Look for it in the next issue of Fur Nation!!!

Good dinner, sis.

Thanks!

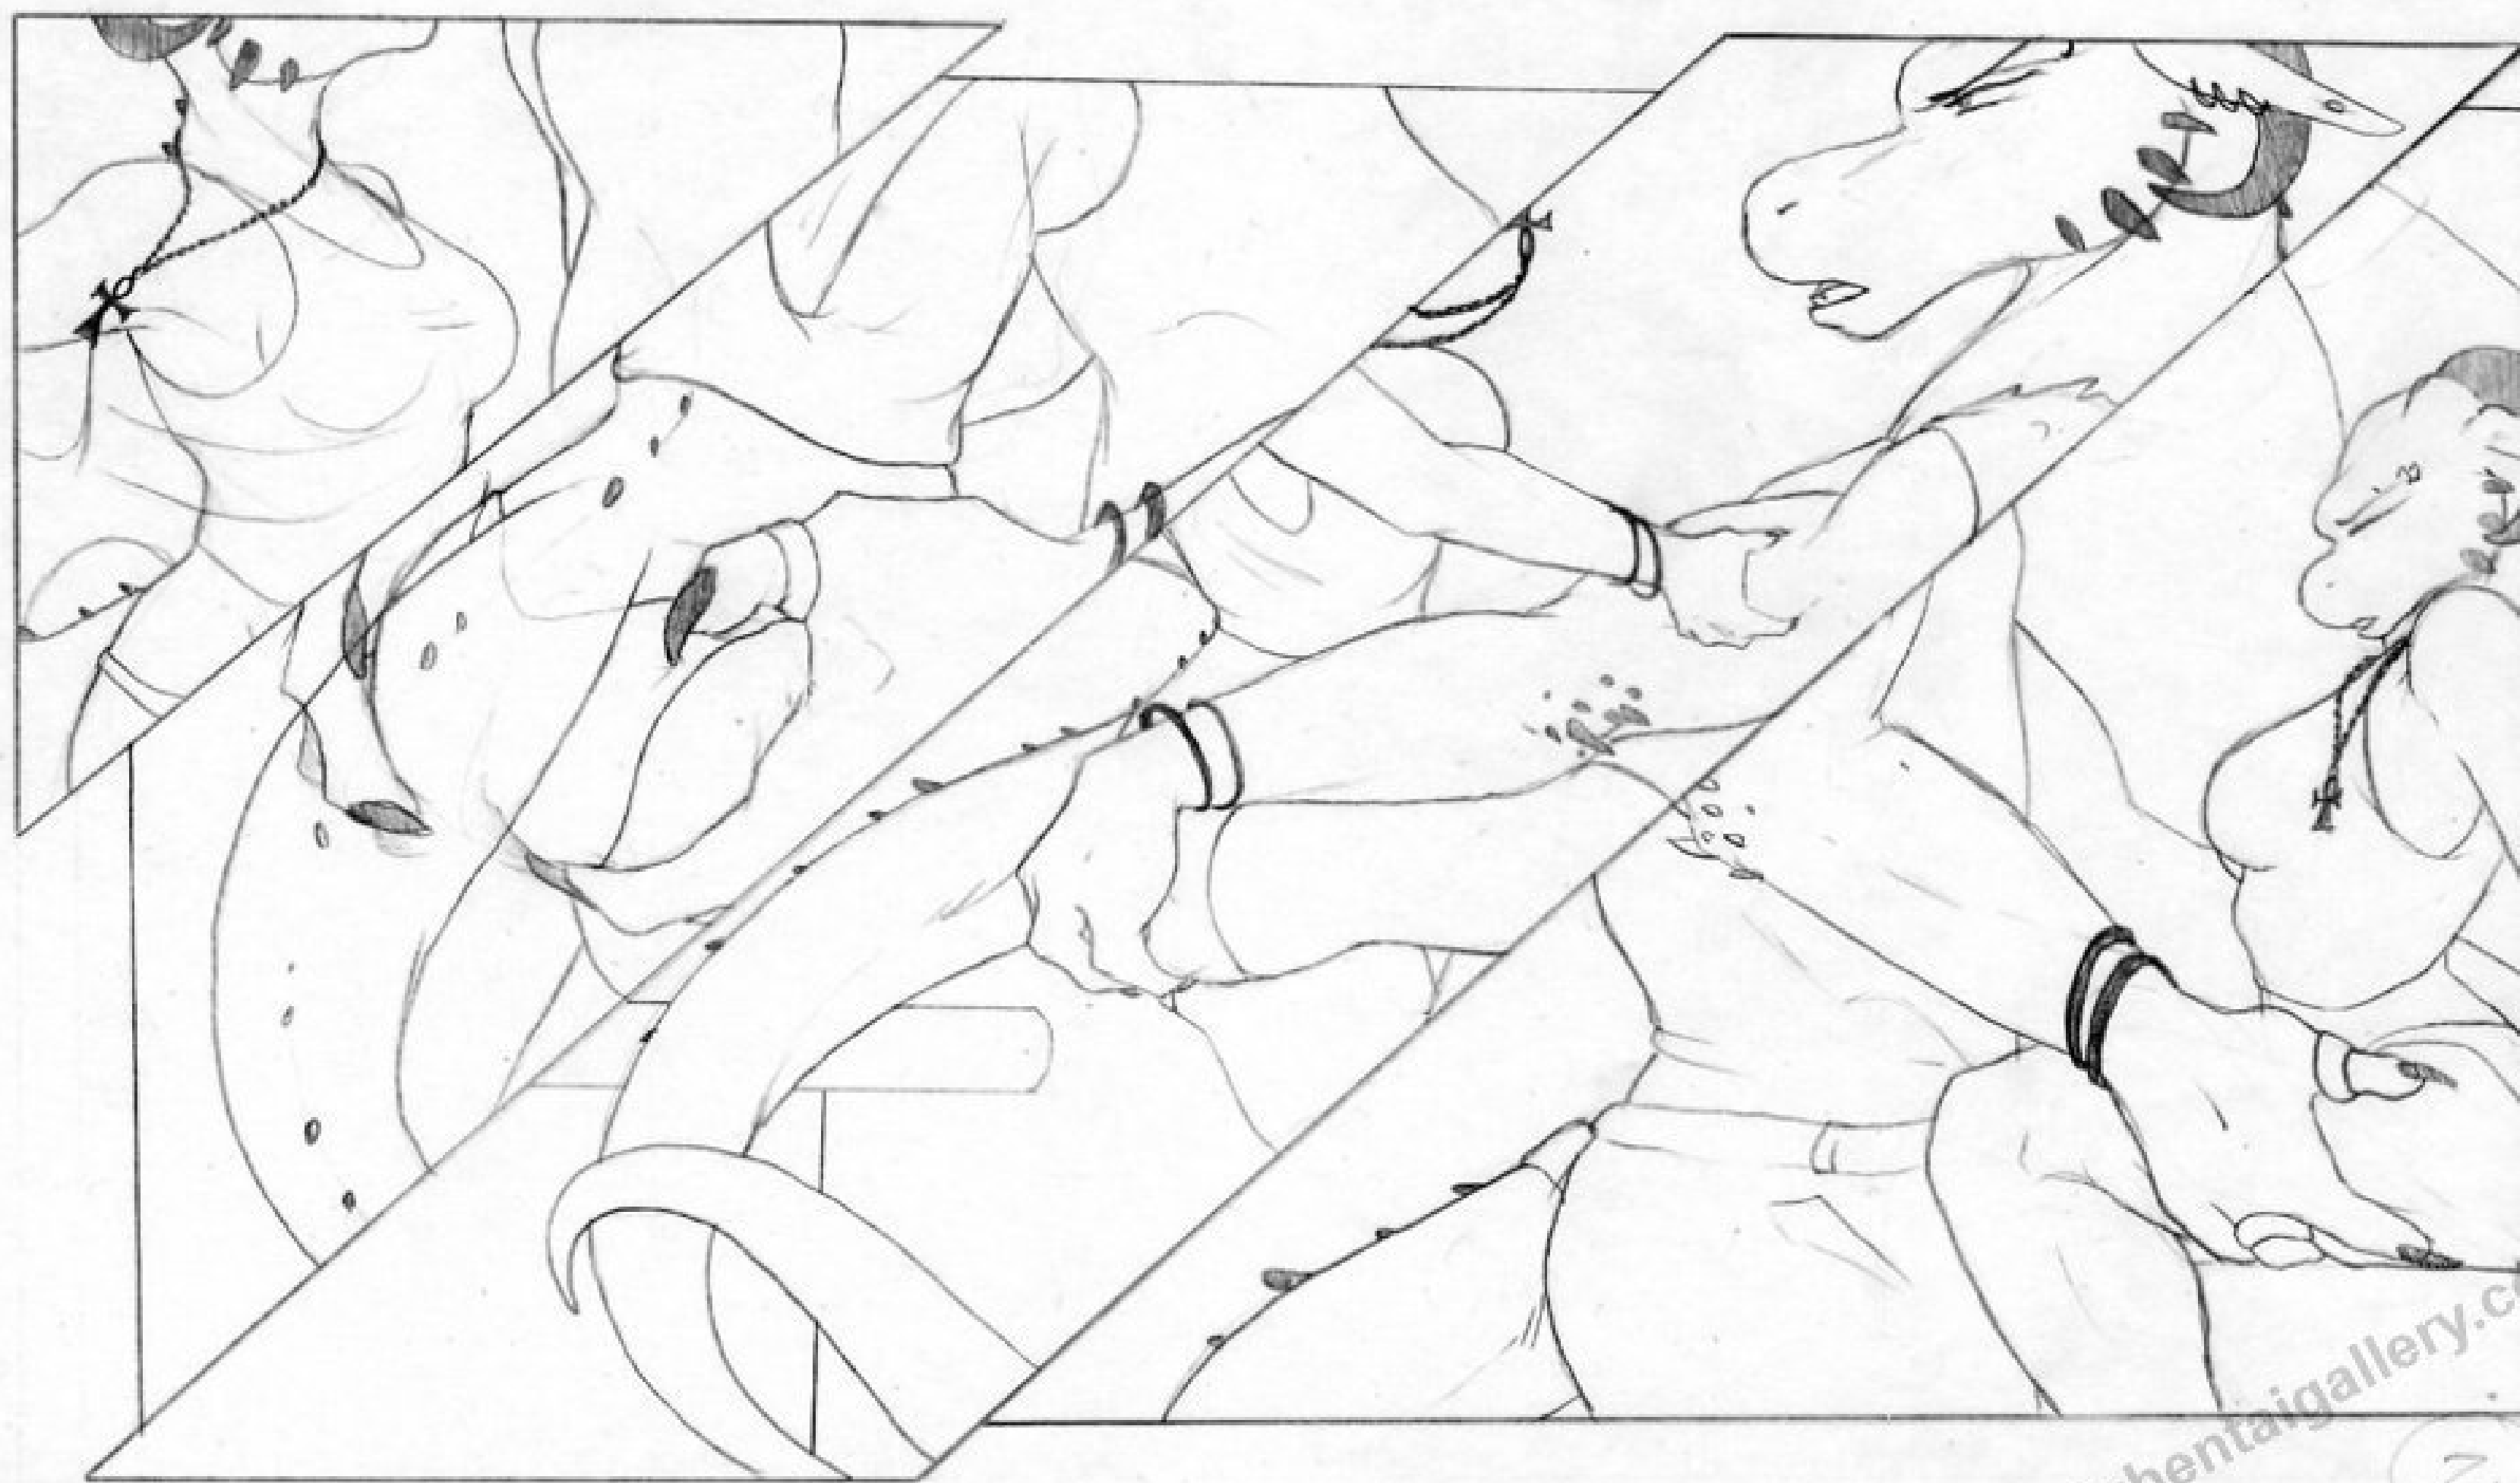

