

STELLAR

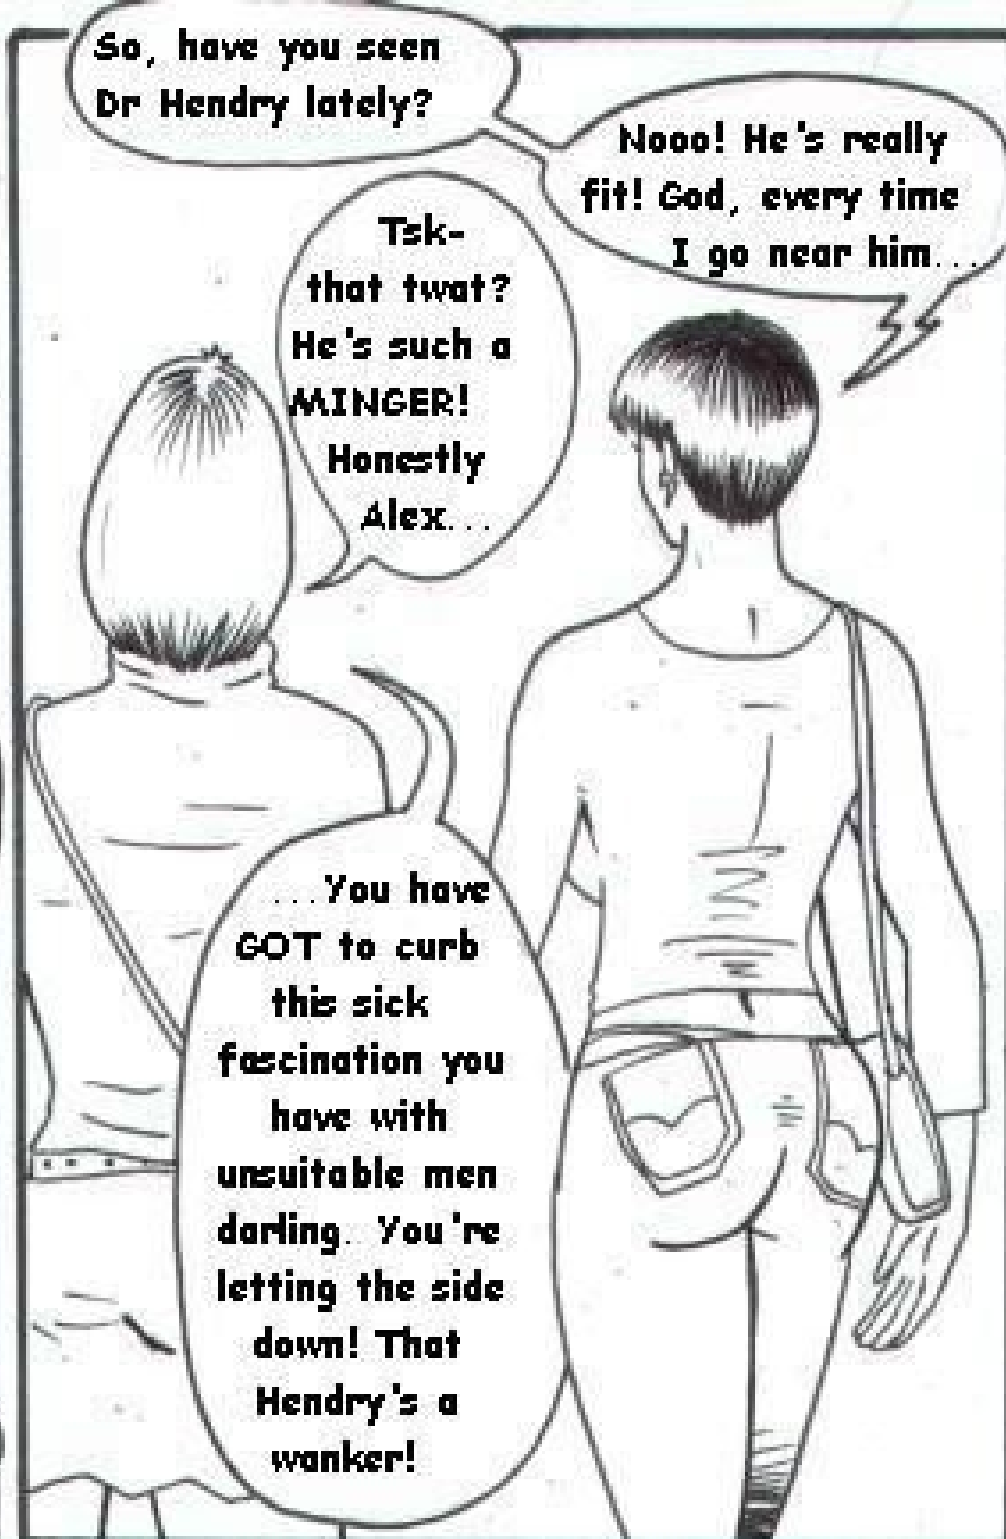

IT'S HAPPENING
AGAIN! I'M CHANGING...
BECOMING...
HER!!

STELLAR

NIGHT (AND DAY) OF THE

The city of Colchester, home to 20 year old student nurses Alex Wheeler and Jasmine Vear. In every respect they are typical young women, passing the time chatting as they embark on a saturday morning shopping spree. They talk of work, television, recent sexual conquests- banal subjects to ease their minds of the pressures facing trainee auxiliaries. But for one of this delectable duo, the trip is a relief from a far greater responsibility. Inside this woman dwells an awesome POWER...

The source of the disturbance lies outside Golchester Natural History Museum...

**GANGWAY
BABY!**

Thats right little humans-
FLEE!

The
**STAR OF
PENDRAGON**
belongs to
ME now!

Ahem

S'cuse me love...

But I think
WE might have
something to say
about that!

The police.
How... quaint!

Meanwhile, in a fashionable boutique just a few streets away from our foxy felon...

Oooh...my boobs and tummy are **TINGLING!**
But that would mean...

Oh NO!
Don't let it happen right NOW! Gotta find a hiding place FAST...

