

Maybelle: Like I'm so glad that we could finally talk to one another, I-I know you didn't mean anything by that day and... Me and Derek, we shouldn't have pushed you...

Lucy: R-Riiight.....

Door Unlocking

Derek: Hey, you wouldn't believe what I saw, there's this insanely buff old woman-....IT'S YOU! W-What are you...?!

Maybelle: Derek! Finally, great timing. I invited Lucy because I have something to ask her that could really benefit the both of us.

Lucy: Sup.

Derek: I-I-I don't understand...

Maybelle: It's something that we have both been wanting for a while, sit down. I was really waiting for you before I tell her but now we can get started.

3 Minutes Later...

Maybelle: So what do you say...?

Lucy: Hmmmm...

Derek: WHAT?!

Derek: M-MAY, YOU CAN'T BE
SERIOUS...?!

Maybelle: And why the hell not...! You know how
much it means to me, we've already established
that you can't provide that for me so why not...?!

Derek: B-But her...?! And her
thing....?! It'll h-hurt
you...?!

Maybelle: I don't care! I'll do anything for my babies! Lucy, if you do this for me, if you provide me your seed and give me as many babies as possible, I promise you... You'll never have to see them or take responsibility for them... This isn't a trap, I just want children, as many as you can give! There's no trick nor loss for you... So...?

Derek: May....

Lucy: So I don't take responsibility, I don't provide no child support and I get to breed you as many times as I want without anyone's say so, including Derek...?

Derek: Jesus...
