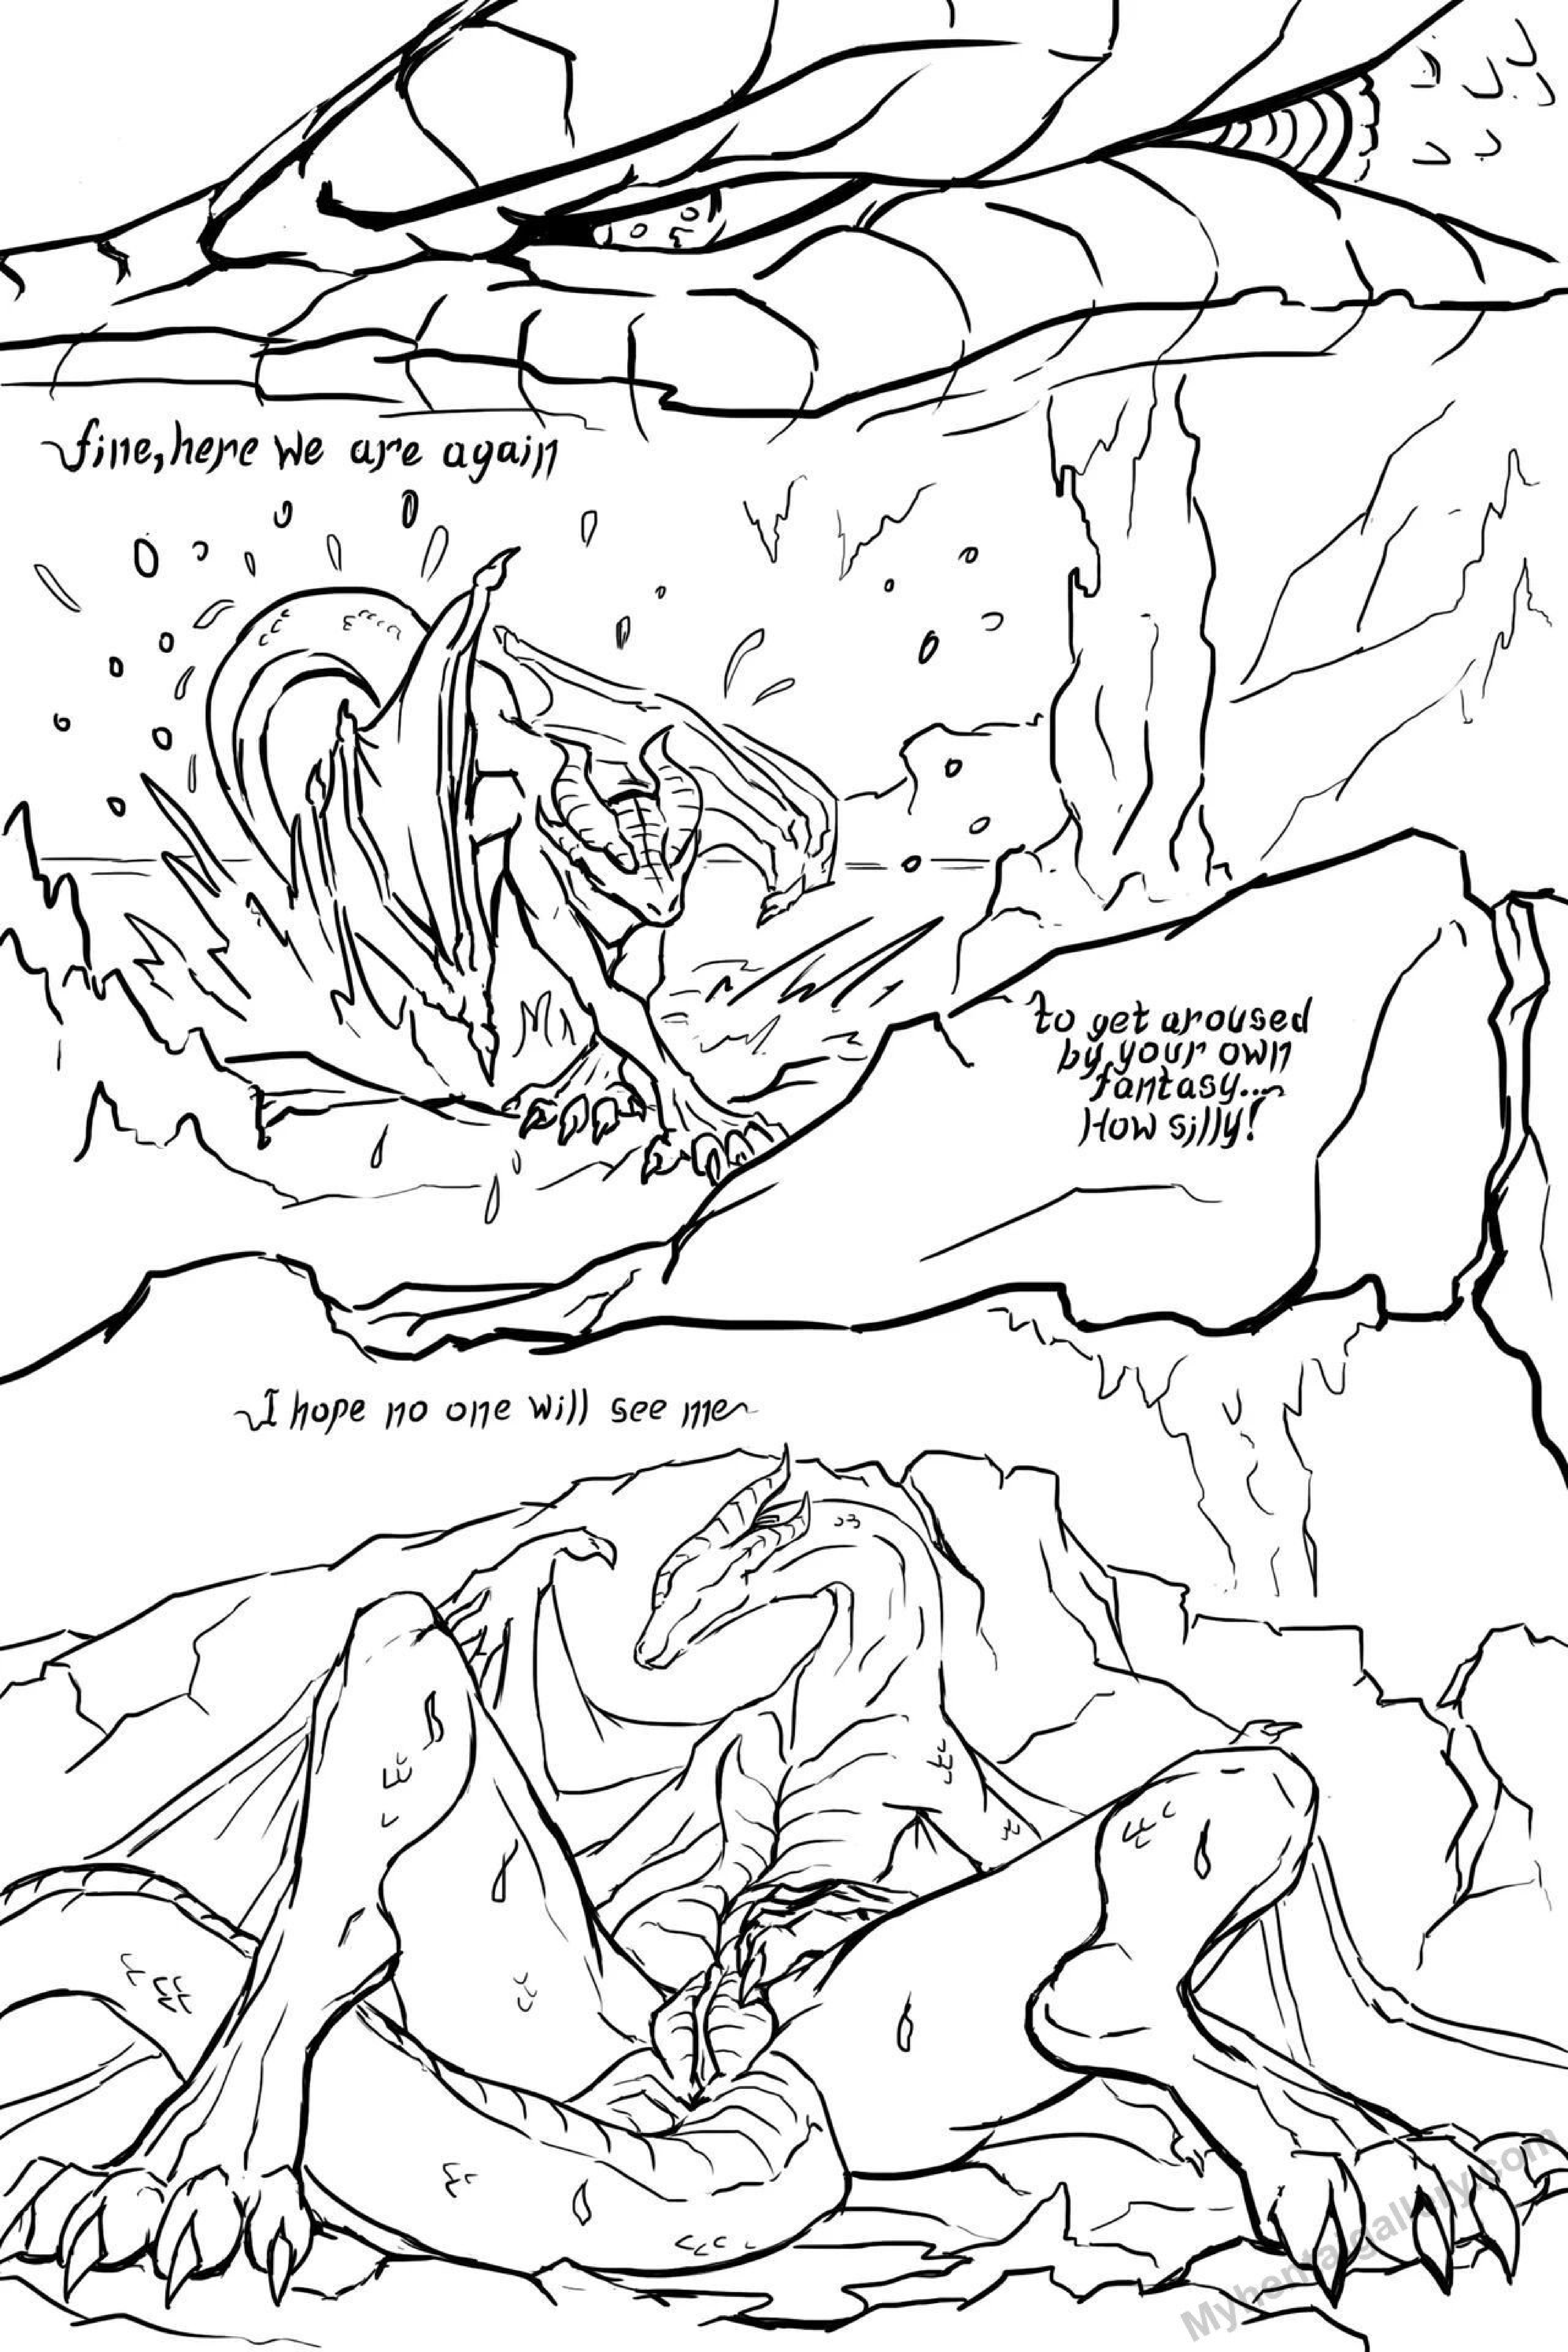

Then you'd better come down to earth
and try to avoid sure death

What for?
A man can only
die once.
And It seems to me...

That to die
in your claws

Is the same
as in the arms
of a fair lady

fine, here we are again

to get aroused
by your own
fantasy...
How silly!

I hope no one will see me

and I'd say
to my unexpectedly
gallant Foe

Be careful,
Sir worthy knight,
lest I should take
your words too close
to heart,
for I'd have to tear
you apart
to protect my honour

To be honest,
I didn't come here
for you

But you are far better
then what I expected to find

So what about
tearing me apart?

You are tempting
your fate!

Do you mean you are my fate?
Then I should thank all my Gods
as I couldn't wish for a better part!

This going-to-be-lewd
Fantasy makes me fly
into passion!