No-one must see...no-one must **KNOW!**

Hi!
Uhhm, oh!
This looks nice!
W-where can I try this on?

Changing room's over there in the...

Ah, you've found it.

Cheers!

Need any help?

GASPI!

uuhh...

Hey!
What're you up to in there anyway luv?

Meh?

Within the fitting booth, the student nurse feels the incredible power of the awesome secret she keeps beginning to build inside her!

**AAAHHH...
OOOHHH!**

Alex's already big, round breasts suddenly begin to swell and expand. Then, her whole body starts to **GROW**...

As her height increases, muscles expand, attaining superhuman size and strength.

RRIP!

SHRIP!

Unable to hold her enlargening form, Alex's clothes burst apart as her skin and hair also change their hue...

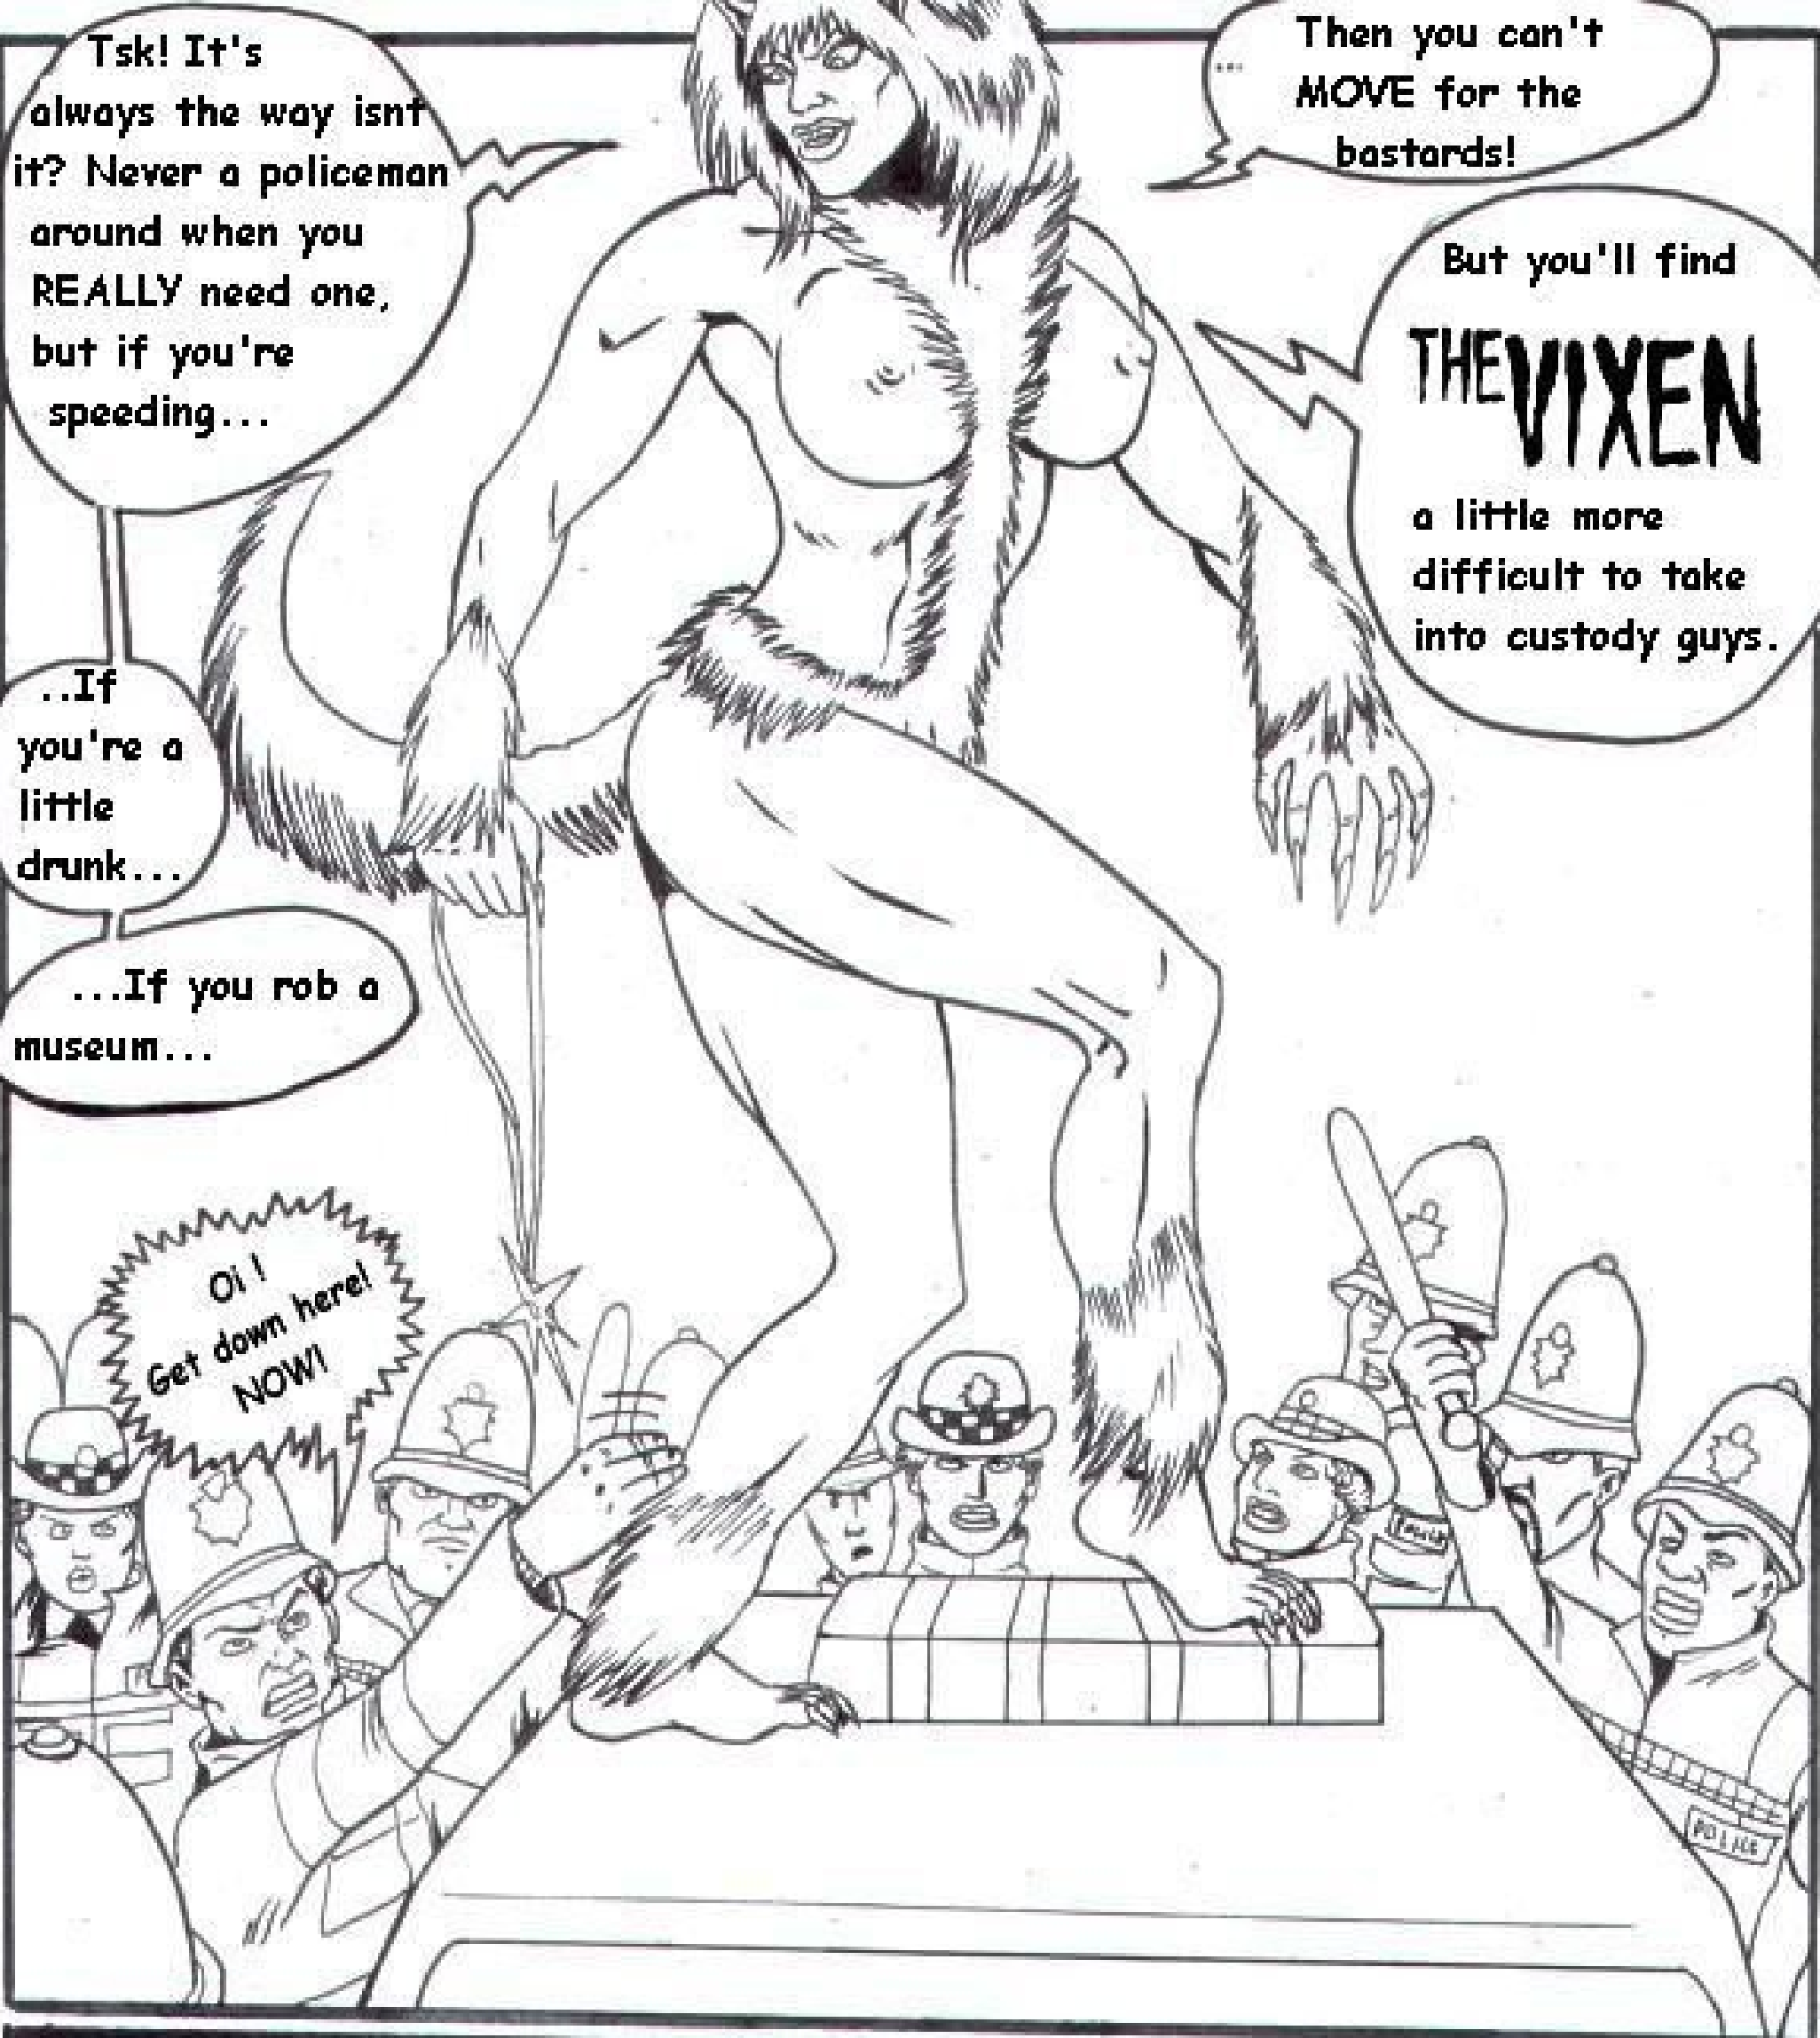

Right, what's going-
HOLY SHIT!!

