The life of a succubus is Far more rewarding than I could have possibly imagined.

Returning From the mortal realm, I once called home.

Mastering my new Female Form teeming with pleasures and gifts beyond any my human male Form could provide.

Full of bounty ready For tribute to my Mistress.

The Goddess's devoted servant.

My beautiful Acolyte.

You have done well.

Mmmm!

Yes!

Mmm- a delicious harvest.

And now your reward.

I have long awaited the day she would bless me further.

To become a Full-Fledged Demon in the sight of our Goddess.

You have taken the mantle of the women and embraced its truths.

I name you **Nessiris**, Handmaiden of Meddia.

May this tail set you apart from the mortal bound Acolytes.

And secure your seat in the cosmos as a Daughter of her Eminence.

Lay with me, and rise a Priestess of the Goddess.

The dreams I had in my mortal existence.

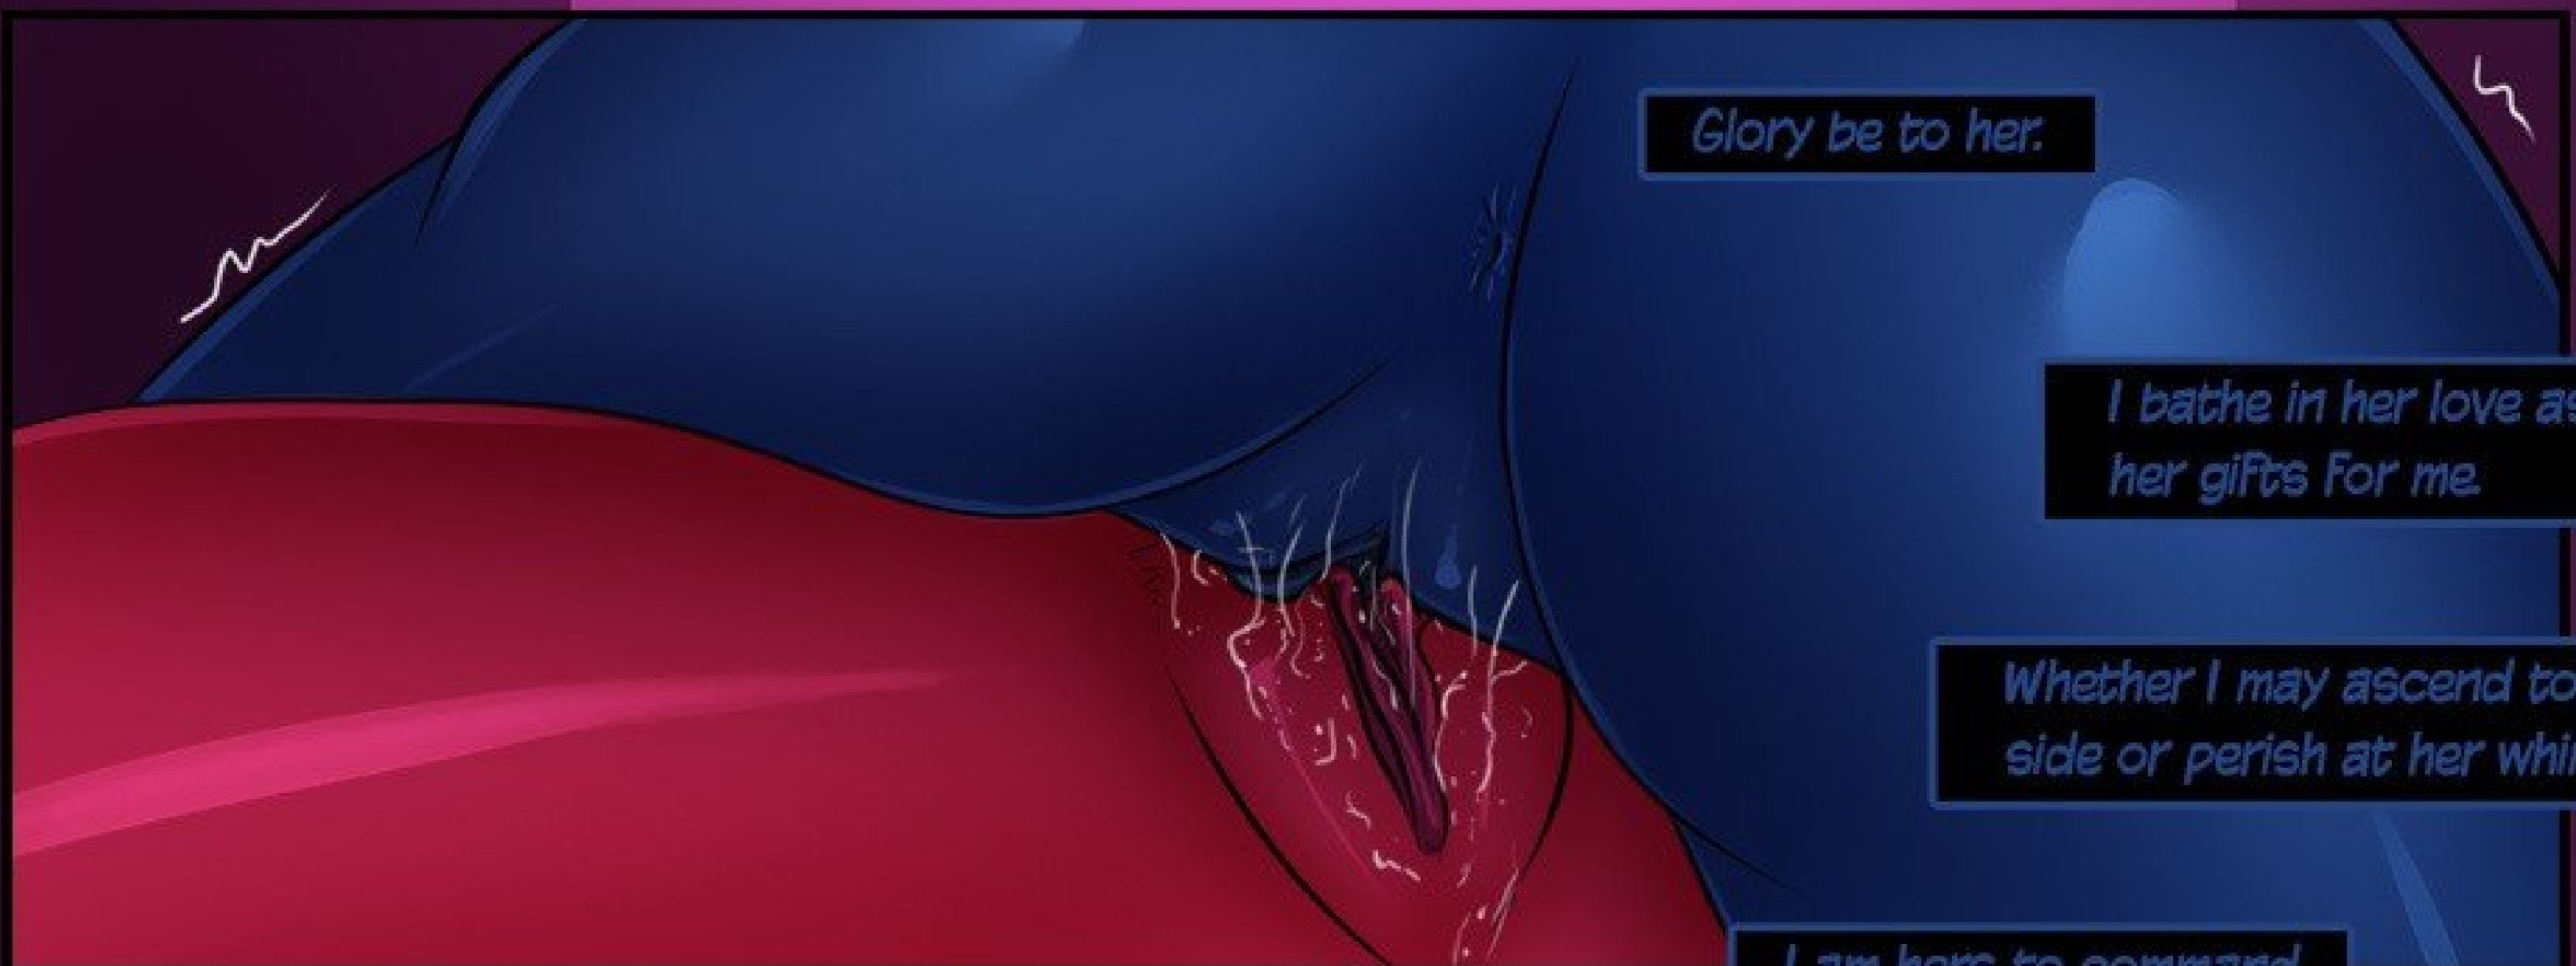

Desires my soul caved for more.

More than my body could give.

The challenges the Goddess set for me to ascend to this moment.

And I had done it.

Glory be to her.

I bathe in her love as I cherish her gifts for me.

Whether I may ascend to her side or perish at her whims.

I am hers to command.

Sweet Nessiris.

You are quaking.

Is there a limit to your services?

I will do what is commanded of me, my Mistress!

Very good.

The Goddess has
need of your
experience.