Such is our nature:
any dragoness will attack
the one who dares
to crave her

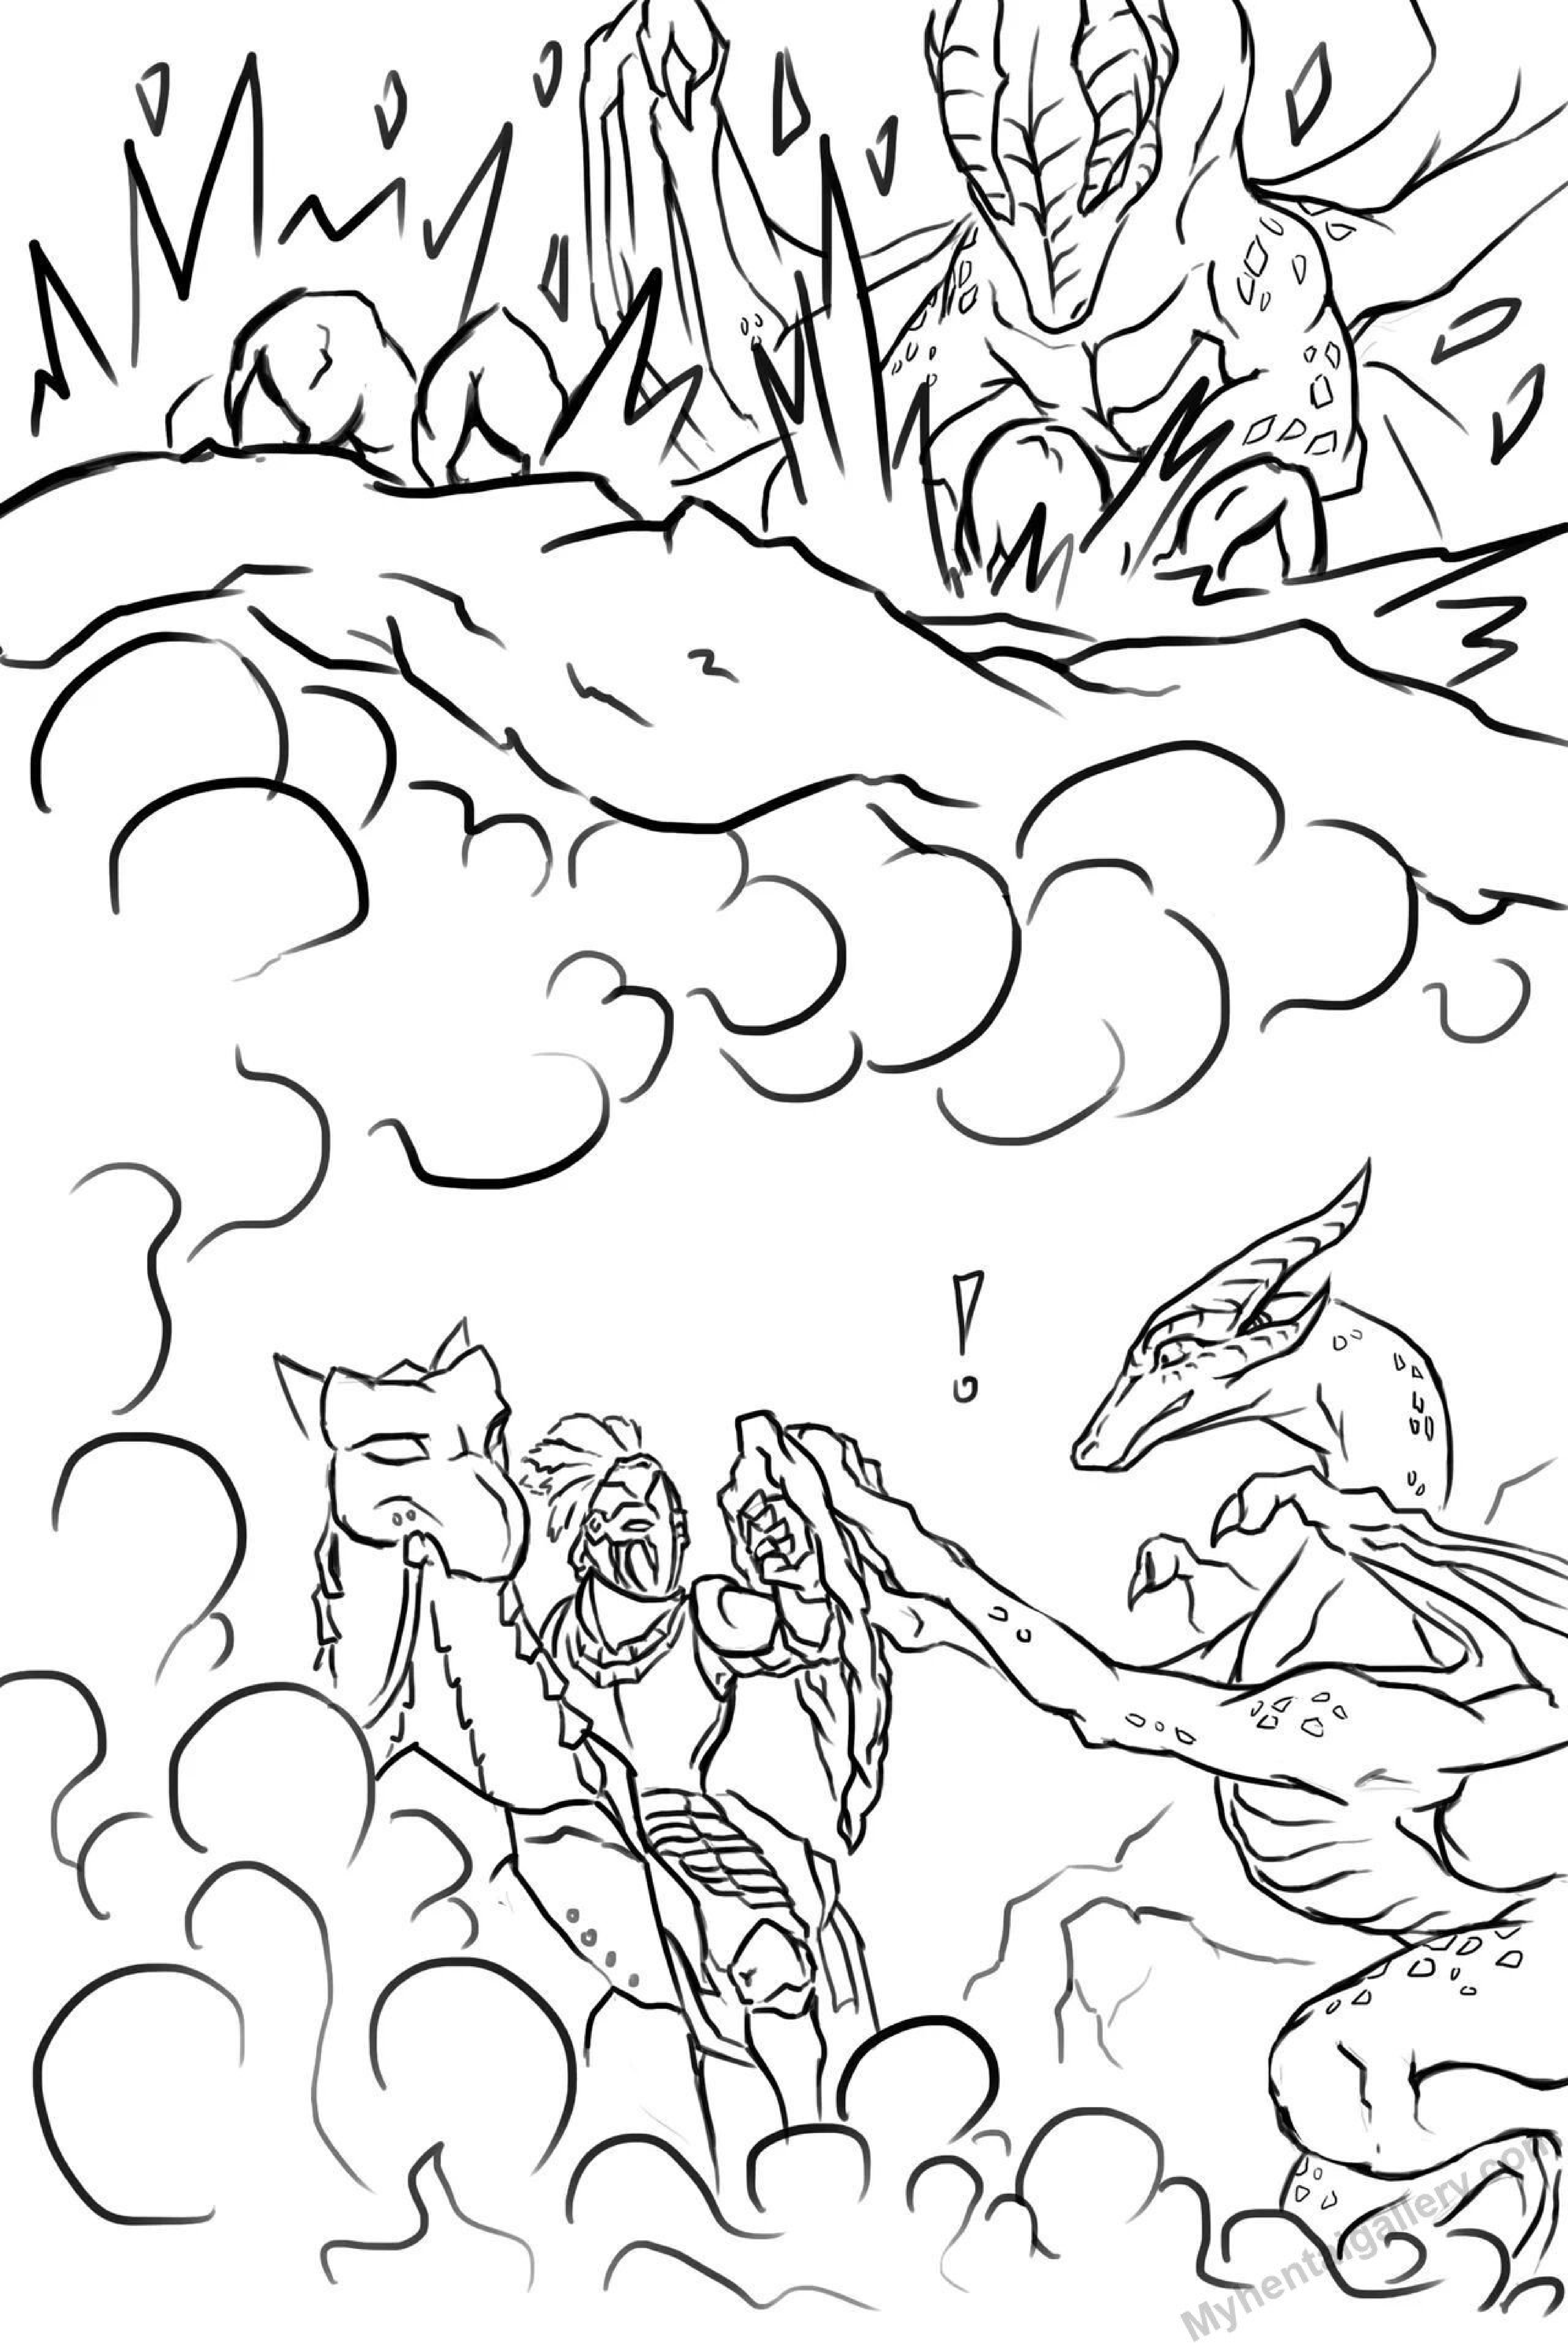

Even if she
craved him first

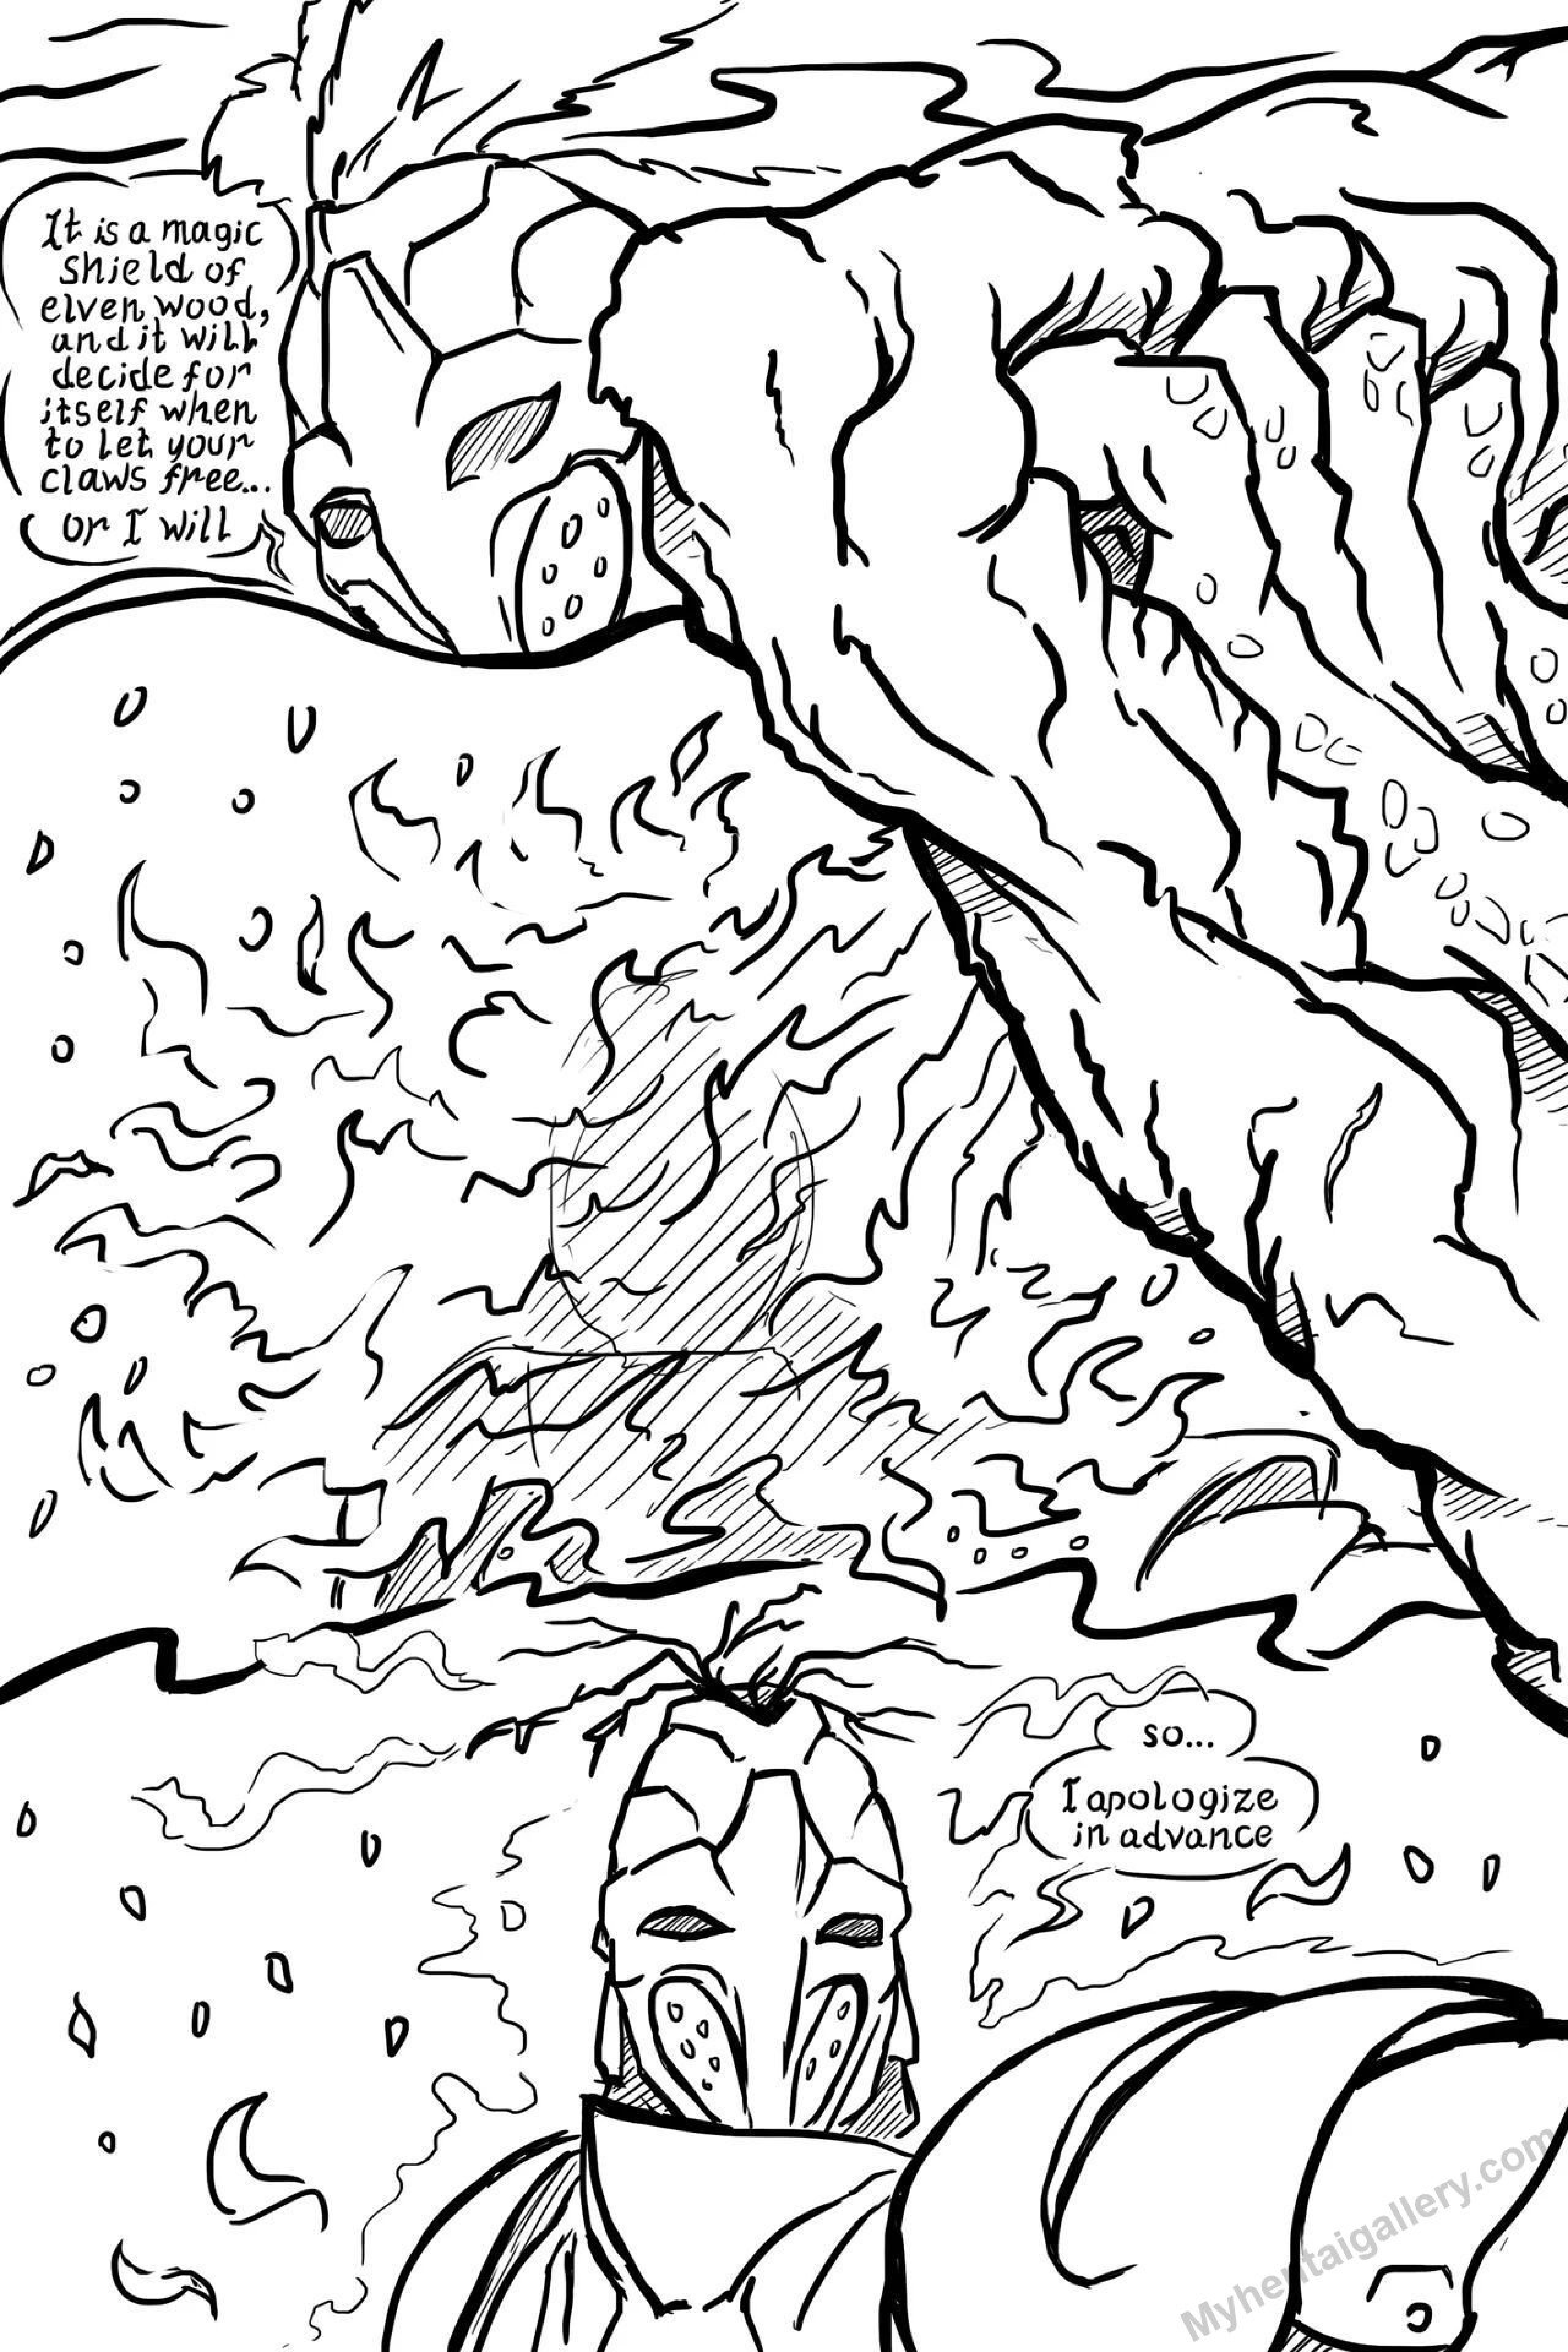

and this is
the fury
she cannot control

He should at least survive a battle
with the fierce monster

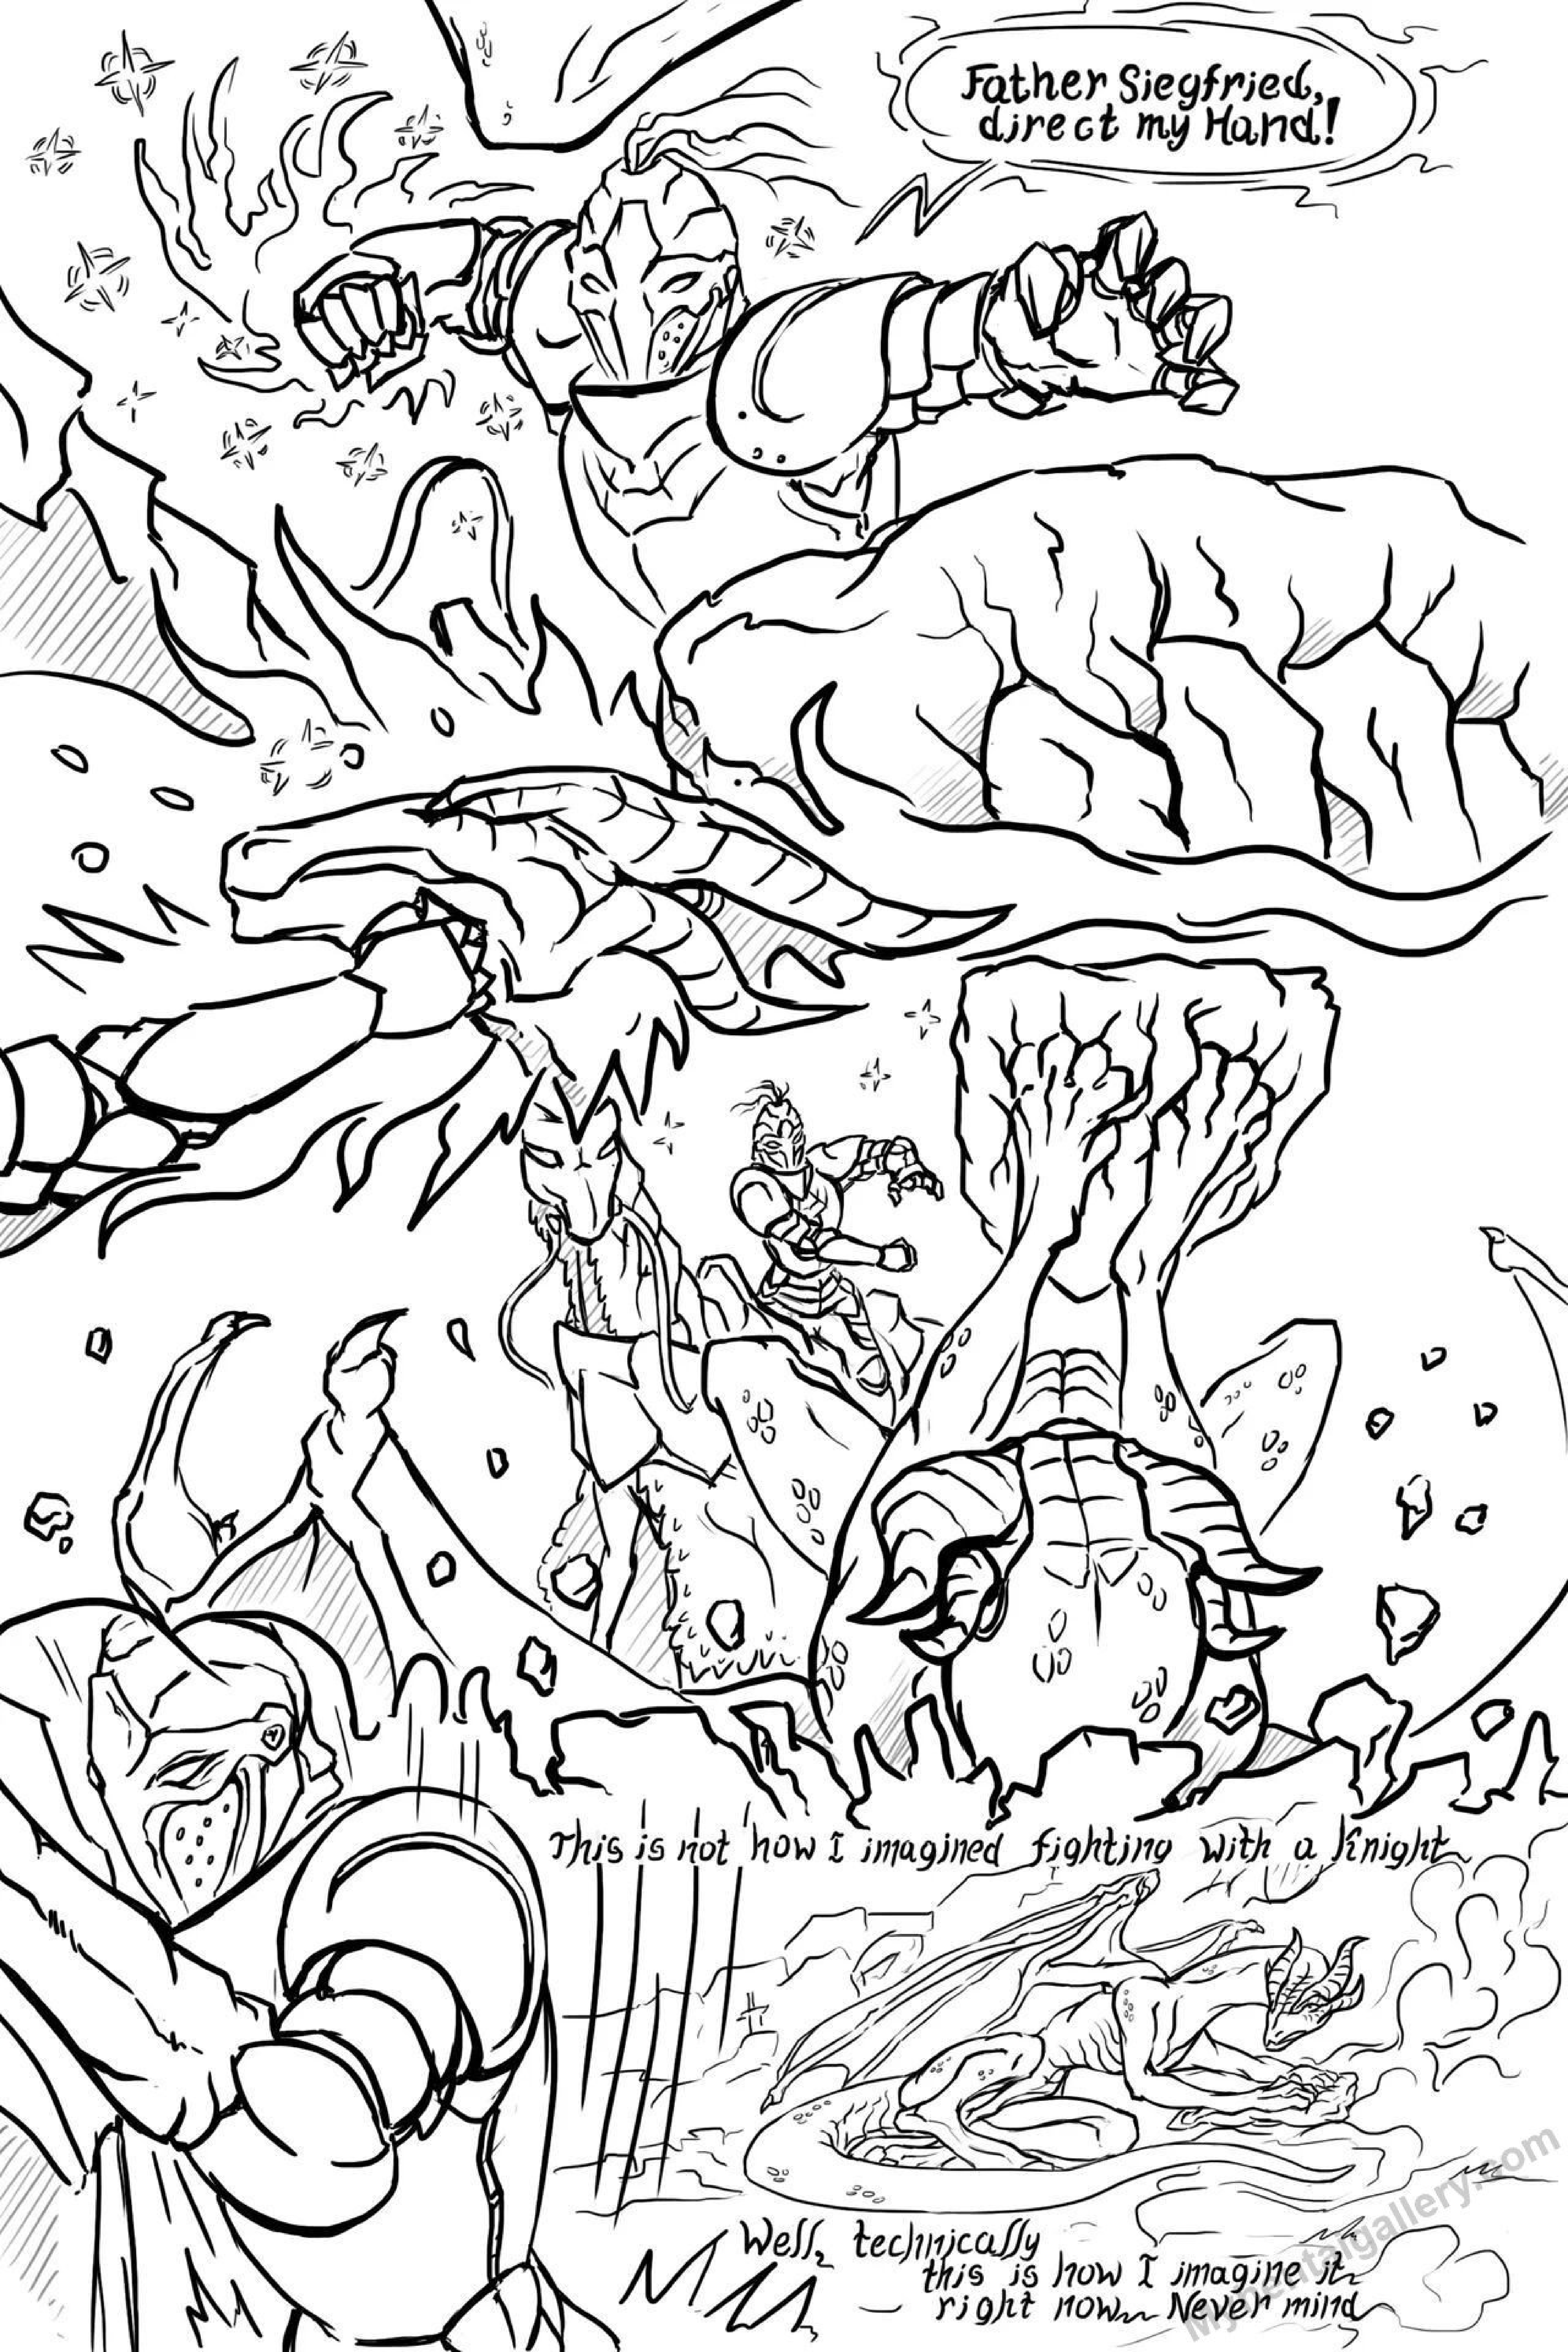

It is a magic
shield of
elven wood,
and it will
decide for
itself when
to let your
claws free...
(or I will)

