

Yup, this is definitely the spot..

Alright, show yourself!
I don't have the patience to ask twice.

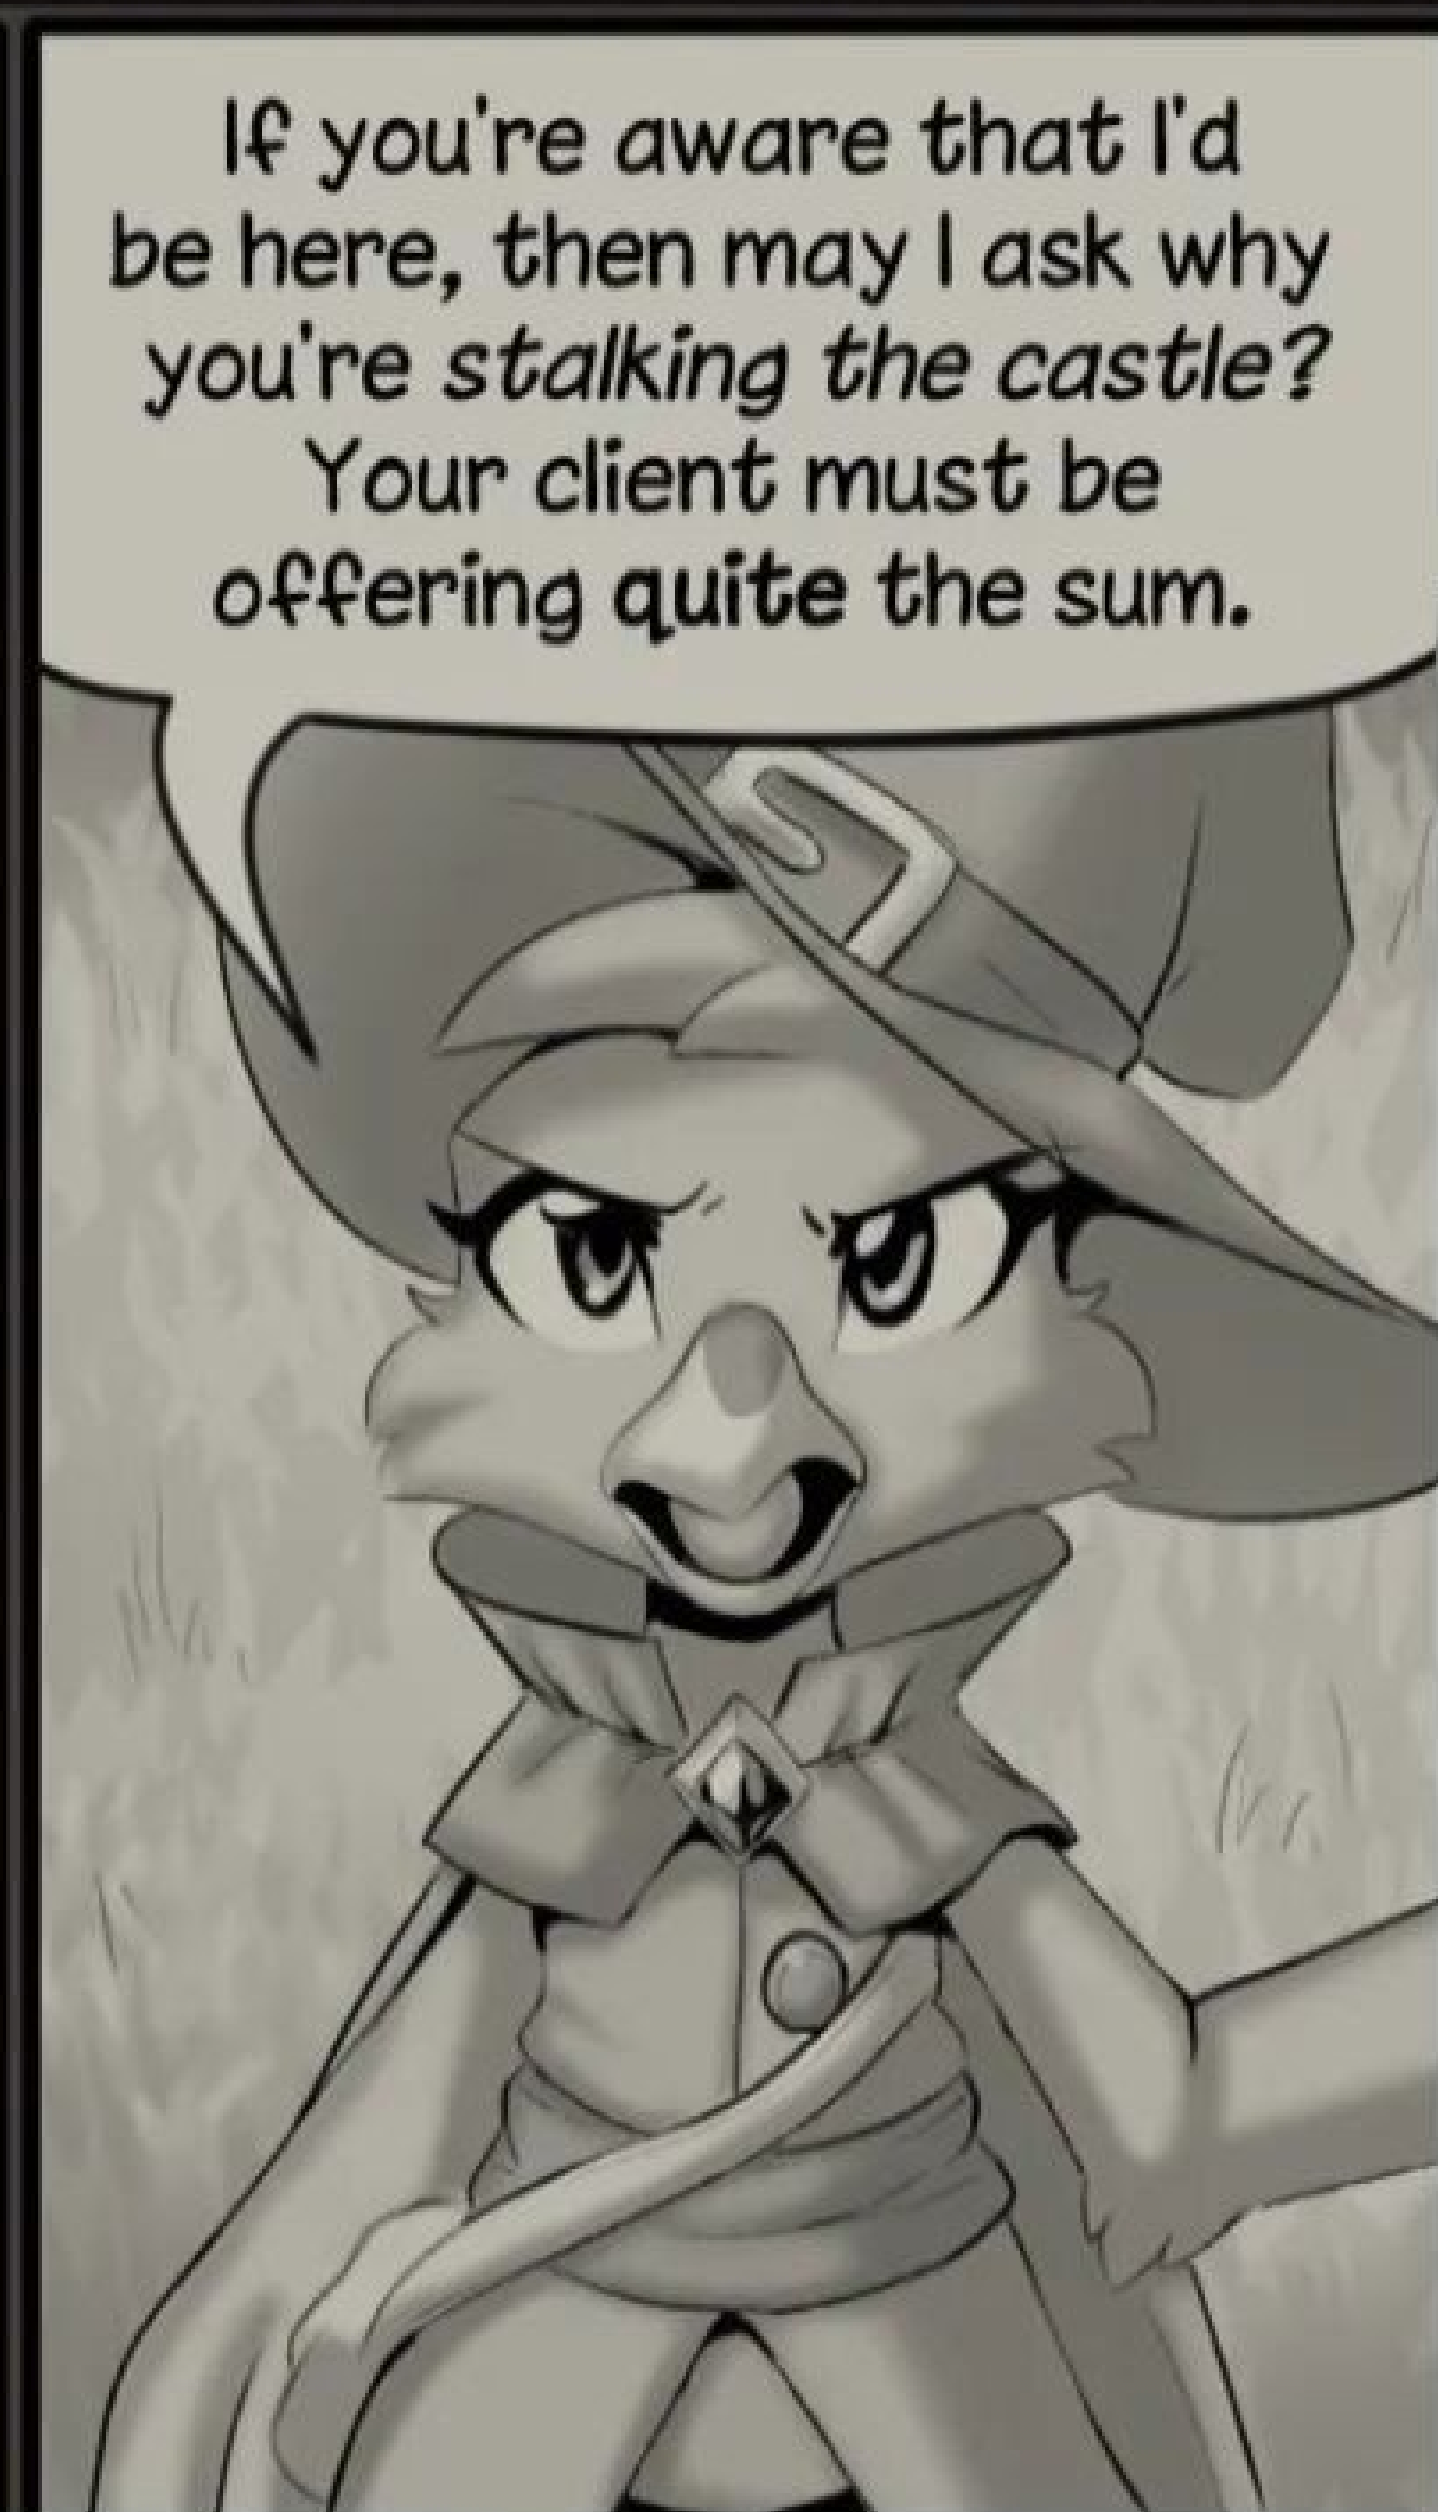

...
Heh,
I'm impressed
you felt my
presence from
the castle.

PHASE

You're as
skilled as the
rumors say..

If you're aware that I'd
be here, then may I ask why
you're *stalking the castle*?
Your client must be
offering quite the sum.

You're
quite
mistaken

I have no
interest
in the
royalty.

LAND

I'm here to prove
I'm the **superior**
sorcerer.

I'm not really interested
in your little ego trip,
maybe go bother someone
who isn't at work right now.

You seem to be under the
impression that I was looking
for your consent.

FREEEM!