Your time of
gathering seeds and
souls is passed.

Look, and see the mortals
of earth lost in prisons of
their minds.

Show them the love of
their Goddess.

It is time to free the minds
and reshape the souls of
these chosen mortals.

Bring them to the
Goddess.

By Her design.

Yeah he missed raid night. We had to lfg to fill his spot.

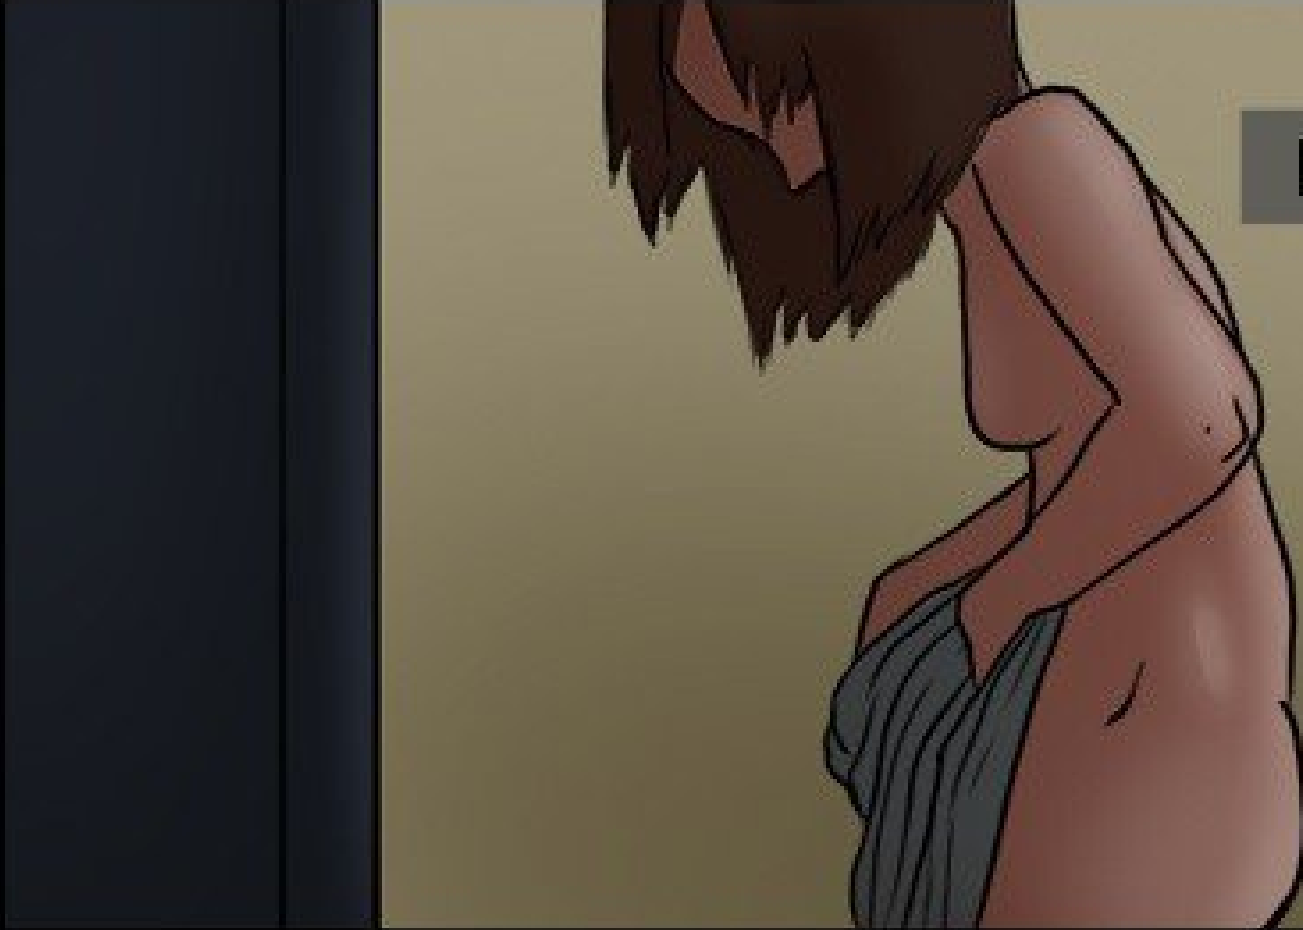

No, he hasn't been on since last Saturday.

