EVERY PART OF OUR
SOCIETY CAN BE
SEXUALIZED, AND
OFTEN IS, FOR
THE PURPOSES
OF INFLUENCE
AND
PSYCHOLOGICAL
FRAMING.

TO CONSIDER THE
IMPACT OF SUCH
SOCIAL POSTURING,
ONE NEED ONLY
EXAMINE THE
PERSONAL AND THE
SEXUAL.

A painting featuring two faces in the upper half, both with their mouths wide open in expressions of intense emotion or ecstasy. The face on the right is more prominent, showing closed eyes and a deep red tongue. The face on the left is partially visible. Below the faces, a dark, irregular shape contains white text. The lower half of the painting shows a close-up of a hand with fingers spread, rendered in warm, golden-brown tones. The overall style is expressive and painterly, with visible brushstrokes and a rich, warm color palette dominated by reds, oranges, and yellows.

A painting of a nude woman with brown hair adorned with a flower crown, sitting in a field. She is looking towards the viewer with a slight smile. The background features a large tree with yellow leaves and a blue sky. A speech bubble from the right contains text. In the foreground, there is a close-up of a hand reaching towards the woman's leg, with another speech bubble on the left. A blue jug is visible on the ground to the right.