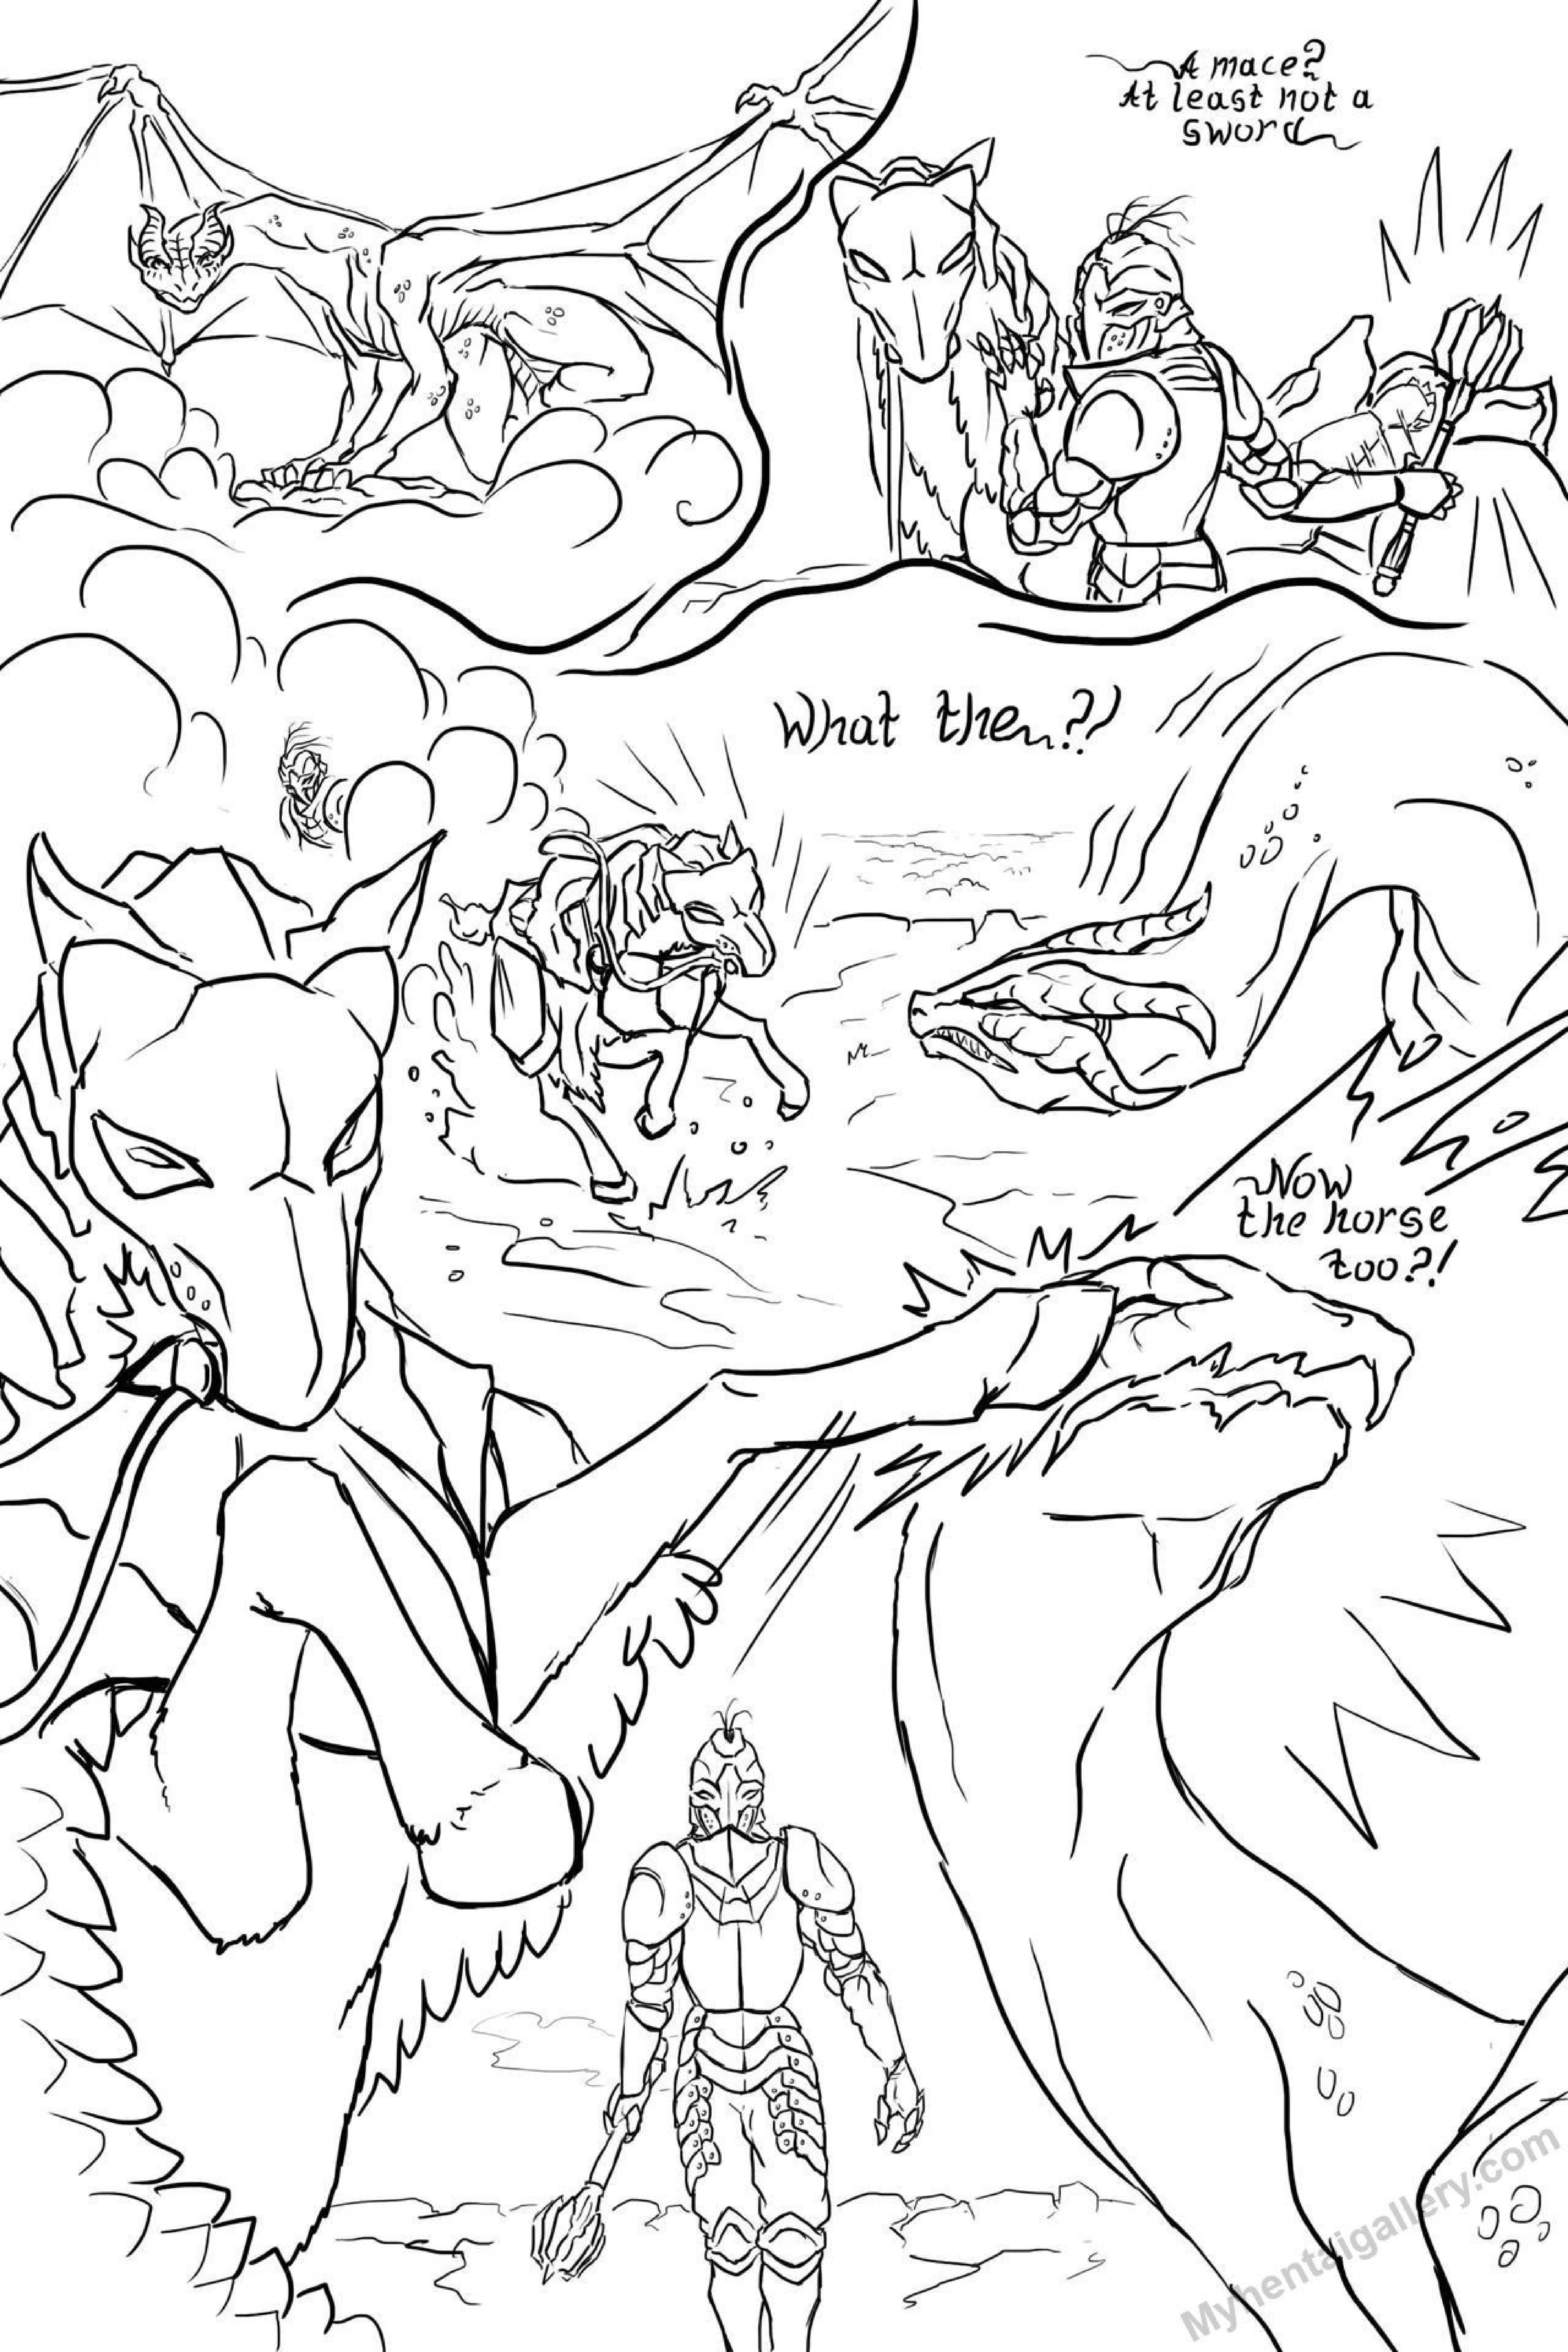

so...
I apologize
in advance

Father Siegfried,
direct my Hand!

This is not how I imagined fighting with a knight

Well, technically
this is how I imagine it
right now. Never mind

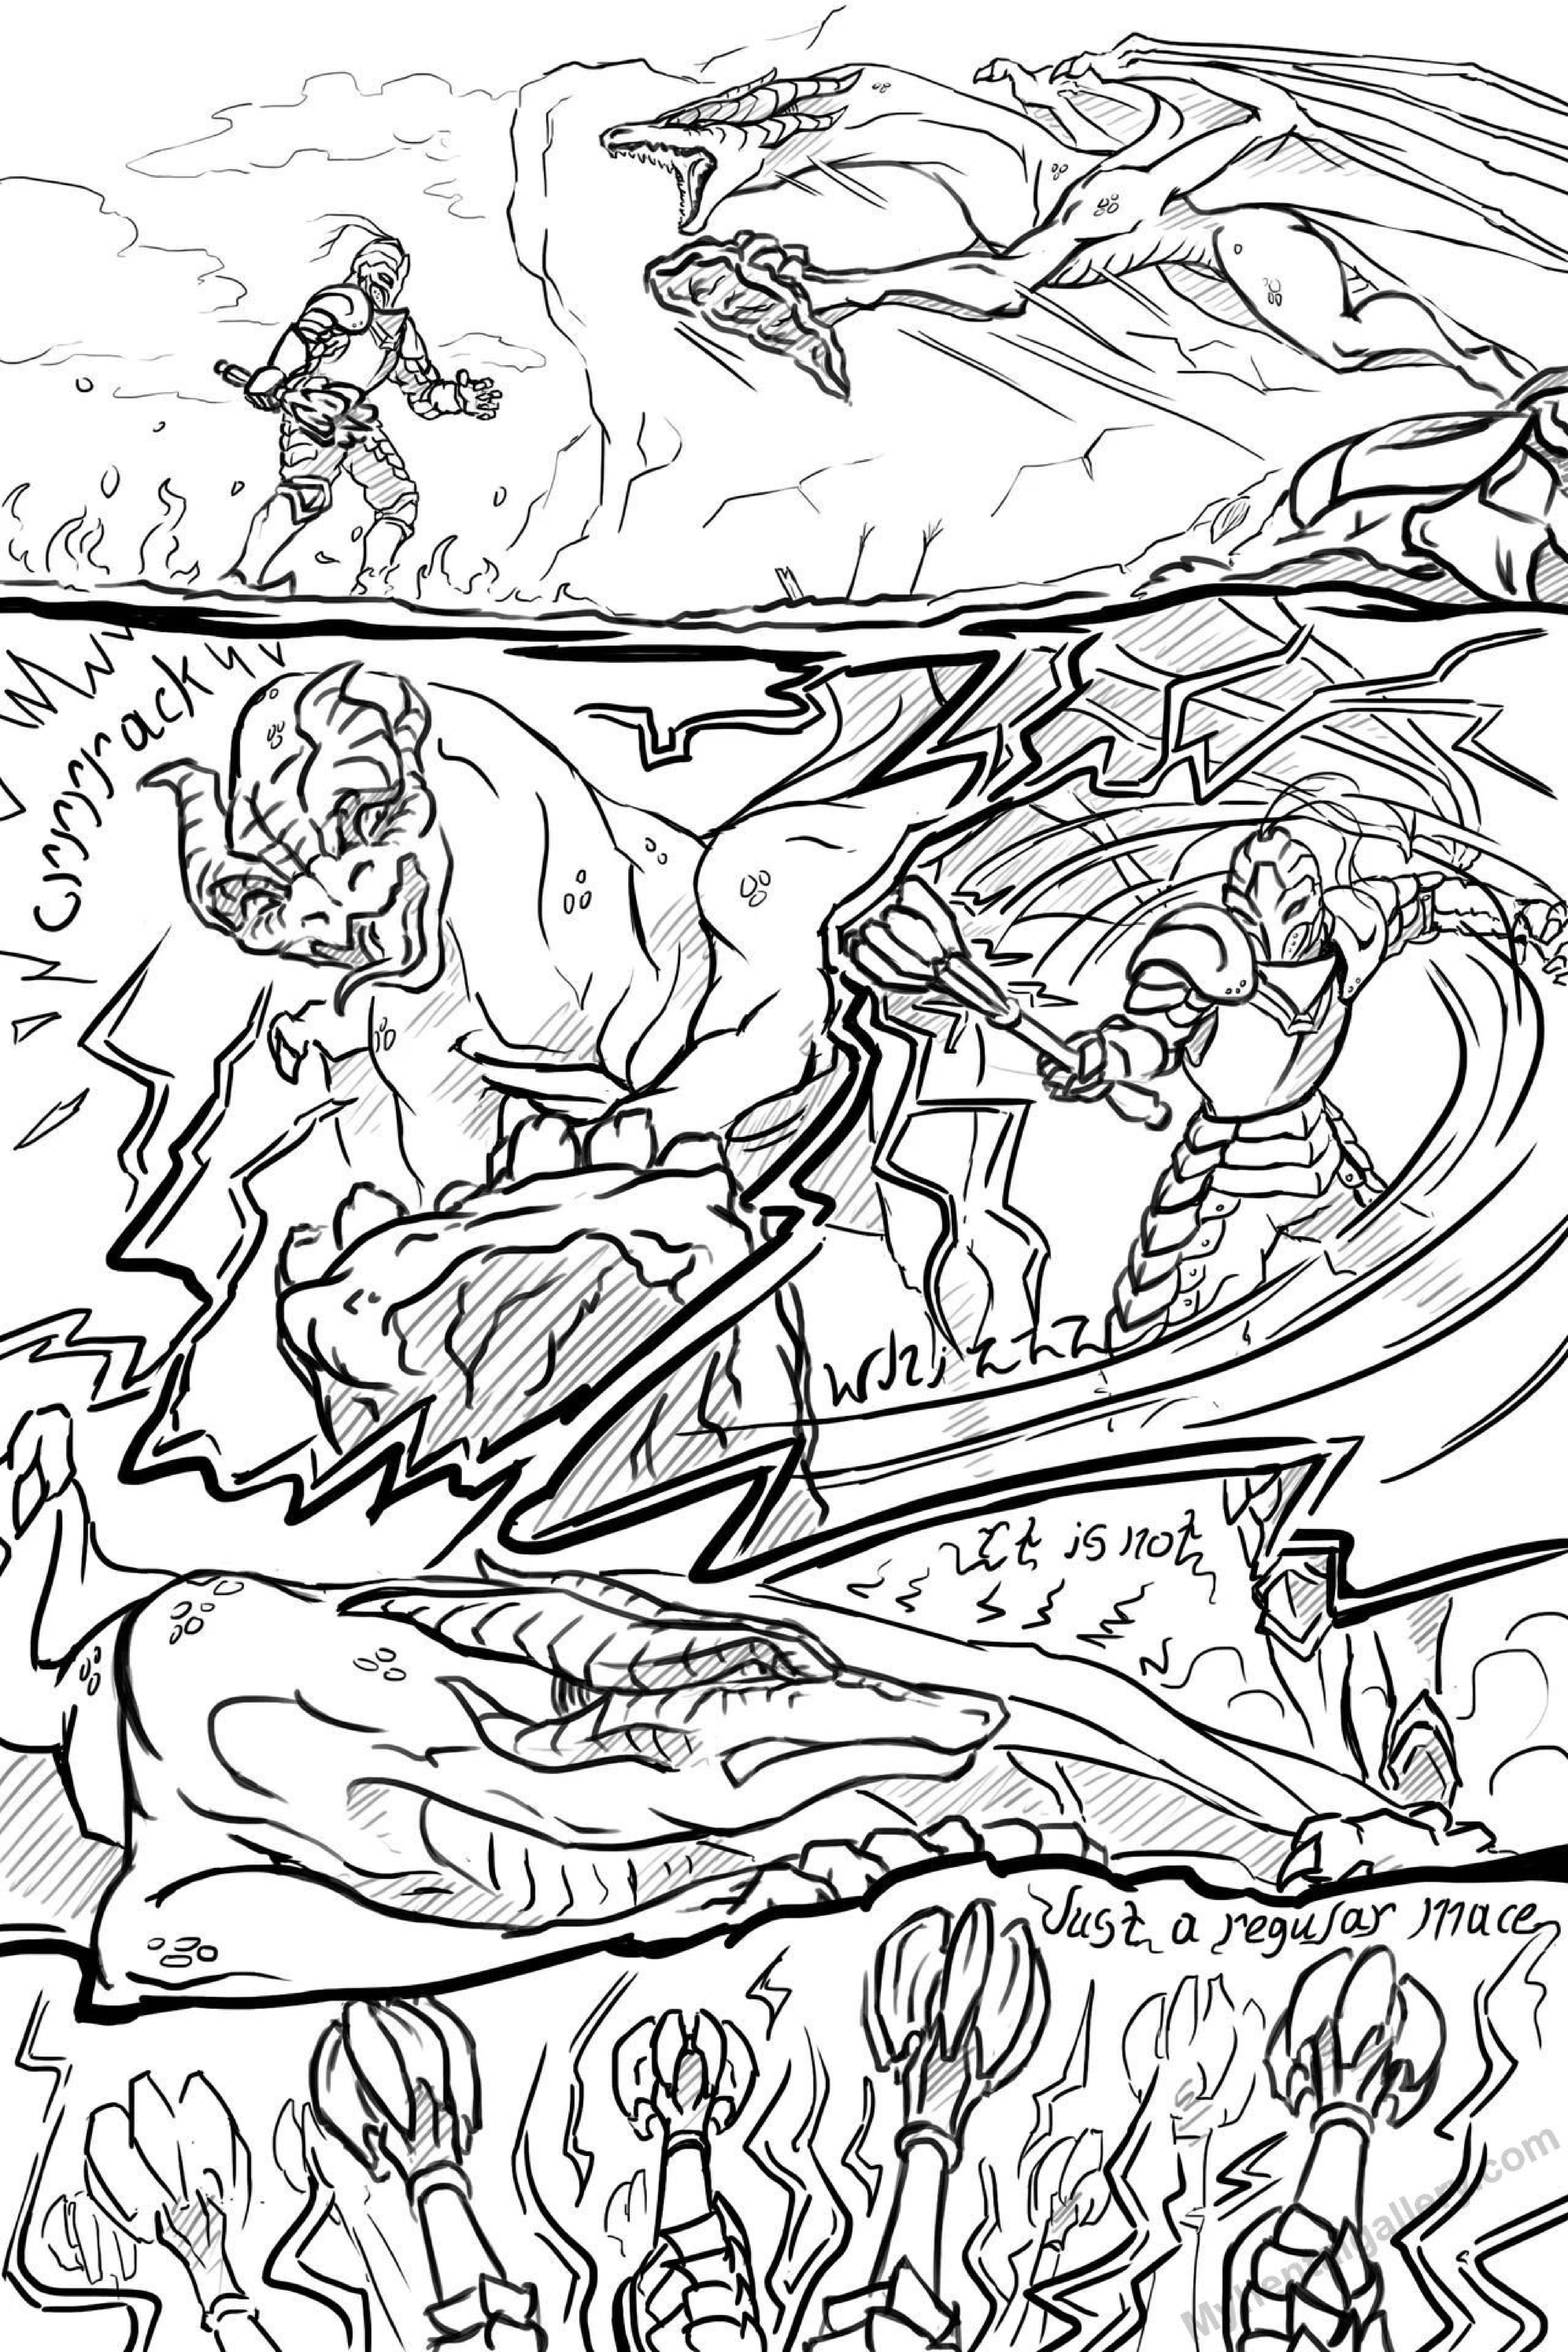

A mace?
At least not a
sword

What then?!

Now
the horse
too?!