Hmm, we were supposed to coop the new dungeon tonight

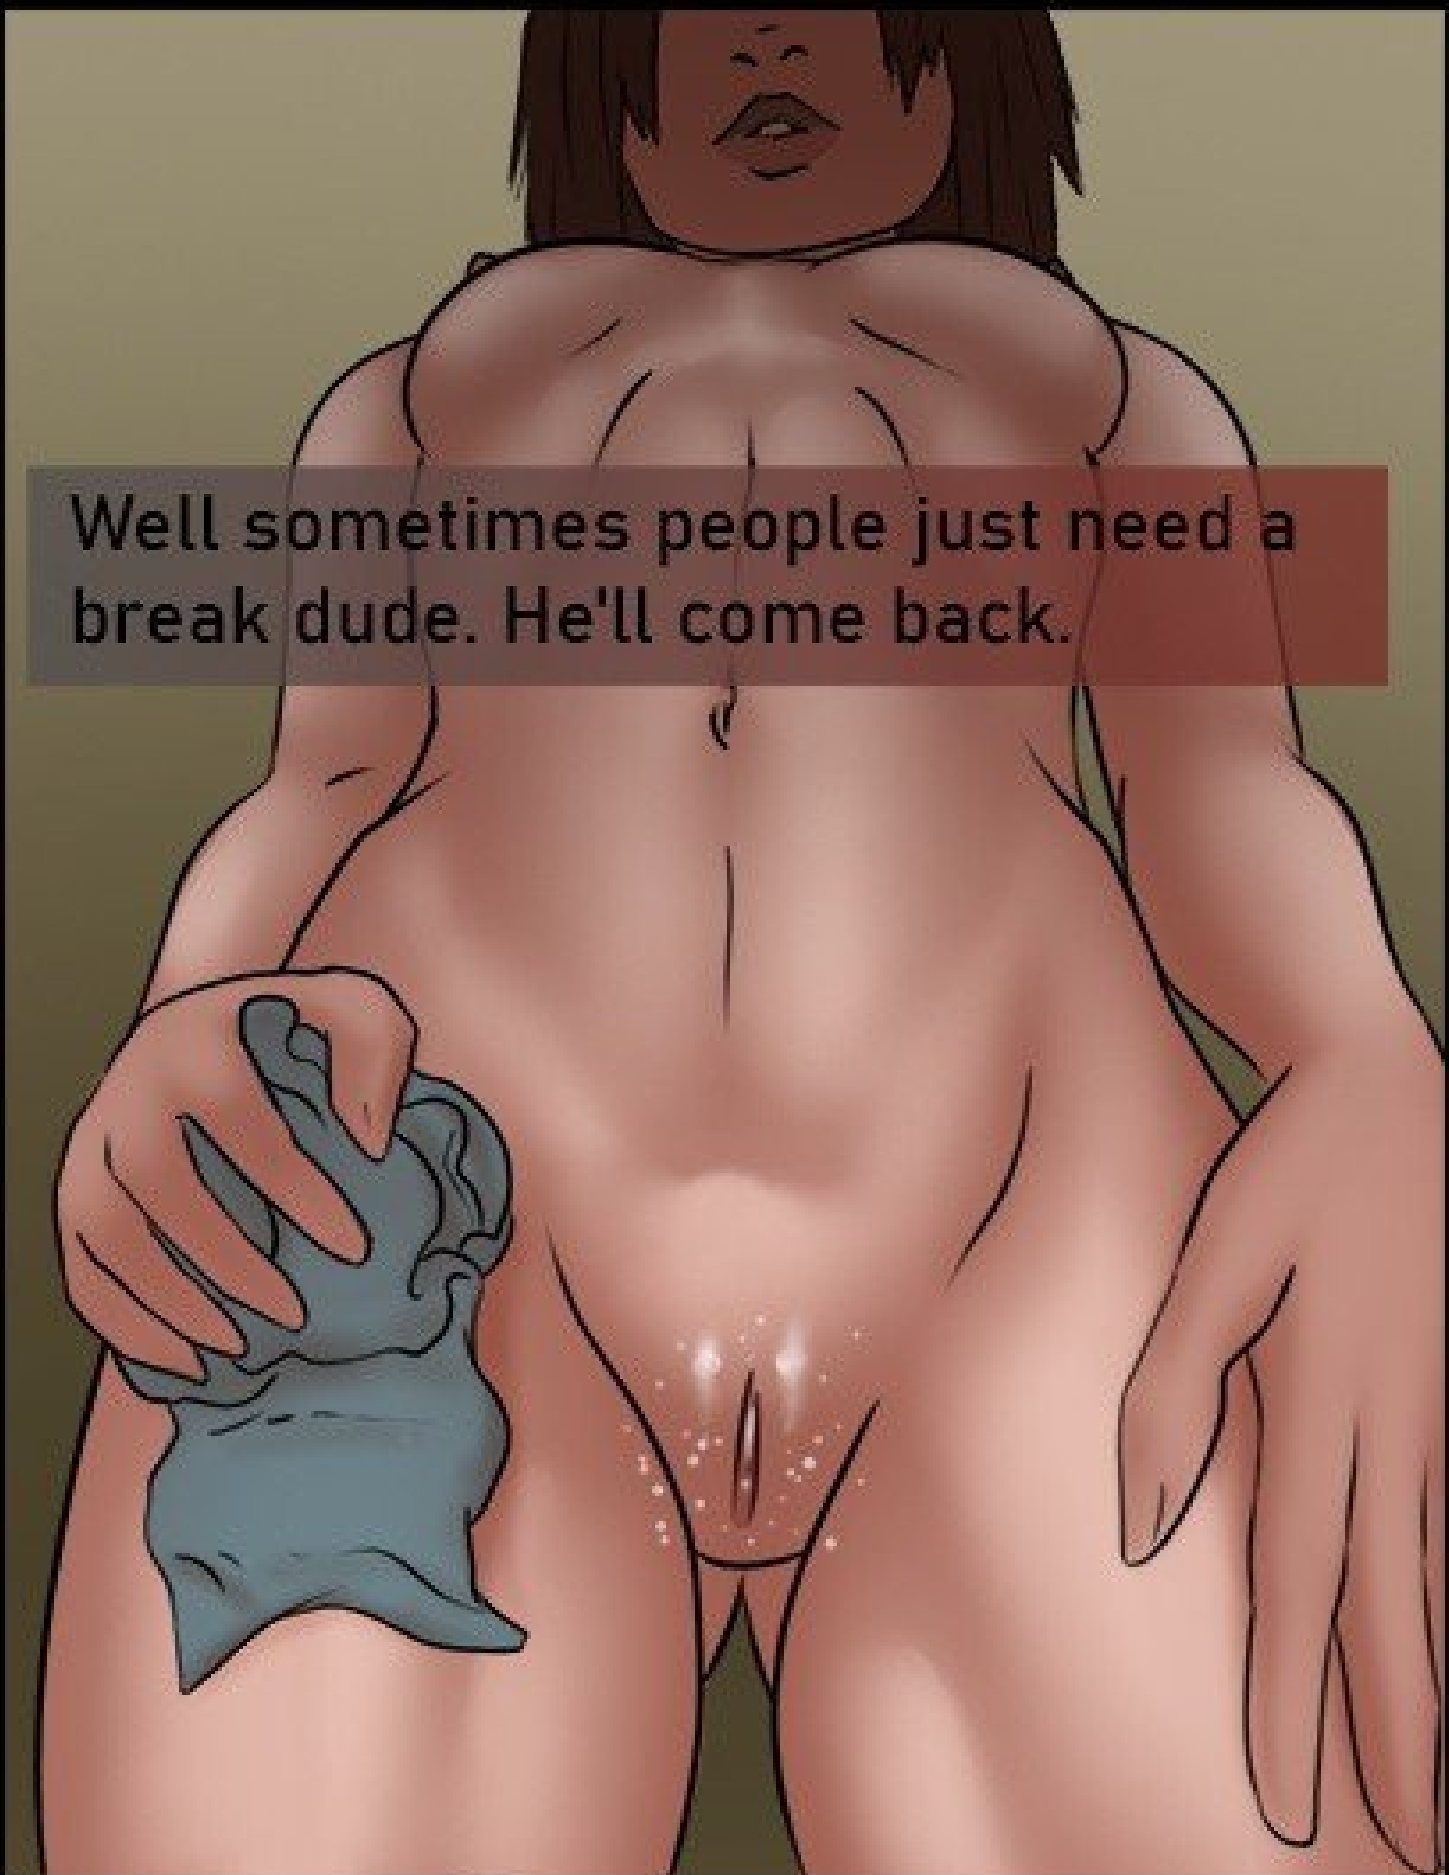

but he never showed and hasn't answered my texts.

Maybe he got hit by a bus? lol

Yeah that would be funny until we find out its true!!!

Nah we would have heard from Casse and hes still liking shitty memes on twitter so he's fine. He's just not responding.

Well sometimes people just need a break dude. He'll come back.

Not if aliens abducted him he wont!?

The dude is as chill as it gets.