EHK

RRRIIP!

The shop assistant, impatient with his strange customer, recieves a startling surprise!

Why don't you take a picture- IT'LL LAST LONGER!

Tsk! It's
always the way isn't
it? Never a policeman
around when you
REALLY need one,
but if you're
speeding...

Then you can't
MOVE for the
bastards!

But you'll find
THE VIXEN
a little more
difficult to take
into custody guys.

..If
you're a
little
drunk...

...If you rob a
museum...

Oi!
Get down here!
NOW!

NEVER.

TOUCH.

THE
MERCHANDISE.

Remember that-
when you wake in
HOSPITAL!

By the way guys,
isn't it about time
you got Alexander
McQueen or
someone to redesign
your uniforms?

It's a little difficult
to take a bunch of guys
in NODDY HATS
seriously y'know.

Says the girl in the FUR COAT. Fur's for retards darling.

Oh, what this then, bloody-

Hardly.

Myhentagallery.com

Oh, what's this then, bloody-

Charles Bronson?

The name's
STELLAR my
lovely!

You may have heard of me from my numerous
appearances in the tabloids! Not to mention also
the many unofficial websites I have...

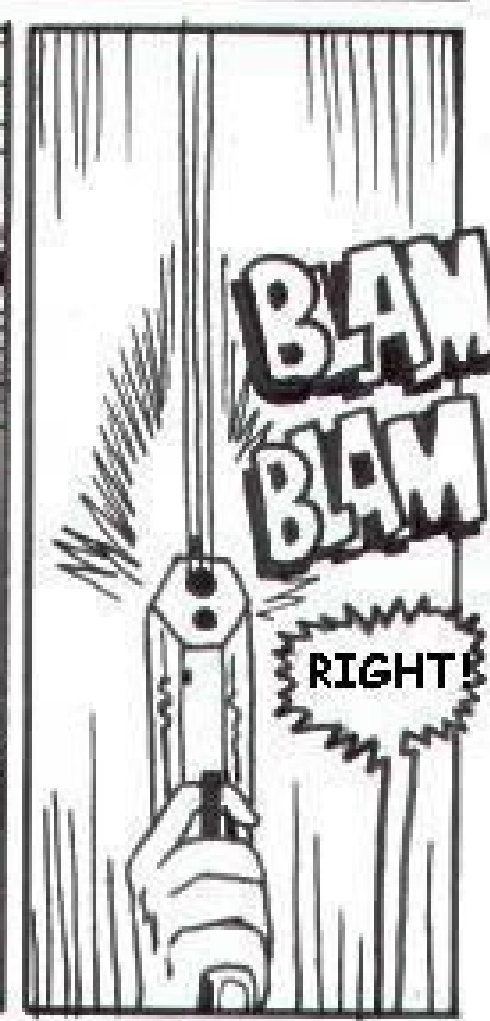

HUH?- Hey!
How'd you flip me
over so fast!

Powerful though she may be, Stellar has
reckoned without the lightening quick
reflexes of her foe!