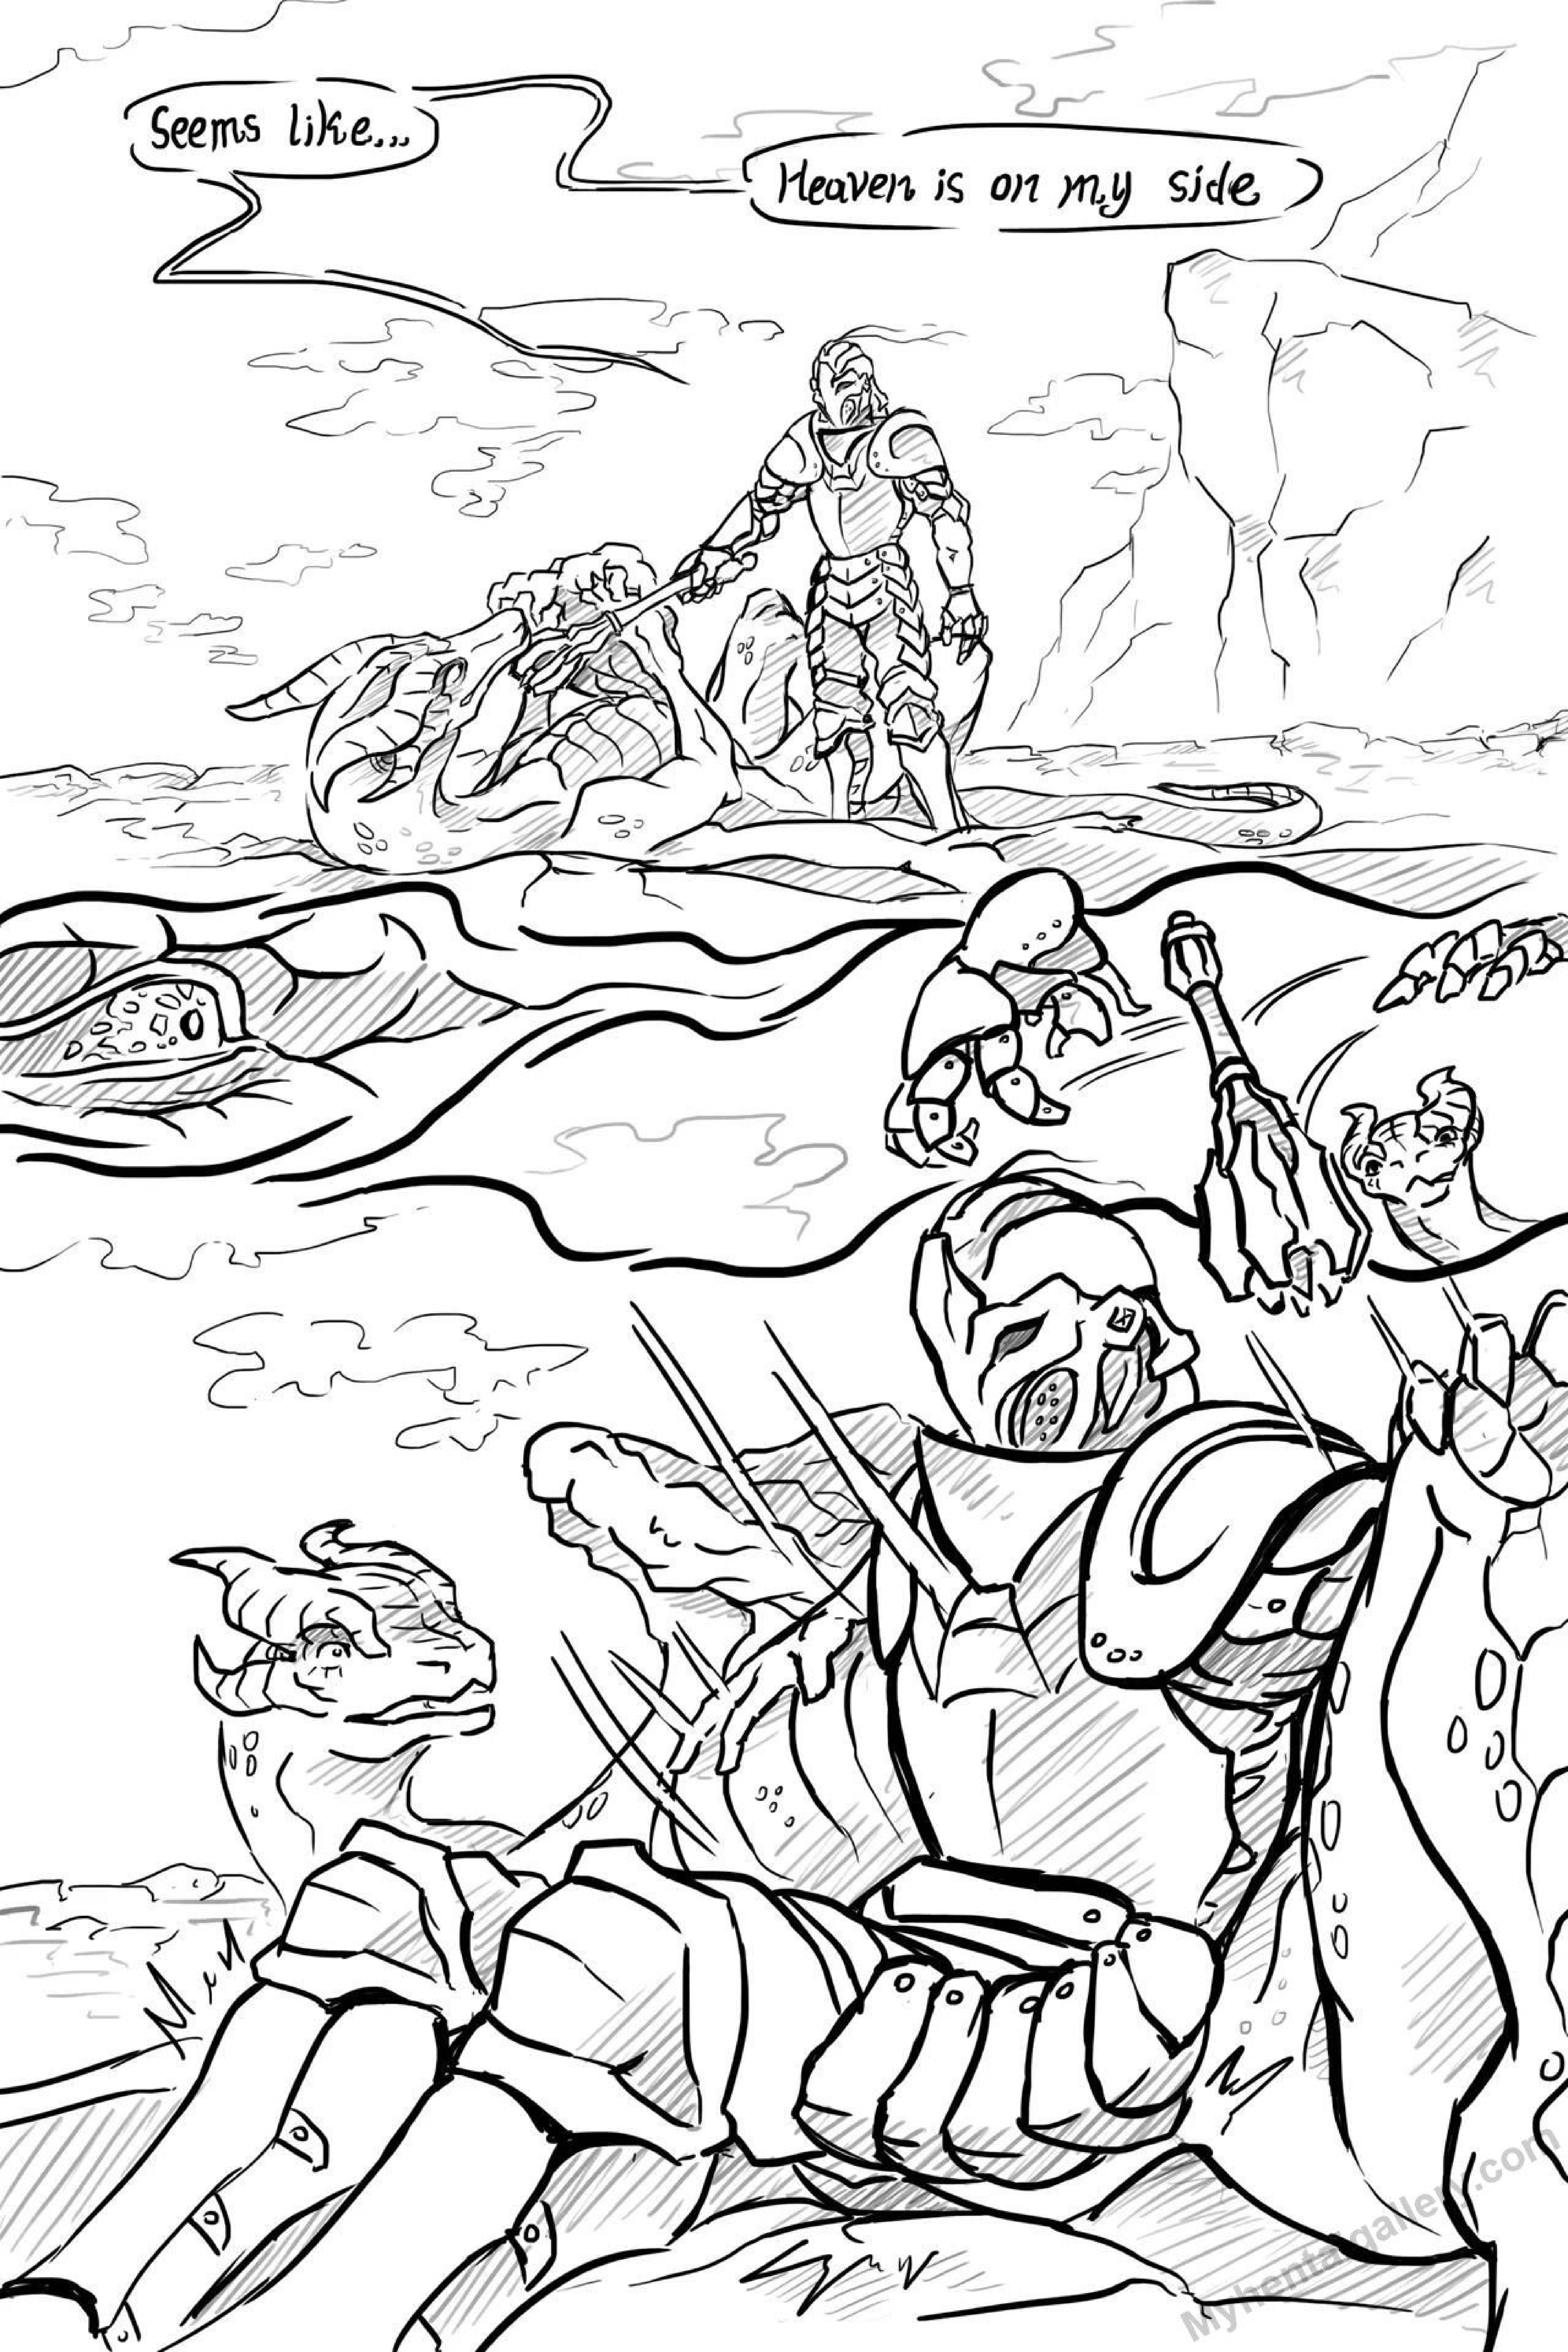

Seems like...

Heaven is on my side

I've never seen
such smooth
and warm scale.
You should be proud
of it!

Don't be surprised.
Dark male is what I've come here for.
I've no intention of killing you,
my Lady.

The dark one? My Father...

Your Father? What a pity.
Yet my duty is to save this land
from a ravager, a monster.
But I won't kill you - unless
you follow his footsteps,
of course. I protect the weak,
not murder fair ladies.

Goshh, why do you people always have to be goody-goody?
You have all sorts of thing: grace, honour, friendship, love...
But all for yourselves, huh? No one has ever protected me.

But why would one
protect such strong
lady as you are?
You may have lost
the battle.

But for the worthiest
Rival of all,
I assure you!

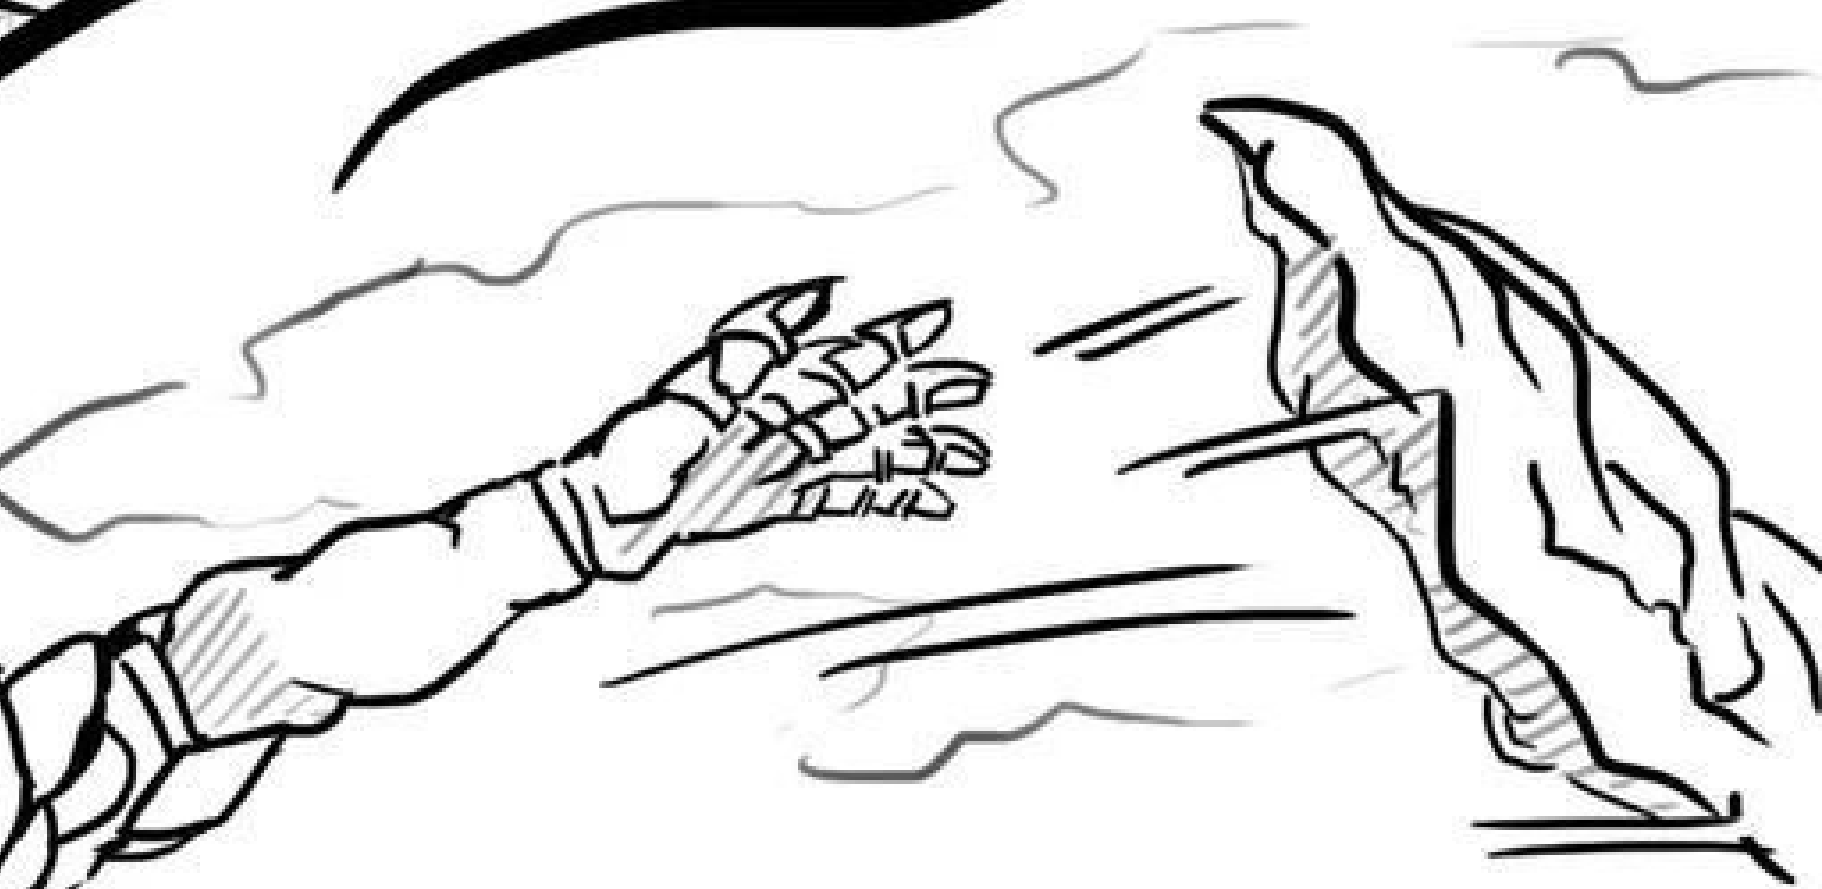

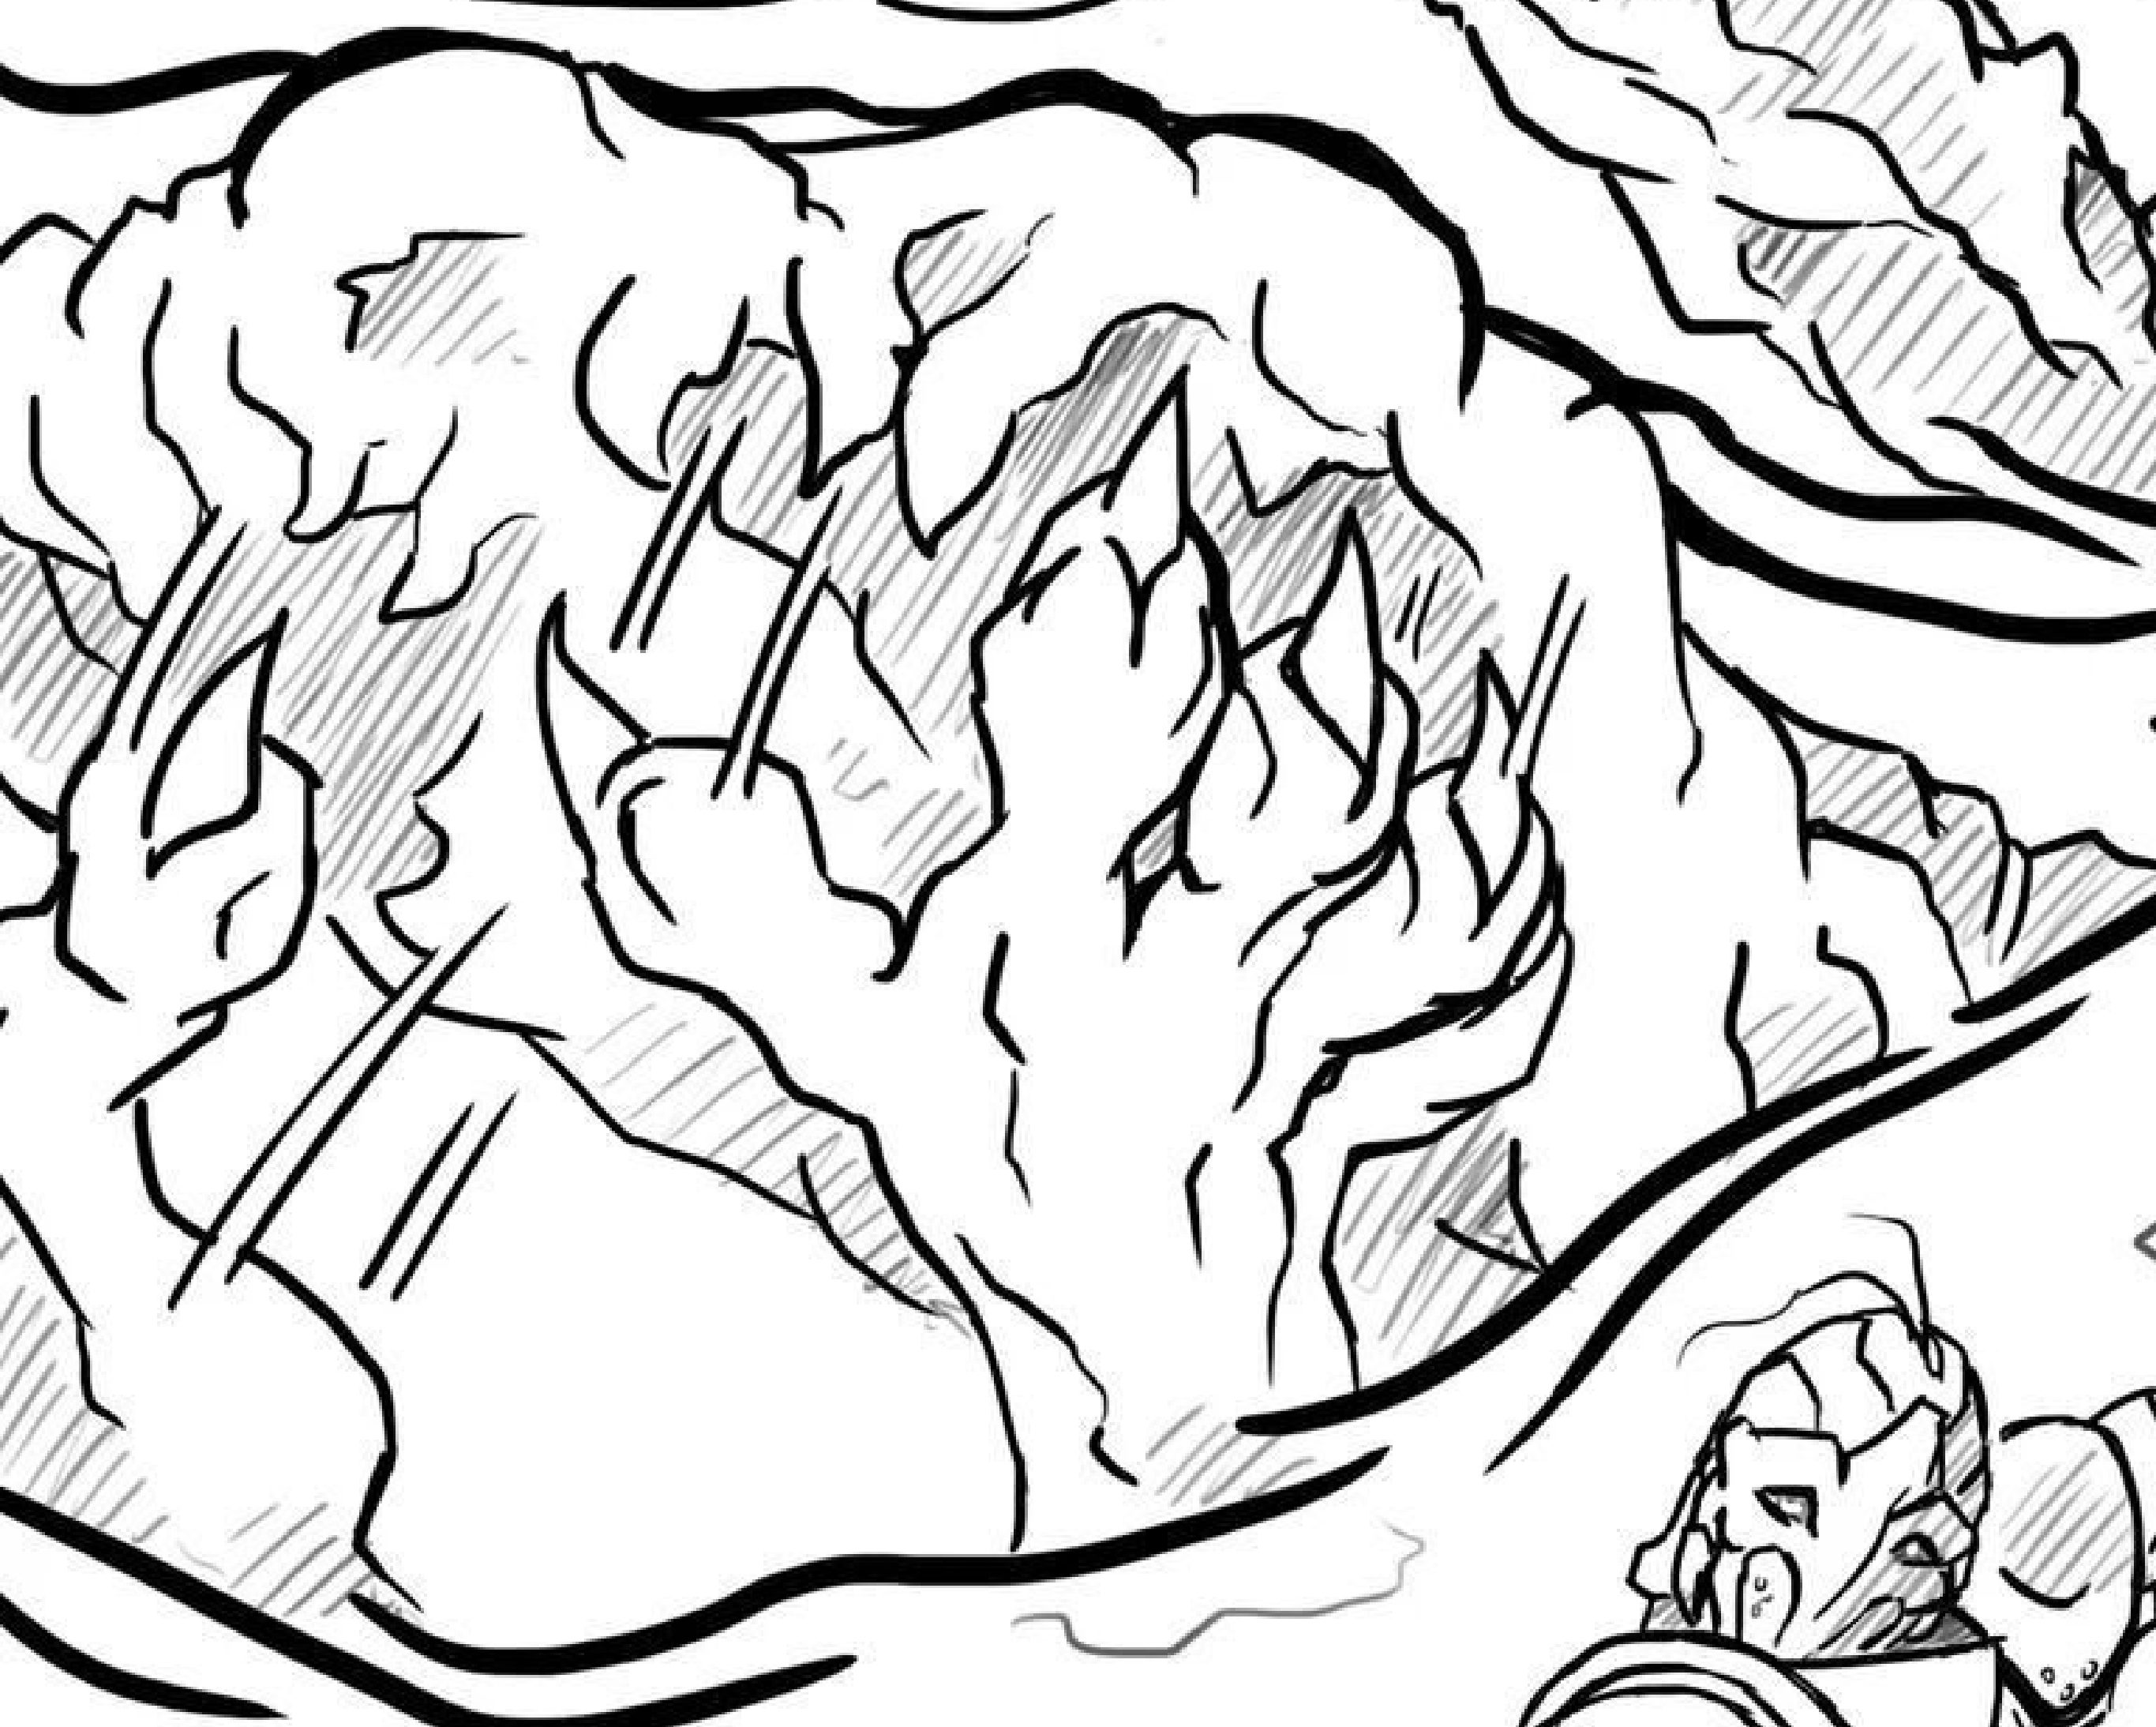

Your defeat
doesn't really
mean
anything,
there is
no reason
to get upset.