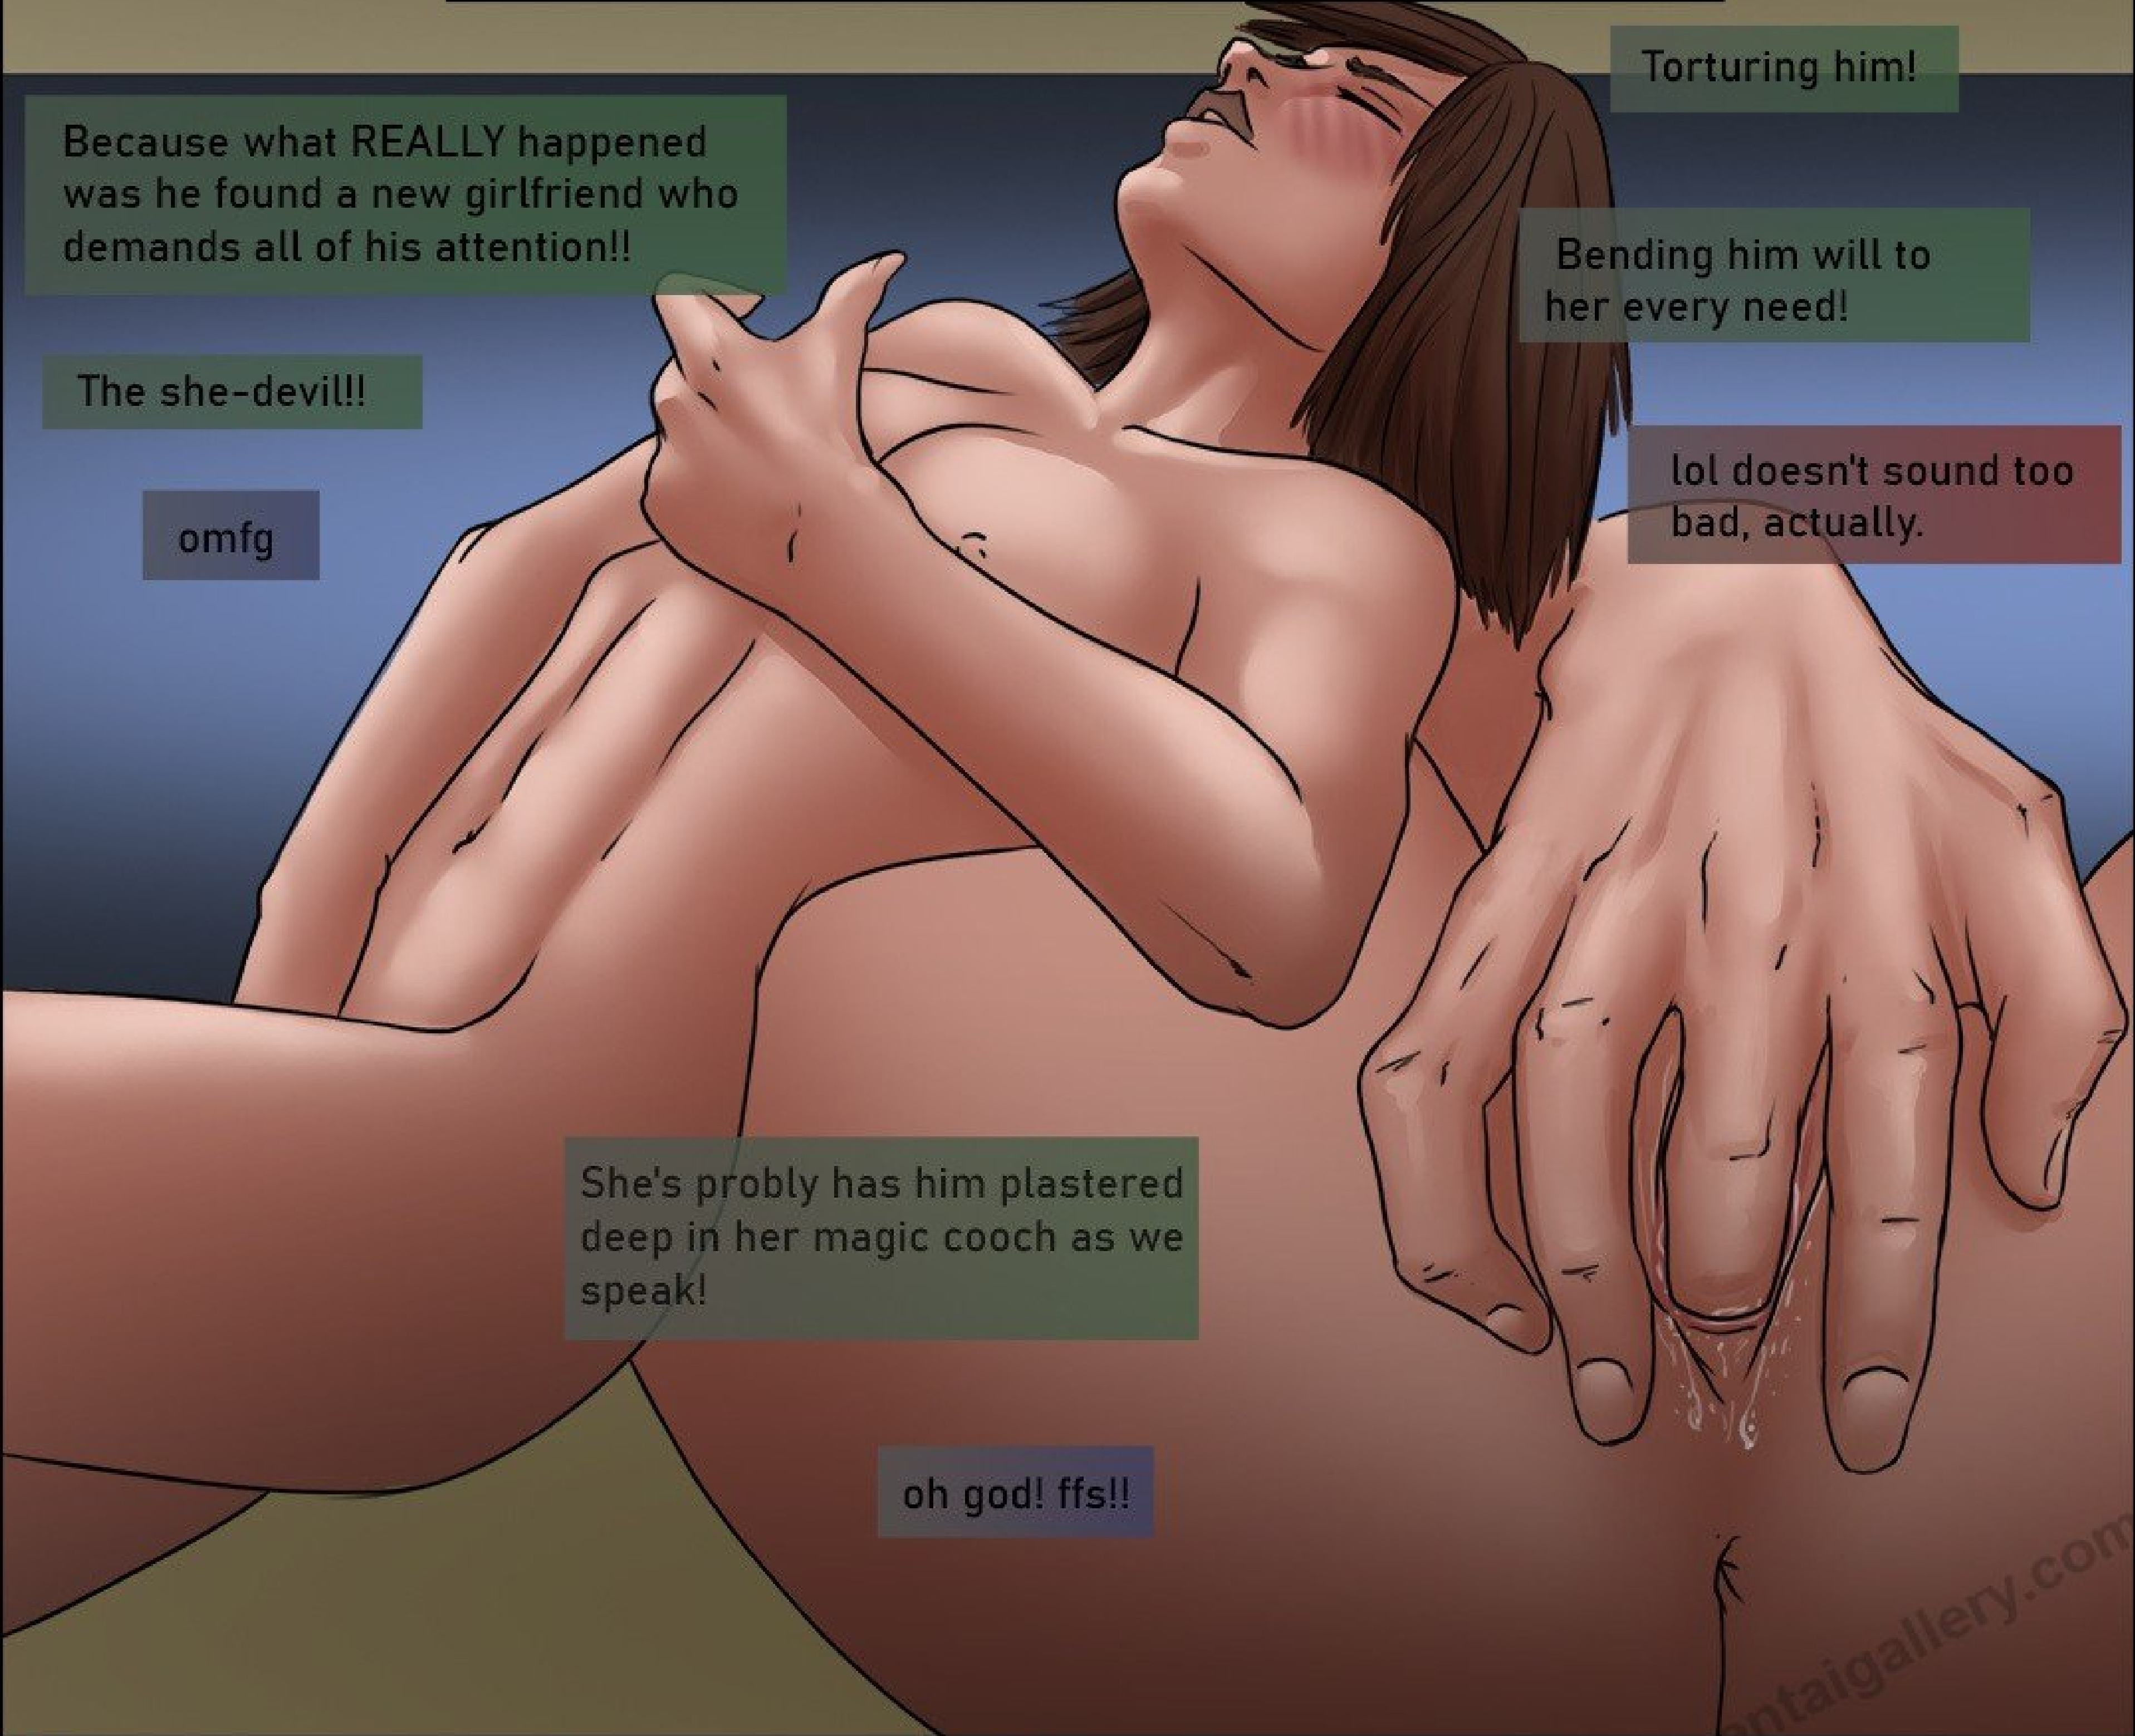

Just let him be for a bit.

He'll be back for next weeks reset.

Because what REALLY happened was he found a new girlfriend who demands all of his attention!!

She's probly has him plastered deep in her magic cooch as we speak!

Then he'll be forced to ask her what she wants for dinner!!