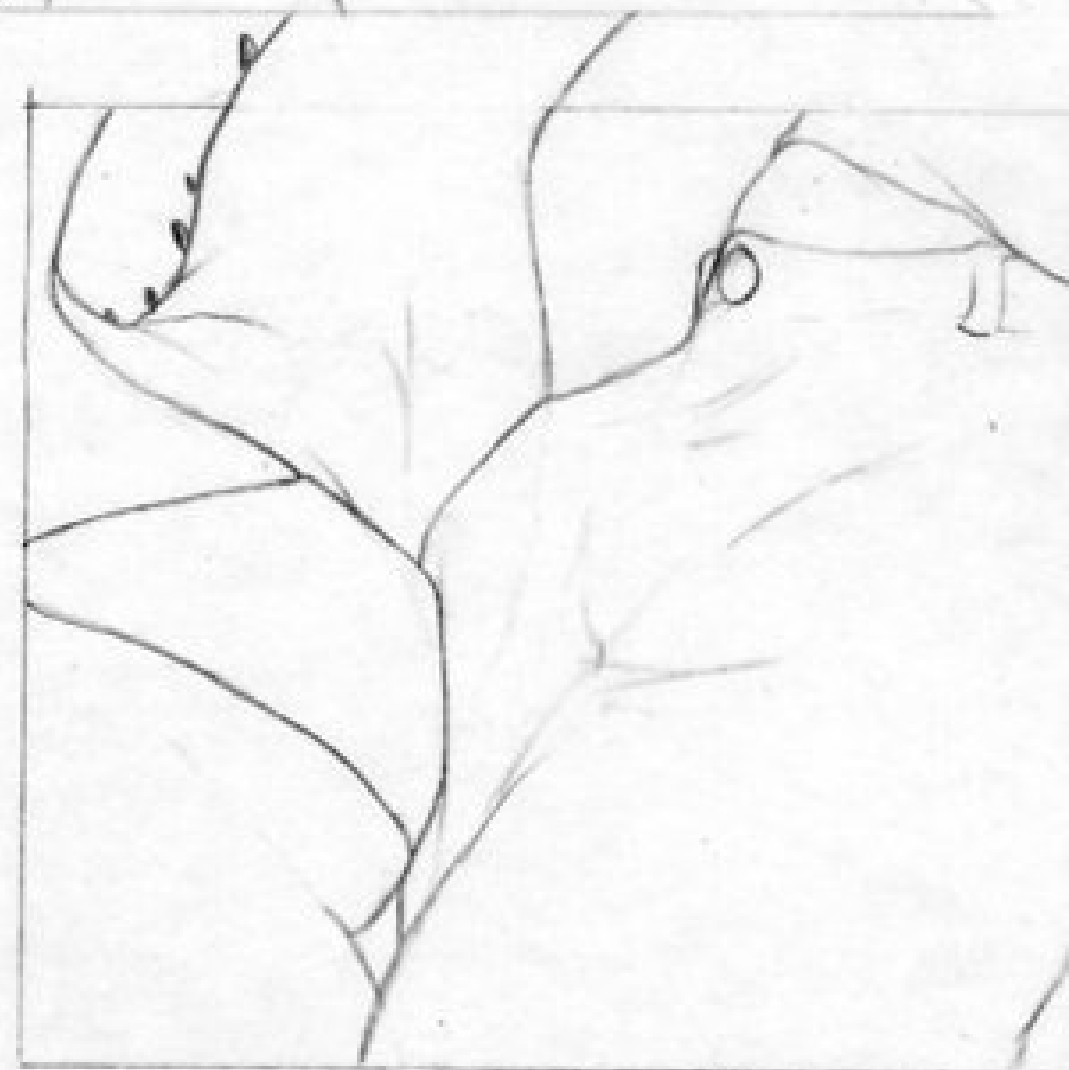

Oh and by the way
you can stay the
night. Its raining.