Oh... If it were about battles
and power! The truth is
I'm not like other dragons.
No one can understand me.

If father knows,
he'll cast me out
of his home
and it's the best-
case scenario!

Maybe...
Maybe it's
for the better?
Do I really
need
this home.

Sir Knight,
please take me
with you,
But spare my father!

No one has ever
captured a dragon.
Having a captive
of my kind
will make you
a living legend!

Isn't it
fair price
for my
father's life?

My hero new.com

Your Father,
I am afraid, is a monster

He has killed
thousands, and how can I
allow him to kill more?

Anyway,
no bargaining here.
I won't take you as a captive,
However famous
it might make me

Yet, if you need
my protection,
fair lady...

Yes, I do.
I'm so sick of being
lonely, and Sir,
you've defeated me
in a battle.
We have Rules
about such things.

Now you can do
anything to me,
since I am your
woman.

No doubt you're a fair lady,
But I won't force you
to anything. You can go with me
and be under my protection
without offering...
what you have offered.

But... what if that's what I want?

Never mind, though.
I know I'm a monster for you.
You've already been
so kind for me,
with all those compliments
out of sheer politeness...

I say
what I think
and think what I say.
I do deem you a fair lady, and...
Do you really need me
and want to be my woman?

y-yes...

Then I swear
I'll protect you
and care for you
as for my
paramour!

But what about
your father, Lady?

It would be
awkward
if he happened
to return...
for several
reasons.

Ah, sure
why should folks
in my fantasies
always remember
about such kind
of thing!?

I hope
he wouldn't think
I'm trying
to distract him.

He went to one
of his females...
She'll keep him busy
until tomorrow
morning
at the very least.

Well, I'm not
in the mood
for making up
something smarter.
Let's presume
he believed me.

That will do

I'm happy to stay
alone with you!

Cling-Cling

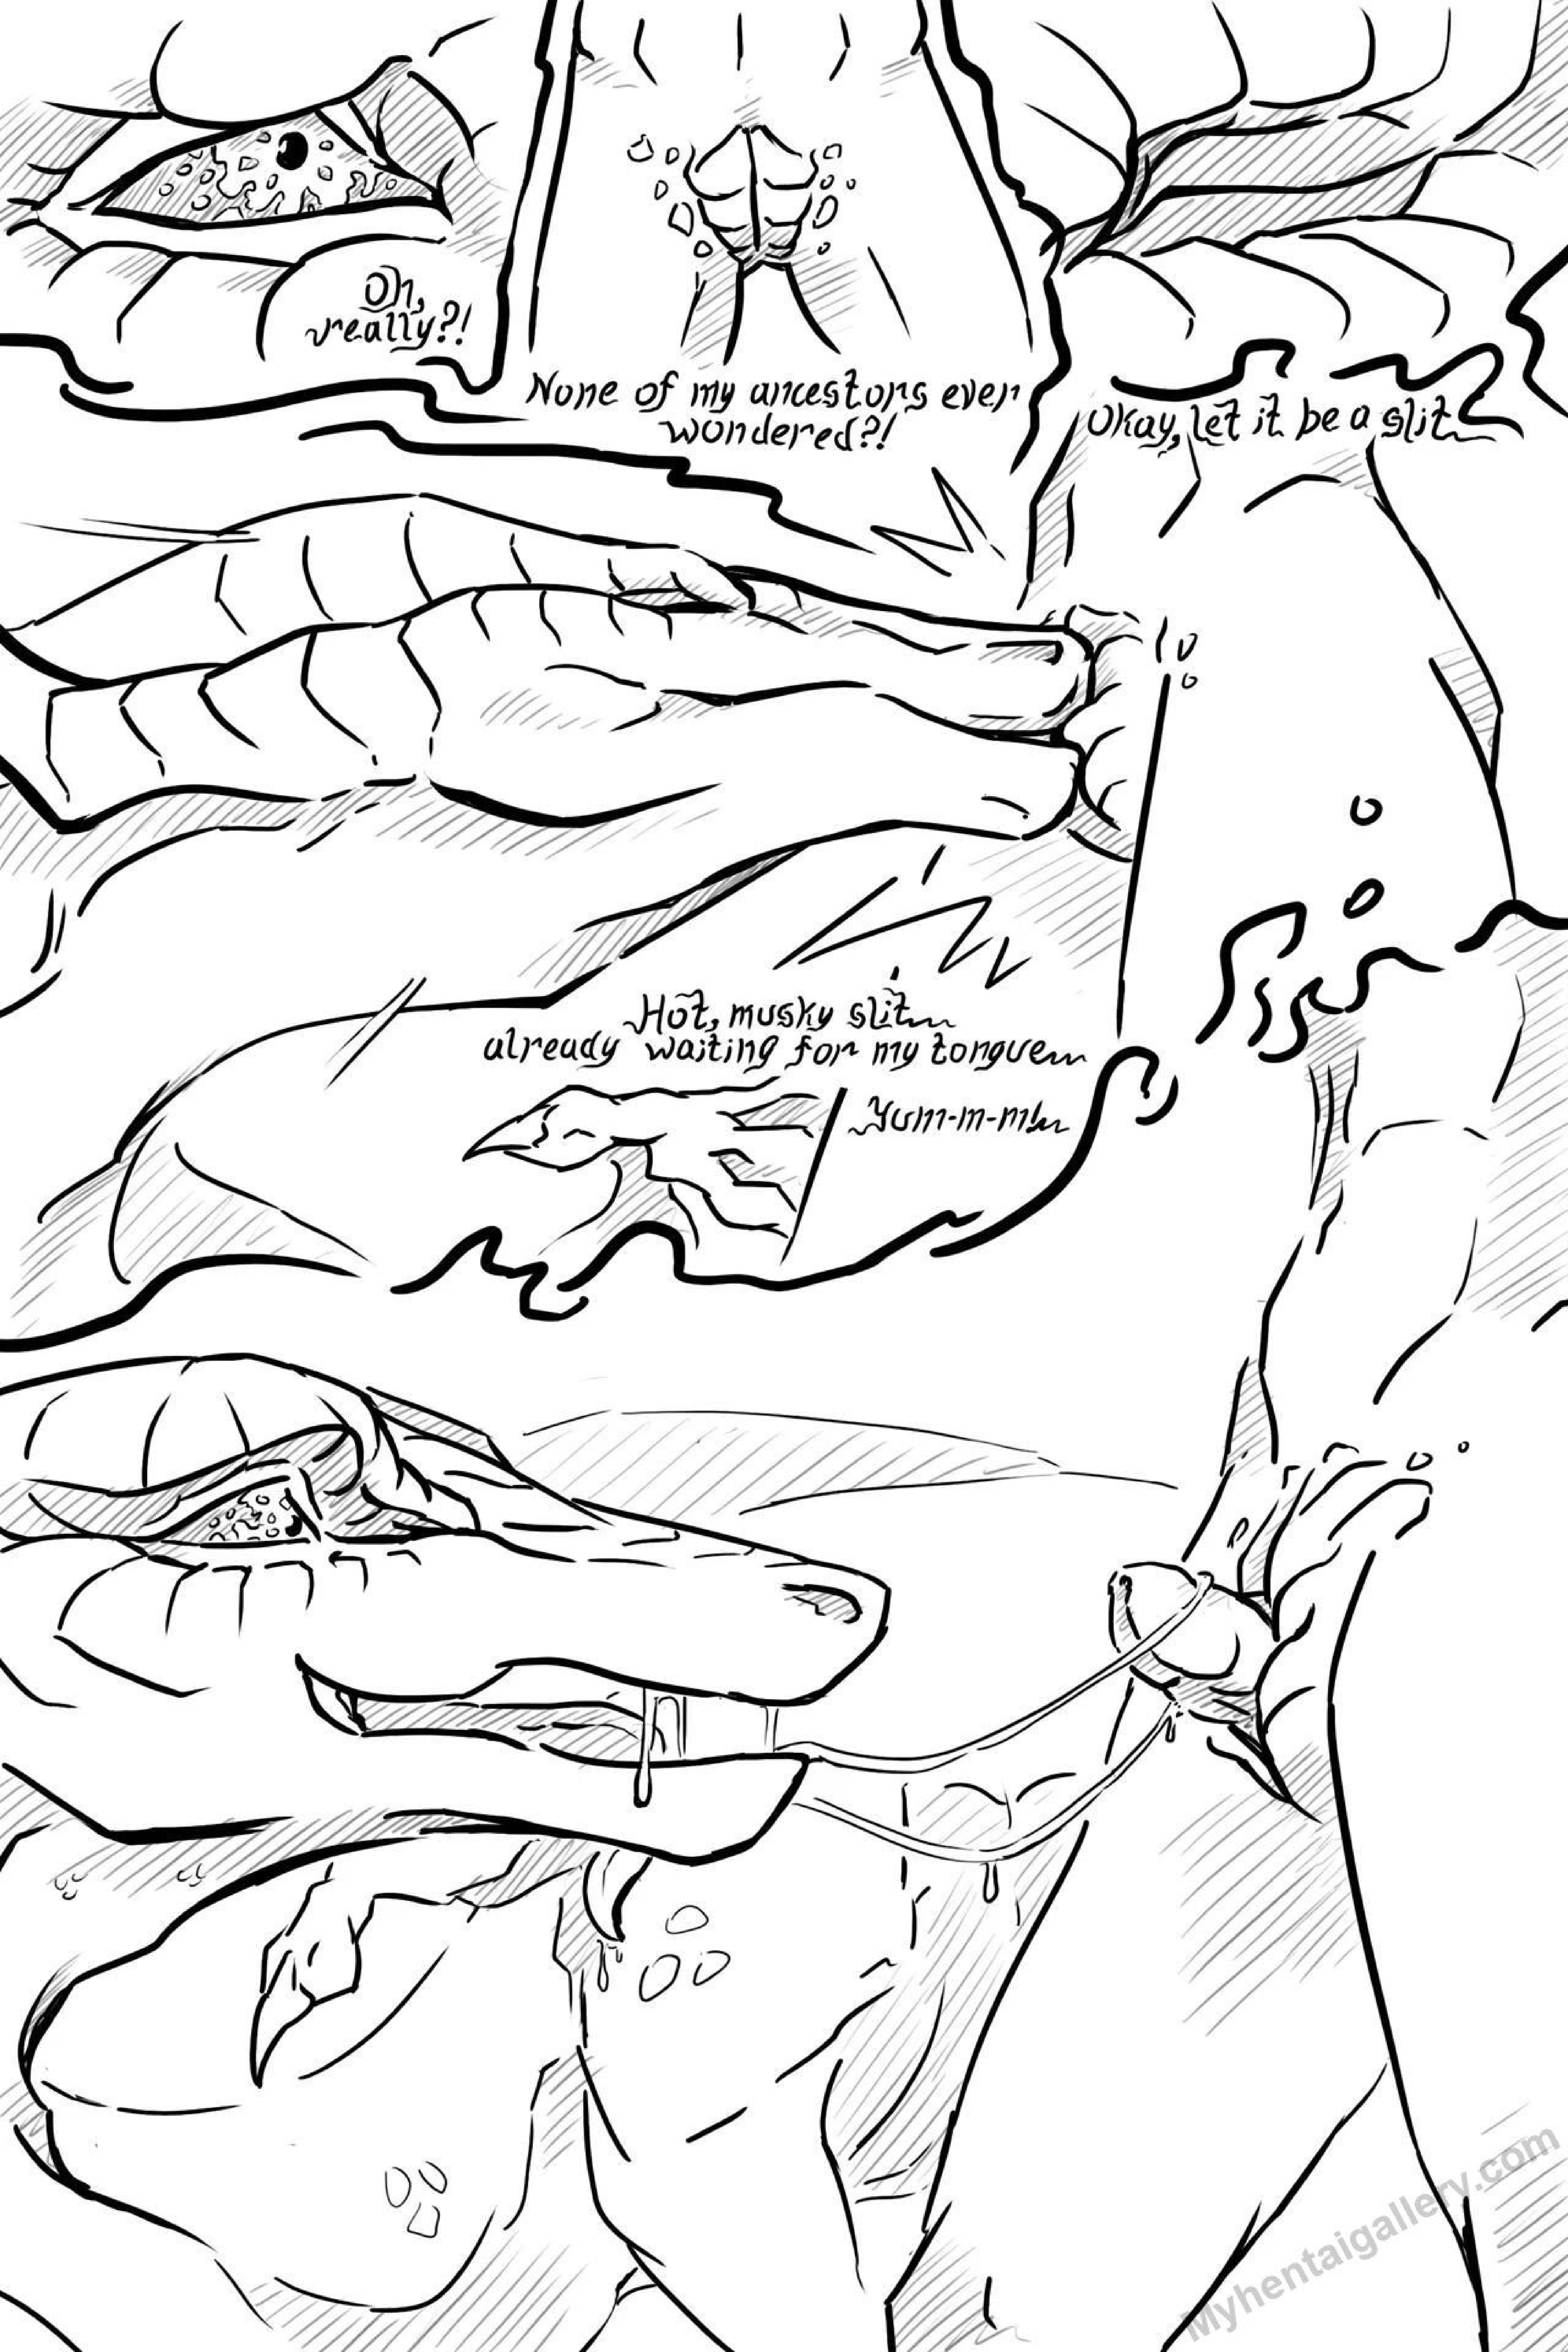

How exciting
it is!

Now I will
get to him

Hum?
What do human males
have there?

Oh,
really?!

None of my ancestors ever
wondered?!