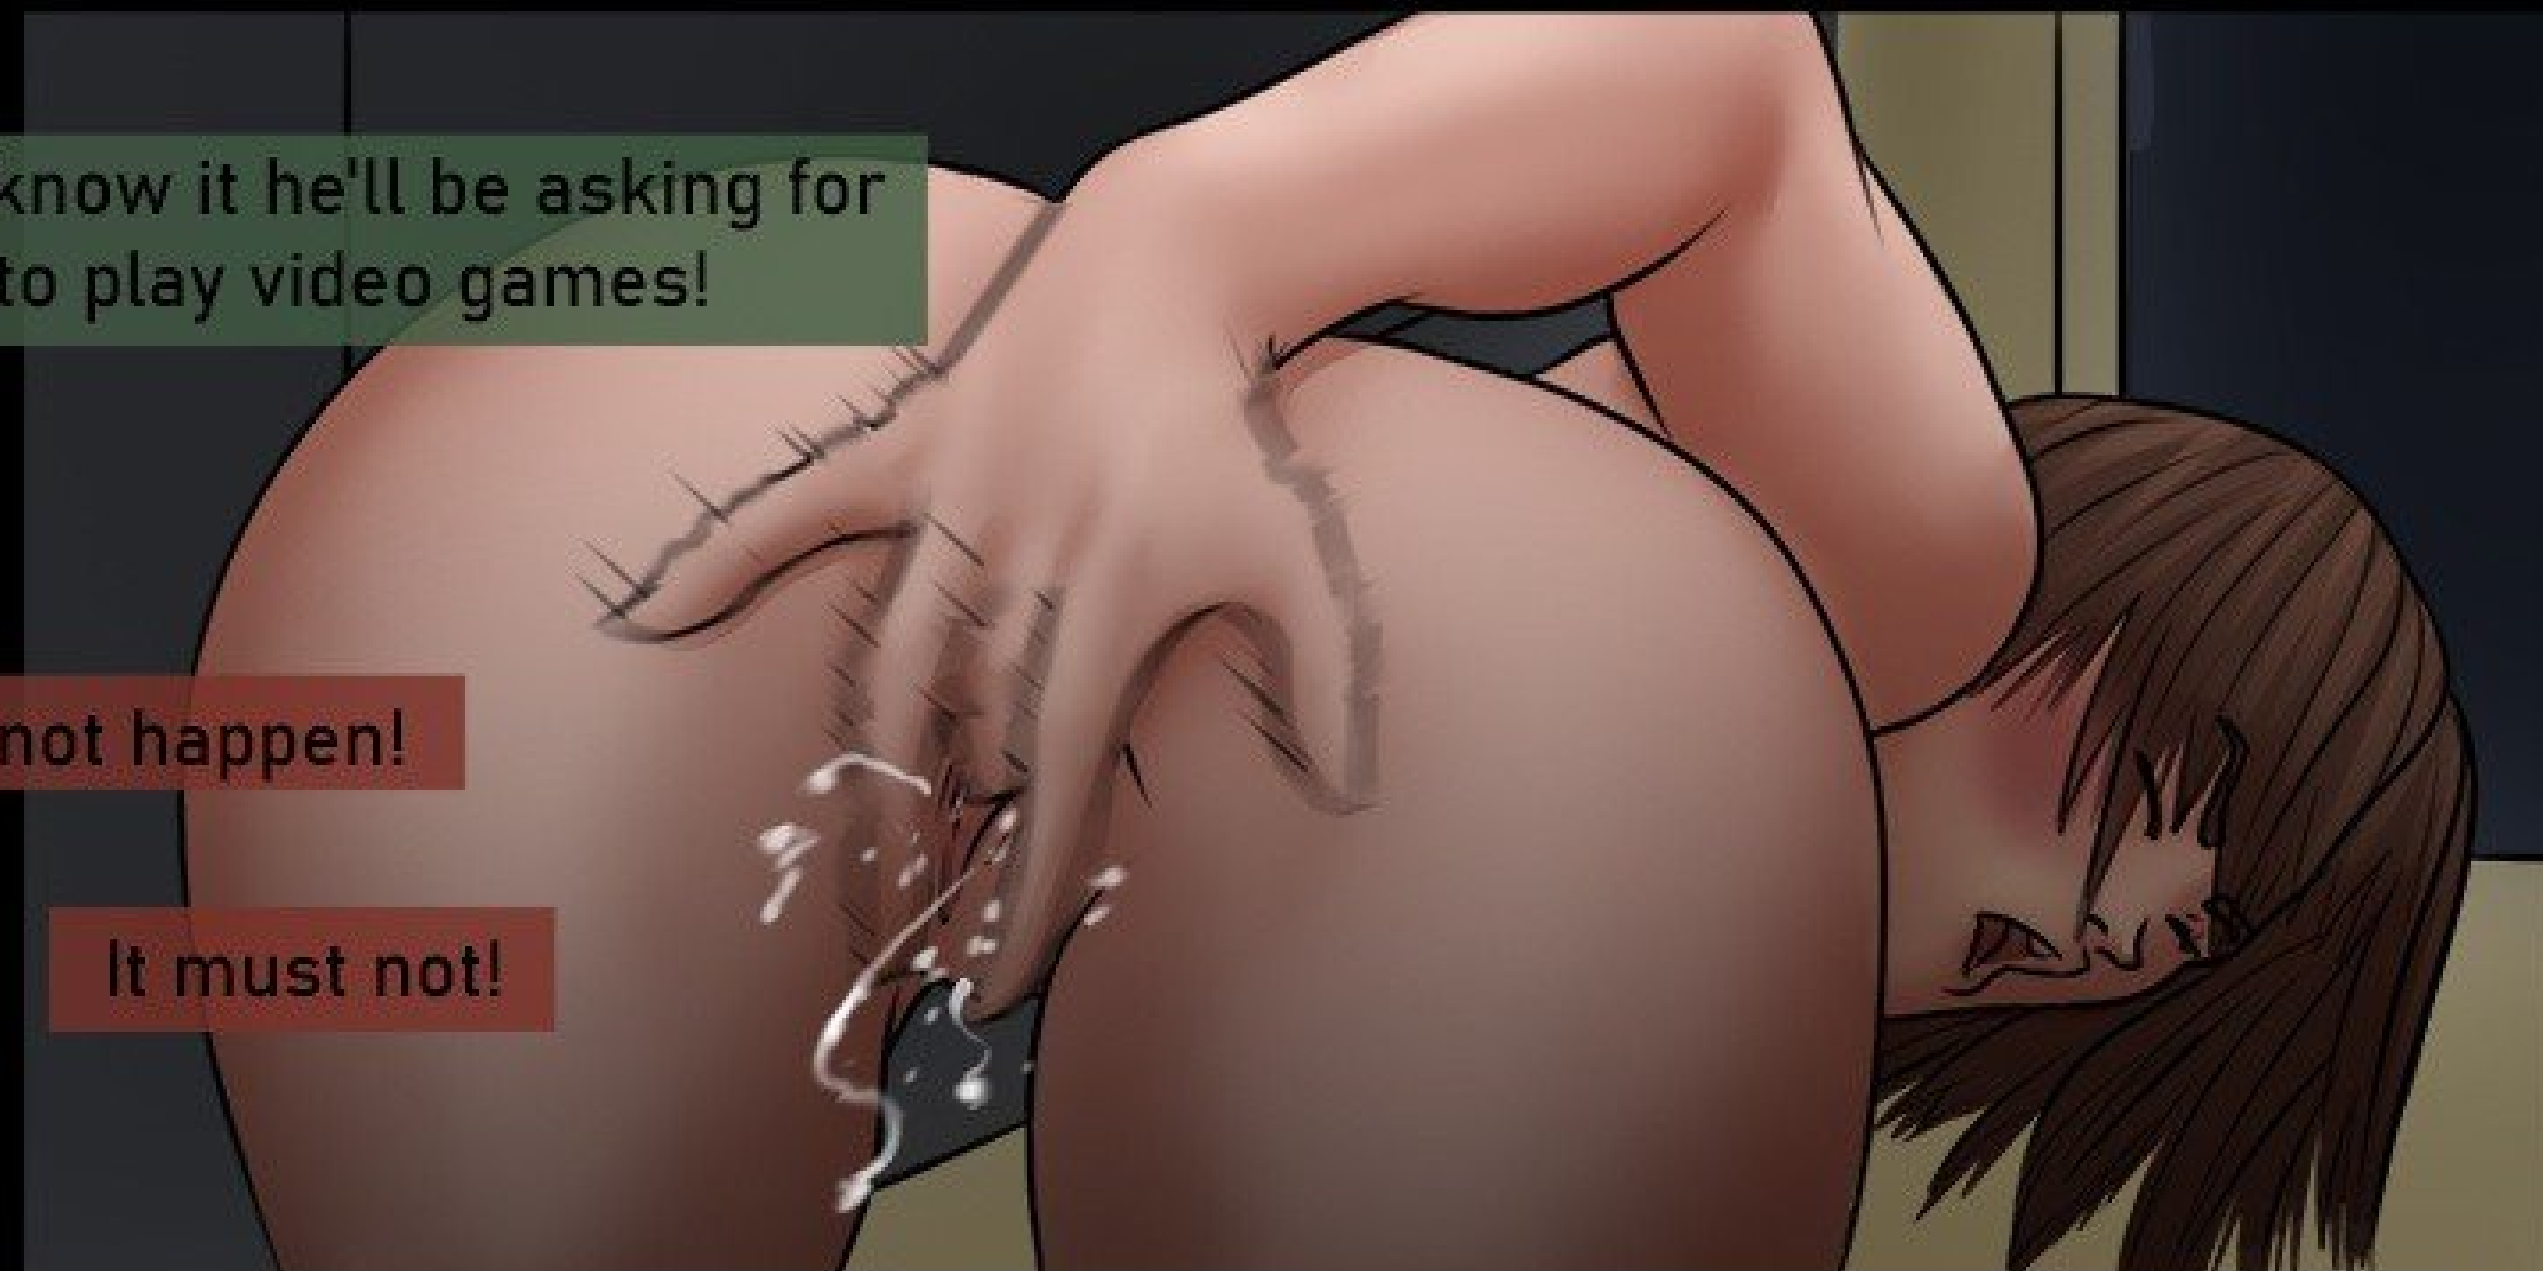

The agony!

And before you know it he'll be asking for her permission to play video games!

sigh

This cannot happen!

It must not!

SPLURT

It's up to us to save him!

Before he drowns in her lustful sorcerous demon folds and is doomed to "settle down."

Never to raid with the boys ever again!!

Light the signal fires!!!

Our crusade begins now!!!

Hazaah!!

WITNESS MEEEEEE!!!

I'm blocking both of you.

Knock
Knock
Knock

sigh

Okay

Here we go!

Sorry I took so long.

My tank was empty,
so I had to fill up on
the way here.

And the cheapest
place for gas right
now is at the state
line so, you know.

... R-right

Gotta spread them pennies
out if Aeron and I are gonna
get our own place.

