

LIFE OF A TAU

RATED
H
(HERESY)

The Fire Warrior showers are unisex.

After Cadet Ha'yah joined the company, they became only sex.

During her Basic Training, Ha'yah received the Order of Greater Good, for bringing to this world four new batches of Fire Caste young. This illustrious mark on her record opened a path to her rapid promotion to a commander.

As she climbed the ranks, the *gravity* of her *burdens* only increased.

The *weight* of her *actions* led to some... *diplomatic friction*

One day, Ha'yah didn't notice a cable under her feet [again], and she tripped right onto a Hroot warrior.

I CAN'T SEE THE ENEMY BLIPS YOU SPEAK OF...

WHAT DO YOU MEAN, SHAS'O?

AH!
SO SORRY!
ARE YOU OK?

She knew she must be quick to make amends.

She honed her diplomatic talents that would be essential for the next stage of her career.

TAU WOMEN PREFER HUMANS!

ANY ONE OF YOU!
GET TO THE GREATER
TODAY!

Ka'yah ended up being the most
valuable asset of the propaganda
bureau.

Using her own two unique, blue, love filled, oversized diplomatic assets our brave tau girl won many
bloodless victories for the greater good. Her legend inspired whole generations of blue skinned sluts
to follow in her footsteps.

As a Fire Warrior, Shas'o
Ha'yan was also trained
in rear guard action.

When the Hive Fleet Phallus entered the Tau space, the ethereals sent their
foremost hands-on diplomat to halt its advance. It worked out splendidly.

DON'T

Ha'yah served the Tau empire for many years...

SHAS'O KA'YAH,
IT IS MY HONOR TO
REWARD YOU... FOR...
UUUH... YOUR BIG...
UM, LONG YEARS...
...OF... UUUH...
.....

So it was only natural that she eventually was invited to receive praise from the ethereals in person.

However, the meeting didn't go exactly as expected.

??

Ha'yah quickly realized that her unique for a Tau anatomy actually granted her power beyond even the ethereals.

AKA ARA,

Under the rule of Empress Ha'yah the Bountiful, the upstart empire grew rapidly.