Okay, let it be a slit

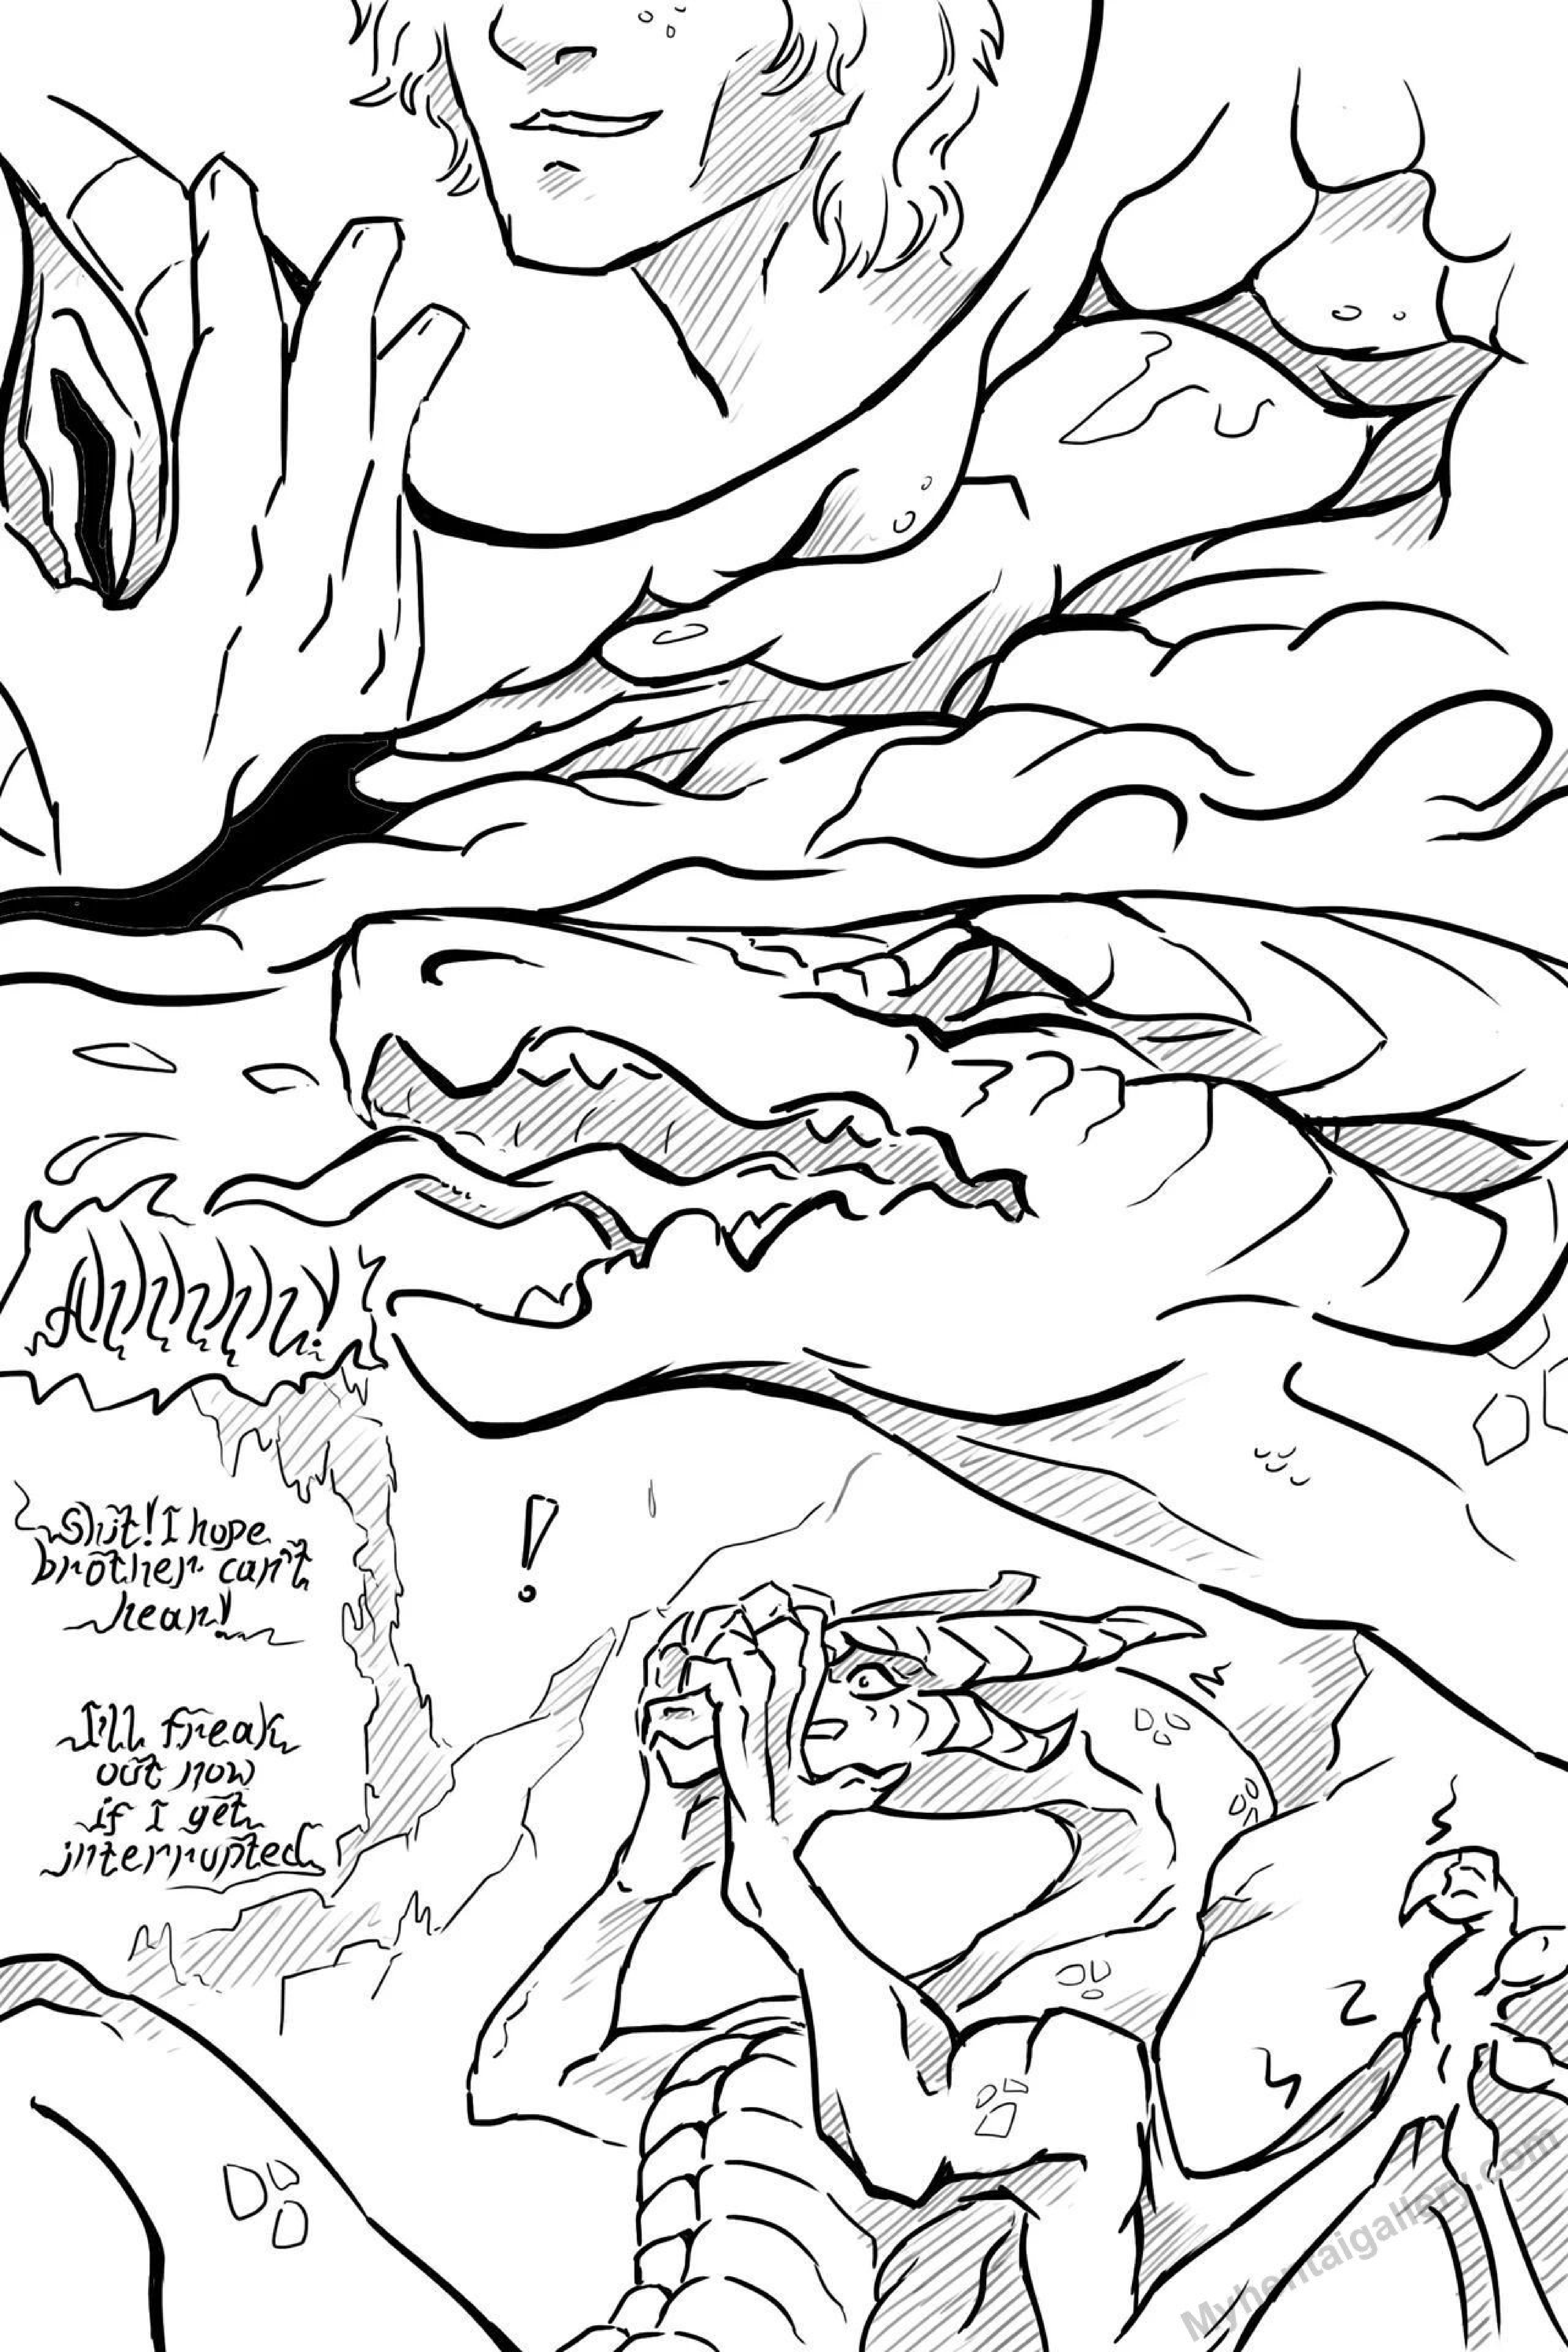

Hot, musky slit
already waiting for my tongue
Yum-m-m-m

Run

You're a big girl
lady!

Maybe even a bit too big...
for me!

Shit! I hope
brother can't
hear!

I'll freak
out now
if I get
interrupted

Phew! It's over now.
I can return home

What was I
thinking about?

You are
burning not
my lady!

I know what's
best for you!

Be a good girl,
wait a bit!

Yeah. I think...

Archibald will be perfect
for you!

Hyndal Gallery.com

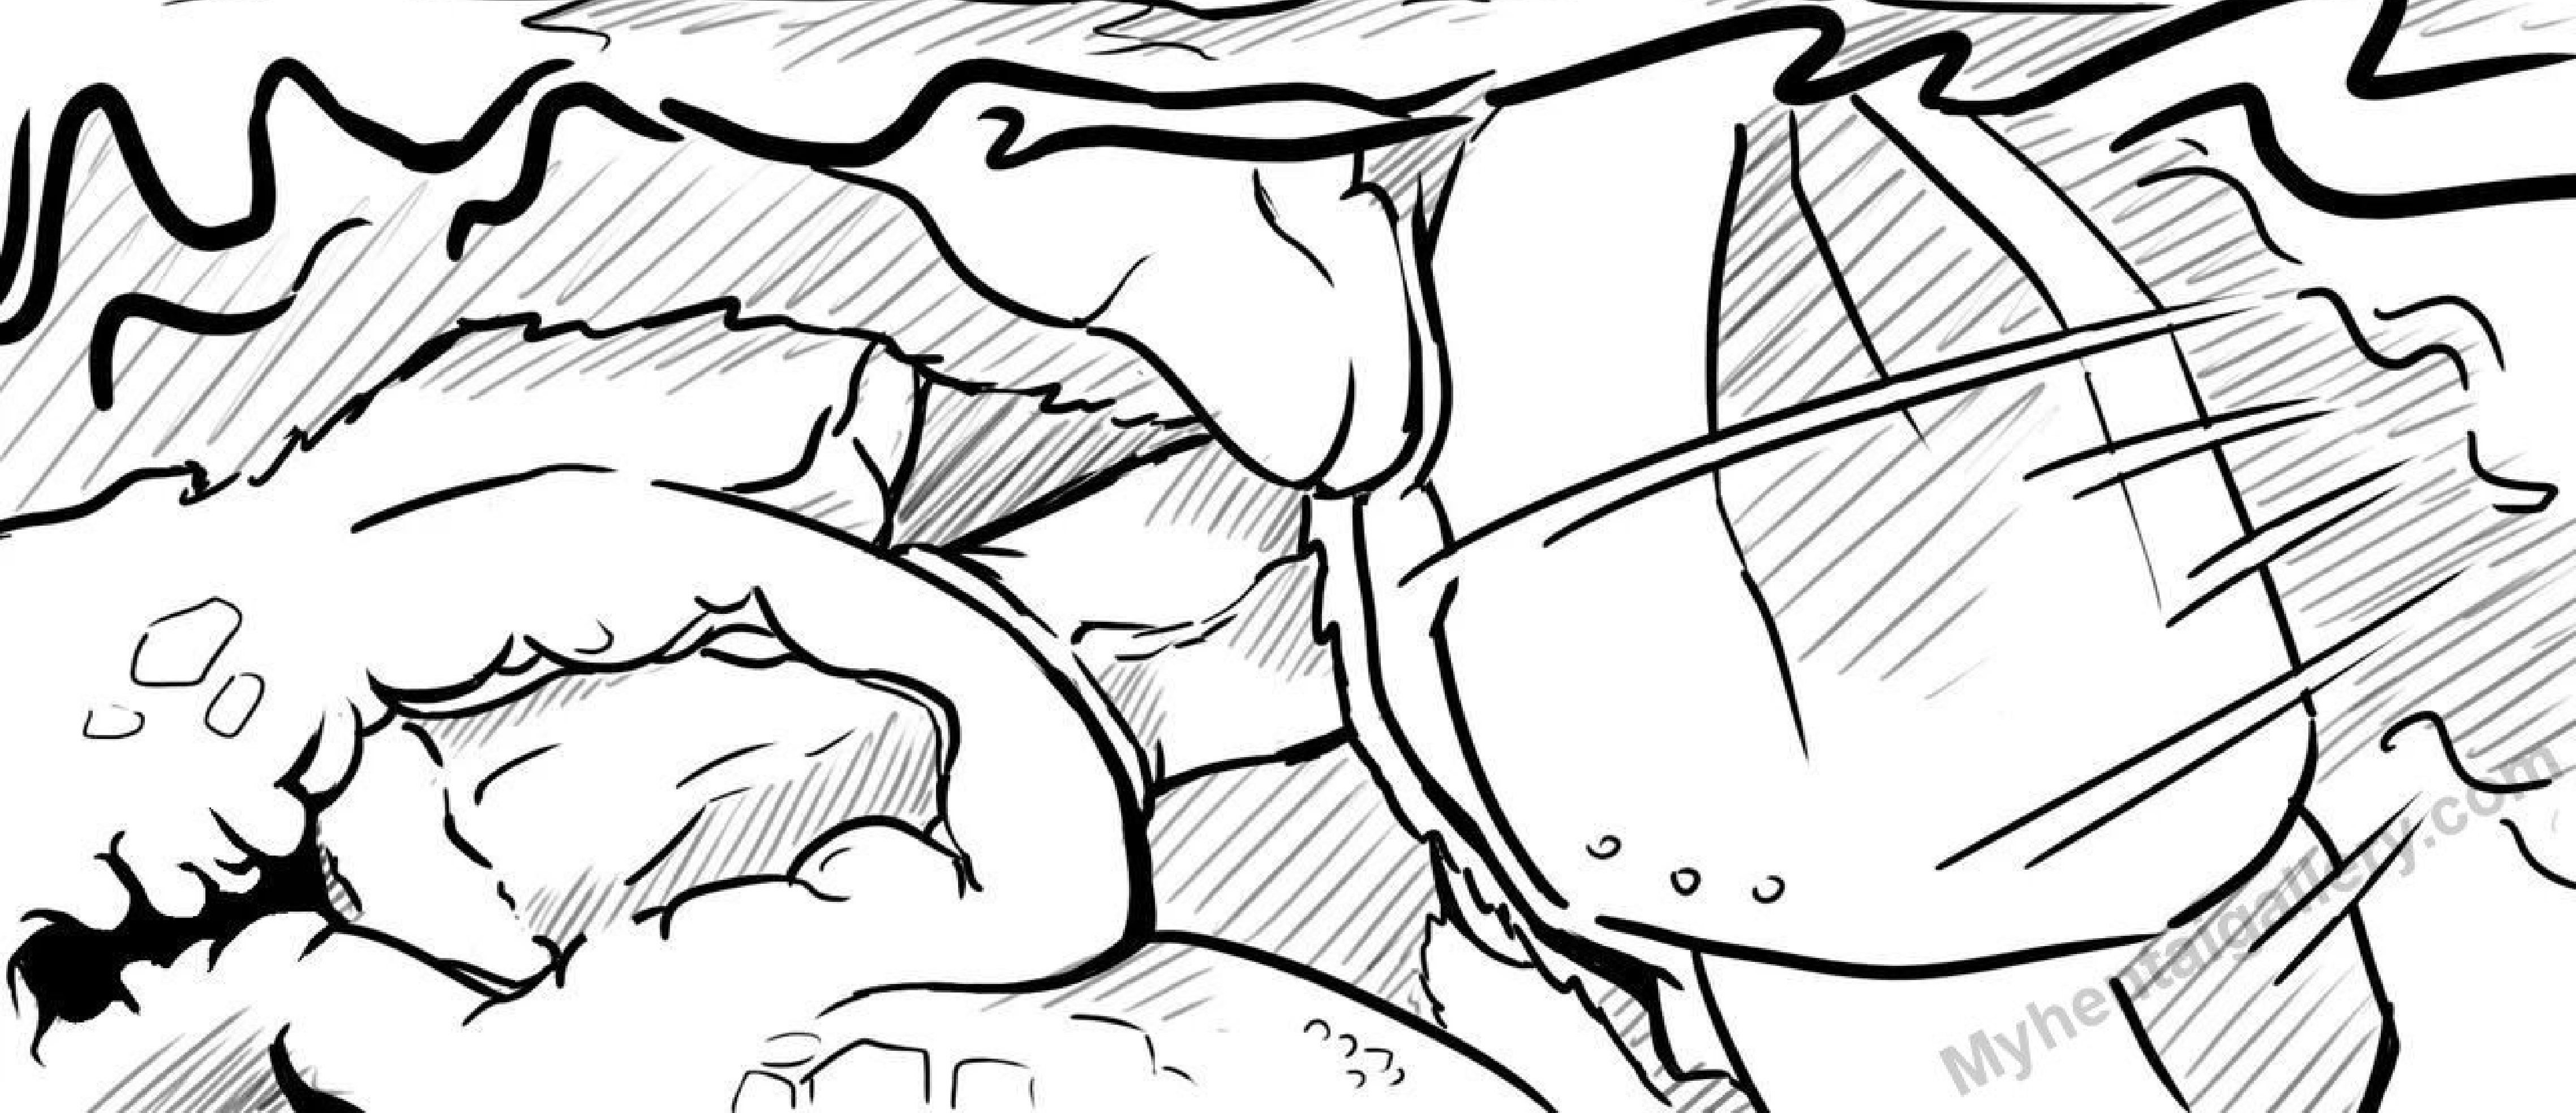

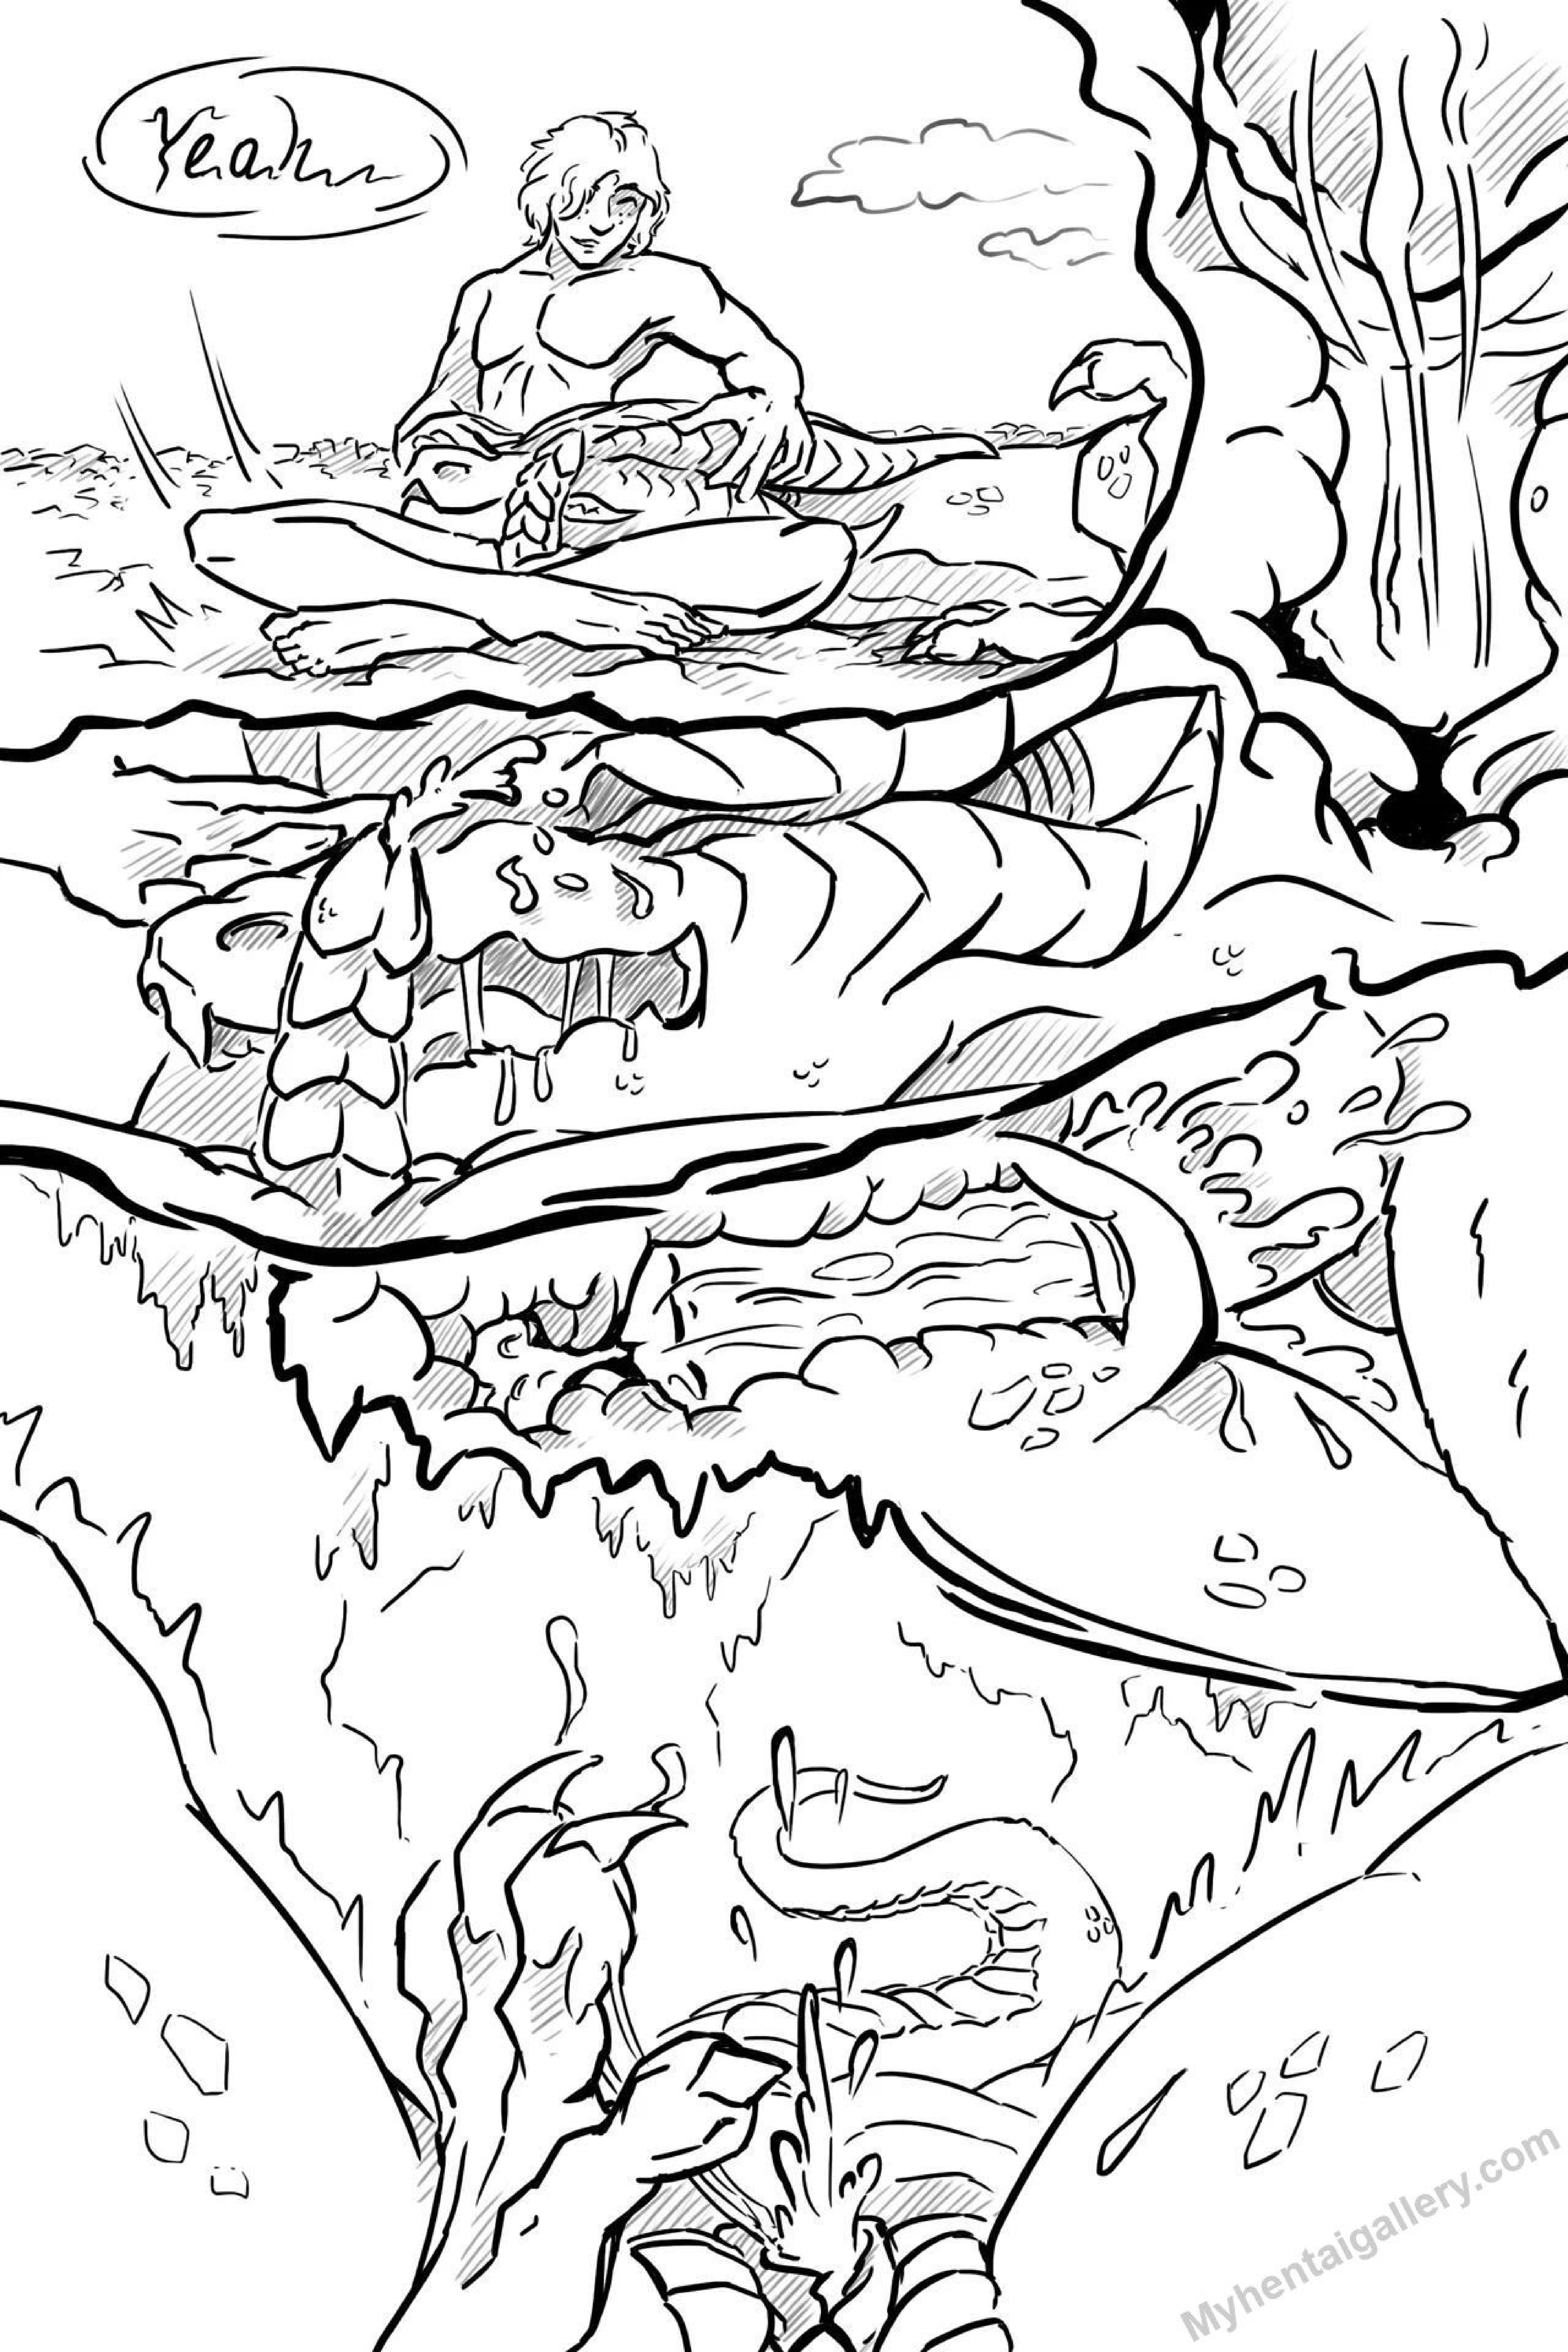

Maybe not really a monster
size...

