

MINOTAUR has broken through the
level 5 blast door! Everyone break
formation, RUN!

There you are little pussy!
You've been hiding here!

A woman with long brown hair, wearing a blue bikini, is being held from behind by a large, blue, mechanical robot. The robot has a humanoid form with a large head, glowing blue eyes, and a chest with a glowing blue circular light. It has large, blocky hands and feet. The woman has a distressed expression, with her hands behind her head. The background is a dark, industrial environment with large, grey, angular structures and some glowing orange lights. A bright blue beam of light shines down on the robot's head.