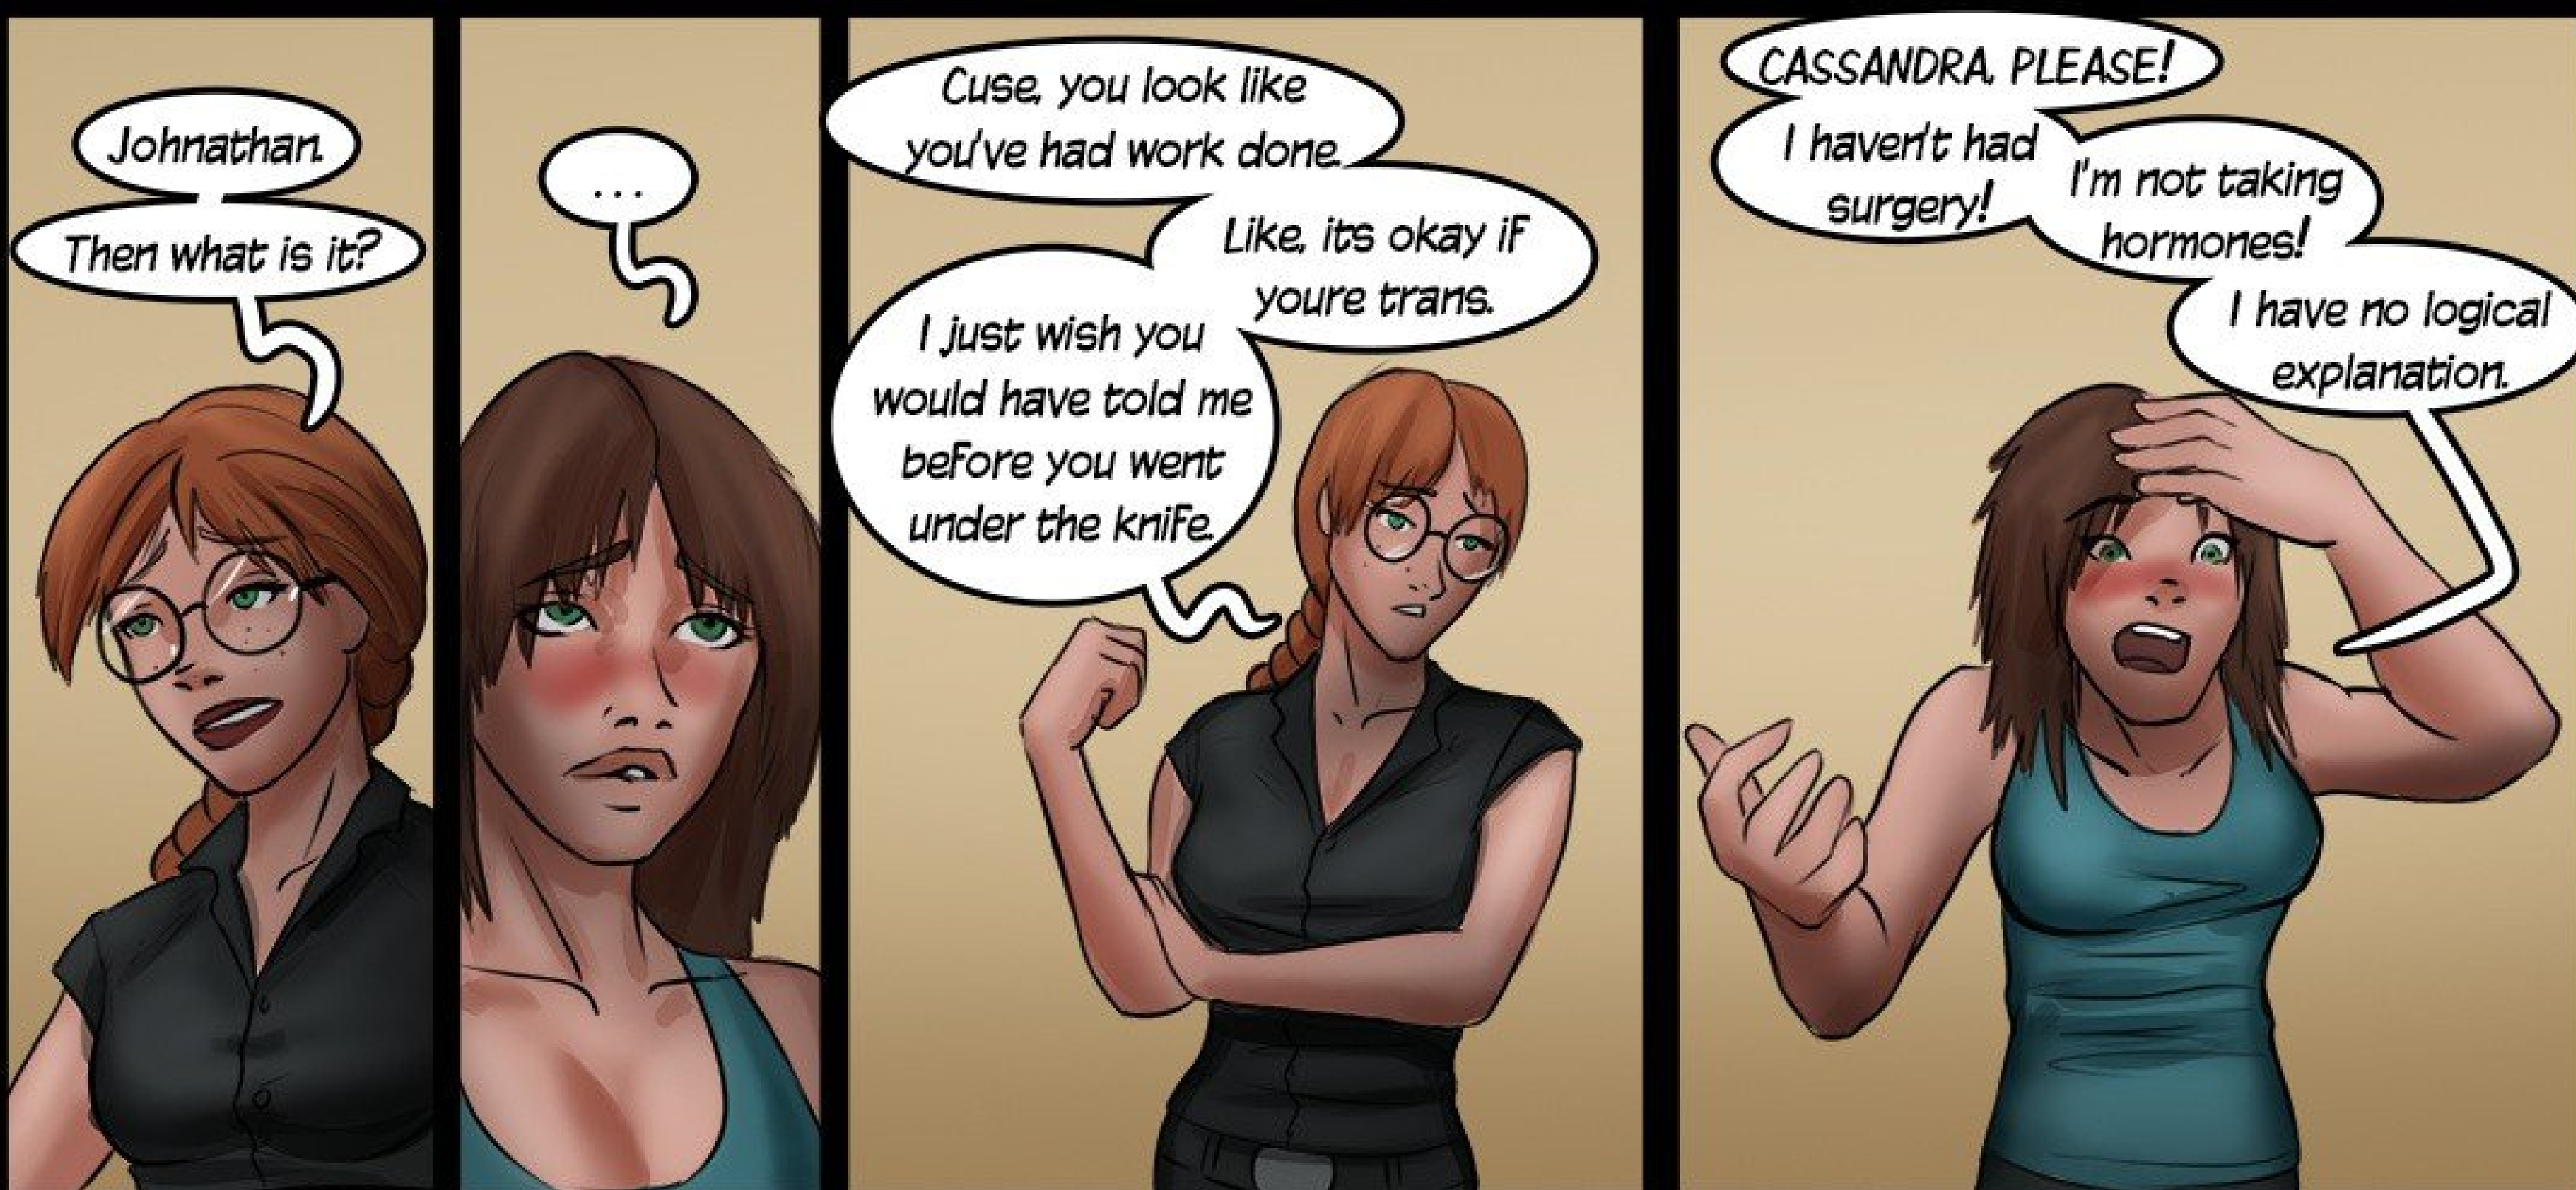

... mmmm

Have you lost weight?

uhh *ahem*

uh ye- yeah

I guess I have.