But certainly nothing to...

complain about!

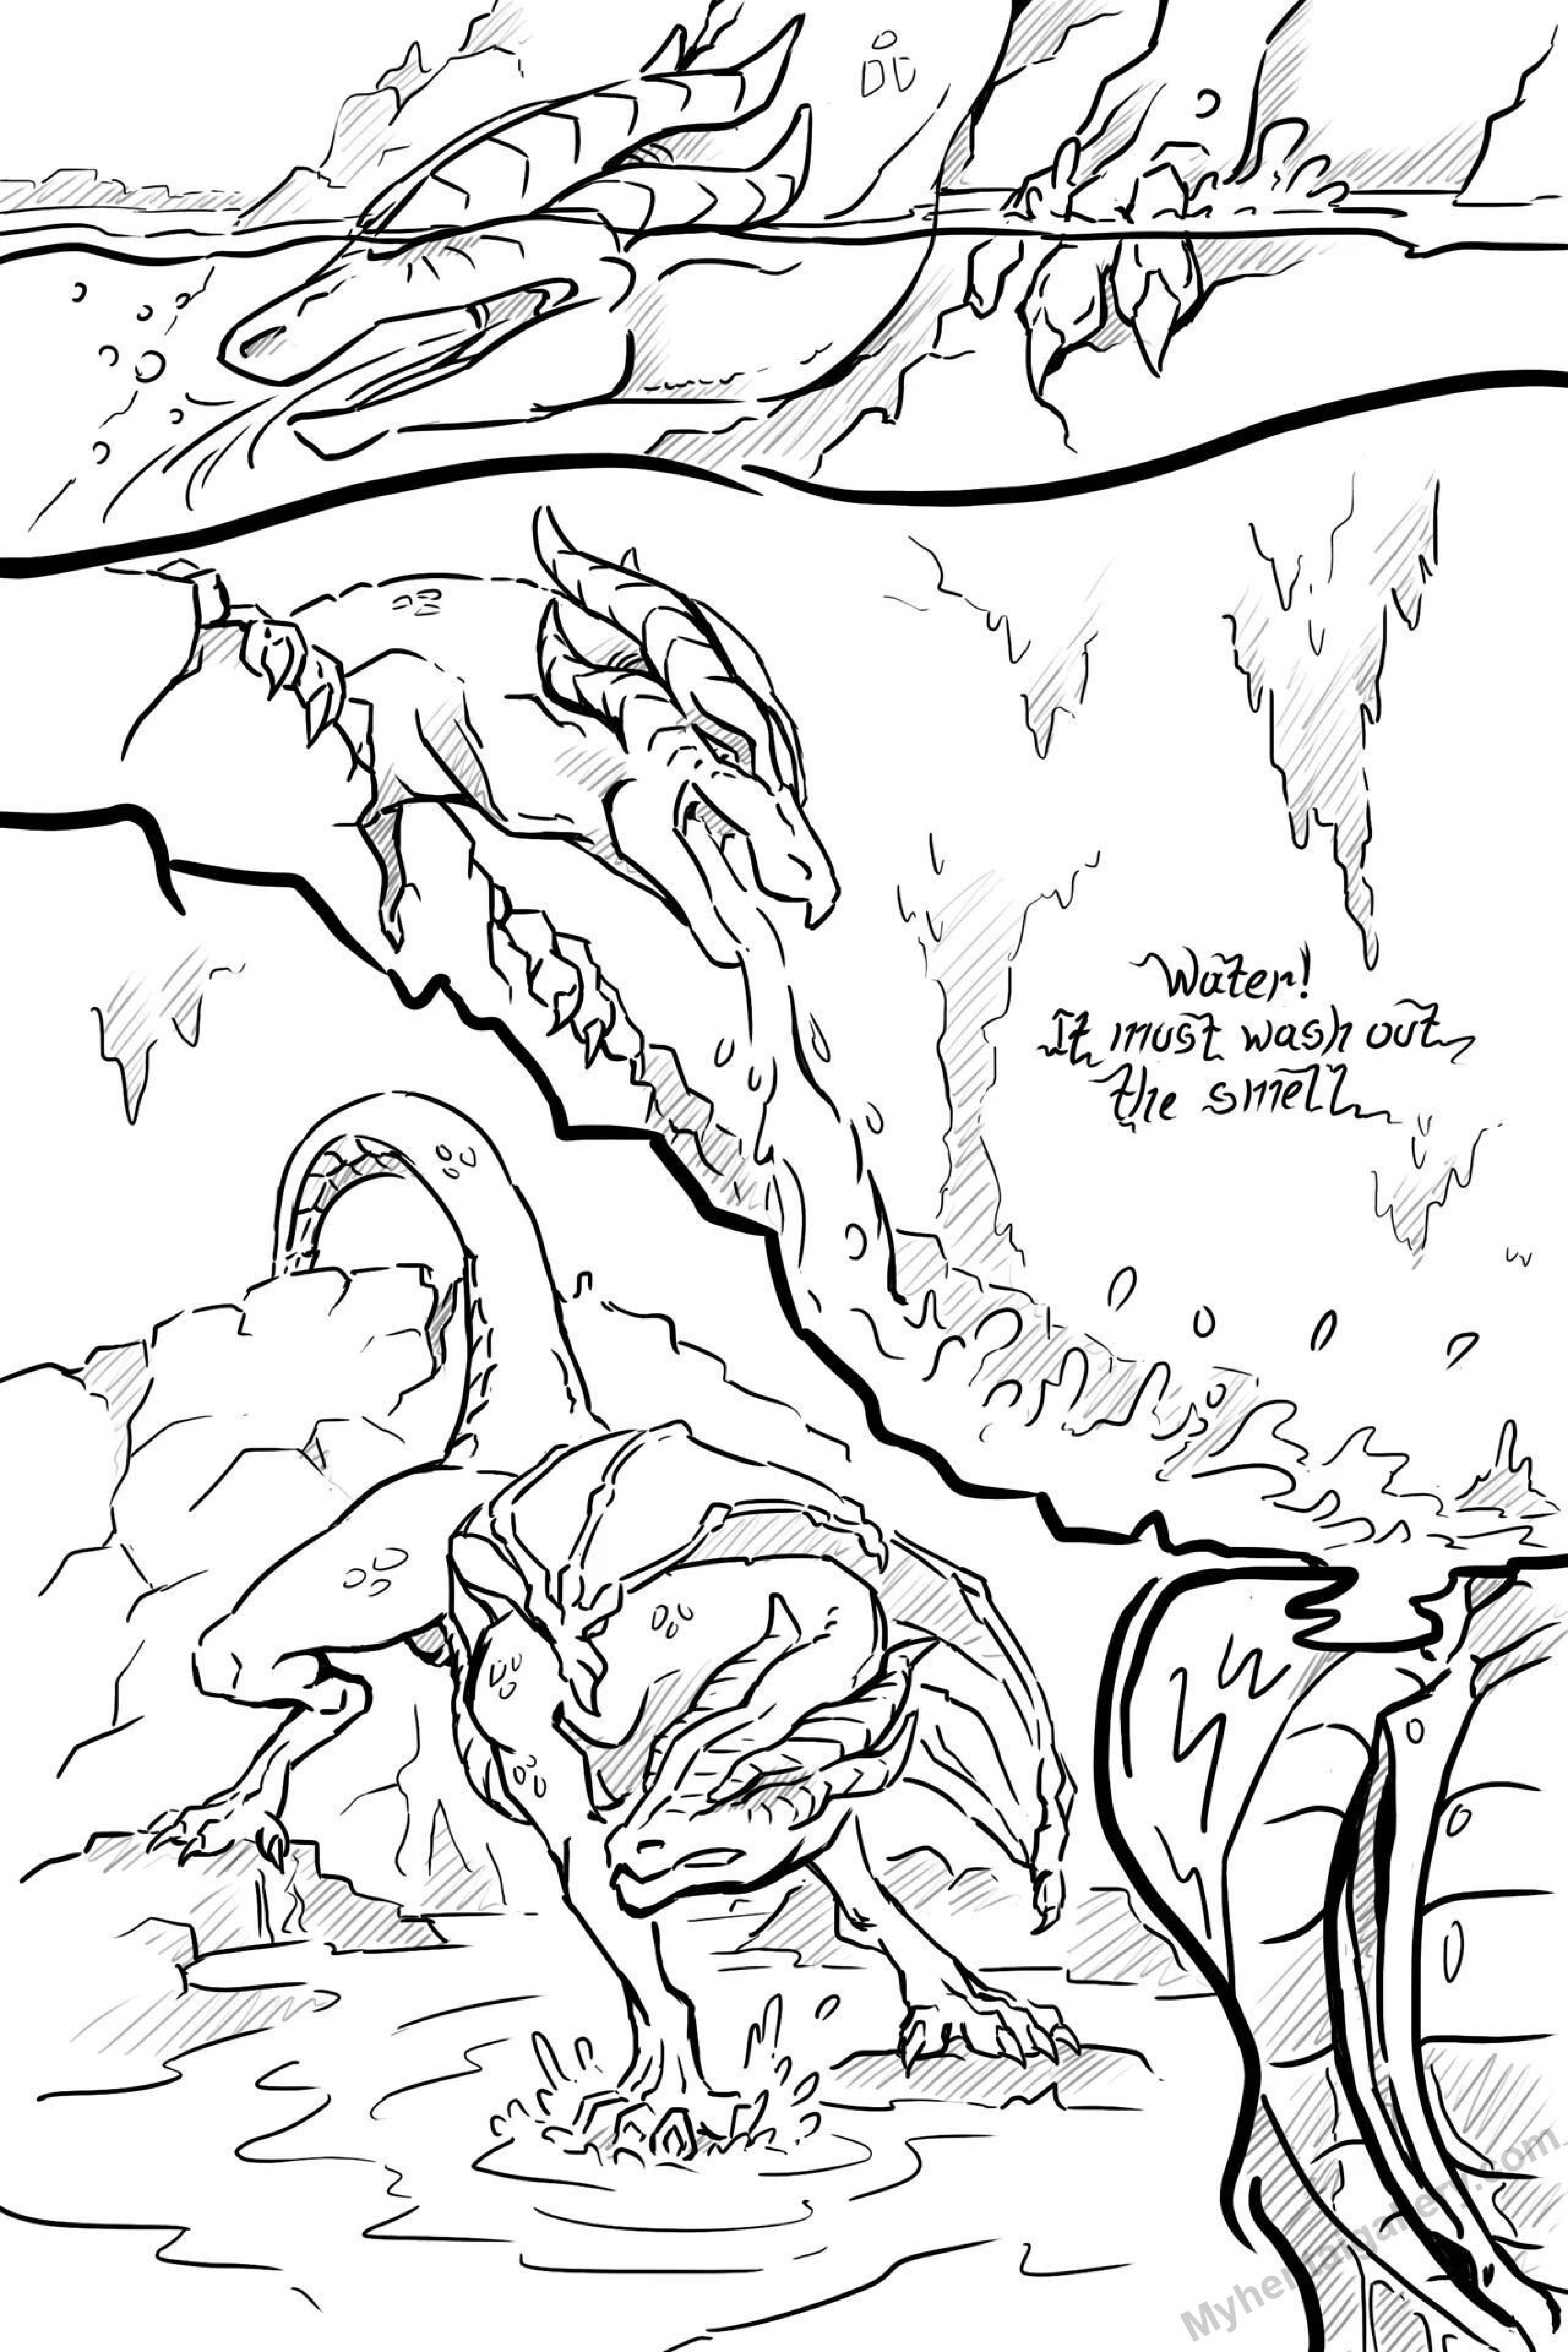

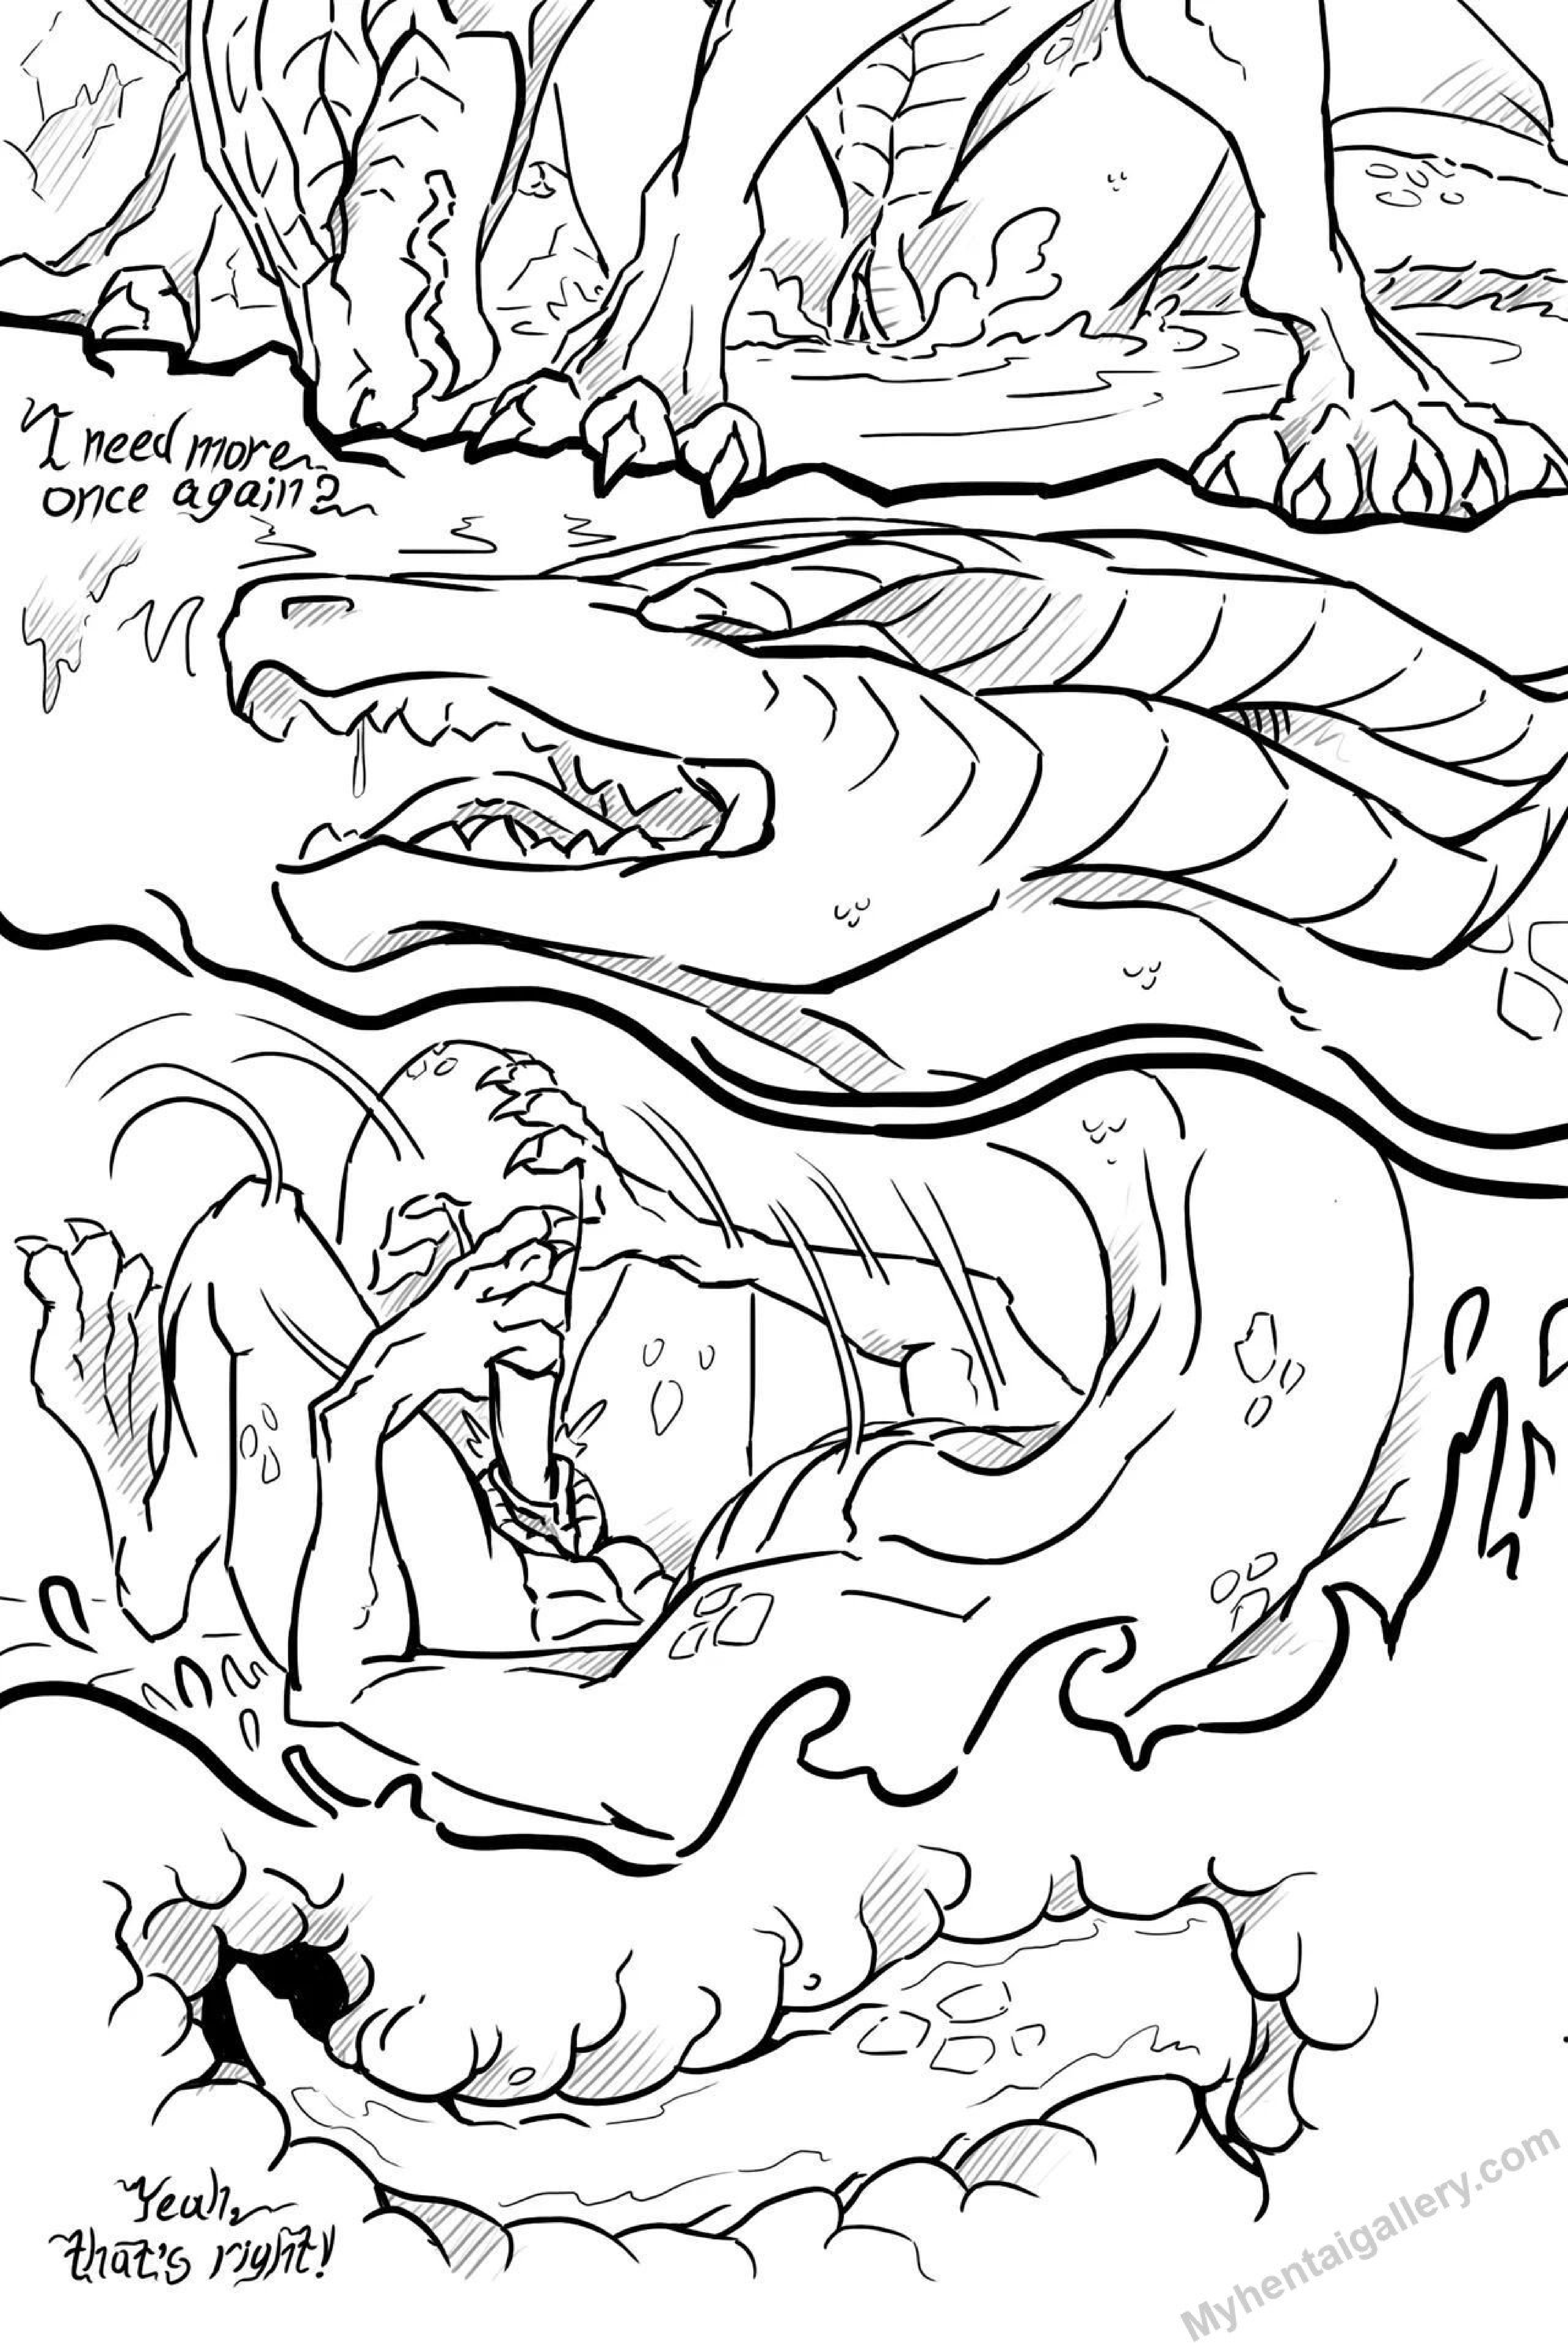

Oh, Yeeeah!