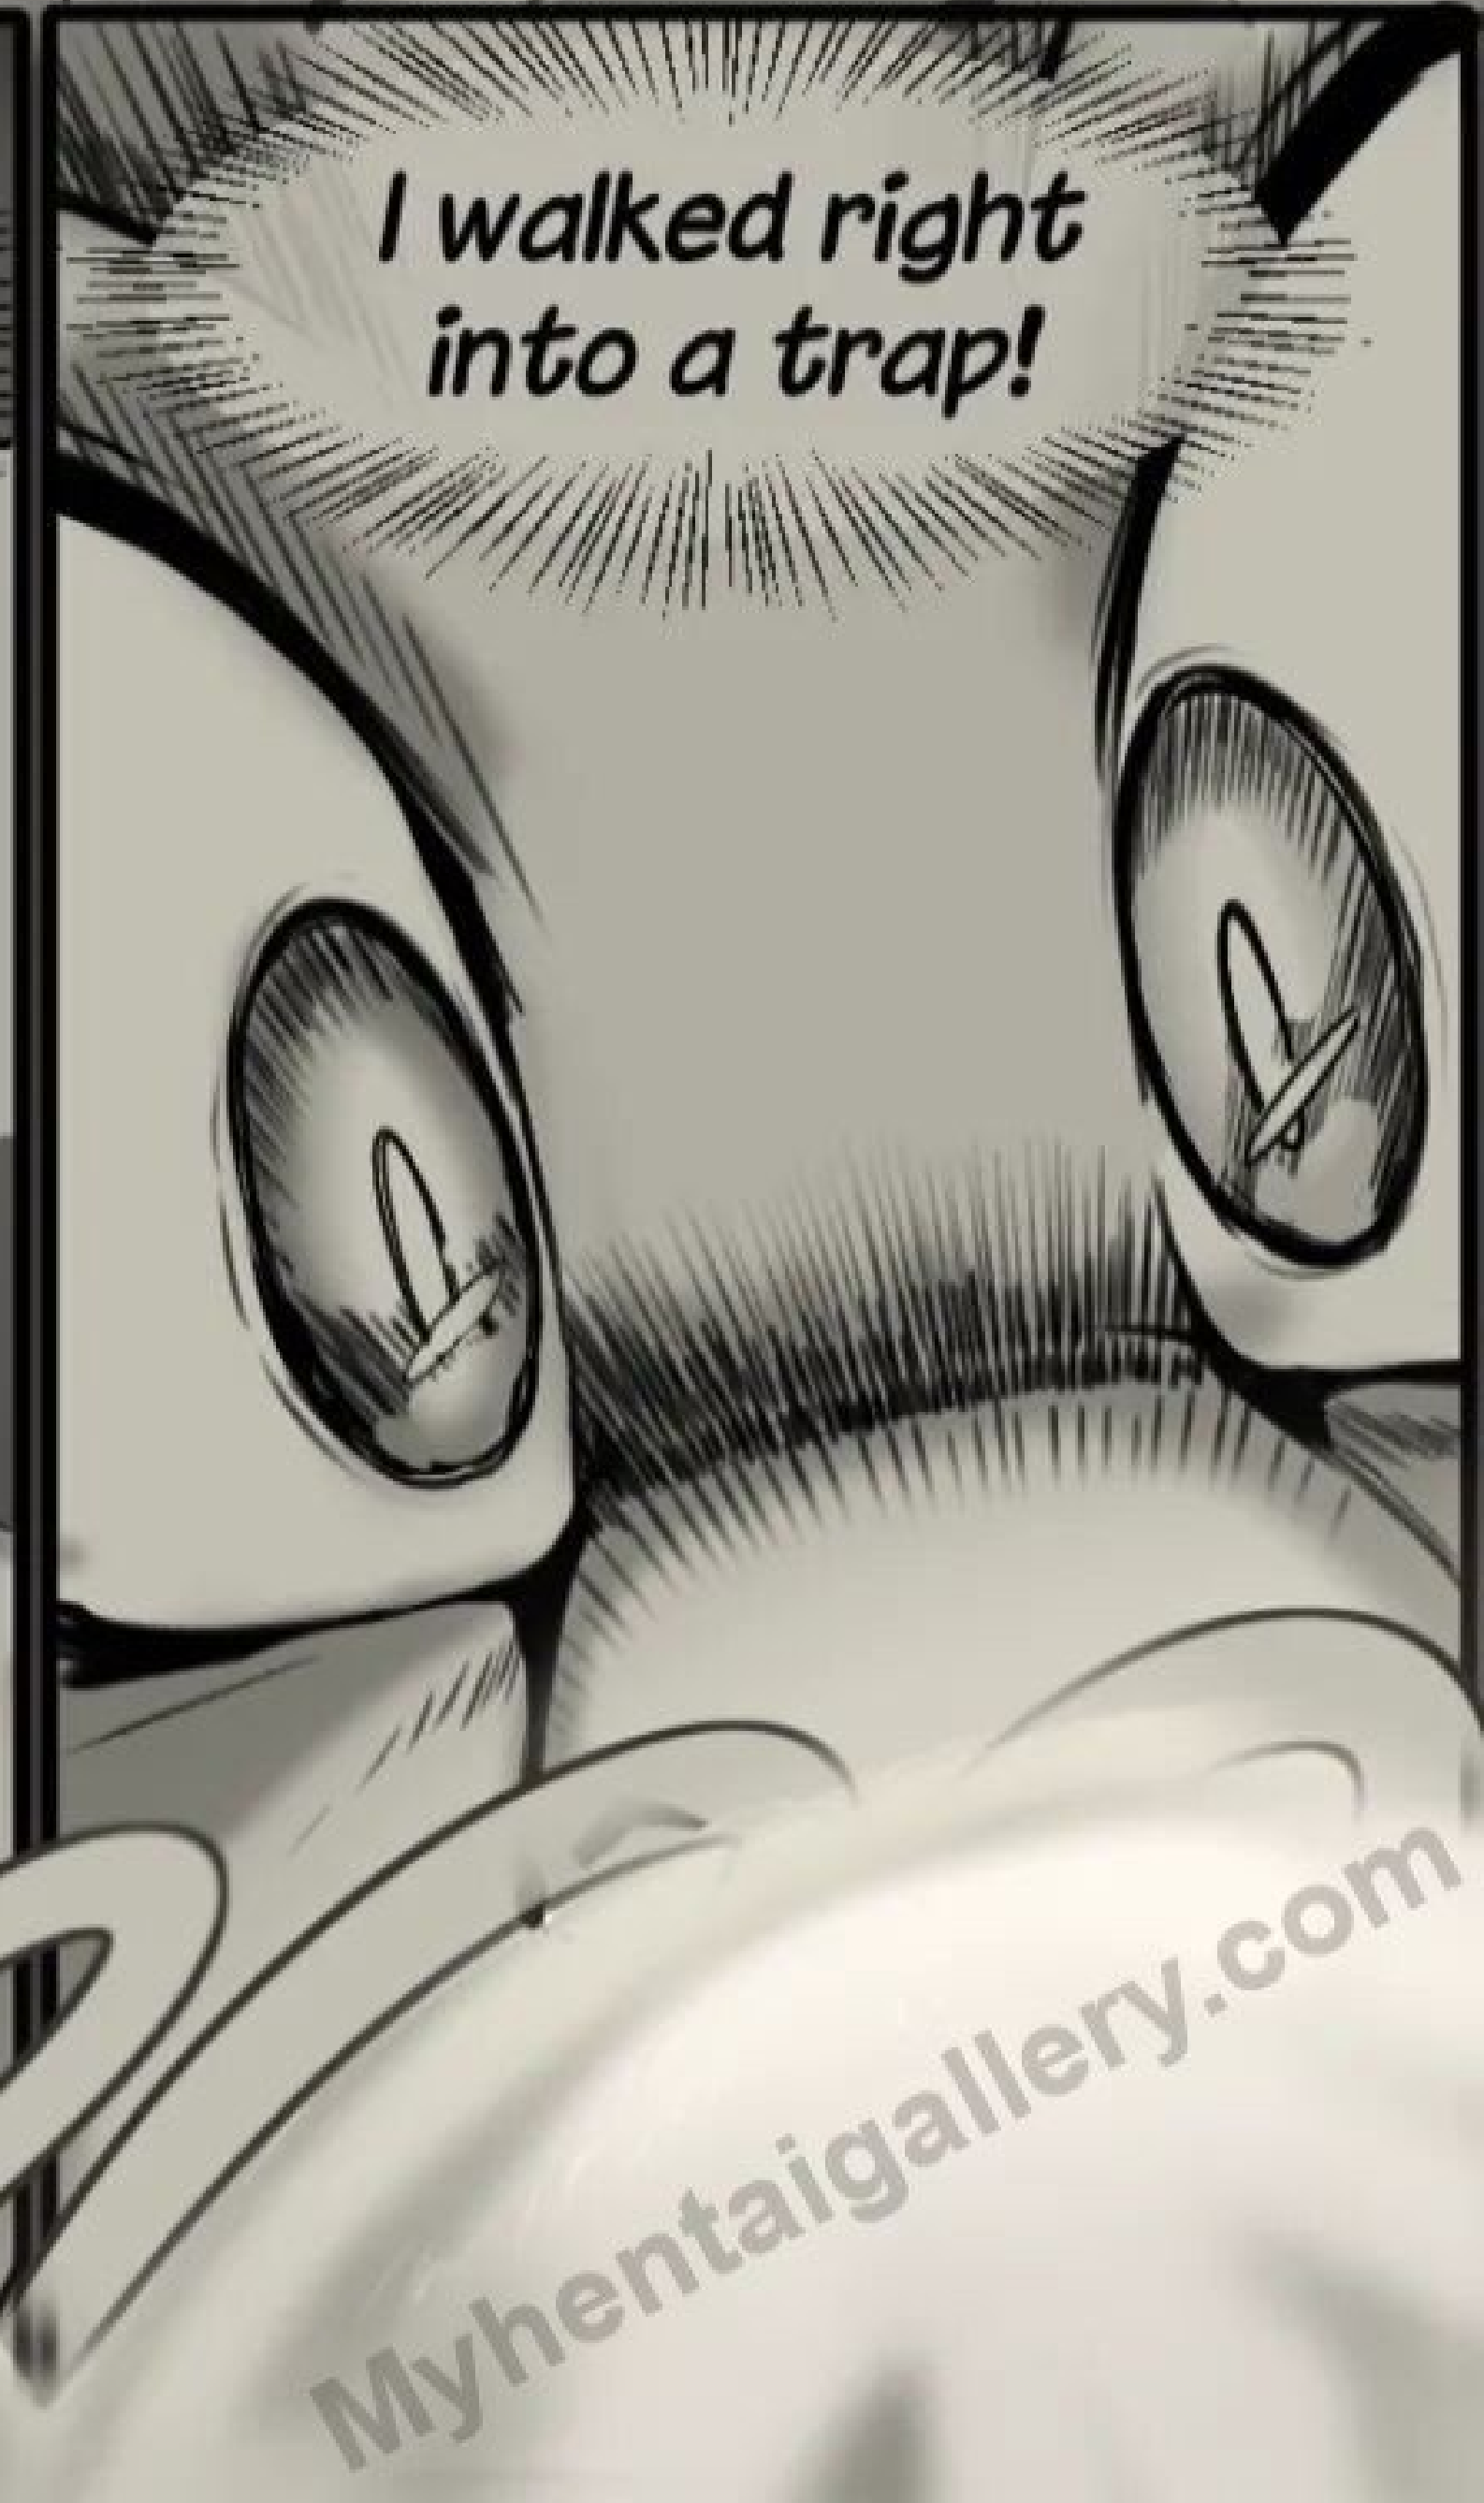

