Up in the hills and mountains of the local national park outside the city...

Where the *hell* is he?!

This **sucks**. We're losing the light!

Maybe we can take some night shots if he gets here?

My outfits are best during the daylight, **Keira**. I don't need any moody darkness to ruin my plans.

Sor-ryyyy!

He's not answering any of his texts.

Fuuuuuuck!

Later that evening...

** Yawn **

I'm with you, **Keira**. I'm calling it a night. He's obviously not showing up. *If* he shows, we can take some morning shots, I guess.

If he shows, I'm going to kick his ass! I'm too **pissed off** to sleep! I'm going to take a swim in the creek before turning in. It was *such* a nice sunset, too!

** Yawn **
See you guys in the morning.

Licensed to Jack Dalton <jackdalton5792@gmail.com>

The next morning...

Sooo, **AleXis**. Did you… "blow off some steam" last night after your swim?

Uh… umm... W-what do you mean?

Tents aren't exactly soundproof, ya' know. Sounded like you were "enjoying yourself."

Oh god! You *heard* that?! Did **Brianna** hear it, too?

The ***entire forest*** heard it.

Eeek! Sorry! The swim really *did* help me relax. In fact, I got sooo **horny** and… well… m-my… Ah, n-never mind. I- I can't explain it.

* snicker *

Anyway. Our photographer got too **drunk** last night and couldn't make it. And now, he's too **hung over** to drive out here.

Let's just fucking pack up. I'm sooo done with him.

Yeah, I guess. What a waste of time. What are we going to—?

Spy? Oh no! *Heh.* No! I'm an amateur astronomer.

There's been a meteor shower over the last few nights and I've been camping up here to avoid suburban light pollution and get some photos.

I saw a fireball come down last night and I finally tracked it to—

Yeah yeah, whatever. Are you a *real* photographer, Mister I'm-holding-a-camera?

Um... Yeah! Amateur astronomer *and* semi-professional photographer. I was taking photos of the meteor—

Uh huh. Anyway. Want to make some **cash**? Our photog ditched us, and we have some socials to upload to.

That's why I didn't want to stop taking photos after this happened again today. I'm hoping the swelling will go down again like last ni—

"Hope"?! You didn't think to *tell* us?

I was too excited about our photographic prospects. Plus —I'm sure *you* felt it, too — this growth caused some physical **excitement** that... distracted me.

But I knew our growth will go back to normal—

No, no! You specifically said "hope."

As long as we **shrink** — like you said had happened to you last night — I guess I can enjoy this, too.

*I'd enjoy it **more** if I could even be **half** as big as they are now.*

AleXis? How quickly did your boobs shrink back to normal when this happened last night?

I had grown **three cup sizes** or so, and I was normal by morning. While I got about six hours sleep, it could have been sooner.

Then, this could actually take a few **days**! We'll need to stay here for **Keira** to go down.

Keira? More like ***ALL*** of us!

Weeell, yes. But she's obviously going to take longer.

A few *daaays*, huh?

Yeeeeah. A few *daaays*. Sounds like a ***lot*** of fun. Especially since we've already been having fun, and it's been less than an hour.