Johnathan??

Holy shit.

Holy shit!

It really is you!

You believe me?!

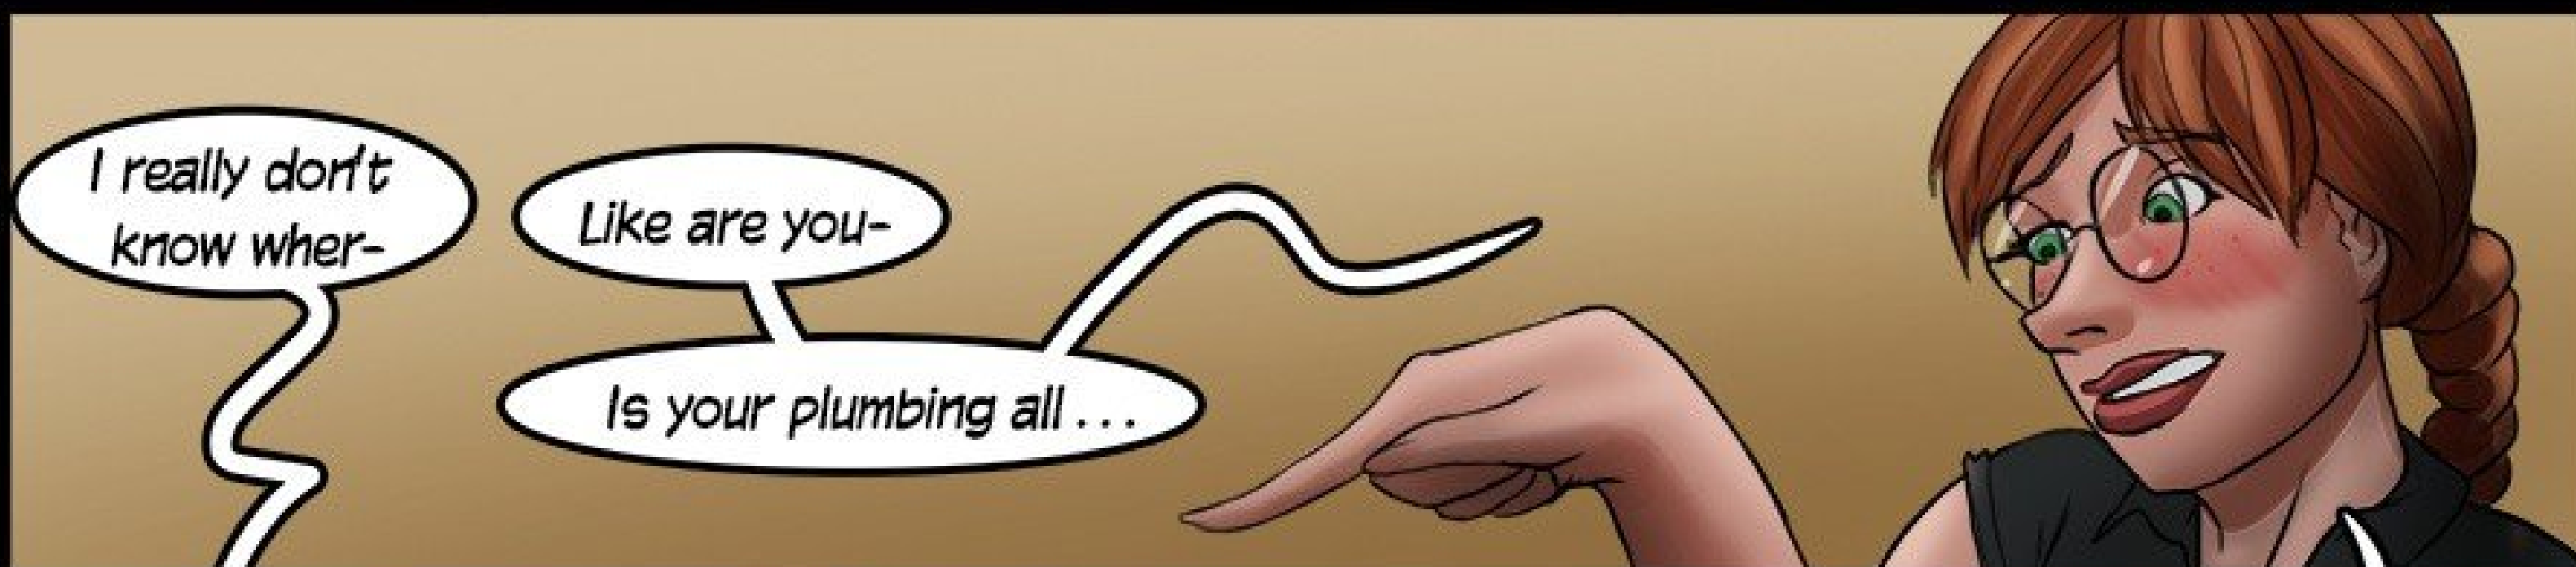

Oh, thank God!

Yeah yeah, okay!!

Just give me a sec to adjust!

What the Fuck happened to you???

I really don't know wher-

Like are you-

Is your plumbing all ...

Yeah. Full-on renovation.

Like .. Functional?

Best I can tell.

I just don't even-
How!?

sigh

I have somewhat of an idea.

Well!?

So, remember last week when you dragged me to that bonfire and I left early?

... yeah?

You and Aeron kinda went off on your own?

Yeah I figured I sorta let you use that nice guy charm to meet new people

Well...

I did.

What!!

And you didn't introduce us?

Casse, you're doing that interrupting thing again.

Right, sorry.

Anyway...

Johnathan.

Why are you here?

Not sure where you belong while everyone around you seems to be on the right track.

Then she came to me.

I know what you are looking for.

I was very much like you, not that long ago.

And now I owe her my very existence.

What you are

You have yet to discover who you are.

What HER plan is for you.

I can help you.

...!

The veil of your mortal body stifles the memories of your immortal soul. Long ago, you met with the Goddess. In your most vulnerable estate.

A small intelligence drifting among other small intelligences.

Out of the vast current of the Well of Souls, she plucked you and saw within your great desire to become more than you are.

And so she granted you the human estate to test the conviction of your soul.

The wondrous estate of the human Form! So many pleasures. So many sensations. And the Freedom to experience them all.

But you are not free, are you?

Uhhh...
I...

You've always felt out of place in life, but you cannot put your finger on it.

Something compels you to be more than you naturally are. That compulsion, that obstacle is Her prosecution of your soul.

Ehh... what should I do?

Follow her call and the call of your true self.

The self that so faithfully exclaimed "YES, Mistress" to her plan so very long ago.

Prove to her you deserve her ultimate gift of endless ecstasy.

Give up your freedom become her most devoted servant.

And all your worries will wash away.

Ooomm -

Uhng! Yes.

I will.

Then take up her ordinance as I did!

Feel Her hand awaken your true Form. May your soul remember.

Learn the Female Form in this estate ripe with ecstasy.

The Goddess orchestrates the lesser estates to populate our estate with pleasures unimaginable.

Crowning us with Her eternal glory.

But you and I, She has set us apart. We are blessed to wade through all this estate has to offer!

As Men, we experience the patriarchal role of power and authority over the estates.

As Women, we become mothers and governesses of every being in those estates.

The ascending estate of the succubus is the Matron Saint of the entire universe and the lust for life within.

But WE are First born Flawed humans and must prove ourselves of becoming Her Succubi.

Your journey has begun.

My Mistress claims your manhood as an offering to the Goddess.

Come to the Pleasure Throne of Matriarch Meddia to offer it yourself and claim your right to ascend.

If you do not, then you Forfeit your human estate to the Well of Souls.

I'm sure many other small beings would jump at the chance to ascend.

Mahahahaha!!!

And that's the story of
how a blue woman ran
away with my dick

...

That's insane!

A blue horned woman just walked
outta the fire, KISSED you and gave
you bigger tits than me?

Someone must have slipped you
some bad Molly or something
because that can't be real.

I don't know.
These feel pretty
real to me!

Hehe!!

Johnathan, this
isn't funny!

Someone clearly
drugged you!

It's the only real
explanation here.

An- and you dreamed that all up
while they did some Fucked up
psychotic prank

It's the only thing that
makes sense!

Ugh! So you're just gonna let this happen?

Sit there and play with your new toys?

I mean sure I guess we'll just see how real it is when the juices start flowing.

Because I sure as hell am not showing my brother how to work a tampon.

...

Fine.

What do you suggest?

Hypnotherapy.

What???