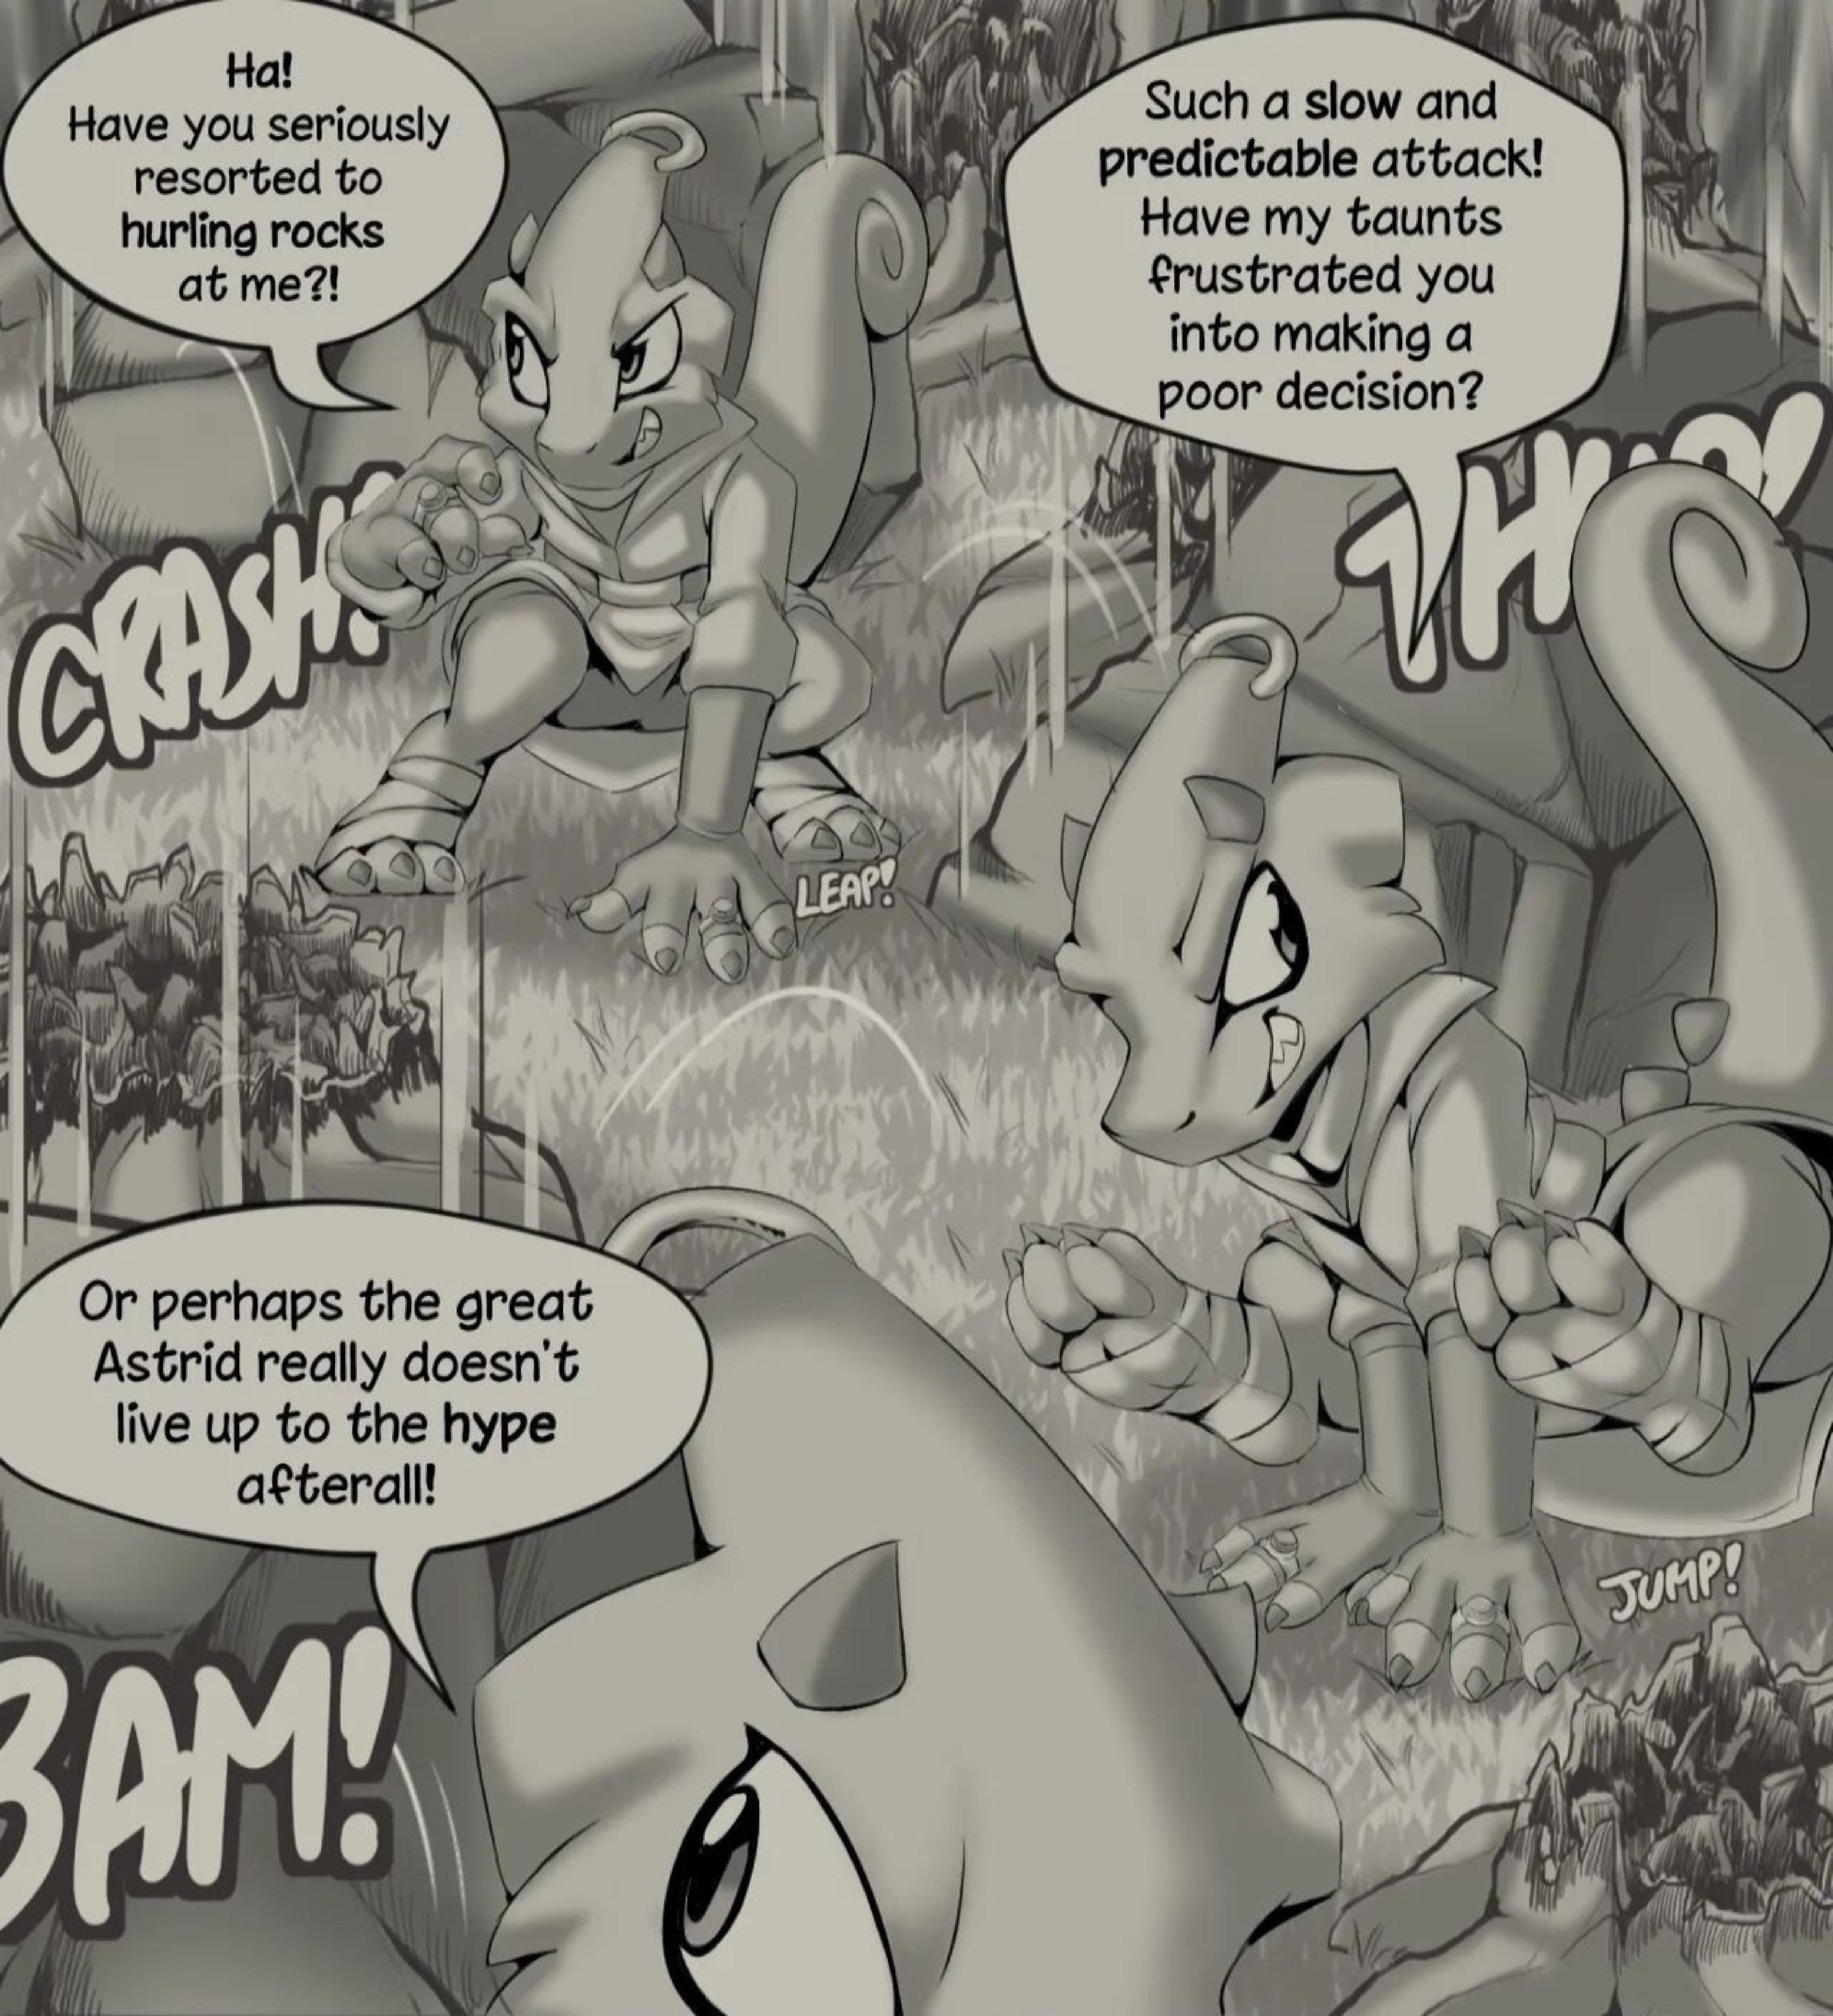

ZASH!