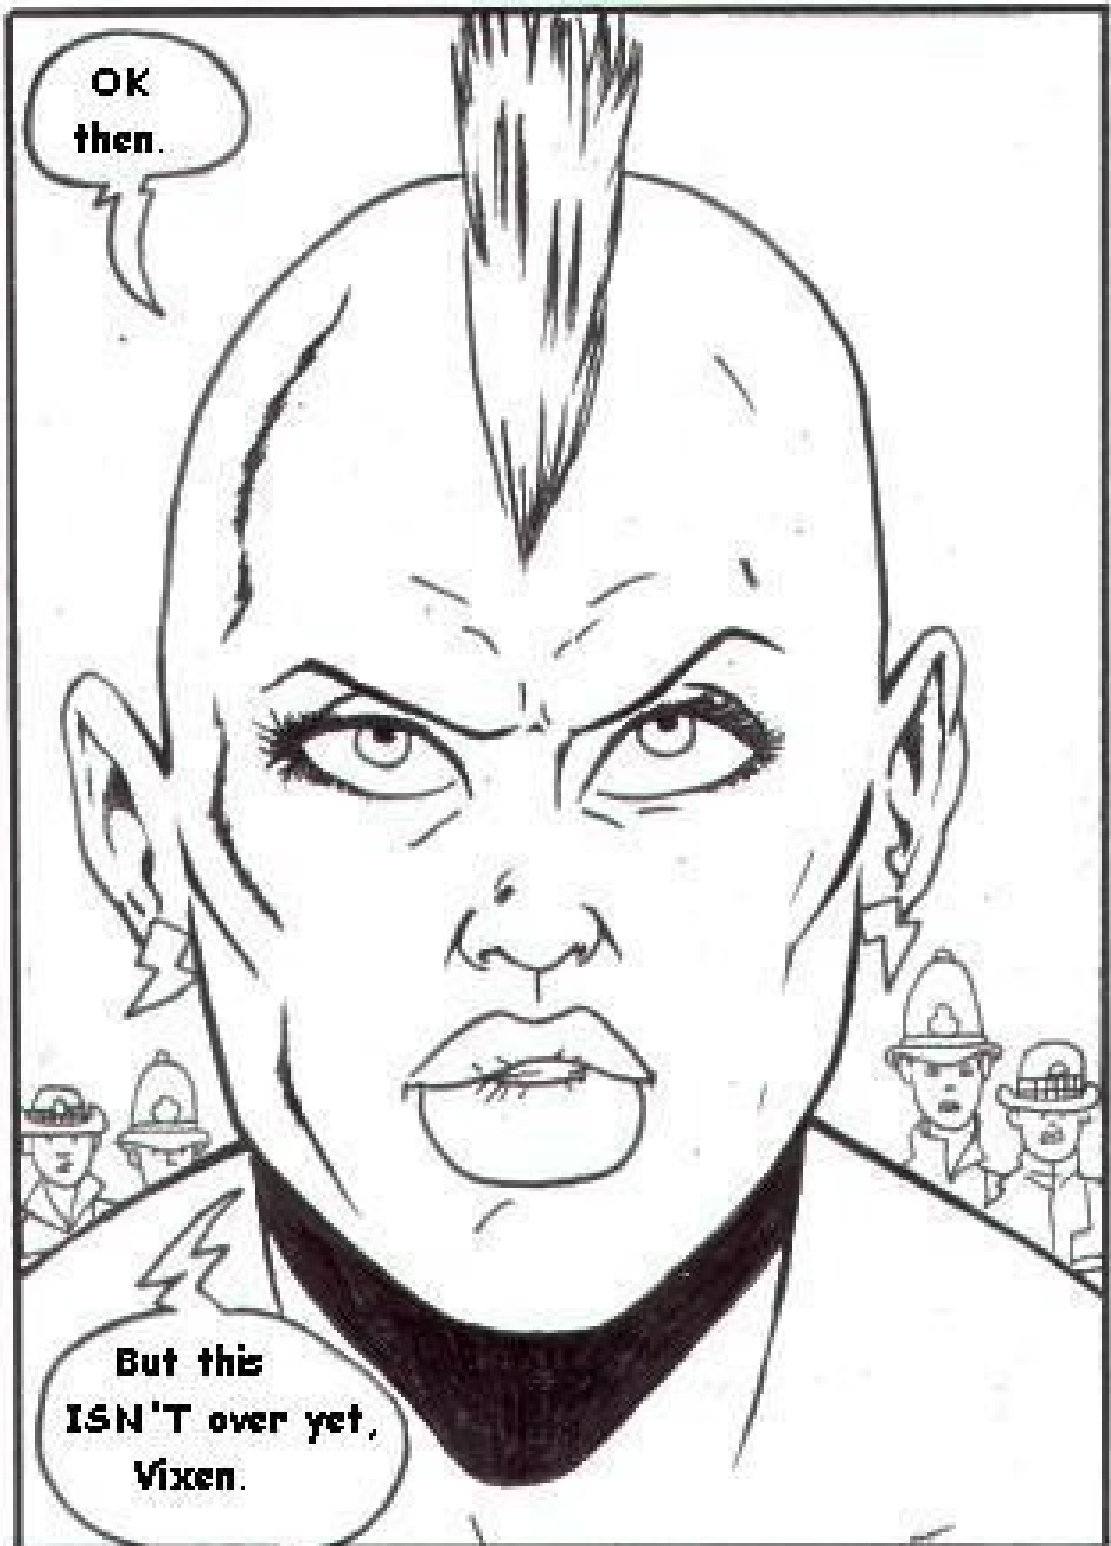

Surprised? I may not possess
your hulking strength but as you
can clearly see, my agility
greatly outmatches yours!

... And don't think that YOU'VE got off lightly either sweetheart, I'm gonna-hey! she's bugged off!

OK then.

But this ISN'T over yet, Vixen.

Meanwhile, as the Vixen makes good her escape...

Ohhh... feeling weird...

Oh no-not NOW!

Without the moon, I'm never at full power! I'm changing back...

Lucky my clothes are still stashed nearby

Here you go mate.

Jesus! Mind out love, that thing's priceless!

sorry.

Cheers. Now, um...

...I now have to inform you that I am placing you under arrest.

Helpless with mirth at the unlucky officer, no-one notices an new, angry onlooker ...

Shit! Shitshitshit! Stellar really screwed things up - my client's gonna be in a right piss now!

