speaking telepathically

I can put up
with you giving
me orders
to battle.

I won't obey
your stupid
sexual desires.

Also stop
touching me,
you smell weird.

Mewtwo~~~
Please sit on my face!!
Your thighs are so fat!!♥
They make me horny.

1 Mewtwo won't willingly sit on my face. That's why whenever she starts to meditate I place myself beneath her.

2 She enters this state of mind where she's unaware of what's happening around her.

3 That's how I can spend hours indulged using her body for my pleasure♥.

4 She would probably kill me if she found out.

Wich only makes it more exciting to do♥♥♥

1

Snorting the sweat drops from her asshole has to be the closest thing to heaven ♡.

2

It's usually pretty moist and sticky, with a strong scent that stays on my nose for a long time. I'm so addicted to it~

4

Invading such a shameful and dirty hole makes me cum instantly♡.

It's her fault for making me so horny, hehe.

3

Going around with such big fat ass, just makes her stuffy and sweaty all the time between her cheeks♡.

SNIFF~
SNORT~

1 After I completely drain my balls, I give Mewtwo a big sloppy kiss before she wakes up from her trance.

2 I do this mostly because I want her to have a taste of her own asshole♥.

3 I love how big, wet and sticky her tongue can be. A lot of the times it gets me horny again.

4 I don't care about pokemon gyms or completing the pokedex. I just want to use powerful pokemons to serve my horny needs♥.
