

- Mom! We're adults now! You can't make us do this type of thing anymore!
- Wah wah waah! You sure don't *sound* much different than you did when you were a brat. Why can't you just do what you're told like your sister, for once?

- Ugh, how do you SMELL so much? You're ALWAYS barefoot, shouldn't you smell like earth not... feet!?
- How do feet smell like feet? Well ain't that just the grandest mystery in the universe. Did you realize your sister was such a philosopher, Lin?

- Well, at least your mouth game's a lot better than it used to be. Guess you had a lot of *practice*. *And Lin, you've always been good at this, how've you still not nabbed yourself a man yet? A dick's a lot easier to please, than me.*