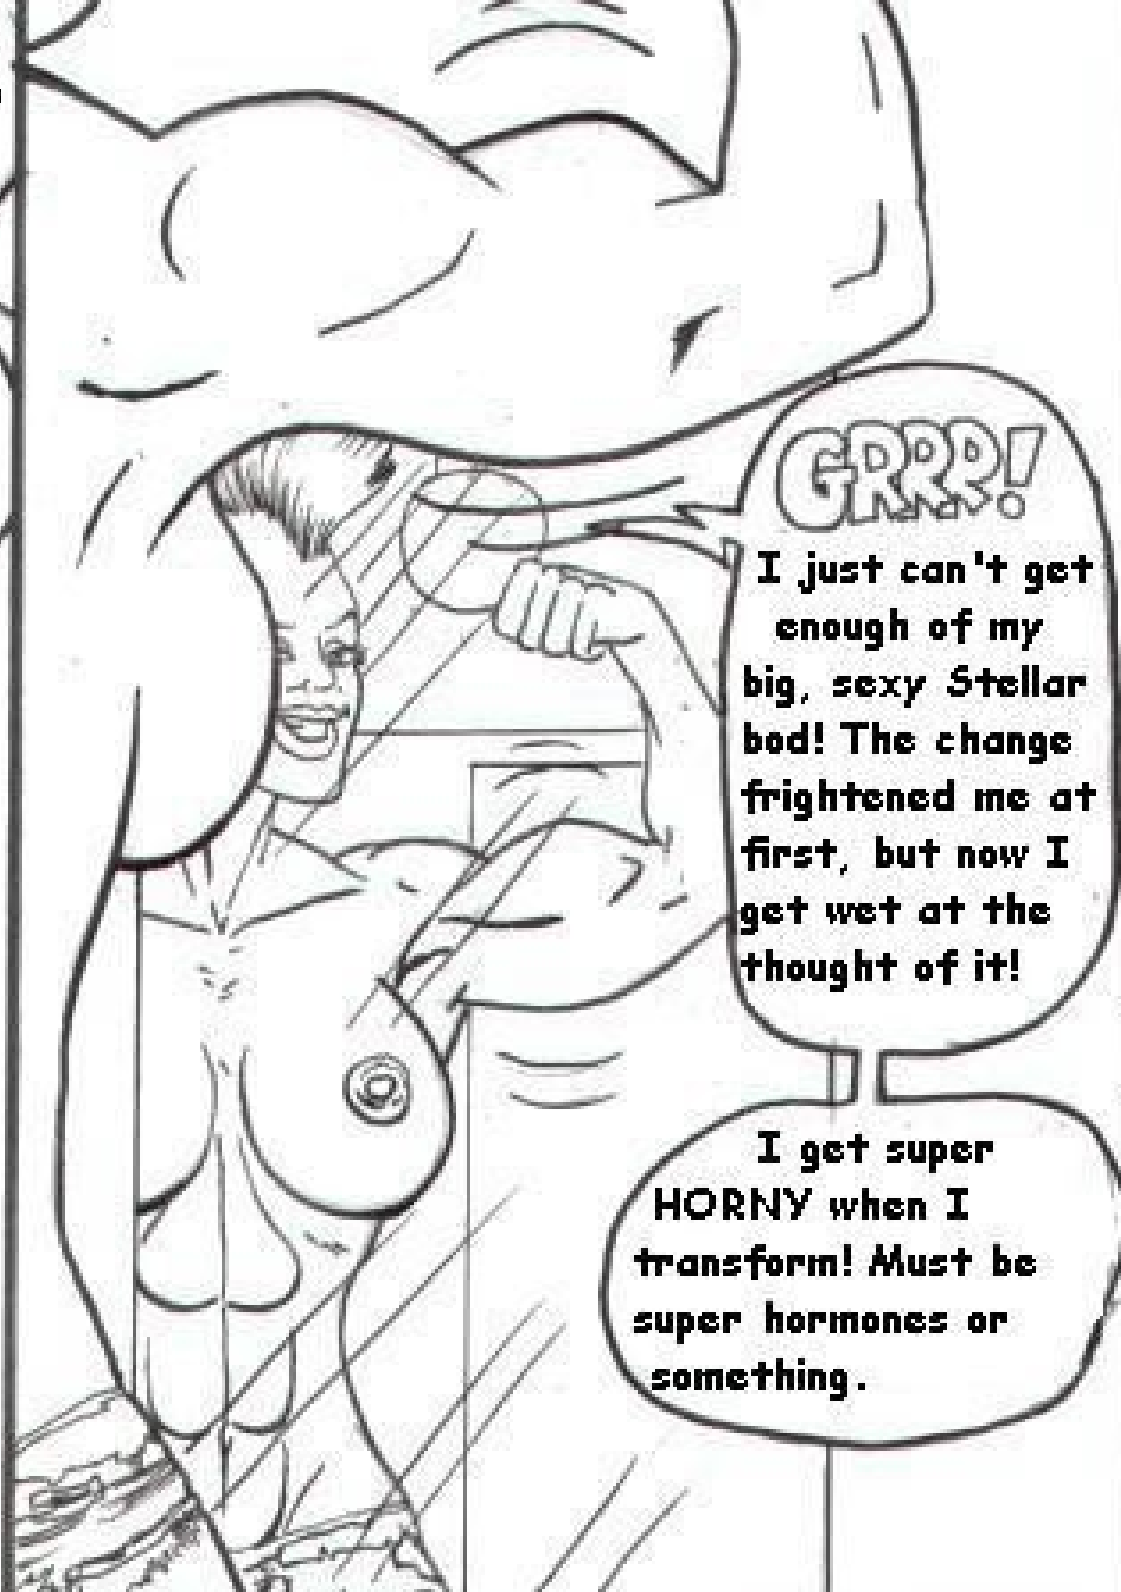

As the sun sets and the shadows gather, Stellar sets down at the student digs of her alter ego Alex Wheeler.

Looks like Jasmine's not in, so I'm free to spend a little more time like this!

A shower would be pretty lush right now!

GRRR!

I just can't get enough of my big, sexy Stellar bod! The change frightened me at first, but now I get wet at the thought of it!

I get super **HORNY** when I transform! Must be super hormones or something.

Sigh...it's so hard to satisfy these...urges.