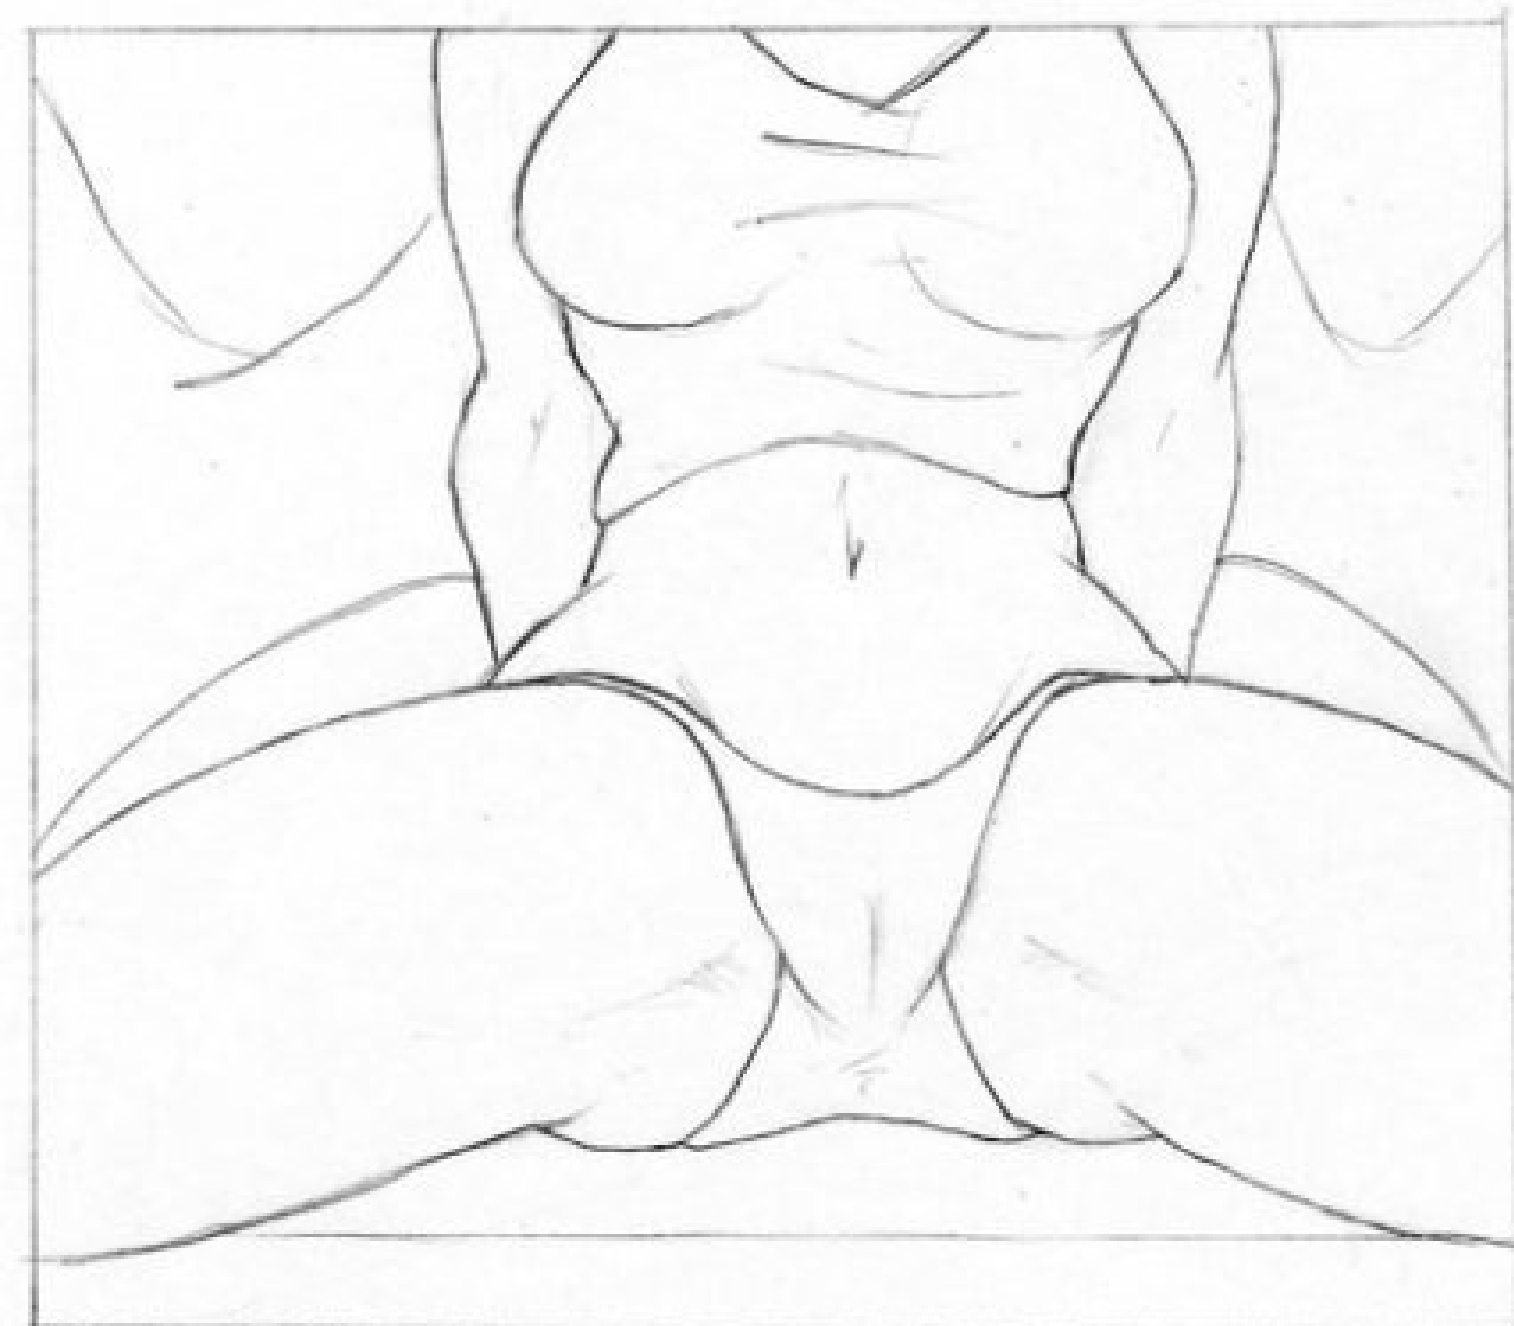

You sure? I dont want to bur...

Oh, hush!
You aren't
a burden.
I dont want
you riding
in the rain
on your
bike. You
got a long
ride home.
Stay!

This is it! No going back now. My mouth pressed against her mound.

The taste, the smell, the sensation. Yearning a forbidden desire, I now have in my grasp.

Oh god.
I'm going
to... uhhh...

Oohh god....
Carr.

Mmm.

My heart pounds with
the throbbing of her
insides. My mind races
at the sensations I feel.

