

Operation Report

Proudwhore

by kingbang

...So, Sex Drill Instructor Proudmoore here volunteered for cumdump duty until all of you are satisfied. Are you sure you'll be ok with this, Auntie Jaina?

Of course, Anduin boy. I have had crazy orgies with all sorts of creatures from Murlocs to Demons-for this moment. It is a fitting duty for this sea-whore, who even sold her father for fat Orc cocks Well then, everyone, please ruin my body completly. This bitch presumptuously became the Lord Admiral despite being a mere cunt. It deserves to be crushed beyond repair.

By the way, who'll get to go first will be randomly decided with dice, so don't complain. This bitch will generate a Time Flow Zone, so you won't even have to wait for long anyway.

Operation Report Proudwhore

To strengthen the bond between the reunited Alliance-Horde joint forces, King Anduin decided to appoint the Lord Admiral Proudmoore as a Sex Drill Instructor, and make every soldiers in the combined army a tunnel buddie Jaina Proudmoore declined the offer at first since this was too much even for a loose cunt like her, who is said to be capable of housing entire Dalaran inside her pussy. But, Lord Thrall's passionate persuasion (beating and electrocution like what he have done to Garrosh) and King Anduin's adamant order (mind control) changed her mind and she eventually accepted the honour.

The mission began immediately after the King finished his speech. Phase One was consisted of 15,327 Human soldiers and 4,350 Orc warriors. Overall it went as a by-the-book gangrape. One by one, the Orcs throughly cleaned their disgusting cocks which seemed never been cleaned since their birth with SDI Proudmoore's mouth, while the Humans used her fuckholes in turn with no time in between.

Shit, so it WAS true that this fucking bitch sold off her father for fat Orc cocks! You really are a disgrace to the Alliance.

Fufufu, but you have to understand! When these smelly... disgusting... and knotted cock like this is drawn to my mouth, how can't I stop myself but sell off even my parents for a taste of it?

Soldiers, somewhat passive at first, started to go aggressive bit by bit, going as far as insulting, spiting and slaping on her face, and pissing inside her, to a point that healers had to intervene. But, the rape became even more violent, and they ended up strangling, searing her body with cigarettes, beating her for many minutes before completely ruining each and every one of SDI Proudmoore's holes just as they were ordered. Because of the Time Flow Zone it is impossible to know how much time exactly have passed inside, but the gangrape is estimated to have continued for months, and each person in average ejacuated 5 times.

After Phase One has been completed, SDI Proudmoore requested for a breaktime but outrightly rejected. Phase Two that started immediately after was consisted of 7,455 Dwarves and 2,310 Pandarens. Since both races were known drinkers, this Phase went in a festival mood with a lot of drinking. They raped SDI Proudmoore day and night without rest, while shoving their special cum brew (cum 40%, piss 50%, spit 5%, dreg 5%) down her throat until her belly is bloated like she's pregnant.

A gangrape?!
count me in!

Everyone,
get in here!

As time went by, perhaps due to the effect of alcohol, they began to act strangely. They fed her grapes and started to wildly crushing her belly, claiming they are "making wine." They recollected 'special cum brew' she eventually excreted out of her ass and made her drink it over and over for several days. The mood gradually became more and more crazy, and at the end they dumped SDI Proudmoore in collected cum brew barrel, drowned her, and revived her, pickling her with cum and dregs. She had to be cleansed both inside and outside thoughly before continuing to the next Phase.

Phase Three: 780 Blood Elves and 1,544 Draenei. Blood Elves, asserting that they are not interested in mere Human whore, didn't directly participate in this Phase. Instead, they tested few experimental spells on SDI Proudmoore, which enabled her to give birth in 10 hours if sufficient energy (in form of semen) is provided. Draenei, being always short on people, welcomed this experiment and SDI Proudmoore ended up being knocked up and gave birth several times a day like a childbirthing machine.

Even after months-long cycle of ceaseless gangbang and childbirth, which resulted her giving birth to each and every one of soldiers' child at least once, the Draenei were not satisfied and continued to rape her. It only ended after every soldier had their turn at least 3 more times. Avg. Ejacuation: 8 times per person; Births: 2,110 Draenei (including multiples)