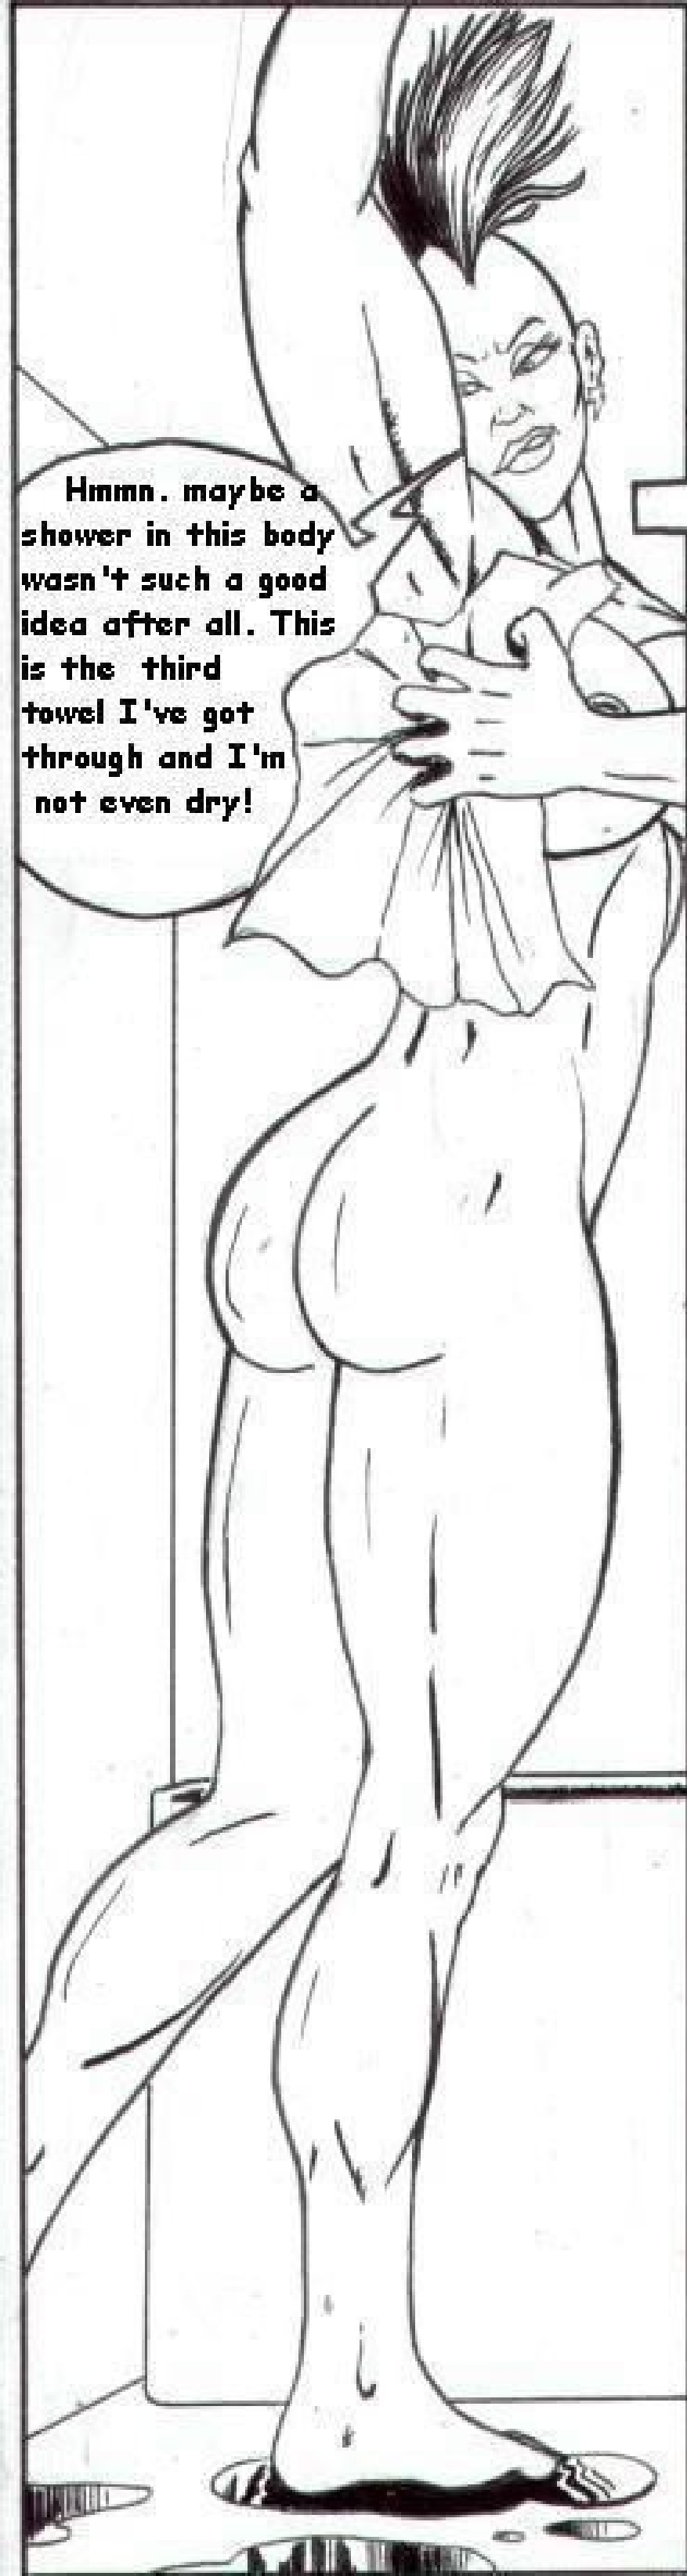

I buy the biggest, hardest dildos I can find, but the muscles in my pussy are so bloody powerful I just end up snapping them in half when I get worked up!

I can't think of any men out there who wouldn't be **KILLED** trying to have sex with me!

I guess it's just as well that getting laid isn't such a big deal for my human alter ego! But now I have these powers...it's not enough!

www.tentagallery.com

Hmmn. maybe a shower in this body wasn't such a good idea after all. This is the third towel I've got through and I'm not even dry!

What?! NO!
Look Mom, I don't want to go with you ANYWHERE, not ever!