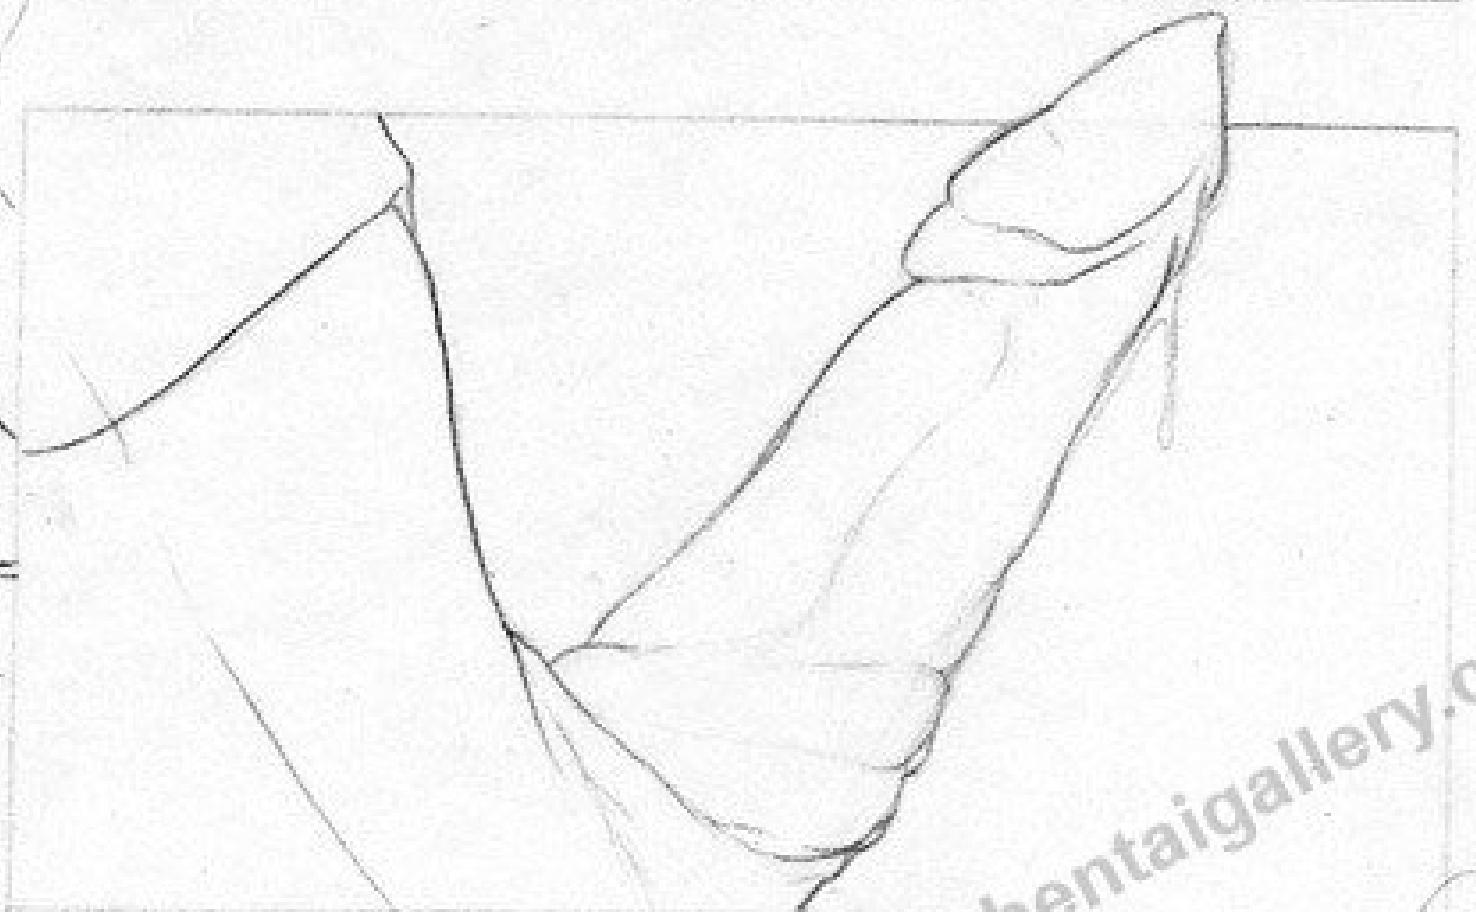

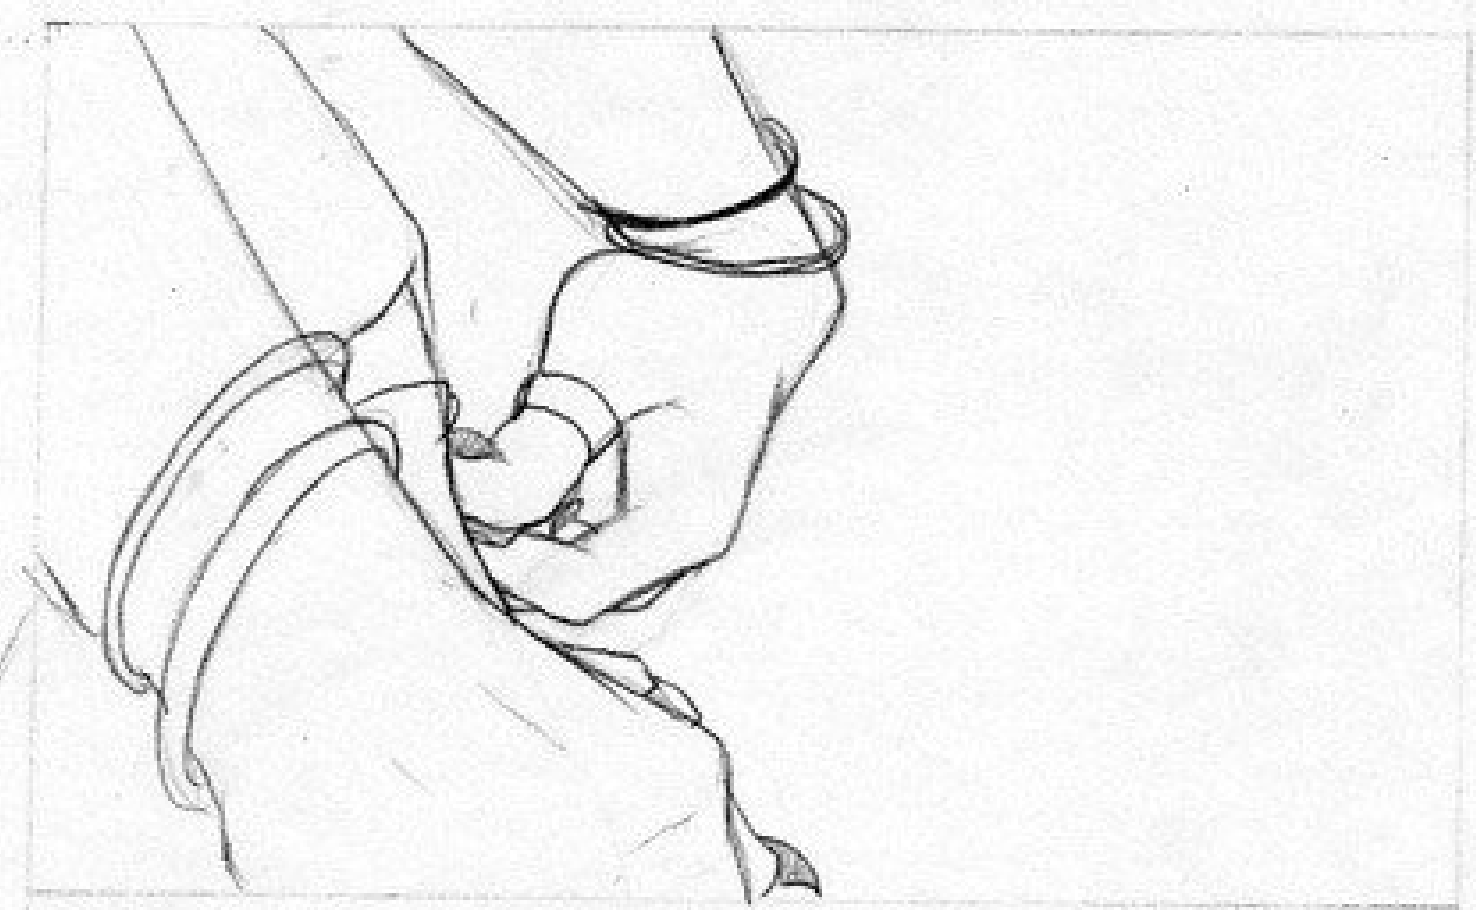

How can I be doing
this? He's my biological brother!

My mind is telling me to
stop but my heart and
body scream to continue.

I know this is wrong but
I can't stop. I've wanted him
for such a long time but
never let myself admit it.

I want to have her.
all of her. It's not what
nature intended, but...

No turning back

The feeling of being inside her is completely indescribable. So sweet it's breath taking.