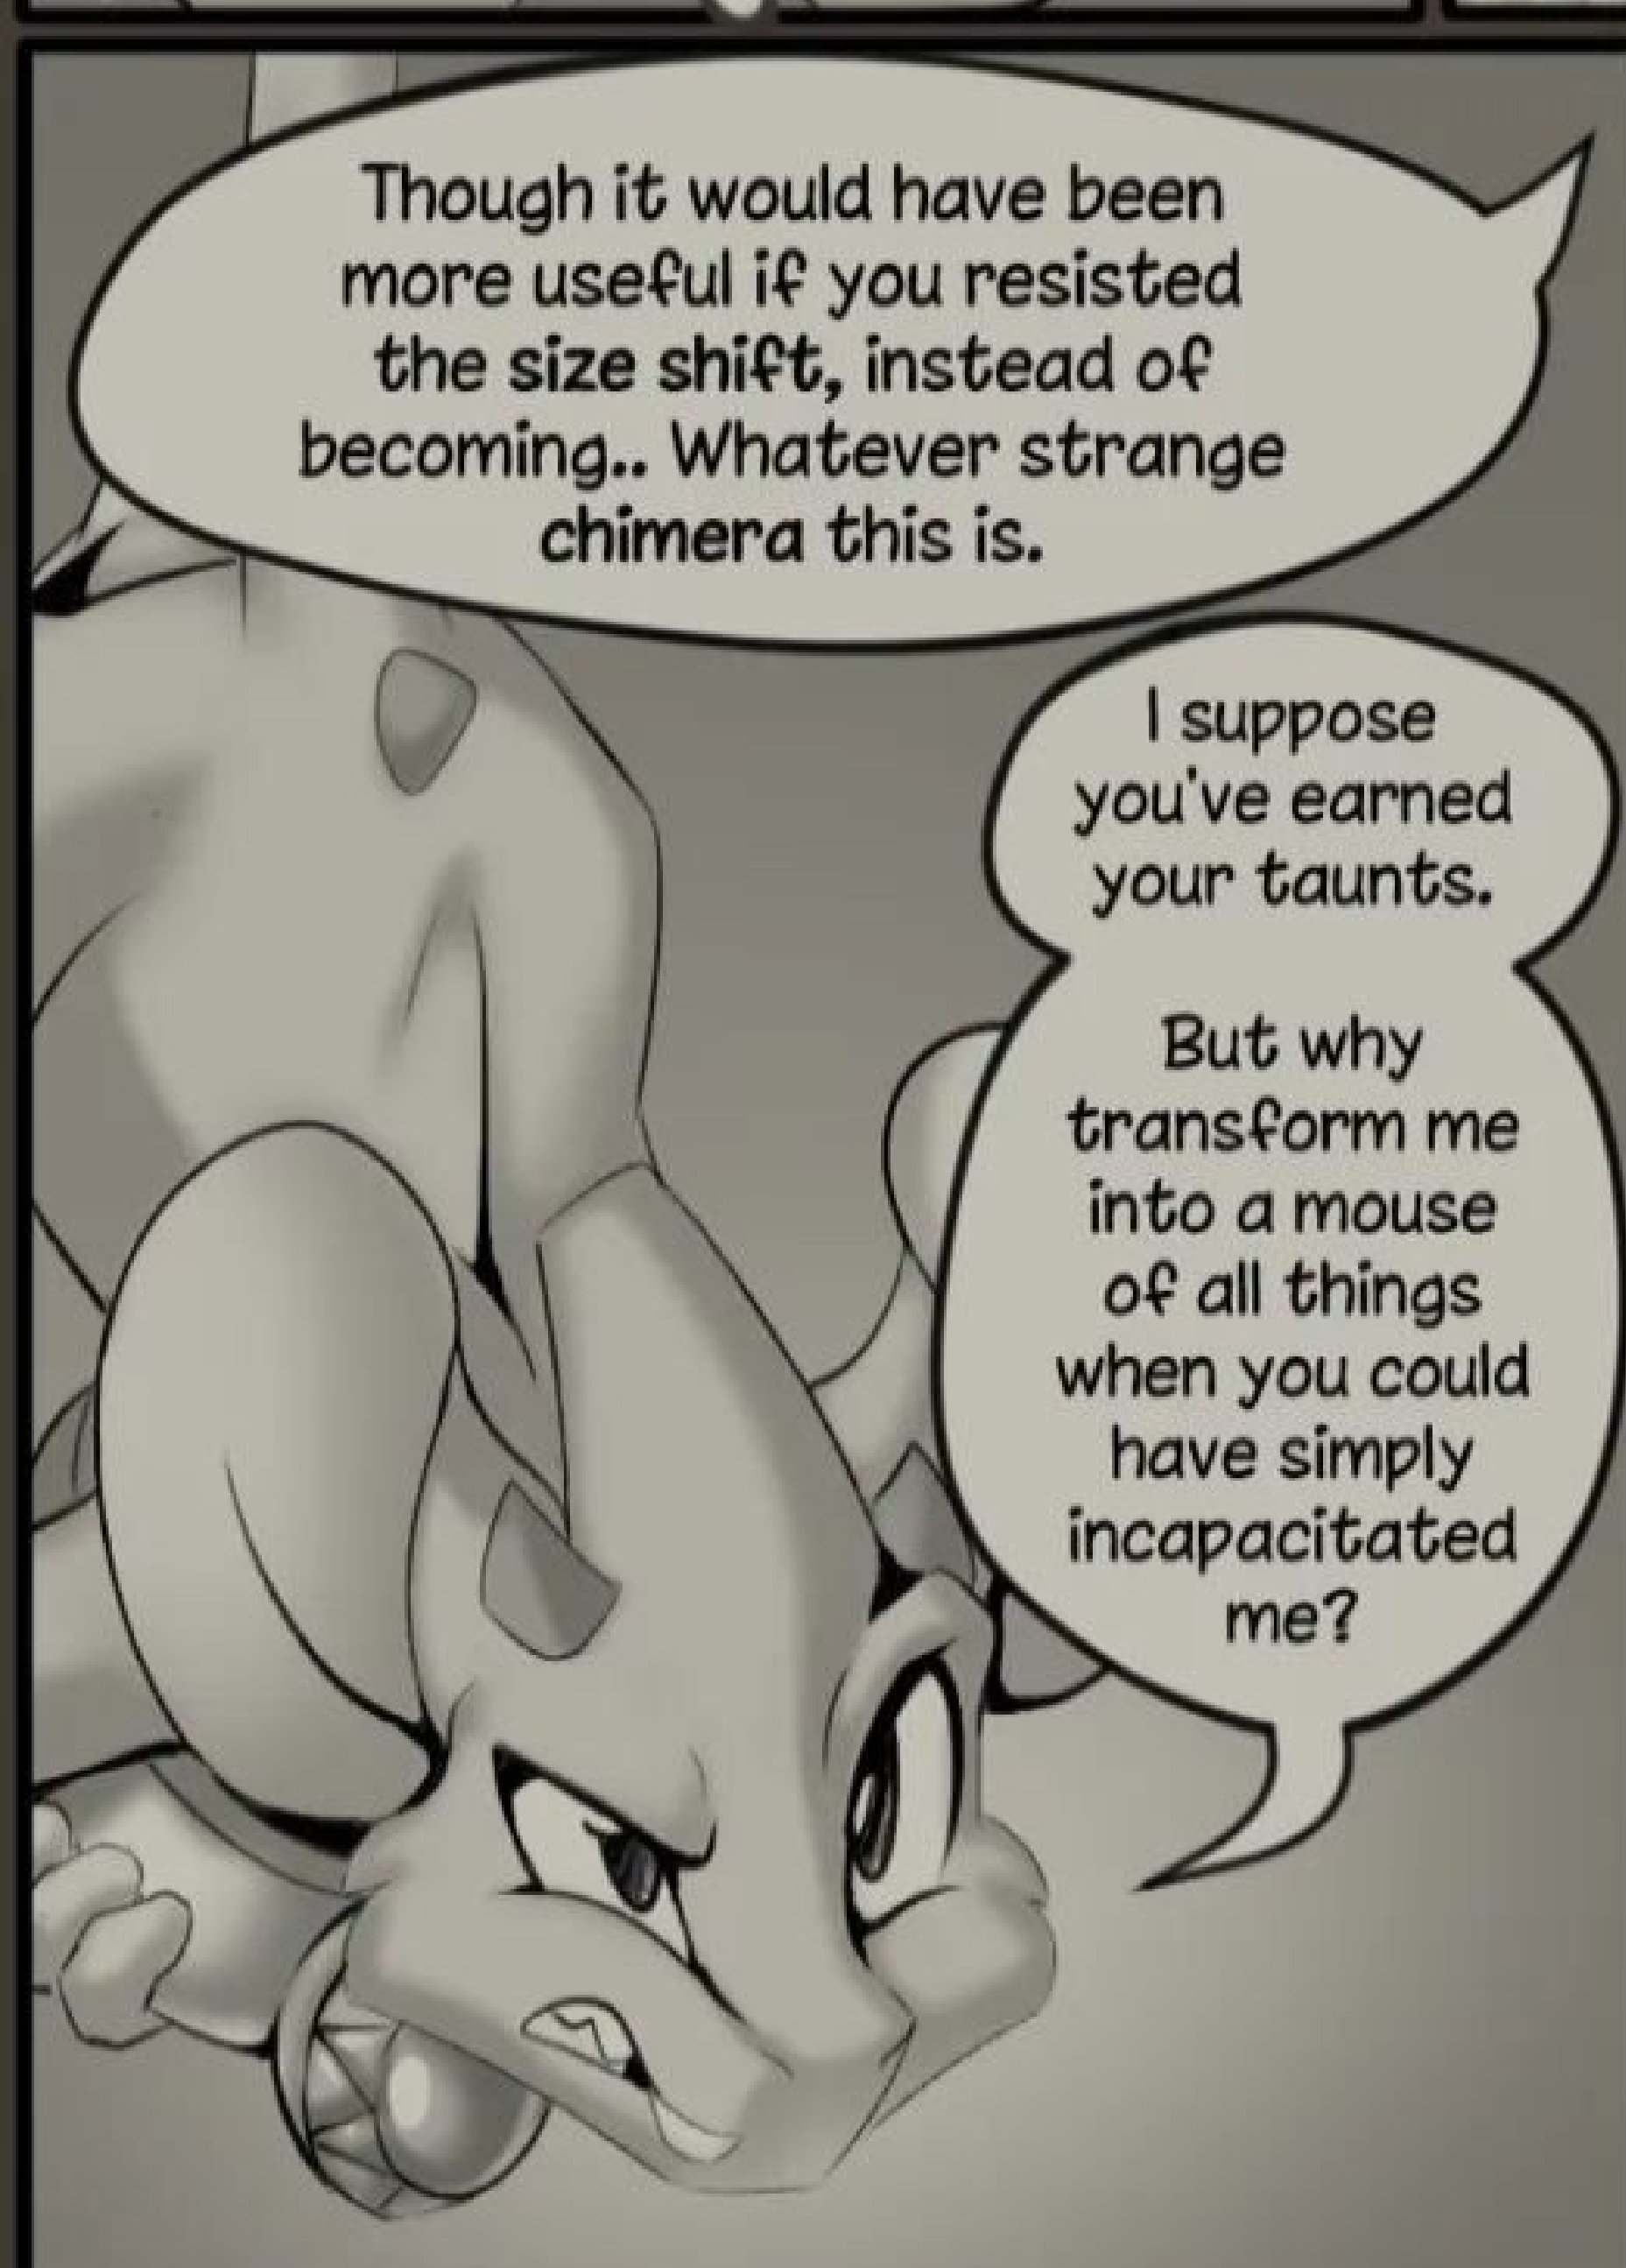

SHING!

W-!!

-BOOOOM-!!!