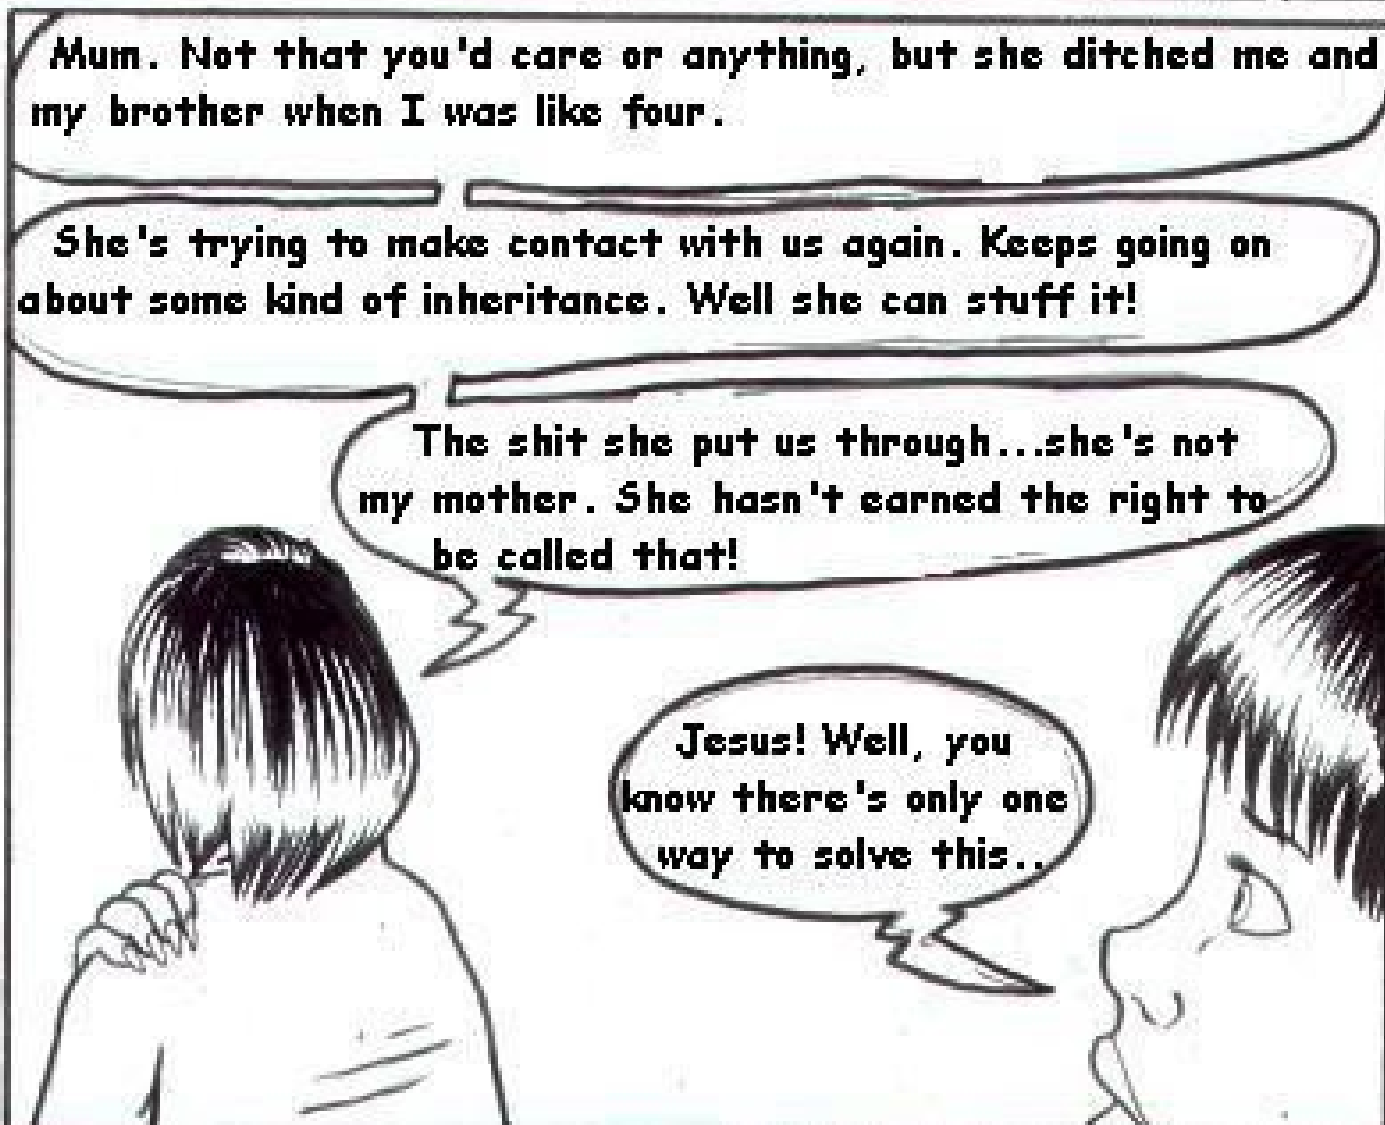

Uh oh-
Jasmine's home!
I'd better change back...

Sitting down on the bath, Stellar lets out a long sigh. A strange feeling washes over her...

Suddenly she starts to shrink, her mighty body shifting and changing...

Thus, Nurse Alex Wheeler feels the superhuman power of Stellar recede inside her buxom body. Gone, until she requires them once more...

Later that evening, at the Golchester docklands...

You're late.

Mmmn, but I'm worth the wait honey. I'm afraid I didn't manage to retrieve your trinket. I'd just pinched it when I came across a problem.

STELLAR. She jumped me just as I was making my exit from the museum. I managed to beat her off, but I dropped the pendant during my escape.

You might have thought to warn me about that bitch. I want paying for my time.

I think not. We agreed on a settlement when I had the Star in my grasp. The initial fee for your hire was more than generous. However, you have performed a useful service in drawing out Stellar...

Cut to the chase mate. It's the full moon and my senses are shrieking at me to go find something to kill.

can you find Stellar?

Right now, I could sniff her out at the bottom of a sewer.

Excellent! Your task is this: Track down the one you call Stellar, detain her, and wait for my arrival.

Listen mate,
I don't have
time to piss
around with
you. I'm a
busy
Lycanthrope
and this
little meeting
of ours is
making me
late for
another
client as it
is!

Very well. You
shall earn **TRIPLE**
your usual rate for
bringing me Stellar. No
one in this wretched
backwater will
seriously consider paying
you half as much -and
you know it. Besides,
don't you want revenge?
The fearsome reputation
of the Vixen is in
hazard so long as it is
known that Stellar
can defeat you. That's
something you can ill
afford in your line
of work...

Way to a girl's heart-through her ego.
I'll do it...

Good!

...But
not tonight.

**WHAT? NONE
MAY DEFY ME!
YOU WILL DO
MY BIDDING!**

Tough
titty for you
then.

Insolent whelp!
Her greed shall be
her undoing. And it
will be such an
undoing- I will see to
that!

But as for you 'Stellar'
it seems that my web is
finally weaving itself around
you! Soon you shall
understand the error of your
ways, flouting your power
before these savages and
calling yourself 'hero'.
Would that they knew...
the TRUTH!

Perhaps you should have
run further, found a
darker, more wretched
hole to hide in! Perhaps...
**BUT STILL I WOULD
HAVE FOUND YOU!**

I'm
COMING
for you
Stellar....

OO-ER MISSUS!

**END OF PART
ONE...**