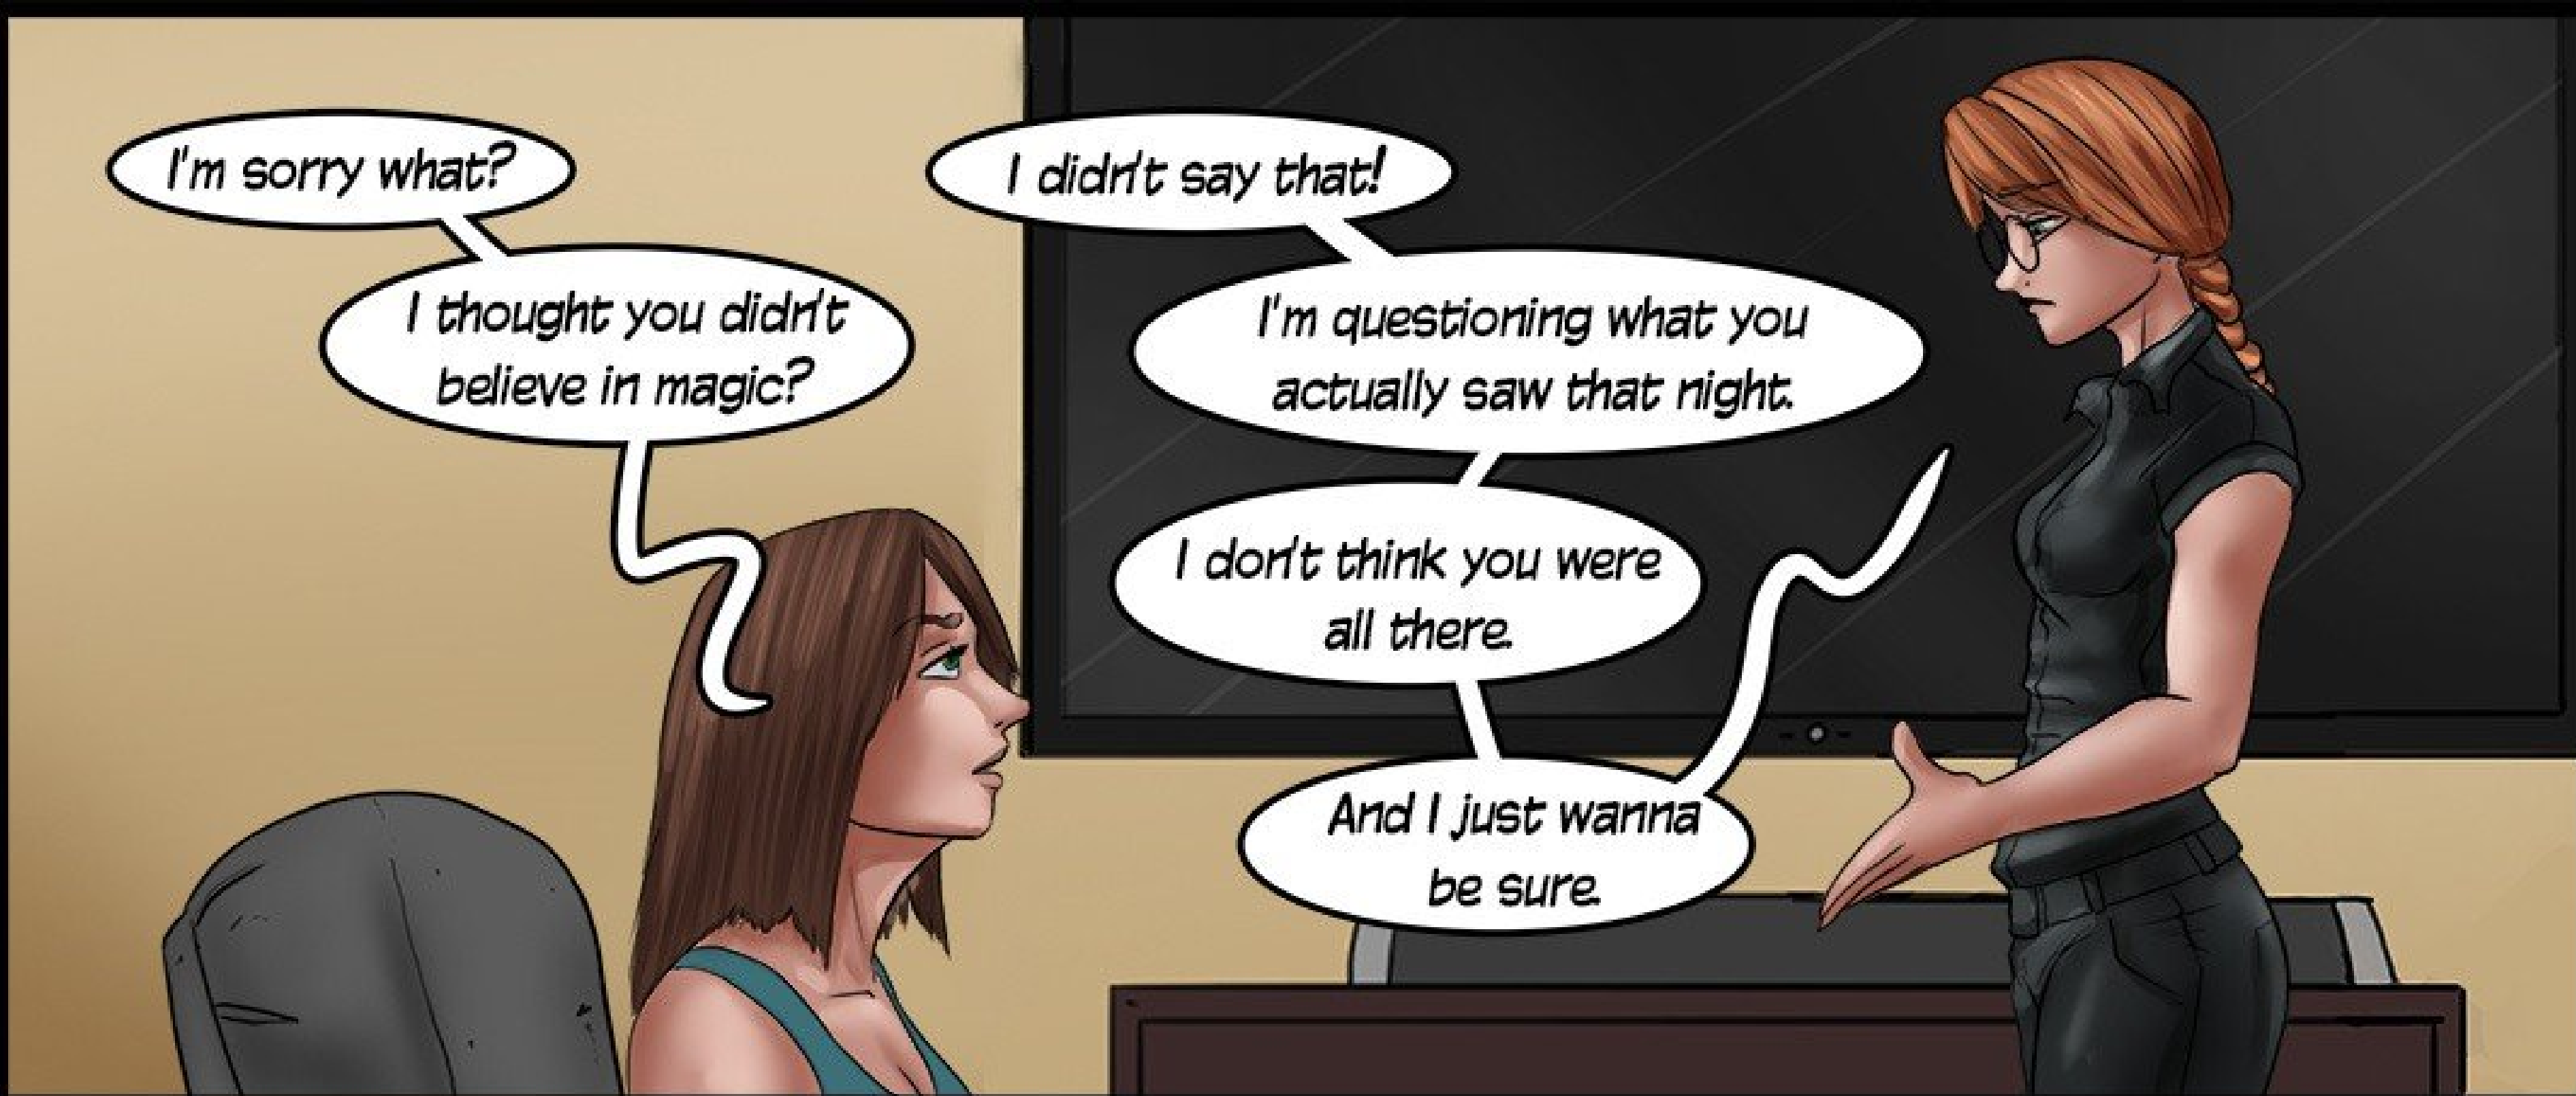

We need to figure out what really happened that night.

I know a hypnotist. He's really good.

He was the hypnotist at our grad night. He's helped Aeron with his smoking.

And if this really is what you say, he has other services that could possibly help.

AH!

As will be your Fate if
you do not reclaim it.

MUH!

SMCH!

OOHM!

AH!

MMM

AH!

MMM

OOM!

OOM!

Come and meet your Future
with your Goddess.

MUH!

MMM

MUH!

Or Face oblivion!

OOHM!