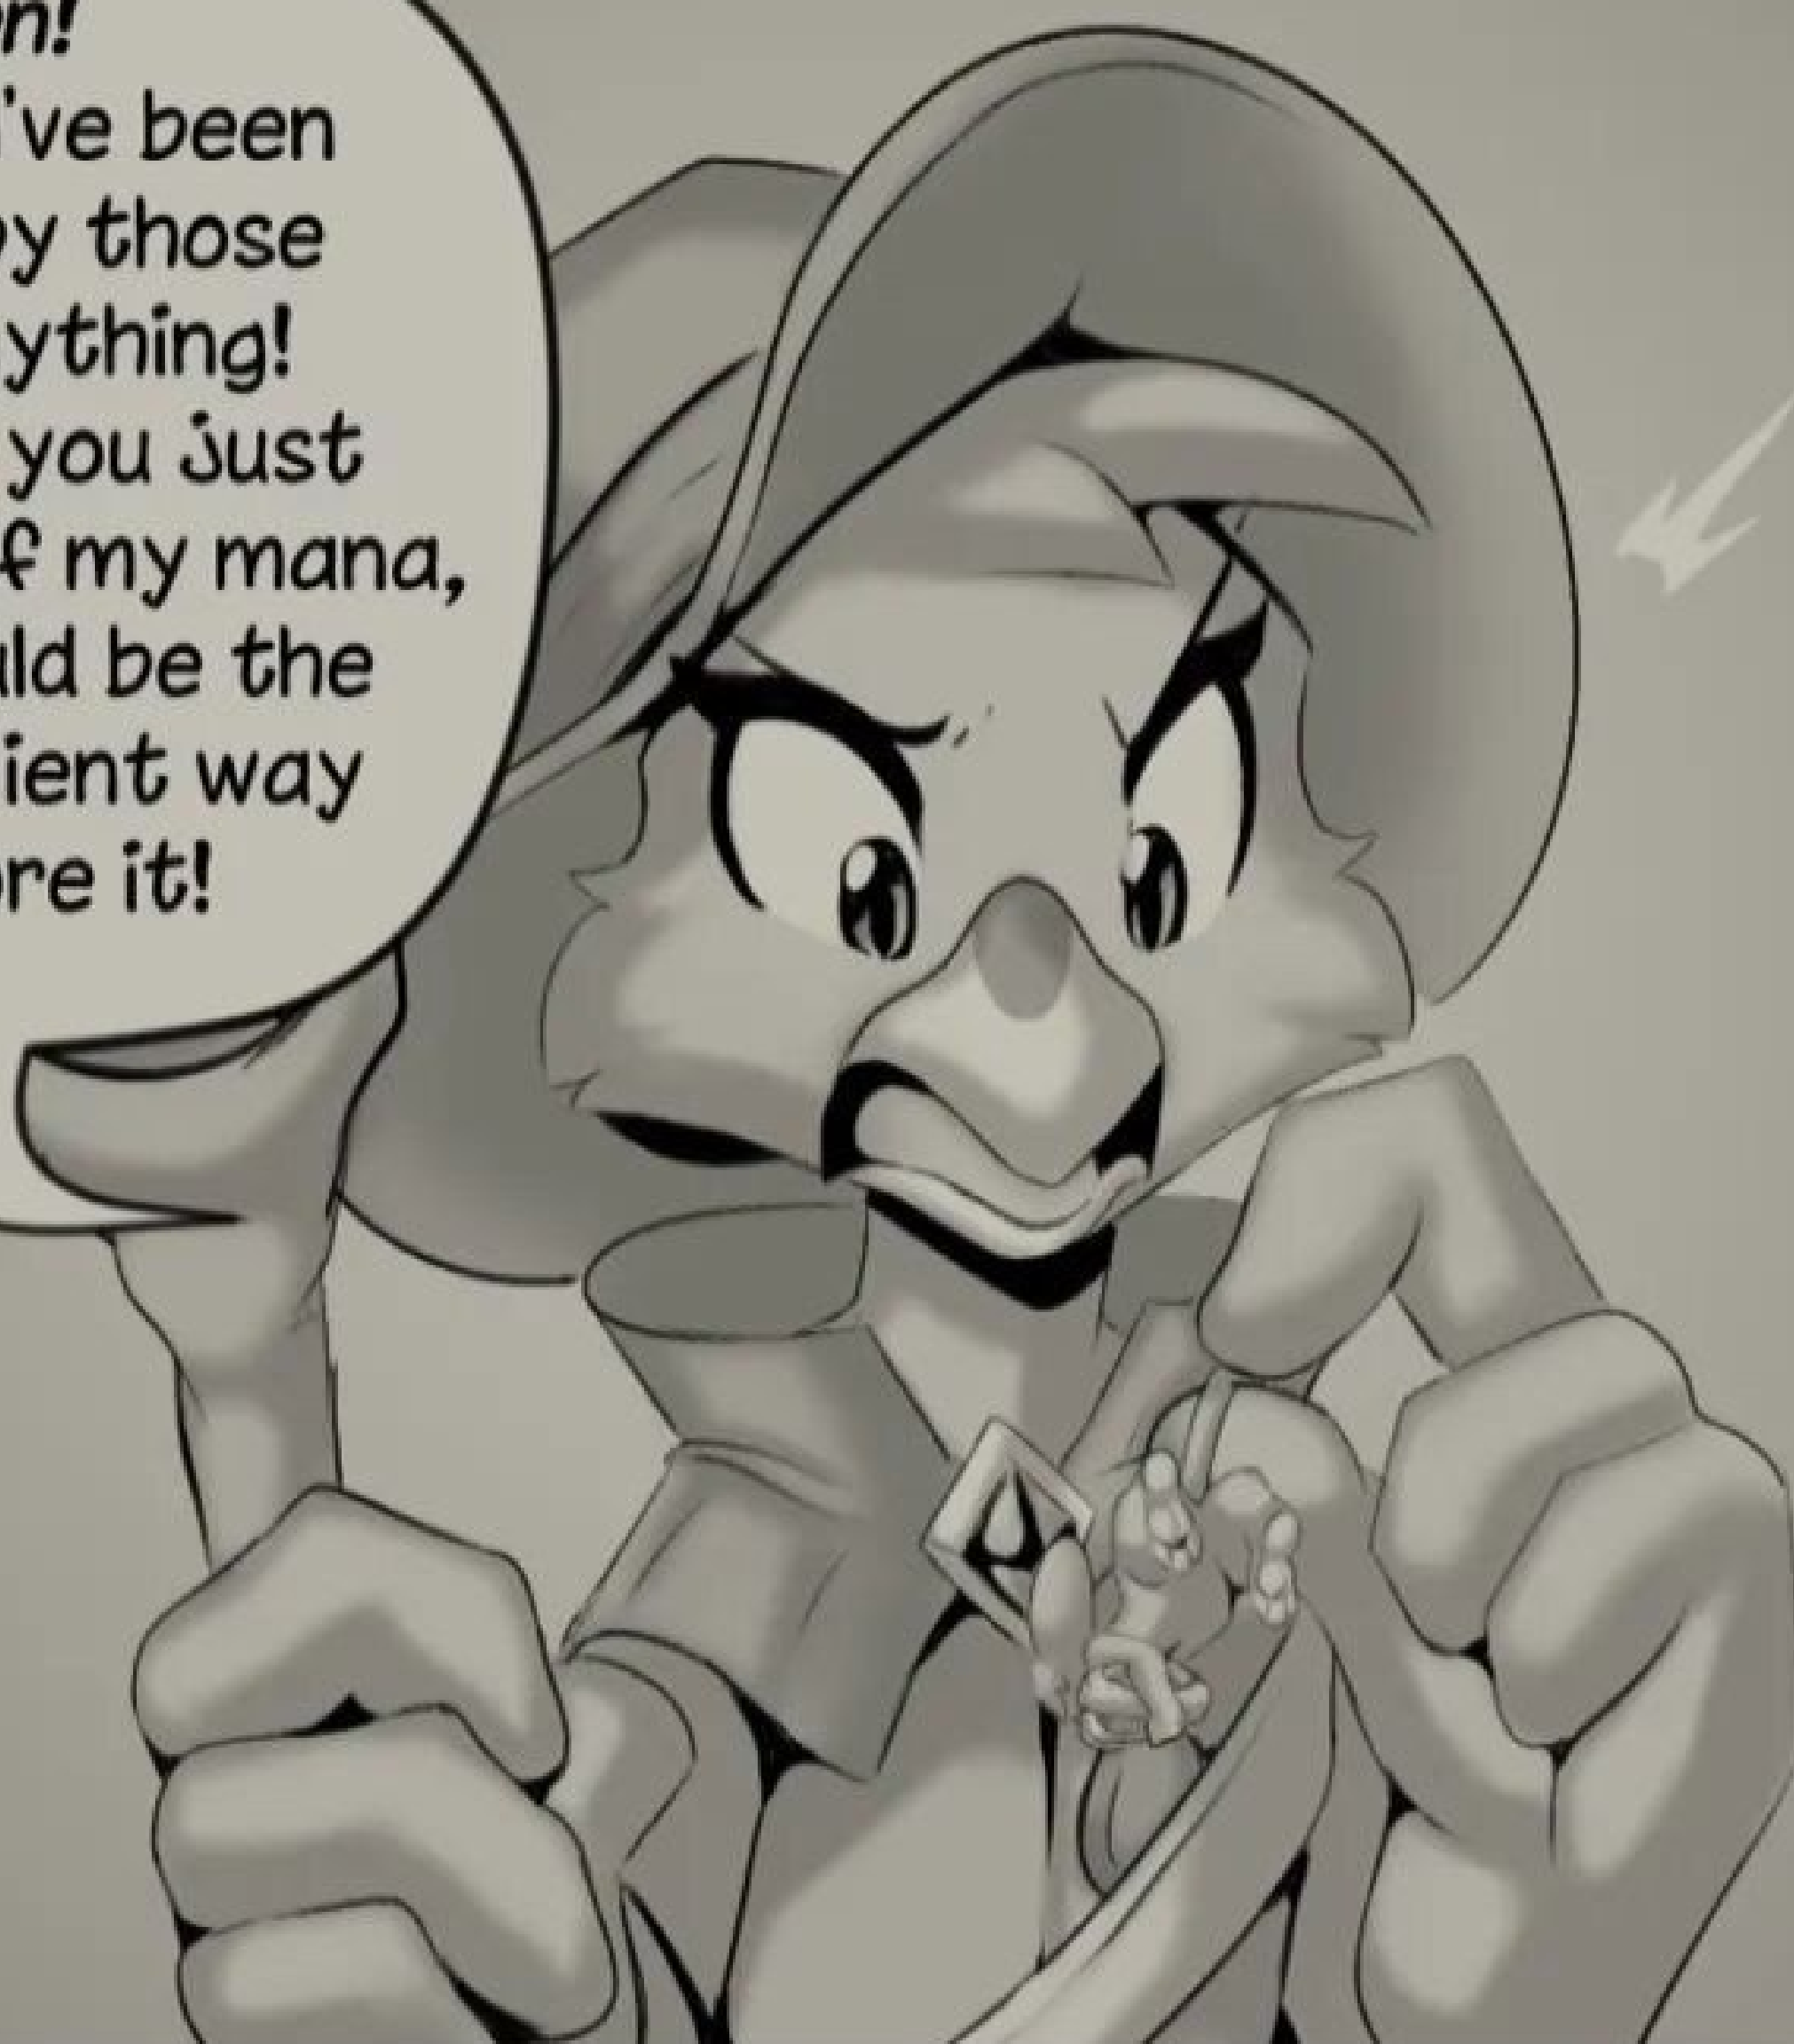

Listen!

Don't think I've been corrupted by those cats or anything! Dealing with you just expelled a lot of my mana, and this would be the most convenient way to restore it!

...What are you talking about?

...Oh, I'm going to *eat* you..

... I see, yeah, that makes sense..

WAIT, NO IT DOESN'T!!
That's not a normal thing to do!

Yeah, it really isn't, *is it?* Okay, maybe this job has influenced my perceptions a little bit...

Ah well, let's just get this over with..

MLAAAH~

Wait, you can't
really be ser--!!

CLAMP!

"
This freaking
lunatic actually
ate me..

Ah well!
A minor setback!
That stupid bird
didn't notice that
I still have a *channeling*
stone!

A fatal oversight
to allow me to keep
my magic!

Farewell, Astrid!
This has been fun!

SHEEEN!

[Ahh, there's the first attempt!
that hardly took you long.]

GURGLE!

Did you think
I hadn't noticed you clutching
that ring of yours?
Do you take me for a *fool*?
I let you keep it because
you simply do not have
enough mana to overcome
being surrounded by my own.

[So if you truly believe you are
more powerful than myself,
now is your chance to prove it.]

Wait,
do you actually
plan to...?

But hey,
this is a pretty
high-quality
channeling stone
you have here!
I can't wait to get
the other one so
I can have a
matching set.

[After I pluck it
from your *bones*.]

Aah, now I can *really*
feel the urgency in your
spellcasting attempts!

I hope this will be
the challenge you were
looking for~