Wow!

Wah!
I'm too loud!

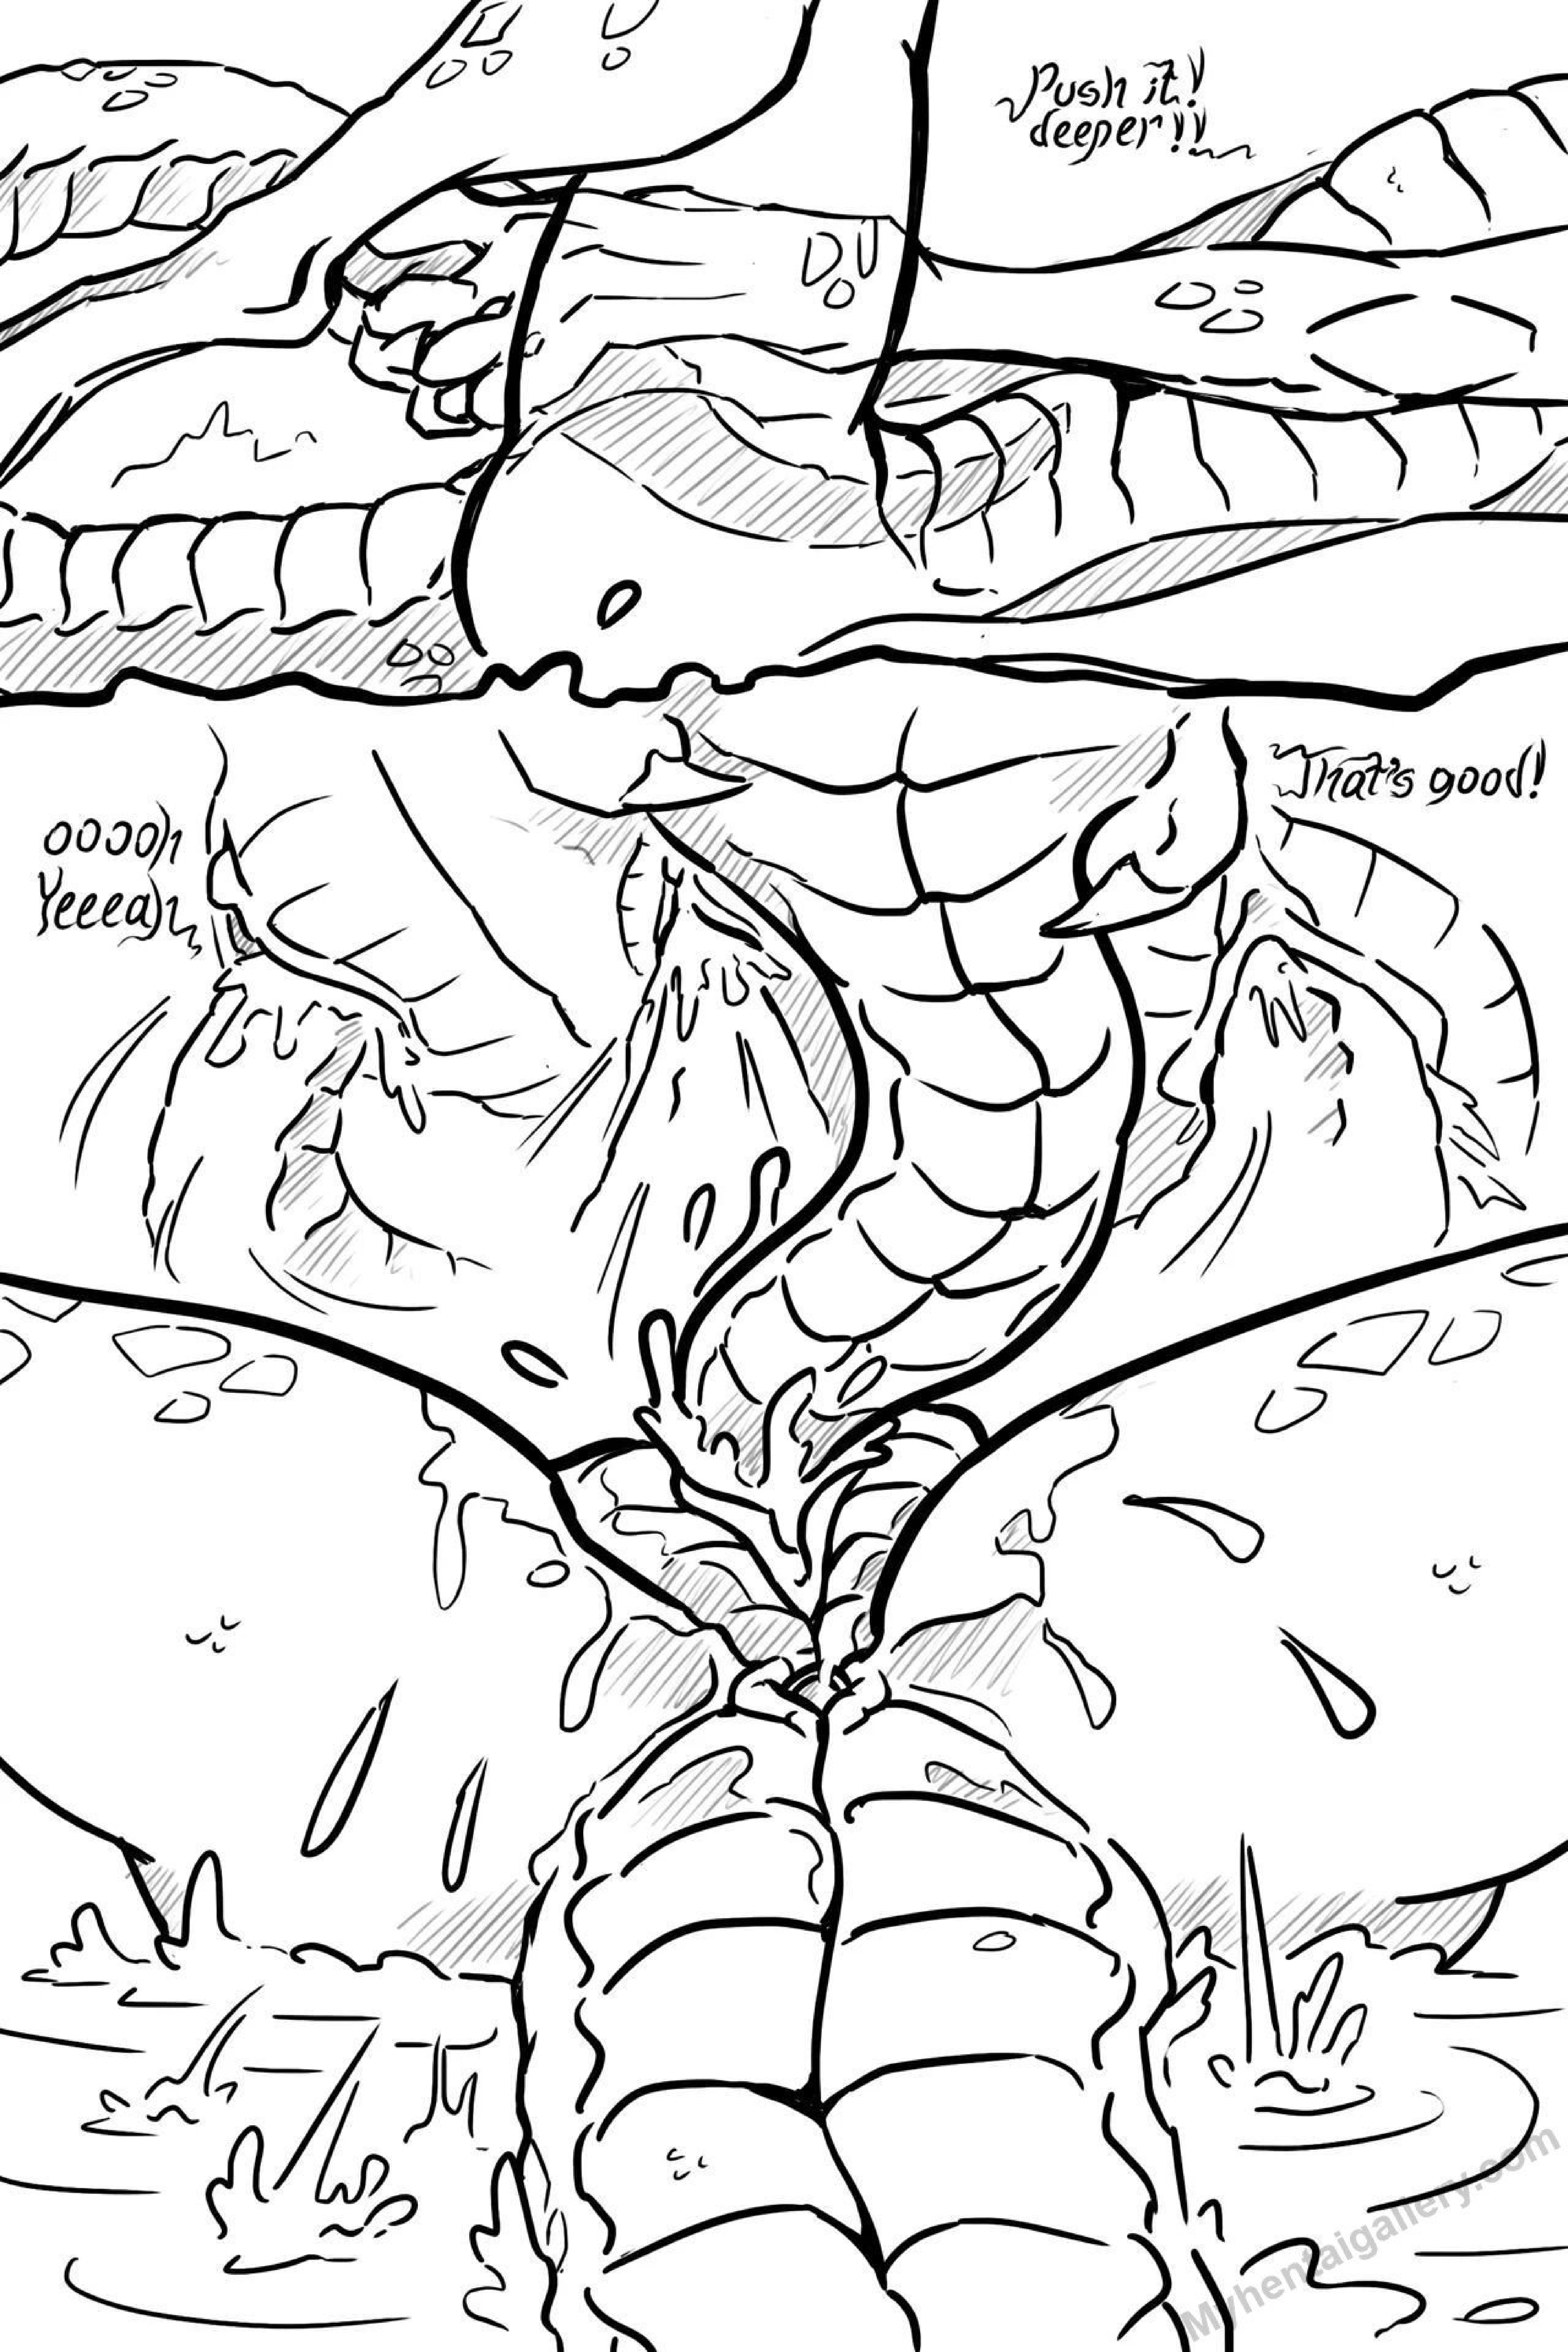

More
I want more,

I need more
once again?

Yeah,
that's right!

Push it!
deeper!!

DU

Yeeeah!

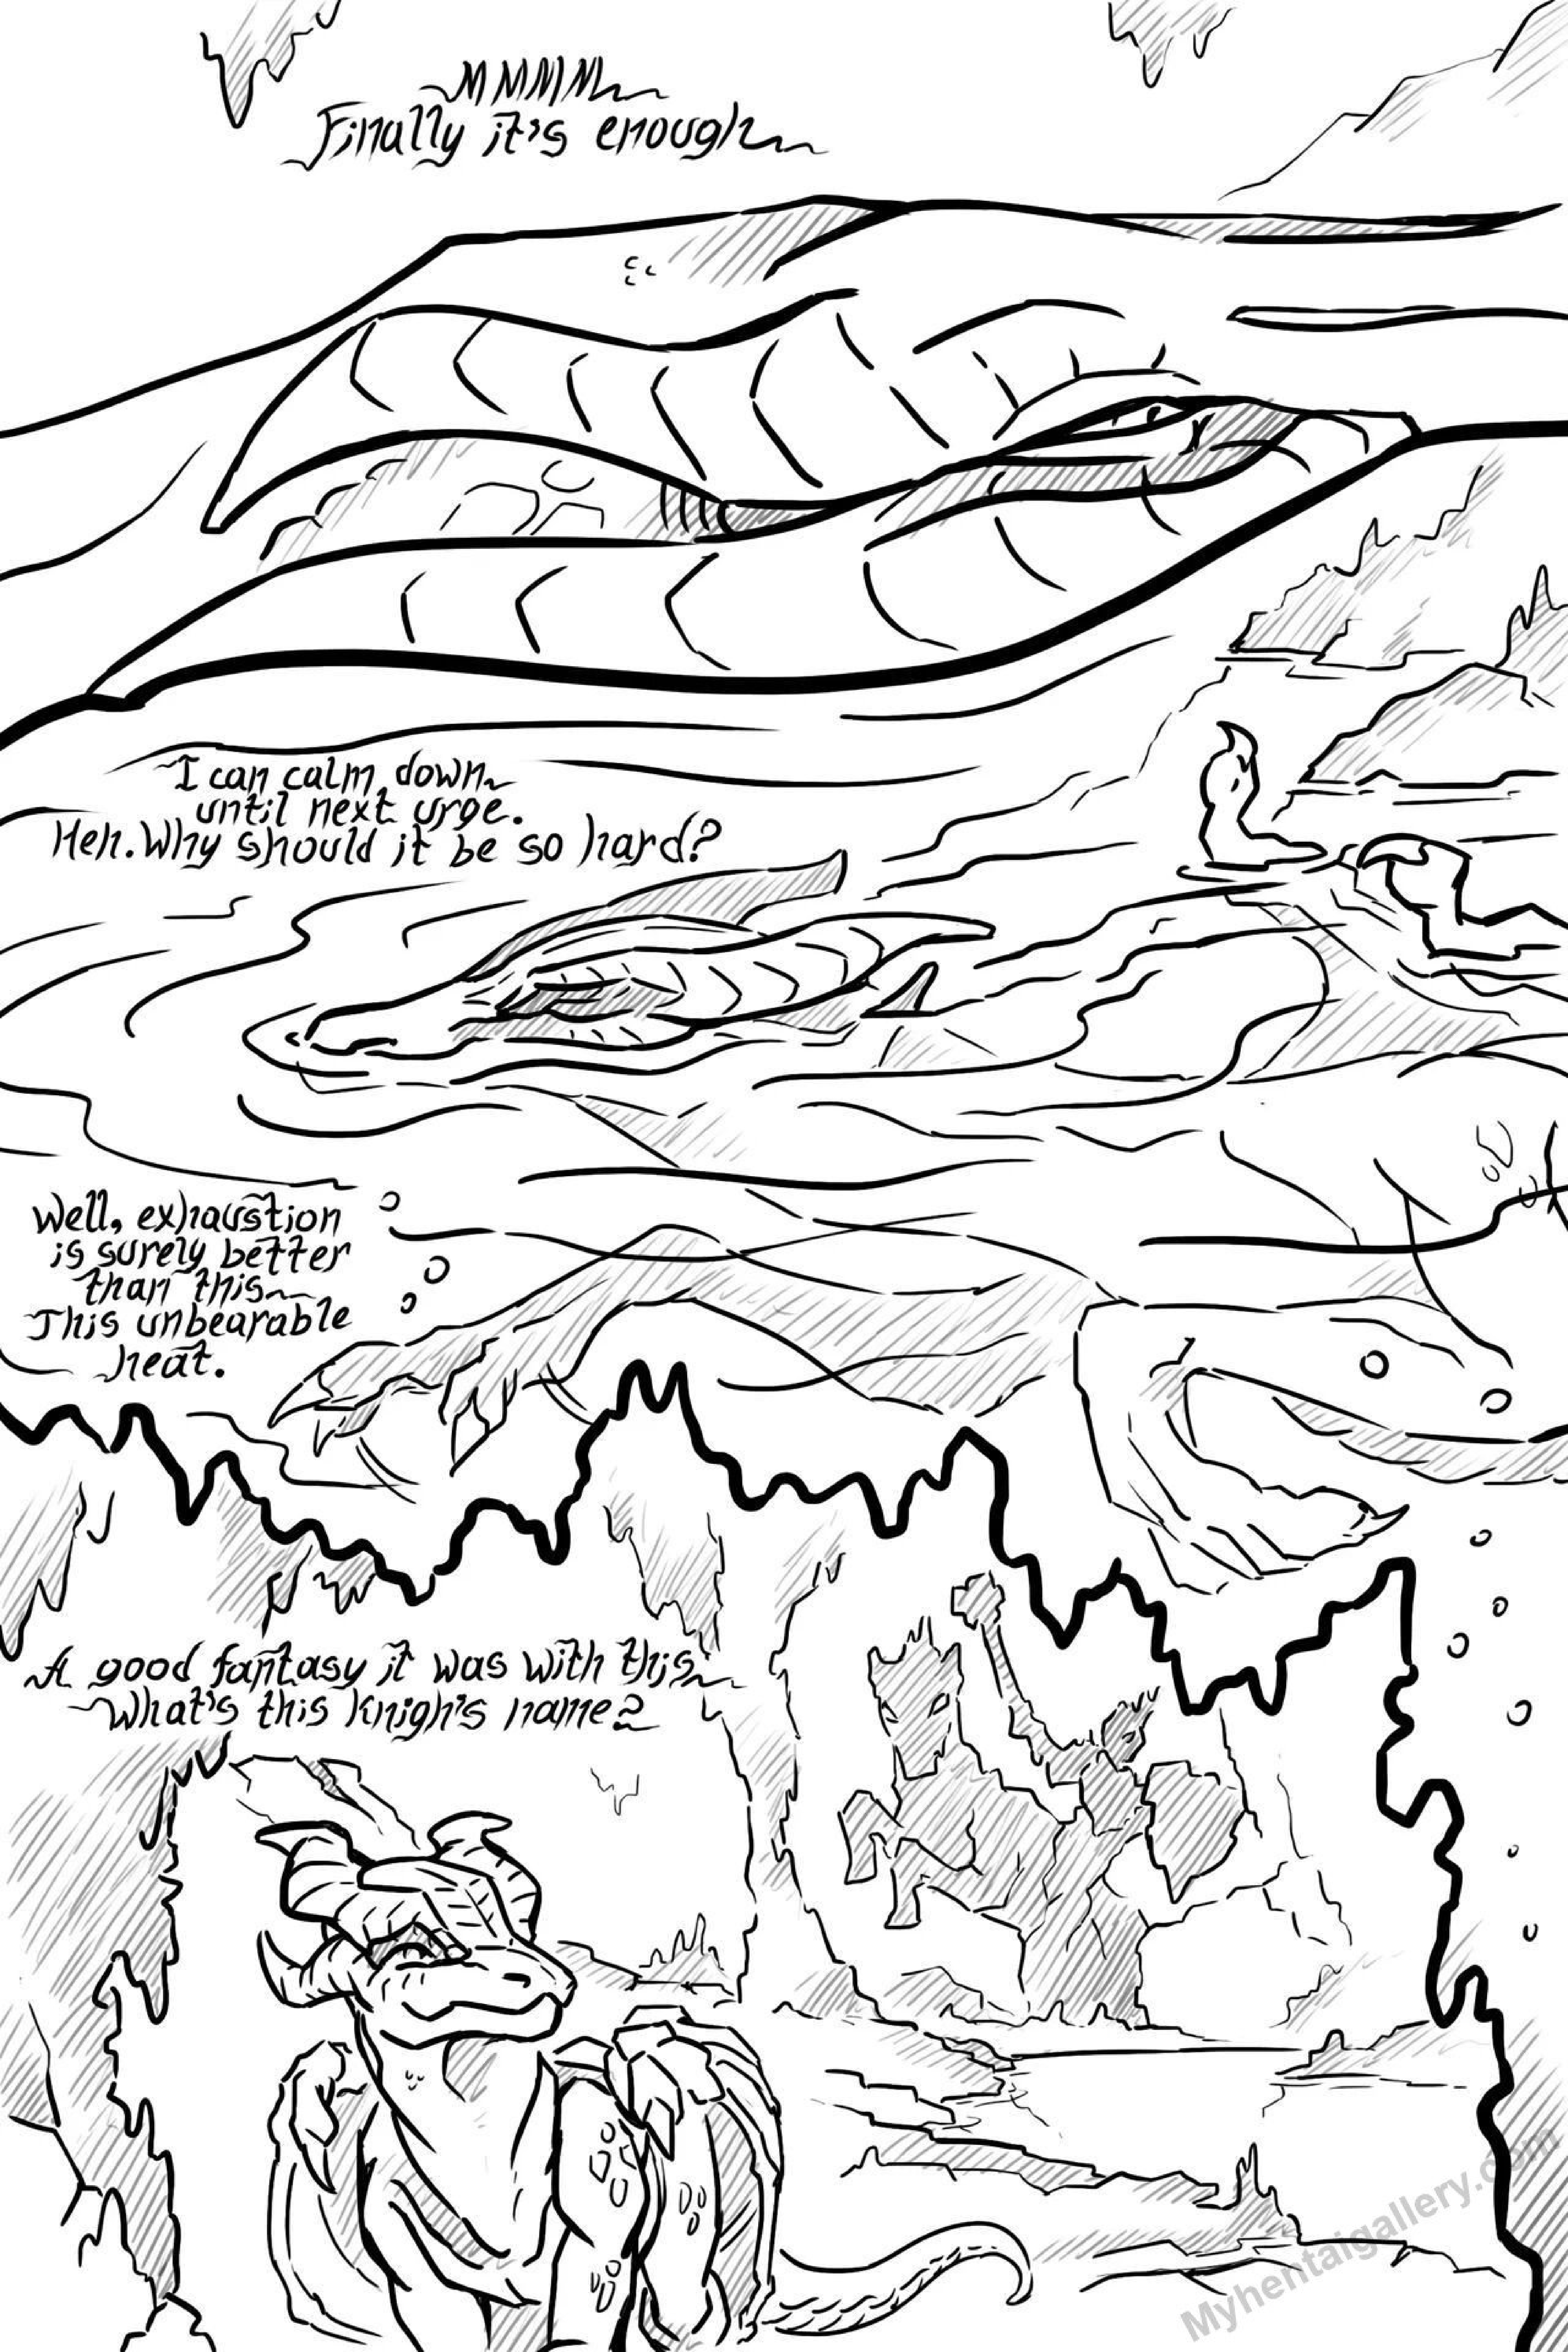

That's good!

~~~~~  
Finally it's enough~

I can calm down~  
until next urge.  
Heh. Why should it be so hard?

Well, exhaustion  
is surely better  
than this~  
This unbearable  
heat.

A good fantasy it was with this~  
What's this knight's name?

My Dear Knight,  
I suffer so much without a man!  
I beg you to end this torment!

Remember,  
you've promised  
to take care  
of me.

Oh fuck. You didn't even ask his name,  
Did you? Stupid scaly cow,  
you only have one thing in mind

Thanks for watching!
